## PREFACE

"Education in India" is an annual publication brought out by the Department of Education, Ministry of Human Resource Development. This publication is brought out in three Volumes- Volume I and Volume II containing the numerical data and financial data respectively and Volume III relating to examination results. This issue pertains to the year 1986-87 and contains detailed financial statistics relating to recognised educational institutions in the field of University and Higher Education in the country.

From the year, 1984-85, the numerical and financial data have been bifurcated into two volumes, i.e. Volume I(S) and Volume I(C) covering the numerical data of school Education and University & Higher Education separately. Similarly, the Volume II is also in two parts, - covering financial data for School Education - Volume II (S); and for University and Higher Education Volume II(C).

While every care has been taken to make this publication as accurate as possible, suggestions for improvement and corrections of inadvertent errors, etc, if any will be welcomed.

I would like to thank the officers and staff of State Government & U.T. Administrations in supplying the relevant data for this publication. I would, however, appeal to all the concerned officers of States/UT Administrations to bestow their cooperation in the efforts to reduce the time lag, by giving data collection and compilation a higher priority.

I would also like to place on record my appreciation for the efforts made by the staff of the Statistics Unit and CMIS unit in bringing out this publication.

## **EXPLANATIONS**

1. Date of Reference - Financial data reported is for the year ending on 31st March, 1987.
2. Income and Expenditure - Relates to financial year i.e. the period 1st April, 1986 to 31st March, 1987.
3. Income means - the receipt of the institutions.
4. Recurring Income - is that which is received every year from sources.
5. Non-Recurring Income - is that of the income which is other than the recurring income.
6. Expenditure - All payments made by an institution strictly during the financial year constitute its expenditure.
7. Recurring Expenditure - is that which is incurred every year for running an educational institution. Broadly speaking, it includes expenditure on salaries of staff, contingencies, recurring expenditure on equipment, maintenance of furniture, scholarships, stipends and other financial concessions, hostel charges (except messing), games and sports, direction, inspection, etc.
8. Non-Recurring Expenditure - is that part of the educational expenditure which is other than the recurring expenditure. Broadly speaking, it covers expenditure on buildings (other than maintenance), equipments, libraries, etc.

## Part - I

### GENERAL SURVEY

#### ABSTRACTS

1. At the suggestion of the Standing Committee on Educational Statistics, this Department started collection of information in respect of Institutions of Higher Education separately from the year 1984-85 and onwards.
2. This is the third Publication under the revised pattern. It contains financial data on Universities and Institutions of Higher Education only. Data in respect of school education is being published separately under volume II(S).
3. This Publication contains Income and Expenditure data (recurring as well as non-recurring) on various types of Educational Institutions of Higher Education.

#### INCOME

4. Income, for the purpose of this Publication, constitutes the amount received from Government (Central and States) including Universities as well as those received from Fees, Endowments & Other Sources. Income of an institution may be recurring as well as non-recurring.
5. The details of income for different types of Institutions in the field of university and higher education are given in Table 1.01. The total income of all these institutions increased from Rs. 2048.73 crores in 1985-86 to RS.2301.56 crores in 1986-87, showing an increase of 12.3%. Of this, the recurring income accounted for Rs. 2025.82 crores (88.0%) and non-recurring income for Rs.275.74 crores (12.0%). Corresponding figures for the year 1985-86 were Rs.1816.57 crores (88.7%) and Rs.232.16 crores (11.3%) respectively.
6. The percentage of recurring income to total income for different types of institutions except Universities, Institutions of National Importance and Research Institutions has been more than 87%. For Universities, Institutions of National Importance and Research Institutions the percentage of recurring income to total income has been 83.8%, 79.9% and 82.9% respectively. For other remaining institutions the percentages vary from 87.1% to 95.9%. In so far as non-recurring income is concerned, the highest and the second highest percentage figure goes to Institutions of National Importance 20.1% and Research Institutions 17.1% followed by Universities 16.2% and Institutions imparting instructions in Post-Matric Diploma/Certificate 10.1%.
7. Table 1.02 gives details of income from Government Funds by type of Educational Institutions. The income from

Government Funds added upto Rs.1560.52 crores in 1986-87 as against Rs.1359.89 crores in 1985-86 showing an increase of Rs.200.63 crores (14.75%).

