## INTRODUCTION

This Publication "Statistical Abstract 1984" is the twenty seventh issue in the series being brought out annually by the Directorate of Economics & Statistics, Rajasthan. It provides information on different sectors of the State's economy with break-ups in regard to space, time and important characteristics.

The data presented in this publication relates to the calendar year 1984 or the Financial/Agriculture/Co-operative year 1983-84 except where otherwise indicated.

Each table contains data series of the state for the last 5 years with district-wise break-up for the latest year.

Each section starts with a brief note describing the concepts, definitions used, scope and coverage of data contained in that particular section. The source from where the information has been obtained is also indicated at the bottom of each table.

This time the contents of the subjects covered have been re-arranged as per recommendations of the Sixth Conference of Central and State Statistical Organisations.

I acknowledge my thanks to various departments of Central Government, State Government and other organisations for their generous co-operation in supplying data for this publication.

Suggestions for improving the coverage and presentation of information in future are welcome.

(N. K. BHATNAGAR)

Director of Economics & Statistics,  
Rajasthan, Jaipur.

JAIPUR,  
August, 1987.

**OFFICERS/OFFICIALS ASSOCIATED WITH THIS PUBLICATION**

## THE METRIC SYSTEM

### A. WEIGHTS & MEASURES

#### WEIGHTS:

1 Grain	0.065 Grams (g)
1 Ounce	28.350 Grams (g)
1 Pound	0.4535924 Kilograms (Kg.)
1 Stone	6.350 Kilograms (Kg.)
1 Cwt	50.802 Kilograms (Kg.)
1 Ton	1016.05 Kilograms or 1.016 Metric tonne
1 Tola	11.664 Grams (Kg.)
1 Chhattank	58.32 Grams(g)
1 Seer	0.93310 Kilogram (Kg.)
1 Maund	37.3242 Kilograms (Kg.)
100 Kilograms	1 Quintal (q)
10 Quintals	1 Tonne (t)

#### LENGTH AND CAPACITY :

1 Inch	0.0254 Metre (m)
1 Foot	0.3043 Metre (m)
1 Yard	0.9144 Metre (m)
1 Mile	1.609344 Kilometres (Km.)
1 Imperial gallon	4.54596 Litres (l)

#### AREA :

1 Acre	0.404686 Hectare (ha.)
1 Sq. mile	2.58999 Square Kilometres (Sq. km.)

---

## THE METRIC SYSTEM

## B. UNITS FOR WHOLESALE TRANSACTION OF COMMODITIES

Commodity	Metric Unit
1. <b>Gold:</b>	Gram (g)
2. (i) Grocery (Cardamoms pickles and Jams & dry mangoes) (ii) Confectionery (Biscuits & Sweetmeats) (iii) Textile and textile Fibre (Cotton yarn damaged and second cloth feats, rags Chindies etc.) raw silk rayon, silk yarn raw wool & wool manufactures (when sold by weight) (iv) Paints and Chemicals (Paint if sold by weight indigo & liquid chlorine) (v) Hides, Skin and Leather (Raw hides and skins) (vi) Metals (Silver aluminium sheet, scrips and circles copper and brass wires and utensils) (vii) Miscellaneous (Tea, meat camphor tabts, senna, leaves and mica)	
3. (i) Grains and Fluses (Rice, Wheat, bajra, Jowar, arhar, moong, masur & gram) (ii) Spices (Black pepper, mustard chillies cloves, dhania, delchini, Methi, turmeric, betel, nuts & dry ginger) (iii) Plantation Products (Coffee, rubber, cashewnuts, cashew, kernels, tobacco) raw and manufactured. (iv) Forest Products (Lac and lac products, gum, benjamin and gum arabic, myrobalans) (v) Textile and textile Fibres, (Raw cotton, raw jute, raw hemp & coir year) (vi) Oil, Oilseeds and Oilcakes (Vegetable, Oils like groundnut, linseed, castor, gingelly, mustard, coconut etc oilseeds like groundnut, gingelly rapeseed, copra etc. groundnut cake, castor cake, sesamum cake & coconut cake) (vii) Miscellaneous (Sugarcane, vegetable, tamarind & garlic) (viii) Non-Ferrous Metals Aluminium ingots, bars, block, slabs & billets) (ix) Lead (Ingots sheets and strips) (x) Copper (Ingots, blooms, slabs, cakes, tiles, bricks billets, bisterbars and wirebars rods, sections and pipes sheets and strips & circles) (xi) Brass (Ingots, rods, section pipes, sheets & strips & circles) (xii) Zinc (Ingots sheets & strips) (xiii) Tin (Blocks) (xiv) Chemicals (caustic soda, bleaching powder, glycerine, soaps, paper and salt) (xv) Other (Sugar, gu., ice & fish etc.)	Kilogram (Kg)
4. (i) Minerals (Iron ore, maganese ore, bauxite & coal) (ii) Iron and Steel (Pig-iron and steel manufactures) semi (billets for re-rolling etc.)	Quintal (q) (100 kg.) Metric tonne (100 kg.)
5. Cotton cloth (Mill and handloom) silk and rayon manufactures Woollen cloth	Metric (m) Square metre (m <sup>2</sup> ) Cubic metre (m <sup>3</sup> )
6. Jutecarpets, coir mates and mattings and sheet glass etc.	
7. Timber	
8.. Paints (when sold by measures) spirits	Litre (l)

