# A REPORT ON <br> "HOUSEHOLD SOCIAL CONSUMPTION: EDUCATION IN MAHARASHTRA" 

 BASED ON DATA COLLECTED IN STATE SAMPLE OF $75^{\text {th }}$ ROUND OF NATIONAL SAMPLE SURVEY (JULY, 2017 - JUNE, 2018)

DIRECTORATE OF ECONOMICS AND STATISTICS,

## GOVERNMENT OF MAHARASHTRA

A REPORT ON<br>‘HOUSEHOLD SOCIAL CONSUMPTION : EDUCATION IN MAHARASHTRA'<br>BASED ON DATA COLLECTED IN STATE SAMPLE OF $75^{\text {th }}$ ROUND OF NATIONAL SAMPLE SURVEY<br>(JULY, 2017 - JUNE, 2018)

## VOL- I

Directorate of Economics and Statistics, Planning Department, Government of Maharashtra,

## PREFACE

The Present Report on "Household Social consumption - Education" is brought out on the basis of sample survey conducted under the $75^{\text {th }}$ round of NSS (July, 2017- June, 2018) in respect of State sample units surveyed by Directorate of Economics and Statistics, Planning department, Govt. of Maharashtra.
2. This report contains the estimates of various characteristics pertaining to qualitative and quantitative aspects related to educational attainment of the household members and educational services used by them. Qualitative aspects include literacy, educational level attained, type of institution, nature of institution, current attendance/enrolment, free education, reason for never enrolled/ever enrolled but currently not attending, etc. In quantitative aspects, information was collected on expenditure incurred on education of the household members by the household itself or by other households or by any institutions/organizations other than Government.
3. I am thankful to NSO, Govt. of India for their constant guidance and providing technical assistance. The cooperation extended by the sample households is acknowledged. I extend special thanks to the district level field staff and supervisory staff/ officers of DES for their efforts in collection of data. Report is published by the consent of technical expert committee constituted for validating NSS reports relating to state sample and pooled sample. I also thank the technical committee members for their contribution in validating the report. Finally I extend my words of appreciation to the officers and staff of NSS section for their sincere efforts to bring this report in front.

Suggestions and comments from readers for further improvement are highly solicited.

|  | (Vijay Aher) <br> Director |

| Government of Maharashtra. |  |

## Detail Involvement <br> From Data Collection to Report Preparation

## 1. Field work -

Field work carried out by investigators of Directorate of Economics and Statistics, Maharashtra.

## 2. Supervision

Regional Joint Directors, Statistical Officers (I) and Statistical Assistants (I)

## 3. Data Entry and Validation - <br> Staff of NSS Division at head office and regional/district level offices using the software developed by DPD, NSO, Government of India.

## 4. Estimation, Tabulation -

Officers of NSS section, DES, Maharashtra

## 5. Analysis \& Report Writing -

Mrs. Belgaonkar, Research Officer, DES, Maharashtra
Mr. S. S. Kanekar, Assistant Research Officer, DES, Maharashtra

## 6. Draft Report Verification-

Mrs. Rupali Thote, Joint Director, DES Maharashtra.
Mrs. A. L. Kadam, Deputy Director, DES Maharashtra.

## 7. Report Validation

Members of Technical Committee

## 8. Guidance by

Mr. Vijay Aher, Director, DES Maharashtra
Dr. J. V. Chaudhary, Additional Director, DES Maharashtra
Mr. P.H. Bhagoorkar, Additional Director, DES Maharashtra
9.Final Approval -

Mr. Vijay Aher, Director, DES Maharashtra

## Highlights

A survey on 'Household Social Consumption: Education' was conducted in NSS $75{ }^{\text {th }}$ round (July, 2017-June, 2018). The estimates based on the State sample data are presented in this report. Some of the important findings are as follows:

## Household profile

$>$ Average household size was 4.0 ( 4.2 in rural areas and 3.8 in urban areas)
$>$ Average number of persons aged 3 to 35 years per household was 2.1 ( 2.1 in rural, 2.0 in urban areas)
$>$ Average number of persons currently attending education aged 5 to 29 years per household was 0.9 ( 0.9 in rural and 0.8 in urban areas)

## Literacy rates

$>$ For the age group 7 years and above, literacy rate increased from 79.1 per cent in 2007-08 to 86.3 per cent in 2017-18 (81.4 per cent in rural and 92.9 per cent in urban areas) .
$>$ Female literacy rate ( 80.6 per cent) was comparatively lower than that for male ( 91.5 per cent)

## Educational level of the household members of age 15 years and above

> For the population (aged 15 years and above) percentage of 'not literate' persons was comparatively higher in rural areas ( 21.5 per cent) than urban areas ( 8.0 per cent)
> For the population (aged 15 years and above) about 17 per cent male and 11 per cent female successfully completed 'graduation and above'.

## Distance to nearest primary, upper primary and secondary school

$>$ In rural areas 93.6 per cent of households and in urban areas 86.6 per cent of households reported availability of primary school within one km from their residence
> In rural areas 69.9 per cent of households and in urban areas 78.7 per cent of households reported availability of upper primary/ middle level school within one km from their residence
> In rural areas 45.3 per cent of households and in urban areas 70.1 per cent of households reported availability of secondary level school within one km from their residence

## Attendance status of persons in age-group 3-35 years

$>$ In rural areas 48.0 per cent persons ( 50.6 per cent male \& 44.7 per cent female) and in urban areas 43.1 per cent persons ( 43.9 per cent male $\& 42.0$ per cent female) were currently attending education.

## Attendance ratios

$>$ Age specific attendance ratio (ASAR) for age-group 6 to 10 years was 98.8 per cent for males and 97.3 per cent for females
$>$ Gross enrolment ratio (GER) for primary \& upper level of education was above 100 per cent for males and females.

## Current attendance of students by type of education

> Percentage of students currently attending technical/ professional course is 3.5 per cent in rural areas and 8.6 per cent in urban areas.

## Attendance by type of courses

> Percentage of students currently attending course up to class X was about 76 per cent
> Among the students pursuing technical/ professional courses, engineering was the highest preferred stream ( 46.1 per cent male students \& 31.6 per cent female students)

## Current attendance by type of institution

> About 67 per cent, 77 per cent \& 60 per cent students were attending government institutions for pre-primary, primary \& upper primary level respectively
$>$ About 33 per cent students were attending government institutions for secondary \& higher secondary and diploma/certificate below graduate

- About 13 per cent students were attending government institutions for graduate and above level of education including diploma

## Students receiving free education, incentives etc.

> At primary level, 69.9 per cent students in rural areas and 31.7 per cent students in urban areas were receiving free education
$>$ At Diploma/ Certificate and Graduate \& above level about 20 per cent students were receiving scholarship/ stipend/ reimbursement
$>$ At primary level, 72.5 per cent students from rural areas and 34.5 per cent students from urban areas received free/subsidised text books.

## Private coaching

$>$ About 20 per cent students from rural areas and 49 per cent students from urban areas in secondary level were taking private coaching

## Household expenditure on education

> Average expenditure per student for general course was ₹ 5,238 in rural areas and ₹ 18,268 in urban areas
> Average expenditure per student for technical/ professional course was ₹ 30,557 in rural areas and ₹ 66,645 in urban areas

## Persons currently not attending education

$>$ Among the persons of age 3 to 35 years, about 4.5 per cent males \& 6.6 per cent females were never enrolled
$>$ Major reason for never enrolment for persons of age 3 to 35 years was 'Not Interested in Education' ( 22.1 per cent males \& 18.6 per cent females)
$>$ At secondary level of last enrolment, dropped out persons from rural areas were 24.9 per cent \& from urban areas were 22.5 per cent

## Access to computer and internet

> Households having computer \& internet facility in rural areas were 5.1 per cent \& 22.8 per cent respectively
$>$ Households having computer \& internet facility in urban areas were 24.1 per cent \& 51.1 per cent respectively
> Highest percentage of persons able to operate computer ( 49.5 per cent) or use internet ( 57.7 per cent) was from age group 15 to 29 years

## CHAPTER ONE

## Introduction

## CHAPTER ONE

## Introduction

### 1.1 Background

1.1.1 The National Statistical Office (NSO) conducts nation-wide socio-economic surveys as part of its 'rounds', each round being normally of a year's duration. These surveys are conducted through interviews of a representative sample of households selected randomly through a scientific design and cover almost the entire geographical area of the country.
1.1.2 The survey on social consumption education is one of the important surveys conducted repeatedly by the NSO. The first such survey was carried out in the $35^{\text {th }}$ round of NSO during (July 1980 - June 1981). The main objective of the survey was essentially to make an assessment of the benefits derived by various sections of the society from public expenditure such as health services (including mass immunisation and family welfare programmes), educational services, public distribution system, etc. Subsequently, the subject of social consumption was covered in $42^{\text {nd }}$ round (July 1986 - June 1987), $52^{\text {nd }}$ round (July 1995 - June 1996), $64^{\text {th }}$ round (July 2007- June 2008) and $71^{\text {st }}$ round (January 2014- June 2014).

### 1.2 About the survey

1.3.1 In the $75^{\text {th }}$ round, NSS conducted survey on Household Social Consumption: Education during $1^{\text {st }}$ July 2017- $30^{\text {th }}$ June 2018. The purpose of the survey was to collect information on participation of the persons of age 3 to 35 years in the education system, expenditure incurred on education of the household members, those currently not attending education (i.e., for the persons who never enrolled or ever enrolled but currently not attending education), facilities and incentives provided by the government and private institutions. Thus the survey covered both qualitative and quantitative aspects related to educational attainment of the household members and educational services used by them.

### 1.3 Features of the Survey

1. For collection of information on current enrolment/ attendance, education particulars of basic course and expenditure on education, persons of age 3 to 35 years were considered.
2. Details of erstwhile household members of age 3 to 35 years currently attending education
3. To obtain the number of years in formal education information on class/grade/year completed was collected
4. For persons of age 12 to 59 years, information was collected on whether receiving/ received any vocational/technical training. Particulars of formal vocational/technical training received by household members of age 12 to 59 years were also recorded.
5. To identify persons with disability, information was collected on whether having a certificate of disability as per the response of the informant.
6. Information on 'reason for preferring private institution' was collected.
7. Besides collecting details of expenditure on education on the basic course, aggregate expenditure on education on courses other than basic course was also recorded to have information on total expenditure on education.
8. Information on the economic activities pursued persons of age 15 to 35 years currently attending education was collected
9. At the household level, information on availability of computer and internet facility was collected.

### 1.4 About the report

The present report is based on the data collected in the NSS $75^{\text {th }}$ round conducted during July 2017- June 2018 from the State sample on 'Household Social consumption: Education' and contains information on,
$>$ Literacy
$>$ Access to educational institutions
$>$ Status of education and vocational/ technical Training
$>$ Enrolment and attendance status
$>$ Current attendance at pre-primary and above level of education for persons of age 3 to 35 years
$>$ Expenditure on education

### 1.5 Sample size :

The State sample covered the entire rural and urban areas of the State. Sample size is as follows :

- The period of the survey was of one year duration starting from $1^{\text {st }}$ July, 2017 and ending on $30^{\text {th }}$ June, 2018.
- Sub-round : The survey period of this round was divided into four sub-rounds.
- The results presented in this report are based on information collected from 4,064 sample households spread over 508 villages and 7,359 sample households from 920 urban blocks
1.6 District wise number of households in which Schedule 25.2 was canvassed is given in Table 1.
Table 1: District wise number of FSUs (villages/blocks) and number of households surveyed for Schedule 25.2 (State sample)

| District Name | Number of FSUs (villages/blocks) surveyed |  | No. of households surveyed |  |

### 1.7 Contents of this Report

This report is divided into two parts, Volume I \& volume II. Volume I contains three chapters, including the present introductory chapter (Chapter One). Chapter Two describes the concepts and definitions of those terms used in the survey in connection with the various items covered in this report. The summary of findings is presented and discussed in Chapter Three. The detailed tables forming the basis of this report are presented in volume II, Appendix A. Appendix B gives a detailed description of the sample design and estimation procedure used for the survey. Appendix C gives a facsimile of the schedule (Schedule 25.2) canvassed in NSS $75^{\text {th }}$ round survey on 'Household Social Consumption: Education'.

### 1.8 Comparability Issues

Considering current data demand of the users and usefulness of the survey results, a few concepts, definition were modified in NSS $75^{\text {th }}$ round survey vis-à-vis the previous survey on this subject carried out in NSS $71^{\text {st }}$ round. These are given below:
a. Definition of household: In NSS $75^{\text {th }}$ round, students residing in students' hostels were not considered as household member of the household to which they belonged to before moving to the hostel as was done in NSS $71^{\text {st }}$ round. Thus in NSS $75^{\text {th }}$ round, students residing in students' hostels were listed as a single member household as is done in usual NSS rounds. In NSS $71^{\text {st }}$ round, such students were considered as members of the household to which they belonged to before moving to the hostel.
b. Coverage of 'education': With respect to coverage of education, the differences between NSS $75^{\text {th }}$ round and NSS $71^{\text {st }}$ round were as follows:
$\square$ All types of vocational/technical training courses of duration 4 weeks or more, conducted by institutions recognised by central/state/UTs/local bodies were considered in NSS $75^{\text {th }}$ round within the coverage of education. In NSS $71^{\text {st }}$ round all types of courses of duration three months or more, conducted by Institutions like Industrial Training Institute (ITI), National Vocational Training Institute, Regional Vocational Training Institutes, etc., authorised by competent authorities were included within the coverage of education.
$\square$ 'Pre-primary' level (nursery/ Kindergartens/ Preparatory levels) was included within the coverage of education in $75^{\text {th }}$ round for collection of information on education particulars of the basic course, expenditure on education, etc. In NSS $71^{\text {st }}$ round, information on education particulars of the basic course, expenditure on education, etc., was collected for primary and above level.

Expenditure on Education: In NSS $75^{\text {th }}$ round, students residing in students' hostels were listed as a single member household as is done in usual NSS rounds and expenditure on education was collected from the students forming such single member household. In NSS 71 ${ }^{\text {st }}$ round, students residing in students' hostels were considered as members of the household to which they belonged to before moving to the hostel and as such expenditure on education for such students was collected from the households in which the students were listed. In NSS 71 ${ }^{\text {st }}$
round when item-wise break-up of expenditure on education could not be obtained in spite of best efforts by the field officials, total expenditure was collected. In NSS $75^{\text {th }}$ round, expenditure on education was reported item-wise.
c. Age group considered for collection of information on different aspects like enrolment, attendance, expenditure, etc.: In NSS $75^{\text {th }}$ round, for collection of information on current enrolment/ attendance, education particulars of basic course and expenditure on education, persons of age 3 to 35 years were considered. In NSS $71^{\text {st }}$ round such information was collected for persons of age 5 to 29 years.
d. Receipt of free education: In NSS $71^{\text {st }}$ round, education was considered free only when the free education (students were not required to pay any fees) was available for all the students of the institution pursuing the basic course. In NSS $75^{\text {th }}$ round, education was considered free only when student was not required to pay any fees.

Due to the change in coverage as mentioned above and differences in some important concepts and definitions followed in NSS $75^{\text {th }}$ round, sufficient care may be taken while comparing the results of NSS $75^{\text {th }}$ with those of NSS $71^{\text {st }}$ round.

## CHAPTER TWO

## Concepts \& Definitions

## CHAPTER TWO

## Concepts \& Definitions

### 2.1 Basic Concepts:

2.1.1 Household and household size: A group of persons who normally lived together and took food from a common kitchen constituted a household. The adverb "normally" means that temporary visitors and guests (whose total period of stay in the household was expected to be less than 6 months) were excluded but temporary stay-aways (whose total period of absence from the household was expected to be less than 6 months) were included. Thus a child residing in a hostel for studies was excluded from the household of his/her parents, but a resident domestic servant or paying guest (but not just a tenant in the house) was included in the employer's/host's household. "Living together" was given more importance than "sharing food from a common kitchen" in drawing the boundaries of a household in case the two criteria were in conflict. However, in the special case of a person taking food with his family but sleeping elsewhere (say, in a shop or a different house) due to shortage of space, the household formed by such a person's family members was taken to include the person also. Each inmate of a hotel, mess, boarding-lodging house, hostel, etc., was considered to be a single-member household. The same principle was applicable for the residential staff of such establishments. However, if a group of persons among them pooled their income for spending, they were treated as forming a single household. A family living in a hotel was treated as a single household. The size of a household is the total number of persons in the household.
2.1.2 Age (years): The age in completed years, as on the date of survey, of the household members were recorded.
2.1.3 Education: The term 'education' for the purpose of collection of information on various aspects in this survey meant the following:
i) School education:
a. Pre-primary level (i.e., at nursery/Kindergarten/preparatory levels), irrespective of the recognition status of the school. Education at pre-primary level is an early childhood education for young children before commencing primary education.
b. Primary level refers to Classes I-V, irrespective of the recognition status of the school. For this survey, the primary level was defined as Class I-V for all the States/UTs uniformly.
c. Upper primary/middle refers to Classes VI-VIII, irrespective of the recognition status of the school.
d. Secondary refers to Classes IX-X and follows the syllabus and pattern of the education as in 'recognised schools'.
e. Higher secondary/Pre-university education refers to Classes XI-XII and follows the syllabus and pattern of the education as in 'recognised schools'. It may be noted that sometimes these are also taught in colleges/open schools.
ii) General education at colleges and Universities (including Open University) that are recognised by University Grant Commission leading to degree/diploma/certificates, etc.
iii) Distance education conducted by Universities, Deemed Universities or Institutions authorised by competent authorities for awarding regular degrees or diplomas or certificates,
iv) Technical or Professional courses, leading to degree/diploma/certificates, conducted by Universities, Deemed Universities, open universities and other institutes authorised by competent authorities like All India Council of Technical Education (AICTE), Medical Council of India (MCI), etc., Some of these institutes are like, National Institute of Fashion Technology, National School of Drama, Satyajit Ray Film and Television Institute, Film and Television Institute of India, Lok Nayak Jayaprakash Narayan National Institute of Criminology and Forensic Science, etc. or Institutions, The Institute of Chartered Accountants of India, The Institute of Cost and Works Accountants of India, The Institute of Company Secretaries of India, Actuarial Society of India, etc.
v) All types of vocational/technical training courses of duration 4 weeks of more, conducted by institutions recognised by central/state/UTs/local bodies.

The following were not included in the coverage of education:
Art, music and similar type of courses conducted by individuals in their houses or unrecognised/ unaffiliated institutions, Classes taken by Private tutors, The non-formal system of education (like NFEC/TLC/AEC, etc.) being implemented through various programs by government or other agencies were considered within the coverage of 'education' only for collecting information on (i) status of enrolment, (ii) level of current enrolment if currently attending and (iii) some details if currently not attending education.

