## **FOREWORD**

*The value of Statistics in the economy of life of every nation has come to be universally recognized. In order to give concrete shape to ideas we require detailed statistics relating to the particular aspect of social life which is intended to be tackled. The demand of latest data for research planning and decision making is increasing day by day.*

*The present publication "Odisha At a Glance, 2016" which is second in its series is an attempt to present comprehensive collection of data on various social and economical aspects of the State for a quick and easy reference. The Organisation endeavours to update this publication with a view to present data in a logical manner. It is, indeed, a valuable document which presents the data in an organised manner and exhibits the nature and extent of various socio-economic parameters of the State. The notes and data contents of this publication are based on the responses from various departments and official publication.*

*I acknowledge with thanks the cooperation received from different Government organizations, who have made available the data presented in this publication.*

*I hope these data will be immensely useful to the Administrator as well as planners in formulating Micro and Macro planning through an effective management system. The comparative data on important socio-economic indicators under various sectors of development of Odisha State and All India are given in a separate section.*

*I would like to place my due record of appreciation to the officers & staff of Publication division for collecting and organizing the data under the active supervision of Smt. Indira Mishra ,Dy. Director and Smt. Ranjita Pati, Asst. Director who shoulder the entire responsibility of presentation of the data and designing of the report.*

*I welcome any constructive comments and suggestions for improvement in the quality of the future publications of this issue*
