Dr. Upendra Nath Biswas
Minister-in-Charge,
Backward Classes Welfare Department
Government of West Bengal

Message from the Hon'ble Minister-in-Charge

The Department of Backward Classes Welfare is dedicated to the welfare of Scheduled Castes; Scheduled Tribes and Backward Classes with a view to integrate them ultimately with the mainstream of the society by effecting social, educational, economic and cultural uplift and thereby implement the provisions of the constitution of India concerning the Scheduled Castes and Scheduled Tribes.

1. *His Excellency the Hon'ble Governor of West Bengal in his address in the West Bengal Legislative Assembly has stressed that his Government will ensure speedy issue of Castes Certificates.*

With a backlog of pending 1,36,000 cases of Caste Certificates the department is now in a mode to issue all the pending cases immediately to honour the desire of His Excellency.

2. *On review of the reports; it is evident that the reservation policy framed under the constitutional framework is not being followed by majority of the departments.*

3. *The various wings under this department like Pre-Examination Training Centers, Training cum Production Centers have been found to be literally non-functional.*

4. *Various educational institutions and programmes of department like Eklavya Schools, Ashram hostels, Central Hostels etc. needs a thorough Review. Such organizations being run with contractual staff and or on an ad hoc basis seem to have a dismally low efficiency level.*

5. *Cultural Research Institute (CRI)- the Research Wing of the department is found to be in a really sorry state and has literally stopped functioning with 55 posts lying vacant, a vehicle purchased for field research is not being used even for a single day and has been junked and even the signboard of the premier research institute lying on the ground shows the dismal state of affairs in an organization which could have been an example in the national scenario.*

6. *The department has awarded the Ambedkar Medha Puraskar to a good number of meritorious boys and girls and is having a data bank of these students but no further vision is on record to facilitate these scholars to excel in life. The only important work made by the department regarding educational matters is running some centers for coaching the students who aspire to appear in the Joint Entrance Examination. The performance of these centers is good but requires further extensions to other areas of the state.*

There is no excellence in the performance of the department as evident from the activities so far. Setting of Ambedkar Centre of Excellence, an effort under the department is to be ensured for regular monitoring of the programmes and visions of the department to achieve excellence in all sphere of activity of the department and its undertakings.

This will surely revitalize the non-functional institutions under the department and will create new avenues to achieve the goal of the department to a large extent.

To achieve the objectives special emphasis is needed on the educational, social, cultural and financial uplift of agricultural labourers belonging to Scheduled Castes, Scheduled Tribes and Backward Classes, backward minorities communities, students, most backward tribes, primitive tribal groups, senior citizens belong to tribal community etc.

The department needs to implement the minimum needs programme, creation of cooperatives, family oriented income generating schemes, land reforms, minor irrigation, development of village and small industries as illustrated by the Government of India in their guideline. The department needs to ensure due and proper importance for enhancement of the cultural projects and schemes to protect the rich age -old cultures of the people for whose interest the Department is dedicated to.

All the activities of the Department are being re-examined for effective functioning and monitoring to ensure social, economic and cultural justice to the people belonging to the Schedule Castes, Scheduled Tribes and Backward Classes.

Date : 04th July, 2011.
Place : Kolkata.

Bi-cycles for Tribal Girls;

The State Government is implementing a scheme of distribution of bi-cycles to the tribal girl students from Class IX to XII in the Left Wing Extremists affected (LWE) blocks in the districts of Paschim Medinipur, Bankura and Purulia from last year. The scheme is aimed at reducing drop out in the schools and to encourage the girl students to continue study. Besides, these bi-cycles will help their families for multipurpose house hold activities. Though objective evaluation of the scheme is yet to be done, however, prima facie it appears that the scheme has a good impact on the girl students. There is huge demand from tribal areas and also from SC dominated backward areas. Under this Scheme 9418 bi-cycles have been distributed in 2010-11. The details are as follows:

(₹ in lakh)

ACTS & RULES

PREVENTION OF ATROCITIES ACT,1989 AND PROTECTION OF CIVIL RIGHTS ACT,1955 :

Prevention of Atrocities Act (POA), 1989 and Protection of Civil Rights Act (PCR), 1955 are two Acts which protect the Scheduled Castes and Scheduled Tribes against atrocities and un-touchability. West Bengal is not an atrocity- prone area. However, there are few incidents of atrocities against the Scheduled Castes and Scheduled Tribes in this State and hence elaborate measures have been taken to protect SC/ST against such atrocity. State-level and District-level Committees have been formed,

Special Courts under POA Act have been set up and Special Public Prosecutors have been appointed to try these cases. However, there is no incident of untouchability registered under the Protection of Civil Rights Act, 1955. Besides, there is a provision of granting incentives in cases of inter-caste marriages. Presently a grant of ₹5,000/- is allowed for each incident of inter-caste marriage. The Government is considering a proposal for enhancement of such incentives to ₹30,000/-.

