# 1. Introduction

## 1.1 NAAC at a Glance

As an outcome of the ideas contained in the National Policy on Education (NPE), 1986 and Programme of Action (POA), 1992, the National Assessment and Accreditation Council (NAAC) was established on 16<sup>th</sup> September 1994 as a positive thrust in the direction of quality enhancement of the Indian Higher Educational Institutions (HEIs). Over these years, the NAAC has almost become synonymous with quality in higher education in India. NAAC has reached its stakeholders in one way or the other, either directly or indirectly. 'Quality' has become the buzzword on the academic campuses of Higher Education Institutions today and it is a matter of great satisfaction for those visionaries who made space for NAAC, worked day-in and day-out to realize the vision with which NAAC was established. It is not only the time for euphoria for all the people connected with NAAC in one way or the other but also it is time for continuous introspection and serious engagements to improvise.

NAAC has made significant strides in quality assurance in higher education. With the mandatory accreditation regulations of UGC, NAAC is gearing to scale up assessment and accreditation of a gamut of Higher Education Institutions (HEIs). This is really an uphill task. To undertake assessment and accreditation of such huge numbers, NAAC has so far initiated the process for establishing regional centers and strengthening its human resources. On the technology front, NAAC has plans to deploy the latest technology and introduce end to end online processes starting from submission of Letter of Intent (LOI) to Self -study Report (SSR). As a step moving towards online assessment and accreditation process, NAAC has already introduced LOI and IEQA processes online and efforts are on to make it more robust and user friendly.

Ever since accreditation has been made mandatory by UGC in 2013, the whole accreditation scenario in the country is changed and NAAC is geared up to face various challenges in taking up the task. NAAC has been receiving applications requests from HEIs for Assessment and Accreditation (A&A) throughout the year. Keeping in mind the requirements to meet the challenges, subsequent to mandatory accreditation by UGC notification, NAAC has established Central Application Processing Unit (CAPU) with effect from 16<sup>th</sup> September 2014, the Foundation Day of NAAC in order to

streamline the process of applications of Assessment and subsequent activities with the following objectives:

- Single point access for institution to submit LOI, IEQA and AQAR
- Dedicated Help Desk to cater to queries related to LOI/IEQA/AQAR and trouble Shooting
- Specified schedule for speedy clearance of LOI, IEQA, SSR applications received by NAAC.
- Increased transparency and uniformity in processing Assessment and Accreditation applications.

This initiative has not only helped NAAC to process the applications within a given timeframe but also helped the institution plan for the processes at their end, meet the requirement of Statutory Regulatory Authorities (SRA) and benefit from the assessment and accreditation process.

Besides such concerns of managing the assessment and accreditation process there are certain other challenges and issues which need the focussed attention of NAAC in near future. Efforts are on to make our processes more research-based and evidence-based. NAAC has substantially upgraded the parameters for assessment and accreditation of the colleges and universities. The Internal Quality Assurance Cells (IQAC) has been promoted in a big way by UGC coming forward to fund institutions for establishing the IQAC and institutionalising the concept. NAAC would like to see IQACs act as a repository of institutional data that can be easily accessed by stake holders.

Further to ensure transparency and accountability, institutions are being mandated to host the Annual Quality Assurance Reports (AQAR) and SSRs on their respective websites. This will not only help stakeholders' access institutional progress and data but also help in making informed decisions and question any fraudulent reporting. To identify constraints and focus on operational issues ahead, we are also developing our contingency plans in close coordination with bodies like UGC, MHRD, State governments and other regulatory authorities. This will ensure that there is no overlap or gap in our service provision. NAAC believes that having a common understanding of challenges, organisational requirements and each other's capacities would facilitate better coherence, coordination and professionalization of the whole process of quality assurance.

To re-imagine a future in which the Assessment and Accreditation of NAAC can make a stronger contribution to the development and quality enhancement of the universities and HEIs, we have had consultations with educationists from India and abroad and initiated several reforms.

As the country's premier accreditation body and one of the most experienced and recognized quality assurance body internationally, NAAC is always in forefront of undertaking various reforms in accreditation process. Some of the recent initiatives are highlighted below:

- Introduction of fully online Institutional Eligibility for Quality Assessment (IEQA) system for affiliated colleges.
- Provision of uploading of SSRs of HEIs on institutional website before submitting to NAAC, in addition to uploading of accreditation outcomes on NAAC's website.
- Introduction of Central Application Processing Unit (CAPU) a dedicated helpdesk for institutions.
- Introduction of quantitative assessment indicators as additional tool for qualitative evaluation of universities.
- Introduction of new concepts like Learning Outcomes, Institutional Social Responsibility and Environmental Consciousness as part of evaluation framework.

