Foreword

A macro scale system of education has evolved over a period of time in Karnataka State as is evident from the data of schools, teachers and students.

In order to provide infrastructure facilities and teachers for schools of the State, organize capacity building programmes for teachers, provide stimulating incentives such as free textbooks, uniforms and mid-day meals to students in comprehensive and efficient ways, there is a need for basic data about the school system. It would not be possible to provide a meaningful school support system, for all the schools within the jurisdiction of 33 educational districts, 202 educational blocks and 2708 cluster resource centers without the availability of such basic data. It is the responsibility of the 'Educational Management Information System' unit of the Department of Education, the EMIS unit, to collect, process, consolidate and publish educational data which are of foundational value for the system of education in the State.

The EMIS unit has been functional since 2004-05. It has been publishing educational data every year which have been useful to the government for educational planning, implementation of programmes, monitoring, supervision and evaluation of efforts. These data are invaluable in appraisal of status and direction of education in the State and for realization of goals of universalisation of elementary education. Educational data for the year 2008-09 are currently available. It is proposed to publish them in a series of volumes : a hand book of complete data on the totality of the educational system on our web-site ; an analytical report of significant parameters and concerns of the system of education in the State ; an update on status of education in the districts; and a detailed update on the status of education in the blocks. The current volume being published is the analytical report on significant parameters and concerns of education in the state.

The analytical report, the district / block level reports are being extensively used in preparation of Annual District Plans for Sarva Shiksha Abhiyan, submission of reports to Joint Review Missions, preparation of regional plans and reviews of progress in the State.

One special feature of the current volume is that along with a review of status of education in the State during 2008-09, there is also a brief presentation of the comparative progress of education in the State in 2008-09 from the base year of 2006-07.

The current EMIS volume for 2008-09 is being sent to all those persons who are concerned and interested about the system of education in the State as well as the Department of Education of the State government. It would also be of value to educational policy-makers, planners, administrations, researchers, statisticians and enlightened public. We eagerly look forward to feedback and constructive suggestions on this volume so that the EMIS unit may function in more efficient and meaningful ways in future.

SCHOOLS in the STATE

School is the fundamental and a foundational unit of an educational system. Number of schools is indicative of the size of a system. There are 69273 schools in the State of which 26644 are lower primary, 30876 are higher primary and 11753 are high schools. The ratio between lower and higher primary schools is 1 : 1.15 ; like-wise, the ratio between higher primary and high schools is 2.62 : 1.

Schools have been classified under 5 heads as follows:

1. Management – Wise
2. Standards of Instruction Covered (LPS / HPS / High Schools)
3. Region (Rural / Urban)
4. As per Medium of Instruction
5. Sex – Wise (Girls only / Boys only / Co-Education).

Schools of the State are run by 17 types of Managements. Some of the prominent types are mentioned here.

1. Department of Education
2. Department of Social Welfare
3. Local Self – Government Institutions
4. Private Aided
5. Private Un-Aided
6. Others [Jawahar Navodaya, Central, Sainik, NRI, Madarasas, Arabic, etc; are included here].

Schools run by the Department of Education, Department of Social Welfare and by the Local Self Government Institutions are classified as Government Schools.

Graph 1 (for TABLE 4)
Comparison of Number of Schools by Managements

Note :- Go to appendix 1,2,3 and 4 for details of District-wise / Management –wise break-up of Schools.

TABLE 5
School Facilities and their relative proportions in the State:

Category	LPS		HPS		Total Elementary		High Schools		All levels of Schools	
	No.	%	No.	%	No.	%	No.	%	No.	%
Education Dept	23,500	88.20	21,976	71.18	45,476	79.06	4,142	35.24	49,618	71.63
SW + LSG	196	0.74	358	1.16	554	0.96	245	2.08	799	1.15
Aided	272	1.02	2,177	7.05	2,449	4.26	2,997	25.50	5,446	7.86
Un-Aided	2,653	9.96	6,217	20.14	8,870	15.42	4,245	36.12	13,115	18.93
Others	23	0.09	148	0.48	171	0.30	124	1.06	295	0.43
Total	26,644	100.00	30,876	100.00	57,520	100.00	11,753	100.00	69,273	100.00

Notes :-

- More than 1 out of every 6 elementary schools in the State either are run by the Government or supported by the Government. Nearly 4 out of 5 are directly managed by the Government.
- Nearly 9 out of 10 lower primary schools are managed by the Government.
- It is only at the high school level that private participation is considerable. Still it is observed that 3 out of 4 high schools are either managed or supported by the Government.

TABLE 7
Schools in Rural and Urban Areas

Region	Total Schools	Percentage (%)
Urban	15947	23.02
Rural	53326	76.98
Total	69273	-

The proportion of schools in rural and urban areas out of the total number of schools of all managements in the State are 76.98 and 23.02 percent respectively. There is a marginal gain of 1.92 percent schools from rural to urban areas during the year.

Graph 2 (for TABLE 7)
Schools in Rural / Urban areas including Elementary and High Schools.

A comparison of availability of facilities for lower primary, higher primary and secondary education reveals that their proportion in rural areas are 88.74, 72.89 and 61.06 percent respectively. This data indicates that there is a greater need for secondary schools in rural areas

