PUBLICATION NO. 1117

PREFACE

'Education In India' is being brought out annually by the Ministry of Education. This publication gives detailed State-wise statistics, besides giving a brief survey of educational activities in the country for the year under report. This publication in the series relates to the year 1972-73.

To reduce the time-lag in the publication of educational statistics, it was decided, in consultation with the State Governments, to reduce the number of items on which the data is to be collected and published. Accordingly from 1971-72, a brief proforma was designed to enable quick collection of information on a few important items. This edition relating to 1972-73 is the second in these series. It is hoped that the publication would be of use to educationists, planners and research scholars and would also serve as a source of information on educational matters to all those interested.

The Ministry of Education and Social Welfare express their thanks to the State Governments for the cooperation extended by them to this Ministry in the expeditious collection of the data required for this publication.

Suggestions for further improvement in this publication are welcome and may be addressed to the Joint Secretary (Planning) in this Ministry.

EXPLANATIONS

1. **Academic Year**—For the sake of uniformity, the academic year in these tables is taken to coincide with this financial year, *i.e.*, from 1st April, 1972 to 31st March, 1973.
2. All statistics refer to recognised institutions only. The recognised institutions are those in which the courses of study followed are prescribed or recognised by the Government or by a Board of Secondary and Intermediate Education constituted by law and which satisfy one or more of these authorities, as the case may be, that they attain a reasonable standard of efficiency. They are open to inspection and their pupils are ordinarily eligible for admission to public examinations and tests held by the Government or Universities or the Board.

PART I—GENERAL SURVEY

PART I—GENERAL SURVEY

During the year 1972-73, the tempo of educational development was maintained in the country and plan programmes were implemented to the extent resources were made available. A brief account of the significant developments is given in the following paragraphs :

Out of the total Fourth Plan outlay of Rs. 822 crores for education, Rs. 194.51 crores (23.6%) were allocated for the year under report. Of this, the outlay for the States' sector was Rs. 135 crores. The total budgeted expenditure (Plan and non-plan) for 1972-73 was of the order of Rs. 1286.09 crores.

The Central Advisory Board of Education held its 36th Meeting in September 1972 to discuss inter alia the working paper on 'Education in the Fifth Five-Year Plan'. The main contents of the paper were approved and the allocation recommended for various sectors. The most important decision of the meeting was to accord top priority to the programme of Universal Elementary Education in the country for the children of the age-group 6—14. This decision was welcomed in the informal meeting of the Education Secretaries and DPIs of various States.

SCHOOL EDUCATION

(a) Pre-Primary Education

The curriculum for the pre-primary education was revised in the light of comments received from various experts in the field. A book entitled 'Promoting better child growth through pre-schools' was prepared.

(b) Primary Education

To reduce the incidence of school drop-outs and stagnation at the primary level, a national seminar on action programmes was organised during the year. The 11th National seminar on Elementary education was also organised in April 1972. State level seminars on principles and programmes of girls education were also conducted during the year. Besides, research studies to determine the impact of Action programmes on reducing educational wastage among the school children from Tribal areas and to measure aspirations and motives of Tribal Youth were also undertaken.

(c) Scheme of Providing Employment to Educated unemployed : Expansion of elementary education

Under this central scheme, which was launched in the latter part of 1971-72 and continued during 1972-73, the Government of India provided 100 per cent assistance to State Governments and Administrations of Union Territories for appointing 30,000 additional Primary school teachers, 240 assistant school inspectors and 1,000 work experience teachers in 1972-73, with a Budget allocation of Rs. 30 crores.

(d) Secondary Education

(i) At the meetings of CABE and State Education Secretaries held in September 1972, it was decided to adopt a uniform 10+2+3 pattern of education throughout the country. Besides, findings of the study undertaken in connection with examination reforms in collaboration with the Rajasthan Board of Secondary Education resulted in further improvement of the programme. Programmes for the training of paper-setters and resource personnel in the improvement of written examinations were organised for the Boards of Gujarat, Mysore, Rajasthan and Uttar Pradesh. The new area of diagnostic testing was added to the programme of examination reforms and three workshops were organised for preparing diagnostic tests in Hindi, English and Mathematics.
