PRBFACE

Being the terminal year of the Sixth Five Year Plan, while finalising the Annual Plan for 1984-37, the basic trame-work of the Sixth Plan has been kept in view. Some of the schemes which have outlived their utility have been deleted and new schemes have been added based on the findings of the Mid-term Review. The Plan has been prepared keeping in view the national priorities of the Sixth Plan. Priority has been given for on-going Projects under Irrigation and Power Sectors. Emphasis has been laid on the twin problems of the State's economy viz., problem of unemployment and poverty amongst the weaker sections of the population. Reduction of imbalances noticed among some of the key sectors is another area where emphasis is given. Importance has been given for the exploitation of the rich natural resources of the State and building the infrastructural base in order to reduce the regional imbalances. Priority has been given for Minimum Needs Programme.

The Plan for 1984-85 has been prepared by taking stock of the physical achievements and the funds have been allocated in a manner that the Plan targets particularly in the priority sectors/programmes are achieved. An amount of 8.684.73 crores is proposed for 1984-85 Plan (besides & 45.56 crores for Irrigation Projects pending approval). During the first four years of the Plan Period, the State will be spending 8.1957.28 crores as against an approved outlay of 8.2265.00 crores.

During the year 1984-85, priority has been given for Irrigation and Power Sectors and this is followed by Social&Community Services and Agriculture and Allied Services. The Mid-term Review of the Sixth Plan has disclosed that, an additional amount of & 608.00 crores over the approved Plan outlay is required for on-going Projects and to achieve the set targets for the Sixth Plan.

The New 20 Point Programme for improving the economic conditions of the weaker sections of the population has formed an important aspect of the Plan. The outlay under Minimum Needs Programme has been enhanced. Removal of regional imbalances to a certain extent in the Social and Economic structure of the State has also been tried. More attention has been paid to the programmes of environmental protection and conservation. Special attention is paid to the development of new energy sources as difficulty in availability of energy englishes energy englishes englishes englishes

The draft Annual Plan has been prepared by Dr. K. Puttaswamaiah, Senior Director, Planning Department, with the assistance and co-operation of various officers in the Functional Divisions of the Planning Department and under the guidance of Sri M.K.Venkateshan, Additional Chief Secretary to Government, and Sri P.R.Nayak, Development Commissioner. The co-operation given by various Secretaries to Government and Neads of Departments and other Officers in the preparation of this Plan is acknowledged. The cooperation of the Director, Printing, Stationery and Publications, is also acknowledged.

M. Janst (T.R. SATISH CHANDRAN) CHIEF SECRETARY

9th December 1983

CHAPTER I

PLAN IN OUTLINE

The Sixth Five Year Plan of the State came into operation in 1980-81. Elimination of poverty and unemployment continued to be twin goals of the sixth five year plan. The Kingpin of the plan is to provide employment and to look after the welfare of the weaker sections of the society viz., the Scheduled Castes, Scheduled Tribes and other backward classes and minorities. Reduction of regional and sectoral imbalanoes is another immediate objective of the plan. These form the main thrusts of the Annual Plan for 1984-85 as this plan is drawn within the frame-work of the Sixth Five Year Plan.

The Annual Plan for 1984-85 is the terminal year of the Sixth Plan. Therefore, concerted concluding developmental efforts based on the strategy, achievements and shortfalls in the first four years are to be made. It has, thus become necessary to take stock of the physical achievements and allocate resources in a manner that the plan targets particularly in the priority sectors/programmes are achieved. It is imperative to ensure early completion of the ongoing projects/schemes.

As during the previous years and in accordance with the national priorities, Power and Irrigation is accorded the highest priority. In addition, emphasis is to ensure early completion of the On-going projects/schemes and it is desirable to avoid at all costs the delay in the completion of the On-going projects. This calls for an all out effort to ensure that the resources are utilised judiciously. Therefore, the object is to see that there is no diversification of scarce resources.

The emphasis will continue to be laid on 20 Point Economic Programme aunounced by the Prime Minister for amelioration of the economic conditions of the weaker sections of the society. Mence, necessary arrangements for the implementation and in monitoring of this programme are to be made during the Annual Plan period. These arrangements are to be further strengthemed and streamlined to ensure vigorous implemetation and timely reporting of the programme. A special component plan for Scheduled Castes and Tribal Sub-plan for Scheduled Tribes with a view to accelerate the upliftment of these sections of the population is accommodated in the plan. Emphasis has been laid for the rehabilisation of all the identified and free bonded laour during the plan year.

Special programmes like Special Component an for Scheduled Castes, Tribal Sub-plan for cheduled Tribes, I.R.D., N.R.S.P., M.R.P.meant for the economic upliftment of the weaker sections of the Society who live mostly in the rurl areas, will be continued to be treated as -riority programmes. The Annual Plan for 1984-5 envisages to achieve a postulated growth raa of 6.5% per annum.

As in other parts of the country, difficuty in the availability of energy is having a rippling effect on the economy of Karnataka state also. Therefore, special attention to be aid to the development of new energy sources fiz: Biogas, solar energy etc., development of del wood through social/farm forestry and platation of quick growing spicies of trees has lso been recommended. Several schemes in this seard are included in the Annual Plan for 1984-5 on priority basis.

Development of Science and Technology is nother area of great importance. The State "overnment constituted a Council for Science and Technology with a view to relate the advances in Science and Technology to the developmental problems of the State. Karnataka Rajya Vignana Parishat, a Registered Society has also been established with the units in every district headquarters of the State to popularise science and technology. Hence, the schemes on Science and Technology as cleared by the State level body are included in the Annual Plan for 1984-85.

More attention has been paid to the Programme of Environmental protection and Conservation in the plan proposals for 1984-85.

Under Education, stress has been laid in the plan on Vocationalisation of Secondary Education. The programmes have been carefully designed by taking into consideration the existing potential work, job opportunities and available educational and training facilities in the State.

Necessary steps have also been taken for decentralisation of planning process in the State and to undertake planning from the district level. The outlay on the district sector schemes duly approved by the respective District Development Councils has also been quantified and indicated.

The priorities given in the Annual Plan for 1984-65 are indicated in brief below:

- 1. Priority is given to ensure early completion of the on-going projects/schemes scheduled in the Sixth Plan particularly in the core sectors of Irrigation and Power.
- 2. Emphasis is laid on the New 20 Point Programme announced by the Frime Minister.
- 3. More attention is paid to the programmes of Environmental Protection and Conservation.
- 4. Emphasis is laid on the development of Science and Technology.
- 5. The schemes in regard to the development of sources of energy like Bio-gas, Wind Power, Solar Energy, etc., are given priority.
- 6. Special Economic Programmes like Special Component Plan, Tribal Sub-Plan, Integrated Rural Development Programme, National Rural Employment Programme, and the Minimum meeds Programme, have received special attention.
- 7. Stress has been laid in the plan on Vocationalisation of Secondary Education.
- 8. Importance has been given for rehabilitating the identified and free-bonded labour.

Annual Plan for 1984-85 has been drawn for a total amount of %.73017.78 lakhs made up of %.68461.78 lakhs, Outlay on sectoral programmes and %.4556.00 lakhs on irrigiation projects pending approval. The summary of outlays on broad heads of development are indicated in Table-1.

It can be seen from Table-1 that priority is given to water and power development for which 38.83 percent of the total outlay is earmarked. This is followed by Social and Community Services and Agriculture which constitute 19.78 per cent and 18.34 percent of the total outlay respectively. The percentage of outlay for Industries and Minerals and Transport and Communications are 7.27 per cent and 7.07 percent respectively. For Irrigation Projects pending approval 6.24 percentage of the total outlay is provided. Provision has also been made for district level sub-plan. A small

amount is provided for Economic and General Services.

The sectoral breakups schemewise, are presented in Table 2 and the physical targets and achievements under various sectors during sixth five year plan period are given in GN-5.

CHAPTER: II

REVIEW OF PLAN PERFORMANCE-1980-84

Prior to presenting the proposalls for 84-85 it is mecessary and useful to give a brief review of the plan performance during the flirst 4 years viz. 1980-81 to 1983-84 of the Sixth Five year Plan period. The information relating to the financial and physical progress is presented in this Chapter.

The outlay for the Sixth Plan is: N.226500-00 lakhs excluding N.13500-00 lakhs on irrigation projects pending approval. For the years 1980-81 to 1982-83, the expenditure incurred wash136319.78 lakhs. This excludes N.8583.06 lakths spent on irrigation projects pending approval. As against the budgeted outlay of N.57473.45 lakths allocated for the year 1983-84, the anticipatedi expenditure would be of the order of N. 59408.04 lakhs. This again excludes N.4431.00 lakhs of anticipated expenditure on irrigation projects pending approval. The sectoral details are presented in Table No.1 im an abstract form.

The physical targets are expected to be achieved fully in all the sectors. The sectoral details for the core sectors are discussed below & the scheme-wise details are given in (GN statement.

AGRICULTURE:

Sufficient progress has been achieved in the field of agriculture, particularly towards increasing productivity from the relatively non-productive areas vis., the dry lands. Increase in pro duction of pulses and oilseeds has also been paid full attention. Further, wherever irrigation facilities are being created rapid land development activity coupled with propagation of improved practices have contributed to increased production. The extension set up has been revamped and the 'Training and Visit' system is being implemented throughout the State. It is estimated that 25.09 lakh farm families in the State have theen covered under this project.

The food production has increased from 57.75 lakh tonnes in 1980-81 to 67.45 lakh tonnes in 1981-82. During 1982-83, due to failure of monsoon, food production went down to level of 63.33 lakh tonnes. However, with a favourable monsoon although a bit late, it is anticipated that the production would be 85 lakh tonnes during 1983-84.

In view of the importance given ito production off pulses under the 20-point programme during 1983-84, 9.25 lakh townes of pulsees are antiipated to be produced as against 3.765 lakh townes in 11980-81. This is sought to be achieved by means of pulses cultivation in the pres-rabi and rabi period. The production of oilseeds which stood at 6.36 lakh tonnes during 1980-81 is anticipated to touch 14.15 lakh tonnes mark by 83-84 end. Steps have been taken to ensure that all the inputs required are properly distributed. During 1983-84, the anticipated production of foundation seed has touched 15,081 quintalls as against 12,568 quintals in 1980-81. The fertiliser consumption would increase from 3.43 llakh tonnes in 1980-81 to 6.66 lakh tonnes in 1983-84.

CO-OPERATION:

Am amount of N.5000 lakhs is prowided for cooperation sector, of which N.2526.96 llakhs have been spent during the first three years of the plan period. The budgetted outlay for the year 1983-84 is N.1068.95 lakhs and is antiicipated to be utilised fully.

The credit extended under the co-operative sector during the first three years off the sixth five year plan vis., 1980-81, 1981-82 and 1982-83 together with the annual average of these three years its indicated in Table No.2 As against the average for three years, the anticipated achievements of 1983-84 are far higher.

IRRIGATION:

As against an ultimate irrigation potential of about 55 lakh hects in the State, the irrigated area as at the end of March 84 is likely to be 24.55 lakh hects. Realising the importance of increasing agricultural productivity and need for better utilisation of State's resources potential, irrigation has been accorded priority in State Plan.

Completion of the major projects which benefit the drought affected area is given highest priority. Previously, there was a big difference between potential created and potential utilised. In the recent years, this is being narrowed so that the potential created would not be wasted.

The approved outlay for the Sixth Plan (including investigation and flood control) is N.442.30 crores against which, during 1980-84, the anticipated expenditure would be N.326.50 crores. Thus, 74 percent of the approved plan outlay will be spent. Considering the increase in the programmes and escalating cost of construction, this approved outlay is considered inadequate.

There are 13 on-going major irrigation projects (9 under plan and 4 under non-plan) and 20 medium projects (15 under plan and 5 under non-plan) in the State. During 1982-84 Narayanpur reservoir of UKP created a potential of 17,636 hects, by June 1983 and 41,440 hects, is anticipated to be created by June 1984. The construction of Malapra bha is under progress and under it a total irrigation potential of 1.17 lakh hects, has been created by the end of June 1983. It is programmed to create fresh potential of 9700 hects, during 1983-84. Bhadra project is almost completed, except for a marginal extent of 4,570 hects, under which 3000 hects, will be created by June 1983 and an additional potential of 6793 hects will be created by June 1984. The Kabini, Harangi, Hemawathi projects are under progress. Under these three projects, by June 1983, a potential of 51862 hects has been created and by June 84 an additional potential of 31810 hects will be created.

During 1983-84, as against an additional potential of 0.92 lakh hects, targetted to be created under all the major - medium irrigation projects, potential of 0.85 lakh hects, is anticipated to be achieved.

Considerable progress has been made in the field of Minor Irrigation as well.During 1983-84, the entire budgetted outlay of N.2233.00 lakhs is anticipated to be spent. Upto the end of 1982-83, under minor irrigation, a potential of 12.79 lakh hects, was created. During 1983-84, projects under World Bank assistance are being executed. It is also programmed to create a potential of 12350 hects, during 1983-84.

As could be seen from Table No.3, the irrigation potential in the State will increase from 23.56 lakh hects, in 1982-83 to 24.55 lakh hects, in 1983-84. POWER: incharge of Power Generation Projects in the State is engaged at present in the construction of the following power projects:

- 1. Kalinadi Hydro Electric Project Stage-I,
- 2. Varahi Hydro Electric Project Stage-I, 3. Raichur Theraal Power Plant Stage-I,
- 4. Kabini Dam Power House,
- 5. Gangavalli Stage-I 6. Kalinadi Hydro Electric Project Stage-II.

The new schemes which are proposed to be taken up in the Sixth Plan are the following:

- 1. Ghataprabha Dam Power House
- C. Kabini Dam Power House
 C. Kabini Dam Power House
 Coper Krishna Almatti Dam Power House/ Mallapur/Shivapur.
 Baichur Thermal Power Plant Expansion
- Unit-III.

The final allocation of the State's sixth Five Year Plan for the power sector stands at 8.601.40 crores (inclusive of 8.2.50 crores for investigation). Out of this, upto the end of 1983-84 N.533.00 crores are anticipated to be spent. The installed capacity of power which stood at 1334.80 MW at the end of 1979-80 went upto 1442 NW. during 1980-81 and rose to 1712 NW by the end of 1981-82 and increased to 1847 NW. by the end of 1982-83. It is anticipated to reach 1982 NW by the end of 1983-84.

The Major works of Transmission and distr-ibution completed upto 1982-83 are:

- is Magbhari Hubli 4th circuit.
- ii: Shimoga- Bangalore (Peenya) 4th circuit.
- 111: Sharavathi Davanagere and Munirabad. iv: Hubli - Munirabad 4th circuit.
 - v: Munirabad Shahabad

b: Transmission lines which are under progress:

1: Shahabad - Hyderabad 50 KM length.

The total number of villages and hamlets electrified as at the end of 1982-83 was 183381. During 1983-84 another 2000 villages are likely to be electrified.

INDUSTRIES:

Karnataka State has been following a pragmatic approach of encouraging and supporting private sector investment in the industrial field of the State. Hence, the strategy has been one of strengthening the infrastructure base required for industrial development, especially in backward areas, in addition to various poli-cies for encouraging private sector investment. Further, several of the state sector undertak -ings have contemplated expansion programmes as can be seen from the following details:

Large & Medium Industries:

The VISL, Bhadravathi has taken up the execution of optimisation scheme phase-I at a co-st of B. 13.90 crores. The State Government had already released Rs.1.80 crores in 1981-82, 0.78 crores in 1982-83 and an amount of Rs.1.20 crore is anticipated to be released during 1983-84.

The Mysore Paper Mills has executed 1ts newsprint project. It is taking up captive su-gar factory and also afforestation project.

The KEONICS is among other things establishing an electronic city exclusively for elect-ronics industrial units. Modernisation of the plant and machinery and also diversification of products is also taken up. It has a number of new projects, such as production of colour T/s digital electronic watches, high voltage resistors, TV picture tubes etc.

Rehabilitation of Chamundi Machine Tools Limited is also being taken up. The expansion of Mysore Chrome Tanning Company is also being planned. Karnataka Silk Industries Corporation has been strengthened with the World Bank assistance for modernisation and expansion of silk processing in Karnataka.

KSFC is rendering yeomen service to small and medium industries for the acquisition of fixed assets. During 1980-81, it has sanctio-ned hoans to the tune of 8.21.17 crores to 1022 units and during 1981-82 it has sanctioned loan to 1291 units to an extent of 8.32.49 crores. During 1982-83 an amount of 8.43.76 crores was sanctioned to 1871 units. In 1983-84, it is In 1983-84, it proposed to sanction B.55.00 crores.

Karnataka State Industrial Investment and Development Corporation is basically an indust-rial promotional and financial corporation. The Corporation since inception upto 30th Oct. 1983 has promoted 14 joint sector projects and has assisted 269 projects. It has sanctioned a to-tal amount of B. 7615.04 lakhs by way of term loans and B. 2451.69 lakhs by way of equity and has disbursed B. 4621.54 lakhs and B. 1877.25 -lakhs by way of term loan and equity respecti -vely. Among others, it has assisted 5 mini-cement plants and is considering to give assi-stance for 7 more cement plants. The Corporat-ion has entered into (joint sector) agreements with 18 parties between (1.1.83 to 31.3.83) for setting up various projects such as synthetic -Corporation since inception upto 30th Oct. 1983 yarn spinning, furfurol, destrose mono hydrate, glazed tiles, malto destrose and hi-fructose sy rup projects etc.

SMALL SCALE INDUSTRIES:

In the filed of small scale industries also, Karnataka has been registering rapid pr-ogress. Upto the end of 1982-83, as many as 37,025 units employing 4.22 lakh persons have been registered. During 1983-84, it is propoy as have sed to add 1000 units per month.

As regards handlooms and powerlooms in Karnataka, there are 1.03 lakh handlooms, of which 0.59 lakh handlooms are covered by Weavwhich 0.59 lakh handlooms are covered by Meav-ers' Co-operative Societies. Further, in order to provide assured supply of raw material, wage and market, the Karnataka Handloom Development Corporation was established and it has covered 13834 looms. Further, coverage of the hand looms under the Corporation as well as co-ope-rative societies is planned. Facilities of establishment of collective weaving centres, dye houses, calendering and finishing plants are also being provided to handlooms. Five Co-operative powerloom societies are functioning. These have not yet covered all the looms in the State. Financial assistance is being prothe State. Financial assistance is being pro-vided to these societies in order to enable them to cover more powerlooms.

The Khadi and Village Industries Board is being assisted to take up programmes of assis-tance in the fields of carpentry, smithy, fibre industry, leather, pottery etc. Dutch credit industry, leather, pottery etc. Dutch credit has been secured after successful appraisa; of the projects. Construction of 4806 livingecum work sheds for individual beneficiaries is complated. 156 common facility centres for hand looms, handicrafts, leather, sericulture and small scale industries sector etc., have also been completed.

Sericulture, which is a highly labour in-tensive industry, is getting full attention -under various plan schemes. A World Bank Aid-ed project with an outlay of B.79.85 crores is

5

under implementation. At the end of Sixth Five Year Plan, the production of raw silk will be 44000 tonnes and it is proposed to generate 1.80 lakh man-years of incremental employment from fifth year onwards. By the end of 1982-33, 3458 tonnes of raw silk were produced and by the end of 1983-84, it is anticipated to produce 4020 tonnes of raw silk.

TRANSPORT AND COMMUNICATION:

In order to provide better transport facilities to commuters, the outlay on road transport have registered a steep increase from 1980-81 on wards. While in 1980-81, a sum of is.518.73 lakh was spent on this programme and during 1981-82, and 1982-83, 8.947.00 lakhs and 8.1731.00 lakhs was spent respectively. In 1983-84, it is anticipated that 8.1199.60 lakhs would be spent.

Greater emphasis has been placed on the improvement of rural roads as can be seen from the fact that by the end of 1983-84, 4964 kms of all types of roads are being laid. Further, due importance has been given for the upgradation of village roads to higher category of roads.

Karwar is the gost natural port on India's west coast. It has got a potentially rich hinterland, whose growth will be accelerated by the development of this port. Therefore, although the entire sixth five year plan approved outlay for ports, light houses and shipping was Ra660.00 lakhs, the State is anticipated to spend Ra70.08 lakhs during the first four years itself. It is necessary to make higher investments at a rapid pace in order to develop this port.

SOCIAL & COMMUNITY SERVICES:

Emphasis has also been given for social & Community Services. Drinking water supply to the rural weak as well as urban poor and health and family welfare schemes have received the due attention which they deserved.

Under rural water supply, 2063 problem villages were provided with drinking water facilities during 1980-81, 2906 villages during 1981-82 and 5953 villages during 1982-83. It is anticipated to cover 4987 villages by the end of 1984. The number of open wells completed was 467 during 1980-81, 472 during 1981-82 and 600 during 1982-83. It is expected that as nany as 650 wells will be dug by the end of 1984. Under people's Housing programme, the number of houses constructed was 2.40 lakhs during 1980-81, 2.90 lakhs during 1981-82 and 3.44 lakhs during 1982-83 and it is anticipated to provide 4.02 lakh houses by the end of 1984. The sites distributed was 9.27 lakhs during 1980-81, 9.69 lakhs during 1981-82, and 11.07 lakhs during 1982-83 and it is anticipsted to distribute 11.82 lakh sites by the end of 1983-84.

SPECIAL COMPONENT PLAN:

The amount proposed for the Special Component plan is k.32130.20 lakhs, of which k.15660.93 lakhs have been spent during the first three years. The allocation for the year 1983-84 is k.6504.20 lakhs. 2.57 lakh families were covered under various sectoral programmes during the first three years and the targetted programme is to cover 1.25 lakh families during 1983-84.

TRIBAL SUB-PLAN:

As against 8.2528.05 lakhs, the expenditure was 8.895.03 lakhs during the first three years. An amount of 8.482.54 lakhs is alloca ted for this programme during 1983-84 and it is expected to utilise the entire amount.11612 families are covered under various developmental programmes during the last three years and it is programmed to cover 3785 families during 1983-84.

1.	AGRICULTURAL EDUCATION AND RESEAR	<u>ICH</u> '			

1. AGRICULTURAL EDUCATION AND RESEARCH

(Outlay Rs.160.00 lakhs)

The University of Agricultural Sciences, Ba-ngalore, is entrusted with the programmes of Edu-cation and research in the field of agriculture. The plan of the University is financed partly by the State Government and partly by the Indian Council of Agricultural Research. Other insti-tutions elso provide grants and assistance tutions also provide grants and assistance to the University. The University operates two Ag-ricultural Colleges, a Veterinary College, a Home Science College, a Fisheries College, an Agricultural Research Institute, as well as, regional and other agricultural research stat-ions all over the State. It is also running a Basic Science College. Apart from resear-ch programmes, the University also takes up extension programmes in selected areas.

1. Agricultural Education:

(Outlay M. 125.00 lakhs)

The programmes to be undertaken under agricultural education are, (a) Colleges and laboratory buildings, (b) equipments for co-lleges, (c) books and equipments for librar-ies, (d) irrigation facilities at research stations, (e) live stock farm, (f) student hostels, (g) staff quarters, (h) sports, ga-mes and student amenities, (i) guest house, staff club and community centres, (j) creat-ion of new positions for strengthening the existing units, (k) new colleges and educat-ional programmes, (l) acquisition of lands, (m) new extension programmes, (n) new resea-rch stations, (o) National Agricultural Re-search Project and (p) University seed Pro-jects. jects.

2. Agricultural Research:

(Outlay N. 35.00 lakhs)

It is envisaged to take up various agricultural research activities under this programme.

2. CROP HUSBANDRY

The Crop Husbandry involves two sectors namely, agriculture and horticulture. While food crops, oil seeds and commercial crops are generally covered under agriculture, horticulture includes fruits, vegetables, con-diments, orchard and plantation crops, as well as, floriculture.

(a) AGRICULTURE

(Outlay &.1521.12 lakhs)

Agriculture is the main stay of the population in Karnataka. 67 per cent of the working force is actively engaged in agricu-lture and about 50 per cent of the State in-come is derived from agriculture. In order to improve the development of this sector sector several programmes like introduction of improved seeds, transmission of technology to the farmer's fields, supply of manures, fer-tilisers and plant protection materials, programmes for small and marginal farmers, agri-cultural labourers and other economically we-aker sections like tribals and scheduled castes have been taken up.

Direction and Administration:

(Outlay R.815.55 lakhs)

1. Directorate of Agriculture.

(Outlay R.6.75 lakhs)

To meet the expenditure on salaries, allowances, office expenses, etc., of the staff working in the head office, the above provision has been made.

2. Divisional Establishment.

(Outlay N.4.50 lakhs)

To meet the expenditure on salaries allowances, office expenses etc., of the staff working in the Divisional Establish -

ments, the above outlay is provided.

3. Agricultural Extension Project.

(Outlay &.735.30 lakhs)

The Agricultural Extension Project is be ing implemented from October 1978 with the objective of strengthening and reorienting research to provide adequate new technical knowledge, regarding improved agricultural practices, for communication to farmers. To meet the staff salaries and for completing the on-going building works, the above provision is made.

4. 459 capital outlay on public works.

(Outlay 2.22.00 lakhs)

Provision is made for construction of buildings and for completing the incomplete works under this scheme.

5. Loans to extension staff for purchase of vehicles.

(Outlay Rs. 5.00 lakhs)

As an incentive to the extension staff to have greater mobility to contact the farmers, provision of loans for vehicles has been made.

6. Taluk establishment.

(Outley N.42.00 lakhs)

Consequent upon the implementation of the Agricultural Extension Project, posts sanctioned under several achemea have been redeployed . Provision is made for meeting the salaries allowances, offices expenses, etc., of these staff in the taluks.

