FOREWORD

The University Grants Commission (UGC), an apex body of Higher Education, established under an Act of Parliament of India in 1956, is entrusted with the task of coordination, determination and maintenance of standards of university education in India. In discharging its multiple responsibilities, the Commission, from time to time compiles and disseminates information on various parameters pertaining to higher education. Periodically, it also brings out publications containing the statistical data on specific subjects. The present publication entitled **"University Development in India" Basic facts and figures, Examination Results: 2007 (Annual & Supplementary)** is yet another attempt in the series.

I am sure the information provided in this publication will be of immense help to policy makers as also to other stakeholders as it shows trends and growth of pass out students' (gender-wise and subject-wise) in higher education in India.

I take this opportunity to express my sincere thanks to the Heads of Institutions for their timely cooperation in providing the desired data without which it would not have been possible for us to bring out this publication.

I would also like to place on record my deep appreciation to all the members of the Information and Statistics Bureau for their hard work and putting the data in the present form.

Introduction

The University Grants Commission is a nodal agency for coordination, determination and maintenance of standard of teaching, research, extension and examination in the university system Higher Education in India. The examination system in Indian universities occupies an important place among the testing techniques used by the Universities/University level Institutes with its existence for over hundred years. The Indian examination systems are controlled by the prevailing annual and semester system with newly introduced few credit based systems in Universities in India. The medium of instructions are mainly English and mother languages in many States/ Universities.

The UGC information & Statistics (I & S) Bureau has been collecting statistical information / data regarding examination results (Annual & Supplementary) in a regular manner in the prescribed format circulated to all the Universities / University level Institutions, being the primary source of collection. The publication of Examination Results (Annual & Supplementary) is a continuous activity of the UGC-I & S Bureau and the present publication is the continuity of the earlier Publication – 2006 of the UGC-I & S Bureau. This Publication entitled **“University Development in India – Basic Facts and Figures – Examination Results – 2007 (Annual & Supplementary)”** elaborates statistical data on the total (men + women) appeared, women appeared with out-turn of (men + women) and women separately with percentage at Graduation and Post Graduation levels of education with their courses in all Faculties which have been grouped to ten Faculties. All details and essential analysis for this publication 2007 is provided herewith.

It may be made clear the during the year 2007, 384 Universities / university level Institutions are reported to exist in Indian Higher Education. While reading the levels of education at Under Graduates and Post Graduates, it may be noted that M. Phil. and Ph. D. and relevant research degrees / Courses are not covered in the Report. The said matter is being looked after separately by the UGC. The examination data of the Publication covers all courses (Graduate & Post Graduate level) which are governed or under the purview or control of the Universities / University level Institutions and as have been submitted by the said University, under reference to the report, have been provided.
