## PREFACE

Every year generally during the period preceding, the presentation of the Annual Budget, Planning Commission holds discussions with representatives of State Governments. These discussions are initially held sectorally. Education Division of the Planning Commission has been compiling, during the last few years, analysis of the annual plans of State Governments relating to the Education sector comprising General Education, Technical Education, Art & Culture and Youth Affairs and Sports. Valuable data relating to financial outlays and physical targets in respect of various schemes, including MNP comprising Elementary Education and Adult Education are collected. Every year these data are analysed and circulated for internal use.

The present compilation is in the nature of analysis of the Annual Plan 1990-91. The significance of the year is that it is the first year of the 8th Five Year Plan (1990-95). Therefore, it brings together at one place data relating to physical and financial progress of Education sector for the 7th Plan as a whole (1985-90).

In view of this significance, the compilation is, for the first time, being circulated more widely. It needs to be kept in view that the data are analysed as presented to the Planning Commission at the time of the Annual Plan discussions and no attempt to re-check or reconcile the data has been made owing to limitations of time and manpower. It is hoped, all the same, that the compilation would be of use to the educational planners and administrators.

PLANNING COMMISSION  
(Education Division)

....

A Brief Review of Annual Plan 1990-91

Seventh Five Year Plan:

The Planning Commission approved an outlay of Rs. 6302.61 crores for Education in the Seventh Five Year Plan. During Seventh Plan period particularly from the Annual Plan 1987-88 onwards approved outlay for Education Sector was increased manifold on account of National Policy on Education 1986.

Total outlay allocated for Education Sector (includes Art, culture, sports and Youth Affairs) during Annual Plans of Seventh Plan period is; from 1985-86 to 1989-90 worked out to Rs. 9060.87 crores including Rs. 110.50 crores for development of Educational Programmes in Border Areas in J&K, Rajasthan, Punjab and Gujarat. The anticipated expenditure on Education at the end of Seventh Five Year Plan in 1989-90 was worked out to Rs. 8562.84 crores which registered an increase of 34.16 percent over approved outlay of Rs. 6382.65 crores.

The detailed sub-head wise, yearwise and State-wise outlay and expenditure are given in the enclosed annexures.

Annual Plan 1990-91

Planning Commission approved an outlay of Rs. 2573.54 crores including Rs. 55 crores for Border Area Development for Annual Plan 1990-91 against approved outlay of Rs. 2580.87 crores for Annual Plan 1989-90.

Emphasis continued to be given Elementary and Adult Education as part of minimum needs programme. An outlay of Rs. 994.27 crores has been earmarked for these two programmes.

The earmarked outlay of MNP worked out to 39.48 percent in the total approved outlay for 1990-91.

The detailed breakup of approved outlay for 1990-91 is given in the enclosed annexures.

Physical Targets:

1. The additional enrolment target for Seventh Plan was 255.25 lakhs for classes I-VIII, the age-group 6-14 years (105.94 lakhs for classes I-V and 149.31 lakhs for classes VI-VIII). The likely achievement for classes I-VIII during Seventh Plan is of the order of 249.40 lakhs which indicates a shortfall of 5.85 lakh additional enrolment coverage. Thus there has been overall 97.7 percent achievement of targets. Shortfalls were observed in the States of Assam,

Goa, Karnataka, Kerala, Manipur, Orissa, U.P. and West Bengal. For Kerala, the reason of underachievement appears to be the saturation level reached by the state in universalisation of elementary education. Some of the States which show overachievement are Andhra Pradesh, Bihar, Gujarat, Himachal Pradesh, Maharashtra, Punjab, Rajasthan & Tamil Nadu.

2. An examination of Targets vis-a-vis achievements separately for classes I-V & classes VI-VIII reveals that on one hand there has been an overall overachievement of target for classes I-V while on the other hand, for classes VI-VIII there has been an underachievement of targets.

(i) For classes I-V, the likely achievement of additional enrolment is of the order of 151.80 lakhs. This is 43 per cent more than the target of 105.94 lakhs. The States which account significantly for this overachievement are: Andhra Pradesh, Bihar, Gujarat, Haryana, Jammu & Kashmir, Madhya Pradesh, Maharashtra, Manipur, Punjab, Rajasthan and Tamil Nadu. States which show underachievement are Assam, Goa, Karnataka, Kerala, Manipur, Orissa and Uttar Pradesh.

(ii) For Classes VI-VIII, against additional target of 149.31 lakh children, the likely achievement has been of the order of 97.59 lakhs additional children. This indicates 34.6 per cent underachievement. The States which show significant underachievement are Andhra Pradesh, Assam, Bihar, Gujarat, Kerala, Madhya Pradesh, Maharashtra, Orissa, Punjab, Rajasthan, Tamil Nadu, Uttar Pradesh, and West Bengal. Overachievement at this level has been revealed by Arunachal Pradesh, Himachal Pradesh, Jammu & Kashmir, Karnataka and Nagaland.

3. For classes I-VIII, by the end of Seventh Plan, the total likely position under the programme of universalisation of Elementary education is of the order of 1367.96 lakhs. The coverage at primary stage would be 104.95 per cent and at middle stage 60.60 per cent by 1989-90.

4. The targets for the Eighth Five Year Plan have not so far been fixed. However for Annual Plan 1990-91, additional target of enrolment has been fixed at 57.73 lakhs for classes I-VIII (ie 32.55 lakhs for classes I-V and 25.18 lakh for classes VI-VIII).

#### Adult Education:

5. No physical targets were fixed for the programme of adult education. It was however expected that 300 lakh adult illiterates would be covered during the course of

.....

Seventh Five Year Plan. A total of yearwise targets fixed vis-a-vis the achievements during Seventh Plan are:

(figures in lakhs)

	Seventh Plan Target	Achievements		Likely Achievement	Total Seventh Plan Achievement
		1985-88	1988-89		
Adult Education	432.11	237.86	89.44	103.33	430.63

6. For Annual Plan 1990-91, a target of covering 126.58 lakh adult illiterates in the age-group 15-35 was fixed at the time of Working Group discussions held to finalise Annual Plan 1990-91.
