## Bihar, at a glance

Bihar's antiquity is evident from its name, which is derived from the ancient word "VIHARA" (monastery). It is indeed a land of monasteries. Hindu, Buddhist, Jain, Muslim and Sikh shrines abound in this ancient land. It is the place India's first major empires rose and fell, where the ruins of the world's earliest university slumber in the void of time. The passage of Ganga, flowing wide and deep enrich the plains of Bihar before distributing in Bengal's deltoid zone.

The state of Bihar at present extends approximately 24° 20' 10" North latitude to 27° 31' 15" North latitude and from 83° 19' 50" East longitude to 88° 17' 40" East longitude. The maximum north - south extent of Bihar is about 385 k.m. and the maximum east west is about 483 k.m.. It has Nepal in its north, Jharkhand on its south, Uttar Pradesh on its west and West Bengal on its east.

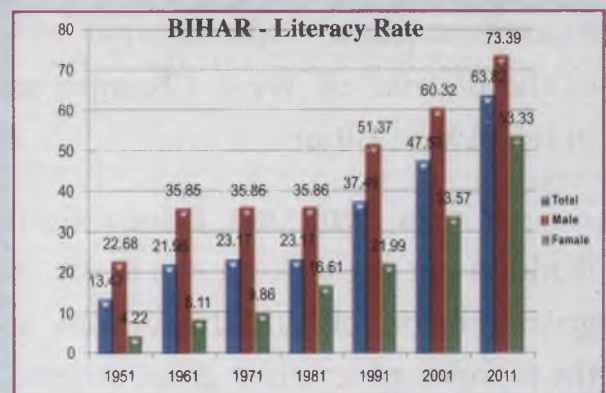

The history of the land mass currently known as Bihar is very ancient. In fact, it extends to the very dawn of human civilization. Earliest myths and legends of Hinduism - the Sanatana (Eternal) Dharma - are associated with Bihar. Sita, the consort of Lord Rama, was a princess of Bihar. She was the daughter of King Janak of Videha. It is no accident, that the original author of the Hindu epic 'The Ramayana' Maharishi Valmiki - lived in ancient Bihar Valmikinagar which is a small town and a railroad station in the district of West Champaran, close to the railhead of Narkatiyaganj in northwest Bihar.

It was here that Prince Gautam attained enlightenment, became the Buddha- at present known as Bodh Gaya- a town in central Bihar; where the great religion of Buddhism was born. It is here also that Lord Mahavira, the founder of another great religion, 'Jainism', was born and attained nirvana (death) the site is located at the present town of Pawapuri, some miles to the south east of Patna, the capital of Bihar.

Also, it is here that the tenth and last Guru of the Sikhs, Guru Gobind Singh was born and attained the sainthood of Sikhism, that is became a Guru. A lovely and majestic Gurudwara (a temple for Sikhs) built to commemorate his memory - the Harmandir - located in eastern Patna. Known reverentially as the Patna Sahib, it is one of the five holiest places of worship (Takhat) for Sikhs.

The ancient kingdoms of Magadh and of Licchavis, around about 7-8th century B.C., produced rulers who devised a system of administration that truly is progenitor of the modern art of statecraft, and of the linkage of statecraft with economics. Kautilya, the author of Arthashastra, the first treatise of the modern science of Economics, lived here. Also known as Chanakya, he was the wily and canny adviser to the Magadh king, Chandragupta Maurya. As an emissary of Chandragupta Maurya, Chanakya traveled far and wide in pursuit of promoting the interests of the State and dealing with the Greek invaders settled in the northwest of India, along the Indus valley. He succeeded in preventing the further onslaught of the Greeks. Indeed, he brought about amicable co-existence between the Greeks and the Mauryan Empire.

