INTRODUCTION

With the Publication of this issue of Basic Statistics 1986, the Directorate of Economics & Statistics shall be bringing out the 31st (Thirty First) issue of the series being brought-out on a regular basis. The publication provides an insight to the data relating to various socio economic and developmental activities of the state and serves as a reference handbook for policy makers, administrators, research workers, economists etc. The reference year of the data has been indicated in the respective tables and pertains to calendar year 1985 or the financial year 1985-86.

I am grateful to all the departments of the State as well as Central Government and other organisations without the cooperation of which the Publication would have not been possible to be brought out.

Suggestions for further improvement in the presentation and coverage of the information for future publications would be most welcome.

Jaipur,
December, 1990
