'Job-description' of the Consultant
for Colleges.

A. General:

This office of Consultant will be of service to the University Grants Commission, if the consultant brings to his work an independent point of view. He should work with respect and appreciation for the other officers and consult them frequently while maintaining his own independence of thought and freedom to propose a differing view-point. At the same time he should fully respect the independence of the normal decision making process in the office. The Consultant has no right whatever to issue instructions or give orders to any other officer.

He works directly under the Chairman but shall send copies of all communications which are of a non-confidential nature to the Secretary and to the Additional Secretary.

However, he has no responsibility for decisions actually taken because that is outside the scope of his work. If his advice is accepted, he can experience fulfilment. If his advice is rejected he may resign (if the matter is, in his opinion, that important) but he cannot complain.

The Consultant is expected to observe the common norms of professional loyalty and secrecy. During the term of his office, and later, he is not free to divulge information of a confidential nature which may in any way betray the trust which officers of the University Grants Commission repose in him.

UNIVERSITY GRANTS COMMISSION

①

Meeting:

Dated : 20-3-1978

Item No. 5 : To consider the report of the Visiting Committee appointed by the UGC to examine the proposal of the Department of Philosophy, Andhra University, Waltair for participation in the University Leadership Programme

The proposal received from the Department of Philosophy, Andhra University, Waltair for participation in the University Leadership Programme was referred to a committee consisting of the following members:-

1. Prof. (Mrs) Margaret Chatterjee
Department of Philosophy
Delhi University
Delhi.
2. Prof. SS Barlingay
Department of Philosophy
Poona University,
Poona.
3. Dr. PHS Rao,
Education Officer,
UGC, New Delhi.

The Committee visited the Department of Philosophy, Andhra University, Waltair on the 30th and 31st of January, 1978. Prof. Barlingay could not join the committee because of some unavoidable circumstances. A copy of the report of the committee is attached (Annexure) *

The Committee has made the following main observations and recommendations:-

The Philosophy Department of Andhra University was established in the year 1932. At present, the intake of the Department is 42 students per year. Total enrolment in 1976-77 was 103.

The staff of the Department consists of one Professor, one reader and four lecturers who have specialised in the area of Metaphysics, Philosophy of Religion, Comparative Philosophy, Philosophy of Education, Social Philosophy, Existentialism and Vedanta.

.4-7.

2

So far 13 students of the department have been awarded Ph.D. Degrees. At present, 8 scholars are registered for the Ph.D. work.

The teachers from the colleges pointed out practical difficulties under which they were working such as heavy work-load, paucity of books in the regional languages (Telugu) and reluctance of college managements to grant long enough leave to make participation in the Ph.D. work feasible. They showed enthusiasm about the possibility of university leadership programme being implemented by Andhra University for the benefit of college teachers of Phil. They also drew the attention of the Committee to the need for more books and journals at the college level. It was observed by the Committee that the college libraries do not subscribe to even a single philosophy journal. The Committee also noted that the teachers of the department had an excessive work load and the teaching was centered on the books produced by the Telugu Academy, Hyderabad. Although, this is not within the terms of reference, the committee is of the opinion that the UGC could appoint experts to scrutinise the books being prepared in the various regional languages in order to ensure that sufficiently high academic standards are maintained.

The Committee strongly feels that the Department of Philosophy of Andhra University may be invited for participation in the University Leadership Programme for the following reasons:

- a) This is a very old Department in south India which has made significant contributions in the fields of Indian and Western Philosophy. Prof. S Radhakrishnan, Professor Sankarwar Sen and Prof. Humayun Kabir were associated with the Department during the early period of its growth.
- b) Under the leadership of Prof. K.S. Murthy, the Department gained reputation in India and abroad.

Recommendations:

The scheme presented by the department may be accepted in its broad outlines bearing in mind that the number of colleges offering philosophy at present affiliated to Andhra University is 9.

Two additional posts should be created; a readership in Analytical Philosophy and a lectureship in Comparative Philosophy. This will also benefit the M.Phil. programme which is currently being run by the Department.

The Department should be assisted by a trained library assistant as the provision of adequate reading material will be a major undertaking of the UIP programme.

The present BA courses offered by the students need to be revised in order that more students may be attracted to offer philosophy.

A course in Logic and Scientific method could be made compulsory for all the Commerce students which would help in promoting the subject and providing a sufficient number of periods to warrant increase of staff for philosophy teaching at the college level.

The Committee recommends the following support to the Department of Philosophy, Andhra University, Waltair for participation in the University Leadership Programme:

A. RECURRING:

	Rs.
1. One Reader	19,000/- p.a.
2. One Lecturer	14,000/- p.a.

On January 30, 1978 the Committee met Professor BV Vishan, Head of the Department of philosophy, Andhra University and his colleagues in the University Department. They also met the research scholars and college teachers attached to the Department under the UGC teacher fellow scheme. The scheme put up by the project Coordinator was discussed in detail and suggestions were invited from all present as to what could be done to upgrade the work being done at college level.

