Enabling Quality Education For All

ANNUAL REPORT & ACCOUNTS 2021-22

Preface

AICTE, having been established through an Act of Parliament as a statutory body, provides direction to improve the quality of technical education in the country through regulations and policies. Although a regulator, AICTE has established itself as a facilitator addressing the interests of all its stakeholders. AICTE continues to extend financial, intellectual and policy support in the matters of students (admission, courses, fees, scholarships); faculty (qualifications, salary, development and promotion), institution (approvals, infrastructure, accreditation, innovation and research); industry (curriculum, emerging areas, internships); and, the society (disadvantaged sections, meritorious, societal challenges).

Despite unprecedented COVID-19 blow to the entire society, AICTE oversaw successful conduction of examinations, approval to new institutions and courses, admission of students, running of the courses even as the world waited for the pandemic to wane out. The potential of communication technology was used to the hilt, not only to complete the processes but also integrate them in its functioning.

On the policy front, on one hand AICTE widened the entry level by offering 14 subjects to choose from, for admission in engineering courses; on the other, model curricula for several UG courses were developed. AICTE signed an MoU with DRDO to launch a Master's Programme in Defence Technology and with CBSE, for a gamut of activities benefiting students as well as teachers in the schools. The guidelines for Open & Distance Education and for Online Education in technical courses were released, mindful of their popularity after the pandemic and mainstreaming, for enhanced access to higher education.

Conforming to a recommendation of the NEP 2020, AICTE took up the mammoth task of providing engineering education in Indian languages, for which preparation of text-books aligned with outcome-based education (OBE) was taken up for first year books of both UG and Diploma courses. This was aggressively followed-up with their translation in 12 different languages, even as AICTE allowed extra intake for students wanting to study engineering in their own language. AICTE shall have to take up challenging task of preparation of books for subsequent years- in both English and Indian languages.

The support to strengthen the institutions continued through MODROBS (for laboratories), CAFES (for hostels), SPICES (for student clubs), GAINER (for solving water, electricity and internet woes in institutions in the North-Eastern states) and GOC (for conferences). During the year, 48 AICTE-IDEA (Idea Development, Evaluation & Application) Labs and two ATAL IDEA Labs were sanctioned, focused on imparting 21st century skills to the students and preparing faculty for the same. AICTE launched Scheme Promoting ACcessible Education (SPACE) with an objective to make students with disabilities in technical education as comfortable as other students and empower them to complete their studies (Accessible Education).

The teachers are pivotal in education systems and their development is the key to maintaining quality of education. Faculty in large numbers benefitted from QIP, FDP, STTP, PDP, Induction/ Refresher Programmes etc. by keeping themselves updated with knowledge. The ambit of these schemes was expanded to benefit Librarians, Sports Officers and non-technical staff and made more focussed to remote states. During the year, even as ATAL Academy continued with the online FDPs on emerging technologies, training of faculty on UHV courses continued unabated. MoUs were signed with Technical Universities and NITs in different states to help faculty update their domain knowledge. Professional development of teachers was facilitated, also through funding of research projects, e-resources for research and e-conferences.

AICTE came out with the Student Learning Assessment-PARAKH portal, which allows students to assess their academic, social, cognitive, critical and behavioural development during their course, unlike a conventional examination. Concerned as it remains to the students, AICTE launched the SWANATH Scheme offering financial support to children who are orphans, or children of martyrs, or whose parents both or one of their parents died due to COVID19. During the year more than 4100 students from the Union Territories of J&K and Ladakh benefitted under the PMSSS, with female students making almost 40%, doubling in 5 years.

Indian Knowledge System (IKS) Cell of the Ministry of Education operating from AICTE, organized webinars throughout the year on wide-ranging topics related to Higher Education, Archaeology, Management, Physics, Metallurgy, History, Ayurveda, etc. During the year, NEAT 3.0 was initiated, expanding the scope to onboard companies that can cater to the skilling and reskilling needs of students across the levels of education. The Ministry's Innovation Cell (MIC) among other things conducted the Toycathon 2021 (Digital Edition), India-ASEAN Hackathon, besides introducing School Innovation Ambassadors Training Programme.

Based on the experiences and success of preceding year, of online engagement with its stakeholders, AICTE organized virtual events throughout the year. Webinars were organized on schemes of AICTE, its Quality Initiatives, Good Governance, Dyslexia Awareness, to name a few. AICTE organized Energy Literacy Training, workshop on Universal Human Values, Vigilance Awareness, Physical Fitness etc., for its employees and set an example for others. My colleagues documented various initiatives and achievements of AICTE during the pandemic in a booklet form as well as and a documentary, which are widely appreciated.

During the year, ATAL Cell won accolades from the World Book of Records for the second successive year for training the largest number of faculty. The tableau of the Ministry of Education & Ministry of Skill Development & Entrepreneurship conceptualized with the theme 'Vedas to Metaverse' by MIC, showcased during the Republic Day was declared the best among those of Ministries/ Department. The Parliamentary Committee on Papers Laid on the Table in Rajya Sabha visited us in September 2021 and was appreciative of the way AICTE left no stone unturned to constantly improve its performance during the pandemic. These recognitions will continue to motivate us to be proactive and do more to benefit all our stakeholders in the coming years.

AICTE & ITS STATUTORY BODIES

1.1 Statutory Bodies & Their Composition

All India Council for Technical Education has been established through an Act of Parliament (Act No. 52 of 1987) with a view to carry out the proper planning and co-ordinated development of the technical education system throughout the country, the promotion of qualitative improvement of such education in relation to planned quantitative growth and the regulation and proper maintenance of norms and standards in the technical education system and for matters connected therewith. In order to effectively function and discharge its duties, AICTE seeks directions, guidance and advice from different statutory bodies.

1.1.1 The Council

The Council is a 51-member body and has a Chairman, a Vice-Chairman and a Member Secretary with tenure appointments as per AICTE Act. The Council includes amongst others, representatives of various Departments of the Government of India, the Lok Sabha and the Rajya Sabha, Government of States and Union Territories, representatives from the Statutory Boards and Committees of the Council, Professional Bodies and organizations in the fields of concerned areas of technical education and research and also organizations in the field of industry and commerce, etc. The AICTE Act empowers the Council to take all such steps as it may think fit for ensuring coordinated and integrated development of technical education. The powers and functions assigned to the Council are given in **Appendix 1.1**. The Council performs its functions in consultation with State Governments, Universities, State Boards of Technical Education, Professional Bodies and experts etc.

On completion of the term of the previous constituted Council on 10-04-2018, MHRD advised AICTE vide its letter No. 1-1/2018-TS-II dated 25-10-2021 to conduct meetings of Council with total 49 members including ex-officio and members representing various organizations as per the laid down procedure. The letter of MHRD is placed at **Appendix 1.2.**

1.1.2 The Executive Committee

The Executive Committee is a 21-member body constituted by the Council and discharges such functions as may be assigned to it by the Council. The Executive Committee is chaired by the Chairman of the Council and includes Vice-Chairman of the Council; Secretary to the Government of India; two Chairmen of the Regional Committees of the Council; three Chairmen of the All India Boards of Studies of the Council; one member of the Council representing the Ministry of Finance, Govt. of India; four members of the Council representing States/UTs; four members with expertise and distinction in areas relevant to technical education; Chairman of the University Grants Commission; Director of the Institute of Applied Manpower Research and Director General of the Indian Council of Agricultural Research. The Member-Secretary of AICTE is also the Member-Secretary of the Executive Committee.

In exercise of the powers conferred by Clause 12(1) of the AICTE Act, 1987, the AICTE had reconstituted the Executive Committee on 29-09-2021 for a period of three years vide notification dated 17-11-2021. The composition of the Executive Committee is given in **Appendix 1.3.**

1.1.3 All India Boards of Studies

The All India Boards of Studies advise the Executive Committee on academic matters falling in their areas of concern including norms & standards, model curricula, model facilities and structure of courses etc. The areas of concern, constitution, functions and powers of the Boards of Studies are such as may be provided by the Council through appropriate Regulations. Initially, the AICTE Act provided for the establishment of five Boards of Studies. Now total 11-Boards are in existence. Boards of Studies have 10-15 members each and are headed by subject experts of eminence.

The All India Boards of Studies advise the Executive Committee on academic matters falling in respective areas of concern including norms and standards, model curricula, model facilities and structure of courses, academic facilities and any other academic matter from time to time. The 10-Boards were reconstituted on 03-01-2020 for a term of 3 years and All India Board of Applied Arts, Craft and Design was formed for the first time w.e.f. 10-09-2018 for a term of 3 years, was reconstituted on 10-09-2021.

In pursuance of the powers conferred under Clauses 13(1) and 13(2) of the AICTE Act, in all 11 All India Boards of Studies have been constituted by the Council for advising the council in their areas of specialization.

The composition of various All India Boards of Studies is given in **Appendix 1.4** and the names of the Chairpersons are given below.

1.1.4 Regional Committees

According to Clause 14(3) of the AICTE Act, each Regional Committee advises and assists the Council on all aspects of planning, promoting and regulating technical education within their regions. In pursuance of Clauses 14(1) and 14(2) of the AICTE Act, Regional Committees were constituted by the Council at Kolkata, Chennai, Kanpur and Mumbai on 18-04-1990 and subsequently three more Regional Committees were set up for the Regional Offices in Bangalore, Bhopal and Chandigarh in the year 1994 and other added for the one in Hyderabad on 08-03-2007.

Each Regional Committee, is headed by an engineer/ technologist of eminence, 15-20 members from industry, technical institutions, universities, State/ Central government organizations and professional bodies/ societies working in the areas of technical education, industry & policy making. The term of office of the Chairman and other members except ex-officio members is of three years from the date of constitution of the Committee. Following Regional Committees were functioning during the reporting period:

South-Western Regional Committee	Prof. Venugopal, VC, Bangalore University
South-Central Regional Committee	Prof. Appa Rao Podile

1.2 Meetings of Statutory Bodies

Statutory bodies, during the year under report, met several times to deliberate on the matters falling in their ambit and thus, provide directions required in the interest of technical education and its stakeholders. These bodies have given a number of recommendations and accorded relevant approvals.

1.2.1 Council Meetings

The Council met once during the year for its 63rd meeting on 13-07-2021 and its important decision are reflected below:

Table 1.2.2: Important decisions during the period in Council meetings

Meeting No./ Date/Item No.	Agenda	Decision
63rd Council meeting 13-07-2021	**Item No. 63.03.01** To consider and approve the Polytechnic institutions awarded for construction of hostel for SC/ ST students retrospectively from 2013-14.	The Council was informed that AICTE introduced a Scheme for Hostel for SC/ST students in the year 2012 to support the institutions by construction of girls/ boys hostels for providing on campus accommodation for students/ researchers belonging to SC/ST category. Under this scheme, only Government/ Government-aided engineering colleges/ University Departments were entitled for the grant. While inviting the applications for this Scheme during the year 2013-14, Diploma Institutes were also included in eligibility criteria. As per available records, grant-in-aid for construction of hostel for SC/ST Students were released to 19 such institutions till date. In the meantime, the CAG while conducting an Audit inspection for financial year 2018-19 pointed out that AICTE had released the grants to non-entitled institutions i.e. Govt./Govt. aided Polytechnic institutions, against the eligibility criteria rendering such grants as unauthorized and CAG directed AICTE for initiating action to get this grant back from such institutions. In this regard, AICTE had written the letter to all such Polytechnic institutions to refund the entire grant along with interest earned on it. In response, these Polytechnic institutions requested Secretary, MoE to intervene in this matter, in which grant was utilized by the Polytechnic institutions. MoE in turn, had requested AICTE to "look into the matter and take necessary action in this regard as deemed fit." The matter was placed before the Executive Committee in its 137th meeting held on 30.09.2020, in which, the EC approved the inclusion of Government Polytechnics retrospectively and not to seek refund from these 19 Govt. Polytechnics which were issued grants for construction of Hostel for SC/ ST Students from 2012-13 onwards. The Executive Committee also opined that a specific approval in this regard may also be requested from MoE and thereafter CAG be informed accordingly. The Council was informed that MoE vide its Letter F.No. 1-3/ 2018-TS. II dated 28th June, 2021 has advised AICTE to place the proposal for extension of the scheme in its Council Meeting for concurrence, retrospectively from 2013-14. The Council deliberated and in conformity of the decision of the Executive Committee held on 30.09.2020, approved the proposal retrospectively from 2013-14, since polytechnics are also engineering colleges running Diploma programmes. All these institutes are Govt./ Govt. aided institutions. Moreover, in the revised scheme guidelines, Polytechnics are covered too.

1.2.2 Executive Committee Meetings

The Executive Committee of AICTE met on 8 occasions during the reported period 2021-22 important decisions taken therein are given in Table below:

Table 1.2.3: Important decisions in EC meetings during the period

Meeting No./ Date/Item No.	Agenda	Decision
142nd Executive Committee meeting 22-04-2021	**Item No. 142.03.02** To consider and approve proposal for recommendations for Inclusion of Students with Specific Learning Disabilities in Higher Education.	The Executive Committee was informed that AICTE constituted a committee under the Chairmanship of Prof. Partha Pratim Chakraborty, Ex Director IIT, Kharagpur for the purpose of providing recommendations for Inclusion of Students with Specific Learning Disabilities in Higher Education towards providing them equity, equal opportunities, learning best practices and bringing about an awareness amongst all the stakeholders. The Committee recommended establishing a National Programme for inclusion for Neurodiversity in higher education in India. The Executive Committee deliberated and approved the proposal for Implementation of the recommendations of the Committee for Inclusion of Students with Specific Learning Disabilities in higher education initially with a funding of Rs.10.00 Crore for one-year, which would be met from the IRG of AICTE. The Executive Committee applauded the work put in by the Committee and placed on record its appreciation towards successful execution of the task towards proposing recommendations on Inclusion of Students with Specific Learning Disabilities in Higher Education.
	Item No. 142.03.11 To consider/deliberate grant of approval to Diploma Courses in Architecture.	The Executive Committee was informed about the judgment dated 8th November 2019 of Hon'ble Supreme Court, wherein processing and grant of approvals related to Architecture courses shall henceforth be handled by the Council of Architecture (CoA). However, it was observed that CoA was approving courses at degree and PG level only and not diploma level. On a query, CoA has confirmed that CoA shall start approving diploma programmes in architecture. The Executive Committee deliberated and approved that AICTE should inform Council of Architecture to proceed for the grant of approval of Diploma in Architecture courses from the Academic year 2021-22. Also, AICTE may forward the list of institutions conducting Diploma in Architecture along with the applications for the AY 2021-22 to COA for taking appropriate action for processing such applications.
143rd Executive Committee meeting 10-06-2021	**Item No. 143.03.01** To consider and approve the recommendations of a committee for taking initiatives for enabling differently abled students by providing accessibility to learning and other infrastructure facilities in Institutions and empowering them for taking better education through various other measures.	The Executive Committee was informed that a report of a Committee constituted under the chairmanship of Prof. M. Balakrishnan, former Deputy Director, IIT-Delhi, for taking initiatives for enabling differently abled students by providing accessibility to learning and other infrastructure facilities in institutions and equal opportunities of empowering them for taking better education through various other measures has been submitted. The salient suggestions of the aforesaid committee, in some selected model colleges in different states for Phase-I includes: a) Accessibility Standards for Students with Disabilities Studying in Technical Institutions; b) Framing Syllabus on Disability, Accessibility and Universal Design;

		c) Introduction of a New Elective Course on Design of Assistive Technologies (for other than Civil Engg. and Architecture Students); d) Suggested online SWAYAM course(s) and the list of faculty members who will be able to offer these courses; e) Suggested to conduct one seminar for NGOs and Department of Rehabilitation who are already working in this area for sensitizing people and create awareness on this issue; f) Suggested to Design short term certificate diploma course of one-year duration for teachers; g) Suggested to AICTE to take initiative for the promotion of proactive engagement of college community (students and staff) with NGOs working for the people with disability in the neighbourhood. The Executive Committee appreciated that the suggestions of the Committee will enable students not only for providing accessibility to infrastructural resources, but also to other educational facilities for differently abled friendly educational resources. The Executive committee considered to develop one model college in some selected states, which will be having all provisions as mentioned in the recommendations by the committee and approved the tentative proposed budget of Rs.75.00 crore (Rupees Seventy-five Crore only) for 15 states @ Rs.5.00 crore per institute. The detailed proposal for making institute differently abled friendly with learning assistive devices with Rs.5.0 crore expected outlay will be submitted to the Executive committee in the forthcoming meeting. The funds for the proposed budget will be met from the IRG of AICTE.
	Item No. 143.03.09 To consider reservation of Seats in Degree Level technical courses for State / UTs lacking in such facilities.	The Executive Committee was informed that Ministry of Education (MoE), vide their letter dated 25th May, 2021 has stated that in MOE there is an ongoing scheme of reservation of seats in Engineering / Technology / Architecture / Pharmacy courses conducted at Degree level technical institutions approved by AICTE and Universities for States and UTs which do not have Engineering Colleges or lack facilities for education in specific fields of technical education, and for certain categories including foreign students. MoE vide the aforesaid letter has requested to work on the development of a portal to manage allocation of those seats in AICTE affiliated Institution / Colleges allocated through CSAB for effective implementation of the scheme. The beneficiary States / UTs and Agencies under the scheme may be consulted to rectify the issues, if any. The Executive Committee considered and deliberated on the matter and approved the proposal that supernumerary seats may be allocated under the scheme for the following States / UTs / Islands / Agencies: i. 8 North Eastern State including Sikkim ii. 2 Islands territories of Andaman & Nicobar Island and Lakshadweep. iii. Daman & Diu and Dadra & Nagar Haveli

		iv. Central Tibetan Schools Administration (CTSA)
		v. Indian Council for Child Welfare (ICCW) – for recipients of children's bravery awards.
		iv. Central Tibetan Schools Administration (CTSA)
		v. Indian Council for Child Welfare (ICCW) – for recipients of children's bravery awards.
		vi. Ministry of External Affairs (Education).
		vii. Ministry of External Affairs (Welfare) – forwards of government employees posted in Indian Missions abroad.
		The Executive Committee further decided that AICTE shall write a letter to colleges that students selected under Central Seat Allocation Board North Eastern and Union Territories (CSAB-NEUT) shall be considered under supernumerary seats for the AY 2021-22 and in future and endorse a copy to CSAB-NEUT and APIs for development of a portal to manage allocation of those seats in AICTE affiliated Institution / Colleges allocated through CSAB for effective implementation of the scheme. This decision may be shared with the Chairman, CSAB for further necessary action.
144th Executive Committee meeting 13-07-2021	**Item No. 144.03.08** To consider and approve the facilitation by the respective Universities for admission in additional B. Tech. degree in other discipline/branch of Engineering for students already possessing a B.Tech/B.E. degree, through lateral entry.	The Executive Committee was informed that AICTE has received requests from few students and universities to clarify that a student who has completed a degree in one discipline can be permitted to join as lateral entrant in another discipline. Such a provision existed in 60s & 70s when people had completed Electrical Engineering and then Mechanical Engineering in one year. The Executive Committee noted that AICTE allows lateral entry of diploma holders in Engineering and B.Sc. passed candidates for admission in B.Tech. second year directly and are required to do requisite bridge courses. However, clarification about the entry of students who have completed B.Tech./B.E. degree successfully in one discipline and desire to undertake/ pursue degree in another discipline/ branch of B.Tech. keeping in view better job opportunities. The EC also noted that NEP-2020 provided multiple exit & entry. The Executive Committee deliberated and approved the proposal that technical universities can facilitate such students to take admission to B.Tech./B.E. by allowing them to get admission at appropriate level of B.Tech. programme in another discipline/ branch of Engineering. The Executive Committee also approved the exemption from pursuing courses already done in the first discipline of B.Tech. Programme and such students be appropriately guided to complete other component involved, students will be required to take admission in an institution/ college as a regular student and the concerned university will ensure this and make necessary provision in their statutes accordingly. The EC further approved the duration for completing additional degree will be 2 years to 3 years without compromising on the credit requirements in core discipline and attainment of learning outcomes of the new programme.