Currently attending education: Persons, who were temporarily not attending education due to reasons like illness, vacation, etc., was treated as currently attending. Persons who were awaiting results were considered as 'currently attending' and the appropriate level for which, they appeared in the examinations was considered as level of current attendance. Persons who were registered for any regular distance learning courses for a stipulated period at the end of which, were allowed to appear in the examination for the course, were also considered as 'currently attending'. Persons who were eligible for appearing as private/external candidates in examination were treated as currently attending.
2.1.4 Student: For the purpose of this survey, a household member was considered as student if he/she was of age 3 to 35 years and was currently attending education.
2.1.5. Students' Hostel: A hostel is meant for providing accommodation to students, irrespective of whether run by any educational institution or not. A hostel, as distinct from a mess, is not managed by the students on a cooperative basis.
2.1.6. Educational level: It is the highest level of education considering all general/ technical/vocational educational level successfully completed by the members of the household. A person who could both read and write a simple message with understanding in at least one language was considered literate. Those who were not able to do so, were considered not literate. It may be noted that for the purpose of this survey, the primary level was defined as Class I-V for all the States/UTs uniformly. In this survey, information on general educational level was collected on the following 15 categories (i to xv ):
(i) not literate
literate without formal schooling:
(ii) literate without any schooling
(iii) through NFEC
(iv) through TLC/AEC
(v) others
literate with formal schooling:
(vi) below primary
(vii) primary
(viii) upper primary/middle
(ix) secondary
(x) higher secondary
(xi) diploma /certificate course (upto secondary)
(xii) diploma /certificate course (higher secondary)
(xiii) diploma /certificate course (graduation and above)
(xiv) graduate
(xv) post graduate and above
2.1.7. Educational level-technical: Highest level of technical education achieved by the members of the household was recorded as follows:
no technical education
technical degree in:
agriculture/ engineering/technology /medicine /crafts /other subjects
technical diploma or certificate (below graduate level) in:
agriculture/ engineering/technology /medicine /crafts/ other subjects
technical diploma or certificate (graduate and above level) in:
agriculture/ engineering/technology/ medicine/ crafts/ other subjects

Technical diploma or certificate in 'other subjects' covered diploma or certificate in management, applied arts, etc. It may be noted that as per Ministry of Human Resource Development, the Technical education generally pertains to higher education. In case of school education (up to secondary level) it is a part of vocational education.
2.1.8.Number of years in formal education: For each person who completed 'below primary’ or above level of education, information was collected on class/grade completed starting from class/grade I to XII and year(s) of education completed after the class/grade completed. Class/grade completed meant the completion of full academic year in the highest class/grade. The number of year(s) completed in education after the class/grade completed was also ascertained. From the information collected on class/grade completed and number of year(s) of education completed after the class/grade completed, number of years in formal education was derived as the total of numeric value of Class/grade completed and number of years of education completed after the class/grade completed.
2.1.8.1 class/ grade completed: Class/grade completed meant the completion of full academic year in the highest class/grade. Information on class/grade completed was collected for all the persons who completed 'below primary' or above level of education starting from Class/grade I to XII.
2.1.8.2 year(s) of education formal education completed after the class/grade completed: Information on number of year(s) completed in formal education after the class/grade completed by the persons who completed 'below primary' or above level of education was also recorded. Number of year(s) of formal education completed was counted considering the full academic year that the person has attended without considering repetition. If a person did not complete formal education for the full academic year, the fractional part of the academic year was not counted. However, if a course is of five semesters and the last semester falls in the third academic year, total academic year for the course was taken as three years.
2.1.8.3 Total number of years in formal education: From the information collected on class/grade completed and number of years of formal education completed after the class/grade completed, number of years in formal education was derived as the total of numeric value of class/grade completed and number of years of formal education completed after the class/grade completed.
2.1.9.Vocational/ Technical Training: A vocational/ technical training may broadly be defined as training through which knowledge and skills for the world of work is acquired. The main objective of vocational/ technical education and training is to make individuals employable for a broad range of occupations in various industries and other economic sectors. There are three methods of acquiring Vocational/ Technical training, namely, (i) Formal Training, (ii) Non-formal Training and (iii) Informal Training. It may be noted that as per Ministry of Human Resource Development, the Technical education generally pertains to higher education. In case of school education (up to secondary level) it is a part of vocational education.
2.1.9.1 Formal Training: It is the training that is acquired through institutions/ organisations and is recognised by national certifying bodies, leading to diplomas/ certificates and qualifications. Formal training is structured according to educational arrangements such as curricula, qualifications, teaching/ learning requirements and assessment. Formal training is intentional from the learner's perspective.
2.1.9.2 Non-formal Training: It is the training that is in addition or alternative to formal learning and is also structured but is more flexible. It is provided through community-based settings, the workplace, or through the activities of civil society organizations or any organisation imparting training. This training mode does not have the level of curriculum, syllabus or accreditation and certification associated with formal learning but it is more structured as compared to informal learning.
2.1.9.3 Informal Training: The training that occurs in daily life, in the family, in the workplace, in communities, and through the interests and activities of individuals. It is not structured (in terms of learning objectives, learning time or learning support) and typically does not lead to certification.
2.1.9.4Vocational/technical training other than formal vocational/technical training
(a)Hereditary: The expertise in a vocation or trade is sometimes acquired by the succeeding generations from the other members of the households, generally the ancestors. The expertise gained through significant 'hands-on' experience enables the individual to take up activities in
self-employment capacity or makes them employable. Acquiring such marketable expertise by one, which enables him/her to carry out the trade or occupation of their ancestors over generations, was considered training through 'hereditary' sources.
(b) Self-learning: The expertise in a vocation or trade when acquired by a person through his/her own effort, without any training under any person or organisation, was considered 'selflearning'. For example, a person who has learnt photography on his own effort was considered to have acquired the vocational training through 'self-learning'.
(c) Learning on the job: The expertise acquired by a person while in employment (current and/or past), either through informal training by the employer or organisation or through the exposure to the type of job that he/she is/was performing, was considered as the training through 'learning on the job'. Note that if a person was provided with formal training in a vocation or trade even by the employer or organisation, while in employment, he/she was be considered to have received 'formal' vocational/technical training.
(d) Other: The 'other' sources included the cases where the expertise for a vocation or trade was developed from the household members or ancestors, provided that the said vocation or trade was different from the one relating to their ancestors. Similarly, a person might learn tailoring work from a master tailor or a person might learn book-binding work from a printing press. All such expertise acquired were considered as vocational/technical training through 'other' sources.
2.1.10.Course: A course is i) a structured educational programme having a specified syllabus, duration, level, etc. and it ii) necessarily involve appearing in some kind of examination/ performance appraisal for getting the degree/diploma/certificate or advancing to the next class/level. Courses were broadly categorised as (i) general and (ii) technical/professional. For the purpose of this survey, only those courses covered under the definition of 'education' were considered.
2.1.11. Academic year: The academic year was defined in relation to the duration of the course in the following manner:
a. If duration of the course was less than one year, the academic year covered full duration of the course.
b. If duration of the course was equal to or more than one year, then, academic year covered a period of 12 months.
c. For the educational institutions pursuing semester system (e.g., three to six months semester system), academic year was taken as 12 months if the duration of the course was equal to or more than one year.
2.1.12. Recognised School/Institution: A recognised school/ institution was one in which the course(s) of study followed was/were prescribed or recognised by the Government or a University or a Board constituted by law or by any other agency authorised in this behalf by he Central or State government. With regard to its standard of efficiency, it also satisfies criteria of one or more of the authorities, e.g., Directorate of education, Municipal Board, Secondary Board, etc. It runs regular classes and sends candidates for public examination, if any.
2.1.13. Type of institution: This referred to the type of management by which the institution was run. It might be run by Government (Central/State/Local) or a private body irrespective of whether receiving government aid. Thus, the types of Institutions were: (a) Government, (b) Private aided and (c) Private unaided.
2.1.13.1 Government institutions: All schools/ institutions run by central and state governments, public sector undertakings, autonomous organisations, municipal corporations, municipal committees, notified area committees, Zilla parishads, panchayat samitis, cantonment boards, etc., completely financed by the government were treated as government institutions. It may be noted that a government institution may be run by either the government directly or through a governing body/managing committee, etc., set-up by the government.
2.1.13.2 Private aided institution: A private aided institution is one, which is run by an individual or a private organisation and receives maintenance grant from Government.
2.1.13.3 Private unaided institution: A private unaided institution is one, which is managed by an individual or a private organisation and is not receiving maintenance grant from Government.
2.1.14.Recognised School/Institution: A recognised school/ institution is one in which the course(s) of study followed is/are prescribed or recognised by the Government or a University or a Board constituted by law or by any other agency authorised in this behalf by the Central or State government. With regard to its standard of efficiency, it also satisfies criteria of one or more of the authorities, e.g., Directorate of education, Municipal Board, Secondary Board, etc. It runs regular classes and sends candidates for public examination, if any.
2.1.15. Whether having a certificate of disability: For each of the household members it was enquired whether he/she has a certificate of disability. Only the certificate issued by any government authorities (e.g., central/state/local bodies) was considered.
2.1.16. Type of disability as per the certificate: For each of the household members having a certificate of disability issued by any government authorities, the type of disability as per the certificate was recorded as follows.

## Single

mental
visual
hearing
speech
locomotor
Multiple
It may be noted that type of disability was recorded as per the certificate of disability stated by the informant and no attempt was made to verify or confirm the certificate of disability with the disability of the person.
2.1.17. Special School: Special school are the educational institutions for persons with special educational needs arising from disability. The traditional classroom environment cannot meet the special educational requirements of such persons. This requires special teaching methodology and infrastructure to meet the appropriate needs of such persons which the special schools provide.
2.1.18. Full time course/Part-time course/ distance learning courses: For the persons who were currently attending at upper primary/middle and above levels, information was collected on whether he/she was pursuing full-time course, part-time course or distance learning course. Persons who were studying courses from recognized educational institution and were appearing
as private/external candidates in the examinations was classified as attending distance learning courses.
2.1.19. Distance Learning: It is the education from the distance and not face-to-face but indirect/remote or inanimate and involving a wide variety of channels and media. Distance Education has the following types:
(a) Correspondence Courses
(b) Home Study
(c) Open Education
(d) E-Learning
2.1.20. Duration of the current academic year of the course currently attending: Duration of the current academic year of the basic course was recorded in whole number of months. If the duration of course was in days, it was converted into months by considering 30 days as 1 month (rounding off to the nearest highest value, e.g., if the values is 10.1 , it was reported as 11).
2.1.21.Whether present class/grade/year of study is same as that of previous year: Information on repeater was captured through this item, i.e., whether the student had repeated the same class/grade/year in two consecutive academic year. For some courses, class/grade/year of study is not relevant. For example, some courses require that a number of papers are to be cleared to complete the course. The student may complete the course in phases in a number of years by clearing one or more paper at a time. Thus, for these types of courses the concept of repeater was not relevant and they were classified in a separate category (not relevant).
2.1.22. Mode of transport: Information on the mode of transportation to/from school/institution used by the student to attend the basic course in the current academic year was collected as follows:

- on foot
- school/institution bus
- public transport
- bicycle
- others

Public transport is a shared passenger-transport service which is available for use by the general public, as distinct from taxicab, carpooling, or hired buses.
Public transport includes buses, trams, trains, metro trains and ferries. It, therefore, includes both government as well as private transport facilities, regulated by State Authority. If transport is provided by the employer for the children of their employees, it was classified in 'others'. If more than one mode of transport was used for attending the institution in the basic course in the current academic year, then the one, which covered the longest distance, was considered as the mode of transport for the student.
2.1.23.Whether concession received: For the students who used public transport as mode of transport for attending the basic course in the current academic year, information was collected on whether they have more or less regularly availed concessional fare in public transport for attending educational institutions.
2.1.24.Whether taking/taken private coaching: Information was collected if a student was taking/taken private coaching relating to the basic course in the current academic year. Private coaching might be taken by a student individually or in a group, at home or in any other place, by a single or more tutors. If a student who was pursing one basic course and another course (other than basic course), then information in respect of the basic course was recorded.
2.1.25. Computer: For this survey, a computer included devices like, desktop computer, laptop computer, notebook, netbook, palmtop, tablet (or similar handheld devices). The descriptions of these are given below:
I. Desktop: A desktop computer (or desktop PC) is a computer that is designed to put in a single location without portability. Generally, the monitor, keyboard and mouse in a desktop computer are separate units.
II. Laptop: A laptop is small, portable personal computer. A laptop computer can be powered by battery or plugged into the unit. Laptop is suitable for use while travelling.
III. Notebook: A notebook is an extremely lightweight portable personal computer, smaller than a laptop model.
IV. Netbook: A netbook is a portable computer that is about half the size of a traditional laptop. These are for the use of those who want a basic computer for Internet and for basic applications such as a word processing. The main difference between netbook and notebook is its functionality. Netbook is used for content consumption such as listening to music or watching movies while Notebook is used for content making.
V. Palmtop: A small computer that literally fits in the palm of one's hand is called a Palmtop. Other names for Palmtops are 'hand-held computers' or 'Personal Digital Assistants (PDAs)'. VI. Tablet: A tablet computer, or simply tablet, is a one-piece mobile computer. Devices typically have a touch screen, with finger or stylus gestures replacing the conventional computer mouse. An on-screen concealable virtual keyboard is usually used for typing.
2.1.26.Whether the household has a computer: 'Household has a computer' meant that a computer was in possession of the household (may or may not be owned) and it was generally available for use by all members of the household at any time, regardless of whether it was actually used. The computer should be in working condition as on the date of survey.
2.1.27.Whether the household has internet facility: The Internet is a worldwide public computer network. It provides access to a number of communication services including the World Wide Web and carries e-mail, news, entertainment and data files, irrespective of the device used (not assumed to be only via a computer - it may also be by mobile telephone, tablet, personal digital assistant (PDA), games machine, digital TV etc.). Access can be via a fixed or mobile network. Household with Internet facility meant that the Internet was generally available for use by all members of the household at any time, regardless of whether it was actually used. The connection and devices may or may not be owned by the household but both should be possessed by the household.
2.1.28.Ability to operate a computer: For household members of age 5 years and above information was collected on whether the household member was able to operate a computer. Ability to operate a computer meant carrying out any of the tasks, like,

- Copying or moving a file or folder
- Using copy and paste tools to duplicate or move information within a document
- Sending e-mails with attached files (e.g. document, picture, and video)
- Using basic arithmetic formulae in a spreadsheet
- Connecting and installing new devices (e.g. modem, camera, printer)
- Finding, downloading, installing and configuring software
- Creating electronic presentations with presentation software (including text, images, sound, video or charts)
- Transferring files between a computer and other devices
- Writing a computer program using a specialised programming language
2.1.29.Ability to use internet: For household members of age 5 years and above information was collected on whether the household member was able to use internet. Ability to use internet meant that the household member was able to use internet browser for website navigation, using e-mail and social networking applications, etc., to find, evaluate and communicate information.
2.1.30.Use of internet during last 30 days: For household members of age 5 years and above information was collected on whether the household member used internet during last 30 days. If a household member of age 5 years and above used internet to find, evaluate and communicate information from any location during the last 30 days, it was considered as use of internet. It may be noted that such use may be via any device, like, desktop, laptop, palmtop, notebook, netbook, smartphone, tablets, etc. Use of ATM was not considered as use of internet. Moreover, Internet is to be accessed by the household member himself/herself. If any member used internet services through another person (like booking of railway/air ticket/hotel through another person), those were not considered as use of internet by the person.
2.1.31.Basic course: If a household member was attending education in more than one course of study, then the basic course was determined using the priority criteria as per the following order:
$\square$ Rule 1: If an individual was attending more than one course then the course, which was of the highest level, was considered as the basic course.
$\square$ Rule 2: If an individual was attending more than one course all of which were of the same level and one of these was technical/professional course, then the technical/profession course was the basic course
$\square$ Rule 3: If an individual was attending more than one course all of which were of the same level, then the course which involved higher expenditure, was the basic course.
$\square$ Rule 4: If a person was attending both a regular course and a course through distance learning, then regular course was treated as the basic course.
$\square$ Rule 5: If a person was attending both a full-time and a part-time course, then fulltime course was treated as the basic course.

If a person was attending more than one of the courses through Non-formal Education Centre (NFEC), Total Literacy Campaign (TLC)/Adult Education Centre (AEC) or other non-formal courses, the basic course was the course was decided in the following order:
(i) Non-formal Education Centre (NFEC),
(ii) Total Literacy Campaign (TLC)/Adult Education Centre (AEC)
(iii) other non-formal courses
2.1.32.Academic year: Information in this block will be collected for the current academic year.
The academic year is defined in relation to the duration of the course which the student is attending in the following manner:
a. If duration of the course is less than one year, the academic year will cover full duration of the course.
b. If duration of the course is equal to or more than one year, then, academic year will cover a period of 12 months.
c. For the educational institutions pursuing semester system (e.g. three to six months semester system), academic year will be taken as 12 months if the duration of the course is equal to or more than one year.
2.1.33. Course currently attending: The broad subject in which the person was currently attending education was the course which he/she was currently attending. These were as follows:
general course technical
(i) up to class X
(ii)humanities
(iii) science
(iv) commerce
professional course
(v) medicine
(vi) engineering
(vii) agriculture
(viii) law
(ix) management
(x) education
(xi) chartered accountancy and similar courses.
(xii) IT/computer courses
(xiii) courses from Industrial Training Institute (ITI), recognised vocational training institute (xiv) others

As per the All India Council for Technical Education Act, 1987, technical education means programmes of education, research and training in fields of Engineering and Technology, Architecture, Town Planning, Management, Pharmacy and Applied Arts \& Crafts. Examples of some professional courses are Chartered accountant (CA), Company secretary (CS)/ cost and works accountant (CWA).etc. Some of the professional courses are conducted by institutes like The Institute of Chartered Accountants of India, The Institute of Cost and Works Accountants of India, The Institute of Company Secretaries of India, Actuarial Society of India, etc.
2.1.34.Free education: Education was considered free only when student was not required to pay any fees. However, the student might incur expenditure for text book, stationery, uniform. A student was considered as received free education if the student was not required to pay any fee in the current academic year with respect to the education in basic course. Some of the fees that are generally charged by the educational institutions included tuition fee, library fees, development fee, computer fee, exam fee, games fees, laboratory fees.
2.1.35.Free/subsidised textbooks: It was ascertained whether the student received free/subsidised textbooks for the basic course during the current academic year. The student might have received free/subsidised textbooks from the educational institution, charitable organisation, etc.
2.1.36. Free/subsidised stationary: It was ascertained whether the student received free/subsidised stationary for the purpose of the basic course during the current academic year. The student might have received free/subsidised stationary from the educational institution, charitable organisation, etc.
2.1.37. Scholarship/stipend/reimbursement: Scholarship/ stipend/reimbursement in cash are given to students to further their education. The financial aid of these types given to a student is not to be repaid by the student to the giver. Loan scholarships or scholarship/ stipend/ reimbursement received/ receivable from individuals was not considered as scholarship/ stipend/ reimbursement.
2.1.38. Mid-day meal/tiffin/nutrition: It was ascertained from the student whether free midday meal/tiffin/nutrition is provided by the institution in which he/she is current attending education in the basic course. To determine whether the institution is providing free Mid Day Meal it is to be noted that the provision of regular and free mid-day meal is relevant and not the consumption of the meal by the student. Some schools/educational institutions provide food to students as mid-day meal, tiffin, etc., free of cost. Schools/ institutions, which run canteen facilities where the students can purchase the food, were not considered as providing such facilities, even though such food may be subsidised to some extent. It may be noted that information on mid-day meal/tiffin/nutrition was collected for those currently attending the basic course in (i) pre-primary level of education, (ii) primary level of education or (iii) those currently attending the basic course at upper primary/middle level or above level of education which are not through distance learning
2.1.39. Expenditure on education for the basic course: Expenditures on education for the basic course during the current academic year included those that were incurred/to be incurred by the household itself, by other households or by any institutions/organizations other than Government. When expenditure was incurred by other households or by any institutions/organizations, the amount of such expenditures was ascertained/imputed. However, if such expenditures were incurred by the Government (in the form of free books/free tuition fee/uniform, etc.), no imputation was made and value was considered as zero (0) for recording. Expenditure included
course fee (including tuition fee, examination fee, development fee and other compulsory payments)
books, stationery and uniform
transport
private coaching
other expenditure (such as study tours, school project, etc.)
2.1.40. Expenditure on education on courses other than the basic course during the current academic year: If a student as pursing any course(s) other than the basic course within the coverage of 'education', aggregate expenditure incurred/to be incurred in the current academic year on such course(s) was recorded. The aggregate of the following expenses for the courses other than the basic course were taken:
course fee (including tuition fee, examination fee, development fee and other compulsory payments)
books, stationery and uniform
transport
private coaching
other expenditure
2.1.41.Drop outs: An ever-enrolled person was considered as dropped out if he/ she did not complete the last level of education for which he/she enrolled and currently not attending any educational institution for reasons other than 'completion of the desired level of education'.
2.1.42. Expenditure on erstwhile member of the household: It was ascertained from the selected households whether any erstwhile household member of age 3 to 35 years is currently attending education. Erstwhile members of a household are those who were members of the selected household sometime in the past. Total expenditure incurred/to be incurred by the household for that person during the current academic year was recorded. Total amount of expenditure incurred/to be incurred by the household on the erstwhile members included expenditure on education as well as any other expenditure.
2.1.43. Expenditure incurred on preparation for higher/ additional studies during last 365 days: For the household member who were preparing/ prepared for higher/additional studies during the last 365 days, total expenditure on preparation for higher/additional studies during the last 365 days were recorded. For taking preparation for higher studies, expenditure may be incurred on specialised coaching, books, stationery, transport, etc.
2.1.44. Literacy rate: Percentage of literates among persons of age 7 years and above has been defined as literacy rate. A person who can both read and write a simple message with understanding in at least one language is considered literate. Those who are not able to do so, are considered not literate.
2.1.45. Gross enrolment ratio (GER): For each level of education, GER is the ratio of the number of persons currently enrolled in the level of education to the number persons in the corresponding official age-group. For example, for level of education 'I-V', GER is defined as

$$
\text { GER }=\frac{\text { Number of persons currently enrolled in Classes I-V }}{\text { Estimated population in the age-group 6-10 years }} \times 100
$$

For the remaining level of education, i.e. upper primary/middle (VI-VIII), secondary (IX-X), higher secondary (XI-XII) and post higher secondary, the corresponding official age-groups were taken as 11-13 years, 14-15years and 16-17years, 18-23 years respectively. The population estimates to calculate the GER were derived from the design based estimates of this survey.
2.1.46.Net enrolment ratio (NER):For each level of education, NER is the ratio of the number of persons in the official age-group currently enrolled in a particular level of education to the total number persons in that age-group. For example, for level of education 'I-V' NER is

$$
\mathrm{NER}=\frac{\text { Number of persons of age 6-10 years currently enrolled in Classes I-V }}{\text { Estimated population in the age-group 6-10 years }} \times 100
$$

For the remaining level of education, i.e. upper primary/middle (VI-VIII), secondary (IX-X), higher secondary (XI-XII) and post higher secondary, the corresponding official age-groups were taken as 11-13 years, 14-15 years and 16-17 years, 18-23 years respectively. The
population estimates to calculate the NER were derived from the design based estimates of this survey.
2.1.47. Gross attendance ratio (GAR): For each level of education, GAR is the ratio of the number of persons attending in the level of education to the number persons in the corresponding official age-group. For example, for level of education 'I-V', GAR is defined as

$$
\text { GAR }=\frac{\text { Number of persons attending Classes I-V }}{\text { Estimated population in the age-group 6-10 years }} \times 100
$$

For the remaining level of education, i.e. upper primary/middle (VI-VIII), secondary (IX-X), higher secondary (XI-XII) and post higher secondary, the corresponding official age-groups were taken as 11-13 years, 14-15 years and 16-17 years, 18-23 years respectively. The population estimates to calculate the GAR were derived from the design based estimates of this survey.
2.1.48.Age-specific attendance ratio (ASAR): For each age-group, ASAR is the proportion of persons of a particular age-group currently attending educational institutions, irrespective of the level or class in which they are studying. For example, for age-group 6-10, this attendance ratio is

$$
\text { ASAR }=\frac{\begin{array}{c}
\text { Number of persons in age-group 6-10 years currently attending } \\
\text { educational institutions }
\end{array}}{\text { Estimated population in the age-group 6-10 years }} \quad \times 100
$$

The population estimates to calculate the ASAR were derived from the design based estimates of this survey.
2.1.49.Net attendance ratio (NAR): For each level of education, NAR is the ratio of the number of persons in the official age-group attending a particular level of education to the total number persons in the age-group. For example, for level of education ' $I-V$ ' NAR is

Similarly it can be obtained for the remaining level of education i.e. upper primary/middle (VIVIII), secondary (IX-X), higher secondary (XI-XII) and post higher secondary, with the corresponding official age-groups 11-13 years, 14-15 years and 16-17 years, 18-23 years respectively. The population estimates to calculate the NAR were derived from the design based estimates of this survey.

