NEW DELHI

6-1202 12:

SURVEY of FACILITIES for TECHNICAL EDUCATION in INDIA

1 9 6 4

FIRST DEGREE or EQUIVALENT COURSES in ENGINEERING & TECHNOLOGY

1. The number of institutions conducting first degree or equivalent courses in engineering and technology in 1964 (academic year 1964-65) is 131 with a total admission capacity of 23,757 students. The actual admissions, however, are 22,214. The reason for the actual admissions being less than the sanctioned admission capacity is that some of the new institutions that started recently were still in the process of establishment and had to limit admissions to available facilities. The shortfall has been offset to some extent by additional admissions made direct to the second year of the five year integrated courses at certain other institutions as a transitional measure as also by excess admissions made at some of the institutions.

2. The output of graduates during the year 1964 (i.e. at the end of the academic year 1963-64) is 9456. The subject-wise distribution of the sanctioned admission capacity, actual admissions made and out-turn in 1964 is as below:-

Subject	Sanctioned Admission Capacity	Actual Admissions	Out-turn
1.	2.	3.	4.
Civil Engineering	5950	5747	2613
Mechanical Engineering	6535	6027	270
Electrical Engineering	6335	5703	2173
Telco. Commn./Electrical Communication	715	612	244

1.	2.	3.	4.
Mining Engineering	335	379	205
Metallurgy	840	732	241
Chemical Engineering	1310	1215	458
Textile Technology	275	341	148
Architecture	465	425	144
Aeronautical Engineering	70	39	26
Automobile Engineering	30	30	28
Pharmacy	277	315	155
Silicate Technology	30	29	2
Ceramics	12	12	-
Textile Chemistry	44	46	38
Leather Technology	25	22	9
Agricultural Engineering	135	148	27
Applied Geology & Geophysics	60	60	35
Naval Architecture	15	15	5
Petroleum Technology	20	37	21
Instruments Technology	30	31	31
Chemical Technology - General & Specialised	249	249	152
TOTAL:	<u>23,757</u>	<u>22,214</u>	<u>9,456</u>

3. These figures include the sanctioned admission capacity of 955, and actual admission of 702 students to the special 3-year degree courses in engineering for science graduates (B.Sc.), the details of which are given in Appendix-I. The Madras Institute of Technology, Madras, and Indian Institute of Science, Bangalore, are the old institutions conducting three-year engineering courses for Science graduates. By adding figures for these institutions also, the sanctioned

admission capacity and actual admissions for these courses are 1205 and 893 respectively. In addition, there are certain institutions, (Appendix II) which have also been approved for conduct of special three-year degree courses in engineering for B.Sc's, but have not yet started the courses.

4. During 1964 the following new Engineering Colleges have started functioning with the approval of the All India Council for Technical Education/ Central Government.

<u>Institution</u>	<u>Admission capacity</u>
<u>Madhya Pradesh</u>	
1. Government Engineering College, Bilaspur.	120
2. Government Engineering College, Rewa.	120
<u>Maharashtra</u>	
3. College of Engineering, Amravati.	120
<u>Madras</u>	
4. Regional Engineering College, Tiruchirapalli.	250 <hr/> 610

5. The Regional Engineering College, Kurukshetra, and Malviya Regional Engineering College, Jaipur, started in 1963 as guest institutions with 120 and 60 admissions respectively. In the present report, these institutions have been shown as separate institutions with the ultimate admission capacity of 250 each.

6. The Department of Pharmacy of J.V.D. College of Science & Technology, Andhra University, Waltair, has now been constituted as a separate Department of the Andhra University and is now known

7. College of Agricultural Engineering and Technology, U.P. Agricultural University, Pantnagar, Uttar Pradesh has started conducting degree course in Agricultural engineering with an admission capacity of 75 students. The Department of Pharmacy, Nagpur University, Nagpur has been conducting degree course in Pharmacy with an admission capacity of 30 students. These institutions have also been included in this Report.

8. The following colleges in the private sector in Mysore, are reported to have started functioning without approval of the All India Council for Technical Education/Central Government:

	<u>Institution</u>	<u>Admission Capacity</u>
i)	R.V. College of Engineering, Bangalore.	120
ii)	Sree Siddaganga College of Engineering, Tumkur.	120
iii)	Sri Jayachamarajendra College of Engineering, Mysore and	120
iv)	Basaveshwar Engineering College, Bagalkot.	120
	Total :	<u>480</u>

Since these colleges have been granted affiliation - the former three by the Mysore University and the latter by the Karnatak University and have made admissions, they have been included in this Report.