The teachers from the colleges pointed out practical difficulties under which they were working such as heavy work load, paucity of books in the regional languages (Telugu) and the reluctance of college managements to grant long enough leave to make participation in the Ph.D. work feasible. They showed enthusiasm about the possibility of university leadership programme being

implemented by Andhra University for the benefit of college teachers of Philosophy. In addition to the points mentioned above they drew the attention of the Committee to the need for more books and journals at the college level. It was observed by the Committee that the college libraries do not subscribe to even a single philosophy journal.

In order to get a more detailed picture of the position in the colleges, the Committee visited the Maharajah's College, Vizianagram on January 31, 1978 meeting the Principal and the teachers and students of the Philosophy Department. It was noted by the Committee that the teachers of the Department had an excessive work load and that teaching was centered on the books produced by the Telugu Academy, Hyderabad. Although this is not within the terms of reference, the Committee is of the opinion that the University Grants Commission could appoint experts to scrutinise the books being prepared in the various regional languages in order to ensure that sufficiently high academic standards are maintained.

The Committee met the Vice-Chancellor on February 1, 1978. The Vice-Chancellor assured the Committee that if the University Leadership Programme was implemented by the Department of Philosophy he would take up the question of the continuance of additional staff sanctions at the expiry of the three-year period with the assistance of the Andhra Pradesh Government.

RECOMMENDATIONS:

On the basis of the information collected and the opinions expressed by those who met the Committee, the Committee makes the following recommendations:-

(a) This is a very old Department in South India which has made significant contributions in the fields of Indian and Western Philosophy. Professor S Radhakrishnan, Professor Saileswar Sen and Professor Humayun Kabir were associated with the Department during the early period of its growth.

(b) Under the leadership of Professor K Satchidananda Murthy, the department gained reputation in India and abroad.

2. The scheme presented by the Department may be accepted in its broad outlines bearing in mind that the number of colleges offering Philosophy at present affiliated to Andhra University is 9.

UNIVERSITY GRANTS COMMISSION

....

Meeting:

Dated : 20th March, 1978.

Item No. 6 : To consider the recommendations of the Committee appointed by the University Grants Commission on the question of taking over of the colleges affiliated to the University of Delhi.

....

The University Grants Commission pays maintenance and development grants to colleges affiliated to the University of Delhi. The maintenance grant is paid as 95% of the approved deficit (i.e. approved expenditure minus approved income). In the case of University-maintained institutions and Evening classes of the colleges deficit accordingly worked out is met on 100% basis. At present there are seven university-maintained institutions as under :-

1. Miranda House.
2. Delhi School of Social Work
3. Central Institute of Education
4. College of Vocational Studies
5. Deshbandhu College (Also having evening classes).
6. Ram Lal Anand College (-do-)
7. School of Correspondence Courses and Continuing Education.

Although the Commission has conveyed its approval for taking over the Dayal Singh College but the University has not yet taken a final decision in the matter.

The Commission at its meeting held on 3rd May, 1972 while considering the question of the Delhi University for taking over some colleges by the Delhi University (Item No.86) resolved as

82

under :-

"The Commission at its meeting on 5th April, 1972 considered the proposal of the Delhi University that the four colleges under reference 'be run by the University as maintained colleges, subject to the approval of the University Grants Commission and Government of India. The Commission noted that as regards the Dayal Singh College and the Deshbandhu College, the Ministry of Education desired that these may be taken over by the University. The Commission resolved at the April, 1972, meeting that financial legal and academic implications of the proposed take-over be examined and it was important to formulate a general policy, as it was likely that other colleges might also seek transfer to the University.

The Commission considered the letter of the 26th April, 1972, from the Vice-Chancellor of the Delhi University. In view of the special circumstances the Commission would have no objection to the proposed take-over of the colleges by the University provided this had the approval of the Government. The Government may be apprised by the University of the additional funds that would be required for the purpose."

Since the Government of India had introduced a Bill to amend the Delhi University Act, which inter-alia provides further the procedure for the agency to take over Colleges affiliated where necessary the matter was not pursued further later this Bill was withdrawn. Delhi University had also revived the proposal of taking over of the Kirori Mal College, and sent another proposal to take over the Rao Tula Ram College.

In order to formulate a general policy to consider proposals received or likely to be received for taking over of Colleges of Delhi University the matter was examined by a Committee.

A meeting of the committee was held on 3rd October, 1977 and it has since submitted its report.

*p 9

A copy of the report is attached as Annexure. *

p.t.o.

gh

The main observations of the committee are as under :-

1. If a college offers to be taken over, due to financial reasons, normally as a matter of policy this may be done by the University and not by the Delhi Administration.
2. There may be a case where it may be more expedient for the Delhi Administration to take over a college and this possibility may not be precluded.
3. Before a decision is taken on this and the Delhi University is requested to take additional responsibility to run more colleges directly it would be desirable to work out necessary changes in the structure of the University so as to provide maximum financial and administrative autonomy to the colleges in the interest of smooth functioning.
4. The Delhi University should not be burdened with direct responsibility for undergraduate education and if this has to be done, necessary provision for decentralisation of its administrative functions in relation to colleges must be worked out.
5. As and when a college is taken over it must be ensured that the Endowment Fund is transferred to the Delhi University.