Multiplication and Distribution of Seeds

(Outlay E.55.00 lakhs)

7. Buildings under multiplication and distribution of seeds.

(Outlay &. 6.00 lakhs)

Provision has been made for repairs to buildings in the departmental seed farms and other farms.

8. Subsidy to Karnataka State Seed Corporation.

(Outlay %. 1.00 lakh)

It is proposed to provide subsidy to Karnataka State Seed Corporation for distribution of certified seeds of crops like ragi, jowar, maize and bajra at subsidised rates to farmers as an incentive to popularise high yielding varities.

9. Seed Testing Laboratories.

(Outlay R. 5.00 lakhs)

It is proposed to establish a seed testing laboratory at Dharwad under National Seed Project II. This laboratory will cater to the needs of the farmer community in the northern districts of the State.

10. Organising Production of Hybrid Cotton Seeds

(Outlay 2.20.00 lakhs)

It is proposed to produce certified seeds of hybrid cotton. The seeds produced will be procured by the Karnataka State Seed Corporation which will distribute it to the cotton growers, through the marketing outlets. 11. Buildings under multiplication and distribution of seeds.

(Outlay M. 7.00 lakhs)

It is proposed to construct staff quarters and install dehumidifiers to help the farmers in obtaining quality seeds.

12. Investment in State Seed Project.

(Outlay &. 2.00 lakhs)

The expenditure under this scheme has to be incurred in the first instance by the State Government which will be later reimbursed by the World Bank.

13. Seed Farms and Seed Processing Units.

(Outlay B.12.00 lakhs)

To improve the efficiency of the seed farms, it is envisaged to provide facilities like irrigation wells, pumpsets, farm buildings and also to undertake land development works.

14. Share Capital to Karnataka Seed Certification Agency.

(Outlay b. 2.00 lakhs)

Agricultural Parms: (Uutlay E.11.00 lakhs)

15. Buildings under agricultural farms.

(Outlay b. 3.00 lakha)

Provision is made for construction and maintenance of buildings in agricultural farms.

16. Buildings under agricultural farms.

(Outlay R. 1.00 lakh)

Provision has been made for the buildings to be constructed in the agricultural development centres of Cauvery Basin and Upper Krishna Project.

17. Agricultural Development Centres in Projects Areas.

(Outlay N. 7.00 lakhs)

With the objective of evolving suitable crop pattern for the Cauvery Basin and Upper Krishna Projects, two agricultural development centres have been opened. The provision is to meet the expenditure on staff salaries, etc in these two centres.

Manures and Pertilisers:

(Outlay &.20.00 lakhs)

18. Construction of Fertiliser Control Laboratory.

(Outlay Rs. 7.50 lakhs)

Provision is made for completing the construction of fertiliser control laboratory in the premises of the Directorate of Agriculture.

19. Transferred scheme of Fertiliser Control Laboratories.

(Outlay Ps. 8.00 lakhs)

The main objective of the scheme are (a) to check and maintain the quality of fertilisers, (b) to enforce the fertiliser control order and (c) to take legal action against 20. Transferred scheme of Integrated Develop - ment of local manurial resources.

(Outlay S. 1.00 lakhs)

Provision is made towards the payment of transportation, balance subsidy and grants claimed by the Karnataka State Compost Development Corporation.

21. Development of local manurial resources.

(Outlay Rs. 1.50 lakhs)

Provision is made for taking up programmes like training to farmers in scientific preparation of compost, award of prizes to Gra mapanchayats and Municipalities., etc.

22. Buildings under manures and fertilisers.

(Outlay &. 0.50 lakh)

It is proposed to take up construction of buildings for soil testing laboratories and also effect repairs to the existing buildings.

23. Popularisation of the use of soil amendments.

(Outlay is. 1.00 lakh)

It is proposed to organise demonstrations under this scheme, for popularisation of use of soil amendments like lime and gypsum to reclaim acid and alkaline soils.

24. rertiliser promotion programme.

(Outlay E.O.50 lakh)

It is proposed to organise programmes like field days, conducted tours and exhibitions to educate the farmers in the optimum use of fertilisers.

High Yielding Varieties Programme:

(Outlay R. 9.00 lakhs)

25. High Yielding Varieties Programme.

(Outlay 8.6.00 lakhs)

It is proposed to organise demonstrations, field days, conducted tours, award of prizes, etc., to induce the farmers to take up cultivation of high yielding varieties.

26. Multi-crop demonstrations.

(Outlay S.O.50 lakh)

It is proposed to conduct demonstrations of two or three crop sequences to encourage farmers to adopt multi-crop production. Incentives would be provided to farmers taking up demonstrations.

27. Crop competitions. (Outlay &.0.50 lakh)

Crop competitions would be organised on selected crops and prizes at state, district & taluk levels would be awarded to farmers.

28. Community nurseries on Ragi,

(Outlay &.2.00 lakhs)

It is proposed to start community nurseries of ragi to enable the farmers to cbtain quality seedlings.

Plant Protection:

(Outlay 2 42.00 lakhs) 29. Plant Protection Programme.

(Outlay No. 12.00 lakhs)

It is proposed to take up control measures against pests and diseases of agricultural crops that appear from time to time. It is

crops that appear from time to time. It is also proposed to supply plant protection chemicals, weedicides, plant protection equipments and storage bins to farmers at subsidised rates.

30. Eradication of pests and diseases of crops in endemic areas.

(Outlay Rs.21.00 lakhs)

It is programmed to take up control of jowar earhead midge white grub, hairy caterpillar attacking cil seeds and pulses, brown plant hopper on paddy, aphids on oil seeds and control of rat menace. Centre's contribution for this scheme is 30 per cent.

31. Parasite Laboratories.

(Outlay Rs. 4.00 lakhs)

Two parasite laboratories have been established to multiply the parasite which controls shoot borer of sugarcane. The parasites will be supplied to farmers for release in their fields, which is a cheap and effective biological control method. The provision made is to meet the expenditure on the staff salaries, etc and to purchase equipment.

32. Insecticides control laboratories.

(Outlay No. 4.00 lakhs)

Under this scheme, the quality of insecticides available in the market will be checked, insecticides control Act will be enforced and legal action will be taken against traders who sell sub-standard insecticides.

33. Crop protection against Tur pod borer.

(Outlay R. 1.00 lakh)

(Outlay Rs. 123.85 lakhs)

Commercial Crops:

34. Crop Insurance.

(Outlay R.5.00 lakhs)

Provision is made to meet the loss incurred to the farmers when crops fail due to natural calamities.

35. Development of Cotton.

(Outlay Rs. 2.00 lakhs)

It is proposed to take up demonstrations of cotton cultivation in the cotton growing areas of the State.

36. Intensive Cotion Development Programme.

(Outlay N.31.50 lakhs)

37. Intensive Cotton Development Programme TBP Area.

(Outlay Rs. 19.50 lakhs)

38. Intensive Cotton Development Programme Malaprabha Project Area.

(Outlay Ms. 9.00 lakhs)

The main objectives of the above three programmes are - (a) to increase the production of cotton by increasing the area in rain fed and irrigated regions; (b) to develop hybrid cotton varieties and (c) to increase the production of cotton by adopting improved cultivation practices under rain fed and irrigated conditions. Programmes like demonstration supply of plant protection equipments, certified seeds, etc., would also be taken up. For these programmes, the Centre's contribution is on a matching basis. 39. Development of pulses.

(Outlay Rs. 5.30 lakhs)

The objective of this programme is to in-orease production of pulses by adopting packa-ge practices and increasing the area under pul-ses. Programmes like demonstrations, seed pro-curement, supply of plant protection equipment and chemicals would also be taken up. This pro-gramme attracts central assistance of 100 per went for certified seeds and plant protection programmes and 50 percent on other programmes.

40. Intensive Cotton Development Programme Production of Hybrid Cotton Seeds.

(Outlay &. 5.75 lakhs)

It is proposed to introduce and popularise hybrid cotton varieties and also to take up se-ed production of hybrid varieties. This attracts 50 per cent share from centre.

41. Intensive Oilseeds Development Programme -Normal.

(Outlay &.7.50 lakhs)

42. Intensive Oilseeds Development Programme -Irrigated.

(Outlay N.7.30 lakhs)

The main objective of these two schemes is to increase production of oilseeds in selected areas under rain fed and irrigated conditions. Programmes like conducting demonstrations, sup-ply of mini-kits, providing subsidy for purcha-se of seeds and chemicals would also be taken up. This scheme attracts 100 per cent central assistance for certified seeds and ground spraying and 50 per cent on other programmes.

43. Development of sunflower.

(Outlay &.6.00 lakhs)

Under this programme demonstrations, supp-ly of mini-kits, etc., would be taken up to po-pularise the cultivation of sunflowers.

4. Development of Oilseeds.

(Outlay &.3.00 lakhs)

Programmes like training, demonstrations, prop competitione, supply of plant protectio phemicals, etc., would be taken up under thi tcheme, to step up cilseeds production. protection under this

, Development of sugarcane.

(Outlay R. 1.00 lakh)

To educate the farmers on latest cultivat -on techniques of sugarcane, half field demons-rations and crop competitions would be taken 10.

5. Development of tobacco.

(Outlay B. 1.00 lakh)

To popularise the new varieties of tobacco nd to ensure timely supply of quality seedl-ngs, demonstrations, field trials and establ-shment of nurseries would be taken up.

7. Development of pulses.

(Outlay &.3.50 lakhs)

To bring more area under the cultivation f pulses and to increase the production, pro-rammes like demonstrations, distribution of seds, plant protection measures, conducting ield days etc., would be taken up. 48. Transferred scheme of development of V.F.C Tobacco.

(Outlay Rs. 3.00 lakhs)

The objective of this scheme are (a) to increase production of V.F.C. tobacco by adotó pting improved practices of cultivation and (b) to provide training to farmers in curing grading, processing and marketing of tobacco.

49. Grading of hybrid cotton.

(Outlay &.9.00 lakhs)

It is proposed to take up grading of hybrid cotton in the leading market centres to assist the growers in getting reminerative prices.

50. Development of safflower.

(Outlay Rs.1.50 lakhs)

It is proposed to increase the j tion of safflower in selected areas by producconducting demonstrations and supply of minikits, plant protection chemicals, etc., subsidised rates to farmers. at

51. Transferred scheme of development of sugarcane.

(Outlay 8.3.00 lakhs)

The objective of this scheme are (a) to increase the yield of sugarcane in the fac-tory zones, (b) to improve supply position of sugarcane to ensure efficient working of fac-tories, (c) to take up systematic development of seed production and (d) to ensure supply of quality seed materials to the cane growers.

Extension and Farmers' Training (Outlay Rs.163.22 lakhs) 52. Farm information unit.

(Outlay S.3.00 lakhs)

rublicity and propoganda are the important media through which the latest technology is passed on to the farmers. The provision made is to meet the expenditure on printing, photography, equipments and publication of ex-tension literature.

53. Grant-in-aid to agricultural technologists

(Outlay R.O.50 lakh)

The provision is to provide grant-in- aid to agricultural technologists institutions.

54. Agricultural fairs and exhibitions.

(Outlay &.4.00 lakhs)

It is proposed to participate in various exhibitions and fairs conducted at taluk, di-strict and state levels to convey the latest agricultural technology to the farmers thro-ugh the visual media.

55. Rural Development Training Centres.

(Outlay Rs. 0.10 Lakh)

It is proposed to provide the necessary equipments under this scheme to all the five rural development training centres in the State.

56. Training of agricultural assistants for degree courses.

(Outlay %.3.00 lakhs) Provision is made to meet the expenditure

on the agricultural assistants who are deputed for undergraduate courses to improve their technical competence.

57. Training of extension officers for postgraduate courses.

(Outlay &.O.10 lakh)

The provision is to meet the expenditure on the extension officers who are deputed for studying master's degree courses.

58. Grant-in-aid to agricultural unions and Farmers' Forum.

(Outlay 8.1.00 lakh)

Grant-in-aid is being sanctioned regularly to the Karnataka Agricultural Museum, Dharwad and Karnataka Pradesh Krishik Samaj, Bangalore, to render services to the farmers.

59. Training of Departmental Officers.

(Outlay &.U.10 lakh)

The provision is for meeting the training expenses when Departmental Officers are sent for training courses, both within the country and abroad.

60. Buildings under extension and farmers training.

(Outlay B.27.50 lakhs)

It is proposed to construct buildings in Rural Development Training Centres, Farmers Training and Education Centres, Extension - cum-Training Centres and Agricultural Schools.

61. Project for agricultural training of farm women and youth.

(Outlay B. 78.42 lakhs)

This scheme has been introduced with DANIDA assistance with the objective of enrolling women and youth in the field of agricultural development, so that there is a rapid transferof technology to a large segment of farming population.

62. Youth Training Programme.

(Outlay Rs. 1.50 lakhs)

It is proposed to train 10 rural youths from each taluk in the training institutions of the Department in the latest agricultural technology.

63. Farmers Training and Education Centres.

(Outlay E.22.00 lakhs)

Farmers would be trained in effective use of inputs for increased productivity through peripatetic-cum-training demonstrations camps and specialised training courses to farmers and convenors of charchamandals, etc.

64. Agricultural Schools.

(Outlay Rs. 12.00 lakhs)

65. Starting of new agricultural schools. (Outlay is.10,00 lakhs)

The main objectives of the agricultural schools are (a) to impart training to farmers sons in modern agricultural practices, (b) to conduct short term agricultural training programme to farmers and rural youth and (c) to carry out extension programmes in the villages around the schools. The provision made is for salary and training cost as well as starting of new schools.

Other Schemes

(Outlay %.139.50 lakhs)

66. BIRD Project.

(Outlay S. 2.00 lakhs)

This project is implemented in Bidar dis trict with UNICEF assistance. Under this project, programmes like supply of plant protection, equipments, demonstrations and training in plant protection measures would be taken up to cater to the needs of the farm youth and women. 67. Small and Marginal Farmers - Input Kits.

(Outlay Rs.87.50 lakhs)

This scheme envisages a number of programmes for the betterment of farm community, which attracts 50 per cent central share.

68. Investment in Karnataka Agro-Industries Corporation under Agricultural Engineering.

(Outlay 8.50.00 lakhs)

Tribal Sub-Plan

(Outlay 2.42.00 lakhs)

To uplift the tribal farmers, programmer like supply of bullocks, agricultural implements, bullock carts, agricultural inputs and sinking of irrigation wells would be taken up.

Special Component Plan

(Outlay \$.100.00 lakha;

To uplift the scheduled caste farmers i the State, programmes like supply of agricul tural inputs, implements, etc., would be take up. They will be encouraged to follow improve agricultural techniques.

(b) HORTICULTURE

(Outlay Rs. 304.73 lakhs)

Karnataka is ideally suited for the deve lopment of Horticulture. Horticultural crop are being grown in an area of 9.47 lakh hecta res in the State. The Department of Horticult ure is engaged in the development of fruits, ve getables, plantation crops, spices and flower by providing high quality seed and planking ma terial, technical advice, extension services t growers, channeling finance and developing mar ket facilities. It also maintains orchards an gardens in cities and towns.

Direction and Administration.

1. Brecutive Establishment.

(Outlay Rs.62.06 lakhs

(Outlay R. 26.25 lakhs

Under this scheme, the executive establis hment of the department will be maintained.

2. Deputation of officers for higher study. (Outlay &.0.21 lakh

It is proposed to depute the officers o the department for higher studies.

3. Landscape Division.

(Outlay Rs. 0.25 lakh

Under this scheme the existing landsca division will be maintained. 4. Purchase of Tractors and Jeeps.

(Outlay &.1.50 lakhs)

It is proposed to purchase tractors and jeeps required by the Department.

5. Information and propaganda.

(Outlay Rs.3.00 lakhs)

It is proposed to disseminate information regarding improved horticultural techniques through publication of leaflets, pamphlets, radio talks and conducting field days, exhibitions and seminars under this scheme.

6. Statistical Cell.

(Outlay &.5.00 lakhs)

Maintenance of statistics regarding various activities of the department is very essential. It is proposed to continue the existing statistical cell in the department.

7. Training in Horticulture.

(Outlay &.1.35 lakhs)

It is proposed to give practical training in horticulture to 60 candidates belonging to gricultural families.

. Construction of buildings.

(Outlay &.10.00 lakhs)

It is proposed to construct buildings reuired for various activities of the depart -

. 505 Capital Outlay.

(Outlay Rs.14.00 lakhs)

Under this scheme capital outlay required or various activities of the department will • provided.

0. Incentive scheme for departmental personnel.

(Outlay Rs. 0.50 lakh)

Under this scheme, it is proposed to proide incentives to the departmental personnel o as to encourage them to reach the targets ixed.

alopment of Lakes, Hill Stations, Parks.etc

(Outley Rs.7.05 lakh)

1. Development of lake at Lalbagh.

(Outlay &s.0.50 lakh)

It is proposed to maintain the island and he lake at Lalbagh, introduce boating and cotruct boating house. It is also proposed to stroduce new species and exotic varieties of lants.

2. Development of Hill stations.

(Outlay Rs. 1.50 lakhs)

It is proposed to provide amenities requed for the visitors in the K.R.Hill and Nanhill stations. It is also proposed to rewate cottages at the K.R.hill station and to intain ornamental gardens. 13. Development of Kadri Park at Mangalore and Pampavana at Munirabad.

(Outlay B.2.00 lakhs)

It is programmed to develop and maintain the Kadri Fark at Mangalore and also Pampavana at Munirabad.

14. Scheme for environmental improvement in Hospital Gardens and other places.

(Outlay S.1.80 lakhs)

It is proposed to develop and maintain hospital gardens through out the state, except in Bangalore and Shimoga districts, under this scheme.

15. Development of ornamental gardens in Irrigation Projects.

(Outlay Rs.0.25 lakh)

It is proposed to develop ornamental gardens on the lines of Krishnaraja Sagar and Thungabhadra Projects in other irrigation projects also.

16. Development of Lalbagh.

(Outlay Rs.1.00 lakh)

The amount is earmarked for maintenance and development of Lalbagh in Bangalore.

Plantation Crops:

(Uutlay Rs. 108.03 lakhs)

17. Development of cardamom including eradication of 'Katte' disease.

(Outlay 2.1.00 lakh)

Cardamon being an export oriented crop, it is proposed to raise and distribute 2.7 lakh quality cardamon seedlings. To eradicate 'Katte' disease, it is proposed to continue the demonstration plots already started.

18. Development of coconut.

(Outlay Rs. 20.73 lakhs)

Under this scheme, it is proposed to sow 7.3 lakh seed nuts and to distribute 6.5 lakh coconut seedlings during the year. It is also proposed to maintain old demonstration plots of manurial trials and cocoa inter-crop.

19. Establishment of regional coconut nursery.

(Outlay Rs. 2.00 lakhs)

It is proposed to establish a regional coconut nursery under this scheme.

20. Development of Arecanut.

(Uutlay &. 2.50 lakhs)

It is proposed to raise 1.77 lakh areca seedlings of 'mangala' variety during the year and also to maintain the areca farm at Thirthahally.

21. Development of pepper.

(Outlay Bs. 1.50 lakhs)

It is proposed to raise and distribute 1.68 lakh local pepper cuttings and 1.46 lakh hybrid pepper cuttings besides maintaining old demonstration plots.

22. Development of cashew.

(Outlay 8.1.50 lakhs)

It is proposed to maintain the progeny orchards already established.

23. AR & DU scheme for horticultural crops.

(Outlay &.2.50 lakhs)

It is proposed to provide assistance for raising various horticultural crops under this scheme.

24. Central nursery for hybrid pepper, clove seed and nutmeg.

(Outlay 8.0.50 lakh)

It is proposed to maintain progeny orchards of eight hectares of hybrid pepper, clove and nutmet and to distribute 5000 hybrid pepper cuttings and 10,000 clove and nutmeg seedlings.

25. Cocca seed garden and subsidy to cocca growers.

(Outlay 18.3.20 lakhs)

The existing cocoa seed garden of eight hectares in the Dakshina Kannada District will be maintained. It is also proposed to provide subsidy to cocoa growers in the State.

26. Multi-state Cashew Project.

(Outlay &.20.00 lakhs)

It is proposed to cover 2,385 hectares under cashew crop with the assistance of the World Bank.

27. Starting of multi-purpose horticultural farms.

(Outlay &.26.00 lakhs)

It is proposed to establish multi-purpose, horticultural farms under this scheme.

28. Integrated development of horticulture.

(Outlay 8.1.60 lakhs)

This scheme would be taken up with the assistance of the World Bank.

29. Coordinated scheme for floriculture.

(Outlay ±.0.50 lakh)

It is proposed to take up cultivation of flowers under this scheme.

30. Cultivation of Commercial flowers.

(Outlay Rs.1.00 lakh)

To popularise the cultivation of commercial flowers in North Karnataka area, it is proposed to conduct 70 demonstrations on different commercial flowers. It is also proposed to conduct 28 field days in the growers fields.

31. Demonstrations on cashew cultivation.

(Outlay Rs.1.75 lakhs)

It is proposed to continue 325 old demonstration plots on cashew cultivation. 32. Establishment of cashew progeny orchard.

(Outlay 8.0.50 lakh)

It is proposed to maintain cashew progeny orchard of 40 hectares in Mysore district.

33. Subsidised plantation of cashew.

(Outlay &.12.15 lakhs)

It is proposed to provide subsidy for taking up cultivation of cashew.

34. Production and distribution of hybrid coconut seedlings.

(Outlay &s.1.50 lakhs)

It is proposed to produce 33,500 T X D hybrid seed coconuts and to distribute 25,000 hybrid seedlings.

35. Establishment of elite seed farm for coconut.

(Outlay Rs.1.20 lakhs)

The elite seed farm planted with T X T variety of coconut in an area of 84 acres in Bangalore District will be maintained.

36. Blite seed farm for production of hybrid coconut seedlings.

(Outlay Rs.3.00 lakhs)

The elite seed farm at Bellara planted with D X T hybrid varieties in an area of 160 hectares will be maintained by following package of practices besides improving irrigation facilities.

37. Package programme on coconut.

(Outlay Rs. 3.40 lakhs)

It is proposed to maintain 400 demonstration plots started during 1983-84.

For schemes from Sl.No.31 to 37 central share is 50 per cent.

Fruits and Vegetables:

(Outlay B.22.93 lakhs)

 Fruits and vegetables preservations, processing and utilisation.

(Outlay Rs. 1.80 lakhs)

It is proposed to conduct training classes on processing, preservation and utilisation of fruits and vegetables to housewives.

39. Development of fruits.

(Outlay R. 6.00 lakhs)

It is proposed to distribute 8.35 lakh seedlings of different fruit varieties so as to cover 2950 hectares of new area and to rejuvenate fruit orchards in 1975 hectares.

40. Development of pineapple.

(Outlay &. 1.80 lakhs)

It is proposed to raise pineapple suckers and to distribute the same to the cultivators in the pineapple growing areas of the State. 41. Development of Banana.

(Outlay R.2.20 lakhs)

It is proposed to raise and distribute baname suckers to the growers under this scheme.

42. Package programme of banana.

(Outlay R.1.63 lakhs)

It is proposed to lay out 62 demonstrations on package practices of banana cultivation.

43. Package programme on mango.

(Outley &.2.70 lakhs)

It is proposed to maintain 147 demonstration- plots on package practices of mango started during earlier years.

44. Package programme on citrus.

(Outlay &.0.80 lakh)

It is proposed to maintain 165 old demonstration plots on package practices of cultivation of citrus.

45. Development of mushrooms.

(Outlay B.1.00 lakh)

It is proposed to impart training in the cultivation of mushrooms to interested persons besides conducting cultivation trials.

46. Development of vegetables and vegetable seed farm.

(Outlay R.5.00 lakhs)

It is proposed to lay out 77 demonstration plots on different vegetables, develop 17,225 kitchen gardens, conduct 46 field days and produce 11.15 tonnes of different vegetable seed under this scheme.

Other Schemes.

(Outlay &.28.66 lakhs)

47. Establishment of cold storage plant.

(Outlay B.12.75 lakhs)

It is proposed to establish a cold storage plant so as to help the growers to preserve fruits and vegetables.

-48. Establishment of soil testing laboratories.

(Outlay &.2.00 lakhs)

It is proposed to establish soil testing laboratories to analyse soil and water samples for recommending fertiliser domes and also for taking up studies on plant nutrition aspects.

. 49. BIRD Project.

(Outlay &. 0.21 lakh)

This scheme is proposed for undertaking horticultural programmes under the Bidar Integrated Rural Development Project (BIRD).

50. Setting up of Agro-Industrial Complex. (Oultlay &: 0.20 lakh)

It is enviaaged to set up an agro-indust rial complex with the assistance of Bulgarian Government. 51. Establishment of plant protection squad. (Outlay &.7.00 lakhs)

It is proposed to establish a plant protection squad for horticultural crops in the State.

52. Investigation of yellow leaf disease in areca.

(Outlay &.0.50 lakh)

To arrest the widespread yellow leaf disease of areca, it is proposed to take up investigation of its incidence and causes in areca growing regions.

53. Marketing of horticultural produce.

(Outlay &.6.00 lakhs)

It is proposed to assist horticularists in marketing their produce under this scheme.

Tribal Sub-Plan

(Outlay &.11.00 lakhs)

It is proposed to take up various horticultural programmes, under the tribal subplan to benefit the tribals in the State.

Special Component Plan

(Outlay &.65.00 lakhs)

It is proposed to take up various horticultural programmes to benefit the schedule castes population in the State under the Special Component Plan.

3. LAND REFORMS

(Outlay & 115.00 lakhs)

The programme under Land Reforms consists of work of land tribunals to dispose consolidation of holdings, financial assistance to allottees of surplus land and the Negilu Bhagya programme. While the first two programmes are implemented through the Revenue Department, the latter two programmes are being implemented through the District Rural Development Societies.

