PREFACE

The publication "Some Facts About Rajasthan, 1998" is the Eighteenth issue in the series being brought out annually by the Directorate of Economics & Statistics, Rajasthan. It has been divided in two parts. Part I contains information of different sectors of the economy of the State and Part II contains information about characteristics of population and population projection upto 2011.

The data presented in the publication mostly relate to the year 1997-98 but in some cases, where data of 1997-98 is not available, information for latest available year has been given.

It is hoped that this publication will be of immense use to the Government departments, other organisations, research scholars and others.

Suggestions for improvement in scope and content of this publication are welcome.