	Item No. 144.03.19 To consider and approve a new AICTE supported scholarship scheme `AICTE- Swanath Scholarship Scheme for Students'.	The Executive Committee considered and approved the proposal for starting a new scheme `AICTE- Swanath Scholarship Scheme for Students' for the following category of students studying in the AICTE approved institutions with the following criterion and financial implications: Categories: (i) Both parents died due to COVID-19; (ii) One of the parents died and the other parent does not have any source of income; (iii) Wards of Armed Forces and Central Paramilitary Forces martyred in action (Shaheed); (iv) Children who have lost both parents. Criterion and Financial implications: a) Number of Scholarships: Maximum 2000 scholarships (1000 for Degree Students and 1000 for Diploma Students) will be awarded every year to eligible candidates based on prioritization as above. b) Amount of Scholarship: Rs. 50,000.00 per annum for every year of study c) Reservation: As per Government of India norms d) Mode of Application: Online through National Scholarship Portal of Govt. of India. e) Financial implications: Rs.10 Crore in FY 2021-22 f) This scheme will be available for only those who have not received similar benefits from any other scheme/State/ central Government. The Executive Committee also approved the proposed scheme guidelines containing detailed terms and conditions, criterion for selection etc.
145th Executive Committee meeting 13-09-2021	**Item No. 145.03.02** To consider and approve provisioning of AICTE supported PG scholarship for GATE and CEED qualified students admitted in M. Design course in AICTE approved Intuitions.	The Executive Committee was informed that AICTE on the basis of a request received from the Secretary, UGC, discussed the matter in the first meeting of the All India Board of Applied Arts, Crafts and Design (AIB-AACD) to consider the proposal of IIT Bombay for equivalence of CEED and GATE. The AIB-AACD recommended and the same was conveyed to the Secretary, UGC. During deliberations the EC was informed that IITs are also providing scholarship to CEED qualified students to pursue M. Design in line with GATE scholarship. Accordingly, the Executive Committee considered the proposal and approved inclusion of students admitted in M. Design course in AICTE approved institutes with valid GATE/CEED score card as eligibility for PG scholarship from the year 2021-22 onwards.
146th Executive Committee meeting 27-10-2021	**Item No. 146.03.01** To consider and approve the proposal for "Training Programme for Faculty Members for developing Applicability Component of Engineering Disciplines".	The Executive Committee was informed about the status of AICTE Student Learning Assessment Portal (ASLAP) developed by AICTE with questionnaires for assessment of students, collate response data and analyse the same with the help of latest technology tools and share the reports' outcome with students and institutes for improving overall competence of Engineering students. The EC was further informed

		that questionnaires incorporated in the portal covers core Engineering disciplines (Civil, Mechanical, Electrical, Electronics and Computer Engineering) besides management, aptitude and emerging areas. The EC was also informed that application based questionnaires shall also be developed and included in ASLAP portal.
		The Executive Committee considered and approved the proposal for conduct of five two-week online training workshops for preparing application based questionnaire for five core engineering disciplines mentioned above, @ Rs. 93,000.00 each. The EC further approved the proposed training to be conducted in collaboration with Dr. P. R. Swarup, Member Secretary, (ECI) led team comprising best industry leadership, workmanship from Construction Industry Development Council (CIDC). The total budget estimate of Rs.4,65,000.00 shall be met through AICTE's Non-Plan Head of expenditure i.e. IRG of AICTE. The EC also approved the new scheme "AICTE Student Learning Assessment Project" under STTP. However, it was suggested that a suitable name be considered for this project.
		The Executive Committee placed on record its appreciation for Col. B. Venkat, Director (FDC), AICTE and his team to have handled a mammoth task of development of student assessment portal in a time-bound and efficacious manner.
	Item No. 146.03.04 To consider and approve for admission to supernumerary seat in B. Tech Programme without appearance in entrance test.	The Executive Committee was informed that a letter from Vice Chancellor Manipal Academy of Higher Education (MAHE) requesting to grant approval for admission under a supernumerary seat in B. Tech program without appearance in entrance test for gifted children arising due to inherent talent of a student.' The Executive Committee deliberated on the proposal and appreciated the initiative of AICTE to encourage gifted children. The EC re-iterated that NEP 2020 provides every student a holistic multidisciplinary education creating a well-rounded personality and support for gifted children.
		The Executive Committee considered and approved creation of two supernumerary seats per institute in B. Tech. program. The Executive Committee further approved that two supernumerary seats may be accorded by AICTE in its approved institutions for empowering gifted and talented students to seek admissions against these seats, which will provide a motivating and unique opportunity for such students in line with NEP recommendations. The Executive Committee also resolved that the same may be provisioned in the forthcoming AICTE Approval Process Handbook (APH) 2022-23. It was decided that AICTE shall devise norms for selection of gifted children under supernumerary quota and the final admission under supernumerary quota shall be approved by AICTE.
	Item No. 146.03.10 To consider and approve the research proposal to develop Faculty Assessment Tool and Funding Requirement.	The Executive Committee was informed that a proposal has been received from Avantika University, Ujjain for developing a Faculty Assessment Tool that will align itself to the National Education Policy (NEP) 2020. The project will also identify faculty who are familiar with the history, perspectives on education, role of faculty, role of students, understanding of the environment and the future requirements of the education process. The EC was further informed that research activities

		and Technology. Meanwhile, AICTE opened up the window of opportunity by broadening the entry level qualifications. The Executive Committee in one of its meetings, deliberated and decided to provide 14 subjects as possible options for admission to engineering. However, there were lots of reactions for and against the same which were addressed by the authorities at the AICTE for clarifying the misconceptions regarding the decision taken by the stakeholders. The EC was further informed that keeping in view the reactions of the stakeholders, AICTE decided to extend the mandate of the Committee with addition of some more members to the group from across the disciplines and from all kinds of Institutions. Accordingly, the committee was expanded by including special invitees. The committee also took the views of various stakeholders from industry and academia, Finally, the committee has submitted its report/recommendation to AICTE after deliberating rigorously and conducting frequent meetings. Prof. K. K. Aggarwal, Chairman, NBA who was a `Special invitee', presented the findings and recommendations of the Committee to decide eligibility for entry to Engineering/Technology programs. The Executive Committee deliberated on the matter and approved the report/recommendations of the Committee regarding eligibility for entry to Engineering/Technology programs. The EC recorded its deep appreciation to the Chairman and members of the Committee for the exhaustive exercise done on deciding the eligibility for entry to Engineering/Technology programs. The EC also suggested for sharing the Committee report and decision of the EC to NITI Aayog.
148th Emergent Executive Committee meeting 13-01-2022	**Item No. 148.01.02** To consider and approve the recommendations of the Committee to review Moratorium on "AICTE Approval to New Engineering Institutions from Academic Year 2022-23 onwards".	The Executive Committee was informed that AICTE put a moratorium on opening new institutions in traditional areas of Engineering & Technology at Degree, Diploma and PG Level from 2020-21 onwards for two years in 2019. Further, the EC was informed that a committee was constituted in Oct, 2021 for "Reviewing Moratorium on Approval to New Engineering Institutions from Academic Year 2022-23 onwards" under the chairmanship of Shri BVR Mohan Reddy who was also the Chairman of the Committee to review the moratorium in the year 2019. After detailed deliberations and assessing future technical manpower needs of the country, submitted its report on 31.12.2021. The Executive Committee deliberated, considered and approved the recommendations of the Committee to review Moratorium on "AICTE Approval to New Engineering Institutions from Academic Year 2022-23 onwards for two years", as Annexed to the Agenda, highlighting the major contents of the report as follows: **1. Undergraduate (B.Tech) Programmes:** • **New institutions:** Moratorium on new engineering institutions should continue barring a few exceptions mentioned in the Report:

a. AICTE may allow well-meaning philanthropists, educationists or educational foundations to create new institutions of excellence. Such institutions should create a capacity of 3000 seats in line with NEP 2020 guidelines. Further, these institutions should have large owned campus and student amenities comparable with that of globally reputed institutions. AICTE may suitably frame the financial and infrastructure requirements for creating such institutions. These should offer core and interdisciplinary courses with emphasis on emerging technologies and employable skills, have collaborations with reputed foreign educational institutions, partner with corporates, and gain an NIRF ranking of <100 in the first five years and <50 in 10 years of their founding.

b. As per Government of India guidelines, every aspirational district in the country (220 of them) should have an engineering college. Currently, only 180 districts are covered. The State governments be given the flexibility to start engineering colleges in the remaining 40+ districts. The State governments must provide necessary budgets for infrastructure, faculty and labs before seeking approval to set up an engineering college in districts that do not have one.

c. Facilitate conditional capacity creation in existing institutions: While the situation of low enrolments is concerning, continuing a blanket ban on new capacities may be detrimental to the future sustenance of quality engineering education. It will be prudent to facilitate limited and conditional capacity creation based on the following guidelines: It is observed that a few institutions have reported more than 100% enrolments in 2021. A number of institutes have reported >80% enrolments. It would be prudent that extra capacities be permitted to institutions with good NIRF ranking (<100) that have reported >80% enrolments last three years as below:

i. 95-100+% enrolments – additional capacity of 25% be permitted

ii. 80-95% enrolments – additional capacity of 15% may be permitted

Colleges that have more than 50% of enrolment should be allowed to start new courses in emerging technologies within their existing capacity. At the same time, the capacity in core engineering disciplines such as mechanical, electrical, electronics and civil engineering cannot be reduced by more than 50% of the approved capacity. Address the demand-supply imbalance through supply-side corrections. In the existing installed capacity, we need to shift focus to quality education to enhance foundational skills and industry-linked internships.

• **Digital technologies:**

Digital technologies should become integral to curricula across all engineering disciplines. A minor in digital technologies may be offered for all the disciplines. Programmes in digital technologies at UG level have limited visibility in the industry. Focus on faculty training, blended learning, projects and industry

		internships is necessary to improve specialised skill talent. Capacities in four-year programmes in digital technologies should be reviewed and modulated on an annual basis keeping the industry needs and skill shortages in view. • **New Disciplines & Specialisations:** Introduce new disciplines that are industry-relevant – Communication and Security Engineering, Manufacturing Engineering (additive, subtractive, 3D printing, etc.), Transport Engineering, Energy Engineering, Information Engineering, Public Health Engineering (water, environment, pollution, sewage etc.), Healthcare Engineering, Computational Engineering, Environmental Engineering, Geomatics/ Geospatial science & technology/ Geoinformatics, etc (indicative list, not exhaustive). Some of these could be made available at masters' level. Thematic undergraduate programmes in Circular Economy, Sustainability, Environment, etc. • Introduce new specialisations - Microelectronics and VLSI, smart mobility, EV technology, Transportation, Highway engineering, Renewable Energy, Climate Change, Earth System Sciences, Future Communications especially 5G, Sustainable Development & Circular Economy, Waste Management, Product Design, AI plus technologies like CRISPR – Cas 9 (indicative list, not exhaustive). • **Electives & Credits:** Have a large number of elective credits available across disciplines. For example, a student in ME does 50% basic of ME, then they get to choose from a large number of electives and are given the flexibility to do a full semester internship with the industry. The total number of credits for graduation must be reduced from the current 160-180 to 135-140. The objective is to encourage students to give more time to self-study, group discussions/projects and peer group learning. This would nurture the culture of self-directed learning as opposed to being confined to passive classroom learning for more time. • Core disciplines (ME, EE, EC, CE) need urgent revamp to cater to the rapidly evolving needs of the industry and rapid changes occurring in technologies. Core engineering industry should proactively support engineering institutes to produce engineers of the required skill set in their own interest. Each engineering industry should tie up with or adopt core engineering departments of at least 3-5 engineering colleges, help them develop curricula in core engineering branches, and mentor the students and faculty. • Encourage start-up and entrepreneurship activity in core branches by setting up innovation hubs and tinkering labs, providing financial and mentoring support to students of core branches with innovative ideas, and providing credits for spending time on such ideas. • Provide a chance for core disciplines to do a Double Major by undertaking extra credits. • Start centres of excellence (CoEs) in core branches and involve students to get them excited to take up various projects.

		2. Post Graduate (M.Tech) Programmes: The enrolment trends in post-graduate programmes confirm that there is no state, discipline or institution category (government/private) for which the moratorium of approval to PG programmes in engineering institutions can be lifted. Existing PG programmes need to be restructured and made R&D and Industry Centric. Institutions/universities should replace the courses that have lost relevance with those in demand from the industry and those in line with government vision. **3. Diploma Programmes:** i. The enrolment trends in diploma programmes confirm that about 50% of existing capacity is lying vacant. This warrants us not to add any new capacity. ii. There is an urgent need to review the curricula of diploma programmes. In the Western world, diploma holders, who primarily graduate from what are known as community colleges, find a lot of relevance in the industry. Indian industry is suffering on account of the non-availability of such relevant and well-trained manpower. This needs serious attention. iii. Laboratory equipment is poorly maintained and is outdated. For India to emerge as a globally competitive nation across sectors, it is essential to strengthen this stream of basic engineering talent. iv. Industry-academia connect is critical for diploma holders. Internships and apprenticeships need to be used extensively. The Executive also resolved that the suggested recommendations of the said Committee may be incorporated in the forthcoming "AICTE Approval Process Handbook 2022-2023." The EC also opined that the Core disciplines viz. ME, EE, EC, CE may also include the name of the emerging area specialization programme viz. ME (specialization in AI). The EC suggested that AICTE may write to the respective State Governments/UTs requesting to suitably amend their Recruitment Regulations in view of new emerging disciplines to avoid undue hardship for the prospective employment opportunities and equivalency matters being received at AICTE. The EC also suggested that AICTE in its APH must complete the work of nomenclature of UG & PG courses. The Executive Committee considered and approved the proposed Scheme document and additional budget of Rs.1.90 crore for SIU and its activities for a period of 5 years, in addition to Rs.75.00 crore already approved in the 143rd meeting of the EC. The funds for the same shall be met through AICTE's internal resources i.e. IRG of AICTE. The EC also approved to increase such colleges from 15 to 20 in case more states need to be covered.

| 149th Executive Committee meeting 10-03-2022 | **Item No. 149.03.04**

To consider and approve AICTE- Scheme for Promoting Accessible Education (SPACE) regarding. | The Executive Committee was informed that in its 143rd meeting, approval was granted for developing one selected model college each in majority of the states, which will be having all provisions in support of Accessible Education and approved an amount of Rs. 75 crore for 15 states (@ Rs. 5 crore per institute). Accordingly, it is proposed to initiate AICTE- Scheme for Promoting Accessible Education, by creating model institutes that will comprehensively address the needs of students with disabilities, so that the true spirit of access, equity and inclusion in technical education is achieved. These institutions will become a role model in Accessible Education for emulation by all institutions imparting technical and other higher education.

It was further informed that raising a model institute imparting Accessible Education, will involve establishing an Office of Accessibility & Assistive Technology (OAAT); procuring ready-made products to enhance accessibility; developing facilities using the in-house capability of students & faculty; and sharing the new products developed, best practices & experiences among such model institutions. By show-casing themselves, these model institutions would be able to inspire others, so that all institutions eventually impart Accessible Education. It is also proposed to establish a Scheme Implementation Unit (SIU) which will inter alia oversee implementation of 15 projects, facilitate their periodic review; conduct outreach programs promoting Accessible Education in other Institutions.

The Executive Committee considered and approved the proposed Scheme document and additional budget of Rs.1.90 crore for SIU and its activities for a period of 5 years, in addition to Rs.75.00 crore already approved in the 143rd meeting of the EC. The funds for the same shall be met through AICTE's internal resources i.e. IRG of AICTE.