The work under land reforms is two pronged. On the one hand, efforts are being made to expeditiously dispose applications and provide title to the tenants and on the other, assistance is being provided to the poorer sections of the tenants, who form the majority,& the allottees of surplus lands, the wherewithal to carry on cultivation and establish themselves in agriculture.

1. Preparation of land records for land reforms and land tribunals.

(Outlay &.6.76 lakhs)

2. Sitting fee, T.A. and D.A. to members of tribunals.

(Outlay &.8.00 lakhs)

3. Legal aid to poor tenants.

(Outlay R.3.00 lakhs)

4. Creation of cell for compilation of reports on land reforms. (Outlay &.0.24 lakh) 5. Consolidation of holdings.

(Outlay &.16.00 lakhs)

⁶. Financial assistance for the development and cultivation of surplus land.

(Outlay %.30.00 lakhs)

7. Negilu Bhagya.

(Outlay &.51.00 lakhs)

Under this scheme it is proposed to assiands have been confirmed under Land Reforms Act and also the landless persons who have been allotted surplus land. The scheme provides for subsidy assistance of 50 per cent of the cost of one pair of bullocks, not exceed ing \$.1,500/- per family of surplus land granbee and 33/3 percent of the total cost of bullocks, not exceeding \$.1,000/- per family in the case of ex-tenants. An amount not exceeding \$.500/- for a package of agricultural implements and inputs would also be sanctioned to x-tenants identified as small and marginal farmers. The proposed target for 1984-85 is to provide assistance under the scheme to 6000 berwons.

4. MINOR IRRIGATION

(Outlay M.3231.07 lakhs)

The strategy and approach for minor irrigation for the year 1984-85 continues to be in line with the objective and strategy of the Sirth Plan and the emphasis is on the completion of the on-going and committed works. Due weightage has also been given for works. Due weightage has also been given for works taken up with the World Bank assistance. The plan under this head consists of two items viz., execution of surface irrigation works, and Ground Water Survey and investigation.

a) Surface Irrigation Works.

(Outlay &.2979.00 lakhs)

The main items of works/schemes are, construction and deepening of wells and tanks,lift irrigation works, other minor irrigation works, purchasing of machniery and equipments and direction and administration.

i) Direction and Administration.

(Outlay &. 175.00 lakhs)

The outlay proposed is meant for meeting the expenditure on Establishment.

ii) Minor Irrigation Works.

(Outlay &.2804.00 lakhs)

It is proposed to take up construction and deepening of wells and tanks covering World Bank assisted programmes and normal works to create fresh potential of about 3520 hect., Lift irrigation works, and other minor irrigation works are also proposed to be taken up. (Outlay 8.240.13 lakhs)

Survey of the area, inventory of wells are taken up with a view to know the sub-surface, geochydrological conditions, water fielding capacities and cropping pattern under wells etco. As a part of this task pumping and recovery tests being conducted to determine the potential of the area for updating. Basic studies and micro water sheds studies are also taken up. These activities create basis four further development of minor irrigation. The schemes are taken up under State Plan as well as centrally sponsored scheme.

i) State: Plan.

(Outlay &. 68.88 lakhs)

Survey of 500 sq.kms. for resource evaluation and testing of 8750 sites is proposed. Drillings of 360 bore wells and 640 field tests are also proposed.

ii) Conttrally Sponsored Schemes.

(Outlay 1.171.25 lakhs)

Under this head schemes for strengthening surface,, water and ground water Phase I, new schemes for strengthening of ground water organisatiion phase II, and special component plans arre covered.

Centrally Sponsored Scheme for Irrigation through: Sprinkler Methods.

(Outlay &. 12.04 lakhs)

This is a centrally sponsored scheme where equal match contribution comes from Govt. of India. This is taken up to encourage irrigation through Sprinklers, Solar Pumps, Wind Mills, 'Hydrams, etc.

Chapter III Contd..)

5. SOIL AND WATER CONSERVATION:

(Outlay Rs.460).38 lakhs)

The programme in soil and water conservation attempts to reserve valuable basicc resources, including soil and water. While it is to be viewed as a resource conservation programme it also yields substantial return in tterms of increased production. This programme is implemented mainly by the Department of Agrriculture, in so far as it covers arable land. The Department of Forestry has also a role in the prevention of silting of rivers and reservooirs.

(a) AGRICULTURE DEPARTMENT:

(Outlay R.417..38 lakhs)

Soil Survey:

(Outlay No.14...70 lakhs)

1. Scheme for strengthening state soil survey: (Outlay M.7..20 lakhs)

Systematic survey and classification of soils are to be carried out for better; management of soils to obtain maximum yield peer unit.

2. Pilot Project for remote sensing:

(Outlay 8.7.150 lakas)

The remote sensing unit at head office will take up the field survey and photco interpretation which helps in higher production by indicating timely operations.

Education and Training:

(Outlay B.6.330 lakhs)

3. Soil Conservation training Centres: (Outlay R.4.770 lakhs)

The training centre at Mysore will train the Assistant Agricultural Officers and Agricultural Officers in the latest technologgy. The results of the research have to be traansmitted to field functionaries.

4. Scheme for training in minor irrigation and water use:

(Outlay R.1.660 lakhs)

The training centre at Dharwar will impart training to farmers and in-service personal, in the technology of irrigation method andd soil and water management.

Soil Conservation Schemes:

(Outlay B.396.338 lakhs)

5. Soil Conservation works on watershed basis:

(Outlay B.205.000 lakhs)

In order to protect the top soil ffrom erosion, programmes like contour bunding, graded bunding, dry farming technology would bee continued.

6. Land reclamation scheme:

(Outlay 3. 10.000 lakhs)

In order to reclaim the sick soils: affectted by salinity, alkalinity and water ldogging, this scheme helps to bring back soil to: normalcy.

7. Categorisation of watte land in blocks of less than 250 acres:

(Outlay R. 14.000 lakhs)

Identification and survey of the cuultiva ble waste lands, permanent pasture and other grazing lands would be taken up to ascerrtain the the land capability. 8. Soil conservation on field trials and dry. farming technology:

(Outlay B.50.00 lakhs)

This scheme is designed to supply modefⁿ agricultural implements like seed-cum-fertilf⁻ ser drills to the farmers at subsidised rat²⁸ under dry land agriculture.

9. Pilot project for watershed management:

(Outlay N.5.00 lakhs)

To develop the watershed with overall develop ment, this scheme has to be continued at Manganahalli, Bettaduru taluk in Mysore district.

10. Rainfed dry farming project with World Bank assistance:

(Subbey k.5.00 lakhs)

A token provision has been made to oper rate the scheme.

11. Scheme for fertiliser transportation and infrastructure provision to inaccessible areas of dry land for increasing productivity:

(Outlay No.50.00 lakhs)

Under this scheme the farmers would b⁹ supplied with fertilisers at their door steps:

12. Schemes for custom hiring services:

(Outlay N.20.92 lakhs)

This scheme is proposed as per the guide. Linea of the Government of India which attracts central assistance upto 50 per cent.

13. Scheme for popularisation of seedcum-fertiliser drills:

(Outlay B. 16.46 lakhs)

This scheme includes programmes like demonstrations, supply of inputs and seed-cum-fertiliser drills at subsidised rates with 50per cent central assistance.

14. Tribal Sub-Plan:

(Outlay h.10.00 lakha)

A subsidy of 60 percent would be given to the tribal farmers for bench terracing and farm ponds reshaping of paddy fields.

15. Special Component Plan:

(Outlay B. 10.00 lakhs)

This scheme envisages construction of farm ponds for the benefit of scheduled caste farmers at subsidised rates for improving thei^F socio-economic conditions.

(b) Forest Departments

(Outlay 8.43.00 lakhs)

16. Soil Conservation(Afforestation):

(Outlay B.28.05 lakhs)

This continuing scheme is being implemented in the drier tracts, where the areas are prone to soil erosion on account of barrenness of land. This involves digging of contour trenches, formation of mounds and raising of plantations of fuel, fodder and other economically useful species. This scheme helps to concerversoil and moisture and to increase the grass area resulting in the increase of fodder resources. It is expected to cover 420 hects, under this programme.

17. Scheme for soil conservation by afforestation in the catchment of river valley projects:

(Outlay Hs. 14.95 lakhs)

Soil conservation measures like afforestation, gully plugging etc., have been taken up

15

in the catchment of selected river valley projects namely Thungabhadra, Misan Sagar and Nagarjuna Sagar. This integrated continuing scheme is being implemented on water shed basis in collaboration with the Agriculture Department. The programme is to cover 350 hectares.

6. COMMAND AREA DEVELOPMENT:

(Outlay R. 1000.00 lakhs)

For the development of areas to be irrigated by major irrigation projects and to ensure that the irrigation potential created is speedily utilised, five Command Area Development Authorities have been set up for Tungabhadra, Malaprabha and Ghataprabha, Cauvery Basin, Upper Krishna and Bhadra Projects. These Authorities have to overssee programmes like construction of field channels and their maintenance, field drainage, on-garm development works, conjunct ive use of surface and ground water and proper cropping pattern. In addition, provision of infrastructural facilities like ayacut roads, market, etc., are also to be ensured. The Authorities have to co-ordinate the activities of various departments and agencies.

1. CADA Establishment:

(Outlay B.49.50 lakhs)

The provision is for the salary and other expenses of the CADA establishment and C.A.D.A. secretariat.

2. Survey and supervision of on-Farm Development Works: (Outlay R.97.50 Lakns)

The provision is for continuing the staff for survey and supervision of the development work on farms.

3. Construction of field channels:

(Outlay R.433.00 lakins)

The provision is for constructing field channels in the Upper Krishna, Malaprabha and Ghataprabha projects.

4. Warabandi:

(Outlay B.30.00 lakhs)

For the properand conjunctive use of water and to ensure water to tailenders in the major irrigation projects, warabandi is essential.

5. Subsidy to Small and Marginal Farmers.

(Outlay N. 14.00 lakhs)

It is proposed to provide subsidy to small and marginal farmers to develop land in order to utilise irrigation facilities.

6. Adoptive trials:

(Outlay 8.16.00 lakhs)

In order to encourage and train farmers, who had been following dry land cultivation in the past, to take up new crops and technology with the introduction of irrigation, adoptive trials are proposed to be taken up.

7. Project studies and research:

(Outlay B.25.00 lakhs)

It is proposed to continue the research studies taken up to find solution to various problems that arise in irrigation projects.

8. Myurchase of equipments (Outlay m.27.46 lakhs)

9. Ground water survey and Investigations

(Outlay M. 10.00 lakas)

10. Land Development training Centre:

(Outlay h. 14.00 lakas)

The provision is for maintaining the centre for providing training in land development.

For all the above schemes the centre makes a matching contribution.

11. Ayacut Roads:

(Outlay B.73.50 lakhs)

The provision is for construction of ayacut roads in the Command Area of irrigation Projects.

12. Field drains:

(Outlay m. 35.00 lakhs)

The outlay is for providing field drains to drain the excess water in the cultivators' fields.

13. Construction of markets:

(Outlay m.3.00 lakhs)

It is proposed to construct markets in the command areas to help the farmers in selling their produce.

- 14. Housing: (Outlay h. 113.00 Lakhs)
- 15. Other schemes: (Outlay h.58.54 lakhs)
- 7. ANIMAL HUSBANDRY:

(Outlay h. 248.40 lakhs)

Animal Busbandry plays an important relein predominantly agricultural economy, by previding gainful employment to the weaker sections of the society besides providing food of high mutritive value for the health and well b being of the people. The Primary objective of Animal Hubbandry Programme is to provide adequate health coverage and breeding facilities to the livestock population in the State. The advent of the socio-economic programmes for uplifting the poorest of the poor above the poverty line have increased the activities, particularly the breeding programmes in order to provide the livestock with higher production potentialities.

Direction and Administration:

(Outlay B. 17.80 lakhs)

1. Scheme for strengthening of staff:

(Outlay 15.7.80 lakh

The staff connected with the development agencies like DPAP, CAD, IRDP, etc. is to be continued and for that the above provision has been made.

2. Veterinary Education and Training:

(Outlay N. 10.00 lakhs)

To meet the shortage of para-veterinary staff training centres would be established to train candidates for the post of veterinary and livestock. Inspectors and Compounders with the above outlay.

Veterinary Services and Animal Health:

(Cutlay M. 99.60 lakhs)

3. Scheme for eradication of Rinderpest: (Vaccine):

(Outlay 2.2.00 lakh)

It is proposed to effectively control this disease by carrying out periodical vaccinations by purchasing the vaccine. 4. Scheme to Control foot and mouth disease:

(Outlay R.4.50 lakhs)

Systematic vaccination programme will be taken up to control this disease. The cost of vaccine is subsidised in the ratio of 25:25:50 among, Government of India, State Gowernment & the beneficiaries.

5. Epidemological studies of foot and mouth disease:

(Outlay B.O).60 lakhs)

The All India Co-ordinated Project of the ICAR for epidemological studies on food & mouth disease requires the above outlay. The scheme attracts 75 per cent of financial support from ICAR.

6. Scheme for establishment of Rinderpest and surveielance containment vaccimation:

(Outlay R.O.50 lakh)

This scheme is designed to detect the disease by continuous vigilance and arresting the disease at once. This scheme attracts 50% share from the Centre.

7. Scheme for eradication of rinderpest in border areas:

(Outlay Rs.4.00 lakhs)

This scheme is designed for vaccination of animals moving in inter-state border areas and located in villages adjucent to the inter-state borders to control the spread of disease from one state to another centre contributes 50% of the total outlay.

8. Scheme on systematic control of live stock disease of national importance:

(Outlay B.3.00 lakhs)

This scheme of controling Canning Rabies disease will continue with 50% contributes from centre.

9. Buildings:

(Outlay N.3.00 lakhs)

The outlay proposed is for the construction of buildings.

10. Scheme of opening of Rural Veterinary Dispensaries and upgradation of Rural Veterinary Dispensaries to taluk type: (Outlay N.35.00 lakhs)

With a view to providing adequate health coverage and breeding facilities, it is proposed to continue the Rural Veterinary Dispensaries.

__1. Mobile Veterinary clinics:

(Outlay N.40.00 Lakha)

The Mobile Veterinary Clinics established under various schemes are proposed to be accomodated and maintained.

12. Hospitals and Dispensaries:

(Outlay N.7.00 lakhs)

This scheme is designed to provide additional infrastructure to the two major mospitals located at Bangalore and Hubli.

Investigation and Statistics:

(Outlay B. 12.00 lakhs)

13. Animal Husbandry Statistics and Live stock Census:

(Outlay R. 10.00 lakhs)

It is proposed to conduct 13th quinquenial live stock census and for that the above provision is made.

14. Sample survey scheme for estimation of Milk, Egg and Wool:

(Outlay B.2.00 lakhs) It is proposed to conduct a survey to estimate the production of animal products like milk egg and wool for this purpose, the centre's be ing 50% share.

Cattle Development:

(Outlay B.50.50 lakhs)

15. Hallikar Cattle Breeding Station at Kunikenahalli Kaval in Tunkur district:

(Outlay N. 8.00 lakhs)

This scheme has been taken up to maintain pure line Hallikar breed. The bulls produced at this farm will be utilised for breeding.

16. Scheme for strengthening of the Centralised Semen Collection Centres/ Frozen Semen Bank:

(Outlay M.4.00 lakhs)

It is necessary to strengthen the infrastructure facilities at centralised semen collection centre, Hebbal, like bull sheds, strength of bulls etc., to meet the increasing demand for the Frozen Semen.

17. Scheme for Intensive Cross Breeding of Cattle/Buffaloes with improved fromen semen:

(Outlay h. 10.00 lakhs)

It is proposed to extend the frozen semen technology to 50 more centres in addition to the existing 80 centres.

18. Strengthening of Livestock Farms:

(Outlay E.1.00 lakh)

This scheme is designed for extension activities in composite livestock farms and research station, Hessaraghatta.

19. Buildings:

(Outlay 2.0.50 lakh)

It is proposed to complete the spill - over works under cattle development.

20. Red Dane project:

(Outlay N.3.00 lakhs)

This scheme is designed for the grass land development and the continuation of Heifer Project at Kudige sub-station.

21. Crossbred Heifer Project:

(Outlay B.3.00 lakhs)

It is proposed to construct a erossbred Heifer Project at Yeumedoddie

22. Artificial Insemination Centres:

(Outlay 2.9.50 lakhs)

It is proposed to continue the 38 Artifier cial Insemination Centres under this scheme.

23. Establishment of Bharatiya Agro Industries Foundation Cattle Breeding Centre:

(Outlay B. 10.00 lakhs

З

It is proposed to continue the 50 Artificial Insemination Centres already established by the Bharathiya Agro-Industries Foundation.

17

24. Scheme of assistance to Small/Marginal Farmers and Agricultural Labourers for rearing of crossbred Heifers:

(Outlay R.1.50 lakhs)

The outlay is for the continuation of this scheme. The scheme attracts 50 percent share from the Government of India.

Poultry Development:

(Outlay R.7.50 lakhs)

25. Transferred Scheme of National Poultry Breeding Programme:

(Outlay R.2.50 lakhs)

This scheme which was started during 77-78 is proposed to be continued with the objective to involve a better strain of poultry for higher production.

26. Egg marketing board:

(Outlay R.3.00 lakhs)

It is necessary to establish a marketing organisation to ensure marketability to the poultry products and also to give higher returns due to elimination of middlemen.

27. Building:

(Outlay R.2.00 lakhs)

The outlay is for expansion of hatchery building at central poultry farm, Hessaraghatta.

Sheep and Wool Development:

(Outlay N. 15.00 lakhs)

28. Large Scale Sheep Breeding Farm at Challakere:

(Outlay R. 15.00 lakhs)

This farm was established to produce crossbred rams of Daceani Corridale rams for better quality of wool and increased quantity of mutt-on. It is proposed to continue this scheme, for that the above outlay is earmarked. Piggery Development:

29. Building:

(Outlay is.3.00 lakins)

(Outlay hal OO lakh)

In order to increase the strength of pigs additional accommodation is required at Koila pig breeding station.

30. Pig breeding station, Koila:

(Outlay No.2.00 lakins)

The pig breeding station has to be continued for producing exotic breeds to boards and distributing them to farmers in order to upgrade and the local breeds.

Fodder and Feed Development:

(Outlay &.2.50 lakhs)

31. Grass land development:

(Outlay B.1.00 lakh)

The outlay proposed is for the grass Land development of Amrithmahal Kavals.

32. Fodder Bank:

(Outlay M.1.50 lakhs)

The fodder bank at Birur has to be contin-ued for procurement and conservation of fodder.

Other Programmes:

(Outlay E.40.50 lakhs)

33. Tribal Sub-plan:

(Outlay N. 6.00 lakhs)

The tribal population have to be assisted for setting up of Dairy, Poultry, Piggery, Sheep and Goat Units, to improve their economic cond-ition. In all about 120 families are likely to be benefited.

34. Special Component Plan:

(Outlay N. 28.00 lakhs)

In order to uplift the Scheduled Castes population, assistance has to be given to them, for setting up of Dairy, Sheep, Poultry, Goat and Piggery units, in all the districts. In all about 530 families are likely to be benefited.

35. Scheme of small/marginal farmers and agricultural labourers for poultry, piggery and sheep production programme: (Outlay 8.6.50 lakhs)

The outlay proposed for this scheme is for assisting the small/marginal farmers and agric-ultural labourers in setting up of units of po-ultry, sheep and piggary. This scheme has to be continued and for that the above outlay is proposed, which attracts 50% share from centre.

8. DAIRY DEVELOPMENT (Outlay Rs. 321.00 lakhs)

The World Bank assisted Karnataka Dairy Development Project is being implemented by the Karmataka Dairy Development Corporation. The project covers the districts of Bangalore, Mandya, Mysore, Chikmagalur, Kolar and Tumkur. by

1. Operating expenditure including fodder Seed subsidy.

(Outlay Es. 267.35 lakhs) The Uaions, which organise the Dairy Co-operative Societies, have to provide artificial incomination and veterimary services to the cattled owned by the members of the society. They also have to arrange for sale of concentrated cattle feed at reasonable rates and fodder see-ds at subsidised rates to the farmers They also organise the milk routes for the formation of societies and transportation of milk from the societies to the Dairies/Ohilling centres, ia addition to attending to extension work training programme etc., The Unions are also required to maintaim the diagnostic laborato-ries established under the project. To fulfil work, these objectives, the above provision has been nade.

Grants to provide the necessary equipments to the dairy Co-operatives. 2. (Outlay Rs. 20.00 lakes)

The State Government has to make available as grant to each Dairy Co-operative Society, materials like milk testing equipments. Veterinary first-aid kits, office furniture and ot-her equipments. For this the above outlay is provided.

3.

Expansion of miltone umit. (Outlay Rs. 20.00 lakas) The miltone unit at Bangalore is now wor-king as an independent unit under the KDDC The State Government has to provide funds for building, transportation, warehousing and ins-urance of equipment till the commissioning of the unit. Also funds have to be provided for development and operation of the project and to neet the matching commitments for subsidis-ed/free distribution of miltone. For all the-se programmes the above outlay is provided.

Provision for meeting the deficits of the Dairy Units constructed under the project and debt servicing. (Outlay Rs. 13.65 lakks) 4.

According to the agreement with the World Bank, the State Government is committed to meet the operating deficits of plants and units under the project including the liabilities arising an account of debt servicing and for this the above provision has been nade.

9. FISHERIES

(Outlay Rs. 337.60 lakas)

Karmataka has very good fishery potential with about 300 kms. of coastline, which has about 25,000 square kms. of continental shelf where marine fishing can be done. That apa-rt, there is about 8,000 hectares of brakish water resources and about 4 lakk hectares of intermediate for a second seco inland fishery resources. Optimum exploitat-ion of these resources will provide income to weaker sections, nutritious food to the people and valuable fereign exchange through exports. This is aimed to be achieved through exploi-

tation of marine resources and increasing the production in the 1* inland waters. 1. Direction and Administration

(Outlay Rs. 14.00 lakhs) It is necessary to continue the staff sactioned to zonal offices, to cope with the ad-ditional work arising from new programmes like IRDP, DPAP, CADP and other Central schemes.

Office buildings have to be constructed at district level. For these the above outlay has been provided.

EXTENSION:

(Outlay Rs. 5.50 lakhs)

2. Exhibition.

(Outlay Rs. 1.50 lakhs)

It is proposed to arrange exhibitions for highlighting the importance of fisheries deve-lopment and for that the above outlay is provided.

3. Aquarium

(Outlay Rs. 4.00 lakks)

The acquarium at Cubbon Park, Bangalore, will be maintained and new acquarium building at K.R. Sagar, is proposed to be construct ed.

Fish Farns

4. Construction of Fish Farms

(Outlay Rs. 20.00 lakas)

It is proposed to construct 3 hectrares of pond area and provide ancillary facilitis in the farm such as staff quarters, laboratory,st-ore rooms, water supply etc., Repairs and main-temance of Obsolete farms will also be taken up with the above outlay.

HATCHBRIES:

5. Fish seed production rearing and distribution

(Outlay Rs.20.00 lakks)

It is proposed to produce 15 crores of f-ish seed by drawing up various innovative measures and schemes.

6. Research

(Outlay Rs. 1.00 lakh) The ongoing research projects on the cul-tural possibilities of paleononid prawns and on food and feeding habits of puntius pulchel-lus, will be continued.

7. Education and Training (Outlay Rs 3.00 lakks)

The training centres at K.R.Sagar and Ha-garibommanahalli are to be continued besides deputing the officers for various training co-urse. It is also proposed to strengthen the extension cell. A comprehensive scheme of fisheries extension is to be launched to prov-ide package of extension services to the pub-lic. For all these the above provision is 11c. nade.

INLAND FISHERIES:

(Outlay Re.28.00 lak ha)

8. Development of Reservoir Fisheries (Outlay Rs. 2.00 lakas)

The ongoing units of Rakaskop, Thomaur and Lingunanakhi are to be continued. This scheme also covers the expenditure on the Phil the State Level reservate fisheries committee,

9. Development of Riverime figheries (Outlay Rs. 2.50 lakhs)

The survey units at Mysore, Dharwar are to be provided with vehicles to ensure effect-ive implementation.

10. Assistance to fishermen for procuring fishery requisites (inland) (Outlay Rs. 2.00 lakas) 11. Assistance for construction of tanks for fish culture

(Outlay As.0.50 laka)

The scheme envisages sanction of 33#3 per cant subsidy on the capital cost of construction of tanks subject to a maximum of per tank. It is proposed to assist 5 Rs10,000 units during the year.

Fish Farmers Development Agencies (Outlay Rs P21.000 (Dahma)) 12.

The ongoing fish farmers development age-ncies are to be continued. It is proposed to start three more fish farmers agencies during the year. development

FISHING HARBOUR AND LANDING FACILITIES:

(Outlay Rs. 24.00 lakks)

13. Mimor fishing ports (Outlay Rs. 20.00 lakks)

It is proposed to complete the fishing harbours at Malpe, Mangalore and other minor harbours.For all these "Centre's share is 50%; 15: Provision of landing and berthing facilitie ies. (Outlay Rs. 4.00 lakhs)

landing and berthing facilities existing along the coast are inadequate, it is envisaged to construct new jetties and also to maintain the existing jetties and auc-tion halls.

15. <u>Deep Sea Fisheries</u> (Outlay Rs. 4.00 lakks)

The scheme of granting 25 per cent subsi-dy on marine diesel engines is to be implement ted. It is proposed to assist 8 fishermen with medium sized deep sea vessels. It is also proposed to grant interest free loan to provid de entrepreneurs with 95 per cent loam assisde entrepreneurs with 95 per cent loan assistance.