## C. UNITS FOR RETAIL TRANSACTION OF COMMODITIES

Commodity	Metric Units
(i) Foodgrains, Pulses and Spices, vanaspati Oils, Gnee Fruits, Vegetables, Meat, Fish and Sweets, Tea, Coffee, Sugar, Salt & Bread etc. (ii) Vanaspati Oil, Milk (When sold by measures) etc. (iii) Cotton cloth, woollen cloth etc. (iv) Packed Materials	Kilogram (Kg.) Litre (L) Metre (m) Preferably size corresponding to commercial Weights and Measures prescribed.

## 1.1 RAJASTHAN AT A GLANCE

Item	Year	Unit	Particulars
1	2	3	4
Population (Census)	1981	No. in Lakh	343
Cities and Towns	1981	Number	201

## P. Provisional

(o) In absence of data for 1978-79, Latest available information has been shown.

(v) Below 500 hect.

(x) Relates to total area under fore cast crops.

(k) Estimated in relation to total area under forecast crops.

(m) Adjusted.

(y) Relates to conventional Contraceptive Users and oral Pill users from 1975-76 on wards.

(z) and (a) Based on 1971 Census.

(c) Includes area under unlawful occupation of Pakistan Chaianna.

(4) Projected Population for 1981.

(h) The Population figures exclude Population of areas under unlawful occupation of Pakistan and China, where census could not be taken

(a) Less than 500 Tonnies.

(2) Relates to Public utilities only.

(E) Included DVC's Sales to ultimate consumers.

### ENVIRONMENT STATISTICS

Temperature—Observations of temperature of air in shed are recorded at most of the observatories twice a day, at 08.30 and 7.30 hours IST. For this purpose thermometers are installed at a height of 4 feet above the ground in Stevenson screens which provide free access to the air but at the same time protect the thermometers from direct rays of the sun.

Humidity—Relative humidity is the measure of water vapours present in the atmosphere relative to the corresponding amount for saturation. It is recorded at the principal observatories by standard record at 08.30 and 17.30 hours IST.

The temperature and humidity data has been compiled from the daily bulletin issued by the Meteorological Department Government of India.

Rain fall—Actual rain fall is recorded at the stations at 08.30 hour IST every day. The amount measured gives the rain fall of the previous 24 hours and the data is tabulated by the Board of Revenue (Land Records), Rajasthan.

Normal annual rain fall is the average of rain fall data for the fifty years ending in 1950.

### VITAL STATISTICS

1. *Registered deaths by Causes.*—The data are based on the reports received from the District Statistical Officers of the Directorate of Economics & Statistics, Rajasthan. Cent percent cases of deaths occurring in urban areas not reported to the municipalities of the State. Consequently there is under-registration to this extent.

2. *Registered birth and death rates and infant and maternal mortality rates.*—The birth and death rates relate to towns having population of 30,000 and above. The rates have been worked out per 1000 of population. In case of infant and maternal mortality rates the registration area is changing from year to year and as such the actual number of towns under registration area for each year has been given. The infant mortality and maternal and mortality rates were calculated on 1000 live births and 1000 total births (including still births) respectively. There has been under-registration to a certain extent in these rates.

## HOUSING

In Rajasthan four main types of Housing Schemes viz. (i) Low Income Group Housing (ii) Middle Income Group Housing (iii) Subsidised Industrial Housing and (iv) Urban Housing are in operation. Of these, Information relating to first three categories are presented in Table No. 19.1.

*Low Income Group Housing*—This is a plan scheme and is controlled by the Local Self Government Department (now known as Town Planning Department), Government of Rajasthan under this scheme, loans up to Rs. 10,000/- are disbursed by the District Collectors to the persons having an annual income up to Rs. 5,000/- for the construction of residential buildings. The loanee has to contribute at least 20 percent of the cost of construction. This scheme is in operation at all the district head-quarters.

*Middle Income Group Housing*—This is also a plan scheme and is also controlled by the Local Self Government Department (now known as Town Planning Department), Government of Rajasthan. Under this scheme; loans up to Rs. 20,000/- are disbursed by the District Collectors to the persons having an annual income between Rs. 6,000/- to Rs. 15,000/- for the construction of residential buildings.

*Subsidised Industrial Housing*—This is a plan scheme for the benefit of industrial workers and is being controlled by the Labour Commissioner, Rajasthan and executed by the Public Works Department (Buildings & Roads), Rajasthan.

## 5.1 HOUSING

## EDUCATION

This section presents data on education statistics supplied by the Director of Primary and Secondary Education, Rajasthan, who in turn collects it from the educational institutions of all standards for submission to the Ministry of Education, Government of India.

*Literate and educated Persons*—A Literate person has been defined as one who can both read and write while an educated person can not only read and write but has also passed a written examination as proof of educational standard attained.