The EC also approved to increase such colleges from 15 to 20 in case more states need to be covered. |
| | **Item No. 149.03.07**

To consider and approve the revised report of National Fee Committee. | The Executive Committee was informed that in its 147th meeting held on 01-12-2021, recommended to constitute a sub-committee to review the fee structure recommended in the National Fee Committee(NFC) report and comments received from different States/UTs in respect of the programmes of Planning, Design and Applied Arts & Crafts. The sub-committee noted that the required faculty student ratio was higher (1:16 for Planning 1:10 for Design Applied Arts and crafts) than other professional programmes and permitted intake limited to only 60, 90 and 180, therefore, per student fee for these programmes works out to be quite high.

The Executive Committee was further informed that the NFC report was placed before the All India Board of Applied Arts, Crafts & Design (AIB-AACD) and All India Board of Town and Country Planning (AIB-TCP).

The AIB-AACD has recommended the faculty-student ratio of 1:15 for both UG and PG related courses in Applied Arts and Crafts and the AIB has not suggested any changes for Design domains and Planning. |

In view of the revised ratio, following the norms and methodology stated by NFC Report of 2021. The minimum and maximum fees for these programs are mentioned in the following Table:

Program	Program Duration (years)	Minimum Fee recommended (Rs.)	Maximum Fee (Rs.)
Applied Arts & Crafts	4	1,10,600	2,53,200
Design	4	94,600	2,25,700
Applied Arts & Crafts	2	1,48,300	3,07,000
Design	2	1,55,400	3,14,300

The Executive Committee after exhaustive deliberations, considered and approved the recommendations of the National Fee Committee (NFC) with the minimum and maximum fees for all professional programmes by considering Norms and Standards prescribed by AICTE in its Approval Process Handbook 2020-2021. The EC also approved the recommendations of the sub-Committee for the programmes of Planning, Design and Applied Arts & Crafts as mentioned in the aforesaid table as recommendations of the National Fee Committee in totality.

The Executive Committee further decided that the Fee Regulatory Committee of each State/UT should ensure that the minimum and the maximum fee defined by the NFC in various disciplines should be adhered by the institutions. The State Fee Regulatory Committee should verify the audited accounts of the respective institutions in respect of fee being charged as per the recommendations of the NFC to prevent commercialization of education.

The Executive Committee approved the National Fee Committee recommendations as modified by the review Committee headed by Dr. M.K. Tiwari, Director, NITIE, Mumbai.

The Executive Committee resolved that the recommendations of the NFC and the sub-committee along with the aforesaid decisions may be forwarded to the Ministry of Education for further notification and apprising the Hon'ble Court in the ongoing matter, accordingly. The Executive Committee placed on record, appreciation for Dr. M.K. Tiwari, Director, NITIE, Mumbai (Chairman of the Sub-committee) and other members of the sub-committee for their contribution and timely submission of their recommendations.

	Item No. 149.03.12 To consider and approve core branches as recommended by committee on "Reviewing Moratorium on Approval to New Engineering Institutions from academic year 2022-23 onwards."	The Executive Committee was informed that the recommendations of the committee under the chairmanship of Prof. BVR Mohan Reddy, on "Reviewing Moratorium on Approval to New Engineering Institutions from academic year 2022-23 onwards" was approved in the 148th emergent meeting held on 13-01-2022.

Further, the Executive committee was apprised that the following branches of engineering are to be considered as core branches from A.Y. 2022-23 onwards

Civil Engineering	Food Technology
Mechanical Engineering	Industrial Engineering
Electrical Engineering	Automobile Engineering
Chemical Engineering	Mining Engineering
Electronics Engineering	Textile Engineering
Metallurgy	Agriculture Engineering
Computer Science	Instrumentation

Also, an institute is permitted to change the intake or add new courses by reducing seats in other approved courses but not exceeding the reduction by 50% of the earlier intake. Complete closure of any core branch is not allowed for getting the new courses keeping in view of the future requirements of engineers from the core branches of engineering.

The Executive Committee, based on the recommendations of the aforesaid committee approved the following provisions to be enabled in the Approval Process handbook (APH) 2022-23:

a) In view of the large number of vacant seats in various Programmes during the last few years and the likely future demand, the Council shall not grant approval to the new Technical Institutions at the Diploma/ Under Graduate/ Post Graduate Level. However, establishment of new Technical Institutions in Engineering and Technology shall be permitted only in cases where: -

• State Government / UT (based on their perspective plan) is providing financial assistance for establishment of Technical institutions in order to offer the Engineering and Technology Programme / Courses at DIPLOMA/UG/PG level where NO Government /Government Aided Technical Institution offering the same level in Engineering & Technology is already available in that particular district. The Government must have a budget provision of minimum Rs.10.00 crore and requisite land for establishment of New Institute.

• State Government proposes to start a New Polytechnic (Engineering and Technology) for conducting courses in Emerging/ Multidisciplinary/ Skill/ Vocational area including PPP mode.

• New Institutes (Engineering and Technology) with courses in Emerging Area as well as in Traditional/ Conventional Area for NE States, J&K, Ladakh and in Aspirational Districts of different States/ UT.

• Philanthropical organization existing for more than 25 years and running other educational institutes having minimum enrolment of 10000 students having NIRF (if applicable) Ranking within 100.

			• Any Industry having a minimum annual turnover of Rs.5000.00 Crore (in preceding 3 years) subject to its application as a registered Trust/Society/Company established under Section 8 of the Companies Act,2013.
			b) The EC was informed that AICTE has received requests from state Govts. for starting new institutions in the following cases, which could not be taken up by the State Governments due to COVID pandemic/ unavoidable circumstances:
			• Where land has already been allocated 3-4 years' earlier by the State Government for establishing a new polytechnic;
			• Where state Govt. has identified/sanctioned posts for appointment of faculty during the last 3-4 years for a new institute;
			• Where the state Government intends to establish a polytechnic imparting technical education purely in respective local/state language;
			The APH provision permits establishment of only one Polytechnic under one aspirational district. Any state Govt. proposal to seek approval for establishment of another polytechnic in the same aspirational district shall be allowed to run courses in emerging/thrust areas/local or state languages only.

1.2.3 All India Boards of Studies Meetings

The 11 All India Boards of Studies (AIB) duly constituted by the Council for advising the council in their areas of specialization, in all had 10-Meetings during 2021-22 for deliberating on various proposals/ issues received from stakeholders and also for model curriculum preparation for various courses in their domain. Major issues discussed and recommendation made thereupon is as follows: -

Table 1.2.4: All India Board of Studies

S. No.	Name of Board	Date of Board meetings	Major Deliberations
1.	All India Board of Vocational Education (AIB-VE)	8th Meeting on 10-02-2022	• The Board approved the Model Curriculum(s) of the following vocational courses submitted by the Skill Development Cell, AICTE. recommendation of the board as follows:

Course Nomenclature	Recommendations
Mobile Communication	The Board approved the model curriculum of B.Voc. which is specified from Level 5 to 7.
Printing and Packaging	The Board approved the model curriculum of both D.Voc. and B.Voc. which is specified from level 3 to 7.
Travel & Tourism	The B.Voc Program starts at NSQF Level 5 and ends at NSQF Level 7. However the proposed B.Voc Program is shown as starting at NSQF Level 4 and Ending at NSQF Level 6. The Board approved the model curriculum with the recommendations to make the minor corrections of levels specified in the document as per the standards of B.Voc. The D.Voc. could not be taken up due to omission and it may be considered by Board Members through e-mail circulation.

			Architecture Assistantship	The Board approved the model curriculum of D.Voc.
			Interior Design	The B.Voc. program starts at level 5 and ends at level 7. The Board approved the model curriculum with the recommendations to make minor corrections of levels specified in the document as per the norms & standards specified for B.Voc. course
2.	All India Board of Management Studies (AIB-MS)	11th Meeting on 01-11-2021	• Board recommended the industry - oriented Post Graduate - 1 year Certificate in Management courses in the following disciplines: 1. Television and Radio Journalism /Production 2. Digital Media and Online Journalism 3. Advertising and Marketing Communication 4. Corporate Communication and Event Management 5. Digital Media and Marketing Communications • Board suggested that there should be only one consolidated list of AICTE approved nomenclatures of courses for PGCM, PGDM, MBA and FPM. The separate list may be deleted from AICTE-APH. • Board recommended the introduction of 5 - years integrated Management programme. However, it may be introduced in selected PGDM standalone institutions under category-1 (based on the graded autonomy granted by AICTE in last 3-years). • Board recommended course curriculum of newly approved PGDM course in Hospitality Management submitted by Moti Lal Rastogi School of Mgt. Lucknow. • The Board constituted a sub-committee to review the AICTE Model Curriculum to align it with NEP 2020.	

		12th Meeting on 18-02-2022	• The Board recommended that duration of PGCM & PGDM and eligibility criteria may be specified in the AICTE APH as given below: -

Management (PGCM)	1 year	Passed Bachelor's Degree of minimum 3 years duration. Obtained at least 50% marks (45% marks in case of Candidates belonging to reserved category) in the qualifying examination.
Management (PGDM)	2 years*	Passed Bachelor's Degree of minimum 3 years duration. Obtained at least 50% marks (45% marks in case of candidates belonging to reserved category) in the qualifying examination.

* (with exit option of PGCM after completion of First year subject to fulfilling the First year credits.

3.	All India Board of Information Technology Education (AIB-ITE)	5th Meeting on 25-01-2022	• The Board constituted a sub-committee to prepare MCA Model Curriculum and also include new emerging areas in the Model Curriculum or as a specialized subject in 2nd Year MCA. • Board recommended the following changes in eligibility criteria for admission into MCA course: Passed B.C.A/ B.Sc (Computer Science)/ B.Sc (IT)/B.E (CSE)/B.Tech (CSE)/B.E. (IT) / B.Tech (IT) or equivalent Degrees OR Passed any graduation degree (e.g.: B.E/ B.Tech/ B.Sc/ B.com./ B.A./ B.Voc./ etc.) preferably with Mathematics at 10+2 level or at Graduation level (for students having no Mathematics background compulsory bridge course will be framed by the respective University/ Institution and additional bridge courses related to computer subjects as per the norms of the concerned University). Obtained at least 50% marks (45% marks in case of candidates belonging to reserved category) in the qualifying examination.
4.	All India Board of Under Graduate studies in Engineering & Technology (AIB-UGET)	02nd Meeting on 21-05-2021	• The Board appreciated the work done by the sub-committee for preparing the Policy/ Guidelines on Industry Integrated Lateral Entry to B.E./B. Tech Programme and considering the importance of industry – institution close collaboration, approved the policy/ guidelines. • The Board recommended the inclusion of Geological Technology & Geo-informatics nomenclature for B. Tech course in Approval Process Handbook 2021-22 and Proposal submitted by Ch. Brahm Prakash Govt. Engineering College for introduction of Geo-informatics/ Geospatial Technologies in the list of emerging areas. • Proposal submitted by Manipal Institute of Technology for the change of nomenclature of B. Tech courses. For the changes in the nomenclature from B. Tech Instrumentation and Control Engineering to B. Tech. Electronics and Instrumentation Engineering, the Board recommended for resubmission of the proposal by MIT in the revised form with proper supportive documents. However, the B. Tech. Printing and Media Technology to B. Tech. Media Technology, the board approved the proposal with the suggestion that the institute should comply with the existing closest available nomenclature in the APH. • The proposal submitted by Kongu Engineering College for B. Tech Food Technology (Food Process Technology and Management.): The Board deliberated on the proposal and approved the curriculum, with the condition that, the institution has to comply with available nomenclature Food Processing Technology which is an approved nomenclature in the AICTE's Emerging Areas Technology list.
		03rd Meeting on 21-12-2021	• Inclusion of IDEA lab into Model Curriculum of PG Courses The Board appreciated launch of IDEA lab scheme by AICTE and recommended that an audit course on IDEA Lab in the AICTE approved institution be allowed • Inclusion of UHV-I and UHV - II syllabus for incorporation into AICTE Model Curriculum received from Induction Program Cell, AICTE:

			The Board recommended the proposal with the condition that since the courses involve additional credit, it may be assured that the credit limit may not be exceeded further as prescribed by AICTE Model Curriculum. • Minor Degree on "Sustainable Energy Engineering (SEE)" The Board suggested that the basics of Solar Energy must be covered up but, instead of focusing on Solar Energy alone, it emphasized that other options of sustainable renewable energy viz wind energy, hydro energy, passive heating etc. must be explored. • Minor Degree on "Universal Human Values (UHV) The Board agreed to recommend the proposal with a view that the existing faculty members in the institutions need to be improvised and trained in line with the NCC-IP, NC-UHV/AICTE ATAL Academy for smooth running of courses. • Minor Degree / Streamed Electives/Open Electives in Indian Knowledge System (IKS) The Board recommended the proposal as an optional subject with at least 40 hour. lectures. However, the minor degree Courses for UHV and IKS will start from semester 3 to semester 8 with one course in each semester. The minor degree in other disciplines will start from semester 5 to 8. • Proposal for inclusion of New Program of B.E. (Fire Engineering) submitted by National Fire Service College, Nagpur: In view of the sensitivity/ safety aspects of the course, it is advised by the Board that the subject may be run by their own Fire Services Colleges and asked to submit the complete detailed curriculum of the proposal to the AICTE for scrutiny. • Inclusion of Circular Economy as an open elective course UG Engineering Program The Board recommended the proposal for inclusion of the Circular Economy as an open elective course in the UG Engineering program. • Promotion of CollabCAD in AICTE affiliated colleges First Year Curriculum The Board found CollabCAD a very useful and valuable software to the students pursuing diploma/ degree in engineering and recommended the proposal • Sub-Committee Report on Industry Integrated Lateral Entry BE/ B.Tech Program The Board recommended the proposal with the condition that the AICTE criteria/ norms as suggested by the Sub-Committee are required to the adhered to by the Institutions
5.	All India Board of Post Graduate Education and Research in Engineering & Technology (AIB-PGERT)	3rd Meeting on 22.12.2021	• Proposal to recognize and consider M.Voc qualification for admission to M.Tech course: Board authorised the Chairman to evaluate the proposal and take decision accordingly. • Introduction of new M.Tech program in "Geotechnical and Geo Environmental Energy" at SPT-PDEU The Board approved the proposal to include it in the APH with asterisk and with a condition that it will be reviewed next year before giving the EoA. • Inclusion of PG courses in the AICTE approved list of PG Degree nomenclature courses.

			The Board approved the request to include the nomenclature in the APH with the following remarks.
			"Though Extension of Approval (EoA) has been given but that doesn't necessarily mean it should be included in APH, it can be included in the APH for the needful action with asterisk mark mentioning that subject to approval from the AIB-PGERT".
			• Request for change in nomenclature of course received from National Sugar Institute, Kanpur:
			The Board approved the proposal for change of "PG Diploma in Industrial Instrumentation and Process Automation Course" to "PG Diploma in Instrumentation and Process Control" and 'PG Diploma in Quality Control and Environment Science Course" to "Environmental Engineering".
			• Vellore Institute of Technology (VIT): Request for change of course name
			The Board approved the change of the course name "Artificial Intelligence and Machine Learning" to "Computer Science and Engineering with specialization in Artificial Intelligence and Machine Learning; and "Cyber Physical Systems" to Computer Sciezznce and Engineering with specialization in Cyber Physical Systems".
			UG/PG respectively and enhanced the same to 1:15 for both UG/ PG Programs initially for a period of 2 years.
			• Feasibility of introducing a course for Specific Learning Disabilities or Dyslexia and to examine the aspects of increase a number of seats in Applied Arts:
			The Board constituted a Sub-Committee to examine the above aspect.
7.	All India Board of Technician Education (AIB-TE)	4th Meeting on 29-12-2021	• Change in nomenclature of Diploma in Crypto Systems for Cipher Courses: Board referred the matter for change in the name Diploma Course in Cryptosystem (Operator Cipher Radio) to Cyber System and Information Security submitted by Military College of Telecommunication Engineering, MP, to a Sub-committee. • Board constituted a sub-committee to consider the syllabus for Diploma course submitted by T. S. Srinivasan Centre for Polytechnic College and Advanced Training on i) Electrical Engineering & Electric Vehicle Technology ii) Computer Engineering & IoT. • Sub-committee was constituted for the rationalization of nomenclatures.
8.	All India Board of Town and Country Planning (AIB-TCP)	6th Meeting on 16-02-2022	• The Board constituted a task force/ sub-committee to design the AICTE Model Curriculum to align it with NEP 2020 and incorporating the suggestions given in the NITI Aayog report on 'Reform in Urban Planning Capacity in India" relating to Planning Education. • The Board considered the matter regarding revising the eligibility criteria of Bachelor's degree in Planning & recommended inserting "preferably with Mathematics at 10+2 level in the eligibility criteria as prescribed in APH and provision of bridge course of Mathematics for candidates with non-mathematics background 10+2 level".-

1.2.4 Regional Committees Meetings

As per the provisions of the AICTE Act, the Regional Committees advise and assist the Council in all aspects of planning, promoting and regulating technical education within their respective regions. These Committees are mainly helpful in implementation of Clause 10 (k) of the Act i.e. grant of approvals for new technical institutions and for the introduction of new courses or programmes.

02 Chapter

APPROVAL BUREAU

2.1 Growth of Technical Education

AICTE continues to promote quality technical education in the country in a coordinated and integrated manner through appropriate policies, programs, funding and recognitions. The progression has been furthered by the National Education Policy 2020 (NEP) which aims to bridge the gap between current learning outcome that brings the highest quality, equity and integrity into the system.

In line with NEP, AICTE has reoriented its role as a regulator to be a objective facilitator and usher in more changes in technical education. Relevant changes have been incorporated in the annual Approval Process Handbook with focus sharpened on quality of education, simplicity of procedure and transparency in implementation. New Provisions introduced in the APH 2021-22 are as follows:

Chapter I [For New Institutions]

1) As per recommendation of BVR Mohan Reddy Committee, moratorium for setting up new Engineering Colleges has been extended for two years (AY 2022-2024). However, approval would be granted wherein state government / UT (based on its perspective plan) is providing financial assistance for establishment of technical institutions in order to offer the Engineering and Technology programme/ courses at diploma/ UG/ PG level where no government/ government aided technical institution offering courses are already available in that particular district.

