## PREFACE

The Publication "BASIC STATISTICS-1999" provides important information on different sectors of the state's economy in the form of tables.

The present issue includes information relating to various socio-economic and development activities as provided by different Central and State Government Departments. The data presented in the publication relates to the calendar year 1998 or the Financial/Agriculture/Co-operative year 1997-98 except where otherwise indicated.

The officers and staff of the Co-ordination Unit of this Directorate have done a commendable job in bringing out this publication.

I am sure that the present issue of the publication, like its previous issues, would be useful to planners, policy makers and research scholars in understanding the socio-economic changes, in all dimensions, taking place in the state.

Any suggestion from users regarding improvement in coverage and presentation of the publication would be highly appreciated.