**Besides above, efforts are being made on the following aspects of Assessment and Accreditation:**

- Research and development in higher education using the large data resource available with NAAC - quantitative and qualitative-SSRs, peer team reports and grade sheets
- Benchmarking and development of standards for HEIs
- Complete automation of A&A process.
- Expanding and reviewing the collegiums of Assessors

Any successful transformational process requires that the staff are actively engaged in the conceptualisation of the change and of ensuring implementation process. Attempts would be to rationalise the structures and operating model around outcomes. As we bring in various changes in NAAC, it is also required that there is a clarification of roles and responsibilities within and beyond NAAC, with linked capacity building in the field. This means that the whole approach now becomes the “topdown” and “bottomup”.

All these will be affected through policy frameworks as well as capacity building of people at various levels. The internal and external challenges and the ongoing reform both Nationally and Internationally and the resultant change makes it necessary for NAAC to be clear, visible and consistent about the purpose and its vision. There are many initiatives NAAC would like to work on to bring direct improvement in the quality of our HEIs and the delivery of services by NAAC. Initial efforts will however be towards framing and adapting cohesive and coherent policies, frameworks, mechanisms and systems.

NAAC has made a tremendous impact on HEIs which is evident from the number of quality assurance seminars and workshops that have been conducted in the year 2015-2016 in order to achieve its objectives. Hitherto, the NAAC has conducted awareness programs in almost all States and this has triggered many regional level and district level activities.

The success of NAAC is measured by the number of accreditations (Colleges 8853 and Universities 413). During present year 2015-16, 100 Universities and 1185 Colleges were accredited by NAAC.

The process of accreditation has created a tremendous momentum among the academia on issues pertaining to quality and this has largely been due to the partnership between NAAC and the State Governments. As per the guidelines and suggestions of NAAC, almost all the States, have established State Level Quality Assurance Cells (QACs) and State Level Quality Assurance Coordination Committees (SLQACCs) at the State Level. In case of National Capital Territory and 6 Union Territories i.e., NCT of Delhi, Andaman and Nicobar Islands, Chandigarh, Dadra and Nagar Haveli, Daman and Diu, Lakshadweep, and Pondicherry, the colleges are minimal, hence the Directorate/Commissionerate of Higher Education of the respective UTs take the role of QACs. NAAC has sponsored and participated in many seminars, conferences and workshops in order to achieve its mandate.

NAAC has undertaken “National Quality Renaissance Initiative (NQRI)” project under Rashtriya Uchchar Shiksha Abhiyan (RUSA). MHRD has sanctioned Rs. 17 crores to NQRI. The major features of the NQRI are (i) Awareness building, popularisation and promotion of Quality Assurance Mentoring Higher Education Institutions, (ii) Building Collegium of Assessors and (iii) Quality Sustenance and Enhancement Initiatives.

NAAC is a founder member of the International Network for Quality Assurance Agencies in Higher Education (INQAAHE) and a member of Asia-Pacific Quality Network (APQN).

### 3.1 Introduction

The prime agenda of NAAC is to assess and accredit Institutions of Higher Learning. The number of institutions assessed and accredited by NAAC for the year 2015-16 is furnished below (Annexure 7.4).

#### Number of Institutions Accredited by NAAC during 2015-16

First Cycle / Second Cycle / Third Cycle	Universities	Colleges	Total
Cycle I	59	493	552
Cycle II	33	591	624
Cycle III	08	101	109
<b>Total</b>	<b>100</b>	<b>1185</b>	<b>1285</b>

A total of **1285** Higher Education Institutions (**1185** Colleges and **100** Universities) were assessed and accredited during the reported period. Thus, bringing the total to **6241** Colleges and **255** Universities accredited by NAAC till 31<sup>st</sup> March 2016 (**130** Universities and **2394** Colleges for **Cycle-II**; and **28** Universities and **218** Colleges for **Cycle III**); **Total number** of accreditation done by NAAC as on 31<sup>st</sup> March 2016 is **8853 Colleges and 413 Universities**.