### 2.1.50.Major reason for never enrolled/ ever enrolled but currently not attending:

Information on major reason for never enrolled/ever enrolled but currently not attending was collected for all the persons of age 3 to 35 years who never enrolled/ever enrolled but currently not attending, Major reason for those never enrolling in education or those who ever enrolled but currently not attending any educational institution was recorded. If there were multiple
reasons, then the major reason as indicated by the respondent was considered. The reasons for never enrolled or ever enrolled but currently not attending used in NSS $75^{\text {th }}$ round were as follows:

| major reason | major reason |
| :--- | :--- |
| applicable for all: | applicable for "never- enrolled" cases only: |
| not interested in education | no tradition in the community |
| financial constraints | applicable for "ever- enrolled" cases only: |
| engaged in domestic activities | unable to cope up with studies/ failure in studies |
| engaged in economic activities | unfriendly atmosphere at school |
| school is far off | completed desired level/class |
| timings of educational institution not suitable | preparation for competitive examination |
| language/ medium of instruction used unfamiliar | applicable for females only: |
| inadequate number of teachers | non-availability of female teacher |
| quality of teachers not satisfactory | non-availability of girls' toilet |
| route to educational institution not safe | marriage |
| others |  |

2.1.51. Quintile Class of Usual Monthly Per Capita Consumer Expenditure (UMPCE): Information on Household Usual Monthly Consumer Expenditure was collected in this survey only to classify the households in different UMPCE classes. Since this information was collected through a single-shot question, it cannot be used to estimate the household consumer expenditure which is generally estimated based on detailed household consumer expenditure survey (Schedule 1.0). Based on the information collected on Household Usual Monthly Consumer Expenditure, quintile classes of Usual Monthly Per Capita Consumer Expenditure (UMPCE) were formed (with each quintile class containing 20 per cent of the population) separately for each sector (rural/urban).
2.1.52 Gender parity index (GPI) : Gender parity index (GPI) measures the relative participation in education of male and female students at different levels of attendance. GPI is calculated as the ratio of GAR and NAR for female to male. If it is less than one, it represents relatively less female participation in education.

## CHAPTER THREE SURVEY FINDINGS

## CHAPTER THREE

## SURVEY FINDINGS

## Level of Education, Current Enrolment and Attendance Status

3.1 Educational level, Number of years in formal education, vocational/ technical training, enrolment and attendance, participation and expenditure on education, persons currently not attending education, etc. based on State sample of NSS $75^{\text {th }}$ round on 'Social consumption: Education' are discussed in this chapter. For the purpose of this survey, a household member was considered as student if he/she was of age 3 to 35 years and was currently attending education at the time of survey.

## Distance of the households to nearest school

3.2.1 Distance to nearest school from residence is one of the important factors affecting access to education and attendance. Percentage distribution of households by distance of the households to nearest school having primary, upper primary/ middle and secondary level classes is given in Table 1a. In rural areas 93.6 per cent of households and in urban areas, 86.6 per cent of households reported availability of primary school within 1 km from their residence. In rural areas, 85.2 per cent upper primary and 66.9 per cent secondary schools were available within 2 km distance, whereas in urban areas percentage was 93.9 per cent and 87.4 per cent respectively. About 45 per cent of rural households and 70 per cent of urban households reported availability of secondary schools within 1 km from their residence.

Table 1a: Percentage distribution of households by distance to nearest school having primary, upper primary/middle and secondary level classes

| Level of classes in the school | Distance in km | Percentage |  |  |
| :---: | :---: | :---: | :---: | :---: |
|  |  | Rural | Urban | Rural+ Urban |
| Nearest school having primary level classes | less than 1 k.m. | 93.6 | 86.6 | 90.4 |
|  | $1 \mathrm{k} . \mathrm{m}$. or more but less than $2 \mathrm{k} . \mathrm{m}$. | 5.2 | 9.5 | 7.2 |
|  | $2 \mathrm{k} . \mathrm{m}$. or more but less than $3 \mathrm{k} . \mathrm{m}$. | 0.6 | 2.8 | 1.6 |
|  | $3 \mathrm{k} . \mathrm{m}$. or more but less than $5 \mathrm{k} . \mathrm{m}$. | 0.1 | 0.6 | 0.3 |
|  | $5 \mathrm{k} . \mathrm{m}$. or more above | 0.5 | 0.5 | 0.5 |
|  | all | 100.0 | 100.0 | 100.0 |
| Nearest school having upper primary/middle level classes | less than $1 \mathrm{k} . \mathrm{m}$. | 69.9 | 78.7 | 73.9 |
|  | $1 \mathrm{k} . \mathrm{m}$. or more but less than $2 \mathrm{k} . \mathrm{m}$. | 15.3 | 15.2 | 15.3 |
|  | $2 \mathrm{k} . \mathrm{m}$. or more but less than $3 \mathrm{k} . \mathrm{m}$. | 7.8 | 4.1 | 6.1 |
|  | $3 \mathrm{k} . \mathrm{m}$. or more but less than $5 \mathrm{k} . \mathrm{m}$. | 2.5 | 1.3 | 1.9 |
|  | $5 \mathrm{k} . \mathrm{m}$. or more above | 4.6 | 0.7 | 2.8 |
|  | all | 100.0 | 100.0 | 100.0 |
| Nearest school having secondary level classes | less than $1 \mathrm{k} . \mathrm{m}$. | 45.3 | 70.1 | 56.5 |
|  | $1 \mathrm{k} . \mathrm{m}$. or more but less than $2 \mathrm{k} . \mathrm{m}$. | 21.6 | 17.3 | 19.7 |
|  | $2 \mathrm{k} . \mathrm{m}$. or more but less than $3 \mathrm{k} . \mathrm{m}$. | 14.2 | 6.2 | 10.6 |
|  | $3 \mathrm{k} . \mathrm{m}$. or more but less than $5 \mathrm{k} . \mathrm{m}$. | 5.8 | 2.2 | 4.2 |
|  | $5 \mathrm{k} . \mathrm{m}$. or more above | 13.0 | 4.1 | 9.0 |
|  | all | 100.0 | 100.0 | 100.0 |

Table 1b: Percentage distribution of households by distance to nearest school having primary, upper primary/middle and secondary level classes

| Level of classes in the <br> school | Distance in km | Percentage |  |  |
| :--- | :--- | ---: | ---: | ---: |
|  |  | Rural | Urban | Rural+ Urban |
| Households with atleast one member currently attending primary level classes |  |  |  |  |
|  | less than 1 k.m. | 95.1 | 89.2 | 92.6 |
|  | 1 k.m. or more but less than $2 \mathrm{k} . \mathrm{m}$. | 3.9 | 8.3 | 5.7 |
| Nearest school having | $2 \mathrm{k} . \mathrm{m}$. or more but less than $3 \mathrm{k} . \mathrm{m}$. | 0.5 | 2.1 | 1.2 |
| primary level classes | 3 k.m. or more but less than $5 \mathrm{k} . \mathrm{m}$. | 0.0 | 0.5 | 0.2 |
|  | $5 \mathrm{k} . \mathrm{m}$. or more above | 0.5 | 0.1 | 0.3 |
|  | all | 100.0 | 100.0 | 100.0 |

Households with atleast one member currently attending upper primary/ middle level classes

| less than 1 k.m. | 76.6 | 84.9 | 80.0 |

Indicators relating to literacy status, level of education and vocational/technical training

## Literacy rate: comparison

3.3.1 Percentage of literates in a population is taken as its literacy rate. Literacy rates for NSS $75^{\text {th }}$ round and NSS $64^{\text {th }}$ round are presented in Table 2. For the age 7 years and above literacy rate increased from 79.1 per cent in 2007-08 to 86.3 per cent in 2017-18. Literacy rate was higher in urban areas than in rural areas.
3.3.1.1 Literacy rate (aged 7 years and above) for male ( 91.5 per cent) was higher than that for female ( 80.6 per cent). Gender wise difference was 15.6 per cent in 2007-08 which reduced to 10.9 per cent in 2017-18. Rural- urban literacy gap was more among female ( 15.8 per cent) than in male ( 7.5 per cent) for 2017-18.

Table 2: Literacy rate among persons of age 7 years and above during 2017-18 and 2007-08

| Survey period | Percentage |  |  |
| :---: | :---: | :---: | :---: |
|  | Male | Female | Person |
| Rural |  |  |  |
| During 2017-18 (NSS 75 ${ }^{\text {th }}$ round) | 88.3 | 73.8 | 81.4 |
| During 2007-08 (NSS $64{ }^{\text {th }}$ round) | 82.2 | 63.3 | 73.0 |
| Urban |  |  |  |
| During 2017-18 (NSS 75 ${ }^{\text {th }}$ round) | 95.8 | 89.6 | 92.9 |
| During 2007-08 (NSS 64 ${ }^{\text {th }}$ round) | 93.0 | 82.8 | 88.2 |
| Rural+ Urban |  |  |  |
| During 2017-18 (NSS 75 ${ }^{\text {th }}$ round) | 91.5 | 80.6 | 86.3 |
| During 2007-08 (NSS 64 ${ }^{\text {th }}$ round) | 86.6 | 71.0 | 79.1 |

## Educational level

Distribution of household members of age 15 years and above by general educational level 3.3.2 Distribution of population by completed level of education at different levels for each gender in rural and urban areas provide a comprehensive picture of educational status of entire population. Percentage distribution of adult population ( 15 years \& above) by level of general education is presented in Table 3. The percentage of 'not literate' persons was comparatively higher in rural areas than in urban areas in 2017-18. In both rural and urban areas, percentage of 'not literate' female was higher than male. The percentage of persons with completed level of education 'secondary and above' was 38.3 per cent in rural areas and 63.7 per cent in urban areas.

Table 3: Percentage distribution of persons of age 15 years and above by level of general education

| Level of general education |  | Percentage |  |
| :---: | :---: | :---: | :---: |
|  | Male | Female | Person |
| Rural |  |  |  |
| Not literate | 13.8 | 30.0 | 21.5 |
| Literate upto primary | 21.6 | 24.8 | 23.2 |
| Upper primary/middle | 18.8 | 14.8 | 16.9 |
| Secondary | 21.9 | 16.7 | 19.4 |
| Higher secondary | 15.6 | 9.9 | 12.9 |
| Graduate and above | 8.3 | 3.7 | 6.0 |
| All | 100.0 | 100.0 | 100.0 |
| Urban |  |  |  |
| Not literate | 4.7 | 11.6 | 8.0 |
| Literate upto primary | 11.9 | 17.9 | 14.7 |
| Upper primary/middle | 14.0 | 13.2 | 13.6 |
| Secondary | 22.3 | 20.8 | 21.6 |
| Higher secondary | 20.0 | 15.8 | 18.0 |
| Graduate and above | 27.1 | 20.7 | 24.1 |
| All | 100.0 | 100.0 | 100.0 |
| Rural+ Urban |  |  |  |
| Not literate | 9.8 | 22.0 | 15.7 |
| Literate upto primary | 17.4 | 21.8 | 19.5 |
| Upper primary/middle | 16.7 | 14.1 | 15.5 |
| Secondary | 22.1 | 18.5 | 20.3 |
| Higher secondary | 17.5 | 12.5 | 15.1 |
| Graduate and above | 16.5 | 11.1 | 14.0 |
| All | 100.0 | 100.0 | 100.0 |

Persons of age 15 years $\boldsymbol{\&}$ above with secondary and above level of general education
during 2007-08, 2014 and 2017: comparison
3.3.3 Percentage distribution of adult population ( 15 years \& above) with level of general education for NSS $75^{\text {th }}$ round, NSS $71^{\text {st }}$ round and NSS $64^{\text {th }}$ round is presented in Table 4. The percentage of persons who completed 'secondary and above' increased from 23.4 per cent in 2007-08 to 38.3 per cent in 2017-18 in rural areas. The percentage of persons who completed the level 'secondary and above' increased from 52.2 per cent in 2007-08 to 69.4 per cent in 2017-18 for male and increased from 41.9 per cent in 2007-08 to 57.3 per cent in 2017-18 for female in urban areas.

Table 4: Percentage distribution of persons of age 15 years and above with secondary and above level of general education during 2017-18, 2014 and 2007-08

| Completed secondary and above level of general education | Percentage |  |  |
| :---: | :---: | :---: | :---: |
|  | Male | Female | Person |
| Rural |  |  |  |
| During 2017-18 (NSS 75 ${ }^{\text {th }}$ round) | 45.8 | 30.3 | 38.3 |
| During 2014 (NSS 71 ${ }^{\text {st }}$ round) | 45.6 | 27.2 | 36.4 |
| During 2007-08 (NSS 64 ${ }^{\text {th }}$ round) | 29.8 | 16.2 | 23.4 |
| Urban |  |  |  |
| During 2017-18 (NSS 75 ${ }^{\text {th }}$ round) | 69.4 | 57.3 | 63.7 |
| During 2014 (NSS 71 ${ }^{\text {st }}$ round) | 67.2 | 53.9 | 60.7 |
| During 2007-08 (NSS 64 ${ }^{\text {th }}$ round) | 52.2 | 41.9 | 47.3 |

## Technical Education

3.3.4.1 As per the All India Council for Technical Education Act, 1987, technical education means programmes of education, research and training in fields of Engineering and Technology, Architecture, Town Planning, Management, Pharmacy and Applied Arts \& Crafts. Examples of some professional courses are Chartered accountant (CA), Company secretary (CS)/ cost and works accountant (CWA).etc. Some of the professional courses are conducted by institutes like The Institute of Chartered Accountants of India, The Institute of Cost and Works Accountants of India, The Institute of Company Secretaries of India, Actuarial Society of India, etc.
3.3.4.2 Percentage of persons of age 15 years \& above with technical education is presented in Table 5. This percentage is observed to be higher in urban areas than in rural areas.

Table 5: Percentage of persons of age 15 years \& above with technical education

| Sector | Percentage |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Male | Female | Person |
| Rural | 2.0 | 0.4 | 1.3 |
| Urban | 8.7 | 3.9 | 6.4 |
| Rural+ Urban | 4.9 | 1.9 | 3.5 |

## Average number of years in formal education

3.3.5 Average number of years completed in formal education (pre-primary \& above) is presented in Table 6. On an average, average number of years completed in formal education was around 10 years.

Table 6: Average number of years completed in formal education (pre-primary \& above)

| Description | Average number of years in formal education |  |  |  |
| :--- | :---: | :---: | :---: | :---: |
|  |  | Rural |  | Male |
|  |  | Female | Person |  |
|  |  | 9.6 | 8.7 | 9.2 |
| Persons of age 15 years and above |  | 9.1 | 7.9 | 8.6 |
| Persons of age 25 years and above |  |  |  |  |
|  |  | 11.4 | 10.7 | 11.1 |
| Persons of age 15 years and above |  | 11.4 | 10.4 | 11.0 |
|  |  |  |  |  |
|  |  | Rural+ Urban |  | 9.7 |
| Persons of age 25 years and above |  | 10.5 | 10.1 |  |
| Persons of age 15 25 years and above |  | 10.2 | 9.2 | 9.8 |

Ref: Table 17, Appendix A

## Status of vocational/technical training

3.3.6 Percentage distribution of persons of age 15 to 29 years by status of vocational/technical training is given in Table 7. It is observed that among persons of age 15 to 29 years, 3.8 per cent persons in rural areas and 6.0 per cent persons in urban areas were receiving or received formal vocational/ technical training.
Table 7: Percentage distribution of persons of age 15 to 29 years by status of vocational/ technical training

| Status of vocational/ technical training | Percentage |  |  |
| :---: | :---: | :---: | :---: |
|  | Male | Female | Person |
| Rural |  |  |  |
| Receiving formal vocational/ technical training | 0.8 | 0.2 | 0.5 |
| Received formal vocational/technical training | 4.2 | 2.3 | 3.3 |
| Received vocational/technical training other than formal vocational/technical training | 0.9 | 0.2 | 0.7 |
| Did not receive vocational/technical training | 94.1 | 97.2 | 95.5 |
| All | 100.0 | 100.0 | 100.0 |
| Urban |  |  |  |
| Receiving formal vocational/ technical training | 1.5 | 1.0 | 1.3 |
| Received formal vocational/technical training | 5.6 | 3.7 | 4.7 |
| Received vocational/technical training other than formal vocational/technical training | 3.5 | 2.4 | 3.0 |
| Did not receive vocational/technical training | 89.4 | 92.9 | 91.0 |
| All | 100.0 | 100.0 | 100.0 |
| Rural + Urban |  |  |  |
| Receiving formal vocational/ technical training | 1.1 | 0.6 | 0.9 |
| Received formal vocational/technical training | 4.8 | 2.9 | 4.0 |
| Received vocational/technical training other than formal vocational/technical training | 2.1 | 1.3 | 1.6 |
| Did not receive vocational/technical training | 92.1 | 95.2 | 93.5 |
| All | 100.0 | 100.0 | 100.0 |

3.3.7 Percentage distribution of persons of age 15 to 59 years by status of vocational/technical training is given in Table 8. It is observed that among persons of age 15 to 59 years 3.0 per cent male and 1.1 per cent female in rural areas and 6.6 per cent male and 3.2 per cent female in urban areas were receiving or received formal vocational/ technical training.

Table 8: Percentage distribution of persons of age 15 to 59 years by status of vocational/
technical training

| Status of vocational/technical training | Percentage |  |  |
| :---: | :---: | :---: | :---: |
|  | Male | Female | Person |
| Rural |  |  |  |
| Receiving formal vocational/ technical training | 0.4 | 0.1 | 0.2 |
| Received formal vocational/technical training | 2.6 | 1.0 | 1.8 |
| Received vocational/technical training other than formal vocational/technical training | 1.6 | 0.4 | 1.1 |
| Did not receive vocational/technical training | 95.5 | 98.5 | 96.9 |
| All | 100.0 | 100.0 | 100.0 |
| Urban |  |  |  |
| Receiving formal vocational/ technical training | 0.8 | 0.5 | 0.7 |
| Received formal vocational/technical training | 5.8 | 2.7 | 4.3 |
| Received vocational/technical training other than formal vocational/technical training | 4.5 | 1.6 | 3.2 |
| Did not receive vocational/technical training | 88.9 | 95.2 | 91.9 |
| All | 100.0 | 100.0 | 100.1 |
| Rural + Urban |  |  |  |
| Receiving formal vocational/ technical training | 0.6 | 0.3 | 0.4 |
| Received formal vocational/technical training | 4.0 | 1.8 | 2.9 |
| Received vocational/technical training other than formal vocational/technical training | 2.9 | 0.9 | 2.0 |
| Did not receive vocational/technical training | 92.5 | 97.0 | 94.7 |
| All | 100.0 | 100.0 | 100.0 |

## Attendance \& enrolment status <br> Indicators relating to enrolment and attendance

3.4.1 Percentage distribution of persons of age 3 to 35 years by enrolment status is given in Table 9. In rural areas 48.0 per cent students and in urban areas 43.1 per cent students were currently attending education. It is observed that very small proportion of persons ( 0.6 per cent students from rural areas as well as from urban areas) were enrolled in the current academic year but currently not attending the educational institutions.