Graph 3

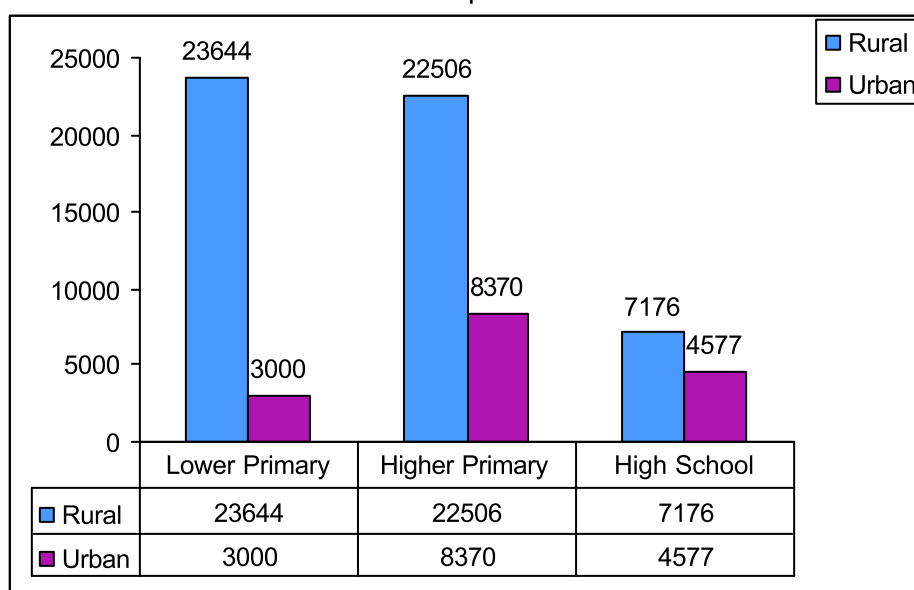

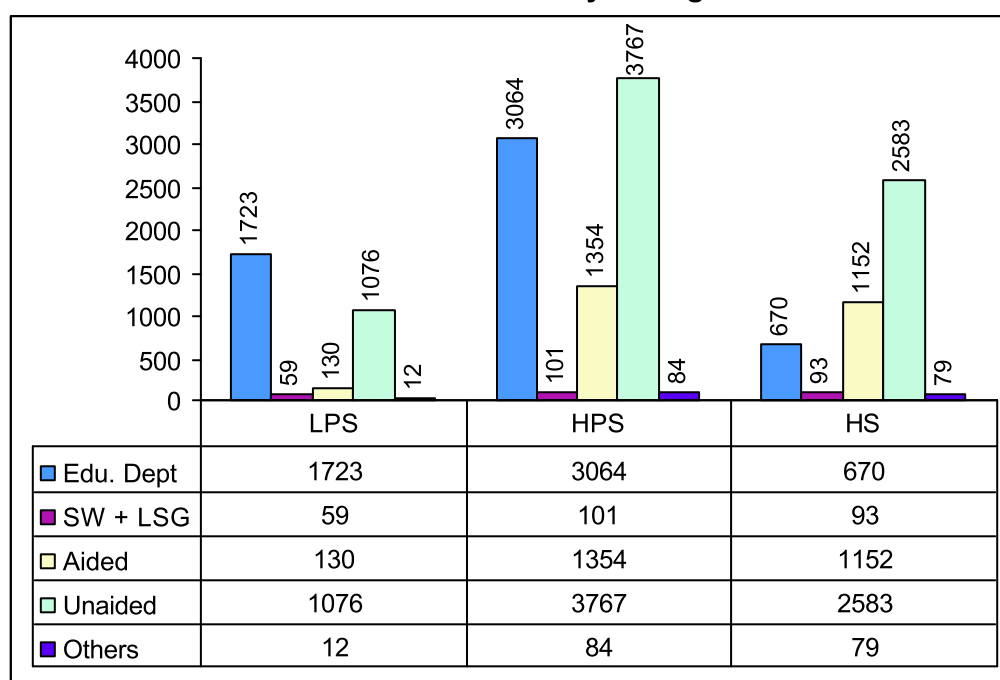

TABLE 8
Schools in Urban Areas by Management.

Schools by Management (Urban)

Category	Education Dept	SW + LSG	Aided	Un-Aided	Others	Total
LPS	1,723	59	130	1,076	12	3,000
HPS	3,064	101	1,354	3,767	84	8,370
Total Schools (LPS+HPS)	4,787	160	1,484	4,843	96	11,370
High Schools	670	93	1,152	2,583	79	4,577
Total Schools	5,457	253	2,636	7,426	175	15,947

There are 15,947 schools in urban areas of which 11,370 and 4,577 are elementary and high schools respectively. 42.10 percent of elementary schools in urban areas belong to the Department of Education while the proportion of aided schools is 13.05 percent. 44.74 percent of schools are constituted by un-aided and other category schools. In case of high schools, proportions of schools in urban areas that belong to Department of Education, Aided, Un-Aided and others categories are 14.64, 32.42 and 52.94 respectively. It is noted that while a high proportion of elementary schools are run in urban areas by the department of education, a high proportion of high schools in urban areas is run by private un-aided managements.

**Graph 4 (for TABLE 8)
Schools in urban areas by Management**

**TABLE 9
Schools in Urban Areas by Management – Number and Percentages**

SI No.	Level	Education Dept	SW + LSG	Aided	Un-Aided	Others	Total
1	Primary Schools	1,723	59	130	1,076	12	3,000
	(1 st to 5 th Std.)	57.43	1.97	4.33	35.87	0.40	
2	Higher Primary Schools	3,064	101	1,354	3,767	84	8,370
	(1-7/8 & 6-7/8)	36.61	1.21	16.18	45.01	1.00

	(8 th to 10 th)	14.64	2.03	25.17	56.43	1.73	
	Total	5,457	253	2,636	7,426	175	15,947
		34.22	1.59	16.53	46.57	1.10	

Notes:-

It is observed that while the figure of total schools in urban areas was 14409 during 2007-08 while the corresponding figure for 2008-09 is 15947. The increase in urban areas between the 2007-08 and 2008-09 is 1,538 schools, which works out to be 9.65 percent It is noted that there is an increase of 1,684 schools, 17.39 percent at the elementary level while there is a decrease of 146 high schools, 3.09 percent, at the secondary school level.

**TABLE 10
Management Wise Schools in Rural Areas**

Level	Education Dept	SW + LSG	Aided	Un-Aided	Others	Total
LPS	21,777	137	142	1,577	11	23,644
HPS	18,912	257	823	2,450	64	22,506
Total Schools (LPS+HPS)	40,689	394	965	4,027	75	46,150
High Schools	3,472	152	1,845	1,662	45	7,176
Total	44,161	546	2,810	5,689	120	53,326

There are 53326 schools in rural areas, of which 46150 are elementary schools and 7176 are high schools. 88.81 percent of total number of schools in rural areas belongs to the Department of Education, while private aided and private un-aided schools constitute 5.26 and 10.67 percent respectively. In case of high schools 48.38 percent of such schools in rural areas belong to the Department of Education while the proportions for aided and unaided managements are 25.70 and 23.16 respectively. It is to be noted that a great majority of schools in rural areas are managed by the Department of Education.