9. Besides the above new colleges, some of the existing institutions have also been expanded and special 3-year degree courses for science graduates introduced at some more institutions. Further, the admission capacity of all the institutions in this Report shows the ultimate annual admission capacity

sanctioned for the institution by the Central Government or the competent authority, even though they may not have made admissions to that extent.

As a result of the above measures, the admission capacity has been increased by 2717 seats as detailed below:

a)	Additional seats from new institutions	= 1195
b)	Additional seats from 3-year degree courses for Science Graduates	= 280
c)	Additional seats by way of expansion of the normal degree courses, starting new courses, and by inclusion of ultimate admission capacity as sanctioned admission capacity.	= 1242
TOTAL:		<u>2717</u>

10. The Survey Report for 1964 also includes part-time courses. The break up of the sanctioned admission capacity, actual admissions and out-turn, between full-time and part-time courses is as below:-

Courses	Sanctioned Admission Capacity	Actual Admissions	Out-turn
a) Full-Time	23,417	21,847	9,335
b) Part-Time	340	367	121
Total:	<u>23,757</u>	<u>22,214</u>	<u>9,456</u>

11. M. Tech. degree courses in 'Applied Chemistry', 'Applied Physics' and 'Radio Physics & Electronics' conducted by the Departments of Applied Chemistry, Applied Physics, and Radio Physics & Electronics, of Calcutta University, are included respectively under 'Chemical Technology', 'Electrical Engineering', and 'Electrical Communication Engineering & Electronics'. M.Sc.(Tech). course in Radio Physics & Electronics conducted by the J.K. Institute of Applied Physics, Allahabad University, Allahabad, is included under 'Electrical Communication Engineering and Electronics'

12. All the above factors have been taken into account while calculating the sanctioned Admission Capacity, Actual Admissions and Outturn for the year 1964.

APPENDIX - I

Institutions conducting 3-year degree
courses in engineering & technology
for Science Graduates.

<u>Sl. No.</u>	<u>Name of the Institution</u>	<u>Admission Capacity</u>	<u>Actual admissions</u>
1.	Roorkee University, Roorkee.	90	
2.	University College of Engineering & Technology, Jadavpur University, Calcutta.	15	15
3.	Government Engineering College, Jabalpur	60	21
4.	Laxminarayan Institute of Technology, Nagpur.	10	10
5.	College of Engineering, Anantapur.	60	60
6.	College of Engineering, Andhra University, Waltair	30	30
7.	College of Engineering, Kakinada.	90	90
8.	University College of Engineering, Osmania University, Hyderabad.	100	73
9.	College of Engineering, Trivandrum	90	90
10.	College of Engineering, Guindy, Madras.	80	76
11.	Government College of Technology, Coimbatore	40	40
12.	I.S.G College of Technology, Coimbatore	40	34
13.	Indian Institute of Technology, Kharagpur	120	47
14.	Indian Institute of Technology, Bombay.	40	11
15.	Indian Institute of Technology, Madras	90	105
	TOTAL:	955	702
16.	Madras Institute of Technology, Chromepet, Madras.	100	100
17.	Indian Institute of Science, Bangalore.	150	91
	TOTAL:	250	191
	GRAND TOTAL:	1205	893

Institutions which have been approved but
have not yet started the 3-year degree
courses for Science Graduates

<u>Sl. No.</u>	<u>Name of the Institution</u>	<u>Sanctioned Admission Capacity</u>
1.	A.C. College of Engineering & Technology, Karaikudi	40
2.	A.C. College of Technology, Guindy, Madras	30
3.	Engineering College, Trichur	60
4.	B.M.S. College of Engineering, Bangalore	60
5.	University College of Engineering, Bangalore	60
6.	National Institute of Engineering, Mysore	40
7.	J.V.D. College of Science & Technology, Walteir.	30
8.	College of Engineering, Poona	10
9.	Faculty of Engineering, Jodhpur University, Jodhpur.	60
10.	Bihar Institute of Technology, Sindri.	60
11.	Institute of Radio Physics & Electronics, Calcutta University, Calcutta.	
12.	Bengal Engineering College, Howrah.	*
13.	Department of Applied Chemistry, Calcutta University, Calcutta.	*