Table 9: Percentage distribution of persons of age 3 to 35 years by enrolment status

| Enrolment status | Percentage |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Rural | Male | Female | Person |
|  |  |  |  |  |
| Never enrolled | 5.1 | 7.7 | 6.3 |  |
| Enrolled in the past academic year and currently not attending | 43.6 | 47.2 | 45.1 |  |
| Enrolled in the current academic year and currently not attending | 0.7 | 0.5 | 0.6 |  |
| Currently attending | 50.6 | 44.7 | 48.0 |  |
| All | Urban | 100.0 | 100.0 | 100.0 |
|  |  |  |  |  |
| Never enrolled | 3.7 | 5.2 | 4.4 |  |
| Enrolled in the past academic year and currently not attending | 51.8 | 52.1 | 52.0 |  |
| Enrolled in the current academic year and currently not attending | 0.5 | 0.6 | 0.6 |  |
| Currently attending | 43.9 | 42.0 | 43.1 |  |
| All | 100.0 | 100.0 | 100.0 |  |
|  |  |  |  |  |
| Never enrolled | 4.5 | 6.6 | 5.4 |  |
| Enrolled in the past academic year and currently not attending | 47.2 | 49.4 | 48.1 |  |
| Enrolled in the current academic year and currently not attending | 0.6 | 0.6 | 0.6 |  |
| Currently attending | 47.7 | 43.5 | 45.8 |  |
| All |  | 100.0 | 100.0 | 100.0 |

Ref: Table 24, Appendix A

## Changes in enrolment status

3.4.2 Percentage distribution of persons of age 5 to 29 years by enrolment status is given in Table 10.
> In rural areas, percentage of males and females who never enrolled was 6.7 per cent and 11.9 per cent respectively during 2007-08 which decreased to 2.0 per cent and 3.9 per cent respectively during 2017-18.
$>$ In urban areas, percentage of males and females who never enrolled was 5.5 per cent and 9.5 per cent respectively during 2007-08 which decreased to 1.5 per cent and 2.1 per cent respectively during 2017-18.

Table 10: Percentage distribution of persons of age 5 to 29 years by enrolment status

| Enrolment status |  |  | (Per cent) |  |
| :--- | ---: | ---: | ---: | ---: | ---: |
|  | Rural |  | Urban |  |
|  | Male | Female | Male | Female |
| Currently attending (2017-18) | 59.5 | 52.5 | 54.4 | 51.0 |
| Currently attending (2014) | 58.9 | 52.6 | 59.4 | 53.0 |
| Currently attending (2007-08) | 55.8 | 51.1 | 53.6 | 52.6 |
| Ever enrolled but currently not attending in (2017-18) | 38.5 | 43.6 | 44.1 | 46.9 |
| Ever enrolled but currently not attending in (2014) | 38.0 | 43.2 | 37.4 | 44.0 |
| Ever enrolled but currently not attending in (2007-08) | 37.5 | 37.0 | 42.6 | 41.6 |
| Never enrolled (2017-18) | 2.0 | 3.9 | 1.5 | 2.1 |
| Never enrolled (2014) | 3.1 | 4.2 | 3.1 | 3.7 |
| Never enrolled (2007-08) | 6.7 | 11.9 | 5.5 | 9.5 |

Note- Please refer 1.8, chapter one introduction

NSS 71 ${ }^{\text {st }}$ round- January- June 2014, NSS $75^{\text {th }}$ round- July 2017- June 2018

## Level of current attendance

3.4.3 Percentage distribution of students of age 3 to 35 years by level of current attendance is given in Table 11. In rural areas, 13.4 per cent students and in urban areas 17.8 per cent students were currently attending 'graduation and above' level.

Table 11: Percentage distribution of students of age 3 to 35 years by level of current attendance

|  | Rural |  |  |  |  | Urban |  |  |
| :--- | ---: | ---: | ---: | ---: | ---: | ---: | :---: | :---: |
| Level of current attendance | (Pent) |  |  |  |  |  |  |  |
|  | Male | Female | Person | Male | Female | Person |  |  |
| Pre-primary | 8.9 | 10.0 | 9.3 | 8.4 | 9.0 | 8.7 |  |  |
| Primary | 31.9 | 31.8 | 31.8 | 32.4 | 30.7 | 31.6 |  |  |
| Upper primary/middle | 21.0 | 23.4 | 21.9 | 19.8 | 20.1 | 20.0 |  |  |
| Secondary | 10.5 | 10.8 | 10.6 | 8.5 | 9.4 | 8.9 |  |  |
| Higher secondary | 10.6 | 10.8 | 10.7 | 9.3 | 10.8 | 10.0 |  |  |
| Diploma/certificate below graduate | 2.6 | 1.3 | 2.1 | 3.3 | 2.5 | 3.0 |  |  |
| Graduation and above | 14.6 | 11.8 | 13.4 | 18.0 | 17.5 | 17.8 |  |  |
| All | 100.0 | 100.0 | 100.0 | 100.0 | 100.0 | 100.0 |  |  |
|  |  |  |  | Ref: Table 29, Appendix A |  |  |  |  |

## Attendance ratios

3.5.1 Age-specific attendance ratio (ASAR), Gross enrolment ratio (GER), Net enrolment ratio (NER), Gross attendance ratio (GAR) and Net attendance ratio (NAR) are used to measure the proportion of a population currently attending educational institutions. School education is divided into pre-primary (nursery/ kindergartens/ preparatory levels with age less than 5 years), primary (classes I-V with age-group 6-10), upper primary/ middle, (classes VI-VIII with agegroup 11-13), secondary (classes IX-X with age-group 14-15) and higher secondary (classes XI-XII with age-group 16-17) classes levels.

## Age specific attendance ratio (ASAR):

3.5.2 For each age-group Age specific attendance ratio (ASAR) is the percentage of persons in that age-group currently attending educational institutions, irrespective of the level or class of education (formal or non-formal) in which they are studying. ASAR for age-group 6-10 years was 98.8 per cent for males and 97.3 per cent for females whereas for age -group 24-29 years it was 3.2 per cent for males and 1.1 per cent for females. Age Specific Attendance Ratio (ASAR) is given in Table 12. ASAR is 47.7 per cent in male \& 43.5 per cent in female for the age group 3-35 year.

Table 12: Age Specific Attendance Ratio (ASAR)

| Age groups <br> (years) | Age Specific Attendance Ratio (ASAR) |  |
| :--- | :---: | :---: | :---: |

## Participation in Education

## Gross enrolment ratio

3.6.1 For each level of education, GER is the ratio of the number of persons currently enrolled in the level of education to the number of persons in the corresponding official age-group. In the gross attendance ratio, for a particular level of education, the denominator consists of all persons in the official age-group for that level, whether attending or not, while the numerator consists of the persons who are studying in that particular level (including persons outside the
official age-group). Therefore, it can work out to be more than 100 as well in some cases. Gross Enrolment Ratio (GER) at different levels of education is given in Table 13. It was found that, GER for male and female both was above 100 for primary \& upper primary level of education. In rural areas, GER for post higher secondary level of education among male is $32.7 \&$ among female is 23.0 whereas for the same level of education in urban areas, GER among male is 36.5 $\&$ female is 33.5 .

Table 13: Gross Enrolment Ratio at different levels of education

| Levels of education | Gross Enrolment Ratio (GER) |  |  |
| :---: | :---: | :---: | :---: |
|  | Male | Female | Person |
| Rural |  |  |  |
| Primary | 104.9 | 99.4 | 102.6 |
| Upper primary | 106.7 | 112.8 | 109.3 |
| Primary \& upper primary | 105.6 | 104.7 | 105.2 |
| Secondary | 80.5 | 64.0 | 72.9 |
| Higher secondary | 70.3 | 73.7 | 71.6 |
| Post higher secondary | 32.7 | 23.0 | 28.4 |
| Urban |  |  |  |
| Primary | 102.2 | 100.8 | 101.6 |
| Upper primary | 110.3 | 108.2 | 109.4 |
| Primary \& upper primary | 105.2 | 103.6 | 104.5 |
| Secondary | 67.4 | 72.2 | 69.6 |
| Higher secondary | 85.2 | 80.0 | 82.6 |
| Post higher secondary | 36.5 | 33.5 | 35.1 |
| Rural+ Urban |  |  |  |
| Primary | 103.8 | 100.0 | 102.2 |
| Upper primary | 108.1 | 111.0 | 109.3 |
| Primary \& upper primary | 105.4 | 104.3 | 104.9 |
| Secondary | 75.5 | 67.1 | 71.7 |
| Higher secondary | 75.2 | 76.3 | 75.7 |
| Post higher secondary | 34.3 | 27.6 | 31.3 |

Ref: Table 34, Appendix A

## Net enrolment ratio (NER):

3.6.2 For each level of education, NER is the ratio of the number of persons in the official age-group currently enrolled in a particular level of education to the total number persons in that age-group. Net Enrolment Ratio (NER) at different levels of education is given in Table 14. It is seen that NER is highest at primary level of education for both rural ( 83.3 per cent) as well as urban ( 86.6 per cent) areas, but decreases as level of education increases. For 'post higher secondary' level it was 29.0 per cent for male and 24.0 per cent for female.

Table 14: Net Enrolment Ratio at different levels of education

| Levels of education | Net enrolment ratio (NER) |  |  |
| :---: | :---: | :---: | :---: |
|  | Male | Female | Person |
| Rural |  |  |  |
| Primary | 84.6 | 81.5 | 83.3 |
| Upper primary | 68.1 | 70.0 | 68.9 |
| Primary \& upper primary | 90.6 | 87.8 | 89.4 |
| Secondary | 43.4 | 40.8 | 42.2 |
| Higher secondary | 44.6 | 51.3 | 47.3 |
| Post higher secondary | 27.4 | 20.5 | 24.4 |
| Urban |  |  |  |
| Primary | 88.6 | 83.8 | 86.6 |
| Upper primary | 74.2 | 72.7 | 73.5 |
| Primary \& upper primary | 92.3 | 91.1 | 91.8 |
| Secondary | 46.6 | 47.1 | 46.8 |
| Higher secondary | 55.3 | 51.3 | 53.3 |
| Post higher secondary | 31.1 | 28.4 | 29.9 |
| Rural+ Urban |  |  |  |
| Primary | 86.3 | 82.5 | 84.7 |
| Upper primary | 70.4 | 71.1 | 70.7 |
| Primary \& upper primary | 91.3 | 89.1 | 90.4 |
| Secondary | 44.6 | 43.1 | 44.0 |
| Higher secondary | 48.1 | 51.3 | 49.5 |
| Post higher secondary | 29.0 | 24.0 | 26.7 |

## Gross attendance ratio for different levels of education

3.6.3 For each level of education, Gross attendance ratio (GAR) is the ratio of the number of persons attending in the level of education to the number persons in the corresponding official age-group. This ratio could be more than 100. Gross Attendance Ratio (GAR) at different levels of education is given in Table 15. It may be observed that GAR for primary \& upper primary is above 100 for both rural and urban areas whereas it is lowest at post higher secondary ( 32.3 per cent among male \& 22.4 per cent among female in rural areas and 36.2 per cent among male $\& 32.6$ per cent among female in urban areas.

Table 15: Gross Attendance Ratio at different levels of education

| Levels of education | Male | Female | Person |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Rural |  |  |  |
| Primary | 104.5 | 99.0 | 102.2 |  |
| Upper primary | 106.2 | 111.2 | 108.3 |  |
| Primary \& upper primary | 105.2 | 103.8 | 104.6 |  |
| Secondary | 74.3 | 62.3 | 68.8 |  |
| Higher secondary | 69.0 | 73.4 | 70.8 |  |
| Post higher secondary | 32.3 | 22.4 | 27.9 |  |

Table 15: Gross Attendance Ratio at different levels of education

| Levels of education | Male |  | Female | Person |
| :--- | ---: | ---: | ---: | ---: |
|  | Urban |  |  |  |
| Primary |  | 101.8 | 100.7 | 101.3 |
| Upper primary | 110.2 | 106.7 | 108.6 |  |
| Primary \& upper primary |  | 104.8 | 103.0 | 104.0 |
| Secondary |  | 64.9 | 70.3 | 67.3 |
| Higher secondary | 82.4 | 77.2 | 79.8 |  |
| Post higher secondary | Rural+ Urban | 32.6 | 34.5 |  |
|  |  | 103.4 |  |  |
| Primary |  | 107.7 | 99.7 | 101.8 |
| Upper primary | 105.0 | 109.4 | 108.4 |  |
| Primary \& upper primary |  | 103.5 | 104.4 |  |
| Secondary |  | 73.4 | 65.3 | 68.2 |
| Higher secondary |  | 73.9 | 75.0 | 74.1 |
| Post higher secondary |  | 26.9 | 30.8 |  |

Net attendance ratio (NAR) for different levels of education
3.6.4 For each level of education, Net attendance ratio (NAR) is the ratio of the number of persons in the official age group attending a particular class-group to the total number of persons in that age-group. Net Attendance Ratio (NAR) at different levels of education is given in Table 16 . NAR is observed to be around 90 per cent in primary \& upper primary level of education and is below 30 per cent in post higher secondary level of education.

Table 16: Net Attendance Ratio (NAR) at different levels of education

| Levels of education | Net Attendance Ratio (NAR) |  |  |
| :---: | :---: | :---: | :---: |
|  | Male | Female | Person |
| Rural |  |  |  |
| Primary | 84.6 | 81.5 | 83.3 |
| Upper primary | 68.1 | 70.0 | 68.9 |
| Primary \& upper primary | 90.6 | 87.8 | 89.4 |
| Secondary | 43.4 | 40.8 | 42.2 |
| Higher secondary | 44.6 | 51.3 | 47.3 |
| Post higher secondary | 27.3 | 19.9 | 24.1 |
| Urban |  |  |  |
| Primary | 88.6 | 83.8 | 86.6 |
| Upper primary | 74.2 | 72.7 | 73.5 |
| Primary \& upper primary | 92.3 | 91.1 | 91.8 |
| Secondary | 46.6 | 47.1 | 46.8 |
| Higher secondary | 55.3 | 50.4 | 52.9 |
| Post higher secondary | 31.1 | 28.0 | 29.7 |
| Rural+ Urban |  |  |  |
| Primary | 86.3 | 82.5 | 84.7 |

Table 16: Net Attendance Ratio (NAR) at different levels of education

| Levels of education | Net Attendance Ratio (NAR) |  |  |  |
| :--- | :--- | ---: | ---: | ---: |
|  | Male |  | Female | Person |
| Upper primary | 70.4 | 71.1 | 70.7 |  |
| Primary \& upper primary | 91.3 | 89.1 | 90.4 |  |
| Secondary | 44.6 | 43.1 | 43.9 |  |
| Higher secondary | 48.1 | 50.9 | 49.3 |  |
| Post higher secondary | 28.9 | 23.5 | 26.5 |  |
|  |  |  | Ref: Table 40, Appendix A |  |

3.6.5 Gender parity index (GPI) measures the relative participation in education of male and female students at different levels of attendance. GPI is calculated as the ratio of GAR and NAR for female to male. If it is less than one, it represents relatively less female participation in education.

## Pattern of current attendance

Current attendance at pre-primary and above level of education for persons of age $\mathbf{3}$ to 35 years:
3.7.1 Percentage of students of age 3 to 35 years currently attending education at pre-primary and above level of education is given in Table 17. Percentage of students of age 3 to 35 years currently attending education is almost same for male \& female in urban areas and in rural areas it is more for male than female.

Table 17: Percentage of students of age 3 to 35 years currently attending education ----

| Sector | Percentage of students currently attending education |  |  |
| :--- | :---: | :---: | :---: |
|  | Male | Female | Person |
| Rural | 50.5 | 44.7 | 48.0 |
| Urban | 43.9 | 42.0 | 43.1 |
| Rural+ Urban | 47.7 | 43.5 | 45.8 |

Ref: Table 29, Appendix A
Distribution of the students of age 3 to 35 years currently attending education by type of course
3.7.2 Percentage distribution of students by type of course pursuing (general course and technical/ professional course) is given in Table 18. Percentage of students currently attending technical/ professional course is low as compared to general course.

Table 18: Percentage distribution of students by type of course pursuing (general course and technical/ professional course)

| Type of course currently attending | Percentage distribution |  |  |
| :---: | :---: | :---: | :---: |
|  | Male | Female | Person |
| Rural |  |  |  |
| General course | 95.8 | 97.6 | 96.5 |
| Technical/professional course | 4.2 | 2.4 | 3.5 |
| All | 100.0 | 100.0 | 100.0 |
| Urban |  |  |  |
| General course | 90.2 | 93.0 | 91.4 |
| Technical/professional course | 9.8 | 7.0 | 8.6 |
| All | 100.0 | 100.0 | 100.0 |
| Rural+ Urban |  |  |  |
| General course | 93.6 | 95.6 | 94.4 |
| Technical/professional course | 6.4 | 4.4 | 5.6 |
| All | 100.0 | 100.0 | 100.0 |

Distribution of the students of age 3 to 35 years pursuing general course by type of course/ stream:
3.7.3 Percentage distribution of students pursuing general courses by type of course/ stream is given in Table 19. Percentage of students pursuing general course up to class X is about 76 per cent for both male \& female.

Table 19: Percentage distribution of students pursuing general courses by level of education

| Level of education |  |  | Percentage distribution |  |  |
| :--- | :--- | ---: | ---: | ---: | :---: |
|  |  | Maral | Female | Person |  |
|  |  |  |  |  |  |
| Up to class X |  | 75.6 | 77.8 | 76.5 |  |
| Others (other than upto class X) |  | 24.4 | 22.2 | 23.5 |  |
| All |  | 100.0 | 100.0 | 100.0 |  |
|  | Urban |  |  |  |  |
| Up to class X |  | 76.7 | 74.2 | 75.6 |  |
| Others (other than upto class X) |  | 23.3 | 25.8 | 24.4 |  |
| All |  | 100.0 | 100.0 | 100.0 |  |
|  | Rural+ Urban |  |  |  |  |
| Up to class X |  | 76.0 | 76.3 | 76.1 |  |
| Others (other than upto class X) |  | 24.0 | 23.7 | 23.9 |  |
| All |  | 100.0 | 100.0 | 100.0 |  |

3.7.4 Percentage distribution of students pursuing general course above class $X$ by type of course/ stream is given in Table 20. Humanities was the highest preferred stream in rural areas whereas in urban areas both humanities as well as commerce streams were observed to prefer.

Table 20: Percentage distribution of students pursuing general course above class $X$ by type of course

|  | Type of course | Percentage distribution |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  |  | Male |  | Female | Person |
|  | Rural |  |  |  |
| Humanities | 68.7 | 68.2 | 68.5 |  |
| Science | 18.6 | 15.6 | 17.4 |  |
| Commerce | 12.8 | 16.2 | 14.1 |  |
| All | 100.0 | 100.0 | 100.0 |  |
|  | Urban |  |  |  |
| Humanities | 35.0 | 36.7 | 35.8 |  |
| Science | 29.1 | 29.9 | 29.5 |  |
| Commerce | 35.9 | 33.4 | 34.7 |  |
| All | 100.0 | 100.0 | 100.0 |  |
|  | Rural+ Urban |  |  |  |
| Humanities | 56.1 | 53.8 | 55.1 |  |
| Science | 22.5 | 22.2 | 22.4 |  |
| Commerce | 21.4 | 24.0 | 22.5 |  |
| All | 100 | 100 | 100 |  |
|  |  | Ref: Table 30, Appendix A |  |  |

Distribution of the students of age 3 to 35 years pursuing technical/professional course by type of course / stream
3.7.5 Percentage distribution of students pursuing technical/ professional course by type of course is given in Table 21. Engineering was the highest preferred course by male students
(34.4 per cent) \& Education (B.Ed., M.Ed, etc.) was the highest preferred course by female students ( 43.2 per cent) in rural areas. In urban areas engineering was the highest preferred stream followed by medicine.