At the commencement of the British Raj, the state was part of the Province of Bengal. It was separated from Bengal and formally inaugurated on 1st April 1912 as a separate state, the area included present day Orissa and Jharkhand. In 1936, Orissa was carved out of Bihar in 1936. Again in the year 2000, on 15th November, Bihar had to face a bifurcation that created Jharkhand state. After independence, the boundaries of the state were readjusted twice, once in 1956 according to the recommendations of the State Re-Organization Commission and again at the time of the creation of Jharkhand.

Source - CENSUS 2011

Inspite of the efforts of planned development in past several decades, the regional disparities have widened and states like Bihar are at the lowest rung

of development indicators. The bifurcation of the state has added further miseries. With 46 percent of the land transferred to Jharkhand, Bihar has to sustain 75 percent of the population of the undivided state –resulting in an extremely high population density. The bifurcation of the State has had its impact on income and revenue raising capacity. The State Domestic Product has been of the order of 40 percent while the revenue receipts have fallen by 33 percent.

At Nalanda, the world's first seat of higher learning, a university, was established during the Gupta period. It continued as a seat of learning till the Middle Ages, when the muslim invaders burned it down. The ruins are protected monuments and a popular tourist spot.

# Policy for Universalization of Secondary Education

## **Rashtriya Madhyamik Shiksha Abhiyan (RMSA)**

Rashtriya Madhyamik Shiksha Abhiyan (RSMA) is aimed at expanding and improving the standards of secondary education — classes IX to X. The RSMA would also take secondary education to every corner of the country by ensuring a secondary school (up to class X) within a radius of 5km for every neighborhood. Rashtriya Madhyamik Shiksha Abhiyan (RMSA) which is the most recent initiative of Government of India to achieve the goal of universalization of secondary education (USE).

The Sarva Shiksha Abhiyaan program set up by the government to bring elementary education to millions of children has been successful to a large extent, and has thus created a need for strengthening secondary education infrastructure across the country. The HRD Ministry has taken note of this, and now plans to implement a secondary education scheme called Rashtriya Madhyamik Shiksha Abhiyaan (RMSA) during the 11th plan at a total cost of Rs.20,120 crore.

“With the successful implementation of the Sarva Shiksha Abhiyan, a large number of students are passing out from upper primary classes creating a huge demand for secondary education,” the HRD Ministry said.

### Vision`

The vision for secondary education is to make good quality education available, accessible and affordable to all young persons in the age group of 14-18 years. With this vision in mind, the following is to be achieved:

- To provide a secondary school within a reasonable distance of any habitation, which should be 5 kilometer for secondary schools and 7 -10 kilometers for higher secondary schools
- Achieve of GER 70% of secondary education by 2012.
- Ensure universal access of secondary education by 2017 (GER of 100%), and
- Universal retention by 2020,
- Providing access to secondary education with special references to economically weaker sections of the society, the educationally backward, the girls and the disabled children

residing in rural areas and other marginalized categories like SC, ST, OBC and Educationally Backward Minorities (EBM)

### **Goal and Objectives**

In order to meet the challenge of universalization of Secondary Education (USE), there is a need for a paradigm shift in the conceptual design of secondary education. The guiding principles in this regard are; Universal Access, Equality and Social Justice, Relevance and Development and Curricular and Structural Aspects. Universalization of Secondary Education gives opportunity, to move towards equity. The concept of 'common school' will be encouraged. If these values are to be established in the system, all types of schools, including unaided private schools will also contribute towards universalization of Secondary Education (USE) by ensuring adequate enrolments for the children from under privileged society and the children Below Poverty Line (BPL) families.