2) New Institutes (Engineering and Technology) with courses in Emerging area as well as in Conventional/Traditional area for NE States, J&K, Ladakh and in Aspirational Districts of different States/ UT.

3) As per directions of Hon'ble Supreme Court, for the existing institutions offering courses in Architecture or Pharmacy Programme, approval by the Council of Architecture (COA) or Pharmacy Council of India PCI is mandatory but AICTE approval is not necessary. However, for the purpose of getting benefits of AICTE schemes as per the prevailing policies/norms, interested Architecture / Pharmacy Institutions may apply to the AICTE for approval, after getting approval of CoA/ PCI.

4) To ease submission of application on AICTE web portal, Digitally Signed facility has been introduced and Institutes/ organisation were informed through public notification.

5) Online Scrutiny/ Re-scrutiny/ EVC with a provision for physical ones done under extra ordinary circumstances.

Chapter II [For Existing Institution]

1) Keeping in view of the pandemic situation, Council not only modified the processing and submission of application online but also provided online support system for other purposes, related to existing institutes.

2) No TER charges are levied for Government-aided institutions, even if running some self-financing courses.

3) Conversion of Diploma level into Degree level and vice-versa.

4) Merger/ addition of new courses in conventional/ traditional discipline is not permitted.

5) Existing institutions shall continue to be permitted to start new program/course(s) in Engineering and Technology only in emerging/ multi-disciplinary areas.

6) Existing institutions of the same Trust/ Society/ Company operating in the same location/ city shall be permitted to merge into a single institution with all the facilities at the proposed parent institution and/ or part/ full facilities of the child institution(s), if necessary/required.

7) Child Institutions shall be allowed to submit their application only for EOA (No changes will be permitted) if merger is not approved.

8) Total land required shall be the highest amongst the programs/ levels being offered by the Institute. However, institute

shall have sufficient built-up area to cover all the requirements of all the programs/ levels conducted as per the provisions of Approval Process Handbook.

9) Introduction/ continuation of supernumerary seats for Foreign Nationals/Overseas Citizen of India (OCI)/ children of Indian workers in Gulf countries. The institution shall submit online application mandatorily for each course. (If required/ interested) for continuation of Approval for supernumerary seats for admitting Foreign National/ Overseas Citizen of India (OCI)/children of Indian workers in Gulf countries, as a part of application of Extension of Approval, every year, giving details of faculty and other facilities.

10) Increase in intake/is allowed to institutions with accredited courses for up to 4 divisions NBA validity of one accredited course can be used for increase in intake of their Non-Accredited course in emerging/ multi-disciplinary area courses only.

11) Increase in intake (over and above the maximum allowed intake per course) of one division is allowed for a course in regional languages, for only in the conventional accredited courses.

12) The existing Institutions having total "Approved Intake" exceeding the "Maximum Intake Allowed" seeking for approval for Increase in Intake/ Additional Course(s) (without NBA accreditation) in the same Level in the same Programme (Diploma/ Under Graduate/ MCA/ Management) shall have to apply for the Reduction of Course(s)as per the Procedure and shall apply for increase in Intake/ Additional Course(s) in lieu of the same, without exceeding the total "Approved Intake" as well as the number of Courses/ Divisions as specified in the Approval Process Handbook, subject to "Nil Deficiency" based on Self-Disclosure on AICTE Web-Portal. Number of New Courses/ increase in intake in Conventional / Emerging / Multidisciplinary area allowed, shall be restricted to FOUR (in terms of Divisions) per Programme/ Level (Diploma / Under Graduate / MCA / Management). New Course shall be allowed ONLY in case of more than 50% overall Enrolment in last year at respective level/ programme.

13) Affiliation with two different universities for same Programme/ Course shall not be permitted.

15) All the benefits/ facilities applicable for the minority institutions (converted from Non-Minority to Minority) shall come into force only from the subsequent academic year.

CHAPTER- III [For Collaboration & Tiwinng Programme]

1) Collaboration and twinning shall be allowed with a foreign university having ranking within top 500 as per the QS World Ranking and Indian University shall be within top 100 NIRF Ranking in the preceding year.

2) Collaboration and twinning shall also be allowed between AICTE approved institutions (having valid NBA accredited courses) and an institute of national importance passed by an Act of Parliament or any other AICTE approved institutes (having valid NBA accredited courses) with institutes falling within top 100 in NIRF ranking.

3) Collaboration and twinning shall also be allowed between AICTE approved Institutes (having valid NBA accredited courses) and Category-I Universities. Lateral Entry and supernumerary seats shall not be allowed in Foreign Collaboration and Twinning Programme.

CHAPTER- IV [For University]

1) Universities/ Institutions deemed-to-be-universities shall be permitted to run PGDM/PGCM course(s) along with other programmes.

2) Council shall not grant Approval for any integrated programme(s)/course(s) without NOC from respective regulatory body.

3) Application for partial Approval of any Programme(s) /Course(s)/ Intake at any level shall not be permitted.

CHAPTER-V [For Open & Distance Learning (ODL) & Online Learning (OL)]

1) Grant of approval for ODL/ online for Standalone Institutions/ Institutions Deemed to be Universities / Universities shall be as per AICTE (Open and Distance Learning Education and Online Education) Guidelines, 2021 notified on 3rd March, 2021.

CHAPTER- VI [For Vocational Course under NSQF]

1) Grant of approval through online application for Vocational Education Courses under NSQF.

2) All institutions initially shall be eligible for a maximum of four (4) sectors/ specializations per location, consisting of a maximum 120 students with a batch size of 30 students or (1) sector/specialization with maximum 120 students with batch size as 120 students.

3) The institutions can also apply for closure/reduction in intake of existing courses and can apply for vocational courses with sector/ specialization to a maximum of 120 intakes.

4) The approval for vocational courses shall be valid for ONE year. TER charges are not applicable for vocational courses.

CHAPTER-VII [Norms and Requirements]

1) Induction training of 3 weeks and 2 weeks is mandatory for First Year UG and Diploma students respectively.

2) The technical institutions shall initiate MoUs with the industries for the internships of the students and report the outcomes of the same in their website. The industry with whom MoU is signed shall be a registered industry having valid TIN/GST number.

3) Starting other academic course(s)/ institutions (technical/ non-technical) in the excess built-up area/land, arising out of the courses approved for closure, not started, etc., is permitted. However, the applicant has to make material/ non-material amendment of the building plan, site plan, etc. approved by the concerned Competent Authority to suit the requirements of the new programme.

4) Under Tuition Fee Waiver (TFW) Scheme, admission up to a maximum of 5% of "Approved Intake" per Course shall be available. These seats shall be supernumerary in nature and shall be available only to such course(s) in an institution, where a minimum of 50% of the seats in approved intake were filled up in the last academic year.

5) The TFW Scheme will be implemented by the respective PGDM/PGCM institutes as per their institution policy (following general guidelines issued by AICTE).

CHAPTER-VIII [Penal Action in case of Violation of the Norms and Regulations]

1) Any changes in the Schedule for any of the approval (including academic) related activities as notified by the Council from time to time is binding on all the AICTE Approved institutions/ Universities.

2) AICTE has strengthened the grievance redressal system to address the grievances of faculty. If the grievance is not addressed initially at the institution and University (UG & PG level) or DTE (Diploma level), then only the faculty can approach Council.

2.2.1 Postgraduate and Undergraduate Programmes

New approvals accorded to various Post Graduate Programmes during 2021-22 is given below, after which the number of institutes offering one or more approved PG Programmes stands at 4789 while the number of courses at 13717.
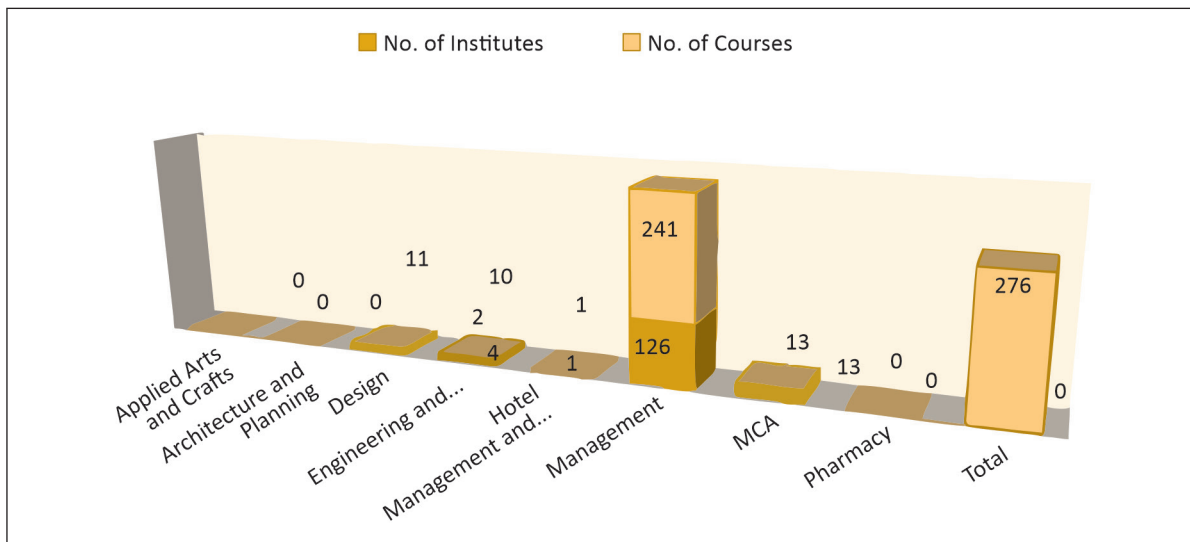

Fig 2.2.2: New Approvals accorded to Postgraduate Programmes during 2021-22

During the year, Council received a number of proposals for starting new institutions at Undergraduate level, for introduction of new UG Programmes in existing institutions, for increase in intake of already running Programmes or for redistribution of intake in existing courses. The number of approvals accorded during the year for establishing new institutions at Undergraduate level in various disciplines is as given below:

The number of institutes offering one or more PG & UG programmes (New + Existing) is 5957 and the intake of students stands at 1963408.

2.2.3 Postgraduate and Undergraduate degree programmes (new + existing)

During the year under report, the Council received proposals from institutions for approval of Diploma level programmes in various disciplines. After scrutiny and due processing, the Council accorded approvals as given below:
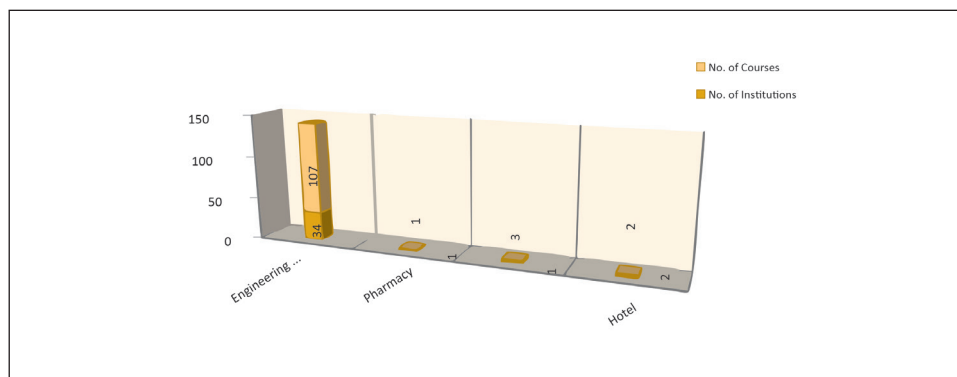

Fig 2.2.5: New Approvals accorded to Postgraduate Programmes during 2021-22
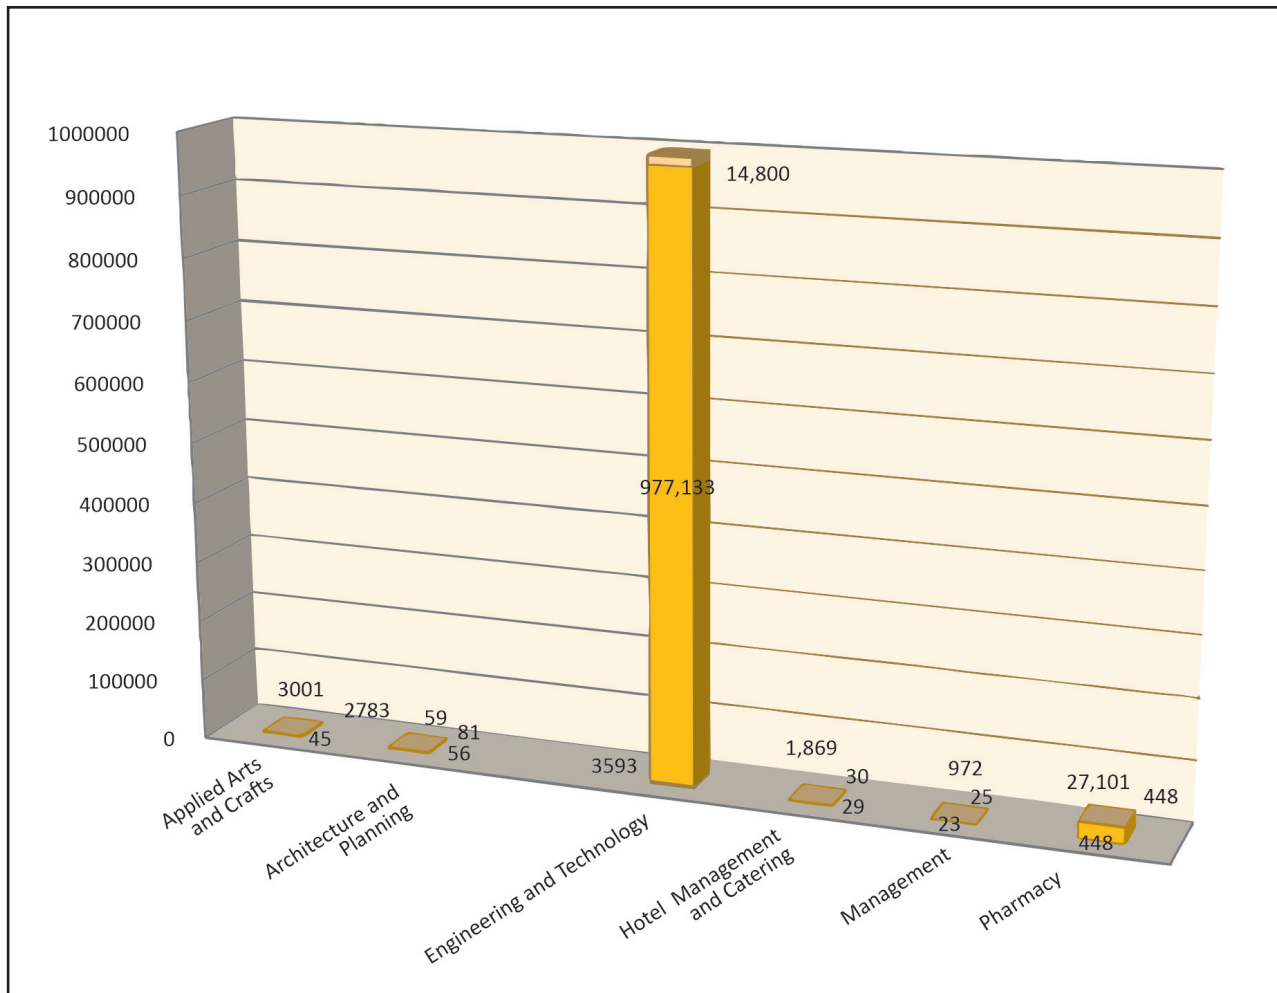

Fig 2.2.6: Diploma (New + Existing) for 2021-22

With the approvals, the number of institutes (new + existing) offering one or more diploma programmes stands at 3995 with an intake of 1012859.

03 Chapter POLICY & ACADEMIC PLANNING BUREAU

3.1 New Policies/ Regulations

The National Education Policy envisions an education system rooted in Indian ethos that contributes directly to transforming India, that is Bharat, sustainably into an equitable and vibrant knowledge society, by providing high-quality education to all, and thereby making India a global knowledge superpower. The policy envisages that curriculum and pedagogy of our institutions must develop among the students, a deep sense of respect towards the Fundamental Duties and Constitutional values, bonding with one's country, and a conscious awareness of one's roles and responsibilities in a changing world.

3.1.1 Flexibility in Eligibility Criteria for admission in U.G. course

In order to adopt the NEP 2020, a committee under the chairmanship of Prof. K.K. Aggarwal, NBA Chairman suggested relevant 14 subjects at 10+2 level for students aspiring for B.E/ B.Tech courses admissions of different disciplines. AICTE opened up the window of opportunity by broadening the entry level qualifications by offering 14 subjects to choose from, for admission in engineering.

Further out of 14 subjects at class XI & XII level, if a student has not studied a subject essential for the study of a specific discipline of engineering, then the student shall have to take the prerequisite additional courses either as a MOOC before joining the degree programme or at least in the first year of engineering before proceeding to learn the advanced courses in Mathematics, Physics, Chemistry and Biology or even spend an extra year so that proper foundation is created. List of major disciplines, along with mandatory subject is given in the table:

Table 3.1.1: List of major disciplines, along with mandatory subjects

3.1.2 Conventional and Emerging Area Curriculum

The Model curriculum development in Conventional UG Engineering and Emerging Area UG Engineering; inclusive of basic arts, crafts, humanities, games, sports and fitness, languages, literature, culture, and values, in addition to the core engineering, science and mathematics, to develop all aspects and capabilities of learners.

3.1.3 Model Curriculum in Emerging Areas at Undergraduate level

1) Computer Science and Engineering (Artificial Intelligence and Machine Learning)-completed.