**Graph 5 (for TABLE 10)
Details of Management wise schools in rural areas**

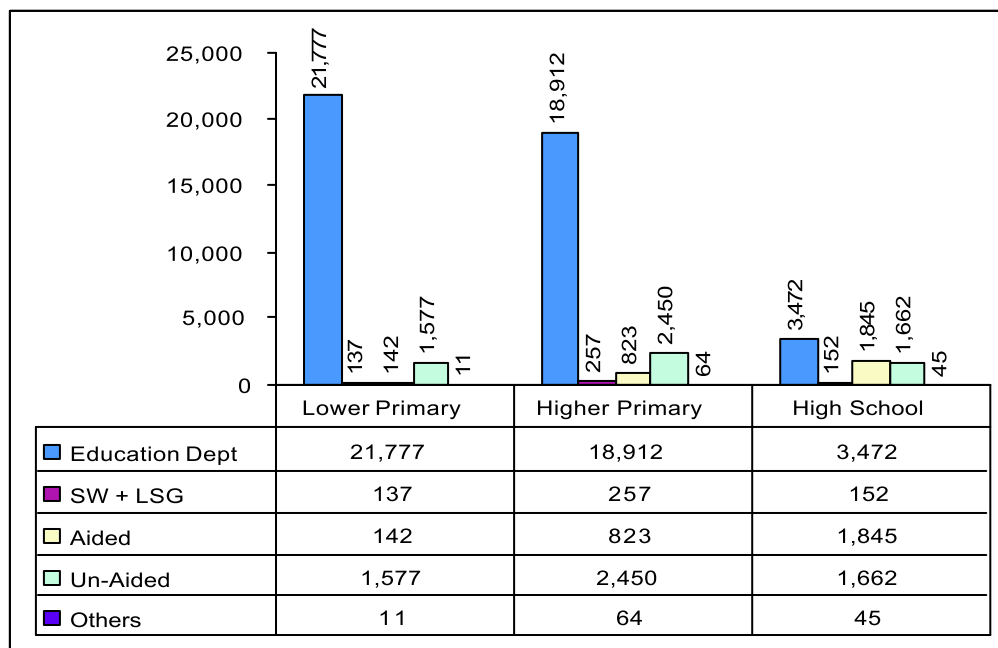

TABLE 11
Management- Wise Schools in Rural Areas by Number and Proportions

Sl No.	Level	Education Dept	SW + LSG	Aided	Un-Aided	Others	Total
1	Primary Schools	21,777	137	142	1,577	11	23,644
	(1 st to 5 th Std.)	92.10	0.58	0.60	6.67	0.05	
2	Higher Primary Schools	18,912	257	823	2,450	64	22,506
	(1-7/8 & 6-7/8)	84.03	1.14	3.66	10.89	0.28	
3	High Schools	3,472	152	1,845	1,662	45	7,176
	(8 th to 10 th)	48.38	2.12	25.71	23.16	0.63	
	Total	44,161	546	2,810	5,689	120	53,326
		82.81	1.02	5.27	10.67	0.23	

Notes :

Even though the proportion of schools run by the Department of Education in the State is 88.81 percent, it goes upto 92.10 percent in case of lower primary schools. The participation of private players both in regard to aided and unaided managements is quite low in rural areas. It is marginally visible only in case of high schools which are normally located in big villages. It is clear that commercial designs overweigh concerns of rural development among private players.

Schools by Medium of Instruction:-

Majority of students are pursuing their studies in schools which have adopted Kannada, English, Urdu, Marathi, Telugu, and Tamil as Medium of Instruction. Information about number of schools by the Medium of Instruction adopted by them is given in the following tables.

TABLE 12
Schools by Medium of Instruction

Medium	Kannada	English	Urdu	Tamil	Telugu	Marathi	Hindi
LPS	23,562	346	2,237	48	41	404	22
HPS	25,924	3,424	2,141	133	66	656	112
High Schools	8,407	2,740	345	6	19	226	77
Total	57,893	6,510	4,723	187	126	1286	211

Table 12 A
Schools by Medium of Instruction in Percentages

Medium	Kannada	English	Urdu	Tamil	Telugu	Marathi	Hindi	Total
LPS	88.38	1.30	8.39	0.18	0.15	1.52	0.08	100.00
HPS	79.87	10.55	6.60	0.41	0.20	2.02	0.35	100.00
High School	71.13	23.18	2.92	0.05	0.16	1.91	0.65	100.00
Total	81.61	9.18	6.66	0.26	0.18	1.81	0.30	100.00

Note :- The figures of total schools in this table may not tally with the figure of total schools in the State as given in Table 4. This is because of the possibility of a school adopting more than one medium of instruction.

Schools by Sex - type					
Sl No.	Type of School	Total Schools	Boys only Type	Girls only Type	Co-Education
1	LPS	26,644	39	86	26,519
2	HPS	30,876	497	692	29,687
3	High Schools	11,753	169	570	11,014
Total		69,273	705	1348	67,220

Notes :-

97 percent of schools in the State practice co-education. Single sex schools are hardly 3 percent in proportion of which 2 percent are girls – only schools. This practice of co-education is popular in both rural and urban areas.

ENROLMENTS IN THE STATE

Total Enrolments, Gross Enrolment Ratios, Net Enrolment Ratios, Number and proportion of Children who leave the school mid-way, Repetition Rate, and Enrolments by sex, social category, standards of schooling, Transition Rates, Completion Rates are the prominent indexes of Enrolments. Some of them are measured against school-age population.

It is noted that total enrolments in 1 to 10 standards in the State, during 2008-09 has just crossed the 10 million mark.