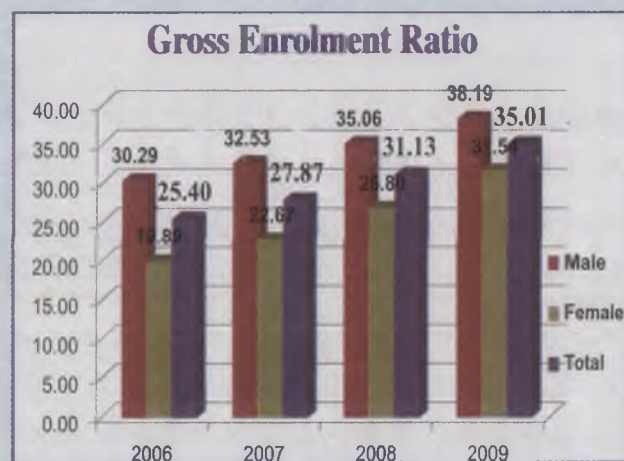

### **Main Objective**

- To ensure that all secondary schools have physical facilities, staffs and supplies at least according to the prescribed standards through financial support in case of Government/ Local Body and Government aided schools, and appropriate regulatory mechanism in the case of other schools
- To improve access to secondary schooling to all young person's according to norms – through proximate location (say, Secondary Schools within 5 kms, and Higher Secondary Schools within 7-10 kms) / efficient and safe transport arrangements/residential facilities, depending on local circumstances including open schooling. However in hilly and difficult areas, these norms can be relaxed. Preferably residential schools may be set up in such areas
- To ensure that no child is deprived of secondary education of satisfactory quality due to gender, socio-economic, disability and other barriers
- To improve quality of secondary education resulting in enhanced intellectual, social and cultural learning
- To ensure that all students pursuing secondary education receive education of good quality

- Achievement of the above objectives would also, inter-alia, signify substantial progress in the direction of the Common School System

### Approach and Strategy for Secondary Stage

In the context of Universalization of Secondary Education (USE), large-scale inputs in terms of additional schools, additional classrooms, teachers and other facilities need to be provided to meet the challenge of numbers, credibility and quality. It inter-alia requires assessment/provision of educational needs, physical infrastructure, human resource, academic inputs and effective monitoring of implementation of the programmes. The scheme will initially cover up to class X. Subsequently, the higher secondary stage will also be taken up, preferably within two years of the implementation. The strategy for universalizing access to secondary education and improving its quality are as under:

### Access

- There is a wide disparity in schooling facilities in different regions of the country. There are disparities among the private schools and between private and government schools. For providing universal access to quality secondary education, it is imperative that specially designed broad norms are developed at the national level and provision may be made for each State/UT keeping in mind the geographical, socio-cultural, linguistic and demographic condition of not just the State/UT but also, wherever necessary, of the locality. The norms for secondary schools should be generally comparable to those of Kendriya Vidyalayas. Development of the infrastructure facilities and Learning Resources will be carried out in following ways,
  - Expansion/ Strategy of existing Secondary Schools & Higher Secondary Schools shift in existing schools

- Upgradation of Upper Primary Schools based on micro planning exercises with all necessary infrastructure facilities and teachers. Ashram Schools will be given preference while upgrading upper primary schools
- Upgradation of Secondary Schools in Higher Secondary Schools based upon the requirements
- Opening of new Secondary Schools/ Higher Secondary Schools in unserved areas based on the school mapping exercise. All these buildings will have mandatory water harvesting system and will be disabled friendly
- Rain harvesting systems will be installed in existing school buildings also
- Existing school buildings will also be made disabled friendly
- New schools will also be set up in PPP mode

### **Quality**

- Providing required infrastructure like, Black Board, furniture, Libraries, Science & Mathematics laboratories, computer labs, toilet cluster
- Appointment of additional teachers and in-service training of teachers
- Bridge course for enhancing learning ability for students passing out of class VIII
- Reviewing curriculum to meet the NCF, 2005 norms
- Residential accommodation for teachers in rural and difficult hilly areas
- Preference will be given to accommodation for female teachers.