The matter is placed before the Commission for consideration.

SIK

A meeting of the Committee appointed to consider the question of taking over of colleges affiliated to Delhi University which offer to do so was held on October 3, 1977 at 11 a.m. in the UGC. The following were present:-

1. Professor Satish Chandra
2. Shri B.N. Tandon (Chief Secretary, Delhi Administration).
3. Shri Triyogi Narain (Ministry of Education)
4. Shri R.K. Chhabra.

Professor R.C. Mehrotra, Vice-Chancellor, Delhi University and Shri R.N.P. Sinha, Deputy Financial Adviser, Ministry of Education could not attend the meeting.

The Committee considered the general question whether the colleges which offer to be taken over be taken over by the Delhi University or the Delhi Administration.

After discussion it was agreed to recommend that if a college offers to be taken over, due to financial reasons, normally as a matter of policy this may be done by the University and not the Delhi Administration.

The Committee, however, noted that there may be a case where it may be more expedient for the Delhi Administration to take over a college and this possibility may not be precluded.

In this connection, it was observed that before a final decision is taken on this and the Delhi University is requested to take additional responsibility to run more colleges directly it would be desirable to work out necessary changes in the structure of the University so as to provide for maximum financial and administrative autonomy to the colleges in the interest of smooth functioning. The Delhi University should not be burdened with direct responsibility for undergraduate education and if this has to be done, necessary provision for decentralisation of its administrative functions in relation to colleges must be worked out.

The Committee recommended that if the above is accepted by the Commission and the Government of India, the proposals from the Kirori Mal and Rao Tula Ram College, may be processed with the help of a group. The Committee was of the view that as and when a college is taken over, it must be ensured that the Endowment Fund is transferred to Delhi University.

The Committee has recommended support to the department under ULP to help it to establish a continuing relationship with subject teaching in sociology in the colleges of the university at the undergraduate level, specifically with a view to:

- a) Reinforcing, supplementing and strengthening undergraduate college teaching by the method of direct intervention, for example, by members of the department offering a course of orientation lectures every year in the college;
- b) Improving the college faculty which may include (i) improved provision for holding seminars, conferences, workshops, symposia, etc. on specialised topics led by the department and (2) improved provision for college lecturers to spend some more time in the department whether in working for a higher degree or otherwise in consultations and exchange on topics of mutual interest;
3. Preparing of improved teaching materials, specially in the Marathi medium and preparation of new texts and monographs, bibliographies, translations and extracts for circulation in the undergraduate wing.

The UGC appointed a visiting committee consisting of Professor Victor S.D. Souza, Professor JPS Uberoi and Dr. J.F. Kaul, to examine the ULP proposal of the Sociology Department of the Poona University. The Committee visited the University on January 4, 5 and 6, 1978 and held extensive discussions and interviews with the staff and students of the Department of Sociology and also with the teachers and students of the Colleges of Poona, specially Fergusson College, Wadia College and S.P. College. The Committee also called on the Vice-Chancellor. The Committee solicited materials on its own relating to the old and new teaching courses and syllabus and also had before it several written notes and memoranda in addition to the original application for the university Leadership Project made by the Department of Sociology, University of Poona.

The Department of Sociology, University of Poona, has now two professors, one reader and two lecturers. The department has 80 postgraduate students including 16 Ph.D. scholars. The committee formed a favourable impression of the staff of the deptt. which is a capable and willing team, with full professional commitment both to the subject of Sociology and to the Community of University students and teachers, including those in the colleges. The Committee recommends support to the department under ULP to help it to establish a continuing relationship with subject teaching in Sociology in the colleges of the University at the undergraduate level, specifically with a view to:-

1. Reinforcing, supplementing and strengthening undergraduate college teaching by the method of direct intervention, for example, by member of the department offering a course of orientation lectures every year in the college;
2. Improving the college faculty which may include (a) improved provision for holding seminars, conferences, workshops, symposia etc. on specialised topics led by the department and (b) improved provision for college lecturers to spend some more time in the department whether in working for a higher degree or otherwise in consultations and exchange on topics of mutual interest;

3. Preparing of improved teaching materials, specially in the Marathi medium and preparation of new texts and monographs, bibliographies, translations and extracts for circulation in the undergraduate wing.

The Committee also recommend the proposal of the department whereby five colleges of the University offering special Psychology would be taken up for intensive development in the first year and the other 15 colleges offering general Sociology would be helped as soon as U.L.P. Physical facilities get established in the department. The Committee did not form any opinion on the specific point in relation to teacher fellows, i.e. as to whether and how they should be involved in the programme, but decided to leave the matter to be decided later by mutual discussion.

In the light of the general recommendations made above and in the light of the objectives of the ULP, the visiting Committee recommends that the UGC should undertake additional provisions to the Department of Sociology, University of Poona, as specified in detail as follows :-