2) Computer Science and Engineering (Artificial Intelligence and Data Science)-completed.

3) Robotics and Artificial Intelligence (R&AI)-under development.

3.1.4 Model Curriculum in Minor Degree Programmes

AICTE introduced the concept of major and minor degree in engineering disciplines and student who earns 18-20 credits in new emerging areas are awarded minor degree in that respective areas along with major degree.

1) Universal Human Values (UHV)

2) Advanced Web Development

3) Sustainable Energy Engineering (SEE)

3.1.5 Revision of Model Curriculum in Conventional Areas at Undergraduate level

AICTE periodically undertakes revision of Model Curriculum to keep pace with the change in technology and the

expectation of industry.

1) Electronics and Communication Engineering (ECE) - Ongoing

2) Computer Science and Engineering (CSE) - Ongoing

3) Mechanical Engineering- Ongoing

3.2 MoUs with various Organizations/ Institutions

AICTE is making concerted efforts to improve the standard of technical education and towards this AICTE has signed Memorandum of Understanding (MoU) with number of organizations, for the benefit of institutions and students at large. AICTE entered into MoU with 9 institutions during 2021- 22:

1) **Central Board of Secondary Education (CBSE)** on 05-04-2021 to launch the training of CBSE school teachers through AICTE Training and Learning (ATAL) Academy; NEAT courses for School Students; Innovation Ambassador training to School Teachers; Connecting Institution's Innovation Council (IIC); Conducting joint Hackathons for school students; participation of school students in the exhibition of Vishwakarma award; AICTE Student Induction Programme; Student Learning Assessment for school students; and, ranking for CBSE affiliated schools.

2) Aspire for Her Management & Consultancy Private Limited (Aspire for Her) on 13-10-2021 to collaborate for enabling future-ready workforce with focus on Women Empowerment.

3) **Eduskills Foundation** on 10-11-2021 to promote internship opportunities to engineering and polytechnic students of all branches and all years.

4) **Veterans India** on 25-12-2021 for overall development of UG and PG students by bringing in touch of discipline and nationalism that enable the youth to grow in all three dimensions [Mansa, Vacha and Karmana).

5) **Indian Railways Institute of Signal Engineering and Telecommunications (IRISET), Ministry of Railway** on 13-01-2022 to introduce Safety Critical Railway Technology subjects - 'Automatic Train Protection: Kavach' and 'Railway Signal Engineering' for B. Tech and M. Tech programs in India.

Fig 3.2.1: MoU between AICTE & Ministry of Railways

6) **Confederation of Indian Industry-** Young Indians (CII-Yi) on 25-02-2022 for promoting Employability, Skilling and Entrepreneurship development for Youth through Yi's mentorship support and activities which are aligned to nation building and youth leadership.

7) **Commission for Scientific and Technical Terminology (CSTT)** on 07-03-2022 to evolve and define scientific and technical terms in Hindi and in other modern Indian languages for Teaching & Learning Process, Content Creation as textbooks, Faculty Development Programme (FDP), Skilling and vocational education (Promotion in Hindi and regional languages), Promotion of Indian Knowledge System in Hindi and regional languages, Localization of technology.

8) **Mahatma Gandhi National Council of Rural Education (MGNCRE)** on 15-03-2022 to promote internship opportunities to engineering students, opting to join the Rural Entrepreneurship, Rural Management and Rural Engagement.

9) **National Testing Agency (NTA) & Eduquity Career Technologies Pvt. Ltd** on 19-03-2022 to facilitate and provide resources from AICTE approved institutions to conduct NTA online examinations through Eduquity across the nation.

3.3 Open and Distance Education and Online Education Guidelines 2021

1) In order to make Online & ODL Education more accessible and fulfil the objectives of NEP-2020, AICTE framed and notified comprehensive guidelines in March, 2021 and relaxed the norms for offering the same by technical institutions (NAAC Score 3.26 to 3.01 or NBA 700 to 650).

2) The institution has to acquire NBA accreditation with a minimum score of 650 points on a scale of 1000 in next 2-years from the date of initial approval.

3) These Guidelines are now applicable to management and allied areas, computer applications, artificial intelligence and data science in the engineering & technology domain, logistics, and travel & tourism.

3.4 Quality Initiatives

3.4.1 Undergraduate Engineering Programmes in Regional Languages/ Mother Tongue

Learning of UG programmes in Regional Languages/ Mother Tongue is being promoted by AICTE and approval was accorded to 19 institutions to offer them from 2021-22. AICTE has undertaken the translation of books of first year courses and MOOCs for important foundational engineering courses available in SWAYAM/ NPTEL in the 12 Indian languages. AICTE plans to initially start the education at degree level in languages such as Assamese, Bengali, Gujarati, Hindi, Kannada, Malyalam, Marathi, Odia, Punjabi, Tamil, Telugu, and Urdu.

3.4.2 AICTE & DRDO join hands to launch M. Tech in Defence Technology

AICTE joined hands with DRDO to launch a regular M.Tech. Programme in Defence Technology in technical institutions across India. The Institute of Defence Scientists & Technologists (IDST) will provide support to the universities and institutions for conducting this course with six specialized streams- Combat Technology, Aero Technology, Naval Technology, Communication Systems & Sensors, Directed Energy Technology and High Energy Materials Technology. During the programme students will get an opportunity to pursue their major project in distinguished DRDO labs, Defence PSUs and Private Sector Defence Companies.

Fig 3.4.1: Launch of M. Tech in Defence Technology

3.4.3 Standards for Accessibility to Differently-abled (PwD) Students

AICTE set up a committee under the Chairmanship of Prof. M. Balakrishanan, IIT Delhi to decide on standards for accessibility to PwD students studying in technical institution which recommended the following:

1) Accessibility standards for Students with Disabilities studying in technical institutions like wheelchair, ramp, provision of lifts, accessible toilets, proper signage, provision of Braille Signage, issue of notes/ handouts in advance, provide digital book reading device, training of teachers and use of Universal Design techniques, special provision in the exams and support systems like financial assistance (scholarship, sponsorship, etc.).

2) Framing of syllabus on Disability, Accessibility and Universal Design.

3) Introduction of a new elective course on Design of Assistive Technologies (for other than Civil Engineering and Architecture students).

4) Online SWAYAM course(s) and the list of faculty members who will be able to offer these courses.

5) Conduct one seminar from NGOs and Department of Rehabilitation who are already working in this area for sensitizing people and create awareness on this issue.

6) Design short term certificate diploma course of one-year duration for teachers.

7) AICTE to take initiative for the promotion of proactive engagement of college community (students and staff) with NGOs working for the People with Disability in the neighbourhood.

3.4.4 Awareness on Dyslexia among the Students, Teachers and Parents.

AICTE organized a webinar on Dyslexia on 13-10-2021 with the panelist Ms. Rama Tandon, Ms. Noopur Jhunjhunwala and Mr. Vivek Khare, who expressed their views on the problems related to Dyslexia and importance of awareness regarding it.

On 26-10-2021, Second webinar on Dyslexia was conducted where Dr. Induamthi Rao identified the areas needing for improvement for Inclusion of Dyslexic children into the mainstream education cohort. Prof. Sheffali Gulati shared her experience while working in AIIMS with children with SLD and helped figuring out traits at early stages that would help children in need. Sh. Balendu Sharma shared some online tools (transcription and voice to text) for dyslexic.

Fig 3.4.2: Awareness meet on Dyslexia among the Students, Teachers and Parents

3.5 Important Policy Decisions by the All India Board of Studies

Several meetings of the All India Boards of Studies (AIB) duly constituted by the council for advising it in their areas of specialization were held during 2021-22 for deliberating on various proposals/ issues received from stakeholders and also for model curriculum preparation for various courses in their domain. Major key decision of Boards are mentioned in chapter 1.

3.6 Visit Report Nominations

AICTE was requested to constitute visiting committee along with UGC Committee to visit Universities to observe the functioning of such Universities for Extension of status of Deemed to be Universities or set-up, a new Deemed to be University/Universities. During the year, 24 Universities were visited and the visiting committee report was submitted to UGC for further necessary action. The details of the Universities are as under:

24.	MIT Art Design & Technology University, Pune, (Maharashtra)

3.7 Review of Sydney and Dublin Accords

A committee chaired by Prof. K. K. Aggrawal, Chairman, NBA was constituted by AICTE to recommend whether India should become a signatory to the Sydney Accord and Dublin Accord. The committee recommended that India should be signatory to Dublin Accord meant for Engineering Technician Education, i.e., 3-years Diploma in Engineering Courses imparted in India as vast job market may be tapped by Indian Diploma holders in the member countries. The report was submitted to MoE for consideration.

3.8 Launch of Happiness Rankings on Blockchain and Blockchain courses

On 13-01-2022, AICTE announced that it has collaborated with Blockchain network 5ire to create the world's biggest happiness blockchain named, YourOneLife (YOL) app on 5irechain. YOL aims to create a sustainable model of happiness in the world.

By incorporating sustainability into India's technical and higher education regulation through YourOneLife (YOL), AICTE has engaged a central tenet of the for-benefits economy and its mission to accelerate the United Nations 2030 agenda for Sustainable Development. This application would be helpful to provide access to the thousands of affiliated institutions in creating and developing a sustainable model of Happiness in the world. The model of YOL essentially has three key features:

1) Assessing the Happiness Index of an individual and an institution

2) Assessing the mindshare of an individual or an institution

3) Setting the mind map of an individual or an institution

INSTITUTION, STUDENT & FACULTY DEVELOPMENT

4.1 Institutional Development Schemes

4.1.1 Campus Accommodation & Facilities Enhancing Social Experience (CAFES) Scheme

The scheme started in 2013-14 supports government/ government-aided engineering colleges/ University departments/ Polytechnics for construction of men/ women hostels in their campus. The objective is to provide accommodation along with social experience towards better personality development opportunities for students /researchers belonging to SC/ ST/ Differently-abled/ NER. Funding of upto Rs 3.25 crore, provided to institute to complete the project within the period of three years. During 2021-22 Rs. 35.55 Crore were released for construction of hostel.

An amount of Rs. 34.94 lakh was released to Indian Institute of Technology, Guwahati for DPR Development and Implementation under this Special Scheme in the year 2021-22.

4.1.3 Modernisation and Removal of Obsolescence (MODROB) Scheme

The scheme is aimed to upgrade the infrastructural facilities, laboratories, workshops, and computing facilities to enhance teaching, training and research capabilities in the AICTE approved institutions. The limit of funding is Rs 20 lakh and project duration is 2 years. AICTE has been operating this Scheme, to enhance the functional efficiency of

technical institutions for teaching, training and research activities by helping in timely upgradation of infrastructure.

During the financial year 2021-22, for 279 projects costing Rs. 34.13 crore were sanctioned and Rs. 27.30 crore released. In addition, Rs. 2.52 crore were released to MODROB project sanctioned in previous year, as first/second instalments during 2021-22.

4.1.4 Skill and Personality Development Programme Centre for SC/ST Students (SPDC) Scheme

The scheme promotes the establishment of infrastructure in the form of a SPDP Centre in institutes to empower the SC and ST students by providing special skill training apart from regular study. The training is provided with the help of modules on communication, personality development and proficiency in English language. Thus, it boosts the confidence of SC and ST students and provides them with better career opportunities, so that, their employability in the industry increases. Maximum funding to the institute under this scheme is Rs. 25 lakh, to be spent within three years.

During 2021-22 an amount of Rs. 4.20 Crore was released, being the second and third installment to the 84 beneficiary institutes under SPDC scheme.

4.1.5 Grant for Organizing Conference (GOC) Scheme

The scheme provides financial assistance to institutions for organizing conferences at national and international level in various fields of technical education. In view of the pandemic, institutions were permitted to conduct online (National/ International) conferences instead of regular onsite conferences with financial support not exceeding Rs. 4 lakh. During 2021-22, Rs. 130.35 lakh were released as first & second instalment to 123 institutions for organizing conferences.

4.1.6 AICTE- IDEA (Idea Development, Evaluation & Application) Lab Scheme

A new scheme AICTE-IDEA (Idea Development, Evaluation & Application) Lab was approved by the EC during the year. Facilities for supporting translation of Ideas into prototype and training of students are being created under one roof, to train students on 21st century skills so that there employablity enhances.

Proposals were invited from institutions having 10 successive EoA (Extension of Approval) in immediate preceding years and at least one live accredited course. Proposals were received and were subjected to evaluation, for funding from AICTE's own funds. 48 institutions spread over 17 states/UTs selected to establish an AICTE IDEA Lab were announced on 14-06-2021, and an amount of Rs. 23,85,95,000 was released by 31-03-2022.

2 ATAL IDEA Labs were sanctioned to Deenbandhu Chhotu Ram University of Science and Technology, DCRUST–Murthal (Haryana) and Visheswaraya Techological University– Muddenhalli (Karnataka) to be evolved as model labs at a cost of Rs. 4.42 Crore each. These will largely be conducting FDPs and offering internship on a continuous basis. The list of institutions sanction IDEA LABS is given in Annexure 4.2.

4.1.7 e-Shodh Sindhu (ESS) Scheme

Free subscription of e-Journals/ e-Resources to AICTE approved Government/ Government-aided institutes is provided through INFLIBNET Centre, Gandhi Nagar, (Gujarat) at the behest of AICTE and MoE. During 2021-22, Rs. 2.74 crore were released to INFLIBNET for the subscription to ASCE, ASME & Bentham Science to 77 institutes so far.

4.1.8 AICTE-Scheme for Promoting Interests, Creativity and Ethics among Students (SPICES)

As first of its kind initiative, focussing on students' clubs was launched during this year to energize and position students club/ Chapters/ Societies as facilitating entity for pursuit of individual interests, creative work, showcasing talent, networking and teamwork opportunities, social experience; organization and management skills, exposure to professional ethics etc. During 2021-22, Rs. 45 lakh were released to 45 institutes under this scheme Rs. 180 Lakh having been released in previous year.

4.1.9 AICTE-Scheme Promoting Accessible Education (SPACE)

AICTE launched the Scheme Promoting ACcessible Education (SPACE) aimed to eliminate the difficulties learners are faced with, due to impairment of any kind with an overarching objective of encouraging more students to enroll for technical education and make them as comfortable as other students and empower them to complete their studies.

For this purpose, AICTE proposes to create one model institute in 15-20 major linguistic states, to offer Accessible Education and this involves establishing a sensitive and responsive Office of Accessibility & Assistive Technology (OAAT) in each institute. OAAT shall be the repository of all resources and proactively catering to the requirement of students. The institutes selected shall be procuring ready-made products to enhance accessibility; developing facilities/ solutions using the in-house capability of students & faculty; and sharing the new products developed, best practices & experiences among such model institutions. By showcasing themselves, these model institutions should be able to inspire others, so that over time all institutions impart Accessible Education.

4.2 Student Development Schemes

4.2.1 Pragati Scholarship Scheme for Girl Students

AICTE awards Rs. 50,000 per annum under Pragati Scholarship to girl students with an aim to provide assistance to pursue technical education. This is an attempt to give young women an opportunity to pursue higher technical education and prepare them for a successful future.

The scheme launched on National Educational Day in 2014, allows two girls per family to benefit provided family income is less than Rs. 8 lakh per annum. 10000 scholarships per annum from 23 States/ UTs (5000 for Diploma and 5000 for Degree), and all eligible girl students from remaining 13 States/ UTs (including North Eastern Region, J & K, etc.)

The candidates should have been admitted in AICTE approved institutions either in the first year or second year (Lateral entry) of the Degree or Diploma level programs during the academic. Reservation of 7.5% for ST, 15% for SC, and 27% for OBC candidates is available.

4.2.2 Saksham Scholarship Scheme for Differently-abled Students

AICTE awards Rs. 50,000 per annum under Saksham Scholarship to differently-abled students with an aim to provide encouragement and support them to pursue technical education. This is an attempt to provide young differently-abled students an opportunity to study further and prepare for their successful future.

This scheme launched on National Educational Day in 2014 is available to all students having more than or equal to 40% disability and whose family income is not more than Rs. 8 lakh per annum.

All the eligible specially-abled student admitted to first year or second year (Lateral entry) of the Degree or Diploma level programs during the academic year can apply for this scholarship.

4.2.3 AICTE-Swanath Scholarship Scheme

AICTE launched 'AICTE-Swanath Scholarship Scheme' in September 2021 to provide support to orphans; wards of parents who died due to Covid-19 and wards of Armed Forces and Central Paramilitary Forces martyred in action (Shaheed) to pursue courses offered by AICTE approved institutions.

Fig 4.2.3: Webinar on AICTE-Swanath Scholarship Scheme

Under this scheme 2000 scholarships (1000 for Degree Students and 1000 for Diploma Students) are awarded every year to eligible candidates. Rs. 50,000/- per annum for every year of study that is, scholarship of maximum 4 years' duration for first year admitted Degree students and maximum 3 years for Diploma Students are given. Total 828 applications were received in the year 2021-22.

4.2.4 AICTE-Post Graduate (PG) Scholarship Scheme

In order to ensure development of technical education in India, AICTE awards Scholarship to GATE/ GPAT/ CEED qualified student, an amount of Rs. 12,400/- per month for 2 years. The students of final years of dual degree integrated programmes are also eligible for PG Scholarship from the 9th semester onwards.

PG Scholarship is awarded to students admitted in Master of Engineering/Technology/ Architecture/ Pharmacy/ Design courses including integrated courses in AICTE approved institutions and University/ Departments, within the approved programme/ intake plus maximum 10% for EWS category students (fulfilling the eligibility conditions for scholarship), if EWS quota is implemented by the respective institutions.

During the financial year 2021-22, an amount of Rs. 26,763.82 lakh was released, into the bank accounts of students through Direct Benefit Transfer (DBT).