Schools/Colleges of Agriculture, Commerce, Engineering, Law, Medicine, Physical Education, Teacher's Training, Veterinary Science etc. come under professional Education while those for Music, Dancing, Fine arts, Oriental Studies, Social education etc. come under special education. All other types of studies come under General education. Co-educational institutions are covered under institutions for boys.

Scholar means a student admitted and getting education in any of the above referred institutions as regular student on roll as on 31st March of the reporting year.

Teachers means a whole time person appointed by the management for teaching for as on 31st March of the reporting year.

Expenditure means the amount actually spent on education including recurring and non-recurring charges up to 31st March of the reporting year. Indirect expenditure represents the amount incurred on direction, building, furniture, scholarships and other miscellaneous items. Its nature is such that it cannot be apportioned to each type of institutions.

Examination results relate to those students who were educated in any of the above referred institutions during the reporting year as well as those appeared as private candidates. The data in respect of candidates passed are inclusive of supplementary examination results.

## HEALTH

1. *Government Medical Institutions*—The distinction between a hospital and a dispensary has been made on the basis of provision of in-patient beds. A hospital has beds whereas a dispensary has none. Accordingly T.B. clinics without beds have been grouped under dispensaries. The term general hospital here signifies those hospitals where patients of all maladies may find treatment and as such the Zenana Hospitals have been grouped under general hospital.

The primary Health Centre is a composite institution providing facilities of in-door and out-door treatment, maternity and preventive health work. The information contained relates to those primary health centres which are actually functioning at the year.

2. *In Patient beds*—The classification of in-patient beds is made according to diseases. As such the general beds here signify all those beds which are not meant for any particular disease and therefore include the beds available in primary health centres as well. The beds shown under maternity head include beds available in maternity and child welfare centres also.

3. *Medical and Health Personnel*—The number of medical personnel is based on the sanctioned strength of State public hospitals, dispensaries, primary health centres, family planning centres, maternity and child welfare centres, clinics, health workers etc.

4. *Patients treated*—The number of patients treated is the number of patients who come to Government Medical institutions for treatment, patients classified by diseases may not tally with the total patients due to administrative difficulties in registration system at different stages.

**SOCIAL SECURITY AND SOCIAL DEFENCE**

This section presents data relating to crime cases, police prisons and administration of Civil and Criminal Justice. This data has been compiled from the returns furnished by the departments concerned. The series presented the information from 1977-78/1978 onwards. In table No. 11.9 & 11.10 the year has been shifted from financial year to calendar year since 1975. The balance shown in these tables may not tally with the previous balance in the next year, since in some years information has not been received from all the Districts.

An attempt has also been made to depict districtwise of Judicial set-up in the State.

---

## AGRICULTURE

**OPERATIONAL HOLDINGS:**—This information of operational holdings by size of holdings and Irrigation facilities was collected from all the villages at the time of Agriculture census in the year, 1980-81.

**LAND UTILISATION:**—The main purpose of the table of the Land Utilisation is to indicate broadly the ways in which the land of the State is utilised. The classification of area was formerly available under five classes, which have been amplified to fall in line with standard classification as laid down by the Ministry of Food and Agriculture, Government of India.

**GEOGRAPHICAL AREA:**—Total area is calculated in the Office of the Surveyor General of India and reported area for land utilisation purpose is based on the returns of area estimates prepared by the Revenue staff of the State. There is a slight difference between these two sets of figures as pointed out in the note on area and production above, because of the different methods by which they are collected and also because some area are unsurveyed.

**FORESTS:**—The area shown under forest in the table on Land Utilisation may not tally with that given by the Forest Department because (i) the forest Department reports, forests worked out by the Forest Department while the table on Agricultural Statistics includes in addition, forest area administered by district officers and (ii) certain villages and other lands not covered by forest but worked out by Forest Department as forests are not treated as forests in the returns of Agricultural Statistics.

**AREA NOT AVAILABLE FOR CULTIVATION:**—This stands for all land which is absolutely barren or uncultivable covered by buildings Water or roads or otherwise appropriated for non-agricultural purposes. Under sub-head "Land put to non-agricultural use" is included land occupied by buildings, roads, railways or under water and other lands put to uses other than agriculture while under the sub-head "Barren and unculturable land" come mountains, desert etc.

**OTHER UNCULTIVATED LAND EXCLUDING FALLOW LANDS:**—This denotes land available for cultivation but not taken up and includes culturable waste permanent pastures and other grazing land and land under miscellaneous trees, crops and groves. The last one is that type of culturable land which is not included under net area sown but is put to some agricultural use.

**FALLOW LAND:**—It includes current fallows i.e. land which is left fallow during the current year only and other fallow land i.e. lands which were taken up for cultivation but are temporary out of cultivation for a period of not less than one year and more than 5 years.

**NET AREA SOWN, AREA SOWN MORE THAN ONCE AND TOTAL CROPPED AREA:**—In computing the net area sown, areas sown more than once have been counted only one under the head "Area sown more than once" area sown with two and more than two crops in the same year is counted as many times as the crop is sown. Total cropped area is the total of net area sown and area sown more than once.