TABLE 14

Total Enrolments 1 st to 10 th (in lakhs)				Enrolments in percentages		
Group	Boys	Girls	Total	Boys	Girls	Total
Scheduled Castes	9.89	9.11	19.00	18.94	18.70	18.82
Scheduled Tribes	4.07	3.72	7.79	7.79	7.64	7.72
Other Backward Castes	26.17	25.07	51.24	50.11	51.46	50.77
General	12.09	10.81	22.90	23.15	22.19	22.69
Muslims (Separately)	6.96	7.00	13.96	13.33	14.37	13.83
Other Minority (Separately)	1.43	1.35	2.78	2.74	2.77	2.75
Total	52.22	48.71	100.93	100.00	100.00	100.00

Note :- Categories included in other Backwards castes are : OBC, Category 1, Muslims, Other Minorities.

Percentages of enrolment of Scheduled Caste and Scheduled Tribe children out of a total enrolment of all children in 1 to 10 Standards during 2008-09 are 18.82 and 7.72 respectively.

Management – Wise / Standard – Wise / Social Category Wise / Sex – Wise / Enrolment of students are given in Appendices numbers 5,6,7,8,9,10,11,12 and 13.

TABLE 15
Standard Wise Enrolment of Children and their Percentage figures

Standard	1 st Standard	2 nd Standard	3 rd Standard	4 th Standard	5 th Standard	1 st to 5 th Standard	6 th Standard	7 th Standard	6 th to 7 th Standard	8 th Standard	9 th Standard	10 th Standard	8 th to 10 th Standard	1 st to 10 th Standard
Enrolments (in lakhs)	11.39	11.27	11.16	11.05	10.55	55.42	10.36	9.92	20.28	9.64	8.32	7.26	25.22	100.92
Enrolments (in percentage)	11.29	11.17	11.06	10.95	10.45	54.91	10.27	9.83	20.10	9.55	8.24	7.19	24.99	100.00

There are 100.93 lakhs children in 1st to 10th standards in the State. Of this total, 55.42 lakhs children are in 1st to 5th standards, 20.28 lakhs children are in 6th to 7th standards and 25.22 lakhs children are in 8th, 9th and 10th standards of the high school section.

Graph 7 (for TABLE 15)
Standard –Wise Enrolments of Children

It may be observed from Graph 7 that the heights of the individual bars in the bar graph are comparable from 1st to 4th standards there is a noticeable fall at 5th standard and 7th standard. The fall is clearly perceptible from 8th to 9th and 9th to 10th standards. Perhaps the up-gradation of a large number of 1 to 7 HPS to 1 to 8 HPS has arrested the fall at 8th standard. The fall at the secondary stage needs better attention.

TABLE 16
Proportion of Children pursuing their studies with various Media of Instruction

Medium of Instruction	Kannada	English	Urdu	Tamil	Telugu	Marati	Hindi	Others
Enrolments (in percentages)	75.39	16.17	5.36	0.31	0.25	2.03	0.39	0.11

Table 17 reveals that 16.17 percent of children enrolled in schools are studying through the English Medium. As per population census, proportion of people whose mother tongue is English is far below this percentage. Hence it is understood that either children whose mother-tongue is not Kannada and at the same time facility for schooling in their mother-tongue is not available at their place of stay or others who do not prefer to pursue their studies in their mother tongue may opt for English as Medium of Instruction. It is also noted that the proportion of children pursuing their studies through English as Medium of instruction was 10.40 percent during 2007-08 while it is increased by 5.77 percent children. This difference is contributed by 5.63 percent of Kannada Medium children, 0.66 percent of Urdu Medium children. There is a insignificant decline of children of from other media of Instruction also in favour of English Medium Schools. (some of percentages do not add upto 5.77 percent as the percentages reach each medium and that total are taken from their respective totals of actual numbers).

When the enrolments of boys in 1st to 5th standards is compared with that of girls to examine Gender Parity, a ratio of 0.937 gets on surface. Likewise, this ratio works out to be 0.925 for 1st to 10th standards. It is clear that the index of gender parity is more than 0.9. This is a welcome development, as compared with national level update. The Department is on the right path in reducing sex-wise disparities in enrolments, through there is a need for intensifying the efforts in future.

❖ **Enrolments of SC/ST at Elementary Stage :-**

- There are 55.42 lakh children who are studying in the lower primary stage of 1st to 5th standards. This stage included enrolments in 1st to 5th standards in 1st to 5th lower primary and 1st to 7th or 1st to 8th higher primary schools as well as 1st to 10th high schools or 1st to 12th higher primary schools [see TABLE 16].

Like-wise, there are 20.28 lakh children in 6th & 7th standards, in the State. They may be distributed in HPS / HS or HSc schools.

It may be observed from Table 24 that there are 20.66 lakh children from the SC / ST categories among 75.01 lakh children in 1st to 7th standards in the State. Of them, 14.65 lakh are SC while 6.01 lakh are ST students. That is, the proportion of SC / ST children in 1st to 7th standards in the State is 27.04 percent.

- 20.66 lakh children from SC / ST categories are in 1st to 7th standards in the system of schooling in the State. An analysis of location of these 20.66 lakh children in the schools of

the State by management reveals that 77.34 percent of SCs and 80.20 percent of STs in 1st to 7th standards are in schools run by the Department of Public Instruction. Proportion of SC / ST students in State and State supported schools, that is schools run by Education Dept, by Department of Social Welfare, Local Self Government Institutions and Private Aided Institutions is 87.32 percent.

SC / ST proportion in un-aided schools of the State at 1st to 7th standards is quite low as they cannot afford to pay fees charged by such institutions. Their total proportion is just 12.24 percent.

❖ **Enrolments of SC / ST at High Schools Stage :-**

- There are 25.22 lakh children (Table 16) in 8th, 9th & 10th standards in the State. 4.35 lakh SCs and 1.78 lakh STs are out of this total constituting 6.13 lakh children or 24.31 percent.
- Analysis of distribution of SCs and STs in high school stage by management reveals that 50.34 percent of SCs and 53.93 percent of STs are in high schools belonging to the Department of Education.

