

STATISTICAL ABSTRACT

OF

HIMACHAL PRADESH

2018-19

DEPARTMENT OF ECONOMIC AND STATISTICS
GOVERNMENT OF HIMACHAL PRADESH
SHIMLA

PREFACE

Rapid changes in economic scenario emphasis the need for sensitizing the data collection system in the state. The Department of Economic and Statistics is playing an active role in generation and dissemination of various kinds of data of Himachal Pradesh.

The publication “Statistical Abstract of Himachal Pradesh 2018-19” presents the latest Statistical Data on various Socio-Economic aspects of Himachal Pradesh. Tables presented in this publication indicate the development trend and progress under various sectors of State’s economy.

I thank all the departments and data source/providing agencies in the state for supplying the data required for this publication. I also put on record my appreciation for the sincere and hard work done by the officers and officials of Official Statistics Section of the department in bringing out this Publication.

I hope the publication will be very useful to various planners and policy makers, research scholars and Economists/Statisticians. Suggestions for improvement of the publication will be highly appreciated.

Dr.Vinod Kumar Rana
Economic Adviser
Himachal Pradesh.

BRIEF FACTS ABOUT HIMACHAL PRADESH

Historical Background:

Himachal Pradesh came into being on 15th April, 1948 as a centrally administered territory by the integration of 30 erstwhile princely States. At that time the State had four districts viz. Chamba, Mahasu, Mandi and Sirmaur and its area was 25,839 sq. kms.

Later in 1951, it became a part "C" State under a Governor with a 36 Member Legislative Assembly and a three member cabinet. In 1954, Bilaspur, another part 'C' State was merged with Himachal Pradesh thereby adding one more district with an area of 1,168 sq. kms. And the strength of its Assembly was raised to 41.

In 1956, despite the majority recommendations of the State Re-organization Commission for its merger with Punjab, Himachal Pradesh retained its separate entity. On November 1, 1956 it again became a Union Territory under an Administrator designated as Lieutenant Governor and its Assembly was abolished. In 1960, a new border district of Kinnaur was carved out of Mahasu district. Then in 1963, Assembly was revived and a popular Ministry was formed. Till October, 1966 the old Himachal Pradesh comprised the six hill districts of Bilaspur, Chamba, Kinnaur, Mahasu, Mandi and Sirmaur with an area of 27,007 sq. kms. Having a population of 13, 51,144 persons (1951 Census).

On 1st November, 1966, it was enlarged by merging the district of Kangra, Shimla, Kullu, Lahaul-Spiti, the Nalagarh tehsil of Ambala district, some parts of Una tehsil of Hoshiarpur district and Dalhousie of Gurdaspur district of the then Punjab State. With this merger the total area of Himachal Pradesh increased to 55,673 sq. kms. And its population to 28,12,463(1961 Census).Now it comprised the Districts of Bilaspur, Chamba, Kangra, Kinnaur, Kullu,Lahaul-Spiti,Mahasu, Mandi, Shimla and Sirmaur. On 25th January, 1971,Himachal Pradesh attained Statehood.

Reorganizations of the districts took place on 1st September, 1972 as a consequence whereof two more new districts namely Una and Hamirpur were created mainly as a result of trifurcation of the erstwhile Kangra district. Also from the then existing districts of Mahasu and Shimla, new districts of Shimla and Solan were formed by reorganizing the boundaries of old districts.

Presently, the strength of Legislative Assembly of Himachal Pradesh is 68. To the Union Legislature, Himachal Pradesh is represented by 4 Members to Lok Sabha and 3 Members to Rajya Sabha. There are Five Govt. Universities in the Pradesh. One for general education with its seat at Shimla, the other Agricultural University with its seat at Palampur, the third is Horticulture and Forestry University with its seat at Nauni(Solan),Fourth Technical University with its seat at Hamirpur and Fifth is Center University with its seat at Dharamshala in Kangra District (H.P.)