### **Equity**

- Free lodging/ boarding facilities for students belonging to SC,ST,OBC and minority communities
- Hostels/ residential schools, cash incentive, uniform, books, separate toilets for girls
- Providing scholarships to meritorious/ needy students at secondary level
- Inclusive education will be the hallmark of all the activities. Efforts will be made to provide all necessary facilities for the differently abled children in all the schools
- Expansion of Open and Distance Learning needs to be undertaken, especially for those who cannot pursue full time secondary education, and for supplementation / enrichment

of face-to-face instruction. This system will also play a crucial role for education of out of school children

Expansion of Open and Distance Learning needs to be undertaken, especially for those who cannot pursue full time secondary education, and for supplementation / enrichment of face-to-face instruction. This system will also play a crucial role for education of out of school

### **Major Intervention**

- Physical Resource.
- Construction of Class Room.
- Construction of Library Room
- Construction of Science Laboratories.
- Construction of Computer Rooms.
- Construction of Art, Craft & Culture Room.
- Construction of Headmaster/ Principal's Room.
- Construction of Office Room.
- Separate Toilet blocks and drinking water facilities for girls and boys.
- Strengthening of sports field.
- Major repair as per need of the schools
- To provide residential facility for teachers in remote areas.
- Arrangement of library, science laboratory and computers in schools.
- Arrangement of furniture in schools.
- To make all schools disabled friendly
- Arrangements of educational equipment in schools.

### **Human resources**

To provide human resources in New/Upgraded schools as per the State Norms.

- Headmaster/Principal,
- Regular trained teachers
- Part time teachers
- Office assistant/Defter
- laboratory assistant

- New sections in existing schools
- Arrangement of trained regular teachers as per student teacher ratio i.e.1:1.5.

### **Involvement of Panchayati Raj**

Involvement of Panchayati Raj and Municipal Bodies, Community, Teachers, Parents and other stakeholders in the management of Secondary Education, through bodies like School Management Committees and Parent – Teacher Associations will be ensured in planning process, implementation, monitoring and evaluation.

### **Other Issues**

- Annual recurring school grant of Rs. 50,000.00 (Fifty thousand only) for equipment/ goods of educational activity, sports, music and recurring charges for school development, electricity, telephone, internet, water etc.
- Annual grant for subscription of news papers & magazines, buying of books etc.,
- Annual grant for Laboratory apparatuses,
- Five days residential training for all regular working teachers,
- Arrangement of educational excursion tours and science exhibitions for children,
- Programme for dropout/out of school children to bring back and attach them in main stream of education,
- Arrangement of different incentives for special target groups viz.<sup>1</sup> SC/ST/OBC/minority/girls,
- Strengthening of SCERT, State Open School and other institutions,
- Establishment of guidance and counseling bureau at the State level.

### **Financial Pattern and Opening of Bank Account**

1. The Central Government will bear 75 percent of the cost to implement all the components (where funding is to be done on sharing basis between center and states under the scheme) for all States/ UTs except North Eastern States during the 11th Five Year Plan. For the North Eastern States, 90 percent of such cost will be borne by the Central Government.
2. The State Governments and Union Territories will bear 25 percent of the cost to implement all the components (where funding is to be done on sharing basis between center and states under the scheme) during the 11th Five Year Plan. The North Eastern States will bear 10 percent of such cost
3. The State Government will design a comprehensive Financial Management System for the transfer and use of funds through the existing SSA society. This must ensure transparency, efficiency and accountability, and track the use of funds towards the final outcomes
4. Separate bank accounts shall be opened for funds under the scheme at the State, District and School levels. The accounts shall be opened in public sector banks. The all level account will be of joint account
5. For the 12th Five Year Plan, the sharing pattern between Central and States will change to 50:50. For the North Eastern States, the sharing pattern will be 90:10 for both 11th and 12th Five Year.

