 - (c) The commencement of the classes in the second shift and the examinations in the second shift will be held concurrently with the morning shift students in the same programme to keep the same standard of examinations.
 - (d) The Institution may then recruit teachers for the second shift and have them in position two weeks before the commencement of actual classes.
 - (e) The Institution will have to procure more text books for the evening shift students, as maybe required by the GGSIP University.
 9. If the institution is able to satisfy the University regarding the teaching staff being in position, non-teaching staff arrangements having been made and the schedule of classes being approved atleast two weeks before the allotment of students, the students may be allotted during counselling itself.