16. Processing preservation and marketing (Outlay Rs. 2.00 lakhs)

Eight local bodies and fisheries co_operative societies will be sanctioned loan-cum-subsidy in equal proportion for construction of fish markets. The fish markets at Shimoga, Mysore and Bangalore are to be maintained.

Mechanisation and Improvement of Fishing Craft: (Outlay Rs 6.00 lakas)

Two petrolling squads are to be created and the existing four training and survey-cumpetrol units will be converted into petrolling squads and all the units are to be equipped with speed boats.

18. Assistance to traditional fishing (Outlay Rs.2.50 lakhs)

Under the bankable scheme 25 per cent subsidy is to be given to 46 gillnet units bene-fitting 114 fishermen. Also 33 members of the marine fisheries co-operatives will be sanctioned loan-cum-subsidy in proportion of 2:1 for purchase of nylong nets, boats, hooks etc.,

OTHER PROGRAMMES:

(Outlay Rs. 207.60 lakhs)

State Fisheries Corporation (Outlay Rs. 10.00 lakhs) 19.

The Corporation will be encouraged to take up on deep sea fishing through joint ventures

by chartering of sea vessels from abroad.

20. Mariculture

(Outlay Rs. 2.00 lakhs) The mariculture unit at Karwar is being shifted to Dakshina Kanmada where the existing farms at Mulky, Pavanje and Kodi - Coondapur could be brought under brakisk water culture for adopting latest technology of prawn culture Spill over works of Pavamje and Kanasagiri farm are in prograess.

21. Fisheries Link Road

(Outlay Rs. 5.00 lakks)

In order to ensure quick movement of fish from landing centres to marketing centres by linking fishery roads with national high ways, 10 fishery link roads (fresh and spill over) are to be taken up in the coastal lines and inland districts.

Infrastructural facilities to coastal vi-22. llages

(Outlay Rs. 5.00 lakhs)

Construction of ice plants, fish curing yard, community hall, service station ect., at Shirur, Alvekodi - Thengingundi will be comple-ted. The staff sanctioned have to be continuded for maintemance, operation and supervislon of umits.

Assistance to Co-operative Socieites. 23. (Outlay Rs. 8.00 lakks)

Managerial subsidy is to be granted for the appointment of a secretary to manage 25 secreties and ten societies are to be given share capital contribution.

24. Indo-Danish Project

(Outlay Rs. 139.00lakhs)

The scheme covers the activities liks wa-ter supply and drainage works, construction of quarters and other buildings, distribution of of acchanised boats purchase of machineries.

25. Sagaradee pa Scheme

(outlay Rs. 9.60 lakhs)

The scheme covers (1) share capital capi-tal contribution to 20 dormant socisties (11) release of grant to the K.F.D.C. to extend the cold chain scheme and (111) subsidy to 20 fish farmers for taking up fish culture in saline veter logged space the water logged areas.

26. Brackish water fish farming

(Outlay Rs. 5.00 lakks)

About 20 hectares will be brought under intensive bracksih water acquaculture to augment the production of exportable varieties of prawns and to generate ample rural employment opportunities. For this the Centre's share of share being 50%.

27. National fish seed programme

(outlay Rs. 6.00 lakas)

The work on the construction of two hatcheries at Shivapur and K.R.Nagar is to be co-ntinued. For this Centre's contribution is 70%.

28. Tribal sub plan

(Outlay Rs. 3.00 lakhs)

It is propsed to continue the tribal training centre at Kabini and train 100 inland tribal candidates for three months. Fishery reuisites to 50 groups consisting of coracles and nylon nets costing Rs.1,500/- to each group of two trained canditates will be supplied. Trbal candidates for tank fisheries will also be ascisted.

29. Special component plan

(Outlay Rs. 15.00 lakks)

This scheme is designed to train 200 SC candidates, to supply fishery requisites to 150 groups of 2 fishermen, and to assist 25 groups of fishermen at 60% subsidy in tank fi shing. Training centre at B.R.Project will be comtained and spill over works of Dormitory will be completed. Gill net boat cum trawlerm will be supplied to 11 groups of 5 marine fishermen at 331/3 per cent subsidy.

10. FORBST

(Outlay Rs. 1,326.58 lakks)

The forest area, in Karmataka, comprises of 20 per cent of the total geographical area of the State as against 23 per cent of the country as a whole. Much importance is being given for the development of Teak, Cashev, Softwood, Bucalyptus, Fuel, Bamboo, Sandal, Cocoa, Rubber, etc., Social forestry has assumed considerable importance in recent years as an effort to provide the farmer his requirement of small timber, firewood, fodder, grass, mamure, etc. Forestry operations are labour intensive and can reduce unemployment and underemployment among the weaker sections of the society and achieve a more balanced forest growth.

Direction and Administration:

(Outlay Rs. 3.45 lakhs) 1. Strengthening of staff in the head office (Outlay Rs. 1.15 lakhs)

In order to effectively implement the important projects like western ghats development, D.P.A.P., C.A.D.A., Cachew Development Scheme, Project Tiger, etc., it is necessary to strengthen the staff at the headquarters, with the above outlay.

2. Project Formulation, Monitoring and Evaluation Unit

(Outlay Rs. 2.30 lakh

A number of plan schemes are under implementation besides it is required to formulate projects for international assistance by following standard formats. It is, therefore, necessary, to set up a unit for project formulation, monitoring and evaluation. For this purpose the above outlay is proposed.

search:

(Outlay Rs. 17.30 lakas)

3. Forest research

(Outlay Rs. 15.00 lakhs)

Remearch programmes, for increasing the output of quality timber, utilisation of forest produce, investigation in ecological asjects, as well as, activities such as building up of museum, raising seed orchards, collecting herbarium specimen, developing social fbrestry and standardising plantation techniques are proposed to be undertaken under this scheme.

4. Forest statistics

(Outlay Rs. 2.30 lakas)

In view of the need to build a good data bank for effective planning and implecentation of the forest projects, it is necessary to strengthen the existing statistical unit by appointing statistical assistants at the circle and divisional levels as recommend ied by the National Commission on Agricul-ture

Education and Training:

(Outlay Rs. 4.60 lakas)

5. Training institution

(Outlay Rs. 4.60 lakas)

A large number of trained personnel arerequired to implement the various schemes. At present the Range Forest Officers are trained in colleges run by the Government of India. The foresters and guards are trained at the training institute run by the State Government. To continue these training programmes, the above outlay is proposed.

Forest Conservation and Development:

(Outlay Rs. 44.20 lakks)

6. Rehabilitation of degraded forests (Outlay Rs. 26.00 lakes)

This scheme which was included in the fifth plan envisaged rehabilitation of forests mostly in dry regions. Now it is also proposed to cover the evergreen and moist deciduous forests in this programme in view of the fact that tending works are to be taken up in evergreen forests after coupe working to cover the gaps through gap planting. In the deciduous zone there are vast areas of plants which could be tackled under mixed plantations with fast growing species. Regeneration of bamboo is deficient in the bamboo zone and this has to be supplemented by artificial regeneration. Under this scheme it is targetted to cover 360 hectares, for which the above provision is made.

7. Intensification of forest management (Outlay Rs. 18.20 lakhed)

The scheme provides for proper reorganisation of beats, rounds, tranges, etc., as the existing jurisdiction of the protection and executive staff in some of the divisions is very large and unmanageble from the view point of efficient management and protection. It is also necessary to provide equipment for quick communication and movements to protect valuable forest wealth. Forthis purpose the above outlay is proposed.

Survey of forest resources:

(Outlay Rs. 18.00 lakhs)

8. Demarcation and survey (Outlay Es. 18.00 lakhs)

At present, five working plan division do the work of preparing working plans and revising old ones. With the transfer of C and D class of lands to the Forest Department, the work has substantially increased and it is proposed to set up additional survey parties. The above outlay is earmarked for this purpose, with a target of 10,000 kms.

Plantation Schemes:

(Outlay Rs. 210.63 lakhs)

9. Cashew development

(Outlay Rs. 10.00 lakhs)

It is proposed to continue the raising of cashew plantations in coastal districts since it provides gainful employment to sub-marginal farmers as also a valuable exportable commodity. It is proposed to cover 225 hectares under this scheme for which, the above outlay is proposed.

21

10. Teak plantations

(Outlay Rs. 18.00 lakhs)

The State has considerable area of valuable teak and it is proposed to undertake planting of an additional 515 hectares involving the above outlay.

11. Match wood plantations

(Outlay Rs. 15.28 lakks)

The demand for soft woods particularly the wood required for match industry is increasing year after year. In addition to this, several new industries like packing case industries have been established of late and at present the requirement of the existing industries is being made by harvesting the soft woods from the natural forest. It is estimated that the natural forest will not be able to supply the growing demand in the years to come. So far, 47,700 hectares of potch wood plantations have been raised. It is proposed to raise another 340 hectares with the above outlay.

12. Establishment of progeny orchard for cashew

(Outlay Rs. 0.35 laka)

The progeny orchard of cashew established earlier, to propagate high yielding varieties of cashew is to be continued. This is centrally sponsored scheme with 50 per cent contribution from Centre and the State contribution is as outlayed above.

13. Afforestation of grassy lands (DANIDA Scheme)

(Outlay Rs. 30.001akhs)

A project for afforestation of grassy lands in Chickmagalur, Hassan and Shimoga districts is being taken up on an experimental basis to find out suitable species that can be introduced. For this purpose, the above outlay is proposed. Atleast 100 hectares would be covered under this scheme.

14. Share capital to Karmataka Forest Plantation Corporation

(Outlay Rs. 92.00 lakas)

The State Government has to contribute share capital to the Corporation for the implementation of eucalyptus scheme and for this purpose, the above outlay is earmarked.

15. Share capital to Karnataka Cashew Development Corporation (Outlay Rs. 45.00 lakks)

It is proposed to invest the above outlay in cashew development projects of the Corporation through equity contribution of share capital.

Communication: and buildings: (Outlay Rs. 34.00 lakas)

16. Communication (Outlay Rs. 5.00 lakks)

The scheme provides for improving the existing roads in forest areas and to open up 65 kms. of new roads to tap the inaccessible areas for exploitation and for better forest management. The above outlay is earmarked for this purpose.

17. Buildings (Outlay Rs. 29.001akhs)

Under this scheme, it is proposed to construct residential buildings for the subordnate staff working in remote forest areas in order to station them in the strategic places for better supervision of forest works and for effectively protecting forest wealth from pilferage. Quarters are to be provided also at district and divisional levels. In all about 50 buildings would be construed and for this purpose the above outlay is provided.

Preservation of wild life:

(Outlay Rs. 82.40 lakas)

18. Nature conservation of wild life (Outlay Rs. 50.00 lakhs)

There are at present three national parks and 13 wild life sanctuaries in the State. The scheme envisages development of some of the sanctuaries with special emphasis on construction of game roads, tourist lodges, purchase of vans for conducting visits in the sanctuaries habitat, improvements, etc., It is also proposed to create special wild life mobile squads to purtol vulnerable forest areas and prevent packing of wild life animals. For this purpose, the above outlay is proposed.

19. Project Tiger - Bandipur (Outlay Rs. 7.50 lakhs)

Project tiger is a centrally sponsored scheme particularly financed by the Wild Lif-Fund being implemented particularly for the conservation of the tiger population in the the country and for creating conditions in the sch lected forest areas for the rapid multiplic ation of the fast dwindling species. In Kar nataka, the scheme is under implementation 1 Bandipur national park. As a part of the Ste te share the above outlay is earmarked for the scheme.

20. Bannerghatta National Park

(Outlay Rs. 5.80 lakh:

This is also a centrally sponsored schem with 50 per cent matching grant provided the Government of India. As a part of the Stete contribution, the above outlay is proposed

21. Development of zoological garden - Mysor (Outlay Rs. 3.90 lakks

The "Zoo Authority of Karnataka" has be formed as autonomous body to develop the zoo Till such time the Zoo Authority is able maintain itself from its own resources, it i necessary to give grant-in-aid to the said A thority, for which the above provision has ben made.

22. Baadra sanctuary

(Outlay Rs. 4.60 lak

The Government of India have come forwa to finance 50 per cent of the non-recurring expenditure on this scheme and the State h provided the above outlay as its share.

23. Ramibernur sauctuary (Outlay Rs. 4.60 lake

The Government of India have come form to finance 50 per cent of the non-recurring penditure on this scheme and the State has vided the above outlay as its share.

24. Bio-sphere Reserve

(Outlay Rs. 6.00 lak

Under this scheme, it is proposed to a ect a few representatives of eco-systems the State and declare them as bio-spheres a detailed investigation of their matural motioning and the impact of mam and his act ities on them. It is proposed to set up such bio-spheres in the State including Bar pur and Nagarahole sanctuaries. For this purpose, the above outlay is earmarked.

Other programmes

(Outlay Rs. 1,412.00 lakes)

25. Forestry for rural energy needs (Minimum Needs Programme) (Outlay Rs. 709.40 lakhs)

Farm and extension forestry did not gain the required momentum during Fourth and Fifh Five Year Plans in the State. During the Sixth Plan, it is proposed to take up for planning all available vacant lands im a phased manner. Barren Government waste lands, gomal lands, foreshores of tanks and reservoirs, waste lands around public sector undertakings and educational institutions in cities and towns, either sides of the roads and canal banks, etc., will be taken up for planting under this scheme. It is, therefore, prposed to have a massive programme of social forestry in the State and for this purpose the above provision has been made. Under this programme, it is propped to take up planting in 10,000 hectares, apart from maintaining 13,000 hectares and also raising 20 crore seedlings.

'6: Bural fuel wood plantations (Outlay Rs. 100.00 lakhs)

To overcome the shortage of fuel wood in rural areas, which has resulted in illicit felling in forests by the village people, as well as, a measure of security against depletion and destruction of forest resources, fuol wood plantations and small timber plantations are to be raised in available open lands. Five districts namely, Bangalore, Kolar, Mandya, Bellary and Gulbarga have been selected under this programme and 4,800 hectares would be covered besides 800 lakks of seedlings would be distributed. For this purpose, the above outlay is provided, as a State share (50 per cent).

>7. Special Component Plan

(Outlay Rs. 47.75 lakas)

Some of the scheduled caste people live Lose to the forest areas. To improve their income and living conditions, it is proposed to raise plantations producing minor forest produce and of species fit for tassar cultiwation, supply them with banboos free of cost for cottage industries, train them in improved logging and forestry activities and construct houses for them. For this purpose, the above outlay is provided. The physical argets being, raising of plantations for taisar silk cultivation in 50 hectares, silvi jesture in 50 hectares, construction of 200 free houses to forest labourers, training 500 bersons in logging and other forest activitis, establishment of three co-operative socities for scheduled caste forest labourers, aising of banboo plantations and MFP plantaons in 100 hectares, raising of social secuity plantations in 800 hectares and free suply of 24 lakh seedlings to scheduled caste eople. 28. Publicity

The need for the publicity of the activities in the forestry has become acute specially with the initiation of the social forestry programmes and therefore a publicity wing has to be created along with a mobile publicity van equipped with a projector and trained staff and for this purpose, the above provision has been made.

29. Establishment of samdal-wood estate (Outlay Rs. 18.00 lakhs)

It is proposed to take up intensive plantation of sandal-wood on large scale in tracks where sandal-wood is predominant in the past and free from spike disease. This has become necessary in view of snugling of sandalwood on a fairly large scale and also due to grazing, lopping and fires. For this purpose, the above outlay is provided, with a target of 800 hectares of new plantaticns.

30. Subsidised plantations for cashew

(Outlay Rs. 3.75 lakes)

In order to increase area under cashew to meet the demand for cashewauts by the processing industry and to give an incentive to the State Government for raising for large scale of plantation, Government of India have sancuoned scheme for raising plantation of cashew with subsidy of Rs. 300 per hectare. A begining has been made during the later part of the Fifth Flan and it is proposed to continue the scheme with a target of 360 hectares and for that the above provision is made.

31. Tribal Sub-plan

(Outlay Rs. 28.75 lakas)

There are few pockets in the forest areas of the State with considerable tribal populat_ ion. The poor living conditions of the tribals warrant welfare measures, as most of them either directly or indirectly dependent on the forest for their livelihood. It is therefore proposed to take up some of the forestry projects like, raising fruit and mimor forest produce yielding plantations near the tribal colonies, raising plantation for tassar silk cultivation, training in logging and other forestry operations, organising co-operatives of tribal people to collect forest produce, construction of houses, etc. For this purpose the above outlay is earmarked. The physical targets being, construction of 200 houses, construction of 12 common lavatories, raising of MFP plantations in 164 hectares, raising of 6.5 lakes of polytheme bagged seedlings and starting of one tribal co-operative society.

32. Establishment of plan momitoring cell (Outlay Rs. 0.35 lakh)

To monitor the rural fuel wood plantation scheme, which is assuming large proportion a cell is to be established at the headquarters. This scheme attracts 50 per cent contribution from the Centre and the State has provided remaining outlay as above.

11. MARKETING

(Outlay Rs. 13.20 lakas)

Improved methods and services of marketing play an important role in the development of agricultural sector. Better marketing facilities for agricultural produce would ensure reremunerative prices and consequently step up agricultural production. This has to be achieved by regulatory measures by adopting scientific methos of marketing. The Department of Marketing enforces various regulations and activities visualised under the Karnataka Agricultural Produce Marketing (Regulation) Act 1965 and the Agricultural Produce (Grading and Marketing) Act 1937 (Central Act). It also implements the programme of regulated markets for agricultural produce.

1. Chief Marketing Officer (Strengthening the administrative set up of the Department of Marketing)

(Outlay Rs. 7.20 lakks)

The additional posts created for Karnataka Agricultural wholesale Markets Project, Engineering Cell, and Kannada Language administration are to be continued. It is also proposed to create a Vigilance Enquiry and Inspection Cell to detect cases of evasion of market fees and to prevent leakage. The posts sanctioned during 1982-83 for the district offices of Kodagu and Chickmagalur are to be continued.

2. Scheme for grading of ghee, Butter and edible oils, Agricultural commodities and Betelnuts. (Outlay As. 3.70 lakhs)

Grading of agricultural commodities is being done at important regulated markets. The 'AGMARK' grading of ghee, butter, edible oils and honey etc., is beingdone by Government la boratories. To supervise the grading done by primary grading units, a supervisory grading centre has been established at Gulbarga and the posts sanctioned upto the end of sixth plan are to be continued. The existing 10 grading units are to be continued. It is proposed establish 2 more gr ding units at Kadur and Shahapur during the year.

3. Training of marketing personnel. (Outlay 3. 1.00 lakhs)

The scheme envisages payment of travelling allowance to the staff deputed for training in different fields of Agricultural marketing both within and outside the State.

4. Scheme of market committees for creation of market Intelligence cell. (Outlay Rs. 0.50 lakhs)

Upto the end of 1982-83, subsidy has been given to 63 regulated market committees for market intelligence cell for getting maps, charts, pictographs to depict the trends in production, marketable surplus, arrivals, sales, stock and prices of notified commodities. It is proposed to give subsidy to 10 more markets during 1983-84. During 1984-85 also, 10 more markets are proposed for giving a subsidy of Rs. 5,000/- to each.

5. Scheme for providing expertise on Marketing in IADP and IAAP districts and other intensive production programmes.

(Outlay Rs. 1.00 laka)

The scheme is designed for providing, requisite guisance in the marketing of agricultural produce in IADP and IAAP areas. The market extension officers appointed for the purpose at Raichur, Belgaum, Shimoga, Gulbarga and Mysore are to be continued for providing marketing expertise.

12. STORAGE AND MAREHOUSING

(Outlay Rs. 49.55 lakhs)

The Karnataka State Warehousing Corporation has been set up with objective of creating storage and warehousing facilities in the State. The Corporation undertakes construction of warehouses and also hires warehousing space from private individuals whereever suitable facilities are available.

1. National Grid of Hural Godowns (Outlay Rs. 49.55 lakks)

It is proposed to construct 25 new godowns with a capacity of 1,000 tonnes each at different places in the State depending upon the availability of land and commercial importance.

13. INVESTMENT IN AGRICULTURAL FINANCIAL INSTITUTIONS

(Outlay Rs.314.00 lakhs)

Assured flow of credit from the Institational sources is of great importance for increasing production in Agriculture and allied Sectors. The major lending responsibility rests on Co-operative Institutions and to some extent, on Regional Gramina Banks.

a) Karnataka State Co-operative Land Development Bank Limited

(Outlay Rs. 302.00 lakhs

The Karnataka State Co-operative Land Development Bank issues loans for implementing special schemes on Herticulture, Land Reclamation, Minor Irrigation, Narmal Schemes, Farm Mechnisation and for Diversified Purpose. For the pickup dam, a programme of 14000 cump of concreting and 14000 cump of mason with the over the block of the pickup of the the other blocks.

In the forebay dam, the programme for 1984-85 provides for a total embankment quantity of 2.2 lakh cum which will bring the dam almost to the top level.

At the intake structure, priority is given for concreting of the intake structure piers and and abutments, to the extent of about 4000 cum in order to bring the structure above the EL 551. .8, which is the crest level of pickup dam.

In the Underground Power House, the benching excavations in the machine hall and transformer hall have to be completed in all respects, A total quantity of about 87000 cum is required to be excavated. In addition, the foundation concrete for 1st unit will also be completed to enable unit erection to start in March'85.

The steel lining of the pressure shaft No.1 along with Ypiece and branch tunnels is planned to be completed before March '85. The tonnage involved being about 2000 tons.

Concereting of tail race tunnels and ventilation tunnel steps will be completed during the year, as only about 8000 cum of concreting is involved.

At the main dam power house, the programme is drawn up to complete the power house structure especially the tail race portion before June '85, in order to ensure that back waters from pick up dam will not affect further works. The tail race gates are also planned to be erected before June '85.

On the equipment installation, the programme is to complete the erection of the EOT cranes in the top chamber, value house and Machine hall and to start the Ist unit scroll case erection in Unit-1 day.

11) Approved New Schemes

(Outlay is.550.00 lakhs)

The outlay proposed is intended to take up the following new schemes during the year1984-85.

1) Kalindadi Hydroelectric project State II

2) Ghataprabha Dam Power House

3) Shiwapura Project.

4) Mallapur Project.

5) Upper Krishna Project

6) Gangavati Hydro electric Project.

1. KALINADI STATE - II

The programme envisaged will broadly comprise of the following activities:

Completion of river diversion works in Dandeli dam.

Excavation for foundations of dams to an extent of 3.00 lakhs cum representing roughly 50 per cent of the total quantity.

Completion of excavations in the power house areas down stream of the three dams, with a total quantity of about 1.0 lakhs cum.

Foundation treatment and foundation concrete in the excavated blocks to an extent of 60000 cum.

Commencing the earth dam portion in

It is envisaged that with the commencement of the dam constructions in 1984-85 in full swing, we can expect the Dandeli dam to be completed by June '84, while the Kodasalli and Kadra dams could be completed by June 1990. The power house constructions will reach the stage when installation can start by June 1986 in case of Dandeli and by December 1987 in the case of Kodasalli and Kadra. It is necessary to order the generating units for all the three stations before the end of 1984-85 in order to Co-orde inate the deliveries with erection front availability. Accordingly provision is made for placing orders for the generating plant and for 10% advance payments.

The programme for 1984-85 also includes the procurement of nearly 2400 tons of steel plates required for the penstocks and for fabrication of the penstocks for the Dandeli dam where the dam would have come up earlier.

2. GHATAPRABHA POWER HOUSE PROJECT

In the year 1984-85, it is proposed to award the contract for the generating plant. provision is also made for the payment for EOT crane which would be supplied during the year. With regard to the civil engineering works the broad programme of work is as follows:

> Completion of all excavations in the power house area as well as the tail race construction areas and penstock trenches.

> Commencing power house construction and completing the repair bay with roofing on first priority. The power house structure should be raised upto crane beam level in Unit-I bay by June 1985.

> Completion of the penstock erection and concereting of the trenches for both units upto the power house.

The above porgramme will enable the FOT crane erection to be started immediately after March 1985 and for commencing the unit erection by September 1985 when the roofing of unit 1 bay is expected to be completed.

3 & 4. SHIVAPUR & MALLAPUR CANNAL DROP STATION:

These two power developments are envisaged on the Tungabhadra left bank canal and utilise the canal drop at Shivapur and Mallapur " for Power generation. Both the Sche-mes are technically cheared by the CSA, but formal sanction of the Planning Commission is not yet received It is expected that this sanction would be rece ived in the course of the current year. As these are small hudro stations for which emphasis is being given under the 20 point programe and a these are also quite economical schemes, it is proposed to take up both the projects in' -1984-85. The merge contribution from the two projects will be very valuable for meeting the deficits anticipated from 1987-88 onwards.

33

5. ALMATTI DAM-UPPER KRISHNA PROJECT

The advance action to be taken on the above irrigation project covers the embedment of penstocks and excavations for the power house along with the first stage dam construction, with a view to facilitate the power potential development when the second stage dam construction is taken up. It is envisaged to complete erection and concreting of all the six penstocks on the power dam.

6. GANGAVALI HYDRO ELECTRIC PROJECT:

However, the Gangavali Stage-I Project which was sanctioned by the Planning Commission has not yet been cleared for execution by the State Government, in view of the re-examination of the environmental aspects undertaken by the Bedthi Committee constituted by the Government.

MINI/MICRO HYDEL STATIONS:

(Outlay ms.55.00 lakhs)

Detailed project reports were prepared last year for the following mini/micro hydels on the canal drops of existing irrigation camals of Kaveri and Tungabhadra Irrigation Systems.

Maddur canal	drop station	21MW
Sirwar	-do-	1 MW
Ganekal	-do-	350 KW
Kalmala	-do-	400 KW

The programme of work is to complete the balance excavations and also take up the power house structure concreting on priority. The penstock erection will also be done as a parallelactivity. The contracts for the generating units will be placed in the beginning of 84-55, as the delivery will be less than one year for small units. It is expected that the generating unit components will start arriving by end of 84-85 and the installation can be taken up and completed in 85-86.