Notes :-

- All others include SC/ST/OBC/Muslims/Other Minority ; that is, except General Category students.
- 'Others' in Management includes Social Welfare + Local Bodies + Others.
- Nearly 4 out of every 5 students in school education in the State, at the lower and higher primary stages belong to SC / ST/ OBC and Minorities Categories. One out of 10 students from these categories drops-out at the high school stage.
- More than 7 out of 10 'non-general Category' children at LPS, HPS stages study in schools of the DoE. This figure falls below to every alternate student at the high school stage as the participation of the DoE at high school stage is hardly around 35 p

INFRASTRUCTURE FACILITIES

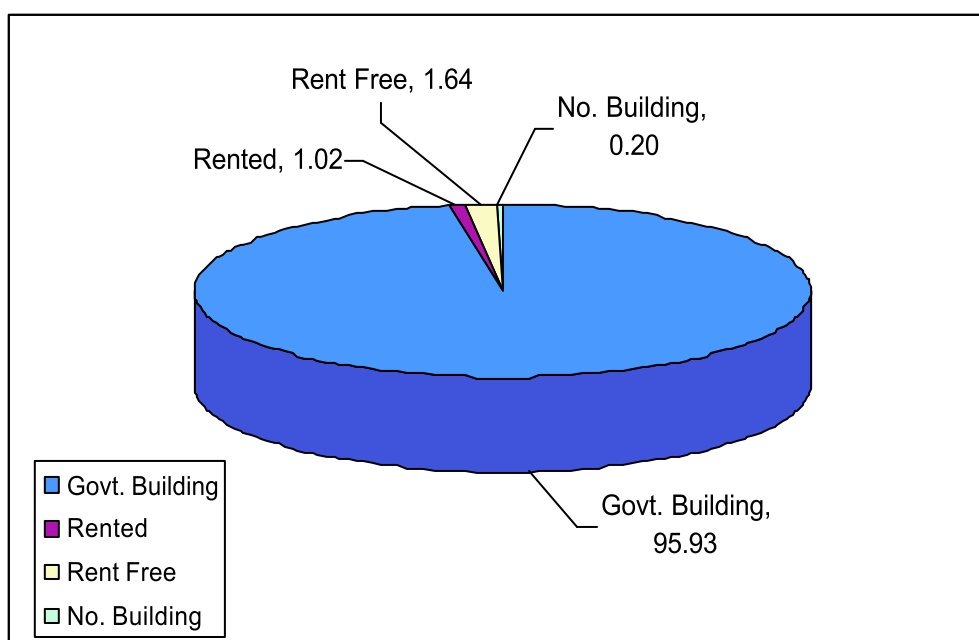

The Sarva Shiksha Abhiyan accorded special significance and weightage for the provision of infrastructure facilities to schools. School buildings, additional classrooms, maintenance and repairs of school buildings are included herein. There is a recognition of 8 facilities as Basic Facilities for schools comprising of Common Toilets, Girls' Toilets, Electricity, Play Ground, Ramps, Library, Compound and Drinking water. A review of progress of schooling in the light of provision of infrastructure facilities to schools reveals that there has been notable improvements in enrolments of children, enrolment ratios, retention rates, student – classroom ratios, teacher-pupil ratios, transition rates and gender parity in enrolments.

An update on provision of infrastructure facilities in the State is provided in this section.

❖ School Buildings

45476 out of total of 57520 elementary schools in the State belong to the Department of Education. 95.93 percent of schools of the Department possess / own the buildings. Rent needed not be paid to 1.64 percent of schools owned by the Department. Another 1.02 percent of schools are run in rented buildings. 0.20 percent of schools are run without any building facility.

Graph 9
Classification of Elementary Schools by type of ownership of buildings.

Graph 10
Classification of High Schools by type of ownership of buildings

The Department of Education runs 4142 high schools. 170 schools in this set do not have a building of their own. 80.81 percent of schools possess the building while 0.77 percent of high schools are run in rented buildings. 8.09 percent of schools do not need to pay rent for the buildings in which they are functioning. They are rent-free. Information on rest of the 4.03 percent of schools is incomplete.

47 schools here their own buildings under construction stages. 10 schools have reported it their buildings are not fit for use. There are 151 government schools which are run in private buildings – it is not clear whether they are rented or rent free. There is no information of any kind on 50 schools.

It is noted that the member of building less schools (own building) decreased from 355 in 2007-08 to 170 during 2008-09 while in another 47 cases, construction is in progress.

- **Classrooms :-**

There are 188941 classrooms in 45476 elementary schools of the Department of Education. 74.71 percent of classrooms are in good condition. 15.99 percent of classrooms need minor repairs, while 9.31 percent of classrooms are waiting for major repairs. It is to be noted that the position regarding to classrooms which are in good condition and that require minor repairs has improved marginally. However the percentage of classrooms which require major repairs has increased from 7.55 percent during 2007-08 to 9.31 percent during 2008-09.

There are 19635 classrooms in 4142 high schools of the Department of Education. 81.40 percent of classrooms are in good state. 11.69 percent of classrooms need minor repairs while 6.91 percent of classrooms need major repairs.

Number of classrooms at the elementary stage of schools has increased from 177688 in 2007-08 to 188941 during 2008-09, an increase of 11253 classrooms. This is good. However, number of classrooms in 4142 high schools of the State has decreased from 19894 during 2007-08 to 19635 during 2008-09, a decrease of 259 classrooms. This decrease has to be read along with information on classroom needing major repairs wherein there were 1508 number of classrooms in high schools which needed major repairs during 2007-08 while their figure declined to 1356 during 2008-09.

❖ **8 Basic Facilities (as per MHRD specifications) :-**

Even though increasing attention is being given over the years to provision of basic facilities in schools, available data on availability of basic facilities leaves much to be desired. The EMIS data of 2008-09 informs us that there is no separate toilet for girls in every alternate elementary school while 19.46 percent elementary schools do not have drinking water facility.

The 8 Basic facilities identified by MHRD are

- Common Toilet ; Girls Toilet ; Electricity ; Play Ground ; Computers ; Ramps ; Compound ; Drinking Water ; Library

Pancha Soulabhya :-

The government of Karnataka identified 5 facilities, on top priorities as most essential for schools some of them are common to the 8 basic facilities identified by the MHRD. The five facilities are 1) Drinking Water 2) Common Toilets 3) Play Grounds and 4) Compound wall. The fifth one is school buildings. An update across all these facilities follows.