### **State Initiative for achieve universalization of Secondary Schools**

- **Bicycle grant for all 9<sup>th</sup> class students in cash.**
- **Trains pass facility in the state for traveling for school.**

- **SC/ST students and OBC Girls are exempted for board exam fee.**
- **Residential facility for SC/ST Students.**
- **Scholarships & Books for SC/ST Students.**
- **Scholarships of Rs. 10,000 for Girls students who passed in first division of Board Exam**

## BIHAR MADHYAMIK SHIKSHA PARISHAD

Bihar Madhyamik Shiksha Parishad has been constituted under Societies Registration Act, 1960 on 9<sup>th</sup> February 2000 with reference to the chapter 8.2 of the guidelines as and quality education in school education with regard to different schemes assisted by the State and the Central Govt. Like Rastriya Madhyamik Shiksha Abhiyan (RMSA), Information and Communication Technology (ICT), Model School, Girls Hostel, Inclusive Education for Disabled at Secondary Stage (IEDSS), INSPIRE, Incentive to girls etc.

To achieve the goal of the society following committees have been constituted:-

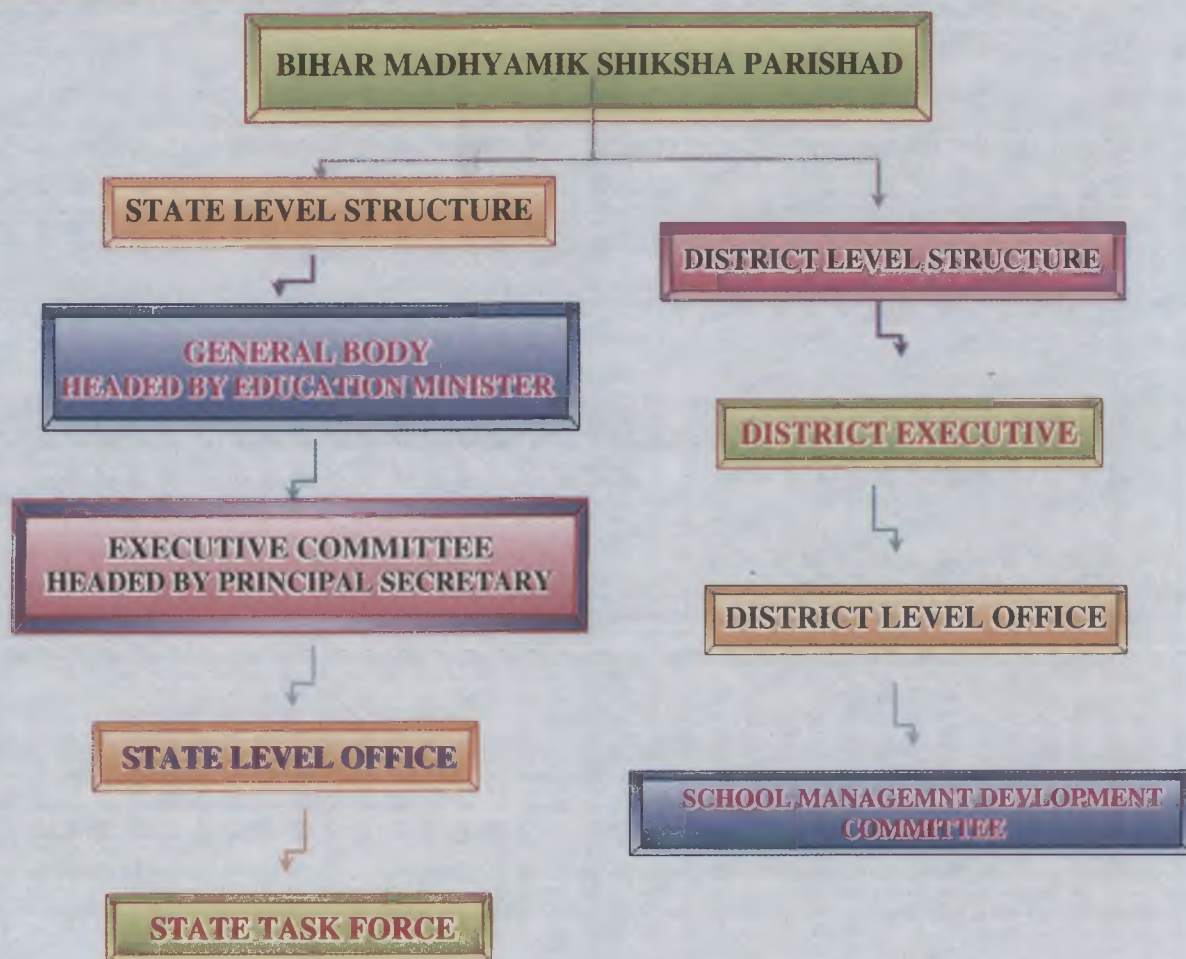

<b>General Body</b>		
Sl No.	Member's Name	
	Hon'ble Minister, Department of Education, Bihar	President
1	Principal Secretary, Department of Finance, Bihar	Member
2	Principal Secretary, Department of Education, Bihar	Member
3	Principal Secretary, Planning and Development Department, Bihar or Representative	Member
4	Secretary, Social Welfare Department, Bihar or Representative	Member
5	Secretary, Rural Development Department, Bihar or Representative	Member
6	State Project Director, Bihar Madhyamik Shiksha Parishad	Member Secretary
7	Representative of Ministry of HRD, Govt. of India	Member
8	State Project Director, Bihar Education Project Council	Member
9	1 Professor from University, Bihar	Member
10	Director, Secondary Education, Bihar	Member
11	Director, Primary Education, Bihar	Member
12	Deputy Director (Planning), Department of Education, Bihar	Member
13	Project Officer, Education, UNICEF, Patna	Member
14	2 District Education Officer ( for 2 years)	Member
15	Secretary, Bihar School Examination Board, Patna	Member
16	Secretary, Bihar Sanskrit Shiksha Board, Patna	Member
17	Secretary, Bihar Shiksha Madarsa Board, Patna	Member
18	Director, State Council Education for Research & Training, Patna	Member