### INDEX NUMBER:—

**COVERAGE:**—The present series of Index Numbers of Agricultural Production in Rajasthan covers 24 principal crops for which forecasts are issued by the Board of Revenue from time to time. These crops occupy major portion of the gross area sown in the State. These 24 crops are further sub-divided into two main groups, namely, food-crops and non-crops and seven sub-groups, namely, cereals, pulses, oil-seeds, fibres spices & condiments, vegetables and others.

The data about the crops included for the preparation of the Index cover about 84 percent of the cropped area and as such the trends in their production are fair representation of the trend of the entire agricultural production in the State.

**BASE PERIOD:**—The base period for these indicates has been changed from the triennium 1959-60 to 1961-62 to the triennium 1967-68 to 1969-70 considering the recommendation of the Economics & Statistical Advisor, Ministry of Agriculture & Irrigation, Govt. of India, Technical Committee on Index Numbers related to Agriculture economy and of the Technical Committee on Prices & Cost of living. This also, reasonable period from the point of view of weather, Agriculture production and prices in Rajasthan.

**WEIGHTS:**—Weights have been assigned to the different commodities in the same proportion, which the average value of its production bears to the total average value of production of all commodities during the base period. The production has been valued at the annual harvest prices of the commodities prevailing each year during the base period.

**Method of Construction of Index Numbers:**—The percentage production relative for each crop for the current year has been calculated with the corresponding estimated production in the base period. To obtain group-level indices these production relatives have been multiplied with the weights of the respective crops. The aggregate of the products has been divided by the total weights.

The concept of production utilised in the construction of index-numbers is that of gross production of crops. Revised estimates of yield for each year have further been processed as indicated above to get the estimates yield for which figures have been used for construction of the index numbers.

**AVERAGE YIELD OF PRINCIPAL CROPS.**—It has been calculated by dividing production figures by area.

*Area and Production of Crops.*—The figures of area and production are given for principal cereals, pulses and commercial crops. The area figures are compiled by the Board of Revenue (Land Records) Rajasthan from the Agricultural Statistical returns prepared by the revenue staff. While the production figures for the State as a whole are estimated on the basis of crop cutting experiment results for Bajra, Maize, Jowar, Sesamum, Cotton Groundnut, Sugarcane Paddy, Wheat, Barelly, Gram, linseed and Rape and Mustard. For other crops it is calculated on the basis of average normal yield of past 10 years. For estimating the production at the district level, yield is worked separately for each of the major districts, depending upon different crops and for the remaining districts the estimates are only tentative. The total of the district tallies with the production for the State as a whole.

The figures as given are those based on final forecasts, as well as those based on revised estimates as issued from time to time along with the final forecast for the following year. The date relates to the agriculture year ending June.

**AGRICULTURAL IMPLEMENT AND MACHINERY.**—The figures relating to the agricultural implements and machinery actual use for 1961, 1966, 1972 & 1977 are based on Quinquennial Livestock Censuses. The date in compiled form is supplied to the directorate by the Board of Revenue (Land Records), Rajasthan.

## IRRIGATION

**Net Irrigated Area.**—The area irrigated from different sources represents the net irrigated area. If two or more crops are irrigated in the same year from the same source, the area is counted only once.

**Gross Irrigated Area:**—Total area irrigated under different crops represents the gross irrigated area and includes area irrigated under more than one crop during the same year. Area irrigated more than once in a single harvest is counted only once.

The data on irrigation by sources and crops is compiled by the Board of Revenue (Land Records), Rajasthan from the data contained in the Annual Agricultural Statistics Returns prepared by the Revenue staff. The information on Irrigation works is supplied by the Irrigation Department, Rajasthan. The data contained in Table No. 14.1 relates only to plan works in progress.

## 14.1 IRRIGATION WORKS UNDER PLAN

**ANIMAL HUSBANDRY AND DAIRYING**

The data given in this section on Livestock and Poultry are based on Quinquennial Livestock Census, 1977 and 1983.

The data on Animal Husbandry facilities is supplied by the Animal Husbandry Department, Rajasthan. There it is collected as an administrative by-product.

## RURAL DEVELOPMENT AND CO-OPERATION

*Co-operative Society*—The co-operative society means the society which has been registered under the Rajasthan Co-operative Societies Act, 1953.

*Share Capital*—It denotes the paid up amount.

*Working Capital*—It includes share capital, deposits, borrowings of land mortgage banks and societies and reserves.

*Loans Advanced*—These are loans issued to members.

*Recoveries*—These are amounts recovered against the loans advanced.

The data relates to the co-operative year ending 30th June of every year and has been supplied by the Registrar, Co-operative Societies, Rajasthan.

This table contains data on number of Panchayats, villages covered and population served.

## 17. Rural Development &amp; Co-operation

### **MINING AND QUARRYING**

The mineral statistics are collected and compiled by the Directorate of Mines and Geology, Rajasthan. To supply the data in case of major and minor minerals is a statutory obligation on the part of the lessees but in case of certain minor minerals and specially building materials, where rent-cum-royalty leases are granted, the production, sale value and average number of persons employed per day are estimated on the basis of royalty collected through royalty collection contractors.