(C) TRANSMISSION AND DISTRIBUTION:

i) TRANSIMISSICH LINES AND SUB-STATIONS:

(Outlay B.2245.00 lakhs)

It is proposed to complete out-going work and some of the new works identified as very essential requirement to energise 60,000 I.P. sets and 1,600 villages. Major 229 K V works viz. loop line to Somanakalli. R.T.P.S.- lingasgur 91 K.M. Hoody-cowrisidam 76 K.M. and R.T.P.S.Raichur 20 Kms. are likely to be completed. The work likely to be taken up are Saimoga rural D.C 275 x 2 km, Shahabad. Humnabad D.C-75 x 2 km, Munirabad lingasugaur SC-80 km and Hubli Mahaligesur SC-120 km 220 kv transformers likely to be commissioned during 84-85 are: Somanahalli (New first 100 MVA, 220/86 km and Hotagalli (Modifications) 1 x 100 MVA, 220/66 KV Tr. The other likely to be commissioned 110 KV stations are Bidar, Puttur Udupi, Karwar, Ugar, Hukkeri, Gangavathi and Turuvenur. One of the important feature of 1984-85 plan under the above will be to give some of the transmission lines and sub-stations works to contractors for speedy execution.

11) EXTENSION AND IMPACVEMENT AND REDUCTION OF LINE LOSSES:

(Outlay &.805.00 lakhs)

The work covered are augmentation of capacities in certain sub-stations, contraction of sub-transmission lines, extension to distribution systems, augementation capacities of pole mounted, sub-station etc. System studies pertaining to Bangalore ring mains have been completed and as envisaged in the project report, reduction of losses, static reactive compensators are likely to be installed at Hoody 220 KV station during 1-84-85.

111) RURAL ELECTRIFICATION AND ENERGISATION OF

I.P. SETS:

(Outlay Rs.40.00 lakhs)

It is proposed to energise 60,000 I.P. sets and 1,600 villages, 2,682 hamlets under both KES. general programme and REC programme. RES New Delhi is being approached for financing the massive programme. 400 Harijan Basties are proposed to beelectrified in the villages already electrified.

iv) K. B. B. PROGRAMME-Tribal area Electrifications:

(Outlay R. 1320.00 lakhs)

Electrification of 24 colonies under K.E.B. programme would be covered. One scheme in Mudigere taluk has also been formed under REC programme.

v) Bhagya Jyotni Scheme:

It is proposed to energise as many as 1.7 lakhs number of houses with single out-let and 1.5 lakhs houses with twin outlets.

vi) Service connection works:

(Outlay R. 750.00 lakhs)

about 2.5 lakh new installation are likely to be serviced.

vii) Other works:

(Outlay is. 297.00 lakhs)

The items of works under this head are, buildings, T and P.L.D. and communication, acquisitions of generating stations miscellaneous works and investigation.

viii) Centrally sponsored schemes:

Inter State transmission lines and power supply to kudremukh are the two main items covered.

Works outside the state sector:

The 220 KV shahbad-Hyderabad transmission line is likely to be completed in 83-84 itself leaving some miscellaneous work in 1984-85.

Power supply to KUDREMUKH:

The main work of laying transmission lines has been completed. Completion of erection of control panal CCB etc at the switching station at Kemar are Scheduled, since at present the control is from Shimoga and Mangalore ends.

(Outlay R.5299.00 lakhs)

Development of industries in the state has been given a prime place in the planning area all along. The State Government has specially formulated an industrial policy in Karnataka during July 1983 for the development of industries in general and small, cottage and village industries in particular in the Annual Plan proposal for 1984-85.

A. LARGE & MEDIUM SCALE INDUSTRIES:

(Outlay &.1858.00lakhs)

The programmes undertaken in large and medium scale industries are; the development of infrastructure facilities required for industrial development in various parts of the State, strengthening of the State Industrial investment and Development Corporation, and State Financial Corporation for terms financing large, medium and small scale industries and strengthening of KEONICS for the ancillaries of electromic items and investment in the Mysore Paper Mills for the speedy completion of the various projects that are undertaken.

I. Industrial Infrastructure:

(1) <u>Karnataka Industrial Area Development</u> Board:

(Outlay R. 50.00 lakhs)

During the year 1983-84 the K.I.A.D. Board has acquired 765 acres of land and the acquisition proceedings are in progress and the Board has an ambitious programme to acquire 6544 acres of land subject to the availability of funds.

II. STATE FINANCIAL/PROMOTIONAL INDUSTITUTIO-NS:

(1) Karnataka State Financial Corporation:

(Outlay Rs. 285.00 lakhs)

The KSFC is lending term loan to small, medium and large scale industries for acquisition of fixed assets. It is programmed to increase the borrowing capacity of the Corporation for lending to more number of small scale industries as term loan.

(2) <u>Karnataka State Industrial Investment</u> and **Bevelopment** Corporation:

(Outlay Rs. 230.00 lakhs)

The corporation's main activities a are promotion of medium and large scale industries in the State by way of extending term loan facilities, participation in share capital of the Company, issue of guarantees etc. The orporation promotes number of joint sector projects.

III. PUBLIC SECTOR UNDERTAKINGS/COMPANIES:

(1) Mysore Paper Mills Ltd.

(Outlay R. 100.00 lakhs)

The Mysore Paper Mills Ltd. has taken up construction of Sugar factory with crushing capacity of 2500 TCD at an estimated cost of R.14.80 crores. The object of setting up of this factory is to make utilisation of surplus steam and captive power from the power system for the paper plant installed under the expension scheme and to utilise bagasse as substitute raw material for paper. The Company has also taken up raising of Captive Plantations in 30,000 hects of forest land allotted by the Government.

(2) Mangalore Chemicals & Fertilizers Ltd.

(Outlay No. 75.00 lakhs)

The Company is the largest fertilizer and chemical factory in Karnataka. It has taken up major diversification steps to produce phosphatic fertilizers. The Company is setting up 500 TPD Die Ammonium Phosphate Plant (DAP) based on imported Ammonia and Phospheric acid. A purge Gas Recovery Plant is also taken up to increase the efficiency of ammonia plant. The total project cost of DAP & TGP is estimated at R.3,427 lakhs inclusive of foreign exchange requirement of R.424.50 lakhs.

(3) <u>Karnataka State Electronics Development</u> <u>Corporation</u>: <u>KEONICS:</u>

(Outlay &.10.00 lakhs)

KEONICS is mainly engaged in development of various projects such as Electronic city,K-EONICS Video systems, KEONICS Material Centre, KEONICS Manufacturing Division and is proposed to take up production of colour TVs, Digital Electronic Watches and High voltage resistors, T.V. picture tubes (Black & White), two way communication system and printed circuit boards etc.

(4) Karnataka Silk Industries Corporation:

(Outlay R.127.001akhs)

The Corporation is executing world Bank assisted project for modernisation, expansion of silk weaving factories at Mysore, Silk filatures at T.Narsipur and Spun silk mills at Channapatna.

IV. OTHER INCENTIVES:

(1) State Investment Subsidy:

(Outlay Rs.251.00 lakhs)

The scheme was originally introduced in the year 1975 with 10% state subsidy in respect of units set up in notified industrial areas. In the year 1980, the State Investment Subsidy was extended to 53 more taluks in the State which are indentified as potentially viable for growth of industries. The Government have further revised the package of incentives and concessions classifying the State into four zones covering the entire State excluding Bangalore South and North taluks.

(2) Loans against Sales Tax Concession -Development Loan/working Capital Loan:

(Outlay Rs.730.00 lakhs)

The scheme envisages package of incentives and concessions, enhanced by the Government during 1975. The industrial units with an investment of R.10 lakhs and above fixed assets were eligible for sanction of loans against Sales tax concession in the form of development loan for creation of fixed assets and in the form of working capital loans against sales tax paid. With effect from 1.11.1982 the revised package of incentive and concession the eligibility of units for sanction of Development Loan/Working Capital Loan has been liberalised resulting in extension of the kenefit to a large number of units.

B. VILLAGE & SMALL SCALE INDUSTRIES

The main objective of the programme is for development of village and small industries to creat large scale employment opportunities. promote qualities of entrepreneurship decentralise and disburse industries, promote a agro-based and ancillary industries, improving skills is rural artisans, establishing intensive development project in selected crafts like leather industries, handlooms and handicrafts etc., and to provide institutional support for finance, raw-material, marketing etc.

I. HANDLOOMS:

Handloom industry in Karnataka occupies an important place and it provide employment to nearly half-a-million people in the State. There are 1,02,834 handlooms in Karnataka as per 1976 census. There are 262 handloom Weavers' Co-op. societies covering 59,981 looms. Karnataka Handlooms Development Corporation has covered hearly 12000 looms. The Government has given to these societies financial assistance in the form of loan, grant and investment.

(1) Investment in Apex Societies:

(Outlay R. 5.00 lakhs)

There are three Apex Wearvers Co-op. Societies for Cotton, Wool and Silk handlooms.These societies are implementing schemes of the handlooms industry. They also arrange for supply of yarn to the primaries and purchase the finis ed goods from them. In order to increase the forrowing capacity of these societies for their working capital requirements, Government is investing in the share capital of these societies.

(2) <u>Investment in Frimary Handloom Weavers</u> <u>Co-op. Societies:</u>

(Outlay Rs. 5.00 lakhs)

Government provides assistance to primary handloom weavers societies by investing in the form of share capital to enable them to increase their borrowing capacity.

(3) <u>Share Capital loan to Primary Weavers' Co-operative Societies:</u>

(Outlay Rs. 5.10 lakhs)

The scheme contemplates to bring more number of weavers in the co-operative fold and providing loans to the weavers to the extent of 90% of the share value repayable in 10 annual equal instalments.

(4) Managerial grants to primaries:

(Outlay R. 1.25 lakhs)

The newly formed weavers' co-operative s societies will not be having sufficient finance to meet the expenditure towards salary of the paid secretary and other staff. To enable the society meet the above expenses, managerial grants is bring provided on tapering basis. (5) Supply of improved looms & appliances to primary weavers' Coop. Soceities:

(Outlay 8.8.00 lakhs)

Improved types of looms and accessories are being supplied to primary weavers cooperative societie⁵ to the extent of 75% of the cost of improved appliances to a maximum of \$.25000/per society.

(6) (a) Thrift Fund Scheme:

(Outlay Rs.7.00 lakhs)

The scheme is 'to encourage the habit of thrift among the weavers who are economically backward, which would help them to extend financially in the event of necessity. According to the scheme a portion of their wages (from 6 to 10%) will be deducted as subscription to the fund and Government will bear 6% of their wages as equal contribution to the fund. The amount along with the interest acrued will be paid to the weavers after 25 years.

(7) <u>Collective WeavingCentres:</u>

(Outlay Rs.45.00 lakhs)

The weaver who are economically very poor and who are not having sufficient accommodation in the homes, they will be covered under the collective weaveing centres scheme through working primary weaving societies. The Society will provide basic rawmaterial required by the weavers and the wages will be paid for the fabrics woven by them on the basis of the rate fixed.

(8) Dye Houses:

(Outlay &.13.00 lakhs)

The yarn required for weaving has to be be dyed before weaving and if would be convenient if the societies passes a dye house of their own.

(9) Housing Colonies:

(Outlay Rs. 32.44 lakhs)

Most of the handloom weavers do not posses houses of their own. Hence, it is proposed to construct 400 weavers houses.

(10) Training of Handloom Weavers:

(Outlay R. 1.50 lakhs)

The Indian Institute of Handloom Technology, Salem offers diploma courses in handloom technology. Every year 10 candidates are being deputed from the State under paid stipend of ks. 150/- per month.

(11) Repate on sale of handloom cloth:

(Outlay Rs.200.001akhs)

This is centrally sponsored scheme where expenditure incurred is shared equally between State and Central Government. The rebate scheme is made to liquidate the stock of handloom cloth with primary and Apex weavers' Cooperative societies and also Handloom Development Corporation.

Sch. National Systems Unit, Notional Institute of Side stional Thomas P. 1 17 LOC 1. 20

(12) Starting of woolen I.H.D.P:-

Assistance to Woolen Apex Society:

(Outlay R.40.00 lakhs)

For the first time in Karnataka, Government have sanctioned one Intensive Woollen Handloom Development Project for the benefit of woollen handloom weavers during 1983-84. The object of the project is to diversity the product range in woollen handloom through a systematic process of modernisation of looms, providing providing preloom and postloom facilities by using mill made woollen yarn. The Karnataka State Woollen Handloom Weavers' Cooperative Apex Society has been entrusted with the implementation of this project. This project is located at Chitradurga with four sub-centres at Bellary, Chitradurga, Dharwad and Tumkur, to cover one thousand woollen handlooms over a period of three years.

(13) urvey of Handlooms:

(Outlay Rs. 1.00 lakh.)

Survey of handlooms has keen undertaken by the Statistical cell headed by a Deputy Director and the amount provided is far the continuation of the cell.

(14) ¹ransferred scheme of loans for intensive handlooms development project - KHDC & Grant in Aid in Loan:

(Outlay Rs.200.00 lakhs)

The K.H.E.C. has been mainly responsible to plan and monitor the two Intensive Handloom wevelopment Projects, one at Banahatti and other at Ilkal in Bijapur district. It is proposed to re-arrange the jurisdiction of these projects by establishing three more I.H.D.P. to cover the enti e State. Each Project would have an approved outlay of Rs.200.00 lakhs with a target of 5000 handlooms to be covered.

II. HANLICRAFTS:

The State is well know for its handicrafts, especially sandalwood and ivory carving, inlay, bidriware etc. The State is also first in the country to conveive a creaftcomplex development project under handicrafts where all types of assistance such as supply of raw material, improved appliances, credit and marketing facilities and technical guidance etc. are provided under the suggestion of a project officer.

(1) Celebration of all India Handicrafts week:

(Outlay Rs.1 .00 lakh)

The Celebration is an annual feature sponsored by All India Handicrafts Board since 1956. It is being celebrated generally during the month of December every year. The object of this feat is to bring common forum for the craftsman, state and central government and various institutions.

(2) Supply of Sandalwood to artisans at

concessional rates: (Outlay Rs.15.00 lakhs)

Karnataka is the only State where a particular set of people pursuing the craft of sandalwood carving and turning is living in large concentration at various pockets in the State and these people are called 'Gudigars'.Th. main input for their craft is sandalwood which is the sole property of the Government. Sandalwood is being supplied to Gudigars at concessional rates by subsidysing the prices to the extent of 75%.

(3) Investment in K.S.H.D.C:

(Outlay Rs.20.00 lakhs)

KSHDC being a commercial organisation, the business activities are expected to expand from time to time. As the business expands, the requirements of funds for investment also increase proportionately.

III. COIR:

Government have recently sanctioned scheme of coir board for co-operativisation in the coir industry. Karnataka stands next toKerala in the quantity of coconut products and has vast scope for the development of coir industry.

(1) Assistance to Coir Co-operative Societies:

(Outlay R.11.50 lakhs)

Assistance by way of share capital and loan as financial assistance to coir co-operatives.

(2) Other coir industries:

(Outlay Rs.2.80 lakhs)

The composite coir unit at Varanasandra near Kadaballi has been handed over to the Karnataka State Central Coir Coop.Development, Production and Marketing Society to run on commercial line. The actual establishment charges incurred by the society has to be paid by the Government for the first three years.

(3) Publicity & Propaganda:

(Outlay Rs.0.50 lakh)

To improve the marketing facilities vide publicity and propoganda are being done in the State.

(4) Karnataka State Coir Development Corporation:

(Outlay Rs.25.00 lakh)

The Karnataka State Coir Development Corporation will be assisted to set up composite coir processing Unit at Arasikere in Hassan district for the promotion of Coir and coconut based industries including the utilisation of coconut shells for the various industrial usages.

IV. Special Component glan:

(Outlay N.86.00 lakhs)

Under this plan provision for construct ion of living cum work shed and supply of tool kits for training to SC artisans are proposed. The scheme would help the weaker section of the society specially to those below the poverty line. The amount of 50% is reimbursible by the Government of India.

V. POWERLOOMS:

(1) Share Capital to Powerloom Weavers' <u>Cooperative Societies</u>:

(Outlay R.11.50 lakhs)

At present there are 5 power looms coope-

rative societies in the State and which are located in Doddaballapura. Besides, these 5 societies, a co-operative textile processing unit is being established at Banahatti. A Central level co-operative marketing agency for powerloom silk products is also been established at Bangalore. The Powerloom Silk Weavers Society have to borrow funds from DCC Banks to purchase silk.

VI. KHADI & VILLAGE INDUSTRIES BOARD:

(Grant-in-aid)

(Outlay Rs. 100.00 lakhs)

To assist the weaker sections of the Society, the Khadi and Village Industry Board has taken up a number of schemes which include interest subsidy and working capital loan to artisans to start industries.

VII. INDUSTRIAL CO-OPERATIVES:

1. Assistance to tailoring co-operatives:

(Outlay Rs. 0.45 lakhs)

There are as many as 50 tailoring cooperative societies in the State and assistance will be provided to meet the expenses of the salaries of the secretaries of the newly organised societies.

 <u>Share Capital to Industrial Coop. Bocie-</u> tiess

(Outlay N. 4.50 lakhs)

Financial assistance in the forms of investment to the co-operative societies are proposed.

Working capital loan to industrial co-operatives:

(Outlay Rs. 2.50 lakhs)

Working capital loan to industrial cooperative societies are proposed by for successful working.

4. Share capital loan to artisan members:

(Outlay Rs. 1.00 lakh)

Artisan members are being provided share capital loan.

VIII.SMALL SCALE INDUSTRIES:

1. <u>Grant-in-aid to SSI Association & Produ-</u> ctivity Councils:

(Outlay Rs. 1.00 lakh)

Grant-in-aid assistance will be provided to Small Scale Industries Association & Productivity Councils for better working.

2. CSIR Polytechnology Centre, Grant-in-aid

(Outlay B. 0.50 lakhs)

- The CSIR Polytechnology Centres will be provided grant-in-aid facilities.
- 3. Transfer of the Scheme of setting up of <u>Trade Centres at Bangalore (VITC)</u>

(Outlay &. 5.00 lakhs)

4. Common Facility Centre:

(Outlay Rs. 0.50 lakhs)

The amount provided is for the continuation of the Common Facility Centre in Industrial Estates including powerloom Services Centre at Belgaum.

MINES AND GEOLOGY

(Outlay &.75.001akhs)

1. <u>Survey and assessment of Iron Ore in the</u> <u>State:</u>

(Outlay 8.2.40 lakhs)

Regional survey of 150 sq.kms large scale mapping of 800 hects, pitting and trenching of 400 cu.m. in North Kanara, Schimoga and Tumkur dists is proposed.

2. Exploration of sulphide zones in the Sta tate:

(Outlay Rs.3.40 lakhs)

Regional survey of 700 sq.km large scale mapping of 270 hects., propsecting of 500 cu.m. and drilling of 3400 M in Hassan, Chitradurga, Raichur and Kolar districts is proposed.

3. Exploration of Lateriate deposts:

(Butlay 2.2.40 lakhs)

Regional survey of 450 sq.km large scale mapping of 450 hects, pitting of 200 cu.m and collection of 260 samples in North Kanara, South Kanara, Shimoga and ^Belgaum districts is proposed.

4. Lime & Lime store industries in the States

(Outlay 8.2.30 lakhs)

It is proposed to carry out 750 sq.km. regional survey, 650 hect, of large scale mapping, drilling of 3000 M and collect 1000 samples in North Kanara, Belgaum, Hassan and Mysore districts.

5. Assessment of refractory raw materials:

(Outlay R.5.00 lakhs)

It is proposed to cover an area of 1100 sq.km by regional survey, 850 hect. by large scale mapping. It is also proposed to drill 600 M and collect 500 samples in Mysere, Mandya, Kolar and Hassan districts.

6. Exploration of Precions and Semi-Precions Stones in Karnatake:

(Outlay E.4.50 lakhs)

It is programmed to cover an area of 450 sq.km by regional Survey, 300 hect, by large scale mapping and prospecting of 1250 cu.m. The work will be carried out in Mysore and Chitradurga districts.

7. Emploration of Copper deposits:

(Outlay N.14.00 lakha

It is proposed to carry out 35 M of shaft sinking in Kallur in Raichur district and at Aladahalli in Hassan district and also proposed to purchase equipment for implementing this.

8. <u>Strengthening of department of Mines and</u> <u>Geology:</u>

(Outlay &.14.00lakhs) It is proposed to strengthen the department during 1984-85.

9. <u>Construction of new building (Mineral</u> <u>Complex</u>): (Outlay &.10.001akhs) It is proposed to construct a new buil-

It is proposed to construct a new building for Mineral Complex as a pertion of a building was collapsed during 1982.

IX. INDUSTRIAL ESTATES:

1. Karnataka State Small Industries Develo-

pment Corporation

(Outlay 3.230.00 lakhs)

The Karnataka State Small Industries Development Corporation acts as the agent of the State Government takes up construction, maintenance and management of industrial sheds in the State. The Karnataka State Small Industries Development Corporation has so far constructed 2,216 sheds in 48 industrial estates and 696 sheds are under construction. During the current year, the Corporation has prepared a Project Report for construction of 107 sheds at a total cost of %.360.31 lakhs and submitted to various Banks for sanction of termloan.

2. District Industries Centre

(Outlay B.180.00 lakhs)

The District Industries Centres are providing all services and support to the decentralised industries at pre-investment, investment and postinvestment stages. District Industries Centres have drawn-up various schemes for the benefit of rural artisans to start their own small units.

3. Interest subsidy for artisans

(Outlay %.5.00 lakhs)

This scheme in which interest subsidy is provided to artisans who obtain composite loans upto 8.25,000/- from Commercial Banks and financial institution to establish their own small units.

4. Central Sector for seed/margin for small

Industries

(Outlay B. 15.63 lakhs)

Seed/margin money are being provided through entrepreneurs who take up new Industries.

5. Tribal Sub-Plan

(Outlay Rs.13.00 lakhs)

For the implementation of Tribal Sub-Plan, training programme is suggested to tribal folks.

X. BEE-KEEPING

(Outlay Rs.25.00 lakhs)

Bee-keeping is successfully introduced in the District of the State and has not so far faoed any problems of marketing the honey produce.

XI. OTHER SCHEMES

1. Grant-in-Aid to TECSOK

(Outlay B.10.00 lakhs)

TECSOK was established in 1976 by the Government of Karnataka to provide consultancy services to prospective entrepreneurs. The services of the TECSOK arranges from the selection of investment opportunities to preparation, monitoring and evaluation of Development Projects. (Outlay 8.34.00 lakhs)

The Karnataka Leather Development Corporation Limited (LIDKAR) is set up to encourage establishment of leather based units and also to assist the leather artisans in the State. The Corporation has been setting up raw-materials depots in the various parts of the State providing way-side cabins to large number of artisans. In addition, this has set up four show-rooms in the State.

3. Dutch Credit Scheme

(Outlay 3.400.00 lakhs)

Government of Karnataka, through the Government of India sought financial assistance from the Government of Netherland for construction of industrial sheds for village, cottage and SSI units particularly in rural areas in the State. The Project is envisaged to construct living-cum-working sheds for industrial beneficiaries and common facilities Centres under Handlooms, Handicrafts, Leather, Sericulture and Small Scale Sectors.

4. Modernisation of Training Centres

(Outlay is.7.00 lakhs)

To enable the village craftsmen to adopt new methods in various crafts and to acquire adequate knowledge and techniques of trade and marketability etc., modernisation of Training Centres are established.

5. Ancillary Development Programme

(Outlay S.7.00 lakhs)

This programme is to establish ancillary industries in a systematic manner keeping in view all the development of large and medium industries in the State.

6. Employment Programme

(Outlay 3.4.00 lakhs)

Under the Employment Programme, it is proposed to select and train about 250 candidates in each District in respect of large and medium industries that are in existence. The duration of the training will be for a period of one year and each trainee will be given reasonable stipend of which 50% is being met by Government on matching basis.

SERICULTURE

(Outlay Rs, 1582.33 lakhs)

Sericulture provides gainful employment to the rural poor. One bectare of mulberry plantation will provide employment to 12-13 persons directly in its cultivation, silkworm rearing, weaving, twisting, etc. It is an agro-based industry which is quite suited to the rural poor. It is a World Bank assisted Project to develop the industry which contemplates production of raw-silk to an extent of 4,400 tonnes per year and generate additional employment to 1.80-lakh persons. 1. Grainages Seed Commercial

a) Model Grainages

(Outlay Rs. 10.00 lakhs)

The four model grainages already established at Shidlaghatta, Maddur, Thandawapura and Bangalore for production and supply of quality disease free layings to the Sericulturists will be continued during 1984-85 for maintenance of the Institutions.

b) Organisation of Exotic Seed Area

(Outlay &.5.00 lakhs)

The Exotic Seed Area for the production of Bivoltine in hybrids organised in Anekal Taluk at Bangalore District will be continued during 1984-85 for staff maintenance, disinfection and tours in villages.

c) Development of Sericulture in new areas. 40%

subsidy for purchase of Reeling equipments

(Outlay E.3.00 lakhs)

The local enterprenuers who are interested in reeling activity are encouraged with subsidy for purchase of reeling equipments. This programme will be in the Northern Districts of Karnataka.

