## PREFACE

AICTE was established as an advisory body in 1945, and subsequently as a statutory body by an Act of Parliament in 1987. Since then it has been striving to improve technical education in India.

AICTE started e-governance and on line submission of application for the approval of institutions across the nation. To further its progress, it also implemented online submissions for variations in sanctioned intake, extension of approval of existing institutions and closure of institutions, system of approval and so on. Transparency, efficiency and promptness in administration are the fruitful outcome of the e-governance.

The transformation was from a mere transaction level to a perfect process driven system based on rules and also subject to scrutiny and RTI compliant. The system is effortless, scalable, retrievable, secure and robust. It has earned the credibility and trust. This web based system is secured being utilized not only for various online applications and approvals but also the subsequent 'follow up' of the applications by the applicants. This system has furnished a reporting and analytical tool for AICTE. By notifications automated through email and online grievance redressal mechanism were provided, this has further enhanced the stake holders confidence.

To foster the cause of transparency and accountability with its stake holders, AICTE is also currently implementing the workflow, accounts, electronic record, digitalization of records, security systems, and legal case tracking of applications; mail servicing and video conferencing across the regions of India.

Towards augmenting the quality and standards of technical education, the council equipped its faculty development programmes under various schemes such as Quality Improvement Programme, Career Award for young teachers, Emeritus Fellowship, Seminar Grant, Travel grant, Staff Development Programme, National Doctoral Fellowship, AICTE-INAE Distinguished Visiting Professorship and so on. The council also implemented Research and Institutional Development schemes such as MODROBS, Research Promotion Scheme etc AICTE – INAE Distinguished Visiting Professorship (DVP), Research Park (RP), Innovation Promotion Scheme (TPS), AICTE – INAE –TRF (Teacher Research Fellowship). Employability Enhancement Training Programme (EETP) and Hostel for SC/ST Students for providing enhanced facilities and improved quality of technical education.

AICTE has also started schemes such as SAKSHAM, PRAGATHI, SAMVAY and KYC for the Community of students for their betterment. AICTE has also laid emphasis on skill development by funding community college scheme.

AICTE conducted Common Management Admission Test (CMAT) and Graduate Pharmacy Aptitude Test (GPAT) to reduce the burden of students in attending to multiple examinations.

AICTE has focused on quality by way of making NBA accreditation mandatory for expansion of capacity. With these changes, AICTE is forging ahead to provide excellence in technical education.

## 1.1 PREAMBLE

All India Council for Technical Education (AICTE) was set-up in November 1945 as a national level Apex Advisory Body to conduct survey on the facilities on technical education and to promote development in the country in a coordinated and integrated manner.

The Government of India (Ministry of Human Resource Development) constituted a National Working Group to look into the role of AICTE in the context of proliferation of technical institutions, maintenance of standards and other related matters. The Working Group recommended that AICTE be vested with the necessary statutory authority for making it more effective, which would consequently require restructuring and strengthening with necessary infrastructure and operating mechanisms.

Pursuant to the above recommendations of the National Working Group, the AICTE Bill was introduced in both the Houses of Parliament and passed as the AICTE Act No. 52 of 1987. ### **3.6 COMMON MANAGEMENT ADMISSION TEST (CMAT)-2014-15**

National level online Common Management Admission Test (CMAT) was launched by AICTE in 2012 with an objective to lessen the burden of students attending multiple examinations. The initiative was taken to redress the issues of physical, mental and financial stress imposed on students by taking multiple entrance examinations conducted by various Institutes and State Governments across the country. This test has facilitated the Institutions to select meritorious students for joining Post Graduate Management Programmes and Diploma level courses in all AICTE approved Institutions/University Departments.

As a policy decision, AICTE conducts CMAT twice in a year with first test in the month of September/October and the second Test in the month of February every year. The aspiring students can appear in both the tests and better of the two scores are considered for admission in the Management Programmes.

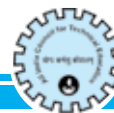

For academic year 2014-15, the first test was conducted for a period of five days from 26<sup>th</sup> September, 2013 to 30<sup>th</sup> September, 2013 in which a total number of 70659 students got registered and paid the fees for CMAT examination. However, out of this only 64534 candidates actually appeared in the test which was conducted in 61 cities across the country. The results were declared on 20<sup>th</sup> October, 2013. The second test was conducted from 20<sup>th</sup> February to 24<sup>th</sup> February 2014. A total number of 102688 students got registered for the test and paid the fees for CMAT examination. However, out of this, only 88942 candidates actually appeared for the test which was conducted in 62 cities for a period of five days across the country. ### 3.8 DEEMED-TO-BE /DENOVO DEEMED-TO-BE-/ PRIVATE UNIVERSITIES

Universities including Private universities established by the State Legislations do not require prior approval from AICTE for starting faculties/courses. However, universities, deemed universities including the universities established by the State Legislature imparting technical education are required to comply with the norms and standards prescribed by AICTE from time to time.

In pursuance of the UGC letters for conferment of deemed to be university status to the institutions in the light of Ministry of Human Resources Development notification no. F. No. 2-1/2006U.3 (A), dated 5th April 2006 and as per provisions contained in Section 20(1) of the AICTE Act, a visiting team was sent by AICTE for on the spot assessment of these institutions. As per directives of the MHRD letter "AICTE will nominate a representative on the inspection committee of UGC; the person so nominated by the AICTE may; in addition, Head a team of the AICTE on the same day and such other person would not be part of the UGCs team but merely to assist the nominee of the AICTE on the UGC committee. The nominee of the AICTE on the UGC committee could give his or her report to the Chairman AICTE in the Performa prescribed by the AICTE and also on any additional point required by the UGC; which should then be forwarded by the AICTE to the UGC. UGCs Committee would incorporate the comments of the AICTE in its report before the Commission so that the Commission could take appropriate decision in the matter before making any recommendation to the MHRD. It has been felt that the above arrangement would serve the purpose of a de facto joint inspection while at the same time satisfying the requirements of the AICTE act regarding its own inspection. Such an arrangement would also ensure that the comments of the AICTE's nominee reflect adequately the comments of the Council and are not merely the individual perceptions of the nominee. This would also satisfy the directions given vide this Ministry's orders of the 5th April, 2006, wherein consultation with statutory Councils has been mandated before the UGC forwards its recommendations to the Central Government"

In view of the above direction of MHRD and on the request of UGC during the year 2014-15, AICTE has nominated a representative to be part of the UGC team along with a panel of Experts to assist the AICTE nominee

to assess the physical and academic infrastructure for conferment of Deemed-to-be /Denovo Deemed-to-be-/ Private Universities status and for reviewing the physical and academic infrastructure and performance of the existing Deemed/ Private Universities.