## Manufacturing

*Annual Survey of Industries.*—Till the year 1960, the data with regard to industrial statistics was collected under the Census of Manufacturing Industries. Since 1961 it has been started to be collected under the Annual Survey of Industries under Collection of Statistics Act, 1953. The coverage of this survey extends to all the factories registered under section 2(m)(i) and 2(m)(ii) of the Indian Factories Act, 1948. Undersized factories have been excluded. Under sized factory is that factory which did not employ atleast 10 workers with the aid of power, or atleast 20 workers without the aid of power, throughout the reference year. The data so collected relates to the accounting year of the factories ending on any day during 1st April and 31st March of the reference year. The following are the important definitions and concepts used for this survey.

*Productive Capital.*—It includes both fixed and working capital. Fixed capital comprises of land, building including those under construction, improvement to land and other construction; plant, machinery, tool (including uninstalled), transport equipment, other fixed assets such as furniture, fixture etc. and excludes intangible assets. Working capital consists of stock of materials, stores, fuels, semi-finished goods including works in progress, finished products and by products, cash in hand and at the bank and the algebraic sum of sundry creditors as represented by (a) outstanding factory payments e.g. rent, wages, interest and dividend, (b) purchase of goods and services, (c) short term service loans and advances and sundry debtors comprising amount due to the factory on account of sale of goods and services and advances towards purchase and tax-payment.

*Worker.*—As defined under section 2(1) of the Indian Factories Act, 1948, a worker means a person employed directly or through any agency, whether for wages or not, in any manufacturing process or in cleaning any part of the machinery or directly or through premises used for a manufacturing process, or any other kind of work incidental to, or connected with the manufacturing process or the of the mansubject facturing process.

*Persons other than workers.*—The head includes persons employed in administrative and clerical jobs within factory area and all those engaged in effecting delivery of the output.

*Number of persons employed.*—The average number of persons employed by each factory has been computed by taking the total attendance of persons in all the shifts on all working days and dividing it by the number of days worked. These averages are aggregated for all factories in the State or industry, as the case may be and the aggregate is taken as the number of persons employed in the State or industry, respectively. It includes persons attending and on leave with pay such as sick leave, casual leave or paid vacation and also those engaged in welfare activities.

*Wages.*—The term wages is used in the same sense as defined in section 2(i) of the Payment of Wages Act, 1956, and denotes all remuneration capable of being expressed in terms of money which would, if the terms of contract of employment expressed or implied were fulfilled, be payable more or less regularly for each pay period whether conditional upon regular attendance, good work, conduct or behaviour of the persons employed or otherwise, to a person in respect of his employment or of work done in such employment and includes any bonus or other additional remuneration of the nature aforesaid which would be so payable, and any sum payable to such person by reason of the termination of his employment but does not includes—

- (a) the value of any house, accommodation, supply of light, water, medical attendance other amenity for any services Specifically excluded by general or special order of the State Government.
- (b) any contribution paid by the employer to any pension fund or providend fund.
- (c) any travelling allowance or the value of any travelling concession.
- (d) any sum paid to person employed to defray special expenses entailed on him by the nature of his employment.
- (e) any gratuity payable on discharge.

*Other benefits.*—These includes various benefits over and above wages such as free or subsidised housing, food grains at concessional rates etc.

*Purchase value of fuels and raw materials consumed.*—This is the purchase value of fuels and raw materials (inclusive of transport charges and other incidental costs) actually consumed in the factory included and the purchase value of goods sold in the same condition as purchase and value of productions reported for sale in the previous year but consumed during the current year further manufacture. The value of fuel or materials manufactures within the factory and consumed for further processing has not been accounted.

*Other Expenses.*—Under this head are included transportation charges, directors and managing agents fees and interest paid etc.

*Depreciation.*—Depreciation on fixed assets is calculated at the rates allowed by the income tax authorities for assessing taxable income.

*Ex-factory selling value of products and by products.*—This represents the value of products and by-products of the factory and is exclusive of transport charge from the factory, commission to selling agents etc. This term includes all products made during the year for sale (whether actually sold during the year or not).

*Value of work done for others.*—This means value of work done by the factory for others on payment when the materials are supplied by them.

*Output.*—It is the aggregate of products and by products manufactures for sale and of work done for customers and adjusted for the difference in value of stocks of semi-finished goods at the beginning and the end of the survey year.

*Value added by manufacture.*—This represents that part of the value of product which is created in the factory and is computed by deducting the value of input comprising cost of material, funds, amount paid for work done by other concerns, other expenses (which includes cost of transport, fee of directors and managing agents, interest charges etc., and depreciation of fixed assets.)

