## PREFACE

The Statistical Abstract - 1986 is second in series which has been prepared as per recommendations of the Working Group constituted by Central Statistical Organisation for standardisation of Contents of Statistical Abstracts being brought out by different States. The book presents data for the year 1984-85 and 1985-86. The data have been collected from various source offices of Arunachal Pradesh. Efforts have been made to present the data strictly as per standard formats so that data could be compared and compiled at all India level.

I would like to record my appreciation of the assistance rendered by source offices in submission of required data. The Abstract was prepared by Shri M.S. Adhikari, Statistician assisted by Shri Taw Takur, Sub Inspector of Statistics. My thanks are due to both of them. I hope Government departments and research scholars will find this publication useful.

Suggestions for improvement of the publication will be gratefully accepted.