19	4 Persons for non-government bodies in 2 will be women.	Member
20	Persons from Panchayti Raj.	Member

21	3 scholars selected by state govt.	Member
22	Two representatives of the Association of Teacher selected by State Govt.	Member
23	Outstanding persons who contributed in educational upliftment of SC, ST & Differently enabled category	Member
25	All the member of Executive committee who are not include above.	Member

### Executive Committee

Sl.	Member's Name	
1	Principal Secretary, Department Of Human Resource Development, Bihar	Chairman
2	Secretary, Rural Development Department or Representative	Member
3	Secretary, Planning and Development Department or Representative	Member
4	Director, Primary Education, Bihar	Member
5	Director, Secondary Education, Bihar	Member
6	Director, Adult Education, Bihar	Member
7	Two district Level Officers selected by Chairman	Member
8	Two Secretary of the School Management Committee from two selected districts by Chairman.	Member
9	3 representative for Central Government from Ministry of HRD, Education Dept, Govt. of India	Member
10	2 Educational Expert who is well experience for Primary/Secondary Education	Member
11	Representative of UNICEF	Member
12	Two Working Teachers	Member
13	Two Women from State and Central Govt.	Member
14	Two people from voluntary organizations, who work in the Scheduled Castes and Scheduled Tribes to be selected by State and Central Govt.	Member
15	State Project Director of Council	Member Secretary

## Organizational Structure

**State Task Force :-** For Implementing the sanctioned activities under Annual Work Plan & Budget where General Body & Executive Committee provides guidelines. State Task Force has been constituted for implementation and monitoring day to day activities headed by State Project Director. In which all officers and senior staffs are member. There is provision of District Task Force at district level.

**Pre Project Activity -** The Govt. of India has sanctioned Rs. 390.20 lacs for Pre project activities under RMSA. In which the central share 292.65 and state share 97.55 lacs has been released. . Bihar madhyamik shiksha parishad has not expend by district due to fund reached in A/c last day(31st march, 2010) of financial year and after financial year. We have written the letter to MHRD for revalidation.