2. FARMS

a) Mysore Race Seed Cocoons Farms

(Outlay 8.3.00 lakhs)

The two farms located at Santhemavathur and Kudur in Kunigal and Magadi Taluks will be continued during 1984-85 for production of P1 basic silk worm seed. This seed will in turn be converted into P1 grade and distributed again to the multiplication centres in the other silk farms in the seed area.

b) Exotic Race Seed Cocoon Farms

(Outlay Rs.46.00 lakhs)

▲ The 32 silk farms already established in a State for the production of Bivoltine male cocoons of P2 and P3 grade will be further converted into P1 grade and layings prepared and distributed to seed rearers in Anekal Taluk and other Bivoltine rearers of the State.

c) Salaries of Drivers sanctioned during 1977

(Outlay B.O.30 lakhs)

The posts of Drivers sanctioned during 1977 will be continued during 1984-85.

1) Supervising staff (ISDP)

(Outlay 8.3.00 lakhs)

Two posts of Deputy Directors i.e., at Bellary and Dharwad will be continued during 1984-55 under ISDP. (Outlay Rs.O.10 lakhs)

The reeling industrial shed imparts training in reeling to the local enterprenuers who come forward to take up silk reeling and this programme will be continued during 1984-85.

f) Supply of improved variety (M5) of

mulberry cuttings (T.P. charges)

(Outlay Rs.4.00 lakhs)

In the non-traditional areas of Sericulture, provision has been made for transport of M5 mulberry cuttings from the places where they are available at the cost of Government. This scheme will be continued during 1984-85.

g) Model Chawki Rearing Centres

(Outlay 8.1.00 lakh)

The programme being an on-going will be continued during 1984-85.

3. Assistance to Sericulturists

Special Component Plan

(Outlay R.1.70 lakha)

a) Maintanance of Common Rearing Houses

The Common Rearing Houses already established in Kolar, Bangalore and Mandya Districts which benefits exclusively for the Scheduled Castes will be continued during 1984-85.

b) Assistance to Scheduled Castes

(Outlay Rs.4.40 lakhs)

The Scheduled Castes Sericulturists who intends to take up Sericulture afresh are supplied with mulberry cuttings free of cost. Further, silk worm rearing equipments will also be provided. This scheme will be continued during 1984-85.

4. Non-Mulberry Silk Industry

Development of Tassar Centre

(Outlay B.5.00 lakhs)

The grainage for production of Tassar Silk Industry at Belgaum, one multiplication farm at Kottur in Bellary District, two Tassar Sub-Centres eacn in Mysore, Hassan, Shimoga and Dharwar Districts will be continued during 1984-85 for the development of Tassar Silk in Karnataka.

5. Tribal Sub-Plan

(Outlay B.20.00 lakhs)

The scheme intends to improve the living conditions of the tribal people in the ITDP blocks. The tribal colonies will get benefits of mulberry plantation and silk worm rearing. Neceasary equipments will also be provided to the Community Rearing Houses. Supervision, technical guidance, training of tribal people, marketing facilities will be provided through the Department.

On-going State Sector Schemes

1. Directorate of Sericulture

Silk Legislation Enforcement

(Outlay B.10.00 lakhs)

The raw silk produced by the reelers was being transacted in the private silk khoties wherein it may not be possible to assess the actual quantity of silk produced in the State. Therefore, the regulated silk exchange market was established with the objective to check into the mal-practices that are going in the silk trade. By enforcing the silk legislation, the reelers and rearers are ensured fair trade of raw silk. This programme will be continued during 1984-85.

2. Grainages. Seed Commercial

Sericulture Development Organising Societies. (Outlay B. 0.75 lakhs)

The Sericulture Development Organising Societies will provide loans for the benefit of the Sericulturists and silk reelers in the State under crash programme, the two posts of Senior Inspectors of Co-operative Society and the allied staff with two Junior Engineers will be continued during 1984-85.

3. ISDP Supervisory staff - Farms.

(Outlay B.11.00 lakhs)

The Supervisory staff of the Joint Director of Sericulture under ISDP of Mysore Region will be continued during 1984-85. The amount provided is to meet the expenditure on salaries to the staff and vehicle maintenance.

4. Publicity and Study Tour

Publication of Kannada Monthly Magazine

(Outlay M. 4.00 lakhs)

The Department of Sericulture is publishing a magnifier called Reshme Krishi every month for distribution among the Sericulturists. The publication in other things highlights the activities of Sericulture and new techniques of cultivation of mulberry, silk werm rearing, control of disease etc. The scheme will be continued during 1984-85.

5. Building under Sericulture Industries

(Outlay B. 5.00 lakhs)

It is proposed to take up several new buildings in the Department of Sericulture in the farms and grainages at an estimated cost of less than is.1.00 lakh. The work will be executed by the Public Works Department in Karnataka.

6. Silk Brohange

(Outlay B. 30.00 lakhs)

The silk exchange established by an Act in Bangalore, Ramanagaram, Chikkaballapur and Kollegal for the transaction of silk produced in the State will be continued during 1984-85.

7. Dutch Assisted Project - Construction of Chavit Rearing Buildings. - (See Page No.41)

8. Uzifly Bradication Programme

(Outlay &.20.00 lakhs)

Several programmes of controlling the spread of the uzifly were taken up by the Department. Measures taken up by the Department in controlling this pest are providing nylon nets to the Sericulturists at 50 per cent subsidy will be continued during 1984-85.

9. BIRD Project

(Outlay R. 0.50 lakh)

The Project is for the development of Bidar District. The Project envisages training of the rural women folk in mulberry cultivation and silk worm rearing for a period of one month with the stipend of R.100/- per month.

10. Works Programme under Sericulture Industries costing above & 1.00 lakh.

(Outlay E.25.00 lakhs)

Construction of new buildings taken up by the Department of Sericulture in the farms and grainages and which are executed by the Public Works Department in Karnataka are continued during 1984-85.

11. Dutch Assisted Project

<u>Construction of Industrial sheds - loans</u> to Sericulturists.

(Outlay %.70.00 lakhs)

The Project aims in providing financial assistance to the Sericulturists belonging to particularly to Scheduled Castes and Scheduled Tribes, Small and Marginal Farmers for construction of different types of sheds.

12. Subsidies to Sericulture Co-operatives.

(Outlay No. 5.00 lakhs)

The subsidy to Sericulture Co-operatives established in the State will be given as an incentive.

Karnataka Sericulture Project

The Karnataka Sericulture Project already established in the State will be continued during 1984-85. The schemes coming under this Project are as under:

District Sector Schemes

1. Betablishment of Grainages

(Outlay Rs. 180.00 lakhs)

The ten grainages already established for production and supply of disease free silk worms will be continued during 1984-85.

2. Establishment of Technical Service Centres

(Outlay Rs. 170.00 lakhs)

150 Technical Service Centres already established in the State for imparting tech nical guidance to supply silk worms, disin fection, training and visits to the Sericultural Farms in the villages will be continued during 1984-85.

3. <u>Retablishment of Chawki Rearing Centres</u>

(Outlay Rs. 100.00 lakhs)

1,700 Chavki Rearing Centres for rear ing young silk worms for about ten days in hygenic conditions before they are supplied to Sericulturists for being reared till the cocoons are spun will be continued during 1984-85.

4. Establishment of Model Chawki Rearing Centres.

(Outlay B.56.00 lakhs)

The Model Chawki Rearing Centres for the demonstration of chawki rearing will be continued during 1984-85.

5. Establishment of Cocoon Markets

(Outlay R. 25.00 lakhs)

The 23 Cocoon Markets in the State will be continued during 1934-85. The transaction in the Cocoon Markets ensure reasonable price, proper weighment to the Sericulturists.

6. Establishment of Departmental Filature

(Outlay &. 30.00 lakhs)

To provide fair price and market facilities to the coccons produced by the Sericul turists in Northern parts of the State, reeling activity has to be developed locally. So, the establishment of mini-filature at Tulhunse, Davanagere Taluk, Chitradurga District, will be continued during 1984-85.

7. Other Programmes

(Outlay R.445.58 lakhs)

The other schemes like "Special Conveyance Advance to employees of Sericulture Department", Karnataka Sericulture Project, Work progress under Sericulture Industry, KSP buildings through Engineering Cell, will be continued during 1984-85.

In addition to the above on-going programmes, the following fresh schemes are also proposed for 1984-85:

1. Reeling Complexes

(Outlay Rs. 50.00 lakhs)

Under the original Karnataka Sericulture Project, loans were provided through Banks for establishment of cottage basins. It is -w felt that the Government must enter in a gever way. So, for the construction of In dustrial Complexes, it is proposed to establish Reeling Centres.

2. Documentary Service Centre

(Outlay R. 20.00 lakhs)

As per the mid-term appraisal, it is pr--posed to take up Documentary Service Centre auring 1984-85, for promoting publication of literature for purposes of extension work.

3. Computer Programmes

(Outlay Rs. 10.00 lakhs)

It is noticed there are periods of plenty and scarcity in supply of egg-layings. It is proposed to computerise inventories and hanage egg layings scientifically by obtain ing information from the various grainages and hasuring proper redistribution, if necessary. 4. P2 and P3 Farms

(Outlay 2.55.00 lakhs)

The weakest link in production of bivoltine was that the quality seed was not available. Now, it is proposed to strengthening quality seeds in P2 and P3 farms.

5. Testing facilities at the Silk Exchanges

(Outlay 3s.50.00 lakhs)

It is one of the objectives of the silk exchange to standardise the quality of silk. Therefore, to create quality conciousness among the releers and buyers to adopt to I.S.T standards for testing and grading of raw silk. Therefore, it is proposed to equip the silk testing section with modern silk equipment at Government silk Exchange, Bangalore.

6. Technical Service Centres for Reelers.

(Outlay Rs. 10.00 lakhs)

It is programmed to establish technical service centres in the localities of the reelers in the state with a view of educate them in silk reeling.

7. Incentives for Bivoltine rearers and reeling.

result in the state and providing the rearers and realers with incentives. The incentive will be in the form of subsidy to the rearers and realers.

Bureau of Public Enterprises

(Outlay R.9.00 lakhs)

The Bureau keeps on monitoring the performance of Public Sector Enterprises, and takes up individual studies of Public Sector Enterprises also as and when found necessary, and makes recommendations to the Government regarding improving the performance of these Public Sector Enterprises:

The Bureau also conducts training courses and seminars on various aspects of Management of Public Sector Enterprises, and coordinates the visits of Management Experts & Consultants visiting Karnataka from places outside the State, and abroad, so that the State Public Sector Enterprises can derive maximum benefit from them.

(From Page No.40 - On-going State Sector Schemes)

7. <u>Dutch Assisted Project - Construction of</u> <u>Chawki Rearing Buildings</u>.

(Outlay 8.30.00 lakhs)

For the benefit of Sericulturists, it is proposed to construct 60 buildings with well ventilation, spaciousness as per the requirements of the Department for rearing silk worm. The scheme will be continued during 1984-85.

TRANSPORT AND COMMUNICATIONS

1. ROADS AND BRIDGES

(Outlay &.2672.00 lakhs)

The provision made during 1984-85 under Roads and bridges is proposed to be spent on the following schemes.

1. State Highways.

(Outley Rs. 10.00 lakhs)

The outlay earmarked is to construct 20 new major bridges on State Highways.

2. District and Other Roads.

(Outlay R.1330.00 lakhs)

Under the scheme, Formation, Improvement and Asphalting of roads are proposed. A length of 250 Kms of new formation, 300 kms. of improvement to existing roads and 250 kms of asphalting of roads will be taken up during 1984-85.

3. Rural Roads. (Outlay Rs. 756.00 lakhs)

As many as 132 villages are proposed to be connected under all weather roads under the minimum needs programme during 1984-85. Under ICRC a length of 100 Kms will be taken up for new formation and 50 Kms for improvement of existing roads.

4. Railway Safety Works.

(Outlay Rs.20.00 lakhs)

The outlay is earmarked for the construction of approach embankments to over bridge and works connected with railway level crossings on the State Highways, Major district roads etc..

5. Roads in Sugar Factory Areas.

(Outlay Rs.70.00 lakhs)

In Sugar Factory areas, a length of 60 Kms for new formation and 60 Kms of improve ments to existing roads will be taken up.

6. Special Component Plan.

(Outlay &.200.00 lakhs)

Under the scheme, it is proposed to construct approach roads to Harijan Wadas for a length of about 120 Kms.

7. Other Schemes.

(Outlay &.286.00 lakhs)

The outlay proposed during 1984-85 for other schemes is as under:

(R. in lakhs)

а.	Direction & Administration	210.00
Ъ.	Machinery and Equipment	73.00
с.	Survey and Investigation	1.00
d.	Planning and Research	1.00

PORTS

(Outlay Rs. 590.16 lakhs)

There are 20 ports on the 287 Kms of coatal belt of the State. Out of these, 9 ports amely Karwar, Belikeri, Tadri, Honnavar, Bha-kal, Kundapur, Hangarkatta, Malpe and Old Magalore port have been taken up for intensive svelopment in view of their importance and raffic potential. Karwar port has been taken for development as an all weather port in i for development as an all weather port in sages. These ports are functioning as fair sather lighterage ports and have the basic fa-lities such as lighterage wharves, office bu-idings, staff quarters, electricity, water ipply arrangements, navigational aids and dr-iging facilities. In addition, tugs and lau-whes for towage services, a dredging unit ir maintenance dredging and water barge for ipply of water to ships in the midstream an-iorages have been acquired. torages have been acquired.

The ports of Karwar, Belikeri, Kundapura d Mangalore(old) handle foreign traffic in dition to coastal traffic. The traffic at

these ports is in the order of 11 lakhs tonm-es per annum, comprising of foreign cargo of 3 lakhs tonnes and coastal traffic of 3 lakh tonnes. Average number of ships and mechanilakh sed launches/sailing vessels using the ports is 150 (for foreign traffic) and 2600 peryear respectively.

Major part of the outlay is earmarked for the development of Karwar Port.

In other minor ports, schemes like inves-tigation, construction and repair works, dre-dging and surveying, providing Navigational aids, machinery and equipment are proposed to be taken up during 1984-85.

At Karwar Port, dredging work to the ex-tent of about 10.0 lakhs M3 covering the app-sides this, construction of General Cargo berths, Transit sheds providing machinery and equipment, workshop facilities, electricity and water supply are proposed to be taken up.

In order to improve the facilities, Model Studies of the ports of Honnavar Kundapur, Malpe, Hangarkatta are in progress at Karnat-aka Engineering Research Station K.R. Sagar. Investigation and other data collection works are proposed to be taken up for future expan-sion of Honnavar, Kundapur, Tadri, Bhatkal, Malpe, Hangarkatta and Old Mangalore Ports. Maintenance dredging at Honnavar, dredging to increase depth in the approaches of Kundapur Port, Wharf alongside the Wharves, dredging in front of the Jetties of Belikeri Port, dre-dging of Hangarkatta harbour and approaches of old Mangalore Port and electrification of wharp area in old Mangalore port are proposed to be taken up during 1984-85. The outlay proposed for these works at different ports is indicated below:

5. INLAND WATER TRANSPORT

(Outlay Rs.11.00 lakhs)

Out of 21 schemes sanctioned during v Plan by the Government of India the following 8 schemes are on-going where ferry services are already introduced and 5 schemes are under various stages of implementation during 1983-84.

On-going navigation scheme

- 2. Athrabail-Kanjar
- 3. Maraswamy-Padukone 4. Sangam-Adihal
- 5. Sheginsta-Dodwad 6. Naribol-Chamnur
- 7. Sonthi-Sirwal
- 8. Bagalur-Kadlewad

Navigation Schemes
under different stages
of implementation

- 1. Kantamangala-Ajjawar 9. Saptasagar-Kittur
 - 10. Halagabali-Ingalgan 11. Kadni-Mangrul
 - - 12. Madlaghatta-Karlahalli

 - 13. Nagal-Bidarahalli

For introducting ferry services in S1.9 and 10, boats will be acquired and ferry ser-vices will be introduced before 31.3.84. For the Navigational schemes shown at SC 11 to 13 boats are proposed to be acquired during the year but ferry services will be operated during 1984-85.

Under State Sector 3 schemes are imple mented as on-going schemes.

- 1. Kodibag Sadashivgad
- 2. Dasanpura Cauveripura 3. Ganegpur Itge

Two new schemes namely, (1) Ainapur -Gundwad, (2) Chick Manchal - Mantralaya under centrally sponsored scheme and five new sche-mes viz., (1) Marur - Mandekoly, (2) Korthicentrally sponsored scheme and five new sche-mes viz., (1) Marur - Mandekoly, (2) Korthi-Kolhar, (3) Tamadaddi, (4) Anagawadi and (5) Sidnal under State sector are proposed to be taken up during 1984-85 with an outlay of Rs.1.70 lakhs (includes 50 per cent central share) and Rs.1.00 lakh respectively. Under State sector, out of 3 on-going schemes impl-emented during 1983-84, one scheme ngmely Kodibag - Sadashivgad will be dropped during 1984-85 in view of the construction of bridge. In all 15 centrally sponsored schemes includ-ing 2 new schemes and 7 State Sector scheme In all 15 centrally sponsored schemes includ-ing 2 new schemes and γ State Sector scheme including 5 new schemes will be taken up for implementation during 1984-85. To meet the operational expenses of these 15 centrally sponsored and γ State Sector Schemes, an out-lay of 8.3.75 lakhs is proposed. For Direct-ion and edministration civil works (Providion and administration, civil works (Provid-ing ramps, passenger waiting shed) machinery and equipment and workshop facilities an out-lay of Rs.5.40 lakhs is made.

6. TOURISM

(Outlay Rs.139.40 lakhs)

The following schemes are taken up under Tourism during 1984-85.

1. Publicity and production of Literature.

(Outlay B.35.00 lakhs)

Publicity forms the backbone of Tourism industry. The various programmes of the Dep-artment and the Tourism Corporation and facilities available in various places of tourist interest needs to be highlighted. Publicity through leading newspapers and travel trade magazines at appropriate times on various fefalls etc., are being issued. It is proposed to bring out Tourists publicity materials on lesser known tourists spot, travel circuits, colour picture post cards on places of tourist interest album consisting of spot sketches, documentary on tourists inserts etc.

2. Opening of offices at Bombay and Madras.

(Outlay &.3.00 lakhs)

In order to divert tourists from Arab and South, East Asia who enter the country at Bombay and Madras, it is proposed to establish tourist offices at Bambay and Madras.

3. Tourism Promotion.

(Outlay 2.1.00 lakhs)

In order to provide tourist information at the tourist bureaux and act as guides and son officers in various places of tourist 11ain⇒ terests, Tourist promoters have been appointed. The services of existing 45 tourist promoters will be continued.

4. Tourist Transport Services.

(Outlay As.3.00 lakhs)

Conducted tours are necessary to meet the transport needs of tourists. This facility is now available in major tourist centres. To augment the transport facilities it is proposed to locate 30 seater coaches at Bijapur, Hospet Hassan, Mangalore and Belgaum during 1981-85.

5. Tourist Canteens.

(Outlay R.5.00 lakhs)

It is proposed to open new canteens **a**î Pattadakal, Beligirirangana hills during 1984 -85 besides managing the existing ones at Soma - nathapur, Sravanabelagola and Halebidu.

6. Re-surrection of Hampi.

(Outlay R.5.00 lakhs)

It is proposed to construct a tourist com-plex consisting of 16 rooms Restaurant and con ference Hall cum Auditorium at Kamalapur. Abou 15 acres of land have been proposed for acqui sition. The work is under progress.

7. Tourist accommodation.

(Outlay #34.40 lakhs.

The provision made is to meet the mainten ance charges, furnishing of tourist lodges an construction of new lodges.

The list of spillover and new works propo sed to be taken up during 1984-85 is given bel

1. Kitchen-cum-Dining Block to the hotel

- Cauvery at Krishnaraja Sagar, Mysore.
- Cottages at Moodbidre and Karkala. 2.
- Picnic Resort at Kamohally.
 Picnic Resort at Muthyalmadvu.
- 5. Additional facilities at Badami. 6. Wayside facilities at Maddur.
- 7. Wayside facilities at Yediyur. 8. Tourist Complex at Belur.
- 9. Additional facility at Jogfalls.
- 10. Development of Shivanasamudram.
- 11. Tourist facility at Harangi.

New Schemes

- Improvement to facilities at Makedatu
 Improvement to beach resort at Kirimanjeswa
 Wayside facilities at Belgaum.

- 4. Development of Shanthisagar.
 5. Development of Hessaraghatta.
 6. Development of Biligirirangana Hills.
 γ. Development of Banavasi.
- 8. Development of Melukote. 9. Wayside facilities at Mulabagal.
- 10. Wayside facilities at Hangla.

(Outlay &.50.00 lakhs)

The scheme for introduction of electives at B.D.T. College of Engineering, Davangere is also under progress. In addition it is proposed to start the degree course in Instrumentation Technology and or Computer Technology at BUT College of Engineering , Davangere, besides strengthening it for the 4 year course in Engineering.

b: Private Colleges(Aided):

(Outlay R. 18.30 lakhs)

There are eight Engineering Colleges which are being developed, out of which three colleges were brought under Grant-in-Aid Code dur ing the IV Plan and considerable amount of investment is involved on buildings and equipments to bring these colleges to the required standards of the AICTE and the University concerned. The provision is also made for providing the required facilities for the diversified courses and electives started in the five colleges. Under the programme of diversification, the following courses which were started by the managements are proposed to be brought under Plan scheme for development.

- (1) Degree courses in Tele-communication Engineering at BVB College of Engineering, Hubli.
- (ii) Degree courses in Industrial Engineering and Traffic and Transportation Engineering at the BMS College of Engineering, Bangalore.

It is proposed to provide additional facilities for the 4 year degree course based on the syllabus prescribed by the Universities. An outlay of N.12.30 lakhs is proposed for the year 1984-85.

52

3. Polytechnics:

53

b: Quality Improvement programme:

(Outlay R. 1.00 lakh)

The following teacher training are under implementation: programmes

- 1: Training of polytechnic Teachers, Instructors and Foreman.
- ii: Deputation of Teachers of Enginee-ring Colleges for higher studies.

5. Others:

(Outlay R.51.15 lakhs)

a: Buildings:

(Outlay B.41.00 lakhs)

i: Students Amenities:

(Outlay R. 5.00 lakhs)

For the construction of building for book shop, N.C.C., Gymkhana and Dispensary in the Gov-ernment Engineering and polytechnics where they have not been provided so far. In the case of Aided Institutions the provision for students amof enities is included under the programme of assis-tance to Non-Government Institution.

ii: Staff quarters:

(Outlay B. 10.00 lakhs)

The construction of staff quarters is under progress in the following institutions are proposed to be completed.

- 1. Government Polytechnic, Krishnarajapet 2. Government Polytechnic, Belgaum

- 3. C.P.G.Polytechnic, Mysore 4. Government Polytechnic, Bidar 5. DACG (Govt.) Polytechnic, Chickmagalur

- 6. Government Polytechnic, Raichur
 7. Government Polytechnic, Karwar
 8. Government Polytechnic, Kushalnagar
 9. Government Polytechnic, Bellary
 10. Government Polytechnic, Gulbarga

iii: Other main buildings:

(Outlay E.26.00 lakhs)

The following buildings are in progress and are to be provided funds:

1. New building for S.J.Polytechnic,

- Bangalore
- 2. Institute of Middle Management,
- Bangalore 3. Additional building for BDT College of Engineering, Lavanagere 4. LV Polytechnic & Hostel, Hassan 5. Government Polytechnic, Belgaum 6. Government Polytechnic, Gulbarga 7. Government Polytechnic, Bellary

b: Other programes:

(Outlay Rs. 10.15 lakhs)

i: Modernisation of equipments:

(Outlay Rs. 1.00 lakh)

A scheme for modernisation of equipment -by way of repairing and replacement of unservi-ceable and oosolete equipment in Technical ins-titution is under implementation.

ii: Exhibitions:

(Outlay Rs. 0.50 lakh)

A State Level Technical Exhibition is being conducted every year in one of the Technical

a: Government Polytechnics:

(Outlay R.45.50 lakhs)

(Jutlay 8.51.00 lakhs)

There are 26 dovernment Institutions at Diploma level including the three Polytechni-cs for women, which are being strengthened. Further, the existing diversified courses in seven polytechnics are being developed to the required standards of providing additional buildings, equipment, staff etc., The ne ersified courses started in the IV and The new div-Vth Plans in 20 institutions are being provided with buildings, equipment, staff etc. The implementation of these schemes is to be speeded up so that the academic standard may not suffer. The following new schemes are also proposed to be implemented during the year:

- 1. Establishment of a Polytechnic at Shimoga offering Diplome courses in Sugar Technology, Paper Techno-logy and Timber Technology.
- 2. Starting of Diplome course in Computer Technology and Chemical Eng-ineering at the S.J.Polytechnic, Bangalore.
- 3. Starting of Diplome course in Lib-rary Science at S.R.C.Institute of Middle Management at Bangalore.
- 4. Starting of Diploma course in Tele communication Engineering and com-mercial practice at Polytechnic, Bidar.
- 5. Implementation of new Curriculum for polytechnics prepared by the Technical Teachers Training Institute, Madras by providing add-itional equipment and staff in a phased manner.

b: Private Polytechnics (Aided).

(Outlay R. 5.50 lakhs)

There are six Aided Polytechnics including the polytechnic for Horological Engineer-ing at Bangalore started during Sixth Plan. the provision is made for the payment of gra-ts for the development of Diploma course in ele-communication Engineering started at the S.I. Polytechnic, Bangalore and Automobileechnology, Dharwar. In addition it is propsed to start the Diploma course in Instrume-tation Technology at the M.E.I.Polytechnic, galore.

Further, there are five private polytec-mics and one Womens Polytechnic, which were tarted during the year 1980-81. One women's olytechnic has been brought under Grant-in id code for taking up Development under plan chemes.

Faculty Development:

(Outlay R. 1.50 lakhs)

Curriculum Development Cell:

(Outlay Rs. 0.50 lakh)

It is proposed to start a curriculam de-Dopment cell in the Directorate of Techni al Education.

