CONTENTS

PREFACE

This publication is third in the Series entitled "University Development in India—Basic Facts and Figures Part II—Examination Results". It contains the factual out-turn of graduates and postgraduates from the Indian Universities and Institutions deemed to be Universities. The out-turn of graduates and postgraduates coming out of the Institutions of national importance have not been included as no such information was being collected from these Institutions. However, efforts are being made to collect the out-turn data from these Institutions for the decade 1971-1981 and will be published in the forthcoming issue of the series.

During the year 1978, there were in all 107 Universities and ten Institutions deemed to be Universities in existance. All these Universities/Institutions deemed to be Universities except the Universities of (1) Bhavanagar, (2) Peraringnar Anna Technology (now Anna University), (3) Himachal Pradesh Krishi, and (4) Gandhigram Rural Institute have conducted their examinations during 1978. These four Universities/Institutions deemed to be Universities have not conducted their own examinations because of their being new Universities/Institutions.

The examination results for 1978 (Annual and Supplementary) as per B.5 schedule were received from 100 Universities and nine Institution deemed to be Universities. The following four universities have not furnished the examination results for the year 1978 though they have conducted the examinations : (1) A.P. Singh, (2) Calicut, (3) Kanpur, and (4) Meerut.

However for the benefit of Researchers and other user Agencies, the results of the previous year in respect of these universities have been takan into account.