8. The break-up of total income of Rs.2301.56 crores from all sources is given in Table 1.03 which *inter-alia* provides separate details of recurring and non-recurring income as well. The share of the State Governments is 58.2% in case of recurring income followed by Central Government 11.1% and UGC 6.2%. State Governments also contribute a major share of 30.3% towards non-recurring income. The Central Government and the UGC contribute 26.4% and 17.5% respectively.

#### **EXPENDITURE**

9. The total expenditure (recurring as well as non-recurring) on education for all types of institutions of Higher Education increased from Rs. 1900.77 crores in 1985-86 to Rs.2095.66 crores in 1986-87 thereby showing an increase of Rs.194.89 crores (10.3%) of the total expenditure of Rs.2095.66 crores on all types of recognised institutions. Out of the total expenditure of Rs. 2095.66 crores, Rs.1828.00 crores was of recurring type (87.2%) while the remaining amount of Rs.267.67 crores was of non-recurring type (12.8%). Details of expenditure on various types of institutions are shown in Table 1.04.

10. Out of the total recurring expenditure on the recognised educational institutions included in this publication, a major portion was spent on institutions for higher education (degree standard and above) - 56.7% and universities 26.1%, followed by Institutions imparting instructions in Post-Matriculation Diploma/Certificate Courses (below degree level) 9.3%.

11. As far as non-recurring expenditure is concerned, the highest percentage share was in case of Institutions of Higher Education (degree and above standard) 41.9% followed by universities 35.2%.

12. Details of recurring and non-recurring expenditure by heads of objects are given in Table 1.05. It may be noted that salaries of the teaching staff account for about half of the total recurring expenditure (48.1%), while the share of the salaries of non-teaching staff is about 1/4th of the total recurring expenditure (22.4%). Only 4.7% of the recurring expenditure is incurred on stipends, scholarships and other financial concessions, 4.4% on apparatus, chemicals and consumable stores and 17.9% on other items.

13. So far as the non-recurring expenditure is concerned, a major share was spent on other items (51.6%) followed by Buildings (40.67%) and Libraries (7.7%).

14. In Table I under Part II, an attempt has been made to provide some useful computations on financing of higher education in India. The following observations can be made from this Table:-

a) On the basis of recurring expenditure, the average annual cost per pupil during 1986-87 works out to Rs.1324.0 for colleges for general education (Arts, Science and Commerce - degree standard and above); Rs.12524 for Colleges of Medicine; Rs.5041 for Colleges of Engineering, Technology and Architecture; followed by Rs. 3828 for Colleges of Education, Rs.539 for Colleges of Law, as compared to Rs.1258; Rs.11377; Rs.4978; Rs.3599 and Rs.504 respectively during 1985-86.

b) The average annual salary per teacher in 1986-87 works out to Rs.37448 for Arts, Science and Commerce Colleges (degree standard and above);Rs.70147 for Colleges of Medicine; Rs.69732 for Colleges of Engineering, Technology and Architecture; Rs.49306 for Colleges of Education; and Rs.27155 for Colleges of Law as compared to Rs.35279; Rs.66302; Rs.66838; Rs.47978; and Rs.21673 respectively for the above colleges in the previous year i.e., 1985-86.

c) The budget allocation for education in 1986-87 was Rs. 8450.32 crores out of the total budget of Rs. 80454.66 crores as against Rs.7456.97 crores out of the total budget of Rs.67091.41 crores in 1985-86.

15. It may be stated here that unrecognised institutions are not covered under the existing system of collection of educational statistics as a result of which the income and expenditure of these institutions (unrecognised) is not covered in the figures reported in this publication.

16. The share of Government funds is constantly increasing in running of various types of higher educational institutions due to highly subsidized higher educational programmes which are mostly financed out of Government funds . Details of expenditure recurring, non-recurring and total have been given in Tables V, VI and VII respectively.
