## **F O R E W O R D**

The report prepared by the Statistics Section of the University Grants Commission provides a useful and convenient summary of statistical information about the Indian universities. The first report in this series was published in 1962. I have no doubt that the publication will be of value to all interested in the development of higher education in the country. The Commission is grateful to the universities and colleges for providing the relevant information.

## Introduction

Based on the returns received from the various universities and colleges in the country a statistical report has been prepared for the year 1965-66 giving briefly the latest facts and figures pertaining to university education. Information presented in the report in respect of the two universities viz., Indira Kala Sangit Visvavidyalaya and Varanaseya Sanskrit Visvavidyalaya relates only to the University campus, Khairagarh in the case of the former and Varanasi in the case of the latter. No information was received from K. S. Darbhanga Sanskrit Visvavidyalaya for 1965-66. In the case of colleges which did not send statistics for 1965-66, data of the previous year i.e. 1964-65 has been used. The facts and figures furnished in the report relate largely to the position as on 15th August 1965.
