INTRODUCTION

Article 46 of the Constitution states that "The State shall promote with special care the educational and economic interests of the weaker sections of the people and in particular of the Scheduled Castes and Scheduled Tribes, and shall protect them from social injustice and all forms of social exploitation." Articles 330, 332, 335, 338 to 342 and the entire Fifth and Sixth Schedules of the Constitution deal with special provisions for implementation of the objectives set forth in Article 46. These provisions need to be fully utilized for the benefit of these weaker sections in our society.

2. After independence, the Government of India has taken a number of steps to strengthen the educational base of Scheduled Castes and Scheduled Tribes. Provision of educational Institutions on priority basis in the areas predominantly inhabited by these communities, provision of incentives like scholarships, freeships, mid-day meals, uniforms, books and stationary, reservation of seats in educational institutions, relaxation of standards for admission to Institutions of higher learning, provision of coaching classes for competitive examinations, remedial coaching and provision of hostels, are some of the steps which have contributed significantly in raising the educational levels of Scheduled Castes and Scheduled Tribes.

3. There are some special problems involved in the educational development of these communities, which are mostly socio-economic in nature. Although educational facilities have been extended to almost all the habitations of these communities, however, on account of their socio-economic backwardness, they are not able to fully avail of these facilities. Through the mechanism of the special Component Plan for Scheduled Castes and Tribal Sub-Plan for Scheduled Tribes, their socio-economic status is gradually improving and showing a positive impact on the educational development of these communities.

4. Various programmes have been taken up for improving their participation and retention of the children belonging to these communities during the Ninth Five Year Plan.
