## **PREFACE**

The 'Statistical Abstract of Mizoram: 2015', which is the fifth in its series, has been brought out by the Directorate of Economics & Statistics, Mizoram.

This issue contains time series official statistics generally for the past years upto the latest available year 2014 -15 for state aggregates relating to various sectors of the economy to present the trends of socio-economic development in Mizoram and to facilitate comparative and analytical study. As far as practicable, the state aggregates are followed by District wise data for the latest year so as to reflect the Comparative Development Scenario amongst the Districts.

This Directorate gratefully acknowledge the kind co-operation extended by the different Departments of the Central and State Governments, Public Undertakings and NGOs in making the requisite data available for incorporation in this publication.

I fervently hope that the data in this publication would serve as an useful source of information to Administrators, Policy Makers, Planners and Researchers. It is also hoped that it will be a useful reference to all readers and users having interest in the state's economy.

I would like to express my thanks to all the Officers and Staff of Technical Section who were the architects in bringing out this publication.

Lastly, suggestions for further improvement in terms of quality, coverage etc. for the next publication would highly be appreciated.

\*Only 43 ha is maintained by the deptt. due to paucity of fund and for encouraging more plantation in private farms.

\*\*Only 6 ha departmental plantation is continued and the remaining 37 ha is left to be demonstrated by assisted new private planters.

\*\*\*Some tea plantation had been taken up for town extension, thus, the area under tea plantation had been squized to 7 ha only.