Table 21: Percentage distribution of students pursuing technical/professional course by type of course

| Type of course | Percentage distribution |  |  |
| :---: | :---: | :---: | :---: |
|  | Male | Female | Person |
| Rural |  |  |  |
| CA and similar courses | 0.3 | 0.5 | 0.3 |
| IT/computer courses- | 11.8 | 5.6 | 10.0 |
| Courses from ITI/recognised vocational institutes | 16.8 | 5.1 | 13.4 |
| Agriculture | 4.5 | 3.1 | 4.1 |
| Education (B.Ed., M.Ed, etc.) | 21.7 | 43.2 | 27.8 |
| Engineering | 34.4 | 17.8 | 29.6 |
| Law | 0.5 | 0.4 | 0.5 |
| Management | 1.7 | 2.1 | 1.8 |
| Medicine | 2.9 | 10.8 | 5.2 |
| Others | 5.5 | 11.4 | 7.2 |
| All | 100.0 | 100.0 | 100.0 |
| Urban |  |  |  |
| CA and similar courses | 2.4 | 7.3 | 4.2 |
| IT/computer courses- | 6.3 | 7.9 | 6.9 |
| Courses from ITI/recognised vocational institutes | 6.9 | 3.1 | 5.6 |

| Medicine | 13.0 | 15.3 | 13.8 |
| Others | 4.1 | 8.7 | 5.8 |
| All | 100.0 | 100.0 | 100.0 |
| Rural+ Urban |  |  |  |
| CA and similar courses | 1.6 | 5.2 | 2.8 |
| IT/computer courses- | 8.5 | 7.2 | 8.0 |
| Courses from ITI/recognised vocational institutes | 10.8 | 3.7 | 8.4 |
| Agriculture | 2.3 | 1.6 | 2.1 |
| Education (B.Ed., M.Ed, etc.) | 11.4 | 17.5 | 13.4 |
| Engineering | 46.1 | 31.6 | 41.3 |
| Law | 0.8 | 1.6 | 1.0 |
| Management | 4.8 | 8.1 | 5.9 |
| Medicine | 9.1 | 13.9 | 10.7 |
| Others | 4.7 | 9.6 | 6.3 |
| All | 100 | 100 | 100 |

## Percentage share of male and female students in general course

3.7.6 Percentage distribution of students pursuing general course by gender of the student for each type of stream is given in Table 22. Among all streams percentage of male students pursuing science in rural areas was higher ( 65.0 per cent) than female whereas in urban areas it is about 50 per cent for both male and female.

Table 22: Percentage distribution of students pursuing general course by gender of the student for each type of stream

| Type of stream | Percentage distribution |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Rural |  |  | Urban |  |  | Rural+ Urban |  |  |
|  | Male | Female | Person | Male | Female | Person | Male | Female | Person |
| Up to class X | 58.1 | 41.9 | 100.0 | 56.2 | 43.8 | 100.0 | 57.3 | 42.7 | 100.0 |
| Above class X |  |  |  |  |  |  |  |  |  |
| Commerce | 55.2 | 44.8 | 100.0 | 54.6 | 45.4 | 100.0 | 54.9 | 45.1 | 100.0 |
| Humanities | 61.2 | 38.8 | 100.0 | 51.6 | 48.4 | 100.0 | 58.6 | 41.4 | 100.0 |
| Science | 65.0 | 35.0 | 100.0 | 52.1 | 47.9 | 100.0 | 58.0 | 42.0 | 100.0 |
| All | 58.8 | 41.2 | 100.0 | 55.4 | 44.6 | 100.0 | 57.4 | 42.6 | 100.0 |

Percentage share of male and female students in technical/professional course
3.7.7 Percentage distribution of students pursuing technical/ professional course by gender for each type of course is given in Table 23. In rural areas, highest preferred type of course by male students was 'Courses from ITI/recognised vocational institutes' ( 89.1 per cent) \& by female students was 'medicine' ( 59.8 per cent) whereas in urban areas highest preferred type of course by male students was 'courses from ITI/recognised vocational institutes' (80.1 per cent) $\& \&$ by female students was ' CA and similar courses' ( 62.9 per cent).

Table 23: Percentage distribution of students pursuing technical/professional course by gender for each type of course

| Type of course | Percentage distribution |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Rural |  |  | Urban |  |  | Rural+ Urban |  |  |
|  | Male | Female | Person | Male | Female | Person | Male | Female | Person |
| CA and similar courses | 56.3 | 43.8 | 100 | 37.1 | 62.9 | 100 | 38.0 | 62.0 | 100 |
| IT/computer courses- | 83.9 | 16.1 | 100 | 59.1 | 40.9 | 100 | 70.4 | 29.6 | 100 |
| Courses from ITI/ recognised vocational institutes | 89.1 | 10.9 | 100 | 80.1 | 19.9 | 100 | 85.4 | 14.6 | 100 |
| Agriculture | 78.4 | 21.6 | 100 | 62.7 | 37.3 | 100 | 74.1 | 25.9 | 100 |
| Education | 55.5 | 44.5 | 100 | 60.8 | 39.2 | 100 | 56.8 | 43.2 | 100 |
| Engineering | 82.8 | 17.2 | 100 | 71.8 | 28.2 | 100 | 74.7 | 25.3 | 100 |
| Law | 77.3 | 22.7 | 100 | 44.2 | 55.8 | 100 | 49.3 | 50.7 | 100 |
| Management | 66.7 | 33.3 | 100 | 53.2 | 46.8 | 100 | 54.7 | 45.3 | 100 |
| Medicine | 40.2 | 59.8 | 100 | 60.5 | 39.5 | 100 | 56.9 | 43.1 | 100 |
| Others | 54.7 | 45.3 | 100 | 46.1 | 53.9 | 100 | 49.8 | 50.2 | 100 |
| All | 71.3 | 28.7 | 100 | 64.3 | 35.7 | 100 | 66.9 | 33.1 | 100 |

## Current attendance by type of institution

## Reason for preferring private institutions-

3.8.1 Percentage of students currently attending private aided or unaided educational institutions reporting reason for attending current private institution is given in Table 24. The major reason for attending current private institution was 'located nearby' ( 71.7 per cent in rural areas and 51.4 per cent in urban areas) followed by the reasons 'as tried in government institution but could not get admission', 'social reasons (like children of colleagues/neighbours/relatives, etc. also attend this school)'.

Table 24: Percentage of students currently attending private aided or unaided educational institutions reporting reason for attending current private institution

| Reason for attending current private institution | Percentage distribution |  |  |
| :--- | ---: | ---: | ---: |
|  | Rural | Urban | Rural+ <br> Urban |
|  |  |  |  |
| Located nearby | 71.7 | 51.4 | 60.7 |
| Tried in government institution but could not get admission | 12.2 | 15.5 | 14.0 |
| Social reasons (like children of colleagues/neighbours/relatives, | 11.8 | 12.6 | 12.2 |
| etc. Also attend this school) |  |  |  |
| Private coaching not required to supplement the school <br> education/private coaching is an integral part of school education <br> Due to availability of specific facilities* | 0.5 | 0.7 | 0.6 |
| Medium of instruction is English | 7.3 | 10.4 | 9.0 |
| Less burden of homework | 6.4 | 14.6 | 10.8 |
| Quality of education in nearby government institution is | 0.4 | 0.0 | 0.2 |
| perceived to be not satisfactory | 5.3 | 11.2 | 8.5 |
| None of the above | 2.4 | 2.0 | 2.2 |
| Any reason | 100.0 | 100.0 | 100.0 |

Note*: specific facilities means: Air Conditioned class room, state-of-the-art teaching aids, day boarding facility, transport facility, hostel facility, laboratory/library, school timing, extra-curricular activities, separate toilet facility for boys and girls, co-educational structure

## Medium of Instruction and Language spoken at home

3.9.1 Percentage of students with medium of instruction English or the same as the language spoken at home for each language mainly spoken at home for different levels of attendance is given in Table 25. Among those mainly speaking Marathi at home, percentage of medium of instruction reported Marathi was more than English whereas for those mainly speaking Hindi at home, percentage of medium of instruction reported English was more.

Table 25: Percentage of students with medium of instruction English or the same as the language spoken at home for each language mainly spoken at home for different levels of attendance

| Languag e mainly spoken at home | Level of current attendance |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Pre-primary |  | Primary |  | Upperprimary/middle |  | Secondary |  | Higher secondary |  |
|  | Medium of instruction |  |  |  |  |  |  |  |  |  |
|  | Same as That Mainly Spoken at Home | $\begin{aligned} & \text { Eng- } \\ & \text { lish } \end{aligned}$ | Same as That Mainly Spoken at Home | EngLish | Same as That Mainly Spoken at Home | EngLish | Same as That Mainly Spoken at Home | EngLish | Same as That Mainly Spoken at Home | EngLish |
| Marathi | 57.1 | 40.3 | 73.3 | 26.4 | 79.9 | 18.7 | 80.2 | 19.0 | 67.2 | 32.3 |
| Hindi | 12.1 | 60.7 | 11.4 | 44.6 | 17.4 | 31.5 | 21.4 | 38.2 | 11.4 | 59.4 |

## Repeaters

3.10.1 The student, for whom the class/grade/year of study of the current academic year for the basic course was the same as that of previous academic year, was considered as repeater. Percentage of repeaters for different levels of current attendance is given in Table 26.

Table 26: Percentage of repeaters for different levels of current attendance

| Level of current attendance | Percentage |  |  |
| :--- | ---: | ---: | ---: |
|  | Rural | Urban | Rural+ <br> Urban |
| Pre-primary level | 4.8 | 4.2 | 4.6 |
| Primary level | 3.9 | 4.0 | 4.0 |
| Upper primary/ middle level | 7.2 | 4.4 | 6.1 |
| Secondary | 5.2 | 3.6 | 4.6 |
| Higher secondary | 4.4 | 3.7 | 4.2 |
| Diploma/certificate (upto secondary and higher secondary | 10.3 | 6.0 | 8.2 |
| level) |  |  | 5.5 |
| Graduate and above level (including diploma/certificate of | 5.6 | 6.5 |  |
| graduate and above level) |  |  |  |

## Free education:

## Free education by level of current attendance

3.11.1 Percentage of students receiving 'free education' for different levels of current attendance is given in Table 27. It was seen that for all levels of current attendance 55.9 per cent students in rural areas and 24.4 per cent students in urban areas were receiving free education.

Table 27: Percentage of students receiving 'free education' for different levels of current attendance

| Level of current attendance | Percentage |  |  |
| :--- | :---: | :---: | :---: |
|  | Rural | Urban | Rural+ <br> Urban |
| Pre-primary level | 65.4 | 17.0 | 46.2 |
| Primary level | 69.9 | 31.7 | 54.2 |
| Upper primary/ middle level | 67.0 | 31.0 | 53.0 |
| Secondary | 55.2 | 29.1 | 45.5 |
| Higher secondary | 34.5 | 18.3 | 28.1 |
| Diploma/certificate (upto secondary and higher secondary level) | 24.3 | 13.5 | 18.9 |
| Graduate and above level (including diploma/certificate of | 20.6 | 10.3 | 15.6 |
| graduate and above level) | 55.9 | 24.4 | 42.9 |
| All |  |  |  |

## Scholarship/ stipend/ reimbursement

3.12.1 Percentage of students receiving scholarship/stipend/reimbursement for different levels of current attendance is given in Table 28. In rural areas percentage of students in graduate and above level (including diploma/certificate of graduate and above level) receiving scholarship/ stipend/ reimbursement was 25.5 per cent whereas in urban areas percentage of students in diploma/ certificate (upto secondary and higher secondary level) level receiving scholarship/stipend/reimbursement was 19.0 per cent students.

Table 28: Percentage of students receiving scholarship/stipend/reimbursement for different levels of current attendance

| Level of current attendance | Percentage |  |  |
| :--- | ---: | ---: | ---: |
|  | Rural | Urban | Rural+ <br> Urban |
|  |  |  |  |
| Pre-primary level | 2.4 | 0.0 | 1.5 |
| Primary level | 2.5 | 1.4 | 2.0 |
| Upper primary/ middle level | 7.4 | 3.3 | 5.8 |
| Secondary | 8.2 | 3.4 | 6.4 |
| Higher secondary | 13.9 | 11.8 | 13.1 |
| Diploma/certificate (upto secondary and higher secondary | 21.6 | 19.0 | 20.3 |
| level) | 25.5 | 14.1 | 20.0 |
| Graduate and above level (including diploma/certificate of |  | 5.7 | 7.6 |
| graduate and above level) | 8.9 | 5.7 |  |
| All |  |  |  |

## Free/ subsidised textbooks:

3.13.1 Percentage of students who received free/subsidised textbooks for level of current attendance is given in Table 29. About 73 per cent students in rural areas and 35 per cent students from urban areas currently attending primary level received free/subsidised textbooks.

Table 29: Percentage of students who received free/subsidised textbooks for level of current attendance

| Level of current attendance | Percentage |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Rural | Urban | Rural+ <br> Urban |  |
|  |  |  |  |  |
| Pre-primary level | 48.1 | 17.8 | 36.1 |  |
| Primary level | 72.5 | 34.5 | 56.9 |  |
| Upper primary/ middle level | 65.1 | 37.4 | 54.3 |  |
| Secondary | 26.9 | 18.3 | 23.7 |  |
| Higher secondary | 12.2 | 4.5 | 9.2 |  |
| Diploma/certificate (upto secondary and higher secondary level) | 8.7 | 9.2 | 9.0 |  |
| Graduate and above level (including diploma/certificate of graduate | 5.0 | 7.7 | 6.3 |  |
| and above level) | 46.9 | 23.7 | 37.3 |  |
| All |  |  |  |  |

## Free/ subsidised stationery

$>$ At pre-primary level 16.8 per cent students in rural areas and 9.8 per cent students in urban areas received free/subsidised stationery
$>$ At primary level 16.4 per cent students in rural areas and 11.7 per cent students in urban areas received free/subsidised stationery
At upper primary/ middle level 12.2 per cent students in rural areas and 9.1 per cent students in urban areas received free/subsidised stationery

## Mid-day meal/ tiffin/ nutrition

Free Mid-day meal/ tiffin/ nutrition provided by the Institution for different level of education and type of institution:
3.14.1 It was ascertained from the student whether free mid-day meal/tiffin/nutrition is provided by the institution in which he/she is current attending education in the basic course. To determine whether the institution is providing free Mid Day Meal it is to be noted that the provision of regular and free mid-day meal is relevant and not the consumption of the meal by the student. Some schools/educational institutions provide food to students as mid-day meal, tiffin, etc., free of cost. Schools/ institutions, which run canteen facilities where the students can purchase the food, were not considered as providing such facilities, even though such food may be subsidised to some extent. It may be noted that information on mid-day meal/tiffin/nutrition was collected for those currently attending the basic course in (i) preprimary level of education, (ii) primary level of education or (iii) those currently attending the basic course at upper primary/middle level or above level of education which are not through distance learning
3.14.2 Percentage of students who received free mid-day meal/ tiffin/ nutrition for different levels of current attendance and type of institution is given in Table 30.

Table 30 : Percentage of students who received free mid-day meal/ tiffin/ nutrition for different level of current attendance and type of institution

|  |  |  |  |  |  | Persons) |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Level of current attendance |  |  | Type of | ution |  |  |
|  | Gove |  |  | ded | Private | ded |
|  | Rural | Urban | Rural | Urban | Rural | Urban |
| Pre-primary level | 97.1 | 78.4 | 41.5 | 22.3 | 0.0 | 7.7 |
| Primary level | 90.8 | 79.7 | 63.6 | 33.4 | 8.7 | 6.8 |
| Upper primary/ middle level | 78.6 | 56.7 | 44.8 | 34.8 | 0.3 | 10.5 |
| Secondary | 30.7 | 22.7 | 10.9 | 8.9 | 0.0 | 0.0 |

Free Mid-day meal/ tiffin/ nutrition provided by the Institution and their percentage distribution by agency that provided free mid-day meal/ tiffin/ nutrition:
3.14.3 Percentage of students reporting that free mid-day meal/ tiffin/ nutrition was provided by the institution and their percentage distribution by agency that provided free mid-day meal/ tiffin/ nutrition is given in Table 31. About 49 per cent students from rural areas and 24 per cent students from urban areas reported that free mid-day meal/ tiffin/ nutrition was provided by the institution. Among those students, percentage of students reporting as free mid-day $\mathrm{mea} /$ tiffin/ nutrition was provided was highest in government institutes in rural ( 95.8 per cent) as well as urban ( 88.7 per cent) areas.

Table 31: Percentage of students reporting that free mid-day meal/tiffin/nutrition was provided by the institution and their percentage distribution by agency that provided free mid-day meal/tiffin/nutrition

| Description | Percentage distribution |  |  |  |
| :--- | :--- | ---: | ---: | ---: | ---: |
|  |  | Rural | UrbanRural+ <br> Urban |  |
| Percentage of students reporting that free mid-day meal/ <br> tiffin/nutrition was provided by the institution | 48.9 | 23.7 | 38.5 |  |
| Percentage distribution of students by agency that <br> provided free mid-day meal/ tiffin/ nutrition | government <br> others <br> all | 95.8 | 88.7 | 94.0 |
|  |  | 4.2 | 11.3 | 6.0 |

## Use of public transport to attend school/institution and receipt of concession:

3.15.1 Percentage distribution of students by different modes of transport used for attending school/ institution and percentage of students using public transport who received concession is given in Table 32. In rural areas percentage of students reporting mode of transport as 'on foot' was 61.5 per cent followed by 'public transport' ( 18.0 per cent). In urban areas percentage of students reporting mode of transport as 'on foot' was 50.5 per cent followed by 'public transport' ( 15.6 per cent). Among the students using public transport about 76.2 per cent students in rural areas and 46.7 per cent students in urban areas reported to receive concession.

Table 32: Percentage distribution of students by different modes of transport used for attending school/institution and percentage of students using public transport who received concession

|  | Mode of transport | Percentage distribution |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  |  | Urban | Rural+ <br> Urban |  |
| On foot | 61.5 | 50.5 | 57.0 |  |
| School/institution bus | 4.6 | 11.5 | 7.5 |  |
| Public transport <br> Bicycle | 18.0 | 15.6 | 17.0 |  |
| Others | 5.8 | 5.1 | 5.5 |  |
| All | 10.0 | 17.3 | 13.0 |  |
| Percentage of students using public transport who received <br> concession | 100.0 | 100.0 | 100.0 |  |

Ref: Table 56, Appendix A

## Private coaching

3.16.1 Percentage of students who were taking/had taken private coaching relating to the basic course for different levels of current attendance in the basic course is given in Table 33. In rural areas 20.4 per cent students and in urban areas 48.7 per cent students in secondary level were taking private coaching followed by students in higher secondary level ( 15.5 per cent in rural areas $\& 45.9$ per cent in urban areas).

Table 33: Percentage of students who were taking/had taken private coaching relating to the basic course for different levels of current attendance in the basic course
(Persons)

| Level of current attendance | Percentage distribution |  |  |
| :--- | ---: | ---: | ---: |
|  | Rural | Urban | Rural+ <br> Urban |
|  |  |  |  |
| Pre-primary level | 2.7 | 15.3 | 7.7 |
| Primary level | 6.9 | 30.7 | 16.7 |
| Upper primary/ middle level | 7.8 | 32.3 | 17.3 |
| Secondary | 20.4 | 48.7 | 30.9 |
| Higher secondary | 15.5 | 45.9 | 27.6 |
| Diploma/certificate (upto secondary and higher secondary |  |  |  |
| level) | 8.0 | 21.3 | 14.7 |
| Graduate and above level (including diploma/ certificate of |  |  |  |
| graduate and above level) | 9.1 | 16.7 | 12.8 |
| All (pre-primary and above level) | 9.4 | 30.0 | 17.9 |

## Nature of change in educational institution

3.17.1 Percentage distribution of students by nature of change in educational institution is given in Table 34. 'No change' in nature of change in educational institution was reported by 91.8 per cent students in rural areas and 92.0 per cent students in urban areas.

Table 34: Percentage distribution of students by nature of change in educational institution

| Level of current attendance | Percentage distribution |  |  |
| :--- | ---: | ---: | ---: |
|  | Rural | Urban | Rural+ Urban |
| Government to private | 2.2 | 1.2 | 1.8 |
| Private to government | 0.6 | 2.0 | 1.2 |
| Government to government | 2.0 | 1.0 | 1.6 |
| Private to private | 3.3 | 3.9 | 3.6 |
| No change | 91.8 | 92.0 | 91.9 |
| All | 100.0 | 100.0 | 100.0 |
|  |  | Ref: Table 59, Appendix A |  |

## Expenditure on education:

## Expenditure on education for the basic course

3.18.1 Expenditure (₹) per student on education relating to basic course during the current academic year is given in Table 35. Average expenditure per student on education was ₹ 6,117 in rural areas and ₹ 22,412 in urban areas. Expenditure per student was higher for technical/ professional course than general course in rural (₹ 30,557 ) as well as urban areas ( $₹$ $66,645)$.

Table 35: Expenditure (₹) per student on education relating to basic course during the current academic year

| Type of course | Average expenditure (₹) |  |  |
| :--- | ---: | ---: | ---: |
|  | Rural | Urban | Rural+ <br> Urban |
|  | 5,238 | 18,268 | 10,449 |
| General course | 30,557 | 66,645 | 53,465 |
| Technical/ professional course | 6,117 | 22,412 | 12,847 |
| Any course (general or technical/ professional course) |  |  |  |

Components of expenditure on education in general course-
3.18.2 Average expenditure ( $₹$ ) on basic course per student during current academic year pursuing general course by items of expenditure is given in Table 36. The major item of average expenditure for general course reported was 'course fee including tuition fee, examination fee, development fee and other compulsory payments' per student in rural areas was ₹ $1,670 \&$ in urban areas it was ₹ 9,537 followed by 'books, stationery and uniform' in rural (₹ 1,492 ) \& in urban areas (₹ 2,415 ).