## Financial year 2009-10

SEMIS data has been collected and analysed. According to analysis of data we have prepared Indicative Plan for the year 2009-10 & prespective plan for 11<sup>th</sup> five year plan. For this School eligible for upgradation are identified by the DEOs based on predefined parameters.

**The main intervention of RMSA for the year 2009-10 is as follows :**

1. Access:- To access the secondary school, the upgradation of schools as per norms.
2. Govt. Upper primary school which have no secondary school within the periphery of 5 k.m..
3. The no of expected students in class IXth may be 80 in upgraded schools.

**In every upgraded school, the physical and human resources which have been sanctioned are as follows:**

Sl.	Physical Resources (per school)	Qty.
1	Class Room	
	Two section school	04
2	Integrated Science Laboratory	01
3	Principal room	01
4	Office room	01
5	Library room	01
6	Computer room	01
7	Art/Craft/culture room	01
8	Toilet blocks and Drinking facilities	01

Sl	Human Resourse (per school)	No.
1	Principal	01
2	Assistant Teacher	06
3	Other	
	(1) Laboratory assistent	01
	(2) Office assistent	01

In the Annual work plan & budget 2009-10 an amount of Rs. 22636.23 lacs was approved for Bihar. There were multiple programs that were multiple programs supposed to be done. The programs and amount released for executing these are mentioned as under:

Sl.	Particulars	Amount	Central share (75%)	State share (25%)	Fund received		Fund Available
					Central share	State share

Rs. 20342.00 lacs(Two hundred three crore forty two lacs only) for 350 schools @ Rs. 58.12 lacs per school. Under which Rs. 22.52 lacs (Rs. Twenty two lacs fifty two thousand only) for 04 class rooms @ Rs. 5.63 lacs(Five lacs sixty three thousand only), For Integrated science laboratory Rs. 6.10 lacs(Rs. Six lacs ten thousand only), Rs. 1.00(One lacs only) for Lab materials, Rs. 5.00(Five lacs) only for Principal/HeadMasters rooms, Rs. 5.00(Five lacs only) for Office room, Rs. 5.00(Five lacs only) for Computer room, Rs. 5.00(Five lacs only) for Art/Craft & Culture room, Rs. 7.00(Seven lacs only) for Library, Rs. 1.50 (One lacs fifty thousand only) for Toilet blocks & drinking water facility are sanctioned.

### **CIVIL WORKS :-**

Good and adequate infrastructural facilities are unmet necessities of every school. Children feel pleasure and homely environment in schools having good infrastructural facilities. Keeping in view the above facts, RMSA emphasizes on construction of School building, Additional Classrooms, Toilets, drinking water etc. Considering the large infrastructural gap

in Bihar, the G.O.I has permitted to go beyond the above limit to some extent while budgeting. All schools cannot be provided with all infrastructure facilities which they need owing to limited financial resource. The prevailing conditions are proving great obstacles in achieving goals of USE (Universalisation of Secondary Education).

### Implementation of Civil works

Bihar State Educational Infrastructure Development Corporation has been established by Govt. of Bihar for Implementation of Civil works for secondary and Higher education. BSEIDC has been assigned as an agency for civil works under RMSA. It has been delegated with physical verification of construction sites, map designing, estimation & construction at all eligible sites.

Under Non-Recurring head Rs.20647.13 lacs has been approved under AWP&B 2009-10. GOI has been released Rs. 1300.00 lacs in respect of Rs. 15485.35 his share(75%) in 31st march, 2010. State has been released Rs. 6380.40 lacs. Bihar madhyamik shiksha parishad has not release to agency due to fund reached in A/c last day(31st march, 2010) of financial year

State has been released rs 719.60 lacs. Bihar madhyamik shiksha parishad has not release to district due to fund reached in A/c last day(31st march, 2010) of financial year

==== XXXX =====

## Financial year 2010-11

SEMIS data has been collected through Data Capture Format(DCF) data entry and analysed has been done. According to analysis of data prepared Indicative Plan for the year 2010-11.