Physical Features:

Himachal Pradesh is almost wholly mountainous with altitudes ranging from 350 metres to 6,975 metres above the mean sea level. Its location is between Latitude 30° 22'40" N to 33° 12'40" N and Longitude 75° 45'55"E to 79° 04'20" E. It has deeply dissected topography complex geological structure and a rich temperate flora in the sub-tropical latitudes. Physiographically, the State can be divided into five zones-viz. (i) Wet Sub-temperate zone, (ii) humid sub-temperate zone, (iii) dry temperate-alpine high lands, (iv) humid sub-tropical zone, and (v) sub-humid sub-tropical zone. Wet sub-temperate zone comprises Palampur and Dharamshala of Kangra district, Jogindernagar area of Mandi district and Dalhousie area of Chamba district, humid sub-temperate zone comprises the district of Kullu, Shimla, parts of Mandi, Solan, Chamba, Kangra and Sirmaur, Dry temperate- Alpine High lands include major parts of Lahaul-Spiti, Pangi and Kinnaur, humid sub-tropical zone consists of Bilaspur, Bhattiyat valley of District Chamba, Nalagarh area of District Solan, Dehragopipur and Nurpur areas of district Kangra and sub-humid tropical zone comprises of District Una, Paonta-Sahib area of District Sirmaur, and Indora area of District Kangra.

Climate:

Himachal Pradesh lies in the lap of Himalayas. Its climate is largely conditioned by that single factor. It varies from mild to cold with area under snowing winters. In the year 2018, the rainfall of the State is 1182.2 mm and the maximum rainfall is recorded in Kangra District.

Soils:

The soils of Himachal Pradesh can be broadly divided into nine groups on the basis of their development and physiochemical properties. These groups are alluvial soils, brown hill soils, brown earths, brown forest soils, grey wooded or podzolic soils, grey brown podzolic soils, plansolic soils, humus and iron podzols and Alpine humus mountain skeletal soils.

Rivers:

Rivers which flow through this State are Beas in Kullu, Mandi and Kangra districts, Satluj in Kinnaur, Shimla and Bilaspur districts, Yamuna has its tributaries in Shimla and Sirmaur districts, Chenab (Chander Bhaga) flows through Lahaul-Spiti and Chamba districts and Ravi through Chamba district.

All these rivers are snow-fed and hence perennial. Besides the natural reservoirs and the large drops available in the river courses provide immense potential for hydel power generation at a low cost.

Population:

Himachal Pradesh extends over an area of 55,673 sq. kms. According to 2011 census, the total population of the State is 68,64,602 with a density of 123 persons. The highest density 407 is in Hamirpur district and the lowest 2 in Lahaul-Spiti district. According to 2011 census, Number of females per thousand males is 972. The decennial growth rate is 12.9 per cent during 2001-2011.

Livestock Population:

According to 2012 livestock census, the total livestock population in the State was 48,44,431 and the total poultry was 11,04,476.

Land Holdings:

There is a preponderance of small land holdings in the Pradesh. According to 2010-11 Agricultural Census, the holdings of less than one hectare accounted for 69.8 per cent of the total holdings whereas the area covered by these holdings formed only 28.6 per cent of the total area. If small farmers are also taken into account with marginal farmers, then the percentage of holdings comes to 88.0 whereas the area coverage upto 2.0 hectares size-class is only 25.6 percent. The Average size of holding was 1.0 hectares in 2010-11.

Agriculture:

Agriculture is the main occupation of the people of the state. About 69 per cent of the main workers are engaged in agricultural pursuits. Agriculture is beset with the disadvantage of small holdings. Only 75 per cent of the total reporting area is available for cultivation. Out of this area, 'net area sown' and 'current fallows' account for only 13 per cent. There is hardly any scope for mechanized farming due to preponderance of small holdings and terraced fields. Against all these odds, the farmers of Himachal Pradesh are constantly endeavoring to exploit fully the agricultural potential of the State to increase food production and also to supplement the income by producing quality cash crops. Wheat, barley, paddy and maize are the important cereal crops under cultivation. Seed potato, ginger and off-season vegetables are the important cash crops. There is potential for the development of crops like hops, mushrooms, olives, saffron and zeera.

Horticulture:

Horticulture in the upper reaches and mid hills and cereals in the valley seems to be the schematic design of the things, the nature has designed of Himachal Pradesh. Himachal Pradesh Government and the farmers have seized this opportunity and today this Pradesh has emerged as the 'Horticultural State of India'. Apple is the major horticultural crop, the production of which was 368.60 lakh tonneduring 2018-19. Bulk of the apple is produced in five districts viz. Shimla, Kullu, Mandi, Kinnaur and Chamba.

Power:

Himachal Pradesh State Electricity Board is engaged in the investigation and execution of various hydro electric projects and transmission and distribution of electricity. It is a matter of satisfaction that despite very difficult and mountainous terrains almost all the inhabited villages in the State have been electrified.

