Table—XXXIX	Estimated Population & Percentage of children in schools in the age group 6—11, 11—14, & 14—17	53

PREFACE

Availability of exact, upto date and relevant data is of paramount importance for the formulation of educational plans and programmes & for making future prejections. Keeping this fact in view, the Education Department has made the collection and compilation of educational statistics, their periodic review and updating, a continuous process.

The present publication "Educational Statistics of Haryana" is the fifth edition of this document. It gives detailed information about the educational facilities available at different levels in the State. It is intended to serve as a ready reckoner and as a comprehensive reference book for educational planners and administrators in the field of education. It will also provide adequate information to all those who are interested in knowing about education in Haryana.

The publication has been prepared by the statistical cell of the Directorate of Education.

Suggestions, if any, shall be welcome.

Promilla Issar
Director School Education,
Haryana, Chandigarh.

Dated : 9-1-1987