4.2.5 AICTE Doctoral Fellowship (ADF)

The objective of the scheme is to promote research culture in AICTE approved institutions, collaborative research between institute and industries leading to start ups. For the academic year 2021-22, in all 363 seats were allotted to 42 Universities across different states of India. The admission against the allotted seats is done directly by the concerned University following the minimum eligibility criterion as prescribed by AICTE. The duration of the fellowship is 3 years and one-year extension may be given by AICTE on the recommendation of the University, based on the performance of the research scholar. Selected researchers receive a monthly fellowship of Rs. 31,000 as JRF for first two years and thereafter Rs. 35,000 as SRF, besides house rent allowance (HRA) as per government norms. In addition, an amount of Rs. 15,000 per annum as contingency grant is given.

4.2.6 AICTE-MITACS Globalink Research Internship (GRI) Scheme

An MoU was signed between MITACS, Canada and AICTE on 23-02-2018, for implementing (the AICTE-MITACS GRI Scheme) to foster cross-border partnerships focused on creating a platform for collaborative research between Canada and India to a pool of student talent in India, for a period of five years, from 2018 to 2023.

MITACS Globalink Internships are open for third year/ final year students in STEM (Science, Technology, Engineering and Mathematics) disciplines in AICTE approved institutes in India. AICTE provides support to 300 students to undertake internship in Canadian universities. This time, it has been decided to conduct 2022 cohort visit physically (offline). The total expenditure of the internship is CAD$12000 per student and AICTE contributes CAD $3000 per student which is 25% of the total internship.

Fig 4.2.4: Webinar on AICTE-MITACS Canada Globalink Research Internship (GRI) 2022

In the year 2021-22, 621 students were selected for undertaking internship physically in the Canadian universities, which will start from the first week of May 2022. MITACS is willing to support full cost of internship for extra students selected beyond 300.

4.2.7 AICTE-Youth Undertaking Visit for Acquiring Knowledge (YUVAK) Scheme

Study Tour of Atal Tunnel (Himachal Pradesh), was launched on 21-05-2021 as a part of YUVAK scheme. Financial support is given to the team of one faculty and 10 students from selected AICTE approved institutions having NIRF ranking between 1 to 500. Students should be from second and third year of B.E./ B.Tech. or Integrated M. Tech. pursuing Civil, Mechanical and Structural Engineering disciplines. Each year a grant of Rs. 1.7 lakh and Rs. 2 lakh is given to 25 institutions from NRO & NWRO and 75 institutions from remaining regions respectively.

Fig 4.2.5: Launching of YUVAK scheme on 21-05-2021

During the year 2021-2022, 15 institutions from NRO & NWRO and 74 institutions from remaining regions were selected. Due to snowfall, bad weather and operational reasons, ATAL Tunnel was closed from Jan 2022 to Mar 2022 and therefore, remaining 28 institutes will complete their visits by 30-07-2022.

4.2.8 AICTE-Student Learning Assessment (PARAKH)

AICTE-Student Learning Assessment (PARAKH) aims to assess and improve the skills of engineering students in India. A bank of 1.22 lakh questions in the field of Engineering, MBA and MCA was used for assessment during 13-09-2022 to 31-03-2022 a dedicated portal (http://aslap-aicte-india.org). 98376 students from 1235 AICTE approved institutes registered themselves for assessment and out of which 67501 finally took the assessment. Fig 4.2.7 gives an overview of students who took PARAKH assessment across the country. The top 5 states in terms of participation in India (highest to lowest) are Tamil Nadu, Karnataka, Madhya Pradesh, Maharashtra and Uttar Pradesh.

4.3 Faculty Development Schemes

4.3.1 Quality Improvement Programme (QIP)

With the objective of upgrading qualification and capabilities of the faculty members of degree level technical institutions, the Government of India launched the Quality Improvement Programme (QIP) in the year 1970, now being implemented and monitored by the Council. From 2001, QIP has been extended to the teachers in approved diploma level technical institutes. Selected institutions offer Master's and Doctoral programmes to faculty members selected under this programme who are paid monthly scholarships of Rs. 9,000 and Rs. 15,000 respectively.

4.3.2 Faculty Development Programme (FDP) - (UT, J&K, Ladakh & NER)

The FDP scheme provides financial assistance for organizing training which will facilitate upgradation of knowledge, skill besides providing opportunities for induction training to teachers employed in technical disciplines. Applications were called under AQIS 2021-22, focusing on J&K, Ladakh & NER. AICTE approved institutions/ University Departments imparting technical education are entitled for this grant of Rs. 7 lakh to conduct this proposed/ approved FDPs of two-week duration.

An amount of Rs. 7.33 lakh was released to two institutions for conducing the FDP during the F.Y. 2021-22.

4.3.3 Short Term Training Programme (STTP)

In order to upgrade the knowledge and skills of teachers working in different institutions in the country, AICTE provides financial assistance of Rs. 3 lakh for organizing short-term training programmes (STTP) in emerging areas of Engineering & Technology and other disciplines. Major centres are allowed to offer upto 20 courses in a year while minor centres can offer upto 10 courses only.

4.3.4 Short Term Training Programme (STTP) - (UT-J&K, Ladakh & NER)

Proposals for Short Term Training Program (STTP) in UT-J&K, Ladakh and NER were considered by AICTE during the year. Financial assistance limited to Rs. 5 lakh per programme to conduct a 6 days' residential programme in these regions was approved. This was with an objective to train faculty in the field of technical education, to introspect and learn techniques that can help prepare students for active and successful participation in the knowledge society.

An amount of Rs. 23.23 lakh was sanctioned and released to 8 institutions for conducing the STTP during 2021-22, details of which are tabulated below:

4.3.6 Research Promotion Scheme (RPS)

AICTE has been running RPS Scheme for a long time to promote research in technical disciplines and innovations in established and emerging areas. The objective of this scheme is to create and update the general research capabilities of the faculty in the AICTE approved technical institutes for which funds up to Rs. 25 lakh per project are provided. During the year 2021-22, in all 139 projects were sanctioned and grant released for different variants of the scheme namely, RPS (Gen), RPS (Rural), RPS (NER), RPS (SC & ST) and RPS (Management).

4.3.7 AICTE-ISTE Induction/ Refresher Programmes

An MoU was executed between AICTE and Indian Society for Techinal Education (ISTE) under which ISTE conducts Refresher/ Induction Programmes for teachers in AICTE approved institutes. AICTE provides upto Rs 3 lakh per programme. These programmes are considered for the AICTEs Career Advancement Scheme for the faculty. A total grant-in-aid of Rs. 6.975 crore for conducting 3 STTP each in 250 institutions in online mode was given.

4.3.8 AICTE- Technical University Joint Training Programmes for Teachers and Librarians

Memorandum of Understanding (MoU) has been executed between AICTE and different technical universities to conduct

joint training programmes for teachers and librarians in AICTE approved technical institutions. The expenditure per training programme is limited to Rs. 3 lakh shared equally between AICTE and the technical university. AICTE provides a maximum grant of Rs. 1.5 lakh to meet the expenditure on TA/DA/ Honorarium to resource persons, TA to outstation participants and course material for participants. Technical university also spends to the extent of Rs. 1.5 lakh to cover expense on boarding & lodging of participants, Honorarium to Programme Coordinator and Working expenses. Each university has to conduct 10 programmes for the teachers and 1 programme for Librarian in a financial year. During 2021-22, AICTE released Rs. 85.66 lakh to 9 technical universities for conducting training programmes.

4.3.9 STTP for Physical Education Directors/ Sports Officers

An STTP of two weeks (residential programme) for Physical/ Sports-Games Teachers/ Director of Sports/ Sports officer in the AICTE approved institute was initiated, During 2021-22, grant-in-aid of Rs. 52 lakh was released to 6 institutions, taking the count of beneficiary to Following institutions have organized these STTPs.

4.3.10 AICTE Professional Development Fund

This scheme provides financial assistance to regular faculty of the AICTE approved institutes and AICTE officers on regular/ deputation basis, to present their research papers in international conferences abroad or within India, to enrich themselves with new knowledge and learn best practices. AICTE sponsored its four officers during the 2021-22, who went abroad to present their research papers.

4.3.11 AICTE-INAE Distinguished Visiting Professors (DVP) Scheme

The scheme introduced in 2015-16 envisages promotion of industry-institute interaction by facilitating the dissemination of knowledge through experienced and knowledgeable persons from industry, to integrate their rich industrial experience with technical education. The Distinguished Visiting Professors are nominated from among the eminent scholars/ experts in their field, working in an industry/ R&D organization such as CSIR/ DRDO Labs to teach the technical students of graduation & post-graduation level for one-week duration.

4.3.12 Technical Book Writing (TBW) Scheme

The main beneficiary of this Scheme are the students of Polytechnics and Under Graduation courses in technical

institutions who are following AICTE Model Curriculum which needs to be aligned with NEP 2020. Technical Book Writing (TBW) in Regional Languages scheme was launched in 2020 to promote use of 'Scheduled Regional Language' in technical education for creating knowledge base in local language and to encourage creation of treasure of latest technical knowledge incorporating the newest developments.

4.3.13 Professional Development Programme for Non-Teaching Staff

Memorandum of Understanding (MoU) was signed between AICTE and several technical universities to conduct Professional Development Programme (FDP) of two-week duration for non-teaching staff for enhancing/ refreshing their knowledge and skills.

Under the MoUs signed during 2018-2019 and 2019-20, each university was to conduct 4 FDP's during 2021-22. For each FDP the cost of Rs. 3 lakh is shared between AICTE and university equally. AICTE released grant-in-aid of Rs. 2.28 Crore to 19 technical universities during 2021-22.

4.3.14 Teacher Training programme by NITs of NER and UT, J&K, Ladakh

Memorandum of Understanding (MoU) has been signed between AICTE and NITs of NER and UT (J & K and Ladakh) to conduct Teacher Training Programmes during 2021-22 for the faculty of AICTE approved institutions around these NITs.

AICTE released grant-in-aid of Rs. 30.49 lakh in 2021-22, to NIT-Silchar (Assam); NIT-Yupia (Arunachal Pradesh); NIT-Dimapur (Nagaland); NIT-Shilong (Meghalaya); NIT-Agartala (Tripura); NIT-Imphal (Manipur); NIT-Ravangla (Sikkim); NIT-Aizwal (Mizoram); NIT-Srinagar (J&K).

4.4 Margdarshak Scheme

In order to maintain the quality of technical education in the country, it has been made mandatory that 60% of the eligible courses are to be accredited. In the absence of such accreditation, AICTE shall not grant further extension of approval (EOA). Accordingly, Margdarshan initiative has been introduced by AICTE for facilitating the technical institutes to improve the quality mandate as a whole. The initiative solicits support from senior academicians and well established institutes to handhold and mentor other institutes aspiring for accreditation.

The senior academicians from IITs/NITs/other AICTE approved institutes (serving or superannuated) are nominated as Margdarshak (individual mentors) for guiding beneficiary institutes. Their principal role is to guide, support and encourage the beneficiary institutions in their development and achieve accreditation in alignment with the broad objectives of quality mandate. AICTE has already nominated 330 senior academicians as Margdarshaks, out of which 260 Margdarshaks (MD) have been mapped with 444 beneficiary institutes for mentoring.

In a similar manner, well-established AICTE approved institutes are being nominated as Margdarshan Institutes or Mentor Institutes (MI) who adopt/guide other technical institutes in the vicinity for setting accreditation from NBA. Till date 44 such institutes have been nominated as MI and are mapped with 430 Mentee beneficiary institutes. Thus, 858 (444+414) Mentee Beneficiary Institutes (MBI) have been facilitated under the scheme, aiming at accreditation from NBA in next few years.

Based on the feedback, the guidelines are being revised so as to invite more participation from experts. The revised Guidelines on Margdarshan initiative was launched on 10-11-2020, to expand the pool of MDs and MIs. Further, to streamline the entire process for MDs, AICTE is working on a mobile application that will help in efficient management of the activities including the tour approvals, reports & making of payment of TA & Honorarium.

CELLS/ SPECIAL INITIATIVES

5.1 e-Governance Cell

The e-Governance system and IT Infrastructure support for AICTE headquarters & its Regional Offices have been operational since 2010 under the e-Governance Cell. The Cell anchors the annual Approval Process of AICTE and also provides a platform for operating a number of schemes, thus ensuring Accountability, Integrity, Credibility, Transparency and Efficiency in AICTE's day-to-day activities. Besides these, e-Gov. Cell was involved in several activities during the year reported in this section.

5.1.1 Applications hosted/ managed by e-Gov Cell

e-Gov Cell presently hosts, maintains and offers support services to more than 30 applications.

1) UMANG App

Umang App provides information about all the AICTE approved institutions. Here students can apply for scholarship or for DBT application and they can also track the application status.
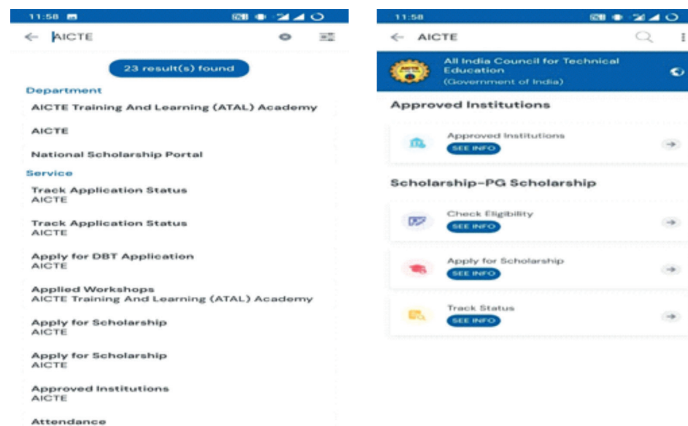

Fig 5.1.1: UMANG Application

2) Centralized Support System (https://css.aicte-india.org/login)

AICTE Centralized Support System (CSS) aimed at ease of doing business has the full potential to resolve all queries and complaints related to technical education of our country and benefit every stakeholder. This will help the institutions to get the information related to approvals, project grants and other interventions. The portal has been designed in such a manner, that the queries will be sent directly to the concerned official and reply given in 72 hours.

5.1.3 Exhibitions

The Ministry of Science and Technology, Ministry of Earth Sciences, and Vijnana Bharati have jointly initiated annual "India International Science Festival" (IISF) in 2015. Till date six Festivals have been organized in different parts of the country to celebrate science with people, to nurture creativity and imagination.

With the wholehearted support of the Government of Goa, the 7th edition of IISF was organized in a hybrid mode (physical and virtual) at Panaji, Goa, from 10-12-2021 to 13-12-2021. The theme of IISF 2021 was 'Celebrating Creativity in Science' exhibited through 12 programmes of the event. IISF 2021 had a special focus on Aazadi ka Amrit Mahotsav, as country is celebrating the 75th year of Independence. AICTE participated enthusiastically and demonstrated its achievements/ activities/ schemes etc. in its pavilion at IISF-21 Expo, Goa.

5.2 AICTE Training and Learning (ATAL) Academy Cell

5.2.1 ATAL FDPs

AICTE in its endeavour to boost up excellence in technical education has enhanced impetus on the development of the faculty in its colleges across the country. The AICTE Training and Learning (ATAL) is one such initiative through which various Faculty Development Programmes are being conducted with focus on emerging areas like IoT, ML, AI, Robotics, Block-Chain, Renewable energy, AR/VR, etc, with a view to keep the faculty abreast of latest technologies. During the year ATAL Cell collaborated and invited experts from various leading corporates such as ARM India, Cadence Design Systems, Adobe, Ford Motors, Google, Amazon, Metaverse, Tata Energy, LinkedIn, TCS, Wipro, Infosys. The Cell collaborated with Microsoft, SAP and Edunet Foundation to build the technical capacity of institutes and drive the large-scale skilling of teachers under the TechSaksham Programme.

Given the unprecedented COVID-19 in 2021-22, 1507 FDPs were conducted in online mode, with 2,42,117 registered and 1,39,276 certified participants. Peer Review Assessment by academic/ industry experts and comparative learning curves have been resorted, to assess the effectiveness of the FDPs. ATAL Academy has been recognized and conferred awards by the World Book of Records– London, Asia Book of records and India Book of records for outstanding contribution to faculty development.

5.3 Induction Programme Cell

5.3.1 Mandatory Student Induction Programme

All the AICTE approved institutions have to conduct 3-week Student Induction Programme aimed at creating level playing field, adjustment to new environment, developing confidence, ownership, sensitization to society, dignity of individual, human values, teacher student relationship making life in campus smooth and inspirational. Each institution is required to have one Student Activity Cell (SAC) for implementation of this Programme and related follow-up activities. Each institution has to also ensure that in every department there is at least one faculty trained on Universal Human Values (UHV). It is expected that there is a UHV Faculty Mentor for every 20 newly joined students. Further, it has to ensure that in every department one faculty is trained in UHV-I for every 60 newly joined students for UHV-I.

During the year 2021-22, two FDP-SI workshops were conducted in offline mode where 58 faculty completed the programme successfully. 43 Workshops were conducted in online mode in which 38592 faculty attended. The overall statistics of FDP-SI workshops (for Faculty) are as follows:

Table 5.3.1: FDPs to prepare the faculty for administering SIP

S. No.	Total FDPs	Participants
Physical	193	15068
Online	92	70983
Total	**285**	**86051**

5.3.2 Mandatory UHV-II Course

A UHV-II has been introduced as compulsory course for all UG Degree Programmes in Engineering & Technology, with three exclusive credits. It is recommended that the colleges offer this in First, Second, Third or Fourth Semester.

In order to operationalize this, institution has to ensure that in every department there is at least one faculty trained in UHV-II, for every 120 newly joined students.

5.3.3 Minor Degree in Universal Human Values

AICTE has framed the curriculum for minor degree in Universal Human Values (UHV) which will facilitate developing sufficient number of teachers to impart value-based education right from primary to higher education across the country.