19.3 ANNUAL SURVEY OF INDUSTRIES  
Rajasthan (1980-81)

19. Manufacturing

S. No.	Industry Group No.	Industry	No. of Factories		Productive Capital ('000 Rs.)		
			Coverage	Returns Analysed	Fixed	Working	Total
1	2	3	4	5	6	7	8
1	201,202	Manufacture of dairy Products, Canning of Preservation of fruits and veg.	16	15	83952	22981	106933
2	204	Grain Mill Products	108	104	29521	33865	63386
3	205, 9	Manufacture of bakery Products, Coca, chocolate and Sugar Confectionery	7	5	859	390	1249
4	206	Manufacture and refining of Sugar (Uaccum Pan Sugar factories)	3	3	29416	31899	61315
5	207	Production of indigenous Sugar, Boora, Khandsari, Gur etc.	36	34	9017	6668	15685
6	208	Production of Common Salt	4	4	22389	12633	35022
7	210	Manufacture of Hydrogenated oils, Banaspati ghee etc.	5	5	31683	32706	64389
8	211	Manufacture of other edible oils and facts	125	121	29356	33234	62590
9	215	Manufacture of ice	18	17	7768	715	8483
10	216	Manufacture of Prepared animal feeds	3	3	4491	2086	6577
11	219	Manufacture of Wood Products not elsewhere classified	5	4	108	147	255
12	220, 21	Distilling rectifying and blending of Sprints of wire industries	5	5	1866	79	1945
13	222	Malt liquors and malt.	5	5	15950	2177	18127
14	223	Production of country, liquor and toddy	4	4	773	5001	5774
15	224	Soft drinks and Carbonated water Industries	5	5	6423	988	741
16	226, 28	Manufacture of Birie, hewing tobacco, Narda and Snuff	59	51	942	5326	6268
17	230	Cotton, Dinning, cleaning and bailing	207	200	48554	19284	67838
18	231	Cotton Spinning, Weaving, Shrinking, Sanforizing of cotton textile	58	56	253338	112972	366360
19	232	Printing Dying and bleading of Cotton textile	171	164	36638	77748	114386
20.	235	Weaving and Finishing of Cotton textiles in handlooms, other than Khadi.	4	4	119	249	368
21	236	Weaving and Finishing of Cotton textile in Powerlooms	63	61	2920	3380	6310
22	239	Cotton textile not elsewhere classified	4	4	1177	624	1801
23	240	Wool Cleaning, bailing and pressing	26	24	11124	5397	16521
24	241	Wool Spinning, Weaving and Finishing in Mills	43	40	37339	35121	72460
25	242	Wool Spinning and Weaving (other than in Mills)	6	6	8171	7108	15279
26	243	Dyeing and bleaching of Woollen textile	3	3	1097	717	1814
27	244	Manufacture of Wool not elsewhere classified	5	5	518	671	1189
28	247	Spinning, Weaving and Finishing of other textile- Synthetic, fibres etc.	18	14	607836	219066	826902

## ELECTRICITY AND POWER

The data on generation and consumption of electricity relates to both private and public undertakings in the State and excludes Military, Factory and Railway power stations, Electricity generated covers the total power generation in the State through steam/gas and diesel. Electricity purchased covers both from non-electric utilities and hydel power from adjoining States. The statistics are compiled in the Directorate of Economics and Statistics, Rajasthan. The data is obtained from Rajasthan State Electricity Board.

## TRANSPORT

ROADS—The data contained in the tables relates to the roads maintained by Public Works Department only and does not include road maintained by Local Bodies and others. This however includes national highways, though they are under the direct control of the C. P. W. D. Government of India.

TRANSPORT—Data on Motor vehicles and road accidents are collected directly by the Directorate of Economics and Statistics, Rajasthan from the offices of the Director of Transport and Superintendent of Police, C. I. D. Rajasthan respectively. The information on road transport routes nationalised has been given by the Rajasthan State Road Transport Corporation.

## LABOUR AND EMPLOYMENT

*Trade Unions.*—The data in table 26.1 relates to trade unions registered and cancelled under the Indian Trade Unions Act, 1926. The statistics in table 26.1 relate to only those trade unions which have submitted returns.

*Industrial Complaints.*—Only the number of complaints, by causes, received in the office of the Labour Commissioner have been reported.

*Industrial disputes.*—Industrial disputes relate to strikes and lock-outs resulting in stoppage of work involving ten or more workers in all sectors of employment including factories, transport, municipal services etc. Sympathetic strikes and certain other types of stoppages which do not strictly come under the definition of industrial disputes as laid down in the Industrial Disputes Act, 1947, are not covered.

*Factory accidents.*—Under this head are covered only the accidents occurring in factories (enquired into) which result into either death or injury to a worker necessitating his absence from work for 48 hours or more. This information is collected under the Indian Factories Act, 1948. The data has been compiled in this Directorate from the monthly reports on labour situation issued by the Labour Commissioner, Rajasthan and its Annual Administration Reports.

*Mandays worked.*—Number of mandays worked during the month are obtained by adding together the number of workers who worked on each shift on each day of the month i.e. the total presence of all the workers in the month.

*Mandays lost.*—Number of man days lost during the month on account of absence is obtained by adding together the number of workers absent on each day during the month. Mandays lost by absence due to strikes, lock-out or employer or ordering lay off are excluded.

*Mandays scheduled to work.*—This is the total of mandays worked and lost.