Assessment and Accreditation are key instruments in realizing the core objectives of NAAC. NAAC academic activities may be viewed at two levels, one is the Awareness programmes on Assessment and Accreditation and the other is the Post Accreditation Programmes. The awareness / promotional programmes explain the policy, direction and guidelines of MHRD, UGC and NAAC for the process of Assessment and Accreditation. The post accreditation programmes on quality sustenance and quality enhancement are by means of sharing of Best Practices and preparing an Annual Quality Assurance Report (AQAR) by the functional Internal Quality Assurance Cell (IQAC) in each accredited College and University. From the XI plan onwards NAAC propagates creation and establishment of IQAC in all HEIs, especially for those HEIs who volunteers to the process of A&A.

A programme or an activity may be a seminar, conference, workshop, symposium at the local, university, state, regional, national or international level are organized by NAAC in collaboration with the State Governments, QACs, UGC-Academic Staff Colleges, Universities, or Colleges. Some of the activities are conducted by NAAC at the Headquarters itself. In addition to this, NAAC also sponsor's many academic activities in the form of seminars, workshops, conferences, etc to accredited Higher Education Institutions (HEIs). Either a NAAC staff or NAAC representative is present as a resource person in most of the programmes across the country. NAAC also constantly reviews its mechanisms, procedures and methodology. In addition, NAAC brings out quality publications in collaboration with International agencies, research projects funded by external agencies and NAAC academic staff participate in these activities.

To support the above such programmes and meet the financial requirements, NAAC receives grants from UGC.

#### **(ii) Building Collegium of Assessors**

NAAC believes that the quality of the assessment depends on the quality of the assessors. It is necessary to have acquaintance with the Assessment and Accreditation (A&A) process and the

methodology of NAAC evaluation, to enable the empanelled assessors to work effectively. NAAC draws its expertise from senior academics of from all over India. NAAC is expanding its Collegium of Assessors and continuously empanelling the best experts in Higher Education including experts from premier institutions such as IITs, IIMs, NITs, AIIMS, IISc, IISERs etc. and members of different academies. NAAC regularly organizes Assessors Interaction Meetings (AIM) for new assessors.

The AIM is aimed at providing an insight to the NAAC methodology and to experience the process in simulation. AIM is also an opportunity to get feedback from academicians, which helps NAAC in further fine-tuning the process of A&A.

During the period 2015-2016, NAAC has organised AIMs (kindly see section 3.2). The Assessors include present and past Vice-Chancellors, Directors of National Institutes, Deans and Professors from Universities, Principals of Colleges. During the period 2015 - 2016, NAAC has added around 500 Assessors in the Collegium, thus making a total of around 2000.

48 senior academicians and Heads of Higher Education Institutions from 24 states were oriented on the quality assurance processes in general and NAAC process in particular. **The total amount spent is around Rs. 12,00,000/- towards AIM programme.**

This helps in reaching out to HEIs and wider acceptance of the methodology. The methodology of NAAC has stood the test of time for last 22 years, mainly because it has remained dynamic and responsive to the stakeholder feedback.

With quality being the constant mantra of NAAC, institutions are assessed and accredited on the basis of certain criteria. The assessment and accreditation methodology is transparent during the entire quality assurance process.

University Grants Commission vide its Mandatory Assessment and Accreditation of Higher Education Institutions Regulations, 2012 (Gazette notification dated 10<sup>th</sup> January 2013), has made accreditation mandatory for all HEIs other than the technical educational institutions including those technical institution declared by notification under section 3 of the UGC Act to be Deemed to be Universities. drive to NAAC immediately after the completion of the Peer Team visit and it need to upload in institutions website immediately after the Visit.

It will further strengthen the process of Assessment and Accreditation and systematic. Institutional submission of Self-study Reports in digital format will help to analyse and also report generation. The huge quantity of data on higher education will help the research activities at NAAC.
3. NAAC has so far trained around 1,442 assessors under various Assessors' Interaction Meetings (from September 2007 to March 2015, 32 programmes). At present, NAAC is severely understaffed and there has been increase in workload. To address this issue, UGC has approved 25 new positions to NAAC under XII plan allocation. The recruitment process will be completed during 2017. NAAC plans to establish its Regional Offices at different places of India, catering to

the needs of all regions of the country with suitable infrastructure, human resource and support systems. NAAC is planning to revise grading system in the month July 2016.