Institutions by rotation to encourage the innevative and creative talents of students and staff. Annual plan 1984-85 for meeting the recurring expenditure in this behalf.

iii: Revision of Staff structure:

(Outlay R. 4.00 lakhs)

The staff structure of the Engineering -Colleges is proposed to be revised as per the norms prescribed by the AICTE and the concerned Universities. A scheme involving an extra expenditure of R.11.01 lakhs per annum is under consideration of the State Government. The staff is being provided in a phased manner every year. The staff structure in polytechnics is also proposed to be revised.

Iv.: Establishment of Central Film Library:

(Outlay Rs. 0.05 lakh)

A Central Film Library has been established at the S.J.Polytechnic, Bangalore to offer to all Government Aided Engineering Colleges and Polytechnics. It is proposed to maintain this Library.

v: Junior Technical Schools:

(Outlay R. 0.05 lakh)

There are six junior Technical Schools - which are being developed by providing equipment, Library books etc. The provision is made for marginal expenditure on this.

vi: Special Component Plan:

(Outlay R.2.00 lakhs)

Students belonging to SCs studying in Engineering Colleges and Polytechnics are proposed to be supplied with drawing and other materials required for their studying under special component plan.

vii: Conduct of Supervisory Development and Career guidance programme:

(Outlay Rs. 0;05 lakh)

Under the scheme Degree holders and Diploma holders in Engineering and Technology who are undergoing Apprenticeship Training are given Lectures on the role of supervision and management. Similarly lectures are arranged for final year students of Degree and Diploma to equip themselves to face interviews etc.

viii: Establishment of State Technical Education Resources Information Centre (Library) at Bangalore,

(Outlay is. 2.00 lashs)

It is proposed to establish a State Technical Educational Resources Information Centre (Library) at Bangalore (1) to develop an information centre in the field of Engineering Technology, (2) to promote awareness in Technical Field among rural areas by their respective Polytechnics and (3) to provide management inputes to the State Government on matters of Technical Education.

ix: Book Banks

(Outlay Rs. 0.05 lakh)-

Book banks have been established in almost all Engineering Colleges and polytechnics The provision is for a few remaining institutions. (Outly R. 1.00 lakhs)

It is proposed to develop the Mining Education and start Degree course in Mining by upgrading the School of Mines at K.G.F. after approval by the Southern Regional Committee and Governme nt of India.

III. CENTRALLY SPONSORED SCHEMES:

(1) Development of post Graduate Course in Textile Technology at S.K.S.J.T. Institute, Bangalore.

(0 The post Graduate course in Textile Technology with an intake of 10 candidates was started at the S.K.S.J.T. Institute, Bangalore during the IV Plan with 100 percent Central Assistance. The Central Assistance was continued during V plan period also.

The Central Government have approved the scheme of starting Post-Graduate Course at Sri-Jayachamarajendra College of Engineering, Mysore and B.M.S.College of Engineering, Bangalore during 1983-84. The expenditure is fully met by Central Government.

(2) New Courses:

It is proposed to start the Post-graduate course at the Government BDT College of Engineering Davanagere during the year 1984-85.

2. SCIENCE & TECHNOLOGY:

(Outlay N. 75.00 lakhs)

(A) Department of Science and Technology:

(Outlay 8.38.75 lakhs)

For the year 1984-85, the grant of N.20.00 lakhs from the Government of Karnataka is proposed out of the total ASCST Budget estimates of N.52.24 lakhs. This grant will be towards continuation of the ongoing schemes as well as taking up new projects which are detailed separately.

For the popularisation of science, the DST has another agency available to it namely, the Karnataka Rajya Vignana Parishat, which was created in the year 1980. The Karnataka Vignana Parishat (KRVP) has been registered under the Societies Act. The objectives of KRVP are to produce supplementary science literature, setting up Community Science Centres, promoting Science clubs in Schools and Colleges and to co-ordinate the activities of several organisations in the State involved in science popularisation. A sum of Bs.4.39 lakhs is proposed to be granted to KRVP through KSCST for 1984-85.

In addition to continuing projects through KSCST and through KRVP, the department also proposes to sponsor a few projects directly. Such of the -KSCST projects which have been finalised and whic can be implemented at the field level have been identified and included in the Plan for 1984 - 85 so that the impact of projects can be felt at the village level.

The following programmes are proposed:

I. Administration: Department of Science and Technology: 1.61

II. (a) Grant-in-aid to the Scheme of KSCST 20.00

			55	
(b)	Grant-in-aid to the Schemes of KRVP	4.39		Administration:
(c)	Assistance to Karnataka Asso- ciation for Advancement of Science for students/teacher oriented projects and compi-		+ 9	Department of Ecology and Environment.
	lation of S&T supplemental literature.	0.75		Grant-in-aid to Karnataka St Pollution control Board
III.	Directly sponsored projects		111.	Schemest
(1)	Demonstration centres	3.00		1) Preparation of Master Plan

(B. in lakhs)

(Outlay B.2444.67 lakhs)

The main emphasis under Medical and Public Health is an prevention and control of discases, minimum needs programme, squipping laboratories and also schemes for rural and tribal areas. The following is the break up of outlays:

	(b.in lakhs)
a. Minimum Nead Programme	1.342.00
b. Hospitals and Dispensaries	199.25
e. Medicel Education and	
Research	294.00
d. Training	13_00
a. Control/Bradisation af	
communicable diseases	259.75
f. Indisystem of Medicine and	
Hemeopathy Medicina	60.47
g. Other pregrammes	267.00
h. B.S.I.	9.20
Total:	2,444.67

a. Minimum Meeds Programme:

(Outlay b.1342.00 lakhs)

The following programmes are contemplated for the year 1984-85:

(1) <u>Betablishment of Primery Health Centres:</u>

(Outlay b.290.00 lakhs)

It is proposed to ocntinue 57 Primary Health Centres. It is proposed to establish additional 25 Public Health Centres. Spill over works regarding construe tion of buildings including staff quarters in 57 Primary Health Centres should be completed.

(2) Batabliohnent of ANN Sub-Centres:

(Outlay b.230.00 lakas)

It is proposed to continue 729 posts of ANNs and 271 Posts of lady Health Visi tors associanted under minimum meeds programme during 5th Five Year Plan. It is also proposed to complete back by construction of ANN Sub-Centres in rural creas.

(3) <u>Ungradation of Primery Health Centres:</u> into Eural referal hospitals (Outley B.400.00 lakhs)

It is proposed to continue the additional staff same tioned to 7 (up-graded primary health centres) rural referal hospitals with minimum 30 beds. Further, it is programmed to complete spill over works i.e. construction of additional wards to 49 ru-

ral referal hospitals and construct 8 fresh buildings during 1984-85.

(4) <u>Retablishment of Subsidiary health</u> Contres:

(Outlay h.160.00 lakhs)

It is proposed to continue 50 cubsi diary health contres sanctioned under MFP during 1985-64. It is also proposed to undertake minor building works, additions, siteration. It is programmed to establish 100 more additional subsidiary health cont ree during 1984-85. (Outley h.230.00 lakhs)

It is proposed to continue 261 Primary Health Units. It is also programmed to supply drugs to Primary Health Units at the rate of k.8000/- per annum per Health Unit. Minor works like construction of primary bealth unit building with quarters spill over works would be completed.

6. Maternity Annoxures at Public Health Units:

(Outlay B. 15.00 lakhs)

It is proposed to continue the staff in Public Health Units and construct buildings for 10 additional Public Health Units with maternity wards.

7. Water Supply to Rural Health Institutions:

(Outlay b. 5.00 lakhs)

It is proposed to provide water supply to the existing Health Centres, Primary Health Units etc., under Minimum Needs Programme.

8. Multipurpose workers scheme:

(Outlay B.12.00 lakha)

It is proposed to meet 50% State Share under the Centrally Sponsored Schems.

b. Hospitals and Dispensaries (Medical Relief)

(Outlay B.199.25 lakhe)

It is proposed to continue edditional staff sanctioned to the District and Kajer Hospitals and Sub-Division and Taluk Hospitals, staff stached to Specialised services like Burns and Casuality Wards, Hospital Pharmacies, Establish went of T.B. Isolation beds. It is proposed provide x-ray plants and other equipments to exist ing Hospitals. It is also proposed to complete the spill over works like construction of additional wards to district and major hospitals and additional T.B. Isolation beds etc.,

(C) MEDICAL EDUCATION:

(Outlay b.294.00 lakhs)

1. Direction and Administration:

(Outlay B.4.70 lakha)

It is proposed to continue the planning cells attached to the Directorate of Medical Edu cation and additional staff of the Joint Director and the drivers of vehicles.

2. Medical Relief and Teaching Hospitals:

(Outlay 8.55.00 lakhs)

It is proposed to provide additional staff to the following hospitals as indicated below:

a. College Hospitals Bangalore:

(Outlay E.14.00 lakas)

There are three college hospitals in Bangalore vis., Victoria Hospital, Vani Vilas Hospital, Paedistric Surgical Ward of Vanivilas Hespital. It is proposed to continue the additional staff sanction early.

b. Bowring and Lady Curzon Hospitals, Bangalore:

(Outlay B.2.00 larhs)

It is proposed to centinue the additio-nal staff of 10 posts of nurses and 20 posts of Class IV and also to continue the spill - ovor work of wailding.

c. College Hospital. Mysore:

(Outlay k.8.00 lakhs)

It is proposed to continue the additio nal staff in the following institutions:

- 1. Cancer detection centre at K.R.Hospital. Mysore. 2. 20 beded teachers ward at K.R.Hospital,

- Mysore. 3. Class IV posts at K.R.Hospital, Mysore. 4. Paediatric Surgical Unit at Cheluvamba Hospital, Mysore.
- d. College Hospital. Bellary:

(Outlay k.6.00 lakhs)

It is proposed to continue the additio - nal staff in the following sections:

1. Medical records Departments: 2. 240 beded additional ward.

s. K.M.C.College Hospital. Hubli:

(Outlay B.3.50 lakhs)

It is proposed to continue additional - taff of the following:

- . Cancer detection centre.
- . additional posts of 20 of staff nurses 20 posts of Class IV to the hospital. bra
- . Headquarters Hospital. Mangalore:

(Outlay B.4.25 lakhs)

It is proposed to continue additional taff attached to Government Wenlock District ospital, medical records department and 20 osts of staff nursars and 20 posts of Class IV

. District Hospitals. Belgsum:

(Outlay R. 2.00 lakha)

It is proposed to continue the additio al staff of 10 posts of Class IV and the addi-ional staff attached to medical records deparat.

, District Hospital. Gulbarga:

(Outlay E.8.00 lakha)

- . Additional posts of 20 Class IV. Additional staff attac had to medical records Department.
- Additional staff 20 beded ESI annex. Additional staff to increased beds in
- hospitsl.
- , C.G.Hospital. Davanagere:

(Outlay B.6.00 lakhs)

It is proposed to continue the following ditional staff.

- 1. Additional staff of 20 posts of staff nur-ses and 50 posts of Class IV.
- 2. Additional staff attached to Medical records Department.
- 3. Additional staff like receptionist, Bleo trician-cum-AC Operators.

j. Mental Hospital, Dharwad:

(Outlay B.0.25 lake()

It is proposed to continue specialist posts and the posts of Drivers.

k. S.D.S.Sanatorium. Bangalore:

(Outlay E.O. 50 laks)

It is proposed to continue the tional Class IV staff. addi-

1. P.K.Sanatorium. Mysore:

It is proposed to continue the tional Class IV staff. add 1-

3. MEDICAL EDUCATION & RESEARCH

(Outlay b.10.90 lakhs)

- It is proposed to continue the tional staff in the following colleges: addi-
- Department of Psychiatry in Medical 1. College, Bangalore. (Outlay b.5.00 lakha).
- Department of Urology, Medical records Post-graduate Hostel, in Medical cell-ege Mysore. (Outlay B.2.00 lakhs)
 Department of Urology, Bie-chemistry in Medical College, Bellary. (Outlay B.1.80 lakh)
- Department of Urology, Medical records KMC Hospital, Hubli. (Outlay B.1.20 lakh) Teaching staff in college of Mursing 4.
- 5. Bangalore.
- (Outlay B. 0.65 lakh) Grant-in-aid to medical research board 6. Bangalore.
 - (Outlay B.O.25 lakh)

4. TRAINING PROGRAMME:

(Outlay B. 1.00 lakh)

It is proposed to continue the follow-ing on-going schemes under Training:

Continuation of 4 training centres at 1. Victoria Hospital, Bangalore, K.R.Hes pital, Mysore, KMC Hospital, Hubli and Medical Collage Hospital, Bellary

(Outlay B.O.15 lath)

Befractioniets and opticians training course in Regional Institute of Opth-almology, Bangalore. 2.

(Outlay B.O.25 lakh)

4 training centres at Bangalore, Mysore Bellary and Hubli, towards training under X-ray. 3. training

(Outlay &.0.50 lakh.)

Continuation of the training programme of the Medical College Bangalore of re-4. cord techniciana.

(Outlay B.O.10 lakha)

8

a. Artificial Limb-Fitting Centree:

(Outlay B.O.75 lakh) It is proposed to continue the addi-tional staff attached to Victoris Hospital Bangalore and Government Wenlook District Hospital, Mangalors.

b. Stand-by Generators:

(Outlay B.4.75 lakha)

It is proposed to provide stand - by generators for the following major hospitals:

- KMC Hespital, Hubli. Jayadeva Institute of Cardiolegy, Ba-2. ngalore.
- 3.
- K.E.Hospital, Mysore. Bowring and Lady Curson Hospital, Ba-4. ngalore. Medical College Hospital, Bellary.
- 5.

e. Equipments to major Hospitala:

(Outlay h.16.85 lakhs)

It is proposed to provide equipments to the following major hospital:

- Establishment of intensive care units 1. at 4 major hospitals vis. Victoria Hespital, Bengalore, K.B.Hospital, My sere, KMC Hespital, Hubli and Medical College Hospital, Bellary.
- Providing incinerators to major hos-pitels vis. Victoris Hospital, Banga-iore, KMC Hospital, Hubli, K.R.Hospi-tal, Mysere and Bowring and Ledy Cur-2. tal, son Hespitel, Bangalore.
- Supply of ambulance to major hospital viz. Vietoria Hospital, Bangalere, Vanivilas Hospital, Bangalere, K.R.Hos pital, Mysore, District Hospital, Gul-barga, Jayadeva Institute, Bangalere KMC Hospital, Hubli, C.G.Hospital, De-vanagere, Medical Cellege Hospital, Bellary and Government Wenlock Hospi-tal. Mangalere. 3. tal, Mangalore.
- Mini-bus for 9 madical colleges under 4. ROME Programme.
- Creation of 4 posts of Drivers to Am-5. hularons.
- 6. GRANT IN AID SCHEMES:

(Outlay N.15.00larhs)

It is proposed to continue the addi-tional staff in National Institute of Nontal Health and Neuro Science, Bangalore & Kidwai Nemoréal Institute of Oncology, Bangalore as on-going scheme.

7. THE FOLLOWING WORKS ARE UNDER TEACHING HOSPITALS:

(Outlay b.72.90 lakhs)

The other works like construction of Ine other works like construction of Multistoreyed buildings, operation theatre pharmacy block at Bowring and Lady Curson hos-pital, Bangelore, outpatient block at K.R.Hos-pital, Mysore, artificial limb fitting centre at Government Wenlock Hospital, Mangelore dis-manting and reconstruction of portion of Vani Vilce Hermitel Remarkore construction Vilas Hospital, Bangalore, construction Kitchen room at Medical college Mysore of also proposed.

S. CENTRALLY SPONSORED SCHEME: (50:50)

(Outlay Rs.7.00 lakhe)

It is proposed to continue the addi-tional staff to mobile clinics under re-orientation of medical education i.e. 4 Medical Col leges and 12 PHCs and provide buildings under Medical Education.

9. CENTRALLY SPONSORED SCHEMES (100%)

1. National Programme for control of blindness:

It is proposed to continue the follow -ing on-going scheme with an amount of R.35.30-lakhs as 100% Central Sponsored Scheme.

Upgradation of Minto Opthelmic Hospital (1) Bangalore into Regional Institute of Opthalmology, Bangalore.

(2) Continuance of 4 mobile unite at Bangalore, Mysore, Belgaum and Gulbarga.

(3) Continuance of Additional staff at Medi cal College, Mysore and Hubli.

Continuence of Additional staff attach-(4) ed to District Hospitals at Bellery, Belgaum and Gulbarga,

- (5) Spectacles.
- (6) Free Eye Campe.
- 10. OTHER SCHEMES:
- 1. <u>Kidewai Memorial Cancer Institute of</u> <u>Oncology:</u>

(Outlay h.40.00 lakhs)

It is proposed to continue this prog-ramme as on-going programme and the component under this programme are: Salary of staff: cen tinuation and development of Library, Purchase of equipments to institute and physical expan-sion of the institute.

2. Buildings under Medical Educations

(Outlay B.14.15 lakhs)

It is proposed to continue the building works under the following items:

(1) Medical education;

(2) Centrally Sponsored scheme (50% share).

5. Housing:

(VUTLEY B. 1.00 lakh) It is proposed to continue this scheme during 1984-85.

11. FOLLOWING ARE THE ADDITIONAL PROGRAMMES

```
(Outlay N. 50.00 lakhs)
```

1. Maater Plan Complex at Victoria Hospitals: (Outlay B.30.00 lakhs)

It is proposed to construct master plan complex at Victoria Hospital, Bangalore. The work is proposed to be completed in a phased manner.

2. Purchase of Odeles Camera:

(Outlay b.10.00 lakhs)

It is proposed to purchase of Odelea Camera to Major Hospitala during 1984-85.

3. Power generators to District Hospitals:

(Outley b. 10.00 lakhs)

It is programmed to provide power gent. rators to 13 district hospitals.

(d) Training Programme:

(Outlay Rs.13.00 lakhs)

It is proposed to have training for multipurpose works, X-ray technicians, laboratory technicians and food inspectors in maintaining the Public Health. The following schemes are proposed.

(i) <u>Training of Senior Laboratory</u> technnician:

(Outlay N.O. 50 lakhs)

Under State Sector Scheme as well as under Centrally Sponsored Scheme, it is proposed to train 160 laboratory technicians under Rural Health Programme.

(ii) Training of Food Inspectors:

(Outlay is.0.50 lakhs)

Food Inspectors are proposed to be trained in maintaining the quality of the food material to be supplied to the Public and to be stocked for maintenance of the Public Health.

(iii) Training and Employment of Multipurpose Workers' Scheme:

(Outlay M. 12.00 lakhs)

It is proposed to continue additional staff sanctioned to 4 Health and FW training centres located at Bangalore, Hubli, Mandya, Ramanagaram under Multipurpose Workers' Scheme including stipends to trainses and Rationalisation of pay scales and recurring expenditure of Primary Health Centres, etc.

(e) <u>Control/Fradication of Communicable di-</u>

(Outlay B. 259.75 lakhs)

The following schemes are proposed to be taken up.

a) Cholera Control Scheme:

(Outlay 2.50 lakhs)

It is proposed for continuance of cholera cobat team at Gulbarga and diarre heal diseases cell at Bangalore for pay ment of salaries and other recurring expenditure, etc.

Pilaria Control Scheme:

(Outlay Rs.4.50 lakhs)

It is proposed to continue two NFCP Units at Bidar and Guledgud and 6 NFCP Night Clinics at Gulbarga, Shorapur, Bhatkal, Humanabad, Bidar and Gokarna towns.

A) Establishment of S.T.D. Clinics:

(Outlay Rs.1.00 lakh)

It is proposed to continue STD Clinics at Kollegal and Karwar.

Prevention and Control of Diseases:

The following are proposed under the sharing patern of 50:50.

1. National T.B. Control Programme:

(Outlay & 8,00 lakhs)

It is proposed to provide materials like supply of Anti-TB drugs and BCG vaccine etc.

 Sexually Transmitted Disease (STD) Control Programme:

(Outlay R.O. 25 lakhs)

It is proposed to supply drugs to 27 STD Clinics in the State. It is also proposed to open one STD Clinic at any of the following major hospitals (Virajpet, Somvarpet, Coondapur and Sirsi.

3. National Malaria Bradication Programme (Rural):

(Outlay Rs. 238.001akhs)

It is proposed to continue State level staff (6 posts), zonal (Divisional) levels (4), Distr ict level (19) and Block (PHC) level (315) and also proposed to purchase materials, equipments and supplies received from the Government of India.

4. National Malaria Bradication Programme(Urban):

(Outlay 1.3.00 lakhs)

It is proposed for payment of cash (Grant in-aid) to the (9) Municipalities/Corporations at Bellary, Bangalore, Hospet, Raichur, Belgaum, Tumkur, Chikmagalur, Bagalkot and Hassan towns under Urban Malaria schemes and proposed to purchase materials and equipments. It is also proposed to open one Urban Centre at Mysore.

5. National Filaria Control Programme:

(Outlay Rs. 1.50 lakhs)

It is proposed to provide materials under the above programme.

6. Guinea Worm Eradication Programme:

(Outlay R.1.00 lakh) It is proposed to implement the programme in 7 Endaemic Districts in the State (55 Blocks / PHCs.).

(1) INDIAN SYSTEM OF MEDICINE AND HOMEOPATHY ME -DICINE

(Outlay Rs.60.47 lakhs)

1. Strengthening of Directorate of Indian System of medicine and Homeopathy including Establishment of Divisional Office:

(Outlay E.6.00 lakhs)

It is proposed to continue the existing ongoing scheme i.e., the post of Deputy Director and supporting staff at the Headquarters and establishment of Divisional Offices at Gulbarga, Mysore, Bangalore and Belgaum.

2. Taranath Ayurvedic Vidya Peetha, Bellary:

(Outlay Rs. 0.91 lakh)

It is an on-going programme and will be continued during 1984-85.

3. Degree course in Sidha Ayurvedic, Bangalore:

(Outlay R.O.09 lakh)

It is proposed to continue the existing post of Driver in the Scheme.

4. Publication Cell:

(Outlay 2.0.30 lakh)

The ESI scheme is intended to provide medical facilities to the insured persons and their families. The total outlay required to continue the Administrative Unit, Hospital Unit and the Dispensary Unit is Rs.121.55 lak-ME. The outlay provided is the State share and the balance will be met by the ESI Corporation. (Outlay Rs. 3,347.00 lakhs) State Sector only

I. Rural water Supply

(Outlay Rs. 1,977.00 lakhs)

(1) Borewells - (a) State Sector

(Outlay Rs. 1,051.00 lakhs)

Borewells with Handpumps are provided to villages whose population is less than 1,000. Under State Sector it is proposed to sink 4505 Borewells during 1984-85. Of which 1350 will be sunk under Special component Plan for which an outlay of Rs. 270.00 lakhs is provided out of Rs. 1,051.00 lakhs. This includes an out lay of Rs. 150.00 lakks towards maintenance expenses also.

(b) <u>Central Sector</u>: 5570 Borewells will be sunk in villages from the outlay provided during 1984-85. This scheme has got an outlay of Rs. 1,114.00 lakhs which is entirely borne by the Government of India.

(2) Tribal Sub-Plan

(Outlay Rs. 30.00 lakhs)

It is proposed to sink 150 bore wells in Tribal colonies during 1984-85.

3. BIRD PROJECT:

(Outlay Rs. 20.00 lakhs)

This programme is confined to Bidar district only. Under this programme, it is proposed to sink 100 borewells from the outlay proposed.

4. Piped Water Supply Scheme

(Outlay Rs. 760.00 lakhs)

This scheme is implemented in villages having population of 1,000 and above. This condition is slightly relaxed in case of Malnad areas. The maintenance and operation cost of the schemes will have to be made by the Village Panchayats by levying water tax as per the Act. Villages having electricity alone will be selected under this scheme. There were 68300 villages having population of 1,000 and above as per 1971 Census. Of this, 1982 villages have been provided Piped water supply up to the end of June, 1983. During 1983-84 it is proposed to complete 460 schemes.

During 1984-85 it is proposed to complete 420 Water Supply Schemes both under State(300) and Central (120) Sectors. The amount provided above is for completing the schemes taken up under State Sector including the maintanence expenditure. Besides this, an amount of Rs. 440 lakhs is expected from the Government of India for implementing the schemes approved under Central sector.

5. Rejuvenation of Handpumps.

(Outlay Rs. 116.00 lakhs)

Jalna, Patel and other types of Handpumps were fixed prior to 1980 to the successful borewells. Though they worked satisfactorily in the ihitial stages, after a few years the ware and tare was enormous and there were frequent break downs. The replacement cost went on increasing and at the same time causing inconvenience to the local people. In order to reduce the maintenance cost and to ensure the rural population continuous supply of protected water the rejuvenation of handpumps is being implemented in the State in a phased manner with the assistance of DANIDA and UNICEF. 7 districts were covered under this programme during 1983-84 with a programme to replace 3530 old handpumps, with India Mark -II handpumps. During 1984-85 it is proposed to replace 5787 old handpumps.

II. Urban Water Supply and Sewerage

(Outlay Rs. 870.00 lakhs)

The Karnataka Urban water Supply and Drainage Board is responsible for providing protected water supply in all the towns and cities of the State except Bangalore City.241 towns/cities have already been provided with protected water.

1. <u>Piped Water Supply Schemes for Towns with</u> less than 20,000 population

(Outlay Rs. 220.00 lakhs)

Water Supply Schemes in these towns were implemented with 90 per cent assistance in the form of grant by the State Government. The remaining 10 per cent will have to be met by the concerned Municipalities. During the first 3 years of the VI Plan 41 schemes have been completed and another 23 are expected to be commissioned during 1983-84. Out of 64 works under implementation. During 1984-85 it is proposed to continue the remaining 41 Ongoing Schemes and take up 12 fresh works.