*Absenteeism in factories.*—It is the percentage of mandays lost to mandays scheduled to work and has been worked out as under:—

$$\frac{\text{Mandays lost}}{\text{Total mandays worked} + \text{lost}} \times 100$$

This data has been collected on annual basis with monthly and quarterly breakdowns in the Annual Survey of Industries, by the Directorate of Economics and Statistics, Rajasthan.

*Employment in Industries.*—This section deals with mandays worked by industrial workers and their earnings. Statistics relating to mandays worked by industries and average daily cash earnings of Industrial workers have been compiled in the Directorate of Economics & Statistics, Rajasthan on the basis of returns connected under Annual Survey of Industries from the factories Registered under section 2(m) of the Indian Factories Act, 1948. The returns from individual factories are treated as confidential and no figure for any individual Factory are presented unless there are at least three units in the same industry or the concerned industry has so consented. The average daily cash earnings have been obtained by dividing the gross earnings of the workers by the mandays paid for.

*Employment in Mining* —The supply of such data to the Directorate of Mines and Geology, Rajasthan is a statutory obligation on the part of the lessee but in case of certain minor minerals and specially building materials where rent-cum-royalty leases are granted, average number of persons employed per day are just estimated on the basis of royalty collected through royalty collection centres. In case of certain minerals where data for any particular year was not available, this has been estimated on the basis of production during the last year. The figures given in this table represent the daily labour employment both above-ground and under-ground.

*Rajasthan Government Employees.*—The Directorate of Economics and Statistics, Rajasthan is conducting a regular census of Rajasthan Government Employees on half-yearly basis. The first census was conducted for the employees as on 31-12-56. The data are collected separately for gazetted and non-gazetted staff under various pay ranges. The non-gazetted staff has been further sub-divided into permanent, temporary, part-time, piece rate etc., while the gazetted staff has been sub-divided into permanent and temporary. The data in the prescribed form are supplied by the Drawing and Disbursing Officers to the respective Heads of the Departments and they in turn compile the data for their departments and pass on to the Directorate of Economics and Statistics, Rajasthan for compilation at State level. Employment represents the actuals as on the date of census while the monthly emoluments are estimated by multiplying the total employees with the mid values of the respective pay ranges.

*Employment Exchange.*—Statistics under this section shown the working of the employment exchanges in Rajasthan. The nature of work undertaken by the employment exchanges consists of registering people who are seeking employment and securing employment for them. The data is supplied regularly by the Directorate of Employment, Rajasthan.

## 26.7 MANDAYS WORKED BY INDUSTRIES 1980-81

(Number)

S. No.	Industry Group No.	Name of Industry	Factories Covered	Factories responded
1	2	3	4	5
35.	271	Sawing and Planing of Wood (other than plywood)	25	23
36.	276	Maunufacture of Wooden furnitre & fixture	5	5
37.	280	Manufacture of pulp paper & paper board including new spapaer prints	8	8
38.	281, 283	Manufacture of container & boxes of paper & paper board & articles n e. c.	5	5
39.	284	Printing & publishing of news paper	6	5
40.	285	Printing & publishing of periodicals, books, Journals, atlases maps etc.	25	23
41.	287 & 89	Engraving, etching, block making printing & allied activities	32	30
42.	290, 91	Tanning, curing of leather manufacture of footwear	5	4
43.	300	Tyre and tube Industries	4	4
44.	101	Manufacture of footwear made primarily of vulcanized	13	12
45.	302	Manufacture of rubber products n. e. c.	3	3
46.	303	Manufacture of plastic products	22	20
47.	307	Manufacture of other coal & coaltar products	3	3
48.	310	Manufacture of basic Industrial organic and inorganic chemicals and gases	35	32
49.	311	Manufacture of fertilizers and pesticides	24	21
50.	312	Manufacture of paints, varnishes & lacquers	6	6
51.	313	Manufacture of drugs and medicines	25	23
52.	314	Manufacture of perfumes & other toilet preparations	7	6
53.	315	Manufacture of inedible oils	14	12
54.	316	Manufacture of turpantine syntehtic resins, palstic materials	6	5
55.	318	Manufacture of explosives & ammunit'on & fire works	3	3
56.	319	Manufacture of chemical products n. e. c.	30	27
57.	320	Manufacture of structural clay products	65	61
58.	321.	Manufacture of glass & glass products	8	8
59.	323	Manufacture of chinaware and porcelain ware	12	10
60.	324	Manufacture of cement, lime and plaster	39	36
61.	325	Manufacture of Mica products	8	7
62.	326	Manufacture of structural stone goods, stone ware & stone crushing etc.	156	153
63.	328	Manufacture of miscellaneous non-metal mineral products n. e. c.	18	16
64.	329	Manufacture of asbestos cement & other cement-products	54	51
65.	330	Iron and Steel Industries	63	60
66.	331, & 332	Founderies for casting & forging Iron & Steel Manufacture of ferrow alloy.	79	73
67.	333	Copper manufacturing	7	7
68.	334	Brass manufacturing	15	14

## PUBLIC FINANCE

Receipt and expenditure of the State Government have been shown in this section. The data for these tables have been called from the annual budget volumes published by the Finance Department, Government of Rajasthan. The figures represent actuals for the past years, revised estimates for the preceding year and budget estimates for the current financial year. All figures relate to financial year from April to March. The tables have been classified on the basis of economically significant categories. For instance, the receipts have been classified into tax revenue, non-tax revenue and the like. Similarly, the expenditure have been classified into revenue, capital development and no development expenditure includes expenditure for Economic Development and on Social Services.