Himachal Pradesh has a vast hydro electric potential which is estimated at 24,000 MW. The total installed capacity (hydro and diesel) in Himachal Pradesh as on 31st March, 2019 was 487.6 MW (Hydro 487.5 MW and diesel 0.1 MW).

Industries:

Himachal Pradesh has made significant achievements in the field of industrialization. The process of industrialization in the Past few years. Recently many initiatives have been taken by Govt. to facilitate investment in the State. As on 31.12.2018, there were 49058 units working in the State. Out of these 140 industrial Units are large and 522 are Medium Scale Units.

Roads:

In a hilly state like Himachal Pradesh, the entire progress depends primarily on the development of roads. It is not possible to provide appreciable length of railways in these areas. No movement of any type of material and persons in various fields like agriculture, horticulture, industry is at all possible unless there is a well developed system of roads and road transport. Thus the roads constitute the very life line of Himachal's economy. The density of motorable roads per 100 sq. kms. of area in Himachal Pradesh stood at 65.97 km. as at the end of 2018-19.

Transport:

Road transport is the principal mode of transportation in Himachal Pradesh. Passenger Transport is managed by a Government Owned Himachal Road Transport Corporation (H.R.T.C.). As on 31st March, 2019 this Corporation had 3,103 buses and 65 Attached buses, 22 trucks and 89 other vehicles. There are only two narrow gauge railway lines connecting Shimla with Kalka (96km.) and Jogindernagar with Pathankot(113 km.)and one 33 km. broad gauge railway line from Nangaldam to Charuru for Una District. At present there are only three Airports namely Shimla at Jubbar Hatti, Kangra at Gaggal and Kullu at Bhuntar.

Education:

In terms of literacy, literacy percentage of the Pradesh has increased from 76.48 in 2001 to 82.80 in 2011 as against All-India literacy rate of 74.0 per cent to achieve 100 percent literacy in the State, a literacy mission has been started in each district with the co-ordination of Primary Education Deptt. And the Distt. Saksharta Samiti under the chairmanship of Deputy Commissioners.

There were Functional 10,623 Primary, 1,968 Middle Schools, 2,777 High/10+2 Schools and 125 Colleges as on 31 March, 2019.

Public Health and Family Welfare:

Due to successful implementation of various health programmes the health of the people of the State has improved. Special attention has been paid to the provision of health and medical care services in the remotest rural areas of the Pradesh. Disease control and eradication programmes have given rich dividends. Total number of medical institutions in Government sector stood at 4,124 on 31st March, 2019.

State Income:

According to quick estimates, the per capita income of Himachal Pradesh in 2018-19 (Advance) stood at ₹ 176968 This shows an increase of 8.3 percent over 2017-18 (₹ 158462) in the State.

runachal Pradesh was censured for the first time in 1961

** The 1981 census could not be held owing to disturbed conditions prevailing in Assam. Hence the population figures for 1981 of Assam has been Worked out by 'Interpolation'.

+ Uttaranchal, Jharkhand, Chhattisgarh states carved out from UP, Bihar and MP respectively are censured for the first time in 2001.

*** The 1991 census could not held in Jammu & Kashmir. Hence the population figures for 1991 of Jammu & Kashmir has been Worked out by 'Interpolation'.

\$ Included Population of Telangana State also.

While working out the density of India, Jammu & Kashmir has been excluded as comparable figures of area and population are not available for the state.

@ The 1981 census could not be held in Assam, therefore, for calculating the density of India and Assam, the population figures for 1981 for Assam as worked by interpolation have been taken.

+ For working out the density of India and Jammu & Kashmir, the entire area and population of those portions of J&K which are under illegal occupation of Pakistan and China have not been taken into account.

* The area figures of States and U.T's do not add up to area of India because :

(i) The shortfall of 7 square km. area of Madhya Pradesh and 3 square km. area of Chhattisgarh is yet to be resolved by the Survey of India.

(ii) Disputed area of 13 square km. between Pondicherry and Andhra Pradesh is neither included in Pondicherry nor in Andhra Pradesh.

(1) The population figures excludes population of the area under unlawful occupation of Pakistan and China where Census could not be taken.

++ Area figures include the area under unlawful occupation of Pakistan and China. The area includes 78,114 sq.km. under illegal occupation of Pakistan, 5,180 sq. km. illegally handed over by Pakistan to China and 37,555 sq.km. under illegal occupation of China.
