FOREWORD

Statistical Abstract of Meghalaya, 1978 is an attempt to place the statistical data pertaining to the Meghalaya inception upto 1978. Where possible attempt was made to present the data district-wise and/or Subdivision-wise. Data of special interest for subsequent periods such as the 1970s has also been presented in the Appendix.

Data presented in the Abstract were drawn from various sources. Wherever possible these were indicated at the end of the Abstract. The co-operation extended by various State and Government offices, Semi-Government and Public bodies in providing the data for the Abstract is greatly appreciated.

In this attempt, the draw-backs of this publication are pointed out. It is our aim to improve this publication in future. We welcome any criticism, comment and suggestion in this regard.

Note :—1. The area figures of the State and the Districts represent "Geographical area" figures supplied by the Surveyor General.

2. The area figure of Jaintia Hills District is derived by subtracting from the area of the composite United Khasi & Jaintia Hills District the area of the erstwhile Jowai subdivision which represent the 'Land Use' area as supplied by the State Director of Land Records. Hence, the total area figure of the districts will not tally with the total state figure.
