"Education in India" is an annual publication of the Department of Education, Ministry of Human Resource Development. As per the revised pattern, it is now brought out in three volumes : Vol.I(S) containing the numerical data on School Education Vol.I(C) numerical data on Collegiate Education; Vol.II(S) containing financial data on School Education, and Vol.II(C) the financial data on University and Higher Education, and Volume III Examination Results of Matriculation and Higher levels.

The present publication relates to the year 1988-89. This is the second publication under the revised pattern. It contains data on Non-Affiliated Institutions of Higher Education only. Data in respect of affiliated institutions in the field of Universities and Higher Education is to be compiled and printed by UGC w.e.f. 1987-88 and onwards.

This publication is divided in two parts. Part-I contains an Abstract and All India Statistical Tables and Part-II comprises of Statewise Statistical Tables based on the information collected from the States and Union Territories through ES-I(C) forms. Data in respect of Karnataka, M.P., Maharashtra, Mizoram & West Bengal has been repeated from the previous years.

It is hoped that the publication will be useful for educational planners and policy makers as well as to those engaged in research and development.

I would like to thank the State/Union Territory officers and staff of Statistics Division, N.I.C., and CMIS Unit for their sincere efforts in bringing out this publication. However, we still have a long way to go to reduce the time gap in bringing out the statistical publication for the years 1989-90 & 1990-91 and our constant endeavour would continue for updating the data.

This title has been brought out in resographic form for making the data available for official use. This data is available to the users on floppies. Suggestions are also welcome.