Minor degree will carry 18 to 20 credits in addition to the credits essential for obtaining the Under Graduate degree in a major discipline. This minor degree will be offered from 2022-23, initially in the form of MOOC on SWAYAM.

5.3.4 Prof. Rishi Raj Gaur Award for Excellence

As a tribute to his contribution AICTE has instituted Prof. RR Gaur Award which will be awarded to three Institutions for their outstanding contribution towards Universal Human Values for holistic development and excellence. This award will be given from AY 2022-23 onwards.

5.3.5 Internship opportunities for students of Jammu & Kashmir

With a view to provide internship opportunity to students of J&K in institutes of higher learning like IITs and IISERs for inspiring, empowering, and enhancing their employability, and research interests, AICTE has signed MoUs with IIT Guwahati, IIT Kanpur, IIT Bhubaneswar, IIT Ropar, IISER Kolkata and IISER Pune.

For Winter 2020, 143 seats were allocated to students as per merit, on the seats provided by IITs and IISER. The internship is completed in virtual mode. For Winter 2021 also 143 seats were allocated.

5.3.6 Project Sunshine with HCL Software

AICTE signed an MoU with HCL Software on 30-06-2020 and launched the Sunshine project for students of MCA and B Tech (IT stream) for AICTE approved institutions. HCL Software completed the First phase of the Sunshine project aimed to enhance the industry-oriented skill of students with limited colleges in the Bengaluru and NCR region as a pilot study.

For second batch, which was started on 08-10-2021 with an orientation session, the target was to train 500 students covering 12 colleges across the country. But HCL Software allowed 530 students to attend the programme in the six-course streams i.e. Testing Automation, Cyber Security, Endpoint Management, DevOps, Digital Marketing, and Cloud-Native Database. The college wise details of this programme are as follows:

Table 5.3.2: College-wise details under Sunshine project

The certificate has been issued by the HCL to the successful candidates. The HCL also received feedback from students which is encouraging with an overall score of 4.8 at the programme level. The students who attended more than 50% of sessions cleared the exam with ease. The placement survey reports were also encouraging with the highest annual package of Rs.18.5 lakh.

5.4 National Educational Alliance for Technology (NEAT) Cell

NEAT Cell is mainly handling National Educational Alliance for Technology (NEAT) Scheme; AICTE Internship Portal; AI Translation Tool; and, ELIS Portal (AICTE Free E-resources).

NEAT is an integrator for EdTech companies which are offering courses to students/youth of the country for enhancing their employability skills, bridge their learning gaps and providing personalized learning experience. NEAT is also providing free seats (25% of the sale) to students of economically and socially weaker sections of society.

NEAT is also promoting Indian EdTech Companies with the mission of "AATMANIRBHAR BHARAT" and bridging the gap between EdTech Companies and Academic Institutions.
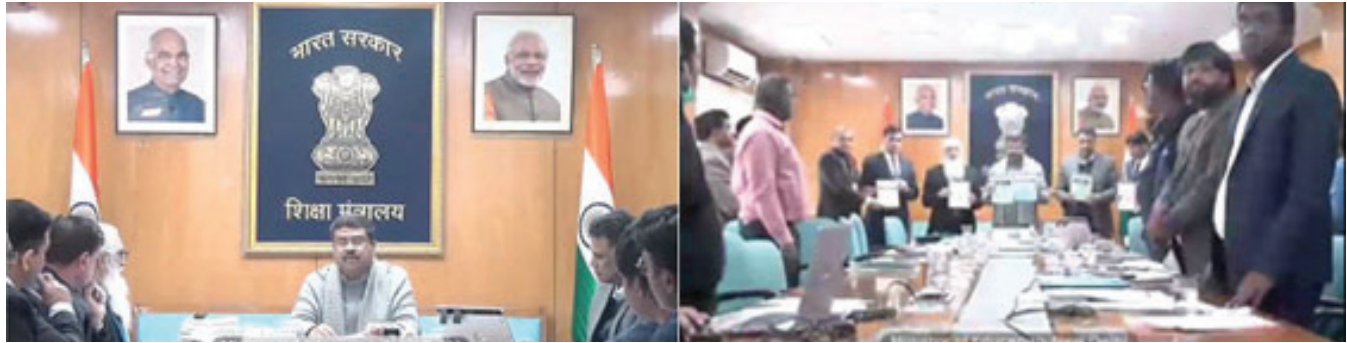

Fig 5.4.1: Distribution of 12 lakh NEAT free coupons by Hon'ble Minister of Education Shri Dharmendra Pradhan on 03-01-2022

During the year AICTE invited Ed-Tech companies to offer their Expression of Interest (EoI) for NEAT 3.0 from 07-03-2022. In NEAT 3.0 more courses shall be added focusing on Vocational, upskilling, and reskilling for School and other HEIs Students, leading to enhancement of Skill and employability. EdTech courses shall also be available in Indian Languages and Indian Traditional, Cultural and Knowledge courses.

5.4.1 AICTE Internship Portal

Many institutions were facing difficulties in arranging internships for their students and to overcome this problem, AICTE Internship enterprise portal (https://internship.aicte-india.org) was developed by NEAT Cell. It was launched on 04-06-2020 by Hon'ble Minister of Education and Hon'ble Minister of Housing and Urban Affairs. The portal brings together the internship opportunities in the Government sector like MoHUA, NHAI, Railways, MoSJE, MSMEs, Corporates Sector, NGOs, Start-ups, and Research organizations. It is envisioned to reach a target of 1 crore internships by 2025 and more than 1 crore students registered on internship portal with more than 14 lakh internships are posted so far. NEAT Cell also conducted AICTE Internship day on 25-08-2021.

Fig 5.4.2: AICTE Internship Day

5.4.2 AI Translation Tool

Many students in rural area can excel as professionals if the technical courses are taught in mother tongue or in Indian languages. Keeping this in mind, NEAT Cell has developed "AICTE Translation Automation AI Tool" to translate English language online courses into twelve different Indian languages like Hindi, Bengali, Marathi, Telugu, Tamil, Gujarati, Kannada, Malayalam, Punjabi, Assamese, Odia, and Urdu.

The translation tool has the features like Auto converted content in a particular language for reference; Edit and typing

feature for providing the input in the required language; Audio recording facility (with play and pause button); Save as draft function; The mathematical expression input function; and, drag and drop function.

During the session 2021-22, books of B. Tech. First Year were translated and printed in various regional languages. The translation work for next semester is in progress. SWAYAM courses are already translated and many are in progress. Documents received from the Ministry of Housing and Urban Affairs, NCVET and other government departments were translated.

5.4.3 ELIS Portal (AICTE Free E-resources)

The outbreak of the COVID pandemic in India has caused extreme distress to the students hitting the academic activity. Many companies have come forward and offered their e-learning contents free of cost to learners. In order to foster digital learning and support the student community across the country, the Enhancement in Learning with Improvement In Skills (ELIS) portal (http://free.aicte-india.org/) has been designed and is being managed by NEAT Cell. This is a round the year activity and a lot of new courses have been onboarded in the year 2021-22. NEAT Cell continuously approaches the EdTech companies to onboard their courses on this portal for the benefit of the students.

To encourage more participation in the projects/scheme of the stakeholders, the cell organized/conducted meetings with the Directorate of Technical Education (DTE) of Uttar Pradesh, Rajasthan, Haryana (online), Himachal Pradesh, Madhya Pradesh, Maharashtra, Karnataka, Sikkim, Meghalaya and Goa, during the year.

5.5 Skill Development Cell (SDC)

5.5.1 AICTE-UKIERI Technical Education Leadership Development Programme (TELDP)

Under TELDP, Dudley (UK) College had proposed the introduction of an Action Learning Cluster initiative supporting an initial 40 delegates (10 from each region of the country) to develop local clusters of good practice in their home regions. These delegates were drawn from the most successful candidates of UKIERI Leadership programme by Dudley College.

In the project of Master trainer TELDP programme, 40 participants have been selected from all four regions, who have been divided in 8 groups of five participants each.

AICTE conducted three UKIERI Master Trainer L&M Training workshops of 4 days in Online/ Offline modes in different centres. Common inaugural Session for all Master trainers, 160 participants, regional offices was conducted with all 8 teams in online mode on 23-11-2021 from AICTE HQ.

A combined Valedictory Session for all Master trainers, 160 participants, was conducted with all 8 teams in online mode on 25-03-2022 anchored by AICTE and with its Regional officers also plugged in.

5.5.2 National Employability Enhancement Mission (NEEM)

NEEM aims to offer on-the-job practical training to enhance employability of a person pursuing graduation/diploma in any technical or non-technical stream. Under the Scheme, AICTE has registered NEEM Facilitators who are giving NSQF compliant industrial training to students for duration of 3 to 36 months. There are 48 NEEM Facilitators and around 5.9 lakh student trainees enrolled and benefiting from them. The NEEM scheme and regulations are being revisited by the Ministry.

5.5.3 AICTE-CII Industry-linked Technical Institutes Survey 2021 Awards

The AICTE-CII Industry-linked Technical Institutes Survey is aimed to assess the current status of partnership between technical institutions and industry on six basic parameters such as curriculum, faculty, governance, infrastructure, placements and research and services/project & skill development. The AICTE-CII Survey is being jointly conducted with the confederation of Indian Industry (CII) since 2012.

The survey maps industry linkages of Indian technical institutes in four broad streams- Engineering, Management, Architecture and Pharmacy. It showcases the best practices of partnerships with industry and highlights the strengths and weaknesses of the ecosystem of technical education in India.

At the end of the survey, awards and citations are given to the best industry linked institutes. The winners for the year 2021 will be announced by 10-05-2022.

5.5.4 Community College Scheme (CCS)

The Community Colleges offer credit based courses, which allows multipoint entry and exit, skill upgradation for employment market, banking of credits and allows re-entry into the higher education. Under the CCS, the Council releases grant-in-aid to Polytechnics to run Vocational Diploma Programme under NSQF Level 3 to 5. This, they can do partly by utilizing their own resources and partly by mobilizing the resources available at the higher technological institutions. The Scheme was initially started for 3 years from the A.Y. 2013-14 to 2015-16 with financial assistance and further extended from the A.Y. 2016-17 to 2018-19 without financial assistance from the AICTE.

Based on the Certificate of willingness to continue the course countersigned by respective DTE, approval was given to the following polytechnics without any financial assistance, for the A.Y. 2021-2022.

- Mehr Chand Polytechnic, Punjab
- Goverment Polytechnic, Kolhapur, Maharashtra
- Pesiyar Centenary Polytechnic-College, Thanjavur, Tamil Nadu

5.6 Prime Minister's Special Scholarship Scheme (PMSSS)

PMSSS for the Union Territories of Jammu & Kashmir and Ladakh is an initiative of Ministry of Education, Government of India, aimed at providing higher education for these exclusive regions of the country PMSSS Cell of AICTE drives this starting from inviting applications, counseling, seat alloattment to disbursement of scholarships .

The major objectives of the Scheme are to build capacities of the youth by educating, enabling and empowering them to compete at national level; and, to provide the youth an exposure on the culture, language and livelihood of other Indian states to promote national integration.

The scheme offers financial assistance that covers academic fee (tuition & other admissible fee) and maintenance allowance (to bear expenses on account of hostel & mess charges, cost of books and other incidental charges) to students belonging to Jammu & Kashmir and Ladakh. The student eligible are the ones who, after passing Class XII or equivalent examination, secure admission through AICTE's online counselling process under supernumerary quota created by the Government and seats provided by different Regulatory Bodies except medical stream courses. The scholarship is tenable in select pool of institutions of repute having NBA/NAAC Accreditation and NIRF ranking and other Centres of Excellence available on AICTE Portal, as per the methodology approved by Inter-Ministerial Committee (IMC), Government of India, and are outside the UTs of Jammu & Kashmir and Ladakh. In Medical Stream courses, the students have to take admission after qualifying NEET, attend State Level NEET counselling and report on the portal of AICTE with proof of admission.

2705 fresh scholarships were awarded and 10548 renewed, amounting to Rs.182.52 crore. AICTE has thus been on an elevated track in getting increased number of participation by the students in PMSSS scheme. In the pandemic struck situation during academic year 2021-22, AICTE took all necessary steps towards awareness of the scholarship scheme among aspiring students and even conducted Awareness Workshops in Kathua, Jammu, Rajouri, Doda in Jammu Region, Baramulla, Kupwara, Anantnag and Srinagar in Kashmir Region and Leh and Kargil in Ladakh Region. As a special consideration, the students offered admission letter during academic year 2021-22 were also allowed to join their institution online.

5.7 SWAYAM

5.7.1 SWAYAM MOOCs Platform

SWAYAM (Study Webs of Active-Learning for Young Aspiring Minds) is an initiative of MHRD developed by AICTE designed to achieve three cardinal principles of Education Policy viz. access, equity and quality. SWAYAM has emerged as one of the World's biggest Massive Open Online Courses (MOOCs) integrated platform and portal for online courses, using information and communication technology (ICT), covering subjects from high school onwards till higher education and also skill sector courses to ensure that every student benefit from learning material through ICT. The courses hosted on SWAYAM are in 4 quadrants – (1) video lecture, (2) specially prepared reading material that can be downloaded/printed (3) self-assessment tests through tests and quizzes and (4) an online discussion forum for clearing the doubts. Steps have been taken to enrich the learning experience by using audio-video and multimedia and state of the art pedagogy/ technology.

• **SWAYAM 2.0**

In compliance of the decision taken by MoE, Government of India, New Delhi, the higher version of SWAYAM 2.0 MOOCs Platform was developed by IIT, Madras during May, 2019 which has the attributes like, higher scalability and performance; enhanced features for faculty and students; improved assessment and evaluation; internationalization; translation of online courses into eight different Indian regional languages and more; local chapters and mentors and offering of on-line Degrees, etc.

• **Status of SWAYAM 2.0***

The details of total number of courses (credit & non-credit), registered learners and total number of enrolments, as on 31-03-2021, are as under:

Table 5.7.1: Status of SWAYAM 2.0

Total number of Courses	7041
Total number of Credit Courses	6296
Total number of Non-Credit Courses	745
Total number of Registration	1604055
Total number of Enrolments	27197793

*The above data of SWAYAM 2.0 has been provided by M/s. Persistent systems Pvt Ltd./ IITM

5.7.2 Adoption of Credit Transfer of SWAYAM courses

AICTE has adopted the credit transfer on UGC pattern and has issued a letter on 09-11-2021 to All Universities/ Colleges to allow credit transfer upto 40% of the total courses being offered in a semester through SWAYAM. It is urged to encourage the students of the Institute/ College to take advantage of online courses through SWAYAM Platform and utilise Credit Transfer facility of SWAYAM as much as possible.

5.7.3 Annual Refresher Programme in Teaching (ARPIT)

MHRD launched the Annual Refresher Programme in Teaching (ARPIT) under PMMMNMTT Scheme on 13-11-2018, a major and unique initiative towards online professional development of 1.5 million higher education faculty using SWAYAM. AICTE has been no-minated as a National Coordinator (NC) for ARPIT by MHRD.

• **ARPIT-2018**

70 National Resource Centers (NRCs) were identified by MHRD during 2018 for developing discipline-specific online training material with focus on latest developments in the discipline, new & emerging trends, pedagogical improvements and methodologies for transacting revised curriculum. During the year 2018, SWAYAM Cell in AICTE received a grant of Rs. 6.909 Crore from MHRD for disbursement to 47 NRCs @ Rs.14.70 lakh to each NRC. AICTE released grant @ Rs.14.70 lakh to each NRC for conducting discipline-specific online courses for faculty of higher education institutions. A total number of 71 discipline-specific courses were developed under ARPIT-2018.

• **ARPIT-2019**

21 discipline-specific NRCs were identified by MHRD during 2019 to prepare online training material with focus on latest developments in the discipline, new & emerging trends, pedagogical improvements and methodologies for transacting revised curriculum. SWAYAM Cell in AICTE received a grant of Rs. 5.29 Crore from MHRD for ARPIT 2019 for disbursement to 21 discipline- specific NRCs @ Rs.14.70 lakh. The grant was disbursed to the eligible NRCs, based on the Utilization Certificate and Receipt & Payment Accounts for the expenditure incurred during FY 2018-19. A total number of 48 discipline-specific courses were developed under ARPIT-2019.

• **ARPIT-2020 (Re-Run)**

Ministry of Education decided to re-run all 48 discipline-specific Courses as ARPIT-2020 in the wake of unprecedented COVID-19. Accordingly, all 48 courses were re-run under ARPIT-2020. ARPIT-2020 was held on 10-04-2021.

Translation of the above six courses into Assamese, Odia, Punjabi & Urdu is under process.

5.8 MoE's Innovation Cell (MIC)

MoE's Innovation Cell has been established by MoE at AICTE to systematically foster the culture of innovation, entrepreneurship, and start-up in Higher Educational Institutes (HEIs) across the country. MIC has conducted various activities in the following categories to build and streamline the innovation and entrepreneurship ecosystem in HEIs in the country.

5.8.1 Smart India Hackathon (SIH)

Over the years, SIH being implemented by MIC at AICTE has evolved as the world's biggest open innovation model. SIH is a unique initiative to identify new and disruptive technological innovations, for solving the challenges faced by our country. SIH involves registration of teams from institutions. Single Point of Contact (SPOC) and evaluators. The number of registrations has grown over the years, reflecting the popularity of SIH. The fourth edition of SIH was conducted in the year 2021.

Table 5.8.1: Status under SIH

Teams registered till date	18956
Total SPOCs registered till date	4502
Evaluators registered till date	3372

5.8.2 Toycathon

To make India Aatmanirbhar in toy sector, as conceptualized by Hon'ble Prime Minister Shri Narendra Modi, Toycathon 2021 was launched on 05-01-2021. The initiative and its website was launched by Hon'ble Minister for Textiles and Woman & Child Development Smt. Smriti Irani and Minister for Education Shri Ramesh Pokhriyal 'Nishank'.