350 schools have been approved for upgradation in 2009-10 after Eligibility for Upgradation of upper primary Schools are identified by the DEOs based on predefined parameters. 447 upper primary schools are approved for upgradation to secondary school in financial year 2010-11.

The main intervention of RMSA for the year 2010-11 is as follows:

1. Upgradation of Govt. Upper Primary school which have no secondary school within the periphery of 5 k.m.
2. The no. of expected students in class IXth may be 80 in upgraded schools.
3. To identify existing schools and strengthen it which not have class rooms, laboratory, Library, Computer room, Toilet blocks and drinking facilities
4. Developed training module for teachers, teachers training.

G.P.S. mapping of school (actual location latitude & longitude) in Bihar is in progress which will help in identification of opening of new secondary school. It will help in identification of these habitations where students either need to travel a long distance to reach or are totally unable to reach secondary schools. For such people secondary education will be made available through G.P.S. mapping.

In the Annual work plan & budget 2010-11 an amount of Rs. 22636.23 lacs was approved for Bihar. There were multiple programs that were multiple programs supposed to be done. The programs and amount released for executing these are mentioned as under:

Sl.	Particulars	Amount	Central share (75%)	State share (25%)	Fund received		Fund Available
					Central share	State share	
1	<b>Non-Recurring</b>

Bihar State Educational Infrastructure Development Corporation has been established by Govt. of Bihar for Implementation of Civil works for secondary and Higher education. BSEIDC has been assigned as an agency for civil works under RMSA. It has been delegated with physical verification of construction sites, map designing, estimation & construction at all eligible sites.

An amount of Rs. 42405.56 lacs has been sanctioned in AWP&B 2010-11. (Rs. 25979.64 lacs for school upgradation & Rs. 15594.44 lacs for strengthening) In the light of this GOI had to release Rs. 31804.17 (75% of Sanctioned amount) which it did not. GOB released Rs. 5000

lacs which was actualized in BMSP's account on April, 2011. As no amount/fund was received from GOI so there was no allotment of found to the assigned agency (i.e. BSEIDC) by BMSP.

350 schools have been approved for upgradation in the year 2009-10. GOI has released Rs. 1300.00 lacs in F.Y. 2009-10 and Rs. 6442 lacs in F.Y. 2010-11. After adding the GOB's share a total amount Rs. 10170.1433 lacs has been released to BSEIDC.

BSEIDC has identified & finalized the site for construction by organizing proper meeting with the H.Ms of these 350 schools approved for upgradation. Map & estimate for the construction has been finalized too. The process for advertising tenders is also in progress.

**AUDITOR'S REPORT**

We have audited the attached Balance Sheet of RASTIYA MADHYAMIK SHIKSHA ABHIYAN under BIHAR MADHYAMIK SHIKSHA PARISHAD, BIHAR as at 31<sup>st</sup> March, 2011 along with Income & Expenditure Account and Receipt and Payment Account for the period ended on that date. These Financial statements are the responsibility of the Parishad's management. Our responsibility is to express opinion on these financial statements based on our audit.

We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on test basis evidence supporting the amounts and disclosures in financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As per Term of Reference of our appointment, letter to the management for area audited by us were submitted on the matters specified there in for their necessary action.

We further report that:

- a. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
- b. In our opinion proper books of accounts as required by Law have been kept by the Parishad, so far as appears from our examination of these books.
- c. The Balance Sheet and Income & Expenditure account dealt with by this report are in agreement with the Books of Accounts.
- d. In our opinion and to the best of our information & explanations given to us, the said accounts read with the Notes on Accounts in Schedule-A, give a true and fair view.
  - i. in the case of Balance Sheet of the state of affairs of the said programme of the Parishad as at 31<sup>st</sup> March, 2011, and
  - ii. in the case of Income & Expenditure account, of the Excess of Expenditure over Income of the said programme of the Parishad for the period ended on that date.
