Economy in Brief
2008**

**Directorate of Economics & Statistics
Government of Andhra Pradesh
Hyderabad**

PREFACE

A strong database enumerating the levels and trends of a nation's material and social resources has always been a requisite for the formulation of government policies. India has a long tradition of both data collection and dissemination, made even more extensive by the requirements of planned economic development. Sound statistics lead to informed decision-making and effective formulation and monitoring of public policies. Being the nodal agency for statistical system in the State and keeping in view of needs of users, the Directorate of Economics and Statistics is bringing out a publication on "Andhra Pradesh Economy in Brief" every year covering various aspects of the economy. This publication brings out selected indicators for different sectors of economy to have a bird's eye-view over the levels of development in the state.

I hope the information contained in this publication will enhance the knowledge of the reader in assessing the Socio-Economic Scenario of the State. Suggestions in the coverage, or scope for improvement in this publication is always welcomed.

HYDERABAD,