Table 36: Average expenditure (₹) on basic course per student during current academic year pursuing general course by items of expenditure

| Item of expenditure | Average expenditure (₹ ) |  |  |
| :--- | ---: | ---: | ---: |
|  | Rural |  | Urban | | Rural+ |
| :--- |
| Urban |, |  | 1,670 | 9,537 | 4,816 |
| :--- | ---: | ---: | ---: |
| Course fee including tuition fee, examination fee, <br> development fee and other compulsory payments | 1,492 | 2,415 | 1,861 |
| Books, stationery and uniform | 1,010 | 2,269 | 1,514 |
| Transport | 528 | 3,253 | 1,618 |
| Private coaching | 538 | 793 | 640 |
| Other expenditure | 5,238 | 18,268 | 10,449 |
| All items |  |  |  |

## Expenditure on education in general course by level of education

3.18.3 Average expenditure ( $₹$ ) relating to basic course per student pursuing general course during the current academic year for each level of current attendance is given in Table 37.

Table 37: Average expenditure (₹) relating to basic course per student pursuing general course during the current academic year for each level of current attendance

| Level of current attendance | Average expenditure $(₹)$ |  |  |
| :--- | :---: | :---: | :---: |
|  | Rural | Urban | Rural+ Urban |
| Pre primary | 3,809 | 17,474 | 9,218 |
| Primary | 3,310 | 15,702 | 8,408 |
| Upper primary | 3,847 | 16,446 | 8,764 |
| Secondary | 5,853 | 24,302 | 12,680 |
| High secondary | 8,564 | 23,874 | 14,530 |

Table 37: Average expenditure (₹) relating to basic course per student pursuing general course during the current academic year for each level of current attendance

| Level of current attendance | Average expenditure (₹) |  |  |
| :--- | ---: | :---: | :---: |
|  | Rural | Urban | Rural+ Urban |
| Diploma below graduate | 9,383 | 24,729 | 14,331 |
| Graduate \& above* | 10,513 | 19,405 | 14,324 |
| All | 5,238 | 18,268 | 10,449 |
| *including diploma/certificate graduate and above |  |  |  |

*including diploma/certificate graduate and above

## Expenditure on education in general course by type of institution:

3.18.4 Average expenditure $(₹)$ per student pursuing general course by level of current attendance and type of institution is given in Table 38. It may be observed that in private unaided institution average expenditure per student was much higher than government or private aided institution.

Table 38: Average expenditure ( $₹$ ) per student pursuing general course by level of current attendance and type of institution

|  | Average expenditure (₹) |  |  |  |  |  |  |  |  |  |
| :--- | ---: | ---: | ---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Level of current attendance | Type of institution |  |  |  |  |  |  |  |  |  |
|  | Government |  |  |  |  |  |  | Private aided |  | Private unaided |
|  | Rural | Urban | Rural | Urban | Rural | Urban |  |  |  |  |
| Pre primary | 1,078 | 2,104 | 8,090 | 19,726 | 10,289 | 21,050 |  |  |  |  |
| Primary | 1,374 | 3,248 | 6,277 | 17,293 | 15,293 | 27,370 |  |  |  |  |
| Upper primary | 2,046 | 3,212 | 4,926 | 18,920 | 21,903 | 28,910 |  |  |  |  |
| Secondary | 4,394 | 6,684 | 6,562 | 25,586 | 20,642 | 52,031 |  |  |  |  |
| Higher secondary | 7,404 | 14,442 | 8,789 | 24,176 | 13,902 | 48,190 |  |  |  |  |
| Diploma below graduate | 4,946 | 14,588 | 9,650 | 25,138 | 28,662 | 45,119 |  |  |  |  |
| Diploma graduate and above | 3,500 | 5,984 | 5,729 | 21,845 | 12,000 | 29,000 |  |  |  |  |
| Graduate | 10,183 | 10,229 | 10,182 | 20,738 | 28,925 | 26,345 |  |  |  |  |
| Post graduate and above | 14,538 | 14,399 | 13,001 | 19,590 | 74,000 | 51,057 |  |  |  |  |
| All | 2,318 | 5,125 | 7,655 | 20,264 | 15,050 | 28,652 |  |  |  |  |

Expenditure on education in basic course by type of institution and type of course
3.18.5 Average expenditure (₹) per student pursuing general course during the current academic year by type of institution and type of course/stream is given in Table 39. Average expenditure ( $₹$ ) per student was highest for science stream in all types of institution in rural as well as urban areas. Average expenditure per student in urban areas in different institutions was comparatively higher than that in rural areas.

Table 39: Average expenditure (₹) per student pursuing general course during the current academic year by type of institution and type of course/stream

|  |  |  |  |  |  | (₹) |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Type of course/stream | Average expenditure |  |  |  |  |  |
|  | Type of institution |  |  |  |  |  |
|  | Government |  | Private Aided |  | Private Unaided |  |
|  | Rural | Urban | Rural | Urban | Rural | Urban |
| Up to X | 1,801 | 3,550 | 5,856 | 19,307 | 14,493 | 27,888 |

| Science | 28,974 | 19,602 | 16,171 | 32,291 | 33,387 | 58,269 |
| Commerce | 9,278 | 13,357 | 11,854 | 22,299 | 9,428 | 30,486 |
| All | 2,318 | 5,125 | 7,655 | 20,264 | 15,050 | 28,652 |

## Components of expenditure on education in technical/professional course

3.18.6 Average expenditure on basic course per student during current academic year pursuing technical/professional course by items of expenditure is given in Table 40. Average expenditure per student for technical/ professional course on 'course fee including tuition fee, examination fee, development fee and other compulsory payments' was ₹ 19,092 in rural areas \& ₹ 50,913 in urban areas.

Table 40: Average expenditure on basic course per student during current academic year pursuing technical/professional course by items of expenditure

| Item of expenditure | Average expenditure (₹) |  |  |
| :--- | ---: | ---: | ---: |
|  | Rural | Urban | Rural+ Urban |
| Course fee including tuition fee, examination fee, development | 19,092 | 50,913 | 39,291 |
| fee and other compulsory payments |  |  |  |
| Books, stationery and uniform | 4,021 | 4,980 | 4,630 |
| Transport | 4,656 | 5,529 | 5,210 |
| Private coaching | 911 | 2,412 | 1,863 |
| Other expenditure | 1,877 | 2,812 | 2,471 |
| All items | 30,557 | 66,645 | 53,465 |

## Expenditure on education in technical/ professional course by level of education

3.18.7 Average expenditure (₹) relating to basic course per student pursuing technical/ professional course during the current academic year for each level of attendance is given in Table 41. Average expenditure (₹) per student was highest in 'postgraduate and above level' among all other levels in both rural ( $₹ 44,473$ ) and urban areas ( $₹ 1,13,732$ ).

Table 41: Average expenditure (₹) relating to basic course per student pursuing technical/ professional course during the current academic year for each level of attendance

| Level of current attendance | Average expenditure (₹) |  |  |
| :--- | ---: | ---: | ---: |
|  | Rural |  | Urban | \(\left.\begin{array}{l}Rural+ <br>

Urban\end{array}\right]\)|  |  | 8,274 | 22,849 |
| :--- | ---: | ---: | :--- |
| Below graduate(excl. Diploma) | 29,287 | 42,183 | 36,749 |
| Diploma/certificate(below graduate) | 41,427 | 69,669 | 62,254 |
| Diploma/certificate(graduate \& above) | 31,523 | 78,310 | 61,337 |
| Graduate | 44,473 | $1,13,732$ | 97,243 |
| Postgraduate and above | 30,557 | 66,645 | 53,465 |
| All |  |  |  |

## Expenditure on education in technical/ professional course by type of institution:

3.18.8 Average expenditure $(₹)$ per student pursuing technical/ professional course during the current academic year by level of attendance and type of institution is given in Table 42. In government institution average expenditure $(₹)$ per student pursuing technical/ professional course was ₹ 21,451 in rural areas and ₹ 32,745 in urban areas. Average expenditure per student pursuing technical/ professional course for Post graduate and above level was highest i.e $₹ 3,42,437$ in private unaided institution in urban areas.

Table 42: Average expenditure (₹) per student pursuing technical/ professional course during the current academic year by level of attendance and type of institution

Average expenditure

|  | Average expenditure |  |  |  |  |  |  |  |  |  |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Level of current attendance | Type of institution |  |  |  |  |  |  |  |  |  |
|  | Government |  |  |  |  |  |  | Private aided |  | Private unaided |
|  | Rural | Urban | Rural | Urban | Rural | Urban |  |  |  |  |
| Below graduate (excluding <br> diploma/certificate ) | 8,402 | 10,744 | 7,679 | 23,607 | 34,584 | 39,825 |  |  |  |  |
| Diploma/certificate (below <br> graduate level) | 14,834 | 19,494 | 34,445 | 46,953 | 41,812 | 62,140 |  |  |  |  |
| Diploma/certificate(graduate | 40,567 | 35,175 | 41,177 | 71,703 | 42,605 | 83,844 |  |  |  |  |
| \&above level) | 27,514 | 39,741 | 26,942 | 76,502 | 60,641 | $1,01,326$ |  |  |  |  |
| Graduate | 42,337 | 75,599 | 43,285 | 70,468 | 51,897 | $3,42,437$ |  |  |  |  |
| Post graduate and above | 21,451 | 32,745 | 29,581 | 65,159 | 50,899 | 99,671 |  |  |  |  |
| All |  |  |  |  |  |  |  |  |  |  |

3.18.9 Average expenditure $(₹)$ per student pursuing technical/ professional course during the current academic year by type of institution and type of course/ stream is given in Table 43. Average expenditure per student was much higher for medicine \& management in private unaided institution in urban areas.

Table 43: Average expenditure (₹ ) per student pursuing technical/professional course during the current academic year by type of institution and type of course/ stream

| Type of course/stream | Average expenditure |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Type of institution |  |  |  |  |  |
|  | Government |  | Private Aided |  | Private Unaided |  |
|  | Rural | Urban | Rural | Urban | Rural | Urban |

| Courses from ITI/ recognised vocational institutes | 9,163 | 11,232 | 23,110 | 24,939 | 35,512 | 44,696 |
| Others* | 14,136 | 22,538 | 13,349 | 39,993 | 39,948 | 57,216 |
| Total | 21,451 | 32,745 | 29,581 | 65,159 | 50,899 | 99,671 |

*others include agriculture, education, chartered accountancy and similar courses and residual technical /professional courses

## Source of funding the expenditure on the basic course during the current academic year

 3.18.10 Information on the first major source and second major source (if any) of funding the total expenditure of the basic course during the current academic year was collected in this survey. Percentage of students pursuing basic course reporting different sources of expenditure and percentage of students who reported only one source of funding the expenditure on basic course is given in Table 44. In rural areas 92.8 per cent students and in urban areas 95.1 per cent students reported source of funding the expenditure as 'funded by other household members'. Percentage of students pursuing basic course and reporting only one source of funding the expenditure was 73.4 per cent in rural areas and 81.7 per cent in urban areas.Table 44: Percentage of students pursuing basic course reporting different sources of expenditure and percentage of students who reported only one source of funding the expenditure on basic course

| Source of funding the expenditure on basic course | Percentages |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Rural | Urban | Rural+ Urban |
| Funded from the earning of the student | 3.3 | 3.2 | 3.2 |
| Funded by other household members | 9.8 | 95.1 | 93.7 |
| Funded by erstwhile household members | 6.9 | 5.1 | 6.1 |
| Received as gifts from friends/relatives | 6.6 | 4.8 | 5.9 |
| Scholarships from educational institution | 0.5 | 0.2 | 0.4 |

| Average expenditure $(₹)$ per student reporting expenditure on <br> preparation for higher/additional studies during last 365 days | 3,895 | 32,861 | 17,937 |

## Persons Currently Not Attending Education

Persons who ever enrolled but currently not attending for different age groups -
3.19.1 Percentage of persons who ever enrolled but currently not attending among persons of age 3 to 35 years for different age groups is given in Table 46. Percentage of persons who ever enrolled but currently not attending was more in higher age groups.

## Table 46: Percentage of persons who ever enrolled but currently not attending among persons of age 3 to 35 years for different age groups

| Age groups | Percentage |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Rural |  | Urban |  | Rural+ Urban |  |
|  | Male | Female | Male | Female | Male | Female |
| 3-5 | 0.7 | 0.0 | 1.4 | 0.3 | 1.0 | 0.1 |
| 6-10 | 0.2 | 2.0 | 0.4 | 0.1 | 0.3 | 1.2 |

## Reason for currently not attending for persons who ever enrolled but currently not attending

3.19.2 Percentage of ever enrolled persons of age 3 to 35 years currently not attending education and their distribution by major reason for not attending is given in Table 47. Among ever enrolled persons of age 3 to 35 years currently not attending, major reason reported by male was engaged in economic activities and by female was engaged in domestic activities. About 19 per cent male \& 15 per cent female reported the reason as not interested in education and about 15 per cent male \& 14 per cent female reported the reason as completed desired level/class.

Table 47: Percentage of ever enrolled persons of age 3 to 35 years currently not attending education and their distribution by major reason for not attending

| Indicator | Percentage |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Rural |  | Urban |  | Rural+ Urban |  |
|  | Male | Female | Male | Female | Male | Female |
| Persons of age 3-35 years ever enrolled but currently not attending | 44.3 | 47.6 | 52.3 | 52.8 | 47.8 | 49.9 |
| Major reason for not attending |  |  |  |  |  |  |
| Not interested in education | 25.3 | 17.8 | 13.5 | 12.6 | 19.6 | 15.3 |
| Financial constraints | 17.7 | 15.5 | 20.2 | 12.6 | 18.9 | 14.2 |
| Engaged in domestic activities | 3.7 | 20.9 | 2.1 | 20.6 | 2.9 | 20.8 |
| Engaged in economic activities | 29.1 | 5.1 | 39.1 | 10.9 | 33.8 | 7.8 |
| School is far off | 0.1 | 1.3 | 0.2 | 0.6 | 0.2 | 1.0 |
| Timings of educational institution not suitable | 0.2 | 0.3 | 0.1 | 0.2 | 0.2 | 0.3 |
| Unable to cope up with studies/ failure in studies | 7.3 | 7.3 | 3.6 | 2.3 | 5.6 | 4.9 |
| Completed desired level/class | 12.0 | 10.0 | 17.6 | 18.5 | 14.7 | 14.0 |
| Preparation for competitive examination | 0.7 | 0.4 | 0.6 | 0.6 | 0.7 | 0.5 |
| Marriage |  | 17.8 |  | 17.8 |  | 17.8 |

| All | 100.0 | 100.0 | 100.0 | 100.0 | 100.0 | 100.0 |

## Reason for not enrolling for persons who never enrolled

3.19.3 Percentage of never enrolled persons of age 3 to 35 years and their distribution by major reason for never enrolled is given in Table 48. Among the persons of age 3-35 years who never enrolled, 22.1 per cent male \& 18.6 per cent female reported the reason as not interested in education followed by the reason of financial constraints.

Table 48: Percentage of never enrolled persons of age 3 to 35 years and their distribution by major reason for never enrolled

| Indicator | Rural |  | Urban |  | Rural+ Urban |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Male | Female | Male | Female | Male | Female |
| Persons of age 3-35 years who never enrolled | 5.1 | 7.7 | 3.7 | 5.2 | 4.5 | 6.6 |
| Major reason for never enrolment |  |  |  |  |  |  |
| Not interested in education | 23.1 | 19.2 | 20.4 | 17.5 | 22.1 | 18.6 |
| Financial constraints | 4.8 | 5.5 | 9.4 | 13.1 | 6.4 | 8.2 |
| Engaged in domestic activities | 0.2 | 1.2 | 0.4 | 3.3 | 0.3 | 1.9 |
| Engaged in economic activities | 4.0 | 0.5 | 2.3 | 2.0 | 3.4 | 1.0 |
| School is far off | 0.4 | 1.2 | 0.4 | 0.0 | 0.4 | 0.7 |
| Route to educational institution not safe | 0.0 | 1.3 | 0.0 | 0.4 | 0.0 | 1.0 |
| No tradition in the community | 1.5 | 5.1 | 0.8 | 5.2 | 1.2 | 5.1 |
| Marriage |  | 1.0 |  | 0.6 |  | 0.9 |
| Others | 66.0 | 65.0 | 66.3 | 58.0 | 66.1 | 62.5 |
| All | 100.0 | 100.0 | 100.0 | 100.0 | 100.0 | 100.0 |

## Drop outs

3.20.1 An ever-enrolled person was considered as dropped out if he/ she did not complete the last level of education for which he/she enrolled and currently not attending any educational institution for reasons other than 'completion of the desired level of education'. Percentage of persons dropped out among ever enrolled persons of age 3 to 35 years for different levels of last enrolment is given in Table 49. It was observed that percentage of students dropped out among ever enrolled was higher in secondary level in both rural ( 24.9 per cent) as well as urban ( 22.5 per cent) areas.
Table 49: Percentage of persons dropped out among ever enrolled persons of age 3 to 35 years for different levels of last enrolment

| Level of last enrolment | (persons) |  |  |
| :--- | ---: | :---: | ---: |
|  | Rural | Percentage |  |
| Pre- primary | 0.7 | Urban | (Rural+Urban) |
| Primary | 14.9 | 0.9 | 0.8 |
| Upper primary /middle | 19.3 | 7.1 | 11.9 |
| Secondary | 24.9 | 15.4 | 17.7 |
| Higher secondary | 12.9 | 22.5 | 24.0 |
| Diploma/certificate (below |  | 9.4 | 11.3 |
| graduate) | 16.5 |  |  |
| Graduation | 9.7 | 15.1 | 15.7 |
| Post- graduation and above | 12.2 | 4.3 | 6.4 |
| Diploma/certificate |  | 2.8 | 6.0 |
| (graduate and above) | 3.7 |  |  |
| All | 16.2 | 1.2 | 2.4 |

## Expenditure on higher/additional studies by those who ever enrolled but currently not attending education

3.21.1 Percentage of ever enrolled persons of age 3 to 35 years who reported expenditure on higher/additional studies and average expenditure per person reporting expenditure on higher/ additional studies is given in Table 50. Average expenditure on higher/ additional studies reported by about 0.7 per cent ever enrolled students of age 3 to 35 years was ₹ 8,062.

Table 50: Percentage of ever enrolled persons of age 3 to 35 years who reported expenditure on higher/additional studies and average expenditure per person reporting expenditure on higher/ additional studies

| Indicator | Percentage |  |  |
| :---: | :---: | :---: | :---: |
|  | Male | Female | Person |
| Rural |  |  |  |
| Percentage of ever enrolled persons of age 3 to 35 years who reported expenditure on higher/additional studies | 0.7 | 0.7 | 0.7 |
| Average expenditure per person reporting expenditure on higher/ additional studies (₹) | 8,187 | 3,022 | 5,689 |
| Urban |  |  |  |
| Percentage of ever enrolled persons of age 3 to 35 years who reported expenditure on higher/additional studies | 0.6 | 0.9 | 0.7 |
| Average expenditure per person reporting expenditure on higher/ additional studies (₹) | 9,449 | 11,529 | 10,560 |
| Rural+ Urban |  |  |  |
| Percentage of ever enrolled persons of age 3 to 35 years who reported expenditure on higher/additional studies | 0.6 | 0.8 | 0.7 |
| Average expenditure per person reporting expenditure on higher/ additional studies (₹) | 8,770 | 7,377 | 8,062 |

## Erstwhile Members of the Households Who Are Currently Attending Education

3.22.1 Erstwhile members of a household are those who were members of the selected household sometime in the past. Information was collected on various aspects of current attendance and total expenditure (on education as well as any other expenditure) incurred/to be incurred by the household for those erstwhile members during the current academic year. For the erstwhile members, information on current attendance was collected considering different formal and non-formal system of education.

Households reporting erstwhile members of age 3 to 35 years currently attending education and average expenditure incurred per household on such erstwhile members
3.22.2 Percentage of households reporting erstwhile members of age 3 to 35 years currently attending education and average expenditure ( $₹$ ) incurred per household on such erstwhile members is given in Table 51. Average expenditure incurred/ to be incurred on erstwhile member per household was ₹ 50,235 for rural areas and ₹ 69,271 for urban areas.

