Rajasthan, Jaipur-302 005**

With Compliments from:

DAMODAR PRASAD KANUNGO

Director,
Economics & Statistics Rajasthan,
Jaipur.

PREFACE

The publication "Some Facts About Rajasthan, 1996" is the sixteenth issue in the series being brought out annually by the Directorate of Economics & Statistics, Rajasthan. It provides information on different sectors of the economy of the state relating to important items.

The data presented in the publication mostly relate to the year 1995-96 but in some cases, where data of 1995-96 is not available, information for latest available year has been given.

It is hoped that this publication will be of immense use to the Government departments, other organisations, research scholars and others.

Suggestions for improvement in scope and content of this publication are welcome.

दामोदर प्रसाद कानुंगो.

(Damodar Prasad Kanungo)

19.0 EXPLANATORY NOTES

Agriculture:

An Operational holding has been defined as "All land used" Wholly or Partly for agricultural production and operated as one technical unit by one person alone or group of persons without regard to title, legal farm size or location

Land Utilisation:

Broadly it indicates the ways in which the Land of the State is utilised. The classification of area was formerly available under five cases which has been simplified to fall, in line with standard classification as laid down by the Ministry of Food and Agriculture, Government of India.

Net Area sown more than once and total cropped area:

In computing the net area sown, area sown more than once have been counted only once & under the head "area sown more than once", area sown with two or more than two crops in the same year counted as many times as the crop is sown. Total cropped area is the total of net area sown and area sown more than once.

Area and Production of Crops:

The Area figures are compiled by the Board of Revenue (land Records), Rajasthan for the agricultural statistical returns prepared by the revenue staff. While the production figures for the state as a whole are estimated on the basis of crop cutting experiments results for Bajra, Maize, Wheat, Barley, Gram, Linseed, Sesamum, Rape and Mustard and Cotton. For other crops it is calculated on the basis of average normal yield of past 10 years.

Agricultural implements and Machinery:

The figures relating to Agricultural Implements and Machinery in actual use for 1988 and 1992 are based on quinquennial livestock census. The data is supplied by the Board of Revenue (land Records) Rajasthan.

Net Irrigated Area:

The area irrigated from different sources represents the net irrigated area. If two or more crops are irrigated in the same year from the same sources the area is counted only once.

Gross irrigated Area:

Total area irrigated under different crops represents the gross irrigated area and includes area irrigated under more than one crop during the year. Area irrigated

more than once in a single harvest is counted only once.

The data on irrigation by sources and crops is compiled by the Board of Revenue (Land Records), Rajasthan from the data contained in the Annual Agricultural Statistical Returns prepared by the revenue staff.

Live Stock:

The data given on livestock and poultry are based on quinquennial live stock census 1988 and 1992.

Co-operative Society:

A Co-operative society means the society which has been registered under the Rajasthan Co-operative Societies Act, 1953.

Share Capital

It denotes the paid up amount.

Working Capital:

It includes share capital, deposits, borrowing of banks shares and reserves.

The data relates to the co-operative year ending 30th June of every year as supplied by the Registrar Co-operative Societies, Rajasthan.

Trade Unions:

It relates to trade unions registered and cancelled under the Trade Unions Act, 1926.

Industrial disputes:

Industrial disputes relate to strikes and lockouts

resulting in stoppage of work involving ten or more workers in all sectors of employment including factories, transport, municipal services etc. Sympathetic strikes and certain other types of stoppages which do not come under the definition of industrial disputes as laid down in the Industrial Disputes Act. 1947 are not covered.

Employment Exchange:

The nature of work under-taken by employment exchanges consists of people who are seeking employment and securing employment for them. The data is supplied by the Directorate of Employment Rajasthan.

Power:

The data on generation and consumption of electricity relates to both private and public undertakings in the state and excludes military, factory and Railway power station. Electricity generated covers the total power generation in the state through steam/gas and diesel. Electricity purchased covers both from non-electric utilities and Hydel power from adjoining states. The data is obtained from Rajasthan State Electricity Board.

Roads:

The data relates to the roads maintained by public Works Department only and does not include roads maintained by local bodies and others. This however

includes national highways though they are under direct control of the C.P.W.D. Government of India.

Communication:

The data on communication has been supplied by Master General, Post and Telegraphs, Rajasthan Circle.

Education:

The data on education statistics supplied by the Director Primary & Secondary Education, Rajasthan who in turn collects data from the educational institutions of all standards.

A literate person has been defined as one who can read and write both while an educated person can not only read and write but has also passed a written examination or examinations as proof of education standard obtained.

Government Medical Institutions:

The distinction between a hospital and dispensary has been made on the basis of provision of inpatient beds. A Hospital has beds where as a dispensary has none.

The primary Health Centre is a composite institution providing facilities of in-door and out door treatment, maternity and preventive health care.
