Foreword

The publication, *University Development in India—Basic Facts and Figures*, prepared by the Statistics Section of the University Grants Commission provides a useful and convenient summary of statistical information about the Indian Universities. The first report in the series was published in 1962. I have no doubt that the publication will be of value to all interested in development of higher education in the country. The Commission is grateful to the universities and colleges for providing the relevant information.

Introduction

Based on the returns received from the various universities and colleges in the country a statistical report has been prepared for the year 1968-69 giving briefly the latest facts and figures pertaining to university education. The data relates largely to the position as on August 15, 1968. Information presented in the report in respect of the three universities viz., Indira Kala Sangit Vishvavidyalaya, Varanaseya Sanskrit Vishvavidyalaya and Rabindra Bharati relates only to the University campus, viz., Khairagarh, Varanasi and Calcutta respectively. No information was received from K.S. Darbhanga Sanskrit Vishvavidyalaya for 1968-69. In the case of colleges which did not send statistics for 1968-69, data of the previous year has been used.