Table 51: Percentage of households reporting erstwhile members of age 3 to 35 years currently attending education and average expenditure (₹) incurred per household on such erstwhile members

|  | Sector of erstwhile residence |  |  |
| :--- | :---: | :---: | :---: | :---: |
| Indicator | Rural | UrbanRural+ <br> urban |  |
| Percentage of households reporting erstwhile member of age 3 <br> to 35 years of the household currently attending education | 3.2 | 2.1 | 2.7 |
| Percentage of households reporting expenditure incurred/ to be <br> incurred (on education as well as any other expenditure) on <br> erstwhile member | 90.0 | 96.1 | 92.1 |
| Average expenditure (₹) incurred/to be incurred (on education <br> as well as any other expenditure) on erstwhile member per <br> household reporting expenditure on erstwhile member | 50,235 | 69,271 | 57,214 |

Ref: Table 9, Appendix A

## Distribution of households by number of erstwhile members of age $\mathbf{3}$ to $\mathbf{3 5}$ years currently attending education

3.22.3 Percentage distribution of households reporting erstwhile members of age 3 to 35 years currently attending education by number of such erstwhile members is given in Table 53. About 75 per cent households reported that one erstwhile member of household of age 3 to 35 years was currently attending education followed by two erstwhile members currently attending education (19.9 per cent).

Table 52: Percentage distribution of households reporting erstwhile members of age 3 to 35 years currently attending education by number of such erstwhile members

| Number of erstwhile members currently attending education | Sector of erstwhile residence |  |  |
| :---: | :---: | :---: | :---: |
|  | Rural | Urban | Rural+ Urban |
| 1 | 69.8 | 85.5 | 75.3 |
| 2 | 22.9 | 14.3 | 19.9 |
| 3 | 5.6 | 0.2 | 3.7 |
| Above 3 | 1.6 | 0.0 | 1.0 |
| All | 100.0 | 100.0 | 100.0 |

## Access and Use of Information and Communications Technology

3.23.1 In the survey information on some aspects of Information and Communications Technology (ICT) was collected with regard to their access and use. At the household level, information was collected on (ii) internet facility while for each person of age 5 years and above information on their (i) ability to operate computer during last 30 days.

## Households with computer and internet facility

3.23.2 Household with internet facility meant that Internet was generally available for use by all members of the household at any time regardless of whether it was actually used. Percentage
of households with computer and internet facility is given in Table 53. It may be observed that percentage of households having computer as well as internet facility was more in urban areas than rural areas.

Table 53: Percentage of households with computer and internet facility

| Indicator | Percentage |  |  |
| :--- | :---: | ---: | ---: |
|  |  | Rural | Urban |
| Households having computer | 5.1 | 24.1 |  |
| Households having internet facility | 22.8 | 51.1 |  |

Ref: Table 7,8, Appendix A

## Households with computer in each quintile class of Usual Monthly per Capital Expenditure:

3.23.3 Percentage of households with computer, having internet facility for each quintile class of Usual Monthly per Capital Expenditure is given in Table 54. It may be seen that percentage of households having computer as well as internet facility increased as UMPCE increased. Also percentage of households having computer \& having internet facility is comparatively higher in urban areas than rural areas.

Table 54: Percentage of households with computer, having internet facility for each quintile class of Usual Monthly per Capital Expenditure

| UMPCE quintile class | Percentage |  |  |  |
| :---: | :---: | :---: | :---: | :---: |
|  | Households having computer |  | Households having internet facility |  |
|  | Rural | Urban | Rural | Urban |
| 0-20 | 1.3 | 6.7 | 6.8 | 29.4 |
| 20-40 | 3.3 | 10.6 | 15.0 | 42.0 |
| 40-60 | 4.2 | 19.0 | 26.6 | 50.6 |
| 60-80 | 4.8 | 22.5 | 28.9 | 56.9 |
| 80-100 | 10.5 | 48.1 | 33.7 | 65.4 |
| All | 5.1 | 24.1 | 22.8 | 51.1 |

Ability to operate computer, ability to use internet and use of internet during last $\mathbf{3 0}$ days for persons of age 5 years and above

## Ability to operate computer among persons of age 5 years and above

3.23.4 Percentage of persons of age 5 years and above who able to operate a computer is given in Table 55. Percentage of persons of age 5 years and above who able to operate a computer in age group 15-29 years is 37.8 per cent in rural and 64.0 per cent in urban areas. For the age group 60 years \& above percentage of persons able to operate a computer is very low.

Table 55: Percentage of persons of age 5 years and above who able to operate a computer

| Age of the person (years) | Percentage |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Rural |  |  | Urban |  |  | Rural+ Urban |  |  |
|  | Male | Female | Person | Male | Female | Person | Male | Female | Person |
| 5-14 | 12.0 | 11.4 | 11.7 | 33.1 | 27.5 | 30.7 | 20.4 | 17.9 | 19.3 |
| 15-29 | 42.7 | 31.6 | 37.8 | 67.8 | 59.6 | 64.0 | 53.7 | 44.4 | 49.5 |
| 15-59 | 25.1 | 14.5 | 20.0 | 52.7 | 39.5 | 46.4 | 37.3 | 25.6 | 31.7 |
| 5 \& above | 19.7 | 11.9 | 16.0 | 46.2 | 34.1 | 40.5 | 31.1 | 21.4 | 26.5 |
| 15 \& above | 21.4 | 12.0 | 16.9 | 48.7 | 35.1 | 42.2 | 33.2 | 22.0 | 27.9 |
| 60 \& above | 1.3 | 0.0 | 0.7 | 20.2 | 6.6 | 13.5 | 8.5 | 2.4 | 5.5 |

## Ability to use internet among persons of age 5 years and above

3.23.5 Percentage of persons of age 5 years and above who are able to use internet is given in Table 56. Percentage of persons of age 5 years and above who are able to use internet in age group 15-29 years is 45.9 per cent in rural and 72.4 per cent urban areas. For the age group 60 years \& above, percentage of persons able to use internet is very low.

| Age of the person (years) | Percentage |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Rural |  |  | Urban |  |  | Rural+ Urban |  |  |
|  | Male | Female | Person | Male | Female | Person | Male | Female | Person |
| 5-14 | 12.0 | 9.7 | 11.0 | 28.3 | 25.7 | 27.2 | 18.5 | 16.2 | 17.5 |
| 15-29 | 53.6 | 36.2 | 45.9 | 77.8 | 66.1 | 72.4 | 64.2 | 49.9 | 57.7 |
| 15-59 | 32.6 | 16.7 | 25.0 | 63.8 | 45.5 | 55.1 | 46.4 | 29.5 | 38.4 |
| 5 \& above | 25.0 | 13.2 | 19.4 | 54.1 | 38.6 | 46.8 | 37.5 | 24.1 | 31.2 |
| 15 \& above | 27.8 | 13.8 | 21.1 | 59.0 | 40.7 | 50.2 | 41.3 | 25.4 | 33.7 |
| 60 \& above | 1.5 | 0.0 | 0.7 | 25.1 | 8.9 | 17.2 | 10.5 | 3.3 | 6.9 |

Ref: Table 18, Appendix A

## Use of internet among persons of age 5 year and above

3.23.6 Percentage of persons of age 5 years and above who used internet during the last 30 days is given in Table 57. It is observed that use of internet was highest in age group 15-29 years during the last 30 days in rural areas as well as urban areas.

## Table 57: Percentage of persons of age 5 years and above who used internet during the last

 30 days| Age of the person (years) | Percentage |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| Appendix B | Sample Design and Estimation Procedure | B 1-8 |
| Appendix C | Facsimile of schedule (schedule 25.2) | C 1-12 |

## List of Tables

| $\begin{aligned} & \text { Sr. } \\ & \text { No. } \end{aligned}$ | Table no. as per tabulation plan | Description | Page no. |
| :---: | :---: | :---: | :---: |
| (1) | (2) | (3) | (4) |
| 1 | 3 | Number of persons surveyed by age and gender | A1 |
| 2 | 5 | Percentage distribution of household by distance to to nearest school having primary, upper primary and secondary level classes | A2 |
| 3 | 7 | Percentage of households having computer for each quintile class of MPCE | A3 |
| 4 | 8 | Percentage of households having internet facility for each quintile class of MPCE | A3 |
| 5 | 9 | Percentage of households reporting erstwhile member* and their distribution by number of such erstwhile members | A4 |
| 6 | 15 | Percentage distribution of persons by general education level | A5 |
| 7 | 16 | Percentage distribution of persons of age 15 years \& above by technical education level for each age group | A14 |
| 8 | 17 | Average number of years( 0.0 ) in formal education by persons of age group | A19 |
| 9 | 18 | Percentage of persons (aged 5 years and above) by ability to operate computer, ability to use internet and use of internet | A20 |
| 10 | 21a | Percentage distribution of persons by vocational/technical training received/ receiving ( $15-29$ years) | A23 |
| 11 | 21c | Percentage distribution of persons by vocational/technical training received/ receiving (15-59 years) | A25 |
| 12 | 24a | Percentage distribution of persons in different age groups by status of enrolment (5-29 years) | A27 |
| 13 | 24b | Percentage distribution of persons in different age groups by status of enrolment (3-35 years) | A29 |
| 14 | 29 | Estimated and sample number of persons by level of current educational attendance for different age group | A31 |
| 15 | 30 | Percentage distribution of students by level of current attendance for each type of course currently attending | A37 |
| 16 | 34 | Gross Enrolment Ratio by different level of current enrolment | A44 |
| 17 | 35 | Net Enrolment Ratio by different level of current enrolment | A46 |
| 18 | 36 | Gross Attendance Ratio among students by different level of current attendance | A48 |
| 19 | 39 | Gross Attendance Ratio among students by different level of current attendance for each quintile class | A50 |
| 20 | 40 | Net Attendance Ratio among students by different level of current attendance | A53 |

| Sr. No. | Table no. as per tabulation plan | Description | Page no. |
| :---: | :---: | :---: | :---: |
| (1) | (2) | (3) | (4) |
| 21 | 43 | Net Attendance Ratio among students by different level of current attendance for each quintile class | A55 |
| 22 | 44 | Age specific current attendance ratio for students of different age groups | A58 |
| 23 | 48 | Percentage distribution of students in private unaided institution by level of current attendance and nature of institution | A60 |
| 24 | 49 | Percentage distribution of students by level of current attendance and type of institution | A62 |
| 25 | 53 | Percentage of students attending private aided and private unaided institutions for each level of current attendance for different reasons | A64 |
| 26 | 54 | Percentage of students received free education, their percentage distribution by tuition fee paid/ payable, percentage distribution of students who partly paid/ did not pay tuition fee by reason for tuition fee waived and avg. amount of tuition fee waived per student | A78 |
| 27 | 55 | Percentage of students received scholarship/ stipend/ reimbursement, their percentage distribution by agency, percentage distribution of such students by type of scholarship/ stipend/ reimbursement | A97 |
| 28 | 56 | Percentage of students (for those who are currently attending in pre-primary or primary level or those attending education other than distance learning) receiving free mid-meal/ tiffin/ nutrition, their percentage distribution by agency, percentage distribution of students mode of transport, percentage of students taking private coaching for each | A112 |
| 29 | 59 | Percentage distribution of students by nature of change in educational institution for different levels of current attendance | A132 |
| 30 | 60 | Percentage distribution of students by medium of instruction for different languages spoken at home medium of instruction | A136 |
| 31 | 62 | Percentage distribution of students by type of course currently attending and percentage distribution of students by duration of the current academic year for different levels of current attendance | A144 |
| 32 | 72 | Average expenditure (₹) on basic course per student during current academic year pursuing general course by level of current attendance for each type of institution | A149 |
| 33 | 73 | Average expenditure (₹) on basic course per student during current academic year pursuing technical/ professional course by level of current attendance for each type of institution | A153 |
| 34 | 74 | Average expenditure ( $₹$ ) on basic course per student during current academic year pursuing general course by items of expenditure for each | A157 |

| Sr. No. | Table no. as per tabulation plan | Description | Page no. |
| :---: | :---: | :---: | :---: |
| (1) | (2) | (3) | (4) |
| 35 | 75 | Average expenditure (₹) on basic course per student during current academic year pursuing technical/ professional course by items of expenditure | A159 |
| 36 | 76 | Average expenditure (₹) on basic course per student during current academic year pursuing any course (general, technical/ professional) by items of expenditure | A161 |
| 37 | 77 | Average expenditure (₹) on basic course per student during current academic year pursuing general course by items of expenditure for each level of current attendance | A163 |
| 38 | 78 | Average expenditure (₹) on basic course per student during current academic year pursuing technical/professional course by items of expenditure for each level of current attendance | A167 |
| 39 | 79 | Average expenditure $(₹)$ on basic course per student currently attending in general course for each type of general course and type of institution | A171 |
| 40 | 80 | Average expenditure ( $₹$ ) on basic course per student currently attending in technical/ professional course for each type of technical/ professional course and type of institution | A174 |
| 41 | 81 | Percentage of students pursuing basic course, their percentage distribution by sources of funding the expenditure, average expenditure $(₹)$ per student in courses other than basic course and on higher/additional studies | A177 |
| 42 | 83 | Percentage distribution of ever-enrolled persons of age 3-35 years by status of currently attending for each level of last enrolment | A181 |
| 43 | 85 | Percentage distribution of persons of age 3-35 years who ever enrolled but currently not attending by reasons for currently not attending for different age groups | A187 |
| 44 | 86 | Percentage distribution of persons of age 3-35 years who ever enrolled but currently not attending by reasons for currently not attending for each quintile class of MPCE | A190 |
| 45 | 90 | Percentage distribution of persons of age 3-35 years who never enrolled by reason for never-enrolling for each quintile class of MPCE | A193 |
| 46 | 94 | Percentage of persons* (P) and average expenditure (₹) per person* (A) of age 3-35 years currently not attending education who are reporting expenditure on higher/ additional studies | A196 |

## Appendix A

## Detailed Tables

Table (1): Number of surveyed and estimated (00) households

| Number of households surveyed |  |  |  | Estimated households (00) |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Rural | Urban | Rural+ Urban | Rural | Urban | Rural+ urban |  |
| 4064 | 7359 | 11423 | 134126 | 110747 | 244873 |  |

Note (i): Estimated number of households given in this Table is design based estimates and may be used as control totals for combining and arriving at rates and ratios. These figures are not intended for providing current number of households.

Table (3): Number of persons surveyed by age and gender

| Sector | 5-29 years |  |  | 3-35 years |  |  | All ages |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Male | Female | Persons | Male | Female | Persons | Male | Female | Persons |
| Rural | 4749 | 3449 | 8198 | 5519 | 4131 | 9650 | 10019 | 8765 | 18784 |
| Urban | 7718 | 5908 | 13626 | 8952 | 7013 | 15965 | 16190 | 14452 | 30642 |
| Rural+ Urban | 12467 | 9357 | 21824 | 14471 | 11144 | 25615 | 26209 | 23217 | 49426 |

Table (5): Percentage distribution of household by distance to nearest school having primary, upper primary and secondary level classes

| Sector | Primary |  |  |  |  |  | Upper primary |  |  |  |  |  | Secondary |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Distance (k.m) |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |
|  | 0-1 | 1-2 | 2-3 | 3-5 | 5 and above | all | 0-1 | 1-2 | 2-3 | 3-5 | 5 and above | all | 0-1 | 1-2 | 2-3 | 3-5 | 5 and above | all |

## Appendix B

## Sample Design and Estimation Procedure

# Sample Design and Estimation Procedure 

## 1. Introduction

1.1 The National Sample Survey Office (NSO), in $75^{\text {th }}$ round (July 2017- June 2018) carried out survey on Household Social Consumption: Education.

## 2 Geographical coverage

2.1 The survey covered whole of Maharashtra state.

## 3. Sample Design

3.1Outline of sample design: A stratified multi-stage design was adopted for the $75^{\text {th }}$ round survey. The first stage units (FSU) were the Census villages in the rural sector and Urban Frame Survey (UFS) blocks in the urban sector. The ultimate stage units (USU) were households in both the sectors. In the case of large FSUs, one intermediate stage of sampling was the selection of two hamlet-groups (hgs)/ sub-blocks (sbs) from each rural/ urban FSU.
3.2Sampling Frame for First Stage Units: For the rural sector, the list of 2011 Population Census villages constituted the sampling frame. For the urban sector, the latest available list of UFS blocks was considered as the sampling frame.

### 3.3 Stratification

Each district was a stratum. Within each district of a State, generally speaking, two basic strata were formed: (i) rural stratum comprising of all rural areas of the district and (ii) urban stratum comprising of all the urban areas of the district. However, within the urban areas of a district, if there were one or more towns with population one million or more as per Census 2011, each of them formed as a separate basic stratum and the remaining urban areas of the district was considered as another basic stratum.

### 3.4 Sub-stratification

3.4.1 Rural sector: If ' $r$ ' was the sample size allocated for a rural stratum, ' $r / 4$ ' sub-strata were formed in that stratum. The villages within a stratum (district) as per frame were first arranged in ascending order of population. Then sub-strata 1 to ' $r / 4$ ' were demarcated in such a way that each sub-stratum comprised a group of villages of the arranged frame and had more or less equal population.
3.4.2 Urban sector: Each urban stratum was divided into two parts - 'Affluent part' consisting of UFS blocks identified as 'Affluent Area' and 'Non-Affluent part' consisting of the remaining UFS blocks within the stratum. Sample allocation of a stratum was then allocated to 'Affluent' and 'Non-Affluent' parts in proportion to total number of households in the UFS blocks with double weightage to 'Affluent part' subject to a maximum of 8 FSUs in 'Affluent part' of any stratum. If ' $u$ ' was the sample size allocated for an urban stratum consisting of both 'Affluent area' UFS Blocks and 'Non-Affluent area' UFS Blocks. ' $u / 4$ ' sub-strata were formed within each stratum. Out of these ' $\mathrm{u} / 4$ ' sub-strata, the first two substrata ' 01 ' and ' 02 ' were earmarked for those UFS blocks which were identified as 'Affluent Area' and the remaining sub-strata, ' 03 ', ' 04 ', ...... and so on, were assigned to the 'Non- Affluent area' UFS blocks. If any stratum did not have any 'Affluent Area' UFS block then also the sub-stratum number started from ' 03 ' for that stratum. For all strata, if $\mathrm{u} / 4>1$, implying formation of 2 or more sub-strata, all the UFS blocks within the stratum were first arranged in ascending order
of total number of households in the UFS Blocks as per the latest UFS phase. Then sub-strata 1 to ' $\mathrm{u} / 4$ ' were demarcated in such a way that each sub-stratum had more or less equal number of households. This procedure was done separately for 'Affluent-part' and 'Non-Affluent part' of the stratum (if two sub-strata were required to be formed in the 'Affluent part').

The following three cases arose while doing the sub-stratification:
i) If there was no 'Affluent Area' UFS block in the stratum, all the UFS blocks were divided into ' $u / 4$ ' sub-strata and numbered as ' 03 ', ‘ 04 ', $\ldots . .$, ' $(\mathrm{u} / 4)+2$ '.
ii) If only one sub-stratum was formed with the 'Affluent Area' UFS blocks, then all the remaining 'Non-Affluent area' UFS blocks were divided into '( $\mathrm{u}-4$ )/4' sub-strata and numbered as ' 03 ', ' 04 ', $\ldots . .$, '(u/4)+1'.
iii) If two sub-strata were formed with the 'Affluent Area' UFS blocks, then all the remaining 'Non-Affluent area' UFS blocks were divided into ' $(\mathrm{u}-8) / 4$ ' sub-strata and numbered as ' 03 ', ' 04 ', $\ldots . .$, ' $\mathrm{u} / 4$ '.

### 3.5 Total sample size (FSUs)

3.5.1 1428 FSUs were allocated for the State sample in Maharashtra state.

### 3.6 Allocation of total sample to States

3.6.1The total number of sample FSUs were allocated to the States in proportion to population as per Census 2011.
3.7 Allocation of State level sample to rural and urban sectors
3.7.1 State level sample size were allocated between two sectors in proportion to population as per Census 2011 with 1.5 weightage to urban sector depending on population share.

### 3.8 Allocation to strata

3.8.1 Within each sector of a State, the respective sample size was allocated to the different strata in proportion to the population as per Census 2011. Stratum level allocation was adjusted to multiples of 4 with a minimum sample size of 4 .

### 3.9 Allocation to sub-strata

3.9.1 Allocation for each sub-stratum was made as 4 in both rural and urban sectors.
3.10 Selection of FSUs:
3.10.1 For the rural sector, from each stratum/sub-stratum, required number of sample villages was selected by Probability Proportional to Size With Replacement (PPSWR), size being the population of the village as per Census 2011.
3.10.2 For the urban sector, from each stratum/sub-stratum, FSUs was selected by Probability Proportional to Size With Replacement (PPSWR), size being the number of households of the UFS Block. Both rural and urban samples were drawn in the form of two independent subsamples.