1. Term Loan (Other Loan):

Individual entrepreneurs may apply for loan under this scheme. The activities include agriculture, small trade & business, manufacturing or servicing. Maximum project cost for each beneficiary does not exceed ₹5.0 lakh. The beneficiary has to contribute 5% of the project cost; the remaining 95% is shared between the Centre and the State at 85:10 ratios. The loan is disbursed @ 6% interest per annum, repayable in 20 quarterly installments from the date of disbursement.

2. New Swarnima:

Only women entrepreneurs are entitled for the scheme. Activities under the scheme are similar to those under Term Loan. However, the project cost is restricted to ₹75,000/- Beneficiary's contribution is not compulsory and the loan is shared between the Centre and the State at 95:05 ratio. The rate of interest is 5% per annum and recovery is done in 20 quarterly installments.

3. Micro-Finance:

Self-Help Groups, generally consisting of 10-20 members, pursuing income-generating activities, collectively may apply for loan under the scheme. The Groups may be of only men, only women or mixed, but at least 70% of the members have to belong to OBC. The project cost is to be fixed in such a manner that it does not exceed ₹30,000 per member in the SHG. 5% of the project cost is to be borne by the SHG while the remaining amount is shared as loan @ 90:05 ratio between the Centre and the State. The loan may be disbursed in phases considering the consumption capacity and other factors of the SHG. Recovery of loans is done in 12 quarterly installments.

4. Mahila Samridhi Yojana:

This scheme is meant for women SHGs only, and all members of the group have to belong to OBC. Otherwise, it is similar to the Micro Finance scheme in nature, except that SHG's share is not compulsory and rate of interest against the loan is as low as 4% per annum.

5. Education Loan:

OBC students pursuing higher education in degree courses, particularly in medical science and engineering, may apply for the loan. The loan amount may cover admission fees, tuition fees, cost of books and other equipment and even the hostel charge. Recovery of the loan is made after 6 months of completion of the course or from the date of employment, whichever is earlier. The rate of interest is 4% only. From 2011-12 the application for education loan and sanction thereof has been made online.

Eligibility:

For all the above schemes an applicant must be from OBC community and he or she is in possession of the Caste Certificate issue by competent authority. However, for Micro Finance and Mahila Samridhi Yojana, the caste certificate is obtained on the body of the application duly authenticated under seal and signature of a local authority. The applicant's annual family income should not be more than ₹40,000 in rural area and ₹55,000 in urban (municipal) area. A government or quasi government employee must be the guarantor of the loan amount sanctioned under Term Loan and Education Loan. For the remaining schemes the applicant will act as self-guarantor of the loan received.

CULTURAL RESEARCH INSTITUTE

As per the resolution adopted in the Second Conference for Tribes and Tribal (Scheduled) Areas held at Lohardaga (in the erstwhile undivided State of Bihar) in the year 1953, Government of India took the decision of setting up Tribal Research Institutes in all the States of the Country.

The Institute is functioning from P-1/4, C.I.T. Scheme-VIIM, V.I.P. Road, P.O. Kankurgachi, Kolkata – 700 054. It is performing its activities through various sections viz. Research & Planning, Statistical, Library, Audio-Visual, Museum, Training and Publication. With the help of applied research and evaluation studies/surveys, the Institute helps the Department to take up various programmes for comprehensive development of Scheduled Castes, Scheduled Tribes and Other Backward Classes of West Bengal.

Aims & Objectives :

Set up in the year 1955, under Backward Classes Welfare Department, Government of West Bengal, the Cultural Research Institute, is one of the 14 (fourteen) Tribal Research Institutes (TRI) in the country. It was established with a view to narrow down the gap between the tribes and the general populace by way of bringing the rich tribal culture of the State to the forefront. It was envisaged that a detailed understanding of the rich tribal heritage of the State will invoke regards and respect for the tribals among the non-tribals. Towards this purpose, this Institute was responsible for undertaking research on tribal life and its different facets including their socio-cultural, ethnographic, economic aspects and educational status. The objective was two-fold. Besides helping them in promoting and preserving the pristine glory of their heritage, attempts will be made to raise their economic and educational standards, such that they may get a fair chance to become at par with the other comparatively less backward sections of the mainstream society. It was thus envisioned that this Research Institute would play an active role in effectively assisting the State Government in formulating various developmental projects & policies, in consonance with the socio-cultural mode of existence of these communities.

Though originally confined to the research work relating to the tribes, the ambit of the activities of the Cultural Research Institute has now been greatly widened through extensive research activities on the Scheduled Castes and Other Backward Classes as well.