Provision of 8 Basic facilities in schools during 2008-09 as compared to 2007-08.

Table 26

Infrastructure Provision in Elementary Schools of the State								
Years	Common Toilet	Girls Toilet	Electricity	Play Ground	Ramps	Compound	Drinking Water	Library

Graph 12 (for table 27)
Infrastructure Provision in High Schools of the State

Notes:-

- 1) Sl.Nos. 1, 4, 7 and 8 are also included under the State Programme of Pancha Soulabhya. District-wise tally is given in Table X₁ and X₂.
- 2) Compound walls for schools at both elementary and high school stages, especially at the elementary level have received substantive attention during 2008-09. Position in regard to Ramps in schools is also better than before.
- 3) Negative signs in 2 places is because, new schools have not been provided the concerned facilities; further, it is to be noted that the figure in boxes are in 'Percentages of Provisions'.
- 4) The fifth item in Pancha Soulabhya Programme of the State Government is provision of School Buildings. This has been discussed under the section on School Buildings.

Provision of Infrastructure facilities was given increased attention during 2008-09 both at the Elementary and High School stages. The overall provision went up from 53.71 percent in 2007-08 to 69.24 percent during 2008-09 at the Elementary stage while it went up from 55.07 percent during 2007-08 to 62.86 percent at the High School stage. There was a gain of 15.53 and 7.79 percentage points respectively at the Elementary and High School stages, at the State level while some of the backward districts like Bijapur, Yadgir and Kolar got a hike of over 21 percent and beyond at the Elementary stage districts such as Bijapur and Haveri got a hike of over 21 percent at the High School stage (see tables X₁ and X₂). Highest attention was received by the following facilities ; construction of Compounds and Ramps at the Elementary stage : Compounds, Ramps and Drinking Water at the High School stage.

TABLE 28
Student – Classroom Ratios in Schools

Management	Elementary Schools			High Schools		
	No. of Children	No. of Classrooms	SCR	No. of Children	No. Of Classrooms	SCR
Education Dept	4,895,773	188,941	25.91	1,105,574	19,635	56.31
SW + LSG	58,133	2,622	22.17	32,705	1,393	23.48
Aided	639,276	19,223	33.26	799,682	17,844	44.82
Un-Aided	1,924,771	78,110	24.64	562,410	38,247	14.70
Others	52,104	2,351	22.16	21,673	1,930	11.23
Total	7,570,057	291,247	25.99	2,522,044	79,049	31.90

In sum it is observed that Student-Classroom ratio at the elementary stage is 25.99 :1 while it is 31.90 :1 at the high school stage. These ratios are 25.91 :1 and 56.31 :1 at the elementary and high school stages of the Department of Education respectively.

33	RAICHUR	1,440	1,242	86.25
	Total	45,476	43,626	95.93

- There are 45476 schools managed by the Education Dept. of them, buildings of 95.93 percent of schools are owned by the Education Dept. Six districts Hassan, Kolar, Bijapur, Uttara Kannada, Dakshina Kannada, Ramanagar and Kodagu own at least 98 percent of buildings of the schools that they manage 04 out of these 06 districts are in Mysore and Bangalore revenue divisions.
- Districts who own the lowest percentage of school buildings, that is below 90 percent of ownership, are Bangalore urban South, Bangalore urban North, Raichur and Bagalkote.

Note :- Districts after Sl.No. 21 record percentages which are below the State average. Case of Raichur, among rural districts, needs additional attention.

TABLE 30
District wise Nature / Type of School Buildings Elementary Level

Sl No.	District	Total No. of Schools (Education Dept)	Type of Buildings	
			Pucca	%
1	KOLAR	1,899	1,885	99.26
2	GADAG	617	607	98.38

32	HASSAN	7,796	4,813	61.74
33	MADHUGIRI	4,241	2,614	61.64
TOTAL		188,941	141,165	74.71

Notes: -

- There are 188941 classrooms in the 45476 schools of the education department 74.71 percent, 141165 classrooms out of the total number are in good condition. Districts which have at least 4 out of 5 classrooms in good condition are : Bellary, Koppal, Dharwad, Bagalkot, Yadagiri, Bidar, Raichur, Bangalore North, Bijapur, Kodagu, Gulbarga, Gadag
- Note even 2 out of 3 classrooms are in good condition in the following 5 districts : Chitradurga, Bangalore Rural, Ramanagara, Hassan, Madhugiri
- Number of classrooms which are in bad condition and require major repairs are 17562 out of total 188941 classrooms in the State, that is, 9.29 percent of the total.

	Total	4,142	3,347	80.81

- There are 4142 high schools under the management of Department of Education. 3347 high schools, that is 80.80 percent of total high schools, own the buildings in which they function. Number of districts wherein at least 8 out of 10 school buildings are not owned by the Government (Department of Education) is 14. All the High Schools of the Department of Education in Hassan and Kolar districts are owned by the Government. In Kodagu, Chitradurga, Davanagere and Yadagiri districts, at least 9 out of 10 schools of the Department own the buildings.
- More than One out of 3 buildings in Bagalkot, Dharwad and Raichur districts is not owned by Government.

Method of Calculation and Interpretation of Indexes of Basic Facilities in Schools of the State in Tables X1 and X2

- 8 Basic Facilities (as identified by the MHRD) that need to be located in Elementary and High Schools are : Common Toilets, Girls' Toilets, Electricity, Playground, Drinking Water, Ramps, Library and Compound Wall. One score is earmarked for each one of these facilities. A school having all the eight facilities shall get 8 scores. Otherwise, the school shall get as many scores as the number of facilities located in it.
- In this way, total scores obtained by each one of the schools of a district are summated and divided by the total number of schools in that district. The product of the division is the index of current availability of 8 basic facilities of the district.
- Assuming that all schools of the District have all the 8 Basic Facilities, the number of schools is multiplied by the digit 8. The product is an index of total availability.
- Index of current availability is divided by the (assumed) index of total availability and multiplied by 100. The product is an index of percentage of availability of 8 basic facilities.