### 3.11 Selection of hamlet-groups/ sub-blocks - important steps

3.11.1 Criterion for hamlet-group/ sub-block formation: After identification of the boundaries of the FSU, it was determined whether listing would be done in the whole sample FSU or not. In case the approximate present population of the selected FSU was 1200 or more, it was
divided into a suitable number (say, D) of 'hamlet-groups (hg)' in the rural sector and 'sub blocks (sb)' in the urban sector by more or less equalising the population as stated below.

| approximate present population of the sample FSU | no. of hgs/sbs formed |
| :---: | :---: |
| less than 1200 (no hamlet-group/sub-block) | 1 |
| 1200 to 1799 | 3 |
| 1800 to 2399 | 4 |
| 2400 to 2999 | 5 |
| 3000 to 3599 | 6 |
| _.... |  |

3.11.2 Formation and selection of hamlet-groups/ sub-blocks: In case hamlet-groups/ sub blocks were formed in the sample FSU, the same was done by more or less equalising population. Two hamlet-groups (hg)/ sub-blocks (sb) were selected from the FSUs wherever hamlet-groups/ sub-blocks were formed in the following manner - one $\mathrm{hg} / \mathrm{sb}$ with maximum percentage share of population was always be selected and termed as $\mathrm{hg} / \mathrm{sb} 1$; one more $\mathrm{hg} / \mathrm{sb}$ was selected from the remaining hgs/ sbs by simple random sampling (SRS) and termed as hg / sb2. Listing and selection of the households were done independently in the two selected hamlet-groups/ sub-blocks. The FSUs without $\mathrm{hg} / \mathrm{sb}$ formation were treated as sample $\mathrm{hg} / \mathrm{sb}$ number 1 .

### 3.12 Listing of households

3.12.1 Having determined the hamlet-groups/ sub-blocks, the next step was to list all the households. The hamlet-group/ sub-block with $\mathrm{hg} / \mathrm{sb}$ number 1 was considered for listing first, followed by the listing of households of the $\mathrm{hg} / \mathrm{sb}$ number 2.
3.13 Formation of second stage strata (SSS) and allocation of households in different SSS 3.13.1 Composition of the SSS and number of households surveyed for different SSS for Schedule 25.2 were as follows:

|  |  | number of households <br> allotted for survey |  |
| :---: | :--- | :---: | :---: |
| SSS | composition of SSS | FSU without <br> hg/sb <br> formation | FSU with <br> hg/sb <br> formation <br> (for each <br> hg/sb) |
| SSS 1 | households with at least one student* having <br> disability (possessing a certificate of <br> disability) | 2 | 1 |

*persons aged 3-35 years and currently attending education was considered as students
3.13.2Selection of households: From each SSS, the sample households were selected by SRSWOR.

## 4. Estimation Procedure

### 4.1 Notations:

$\mathrm{s}=$ subscript for s -th stratum
$\mathrm{t}=$ subscript for t -th sub-stratum
$\mathrm{m}=$ subscript for sub-sample $(\mathrm{m}=1,2)$
$\mathrm{i}=$ subscript for i-th FSU [village / block]
$\mathrm{d}=$ subscript for a hamlet-group/ sub-block $(\mathrm{d}=1,2)$
$\mathrm{j}=$ subscript for j -th second stage stratum in an FSU/hg/sb
$\mathrm{k}=$ subscript for k -th sample household within an FSU/ hg/sb
D = total number of hg's/ sb's formed in the sample FSU
$\mathrm{D}^{*}=0$ if $\mathrm{D}=1$
$=(\mathrm{D}-1)$ for FSUs with $\mathrm{D}>1$
$\mathrm{Z}=$ total size of a sub-stratum (sum of sizes for all the FSUs of a sub-stratum)
$\mathrm{z}=$ size of sample FSU used for selection.
$\mathrm{n}=$ number of sample FSUs surveyed including 'uninhabited' and 'zero cases' but excluding casualty for a particular sub-sample and sub-stratum.
$\mathrm{H}=$ total number of households listed in a second-stage stratum of an FSU / hamlet-group or sub-block of sample FSU
$h$ = number of households surveyed in a second-stage stratum of an FSU / hamlet-group or subblock of sample FSU
$\mathrm{x}, \mathrm{y}=$ observed value of characteristics $\mathrm{x}, \mathrm{y}$ under estimation
$\mathrm{X}^{\wedge}, \mathrm{Y}^{\wedge}=$ estimate of population total $\mathrm{X}, \mathrm{Y}$ for the characteristics $\mathrm{x}, \mathrm{y}$
Under the above symbols,
ystmidjk = observed value of the characteristic y for the k -th household of the j -th second stage stratum of the d-th $\mathrm{hg} / \mathrm{sb}$ of the i -th FSU belonging to the m -th sub-sample for the t -th substratum of s-th stratum.

However, for ease of understanding, a few symbols have been suppressed in following paragraphs where they are obvious.
4.2 Formulae for Estimation of Aggregates for a particular sub-sample and stratum substratum:
4.2.1 Rural/ Urban:
(i) For j -th second-stage stratum of a stratum x sub-stratum:

$$
\hat{Y}_{j}=\frac{Z}{n_{j}} \sum_{i=1}^{n_{j}} \frac{1}{z_{i}}\left[\frac{H_{i 1 j}}{h_{i 1 j}} \sum_{k=1}^{h_{i 1 j}} y_{i 1 j k}+D_{i}^{*} \times \frac{H_{i 2 j}}{h_{i 2 j}} \sum_{k=1}^{h_{i 2 j}} y_{i 2 j k}\right]
$$

(ii) For all second-stage strata combined:

$$
\hat{\boldsymbol{Y}}=\sum_{j} \hat{\boldsymbol{Y}}_{j}
$$

4.3 Overall Estimate for Aggregates for a sub-stratum:

Overall estimate for aggregates for a sub-stratum ( $\mathrm{Y}^{\wedge} \mathrm{st}$ ) based on two sub-samples in a substratum is obtained as:

$$
\hat{Y}_{s t}=\frac{\mathbf{1}}{\mathbf{2}} \sum_{m=1}^{\mathbf{2}} \hat{Y}_{s t m}
$$

### 4.4 Overall Estimate for Aggregates for a stratum:

Overall estimate for a stratum ( $\mathrm{Y}^{\wedge} \mathrm{s}$ ) is obtained as

$$
\hat{Y}_{s}=\sum_{t} \hat{Y}_{s t}
$$

4.5 Overall Estimate of Aggregates at State

The overall estimate $\mathrm{Y}^{\wedge}$ at the State level is obtained by summing the stratum estimates s $\mathrm{Y}^{\wedge}$ over all strata belonging to the State.

### 4.6 Estimates of Ratios:

Let $\mathrm{Y}^{\wedge}$ and $\mathrm{X}^{\wedge}$ be the overall estimates of the aggregates Y and X for two characteristics y and x respectively at the State level.

Then the combined ratio estimate $\left(R^{\wedge}\right)$ of the ratio $(R=Y / X)$ is obtained as $R^{\wedge}=Y^{\wedge} / X^{\wedge}$
4.7 Estimates of Error: The estimated variances of the above estimates are as follows:

### 4.7.1 For aggregate $\mathrm{Y}^{\wedge}$

$$
\begin{gathered}
\operatorname{Var}(\hat{Y})=\sum_{s} \operatorname{Var}\left(\hat{Y}_{s}\right)=\sum_{s} \sum_{t} \operatorname{Va}\left(\hat{Y}_{s t}\right) \text { where } \operatorname{Var}\left(\hat{Y}_{s t}\right) \\
\quad \text { is given by } \\
\operatorname{Var}\left(\hat{Y}_{s t}\right)=\frac{1}{4}\left(\hat{Y}_{s t 1}-\hat{Y}_{s t 2}\right)^{2}, \text { where } \hat{Y}_{s t 1} \text { and } \hat{Y}_{s t 2}
\end{gathered}
$$

are the estimates for sub-sample 1 and subsample 2 respectively for stratum ' $s$ ' and sub stratum ' $t$ '.
4.7.2 For ratio R^ :
$\operatorname{MSE} E(\hat{R})=\frac{1}{4 \hat{X}^{2}} \sum_{s} \sum_{t}\left[\left(\hat{Y}_{s t 1}-\hat{Y}_{s t 2}\right)^{2}+\hat{R}^{2}\left(\hat{X}_{s t 1}-\hat{X}_{s t 2}\right)^{2}-2 \hat{R}\left(\hat{Y}_{s t 1}-\hat{Y}_{s t 2}\right)\left(\hat{X}_{s t 1}-\hat{X}_{s t 2}\right)\right]$
4.7.3 Estimates of Relative Standard Error (RSE):
$\operatorname{R\hat {S}E}(\hat{Y})=\frac{\sqrt{\operatorname{Var}(\hat{Y})}}{\hat{Y}} \times 100$
$R \hat{S} E(\hat{R})=\frac{\sqrt{M \hat{S} E(\hat{R})}}{\hat{R}} \times 100$

## 5. Multipliers:

The formulae for multipliers at stratum/sub-stratum/second-stage stratum level for a subsample for Schedule 25.2 are given below:

| scheduleof enquiry | sector | formula for multipliers |  |
| :---: | :---: | :---: | :---: |
|  |  | hg / sb 1 | hg / sb 2 |
| 25.2 | rural/urban | $\frac{Z_{s t}}{n_{\text {stmj }}} \times \frac{1}{z_{\text {stmi }}} \times \frac{H_{\text {stmi } 1 j}}{h_{\text {stmi } 1 j}}$ | $\frac{Z_{s t}}{n_{\text {stm } j}} \times \frac{1}{z_{\text {stmi }}} \times D_{\text {stmi }}^{*} \times \frac{H_{s t m i 2 j}}{h_{\text {stmi } 2 j}}$ |
|  | $\mathrm{j}=1,2,3,4$ for Schedule 25.2 |  |  |

Note:
(i) For estimating any characteristic for any domain not specifically considered in sample design, indicator variable was used.
(ii) Multipliers are computed on the basis of information available in the listing schedule irrespective of any misclassification observed between the listing schedule and detailed enquiry schedule.

|  | 29. | distance(d) of educational institution from place of residence (code) | 29. |  |  |  |
| 30. | whether changed educational institution during last 365 days (code) |  | 30. |  |  |  |
| 31. | whether taking/taken private coaching (yes-1, no-2) |  | 31. |  |  |  |

For codes any of 06 to 08, 10 to 16 in item 6 fill up block 6

Two sheets of block 5 have been provided. Each sheet has a provision to record details of 3 members who are currently attending education (i.e., for those with code 4 in column 11 of block 4). If a household has more than 6 members currently attending education, additional sheets of Block 5, as required may be filled in and attached with the Schedule.

## CODES FOR BLOCK 5

item 4: language mainly spoken at home, and
item 5: medium of instruction:

Hindi -01, English -02, Assamese -03, Bengali -04, Bodo -05, Dogri -06, Gujarati -07, Kannada -08, Kashmiri -10, Konkani -11, Maithili -12, Malayalam -13, Manipuri -14, Marathi -15, Nepali -16, Oriya -17, Punjabi -18, Sanskrit -20, Santhali -21, Sindhi -22, Tamil -23, Telugu -24, Urdu -25, others -29
item 6: level of current enrolment in the basic course: NFEC -03, TLC/AEC -04, other non-formal 05, pre-primary (nursery/ Kindergarten, etc.) -06, primary (class I to V) -07, upper primary/middle -08, secondary -10, higher secondary -11, diploma/certificate course (upto secondary) - 12, diploma/certificate (higher secondary) -13, diplomal certificate (graduation and above)-14, graduate -15, postgraduate and above -16.

## [these codes are same as in col. 9 of block 3.1]

item 7: course currently attending:
general: upto class $X$ - 01, humanities - 02, science - 03, commerce - 04;
technical/professional: medicine - 05, engineering - 06, agriculture - 07, law - 08, management - 10, education - 11, chartered accountancy and similar courses - 12, IT/computer courses- 13, courses from Industrial Training Institute (ITI), recognised vocational training institute, etc - 14, others -19 .
item 11: type of institution: government -1 , private aided -2 , private unaided -3 , not known -4
item 12: nature of institution: recognised -1, unrecognized -2, not known -3
item 13.1/13.2: reason for attending current private institution: located nearby-1, tried in government institution but could not get admission-2, social reasons (like children of colleagues/neighbours/relatives, etc., also attend in this school)-3, private coaching not required to supplement the school education/private coaching is an integral part of school education-4, due to availability of specific facilities -5, medium of instruction is English-6, less burden of homework-7, quality of education in nearby government institution is perceived to be not satisfactory-8, none of the above-9.
item 17 : reason for tuition fee partly paid/partly payable or tuition fee not paid/not payable: $S T$-1, SC -2,OBC -3, handicapped -4, merit -5, financially weak -6, tuition fee is not charged by the institution-7, others -9.
item 21: type of scholarship/stipend/reimbursement: $\quad S T-1, \quad S C-2, \quad O B C-3$, handicapped -4, merit -5 , financially weak -6 , others -9 .
items 23: whether received free/subsidised textbooks: all free -1, some free -2, all subsidised -3, some subsidised -4, some free and some subsidised -5; no-6.
items 24: whether received free/subsidised stationery: all free -1 , some free -2 , all subsidised -3 , some subsidised -4, some free and some subsidised -5; no-6.
item 27: mode of transport: on foot -1, school/institution bus -2, public transport -3 ,bicycle -4 , others -9
item 29: distance(d)of the educational institution from the place of residence:
$d<1 \mathrm{~km}-1, \quad 1 \mathrm{~km} \leq d<2 \mathrm{kms}-2, \quad 2 \mathrm{~km} \leq d<3 \mathrm{kms}-3, \quad 3 \mathrm{~km} \leq d<5 \mathrm{kms}-4, \quad d \geq 5 \mathrm{kms}-5$.
item 30: changed educational institution during last 365 days: yes: government to private-1, private to government -2, government to government -3, private to private-4; no-5.

| [5] education particulars on basic course of the persons of age 3 to 35 years who are currently attending education (i.e. if entry is 4 in column 11of block 4 ) |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| srl.no. | item |  | srl.no. | details of the person currently attending |  |  |
| (1) |  | (2) | (3) | (7) | (8) | (9) |
| 1. | srl no. [as in col.1,block 4] |  | 1. |  |  |  |
| 2. | age (years) [ as in col. 5, bl. 4] |  | 2. |  |  |  |
| 3. | age at entry in school (years) |  | 3. |  |  |  |
| 4. | language mainly spoken at home (code) |  | 4. |  |  |  |
| 5. | medium of instruction (code) |  | 5. |  |  |  |
| 6. | level of current enrolment in the basic course |  | 6. |  |  |  |
| if entry in item 6 is any of 06 to 08,10 to 16, fill up items 7 to 31 with respect to basic course |  |  |  |  |  |  |
| 7. | course currently attending (code) |  | 7. |  |  |  |
| 8. | for codes any of 08,10 to 16 in item 6, type of course currently attending (full-time-1, part-time-2, distance learning -3) |  | 8. |  |  |  |
| 9. | duration of the current academic year of the course currently attending (in months) |  | 9. |  |  |  |
| 10. | whether present class/grade/year of study is same as that of previous year (yes-1, no-2, not relevant-3) |  | 10. |  |  |  |
| 11. | type of institution (code) |  | 11. |  |  |  |
| 12. | if ' 3 ' in item 11 and ' 06 ', ' 07 ' or ' 08 ' in item 6, nature of institution (code) |  | 12. |  |  |  |
| 13.1 | if ' 2 ' or ' 3 ' in item 11, reason for attending current private institution (code) <br> [enter code in 13.2, if more than one reason is reported] |  | 13.1 |  |  |  |
| 13.2 |  |  | 13.2 |  |  |  |
| 14. | for persons with disabilities (i.e., those with codes 1 in col. 16 of block 4), whether attending/attended special school (yes-1, no-2) |  | 14. |  |  |  |
| 15. | whether the student received free education (yes-1, no-2) |  | 15. |  |  |  |
| 16. | whether tuition fee is paid/payable (yes: fully -1, partly-2; no-3) |  | 16. |  |  |  |
| 17. | for codes 2 and 3 in item 16, reason for tuition fee partly paid/partly payable or tuition fee not paid/not payable (code) |  | 17. |  |  |  |
| 18. | for codes 1, 2, 3, 4, 5, 6 or 9 in item 17, amount of tuition fee waived (Rs.) |  | 18. |  |  |  |
| 19. | whether received scholarship/stipend/reimbursement ( yes-1, no-2) |  | 19. |  |  |  |
| for code 1 in item 19, | 20. | amount received (Rs.) | 20. |  |  |  |
|  | 21. | type of scholarship/ stipend/reimbursement (code) | 21. |  |  |  |
|  | , 22. | agency awarding the scholarship/ stipend/reimbursement (government-1, others-2) | 22. |  |  |  |
| 23. | whether received free/subsidised textbooks (code) |  | 23. |  |  |  |
| 24. | whether received free/subsidised stationery (code) |  | 24. |  |  |  |
| for code 1 or 2 in item 8, | 25. | whether free mid-day meal/tiffin/nutrition is provided by the institution (yes-1, no-2) | 25. |  |  |  |
|  | 26. | for 1 in item 25, agency providing free mid-day meal /tiffin /nutrition (government -1, others-2) | 26. |  |  |  |
|  | 27. | mode of transport (code) | 27. |  |  |  |
|  | 28. | for code 3 in item 27, whether concession received (yes-1, no-2) | 28. |  |  |  |
|  | 29. | distance(d) of educational institution from place of residence (code) | 29. |  |  |  |
| 30. | whether changed educational institution during last 365 days (code) |  | 30. |  |  |  |
| 31. | whether taking/taken private coaching (yes-1, no-2) |  | 31. |  |  |  |

For codes any of 06 to 08, 10 to 16 in item 6 fill up block 6.
Codes are in page 7

## [6] particulars of expenditure (Rs.) for persons of age 3 to 35 years who are currently attending at pre-primary and above level

|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |

## Codes for Block 8

col. (3): field of training:
aerospace and aviation-01, agriculture, non-crop based agriculture, food processing - 02, allied manufacturing- gems and jewellery, leather, rubber, furniture and fittings, printing 03,artisan/craftsman/handicraft/creative arts and cottage based production - 04, automotive - 05,beauty and wellness - 06, chemical engineering, hydrocarbons, chemicals and petrochemicals - 07, civil engineering- construction, plumbing, paints and coatings 08,electrical, power and electronics - 09, healthcare and life sciences-10, hospitality and tourism - 11, iron and steel, mining, earthmoving and infra building - 12, IT-ITeS -13, logistics - 14, mechanical engineering-capital goods, strategic manufacturing -15, mediajournalism, mass communication and entertainment -16, office and business related work -17 , security -18, telecom - 19, textiles and handlooms, apparels - 20, work related to childcare, nutrition, pre-school and crèche -21, other -99.
col. (4): duration of training:
less than 3 months $-1,3$ months or more but less than 6 months- 2,6 months or more but less than 12 months-3, 12 months or more but less than 18 months- 4,18 months or more but less than 24 months-5, 24 months or more- 6
col. (5): type of training: on the job-1, other than on the job: full-time-2, part-time-3
col. (6): source of funding the training:
funded from the earning of the student- 01, funded by other household members -02, funded by erstwhile household members-03, received as gifts from friends/relatives - 04, scholarships from educational institution-05, scholarships from government-06, scholarships from charitable and other organisaitons-07, educational loan -08, other loan-10, others- 19.

## [2] particulars of field operations

## [9] remarks by investigator (FI/ JSO)

## [10] comments by supervisory officer(s)

## [11] details of remarks in the Schedule

| whether <br> schedule <br> contains <br> remarks: | (i) in Block 9 by the Field Investigator (FI) / Junior Statistical Officer (JSO) <br> (yes-1, no-2) | (ii) in Block 10 by the supervisory officer(s) (yes-1, no-2) <br> (ii) anywhere in the Schedule by the Field Investigator (FI) / Junior Statistical Officer <br> (JSO) (yes-1, no-2) |
| :--- | :--- | :--- |

## FEEDBACK FORM

1. Name (optional) :
2. Email id (optional) : $(\checkmark)$
3. Your field of Work : (please tick $(\checkmark)$ the relevant)
(a) Govt Sector
(b) Corporate Sector
(c) Research
(d) Civil services
(e) NGO
(f) Education
(g) Art and Culture
(h) Media
(i) Business
(j) Student
(k) Other
4. Please mention the report / publication you are commenting on:

## CONTENT

5.How useful / relevant is the report for your professional interests (please tick $(\checkmark)$ the relevant)
(a) Very useful
(b) Moderately Useful
(c) Not useful at all
6. How useful / relevant is the report for your personal interests (please tick $(\checkmark)$ the relevant)
(a) Very useful
(b) Moderately Useful
(c) Not useful at all

## PRESENTATION

7. How do you find style of presentation of information of the report? (Please tick $(\checkmark)$ the relevant)
(a) Excellent
(b) Very good
(c) fair
(d) not good at all

## ACCESSIBILITY

8. How easy was it to collect a copy of the Report (soft / hard copy?)
(a) Very useful
(b) Moderately Useful
(c) Difficult

## IMPROVEMENT

9. In which area (please specify) improvement is required for more usefulness of the report?

## ADDITIONAL COMMENTS:

[^0]:    * tick mark ( $\sqrt{ }$ ) may be put in the appropriate place.
    * if the informant is not a household member, code 99 will be recorded.