Around 1.2 lakh participants from across India registered and submitted more than 17,000 ideas. Of these, as many as 1,567 ideas were selected for the three-day finale of Digital Edition. 117 teams were announced winners on 26-06-2021 in three categories, comprising of the school students, college students and start-ups & professionals across different themes and tracks. The physical edition of Toycathon 2021 was postponed in view of surge in pandemic.

5.8.3 INDIA-ASEAN Hackathon

In this Hackathon, 11 problem statements from Blue Economy and Education were shortlisted which were provided by the Indian Coast Guard, Indian Maritime University, Indian National Centre for Ocean Information Services (INCOIS) & Directorate General of Lighthouses and Lightships (DGLL)

57,700 USD (Rs.43,24,861) was spent as prize money awarded for the participants of INDIA-ASEAN Hackathon. 11 teams were declared winner and prize money of $450 was offered to each team member; Member of 11 runner-up teams were given prize money of $250. Appreciation Cash Prize of $100 was given to other participants.

5.8.4 MANTHAN

Ministry of Education and AICTE launched MANTHAN 2021 Hackathon on 26-08-2021 which was organised by Bureau of Police Research and Development (BPR&D) in coordination with the Innovation Cell of the Ministry of Education. MANTHAN was inaugurated by Sh Neeraj Sinha, Additional Director General, B.P.(R&D) and other senior dignitaries. The Hackathon sought to identify innovative concepts and technology solutions to address security challenges of the 21st century faced by our security and intelligence agencies. During the launch program, BPR&D released 20 challenge statements which offered unique opportunity to all our youngsters to think out-of-the-box and develop innovative concepts for solving some of the daunting problems.

Participants were expected to develop digital solutions under six themes for 20 different challenge statements released using new technologies including artificial intelligence, deep learning, augmented reality and machine learning, for ever-changing security-related challenges, which include photo/ video analysis, fake content identification along with the information of creator, and predictive cyber-crime data analytics.

Around 2200 ideas were submitted in the initial round. Of which 115 teams were shortlisted for the grand finale organised from 08-12-2021 to 10-12-2021. This was organized as an online event in view of the ongoing COVID scenario. 14 winners were declared including one joint winner and 7 teams provided certificate of merit.

5.8.5 UNESCO–India–Africa (UIA) Hackathon

Based on proposal received from the Permanent Representative of India (PRI) to UNESCO, Ministry of Education's Innovation Cell (MIC), AICTE in collaboration with the Ministry of External Affairs (MEA), and UNESCO is planning to organize UNESCO-INDIA-Africa (UIA) Hackathon in June/July 2022.

24 African countries and 1 Central American country, have agreed to participate by appointing nodal agencies and have also nominated their SPOCs and experts for Problem Statements (PS) creation. Most of the experts have already submitted their PS as per the given theme of the hackathon i.e. Education, Renewable Energy/Sustainability and Environment/ Climate Change. It is a unique initiative and a good opportunity for India to collaborate with African nations for establishing sustainable innovation ecosystem in this region.

5.8.6 Republic Day Tableau of Ministry of Education (MoE)

This year Ministry of Education (MoE) and Ministry of Skill Development & Entrepreneurship (MSDE) had been selected to showcase their Tableau based on National Education Policy (NEP 2020) through the theme 'Vedas to Metaverse' during the Republic Day Parade on 26-01-2022 at Rajpath.

MIC was involved in the concept design, fabrication and display of the Tableau during the Republic Day parade which was awarded the First prize among Ministries/ Departments of tableaus of the Government of India. It was on display at Red Fort Complex during Azadi Ka Amrit Mahotsav ceremony organized by Archaeological Survey of India (ASI), Ministry of Culture during the month of March 2022.

5.8.7 Atal Ranking of Institutions on Innovation Achievements (ARIIA)

As attempt to benchmark the innovation and entrepreneurship practices in Higher Education Institute (HEI), ARIIA was introduced in 2019. So far 3 annual editions have been completed to rank all major HEIs based on their innovation and start-up ecosystem development efforts and achievements. The participation from both technical and non-technical HEIs increased substantially during the year and there was participation of record high 1438 HEIs for ARIIA 2021. Registration for 4th edition (ARIIA 2022) has been opened.

5.8.8 National Innovation and Start-up Policy (NISP)

A policy level intervention to enable HEIs to plan, build and sustain a streamlined innovation and entrepreneurship ecosystem in campuses, adoption process is under progress. So far, more than 2500 higher education institutes (both technical and non-technical) have adopted the policy in accordance with Innovation and Startup policies at center and received training and guidance on designing innovation policy at institute level. Majority of HEIs have developed institute specific innovation and entrepreneurship development action plans and implemented it. Policy adoption in HEIs can be accessed at https://nisp.mic.gov.in/

5.8.9 Institution's Innovation Councils (IICs) in HEIs

The momentum to institutionalize innovation and start-up culture in HEIs and further to create, streamline and strengthen existing ecosystems in HEIs, is being built through the mechanism of Institution's Innovation Council (IIC) since 2019. So far, more than 3100 IICs have been established in all major HEIs spread across states and UTs to drive the innovation and entrepreneurship ecosystem both at institute and community level. More than 28000 faculty members, 50000 students and 7000 external experts are part of the collaborative platform of the IIC network, conducting activities/ events throughout the year.

In addition to this, 255 high performing institutions with established ecosystems are working as mentor to 450 IIC institutions. 10000 faculty members have been trained as innovation ambassadors to lead and drive innovation and start-up agenda at the institute level. During the year 202 IIC institutions organized 808 impact lectures (online) delivered by 800 external experts and ecosystem enablers on varied topics of innovation, entrepreneurship, and IP. Furthermore, to support, innovations, IIC institutions became instrumental in scouting more than 29000 ideas and MoE's Innovation Cell provided mentoring, training support and finally 75 innovations were supported with grant assistance up to Rs. 10 lakh per team to transform these into start-ups.

5.8.10 MBA/PGDM in Innovation, Entrepreneurship and Venture Development (IEV)

AICTE introduced MBA/PGDM in Innovation, Entrepreneurship and Venture Development (IEV) in 2019, designed with a balanced approach of experiential learning which comprises core and elective courses on innovation and entrepreneurship and integrate skill certification, capstone projects and Action Learning Segments. This outcome oriented syllabus offers opportunities for students with innovative and problem-solving mind-set to work on challenging ideas and successfully build ventures while pursuing the course. Rolled-out as pilot in four institutes across India in 2019-20, during the year 2021-22, total 21 HEIs received approval, for this programme with a maximum intake of 30 students in each institute.

5.8.11 School Innovation Ambassadors Training Programme

The School Innovation Ambassadors Training Program was inaugurated jointly by the Hon'ble Union Education Minister and Hon'ble Union Tribal Affairs Minister in July 2021. It is aligned with the NEP 2020 that emphasizes on promoting out-of-the-box thinking among students for which the role of a teacher as mentor is highly significant.

The Programme comprises of 5 modules with video content which each teacher has to go through and pass each module. The teacher after completing five modules becomes the Innovation Ambassador of the Ministry of Education. The five modules are on Design thinking and innovation module; Intellectual Property Rights; Idea Generation and Idea Hand-holding; Finance/ Sales/ HR; Entrepreneurship and Prototype/ Product Development;

The program aims at training 50000 teachers in schools. So far, 11196 schools and 55883 teachers have registered for the training. The program has made substantial progress and 8489 teachers have completed all the five modules as of 20-01-2022.

5.8.12 KAPILA (Kalam Program for IP Literacy and Awareness)

KAPILA was launched on 15-10-2020 to create awareness on the need of IP filing, mechanism and methodology involved in filing IP in India and globally, especially amongst students and faculty of HEIs. KAPILA will help in establishing the much required IP filing ecosystem in the educational institutions and thus create a culture of systematically protecting new ideas, research and innovation. Three IPR Courses catering to different levels are developed: Introduction to Intellectual Property (UG); Foundations of Intellectual Property (PG); and Intellectual Property and Innovation (PhD).

SWAYAM MOOC Course on Introduction to Intellectual Property for UG students is in progress. 912 institutes had registered on the KAPILA portal and are in process of submitting their patent application for funding support.

Appendix 4.3 List of QIP Centres in Engineering

A large number of faculty members from AICTE recognized degree level institutions from all over the country have pursued Master's and Ph.D. degree programmes. The grant and relevant details are enumerated at para 4 under sub-head Eligibilities.

(A) Major Centres:

The following institutions having Major QIP Centres offer admission to both Doctoral and Master's Degree programme in all the disciplines existing with them

S. No.	QIP (Engineering) Major Centres
1	Indian Institute of Science, Bengaluru
2	Indian Institute of Technology, Mumbai
3	Indian Institute of Technology, Delhi
4	Indian Institute of Technology, Guwahati
5	Indian Institute of Technology, Kanpur
6	Indian Institute of Technology, Kharagpur
7	Indian Institute of Technology, Madras
8	Indian Institute of Technology, Roorkee
9	Indian Institute of Technology, Banaras Hindu University (BHU)
10	Indian Institute of Technology, Hyderabad
11	Indian Institute of Technology, Bhubaneshwar

(B) Central Govt. R&D Institutions (CSIR, DRDO, DAE, DOS)

Additional Eligibility requirements: The age of the candidate should be 35 years or below on January 01 of the year in which he/she joins the scheme.

S. No.	QIP (CGR&DI) Laboratories/Institutes under the following
1	CSIR
2	DRDO
3	DAE
4	DOS

(C) Minor Centres:

The following Institutions as Minor Centres have been recognized, for offering Doctoral & Master's Degree Programmes, in some specific disciplines only:

S. No.	QIP (Engineering) Minor Centre
1.	Alagappa Chettiar College of Engg. & Tech., Karaikudi, Tamil Nadu
2.	Anna University (Madras Institute of Technology, Chennai)
3.	Basaveshwar Engineering College, Bagalkot, Karnataka

NOTES TO THE ACCOUNTS

1. Grant received from Government, based on budget approved by the Parliament, constitute main source of receipts of the Council. Though the grants received (after the adjustment of expenditure of capital nature) are taken to income and expenditure account, the effective income of the Council is nil.

2. The unspent balance of Grants is considered as liability and is carried over from one financial year to another. Thus this does not attract any Income tax liability.

3. Grants to individual institutions being voluminous in nature is not part of annual accounts & shown in books of accounts.

4. Surplus funds under Non-Plan and CPF head are kept temporarily with Schedule Bank in fixed deposit account with higher net interest earnings. No restrictions exist on utilization of amount at any point of time.

5. Expenditure on Establishment, Printing and Stationary and Telephone deposits have been given the accounting treatment as per accounting policy.

Separate Audit Report of the Comptroller and Auditor General of India on the Accounts of All India Council for Technical Education, New Delhi for the year ended 31st March 2022

We have audited the attached Balance Sheet of the All India Council for Technical Education (Council) as at 31st March 2022, Income & Expenditure Account and Receipts & Payments Account for the year ended on that date under Section 19(2) of the Comptroller and Auditor General's (Duties, Powers & Conditions of Service) Act, 1977 read with Section 19 of the AICTE Act, 1987. These financial statements include the accounts of 11 units (8 Regional offices and 3 Camp offices) of AICTE. These financial statements are the responsibility of the Council's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2.   This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transactions with regard to compliance with the Law, Rules & Regulations (Propriety and Regularity) and efficiency-cum performance aspects, etc., if any, are reported through Inspection Reports/CAG's Audit Reports separately.

3.   We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidences supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4.   Based on our audit, we report that:

i.   We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.

ii.   The balance Sheet, Income & expenditure Account and Receipts & Payments Account dealt with by this report have been drawn up in the format prescribed by the Ministry of Education, Government of India vide order No.29-412A 12-FD dated 17 April 2015 subject to the observations in the report.

iii   In our opinion, proper books of accounts and other relevant records have been maintained by the council in so far as it appears from our examination of such books.

iv.   We further report that:

A.   Balance Sheet

A.1   Assets

A.1.1   Fixed Assess (Schedule 4) Rs. 178,80 crore

Electrical Installation and Equipment - Rs. 15.54 crore

The above includes an amount of Rs. 220.401akh towards Public Addressing (PA) System of at AICTE HO building, New Delhi capitalized in current Financial Year 2021-22 with retrospective effect from Year 2016-17.

Audit observed that an amount of Rs.66.12 lakh been charged as depreciation (@ 5% P.A.) on PA system. As the format of accounts prescribed by Ministry of Education, Depreciation rate 7.5 % is applicable on PA system. Accordingly, depreciation of Rs. 99.18 lakh needs to be charged on PA system.

This has resulted in understatement of Depreciation by Rs. 33.06 lakh (Current year Rs. 5.51 lakh and Prior Period Depreciation Rs.27.55 lakh) and over statement of Excess of Income over Expenditure by the same amount.

Further, format of accounts prescribed by Ministry of Education specifies that PA system needs to be shown as separate Class of Fixed Assets in the accounts. Thus, AICTE needs to add "Public Addressing System" as a separate class of assets in the Fixed Assets (Schedule 4). This has also resulted in overstatement of Electrical Installation and Equipment (Net Block) and understatement of Public Addressing System (Net Block) by Rs. 121 .22 lakh.

B.   Income and Expenditure Account

B.1   Income

B.1.1   Income from Investments (Schedule-11)-Rs. 123.56 crore

AICTE received Security Deposits in year 2010-11 as per Approval Process Hand Book (APH)2010-11, These security deposits were required to be returned to respective institutes after 8 years in 2018-19 and the interest on these Security Deposits was to be retained by the AICTE. These security deposits along with the'interest was inadvertently released by the AICTE in 2018-19 to the respective institutes.

During the year, AICTE received interest of Rs. 13.06 crore (from some Institutes and not all). Audit observed that:

The recognition of cumulative interest of past 11 years (from year 2010-11) of Rs.13.06 crore as income for the current year is not in accordance with accrual accounting and matching concept. The interest for prior periods (up to 2020-21) should have been shown distinctly as Prior Period Income (Schedule-14) as per Para I5 of AS-5.

Since Council is accounting interest income on Security Deposits from the Institutes on cash basis, this facts should be suitably disclosed in the Schedule of Significant Accounting Policies.

B-2   Expenditure

B-2.1   Prior Period Expenditure (Sehcdule-22)-Rs.6.26 crore

AICTE capitalized an amount of Rs.174.90 crore for AICTE HO building, New Delhi (Building Rs. 134.82 crore, Furniture and Fixtures Rs.7.70 crore, Office Equipment's Rs. 16.84 crore, Electric Installations Rs.15.54 crore) in Year 2021-22 with retrospective effect from Year 2016-17 (from date of handed over the building) based on audit observation issued in previous Financial Years.

The AICTE charged depreciation amounting to Rs. 31.89 crore during current year on these assets in the Income and Expenditure Accounts.

Since the Assets were erroneously capitalized in the 2021-22 instead of year 2016-17, the charge of Depreciation for the full period as Deprecation of the current year is not in accordance with AS-5 and format of accounts prescribed by Ministry of Education. This has resulted in overstatement of current year Depreciation by Rs. 26.57 crore and understatement of Prior Period Depreciation by the same amount.

Further, the accounts also contravene disclosure requirement of AS-5 and the format of accounts prescribed by Ministry of Education as the Note-6 of Notes to the Accounts (Schedule 4) does not disclose the nature and amount of Prior Period Expenditure in the accounts in a manner that their impact on the current year profit can be perceived.

C.   Income and Expenditure Account (CPF Accounts)

C.I   Income

C.I.1   Interest on Government Securities: Rs. 24.75lakh

Reference is invited to Accounting Policy No. 6, which states that Interest on All Deposits/investment is accounted for on accrual basis.

AICTE accounted interest received on Government Securities during the year amounting to Rs. 24.75 lakh whereas the interest (accrued and due) on these Government Securities works out to be Rs. 36.71 lakh.

Non- accounting of interest on accrual basis has resulted in Understatement of Interest Accrued on Investment by Rs.11.96 lakh with corresponding Overstatement of Income from Non Plan by same amount.

This has further resulted in overstatement of Staff Payment & Benefits (Establishment Expenses)-Schedule 15 and Understatement of Excess of Income over Expenditure by the same amount of the main Accounts of AICTE.

C. 1.2   It has been observed that an amount of Rs.98.92 lakh pertaining to Investment in 5 Government Securities,

relating to Previous Years (2016 to2021), has not been taken in accounts, as the same was yet to be received by AICTE.

This has resulted in understatement of Current Assets - Interest Accrued on Investment with corresponding Overstatement of Income from Non-Plan by Rs. 98.92 lakh.

This has further resulted in overstatement of Staff Payment & Benefits (Establishment Expenses)-Schedule 15 and Understatement of Excess of Income over Expenditure by the same amount of the main Accounts of AICTE.

D.   Principle Accounting Policies & Notes to Accounts

As per the format of accounts prescribed by Ministry of Education, the claims against the institution pending against in court/s needs to be recognised as Contingent Liability and disclosed suitably in accounts.

During the course of audit, it was observed that an amount of Rs. 2.27 crore, as claimed by petitioners in various legal suits, was pending in various court/s as on 31 March 2022.The accounts of the AICTE, however, did not disclose existence of any Contingent liability. The existence of Contingent Liability of Rs. 2.27 crore should have disclosed in the accounts as per the format of accounts prescribed by Ministry of Education and Accounting Standard.

E.   General

AICTE has made a provision of Rs. 4.63 crore for Gratuity of its employees (including NPS Subscribers) as per Actuarial Valuation. As per the Ministry of Education direction dated 27 January 2022, CCS (Pension) Rules 1972 are not admissible for payment of gratuity to Employees of Autonomous Bodies covered under NPS. Flowever, Payment of Gratuity Act 1972 can be made applicable to the employees of Autonomous Bodies covered under NPS. Further as intimated by the Ministry of Education the process of notifying the Autonomous Bodies under Payment of Gratuity Act 1972 is underway. This fact needs to be disclosed in the Notes to Accounts.