Illustration: There are 143 high schools in Bagalkot District. If each one of the 143 schools were to have all 8 basic facilities, the District would have recorded a maximum score of 1144. However, going by the current availability of facilities in these 143 schools, the sum of scores obtained by the district is 676. Hence, the percentage of availability of basic facilities in the district is 59.09; the figure arrived at by dividing 676 by 1144 and multiplying the product by 100.

- Tables X1 and X2 provide indicative information about the provision of 8 Basic Facilities across the schools of the state in the various districts. They are enabling in identification of districts which are lagging behind in availability of infrastructure facilities. This type of information would be quite useful in prioritization of resource allocations across districts under plan schemes as well as projects in cases of provision of infrastructure facilities. However, one has to go beyond statistics in taking district specific decisions in regard to the provision of specific types of infrastructure facilities and prioritize them within the districts.
- Performance of the State in regard to provision of 8 basic facilities at elementary and high school levels is recorded as 69.24 and 62.86 percent respectively.
- When the position in regard to provision of 8 basic facilities in the elementary schools is compared with that in the high schools, it is observed that districts which are quite good or quite low in provision of facilities at the elementary level need not also figure as such at the high school stage.

There are exceptions of districts to the foregoing generalization. Exceptional districts are identified here.

-
- When the top 10 districts in provision of 8 basic facilities in the State at the elementary stage are juxtaposed with top 10 districts on the same counts at the high school stage, it is observed that only 7 districts appear in both the lists. These districts are Bangalore Urban (South), Bijapur, Chikmagalur, Haveri, Kodagu, Mysore and Udupi.
 - District which are common in the lists of bottom ten districts in provision of infrastructure facilities at the elementary and high school stages are Chamarajanagar, Chikkodi, Gulbarga, Raichur and Yadagir
 - There are 7 districts in top 10 lists of elementary and high school stages as well as 5 districts in bottom 10 districts of similar lists in regard to provision of infrastructure facilities. The 5 districts which appear in bottom 10 tally of both the lists need immediate special attention.

TEACHERS IN THE SYSTEM

Number of teachers who are working at the lower primary, higher primary and high school stages in the schools of the Department of Education are 49365, 139753 and 33933 respectively. In sum 223051 teachers are working in the Department of Education.

Graph 14 (for Table 36)

Percentage of Teachers working at LPS/HPS/HS stages of schools of various Managements

Note: Nearly 3 out of every 5 teachers working in the State therein including all levels of schooling belong to the Department of Education. If a tally is taken of only Elementary School level teachers this percentage goes upto nearly 7 out of 10 teachers. If a tally of proportion of teachers for paid by the government, that is Department of Education plus schools run by the Department of Social Welfare and Local Bodies along with private schools getting grant

in aid are considered then, the proportion of teachers maintained by is nearly 75 percent of the elementary level, and 62 percent at the High School level.

Teacher Pupil ratios are in a satisfactory state in Government schools. This ratio is below 24.40 at the elementary schools. Still variations in this ratio are observed across districts of the state, blocks within districts and schools within blocks. For instance, this ratio is 1 : 32.36 in Koppal district while it is 1 : 15.51 in Chikmagalur district. A process of rational deployment of teachers is in progress so as to set right such imbalances in teacher pupil ratios.

Table 37
Management-wise Number of Working Teachers in the State at LPS / HPS / HS

Management	No. of Students	No. of Teachers working	PTR
DOE	4895772	189118	26
SW+LB	58134	2720	21
AIDED	639276	15236	42
UN- AIDED	1924771	67681	28
OTHERS	52104	2139	24
TOTAL	7570057	276894	27

There being one teacher for every 26 students in the Department of Education, these ratios are observed to be 42 and 28 in private aided and unaided schools.

District wise details of number of teachers and teachers- pupil ratios in elementary schools of the state for 2008- 09 are provided in annexures number 16,17,18,19 and 20.

(I) TPR for Sanctioned Teachers

❖ Lower primary schools (1 to 5)

- The average TPR for state being 17.40, a total of 16 districts record an average higher than the state average
- Highest TPR is observed in Gulbarga district (28.51)
- Lowest TPR is observed in Chikmagalur district (11.83)

❖ Higher Primary schools(1 to 7/8)

- The average TPR for the state at higher primary level being 26.88, a total of 15 district record an average higher than the state average
- Highest TPR is observed in Bijapur district (33.98)
- Lowest TPR is observed in Chikmagalur district (16.94)

❖ **TPR count when LPS and HPS are clubbed together**

- The average TPR for the state is 24.40 , 15 districts record an average TPR which is higher than the state average
- Highest TPR is observed in Koppal district(32.36)
- Lowest TPR is observed in Chikmagalur district (15.51)

❖ **TPR in (1-5) and (1-7/8)**

- Following 8 districts appear in both the lists in a tally of TPR of 10 districts, that is having high TPR they are Koppal, Raichur, Yadagiri, Bellary, Dharwad, Bagalkot, Bangalore South and Bijapur.
- Likewise , following 10 districts appear in both the lists in tally of TPR of bottom 10 districts, [Highly favourable TPR] : Shimoga, Ramanagara, Kodagu, Bangalore Rural, Uttara Kannada, Tumkur, Hassan and Chikmagalur.

II TPR for working Teachers

❖ TPR for working Teachers at 1 to 5 LPS and 1 to 7/8 HPS stages

❖ **Lower Primary (1 to 5)**

- The state average TPR is 18.48. 16 districts record an average higher than the state average.
- Highest TPR is recorded in Gulbarga district (30.25)
- Lowest TPR is recorded in Hassan district (12.50)

❖ **Higher Primary schools(1 to 7/8)**

- The state average TPR is 28.51. 15 districts recorded an average higher than the state average.
- District with the Highest TPR in Koppal district (35.37)
- District with the Lowest TPR in Chikmagalur district (18.23)

❖ **Scenario when LPS and HPS are clubbed together**

- The state average TPR being is 25.89, 15 districts record an average TPR higher than the state average.
- Highest TPR is recorded by Koppal district (34.14)
- Lowest TPR is recorded by Chikmagalur district (16.69)
- Following 8 districts appear in both the lists in a tally of TPR of top 10 districts that is having high TPR they are Koppal, Yadagiri, Raichur, Bellary Dharwad, Bagalkot, Chikkodi and Bijapur.
- Likewise, following 9 districts in both the lists across the bottom 10 districts of TPR at total elementary stage are Shimoga, Ramanagara, Kodagu, Uttara Kannada, Bangalore Rural, Tumkur, Chikmagalur and Hassan districts.