Activities :

Some of the major areas of activities of the Cultural Research Institute are as follows :

Research & Planning :

1. CRI conducts ethnographic studies on different Communities on a regular basis.
2. Supplies specific recommendations for Identification of various SC/ST/OBC Communities.
3. Initiates Research Projects on different aspects of Tribal Life and Culture.
4. Conducts Evaluation Studies on various schemes and programmes undertaken by the Department of Backward Classes Welfare for development of Scheduled Castes, Scheduled Tribes and Other Backward Classes.
5. Helps the department in preparing and documents on the three PTGs (Particularly vulnerable Tribal Groups a-k-a Primitive Tribal Groups) of West Bengal namely, the Toto, Birhor & the Lodha.
6. Undertakes various community research based various intensive studies as and when proposed by the Ministry of Tribal Affairs, Government of India.
7. Provides opinion/comments on identification of caste/community status of the disputed cases sponsored by the certificate issuing authorities.
8. Supplies information in regard to the questions raised in the State Legislative Assembly and the Parliament.
9. Undertakes Research Work as guided by the National Commission for Backward Classes as well as Other Commissions like National Commission for De-notified, Nomadic and Semi-Nomadic Tribes.
10. Organizes Transcription Work and Translation of Rev. P.O. Boddington's unpublished writings kept in the form of Microfilm.
11. Participates in preparation of Tribal Sub-Plan and Scheduled Caste Sub-Plan and Annual Reports of the Department.

Museum :

Collection and Display of Ethnographic Specimen of different tribal groups of West Bengal are done through the Museum of the Cultural Research Institute. The Museum of this Institute is holding nearly five hundred composite types of specimens for display in the showcases. Most of the specimens are bio-degradable, which requires more attention and appropriate care. Specimens of the Museum are covering a panoramic view of tribal style of life in West Bengal. This Museum is a treasure house of tribal heritage. Here, preservation as well as storage is done for many artifacts along with suitable explanatory notes. The Museum has also taken up a program for its modernization with the help of digital technology. A permanent Exhibition Gallery is also annexed to the Museum. Internship Training program for Post-Graduate students of Museology was conducted by this section.

Audio-Visual Unit :

The Institute has a large collection of photographs and around 25 documentary films related to various aspects of socio-cultural and economic patterns of life prevalent among the various ST, SC and other backward communities of West Bengal. Most of these have now been transferred to the DVD format with financial assistance from WBTDCC Ltd. for ensuring ease-of-transmission and better preservation.

Publication :

A Quarterly Bulletin of the Cultural Research Institute is published since 1962. The Institute has also published a number of Books and Monographs and two important Handbooks – one on the Scheduled Castes of West Bengal and another on the Scheduled Tribes of West Bengal for ready official reference of the Department & its linked offices. A Bengali Journal of the Department of Backward Classes Welfare named '*Uttaran Samayiki*' was also published from this Institute.

ALIENATION OF TRIBAL LAND

Under the provisions of Section-14C of the West Bengal Land Reforms Act,1955 and Clause No.176 of West Bengal Land & Land Reforms Manual, 1991, transfer of tribal land to non-tribals is not allowed without specific permission of the Revenue Officer under specifically laid down circumstances. In Districts, PO-cum-DWO / DWOs of the BCW Department generally act as Revenue Officers to determine such cases.

Transfer of tribal land to non-tribal is granted only after the Revenue Officer is satisfied that no purchaser belonging to a Scheduled Tribe is willing to pay the fair market price for that land and that the proposed sale is intended to be made for one or more of the following purposes, namely :-

- (a) for the improvement of any other part of the holding, or
- (b) for investment, or
- (c) for such other purposes as may be prescribed.

If any transfer of tribal land to non-tribal is detected, such tribal land is restored in favour of the tribals.

Figures of tribal land transferred during the last three years are as follows;-

Fin. Year	Quantum of Land
2007-08	31.55 hectares
2008-09	45.28 hectares
2009-10	61.14 hectares

The cases of alienation of tribal land are dealt with seriously.

Ministry of Tribal Affairs Government of India sanctions grant-in-aid to different NGOs working for welfare of the Scheduled Tribes. The NGOs are to apply for grant-in-aid in a prescribed format prescribed by the GOI Department. The applications for grant-in-aid are enquired into by the district administration and specific recommendation of the District Magistrate is forwarded to this Department. There is a State-Level Committee for recommendation of the proposals for grant-in-aid. The Committee comprises representatives from different departments and established voluntary agencies like Ramkrishna Mission, Bharat Sevashram Sangha and Tagore Society etc. The recommended proposals are sent to the Government of India. COMMON FACILITY CENTRES (CFC)

The Backward Classes Welfare Department has recently obtained an Innovative Scheme from the Government of India for providing assistance to the tribal people towards obtaining different benefits and facilities provided by the Government.

Under this scheme, 40 Common Facility Centres (CFC) will be set up in 40 Blocks dominated by tribal population at a total cost of ₹5.60 Crore granted by the Ministry of Tribal Affairs, Govt. of India. These CFCs will be manned by educated tribal youth. 50 per cent of such youth will be women.

The objective of these centers is to provide assistance to common tribal people towards making available and filling up of forms for caste certificates, for individual loans, scholarships, grants and all other facilities provided by the government to them and to guide them for obtaining such benefit. Adequate infrastructure like computers, fax, telephone, photocopier, printer, internet connection etc. will be available at the Centre. The services can be availed by the tribal people at a marginal service charge. Even SCs and other Non-Tribals will also be able to use the services.

Technical assistance by retired BCW Inspectors will be provided for a certain period. The operators will be adequately trained to provide this service. The Centres would come up at selected Block headquarters. Construction is going on in full swing and expected to start within this financial year very soon.