The tax revenue of the State has been classified into two important heads viz. the State Tax Revenue and the Receipts from Centrally levied taxes. Total revenue has also been represented under Direct and Indirect taxes in a separate table. The important sources of State Tax Revenue and Land Revenue, State Excise Duties, Sales Tax, Tax on Motor Vehicles and Stamps and Registration. The receipts from Centrally levied taxes represent the share of Rajasthan Government from the divisible pool of Income Tax Union Excise Duties, Estate Duty, and grant in lieu of tax on Railway passenger fares on the basis of the recommendations of the Sixth Finance Commission amounting to 4.50, 5.00, 4.76 and 6.59 percent respectively on the basis of recommendations of Fifth Finance Commission, of the total divisible pool allotted to the States. The share in lieu of Railway Passenger Fares has been abolished on the basis of recommendations of the Fifth Finance Commission (Final Report). The non-tax Revenue largely consists of receipts from Forests, Irrigation Multipurpose river valley projects, Civil Works and receipts from Civil Administration etc. The total revenue expenditure has been broadly classified into development and non-development expenditure. The development expenditure has been further classified into expenditure on economic development and expenditure on social services with a view to present in a concise and consolidated form the progress of development expenditure on revenue account into the broad categories which represent the basic objective of the plans.

Under the head expenditure on non-development services, the items included under direct demands on revenue comprises establishment charges for the collection of Land Revenue, State Duties, Sales Tax and other important source of revenue Debt services include the amount of interest paid on public debt.

The total capital expenditure has also been classified into development and non-development categories. The items included in Government trading under capital expenditure relate to the charges incurred for grain supply schemes, distribution of seeds, fertilizers and implements, Salt Trading Schemes, Jaipur Milk Supply Scheme, State Wollen Mills, Bikaner and Wool Trading Scheme etc.

The public account transactions have been given in a consolidated form showing the total of receipts and disbursements in table 28.14 under the head 'Debt, Deposits and Remittance transactions.'

Index numbers have also been given in most of the tables under this section with year 1970-71 as the base to facilitate a ready comparison of the financial transactions of the State Government. The indices are simple arithmetic averages.

**INCOME TAX.**—Income tax statistics relate to the assessment on account of income-tax, super-tax and surcharge made by the Income-tax Department, Government of India. The figures refer to assessment made under the Income tax Act and do not include demands raised for advance payment, provisional assessment and miscellaneous demands like penalties, warrant of fees etc. Figures of taxes represent the demand raised and not the collection actually made against these demands. These tables analyse the demand for income-tax, super-tax and surcharge according to the classes of assessee viz. (1) Individuals, (2) Hindu Undivided families, (3) Registered firms, (4) Un-registered firms and other associations of person and (5) Companies and other concerns assessable at company rates. The statements are designed to show the total tax demand, payable by assessee and net income in their hands after the payment of tax. The number of assessee shown are in respect of each source of income and an assessee having more than one source is included under each of the source from which he derived his income. The data is also given on Trade classification of business and professional income assessed to Income-Tax and Super-Tax including surcharge. The data has been supplied by the Directorate of Inspection (Research, Statistics & Publication) Govt. of India.

## FIVE YEAR PLAN

The data for the year 1983-84 has been collected from the various Plan executing authorities on monthly, quarterly and annual basis and processed in the Directorate of Economics and Statistics. The expenditure reported in this table is only that spent against State plan ceiling. The figures of expenditure presented here are for the year 1981-82.

During the year 1983-84 and 1984-85 Rs. 41600.00 lakhs and Rs. 43038.15 lakhs were earmarked for the execution of various development schemes respectively.

The scheme wise details of allotment for the years 1983-84, 1984-85 and expenditure for the year 1983-84 are given in table 30.2 while the physical targets for the years 1983-84, 1984-85 and achievements for the year 1984-85 are given in table 30.3.

---

**PUBLIC ADMINISTRATION AND ELECTORAL STATISTICS**

This section deals with the information pertaining to the constitution and administration of local bodies viz. Municipalities and Village Panchayats.

The data on income and expenditure of Municipalities have been obtained from the Directorate of Local Bodies, Rajasthan.

There are 200 assembly seats in Rajasthan in the Seventh general election held in 1980 and 25 Parliamentary seats. Ten members are sent to Rajya Sabha as elected representative of the Vidhan Sabha of the State.

First table incorporated in this chapter contains information on total electorate in each Parliamentary constituency and votes secured by the various parties contesting the general elections held in 1980. Second table contains the constituency-wise name of the elected member, party to which he belongs and the percentage of votes secured by the member. The third table contains party-wise names of the members of Rajya Sabha from the State.