PROGRESS OF SCHOOL EDUCATION IN THE STATE

(From 2006 – 07 to 2008 – 09)

Following facts are revealed in a comparison of data of DISE 2007-08 with that of DISE 2008-09.

* **Management wise enrolment in schools.**

- Overall enrolments in the State and in the Department of Education have marginally decreased during the period 2007-08 to 2008-09 at 1st standard, at LPS 1 to 5 HPS 1 to 7/8 and 1 to 10 standards.
- Enrolments at 1st standard have marginally declined – overall in all management except in private unaided schools ; the overall declined being a phenomenon of population deceleration. There is a decrease of 26000 students during the reference period while the enrolment at 1st standard in the State is 11.38 lakhs and it is 7.02 lakhs in the Department of Education. Proportion of enrolment at 1st standard in the Department of Education is 61.69 percent of the total enrolments in the State.
- Enrolments in 1 to 5 lower primary schools has marginally decreased from 55.97 lakhs to 55.43 lakhs.
- Enrolments in 1 to 7 higher primary schools has marginally decreased from 76.67 lakhs to 75.70 lakhs.
- Enrolments at the 8 to 10 high school stage has marginally decreased from 101.45 lakhs to 100.92 lakhs.
- Enrolments have declined at all stages in schools of the Department of Education.
- Enrolments at 6 to 8 standards have marginally appreciated at the Higher Primary Stage under all managements except at the Department of Education. Their appears to be a marginal lateral shift from the schools of the Department of Education towards private unaided and aided schools.
- Proportion of children in 1 to 5 , 6 to 8, 1 to 7 and 1 to 10 stages in the schools of the Department of Education are 64.26, 60.21, 64.68 and 60.05 percent respectively, has a proportion of total enrolments at these stages in the State.

GENDER PARITY IN ENROLMENTS IN SCHOOLS OF THE STATE

- When Gender Parity differentials between 2007-08 and 2008-09 across all levels / stages of schooling in the State are compared, it is observed that the Gender Parity indicator has almost remain stationary between the two years 2007-08 and 2008-09 as the parity figures are 48.26 and 48.27 for the two years respectively. There is no negative and reverse trend can be a sigh of relief, though not of satisfaction.
- Gender Parity has increased in the private unaided schools at all stages and marginally in private aided schools. This trend in contrast to the gender parity record between the years 2006-07 and 2007-08.
- Tables X1 and X2 have to be read together. While the state recorded a decrease of 53000 students in 1 to 10 standards, overall, the decrease in regard to girls enrolment is 25000. The decrease in 1st standard at the State level is 26000, in case of Girls it is 12000. However it is also noted that gender equity is not a perfect uno numero.

Tally of Schools in the State 2007-08 to 2008-09

- There have been increases in number of schools in the state at all levels in the Department of Education. This incidence of increase is 19.87 percent at the high school stage and this is the highest incidence.
- There have been decreases in number of private unaided schools in the state at all levels. This decrease is highest at the lower primary stage, the decrease being 14.11 percent.
- There have been 3.64 percent 10.5 percent increases at LPS and high school stages in private unaided schools. In total, there is an increase of 1.04 percentages of schools in this sector.

- The Department of Education, the Private Aided Schools and the Private Unaided Schools are the major players in the field of education in the State. They are subjected to comparative analysis herein.
Decreases in number of schools are observed under all the managements at the lower primary stage. This is because LPS during 2007-08 might have got upgraded as HPS during 2008-09. Data in case of HPS schools confirm this. Highest gain of 10.30 percent during the year across all stages of schools is recorded by the DoE at the HPS stage.
- The private unaided schools have experienced a decrease at the high school stage, while quite a number of private unaided schools were brought under grant-in-aid during 2008-09.
- Overall the gain in number of schools inclusive of all schools is 1.29 percent 4.17 percent and 0.01 percent respectively across DoE, Aided and Unaided managements.

Source: DISE 2006-07, 2007-08 & 2008-09.

- There were 193600 teachers (sanctioned) in 2007-08 in Department of Education of the state. This figure increased to 200621 during 2008-09, an increase of 7021 posts. Likewise this figure increased from 35732 to 39727 in the state at the high school stage. There were 13264 vacancies of teachers during 2007-08 while it got reduced 11503 during 2008-09. The percentage of gap between sanctioned and working posts got reduced from 6.85 during 2007-08 to 5.73 during 2008-09 even after absorbing 7021 additional posts during 2008-09.
- 1581 additional posts for sanction for private aided schools during 2008-09.

-
- The number of vacant posts of teachers has declined from 16875 during 2007-08 to 16172 during 2008-09 at the elementary stage across DoE, SW+LB and Aided schools.
 - 3995 additional posts of teachers for sanctioned at the high school stage during 2008-09. There was already a gap of 5273 teachers that is the difference between sanctioned posts and working teachers during 2007-08 after fresh recruitment of teachers during 2008-09 by the department of education at the high school stage. The number of vacancies stood at 5794. However the percentage a gap between sanctioned and working teachers at the high school stage, in department of education decreased from 14.76 percent to 14.58 percent even with absorption of 3995 additional sanctions during 2008-09.
 - The government sanctioned 3309 additional teachers to private added schools with this increase and fresh recruitment for added schools the percentage of gap between sanctioned posts and working teachers at the high school stage increase marginally from 12.07 percent during 2007-08 to 14.55 percent during 2008-09.
 - Salary and other allowances from the state treasury was met for 266737 teachers working in government and aided schools during 2008-09. Such expenditures have been met for 230885 teachers during 2007-08. An additional 35852 teachers came under government support during 2008-09.