2. Water Supply Schemes for Towns. with Population of 20.000 and above.

(Outlay Rs. 200.00 lakhs)

These schemes are taken up with the loan assistance from the Life Insurance Corporation of India. During the first 3 years of the Sixth Flan 11 works were completed under this scheme. During 1983-84 there were 16 Ongoing works out of which 4 are likely to be completed. During 1984-85 it is proposed to take up 12 Ongoing schemes and another 10 fresh works.

3. <u>Water Supply Schemes with loan assistance</u> from the Govt. Board Schemes

(Outlay Rs. 280.00 lakhs)

Under this Scheme 9 works have been completed during the first three years of the Sixth Plan. During 1984-85 in addition to continuing three ongoing Schemes and two new schemes (Dellary and Gadag-Betgeri) will be taken up. Apart from the loan from the State Government, L.I.C. loan will also be avaislable in implementing these schemes.

4. Underground Drainage Scheme

(Outlay Rs. 170.00 lakhs)

These Schemes are implemented with the loan assistance from the Life Insurance Corproration of India. Out of 13 works 5 have been completed during the first three years of the Sixth Plan. During 1983-84 three are 18 Ongoing Schemes. Of which 3 are likely to be completed. During 1984-85 in addition to continuing the remaining on-going schemes, it is proposed to take up another 9 fresh works under this scheme. III.Water Supply to Bangalore City (Outlay As.500.00 lakhs)

The Bangalore Water Supply and Sewerage Board is responsible for the supply of protected water to Bangalore city. The Cauvery Water Supply Scheme Stage-II envisages the drawal of additional 135 MLD.

The scheme is almost nearing completion. Construction of sewage plants at Koramangala, Challaghatta valley, Vrushabhavathi valley and Hebbal Valley have been taken up during 1983-84. The work of these will also continue during 1984-85.

Even after the completion of Cauvery Water Supply Scheme Stage-II the water scarcity problem in the city will not ease in view of the increase in population. Hence, there is absolute necessity to take up Cauvery Water Supply Scheme Stage-III to augment the water supply by an additional 270 MLD. The cost of the project is estimated at Rs. 350 croses. The project is yet to be cleared. However, a token provision has been made during 1984-85 for this scheme. The proposed outlay for 1984-85 will be to take action on the construction of 3 Sewage Treat-ment Planes and initiate action for taking up Cauvery Water Supply Scheme Stage-III.

5. HOUSING

(Outlay Rs. 2.606.50 lakhs)

(Re in Jakha)

During 1984-85 it is proposed to provide the following outlays for different housing programmes.

	(100.	In Lakns)
1.	Housing Schemes of the Department	2,046.09
2.	Housing Board Schemes	304.00
3.	Police Housing	171.00
4.	Jail Buildings	85.50
	Total:	2,606.50

I.Housing Schemes of the Department

(Outlay ds. 2,046.00 lakhs)

1. House-sites to Landless Labourers in Rural Areas

(Outlay Rs. 80.00 lakhs)

Free Sitesare distributed to landless agricultural labourers in rural areas whose annual income does not exceed Rs.2,000/-. If Government land is not available private lands are acquired and developed, the defelopment cost being Rs.25/- per site in maidan area and Es. 50/- in malnad area. Out of 12.5 lakhs identified siteless families 11.06 lakhs have been provided with sites by the end of March, 1983. During 1984-85, it is proposed to provide 1,00,000 sites to the siteless agricultural labourers in rural areas. The amount provided is for acquiring private lands and developing the same.

2. People's Housing Scheme (Outlay Hs. 1,566.00 lakhs)

This is a programme taken up as a follow up scheme of distribution of house sites in rural areas. Families whose annual income does not exceed As.4,000/- are eligible for ascistance under the scheme. Out of the total cost of Rs. 4,000/- per house an amount of Rs. 2,000/- is given as subsidy, Rs, 1,500/as loan and Rs. 500/- being the contribution of the beneficiary. The amount provided under the scheme is for giving subsidy at the rate of Rs. 2,000/- per house and to meet the expenditure on interest subsidies on HUDCO loan and salaries of supervisory staff. During the first three years of the Sixth plan 1.66 1-khs houses have been constructed under this scheme and another 0.58 lakhs are expected to be completed during 1983-84. During1984-85, about 75,000 houses (55,000 under HUDCO 20,000 under ELCHS) are programmed to be constructed.

3. House-sites to Weaker sections in Urban Areas

(Outlay Rs. 54.00 lakhs)

House sites are provided to the families of the economically weaker sections in municipal areas with a population of not more than lakh. Only 25 per cent of the cost of the site will have to be borne by the beneficiary whose income is not more than R2,400/per annum, 50 per cent in case of those whose income is between Rs. 2,400/- and Rs. 4,800/and no concession for those who have income above Rs. 4,800/- per annum. The Government provides 75 per cent of the cost as Subsidy and 12/2 per cent as loan to the municipalities whose population is 20,000 and below and 50 per cent as subsidy, 25 per cent as loan for municipalities having population between 20,000 and one lakh. The remaining amount will have to be met by the municipalities concerned. The amount provided for this scheme is to meet the Government's contribution of subsidy and loan for implementing this programme by the municipalities.

4. Housing for Urban Poor

(outlay Rs. 234.00 lakhs)

(a) Bhagya Mandira:

This scheme is implemented through City/ Town Municipalities and the assistance is provided for the construction of houses and also for improments to the existing houses. For construction of houses an amount of \mathbb{R} 2,500/as loan, and \mathbb{R} s.1,500/-as subsidy per house is given. For improvement the subsidy is \mathbb{R} s. 1,500/- and the loan is \mathbb{R} s. 1,000/- per house During the first three years of the VI Plan 7906 houses have been constructed and 3013 have been improved. During 1983-84 it is proposed to construct 4,600 houses and improve 2,000 houses. The amount provided for 1984-85 is to provide subsidy and loan for construction as well as improvement of houses of urban poor.

(b) Munnade Scheme:

(Outlay Rs. 20.00 lakhs)

This scheme is intended to improve the social conditions of the Urban poor, such as scrap collectors, cartmen, vendors of waste papers and bottles, vegetables and flowers, tailors, artisans etc., This is designed to help those in Town and City Municipal/Corporation areas. Persons whose annual income is not more than Rs. 4,800/will be benefitted by this.

5. Tribal Sub-Plan

(Outlay Rs. 37.00 lakhs)

Under this Scheme construction of houses

similar to People's Housing Scheme are taken up in Tribal Blocks of H.D.Kote, Udupi, Ponnampet, Puttur and Madikeri.

The number of houses constructed during the first three years of the VI plan was 43³⁵ during 1983-84 another 1055 houses are expected to be completed. The amount provided under this scheme is for giving subsidy and loan to the beneficiaries.

6. Residential Quarters to the Village Level Functionaries.

(Outlay Rs. 45.00 lakhs)

Not much progress has been made under this scheme. The outlay provided is for meetingthe cost of construction of the houses for village level functionaries. HUDCO assistance is also secured for this purpose in addition to the Plan provision.

7. Distribution of Sites of Small and Marginal Farmers

(Outlay Rs. 5.00 lakhs)

Just as in the case of Landless Agricu-Itural Labourers sites are also distributed to Small and Marginal Farmers in rural areas. The amount provided under the scheme is for acquiring the land and develop the same before distribution. Not much progress has been made in the scheme since its introduction in 1982.

8. Scheme for conversion of Thatched Rood Houses to Tiled Roof House

(Outlay Rs. 5.00 lakhs)

The scheme was introduced during 1982 to assist the Weaker Sections whose annual income does not exceed Rs. 4,500/-. The assistance will be Rs. 750/- per House, which is extended to the beneficiaries in kind and not in cash. Not much progress has been made under the scheme since its inception.

II. Housing Board Schemes (Outlay Rs. 304.00 lakhs)

1. Integrated Subsidised Housing Scheme

In view of the escalation of cost of construction it has not been possible to adhere to the requirements of the plinth area and thecost of houses which have been fixed during 1952 under this scheme. Hence, no new schemes have been taken up and no provision made.

2. Middle and Low Income Group Housing Scheme

(Outlay Rs. 190.00 lakhs) The houses constructed under this scheme are allotted to eligible individuals whose annual income does not exceed Rs. 7,200/- per annum.

The individuals whose annual income exceeds ds Rs. 7,200/- per annum but does not exceeds Rs. 18,000/- will be eligible for allotment of houses constructed by the Housing Board under this Scheme.

3. Instalment Difference under HUDCO assisted PHS

(Outlay Rs. 94.001akhs)

The outlay provided is to meet the difference in instalments of the People's Housing programme assisted by the HUDCO.

4. Rental Housing scheme

(Outlay Rs. 20.00 lakhs)

Housing Board constructs Quarters to the

Low paid Government employees on behalf of the State Government and the Government reimburses the cost of construction to the Karnataka Housing Board. The amount provided under this scheme is for construction of Quarters to various Low paid Government employees.

III. Police Housing Scheme (Outlay Rs. 171.001akhs)

The Police personal upto the rank of police Inspector are to be provided with Rent-free quarters. The Housing position for these personnel has not improved, especially in Bangalore the position continues to be very unsatisfactory. Only 47 per cent of the Police personnel are provided with quarters at present. Hence, there is urgent need to construct quarters especially in cities like Bangalore, Mangalore, Dharwad, Hubli, Mysore, Belgaum and Gulbarga. The outlay provided is to continue the programme of constructing quarters for Police personnel.

IV. Jail Buildings

(Outlay is. 85.50 lakhs)

10. Integrated Development of Small & Medium Towns:

> (Outlay 4s. 100.00 lakhs)

Under this scheme, 16 towns have been selected for their integrated development in a period of 4 //e rs between 1981 and 1985. For-mation of new layouts, providing of civic amenities, construction and improvement of roads, development of mandies/markets and the establishment of industrial estates are some of the programmes taken up under this scheme. The programmes aim at developing 447 hectares of land and form layouts, construct 1,742 shops, markets and industrial estates and construct about 35 Kms of road length in these 16 towns. The concerned Municipalities will be implementing the schems. The assistance will be in nting the schems. The assistance will be in the form of loan to these Municipalities for implementing the programme. The programme for each of the towns is under various stages of execution by the concerned Municipalities. Since this is a Centrally Sponso ed Scheme, Government of India have released their share of first instalment for all the 16 towns and the second instalment for 3 towns. The progress in the execution is slow owing to The the land acquisition problems. Hence the entire programme may not be completed before the terminal year of the VI Plan. In view of this, it maybe necessary that the scheme is continued as a Centrally Sponsored Scheme during the VII Plan also not only to complete the programme but also to take up some more towns under this programme. The amount pro-vided during 1984-85 is the share of the State Government for implementing the scheme.

11) Urban Arts Commission: (Outlay Rs. 0.50 lakhs)

The outlay provided to the Urban Arts Commission is for continuing its activities.

14. <u>Financial assistance to Train Women in</u> vocations for self-employment

(Outlay Rs. 1.00 lakh)

It is proposed to give assistance to the registered voluntary organisations working in the field of Women Welfare to provide Training in Crafts to the desrwing women for self- employment. This amount is provided in order to continue the scheme and to provide assistance to Voluntary Organisations to Train 100 Women.

15. <u>Widow Remarriage</u>

(Outlay Rs. 0.50 lakh)

Under this scheme financial assistance to an extent of Rs.3,000 is given to destitute widows and Devadasis for marriage. This amount is provided for implementing the above scheme.

16. <u>Financial assistance to needy women for</u> taking up the training

(Outlay "s. 0.50 lakh) Financial assistance will be given to the needy women towards the tuition fee.materials required to undergo short term job oriented courses in recognised commercial/industrial training institutions. The outlay is provided for this purpose.

17. <u>Setting up of a Women Training Centres -</u> <u>State Share</u>

(Outlay &.5.00 lakhs)

This is a Government of India scheme giving grant-in-aid to the registered voluntary organisations working for the welfare of women. As per the scheme 90 per cent of the schematic expenditure will be borne by State and Central Governments on 50 per cent basis. It is proposed to give grant-in-aid to 21 voluntary organisations and an outlay of %s.15.00 lakhs is required. The provision made is to meet the State Governments share.

18. Gruha Kalyana Midhi

(Outlay 3.3.00 lakhs)

The outlay proposed is intended to create a welfare fund for women of the weaker section of the community, destitutes, fallen women and widows for their rehabilitation and self reliance.

FAMILY AND CHILD WELFARE

19. <u>Care and maintenance of destitute/orphan</u> <u>children</u>

(Outlay Rs. 18.00 lakhs)

Voluntary Organisations running Destitute Children Homes will be given grant-in-aid towards maintenance, salary of the staff and rent as per the Government of India Scheme.

20. Integrated Child Development Services Scheme

(Outlay 2.80.50 lakhs)

This is a Government of India scheme wherein a package of services like immunisation, health check-up, referral services, supplementary nutrition, and non-formal education for the children and nursing mothers and pregnant women covering 10,000 beneficiaries in a block are provided. There are 18 ICDS Projects in the State. This scheme is fully funded by Govt. of India except for nutrition component which has to be met by the State Government.

21. BIRD Project

(Outlay Rs. 8.39 lakhs)

Bidar Integrated Rural Development (BIRD) Project is taken up to mobilise women in the development process and to integrate social development inputs with that of economic benefits. The Swiss Government have offered financial assistance of 1.1 million US \$ through UNICEF. The Departments of Horticulture, Sericulture, Agriculture, Animal Husbandry and Veterinary Services, Adult Education, Industries and Commerce, are involved in this programme.

22. <u>Development of Child Welfare and Recreat-</u> ions (Balbhavans)

(Outlay 3. 5.00 lakhs)

The Jawaharalal Bal Bhavan at Bangalore along with the Assets and Liabilities has been taken over by the Government, under the control of this Department. In order to continue this Balabhavan and to provide assistance to the District Committees to improve Balabhavans and development of recreational activities, this a amount is provided. (Outlay Rs.O.10 lakh)

Grant-in-aid is given to voluntary organisations on 50 : 50 matching basis to nm hostels for women and girls who are rescued from moral danger and destitute and who need shelter and protection. The outlay provided is for this purpose.

39. Cells for Enforcement for Eradication of Social Evils

(Outlay &.2.00 lakhs)

This scheme provides for giving legal assistance and wide publicity to the provision under various social legislations which would help women get redressed from their personal grievances in their married life. A cell has been created at the Directorate with two mini cells to combat the social evils like, dowry system, Devadasi system, child marriage etc., The provisions made is to continue these units.

OTHER SCHEMES INCLUDING BUILDINGS

40. 488 Capital Outlay

(Outlay Rs. 45.00 lakhs)

The department intends to have own departmental buildings to house various institutions started by them. Administrative approval has already been accorded by the Government for construction of State Home for men at Hubli and State Home for Women at Gulbarga Reception Centre and Remand Home at Shimoga. It is also proposed to take up the work of Reception Centre at Bijapur, Institution for Mentally handicapped children at Bangalore. State Home for Women at Udupi during the year 1983-84. The provisions made for 1984-85 is to continue the above works and to take up fresh works like Certified Schools, Remand Homes, Schools for deaf children etc.

NUTRION

(Outlay B.1186.70 lakhs)

Under Nutrition, there are two schemes namely; (i) Mid-Day Meals Programme and (ii) Pre-School Children Feeding Programme. The Mid-Day Meals Programme is being implemented in the State by the Department of Public Instruction and the other is being implemented through the Department of Social Welfare. The details are discussed below:

1. Mid-Day Meals Programme

(Energy Food Programme by the Department of Public Instruction)

(Outlay 3s. 444.00 lakhs)

The provision made under the above scheme is intended to reed about five lakhs children in the age group of 6-11 years in the selected taluks of the State.

2. Pre-School Children Feeding Programme

(Outlay "s. 742.70 lakhs)

The outlay proposed under the above scheme is to provide nutritious food to the children of the age group of 0-6 years and expectant women and nursing mothers in urban slums and tribal villages where severe malnurishment is found. At present, the scheme is being implemented in 85 Towns and 27 Tribal Sub-Blocks, covering 3.67 lakhs beneficiaries. The scheme is included under the revised 20-Point Programme and targetted to cover 60,000 more beneficiaries in 30 Towns. The nutrition component of the 69 IFWS/ICDS Projects has also to be met from the State budget under this Head of Account. This scheme is taken up under the Minimum Needs Programme.

CHAPTER IX

ECONOMIC AND GENERAL SERVICES

A. ECONOMIC SERVICES

(Outlay R.83.80 lakhs)

This sector comprises of Secretariat Econimic Services, Economic Advice and Statistics, Computer Centre, Economic and Planning Council and Meights and Measures, Provision has also been made for taking up studies.

1. Secretariat Economic Services:

(Outlay Rs.30.00 lakhs)

The Government of Karnataka has strengthened the planning machinery along the lines suggested by the Planning Commission at the State level, as well as, at the District level. Accordingly, the Planning Department has four divisions, viz., 1) Policy and Programme Division, 2) Administrative Division, 3) Technical Division and 4) Command Area Development Division. The proposed provision is to meet the establishment charges.

2. Economic Advice and Statistics:

(Outlay Rs.10.30 lakhs)

The Bureau of Economics and Statistics is providing data support for the preparation of plans as well as for general purpose. It is necessary to strengthen the organisation. With this object in view, the above provision is made. The schemes taken up are given below:

(a) <u>Strengthening of planning machinery -cre-ation of Economics Division</u>, <u>State Income</u> <u>Unit and Publication Unit - State share</u>;

(Outlay Rs. 1.89 lakhs)

The Economics Division is to undertake analytical studies in respect of different aspects, the State's economy and periodical assessment of the progress of the State and preparation of Annual Economic Reviews and publications. The State Income Unit is created to prepare the estimates of state income and district income and economic classification of State Government Budget. The Publication Unit is to bring out the publications of the Bureau and the District Statistical Abstracts. The outlay proposed is to maintain the above three units.

(b) <u>Timely reporting of estimates of area and</u> <u>production of principal crops - State share:</u>

(Outlay &. 7.31 lakhs)

The scheme is intended to obtain reliable and timely estimates of the area and production of principal crops during different three crop seasons viz., kharif, rabi and summer. The proposed outlay is for continuance of the scheme during 1984-85.

(c) <u>Scheme for improvement of crop statistics</u> - <u>State shure:</u>

(Outlay Rs. 1.10 lakhs)

The scheme is entitled to effect improvements in the quality of crop estimation survey data by exercising sample checks over the field work of the primary workers indipendently. The proposed outlay is for the continuance of the scheme during 1984-85.

3. Computer Centre:

(Outlay Rs. 20.00 lakhs)

The Karnataka Government Computer Centre has 3 computer systems, viz., (i) I.B.M. (ii) UFTRON (iii) B.P.L. The amount is proposed to utilise for maintenance of the existing system and also for the purchase of fast and powerful 16 bit system with capabalities to handle projects spread across the State.

4. Studies: (Outlay R. 10.00 lakhs)

Various research studies on specific problems required for policy formulation have been entrusted to University "esearch Institutions, Consultancy Organisations and Individual Researchers. The areas covered include, evaluation of Government programme sociological studies, estimates of the implications of the legislative programmes. The outlay proposed is meant for this purpose.

5. Economic and Planning Council:

(Outlay Rs.10.00 lakhs)

The State Government have constituted in January, 1983 an Economic and Planning Council for Karnataka. The Council is to advice the Government on various issues in development. These include periodic assessment of the planned programmes with the suggestions about the changes in policies and programmes of Government, review of central and state relations and making recommendations on matters referred to by the Government The outlay proposed is meant for this purpose.

OTHER GENERAL ECONOMIC SERVICES

6. <u>weights and measures</u>

(Outlay Rs. 3.50 lakhs)

The Department of weights and Measures is to ensure the laws of weights and measures and to undertake verifications of weights and measures in the State. The Department provides essential service to the farmers, consumers and plantation labourers, etc. by undertaking the verification and stamping sophesticated weight and measures instruments in accordance with the emphasis to laws so as to ensure the accuracy of the weighed or measured products to serve the interest of the receivers. The outlay proposed is meant for this purpose.

B. GENERAL SERVICES

Stationery and Printing:

(Outlay Rs.51.00 lakhs)

It is necessary to strengthen the Government Printing Press. Printing works such as preparation of text-books and others have been continuously increasing. For speedy implementation of the scheme of establishing sub-urban press at Ketchenahally near Bangalore which was sanctioned 10 years ago, it is proposed to equip the press with modern machinery. The outlay proposed is for establishing the press at Kenchenahally and to strengthen the existing branch press at Gulbarga.

DISTRICT PLANNING - 1984-85

A second phase in the field of decentralised district Planning was launched during 1983-84, when the efforts to streamline the district planning process initiated during 19-82-63 borne fruit and the Government took a major decision to keep a lump sum as discretionary outlay at the disposal of District Development Councils for taking up any programme of local importance. The discretionary outlay has generated considerable enthusiasm in the District Development Councils and these Councils have addressed themselves to the task of identifying local needs and satisfying them through these outlays.

The first step in implementing the district planning process was taken in 1978-79. To begin with, the sectors were demarcated for District and State level Planning. In the subsequent year, even within a given district sector, the schemes were bifurcated into district level schemes and State level schemes. Based on the objective criteria, a lumpsum was allocated to each district for formulating the district plans till 1982-83. Against this outlay District Development Councils formulated the districts plans. At the State Level, the State Heads of Departments scrutinised the sectoral programmes of all districts and made mecessary modifications to suit the State priorities. In this process the plans formulated by the District Development Councils underwent through modifications due to differences in priorities determined at district and State levels, lack of co-ordination between departmental heads at the district and State level, lack of thorough scrutiny of the draft district plans at the district level etc.,

In order to overcome these problems and to make decentralised district planning more meaningful, the district planning process was streamlined during July 1982 for formulating 1983-84 District Plans. Minor headwise outlays under each sector were indicated to each district instead of a lump sum allocation. The District Development Councils were given a free hand to select any schemes best suited to their circumstances, subject to the ceiling on the outlay indicated under the minorhead after providing necessary outlay for spill over worhs. In the case of disagreement between the State Heads of the Departments and the District Development Councils on the termination of on-going schemes or the content of new schemes, the Government was required to take a decision.

A second look at the District level and State level schemes was taken with the objective of brinzing more schemes under the fold of District Plans. As a result of this exercise, the district plan outlay during 1983-84 has risen to Rs. 131.28 crores includive of discretionary outlay of Rs. 7.50 crores forming about 22.8 per cent of the total State Plan outlay of Rs. 575 Crores. In addition to this an outlay of Rs. 24.03 crores is also available as Centre's share for centrally Sponsored and Central Sector schemes of district level schemes increasing the district plan outlay to Rs. 155.31 crores. Districts are also assigned outlays specifically under special programmes like Western Ghat Development Programme, Integrated Rural Development Programme, Drought Prone Area Programme by treating them as Residuary State Sector Programmes. The outlay comprising of State's and Centre's shares for these programmes during 1983-84 ks47.90 crores. Hence the District outlay during 19-83-84 is is. 203.21 crores as res for these programmes during 1983-84 is Rs. 47.90 crores. Hence the District outlay during 1983-84 is Rs. 203.21 crores as indicated below:

		Rs. in c	rones
	State for	tre's share District el schemes	Total District outlay
1. District Level Schemes	123.78	24.03	147.81
2. District Level Sub-Plan	7.50	-	7.50
3. Special Programme	23.50	24.40	47.90
Total	154.78	48.43	203.21
		• • • <u>-</u> - • •	

Except Co-operation Village and Small Scale Industries and Sericulture, the rest sectors contribute more than 50 per cent of the outlay provided for that major-head in the State's Annual Plan, the actual percentage warying from 50 in case of Animal Husbandry sector to 100 in case of Drinking Water Supply. An anlysis of share of different sectors within the total outlay for district level schemes indicates that the major contribution comes from Housing, Roads and Bridges, Minor Irrigation, Drinking Water supply and Primary and Secondary Education, which together account for 58 per cent of the total outlay for district level schemes. Table-1 gives the details. In Table-2, the outlays provided for different sectors in different districts during 1983-84 are presented.

District Level Sub-Plan

Majority of the district level schemes are in the nature of on-going schemes and that the District Development Councils have very little scope to propose new schemes/works within outlay for district level schemes. There are a number of smaller works and schemes which are of localimportance and could not be accommodated in the district plans. Further, the people's participation and involvement can be better mobilised through the encouragement of their initiative and responsibility for taking up their urgent needs. In view of all this it was felt necessary to provide a discretionary outlay to the District Development Councils. For the first time during 1983-84 it was decided to provide Rs. 7.50 crores for this purpose. This outlay is shown under the head 'District Level Sub-Plan', in the State Budget.

The District Level Sub-Plan outlay is distributed to districts on the basis of objective cretiria. The share of each district in this outlay is shown in Table-2. The District Development Councils are free to take up and scheme against this outlay. However the schemes should not involve creation of additional posts, purchase of vehicles, subsidy content during 12-83-84 in future years. 30 per cent of this outlay should be earmarked for the Welfare of Weaker Sections, of which 18 per cent should be for the welfare of SCs and STs. Subject to these conditions, the District Development Councils can take up any scheme with the technical sanction from the competent authority. The regular government departments will implement the schemes under the applicable rules of implementation. The allocation of an untied outlay an the delegation of administrative sanctioning powers to the District Development Councils are the two main features of the District Level Sub-Plan. This is a major step that the Government have taken in the direction of further decentralisation of the Planning Process.

The provision of discretionary outlay with full discretion to the District Development Councils in the selection of scheme-s against these outlays has evoked considerable enthusiasm at the district level. It has been made possible to identify many mission links which have been hither to left unattended and provide the outlay for the same. The general consensus at the district level has been that, this procedure should be extended to the normal district planalso.

Out of Rs. 7.50 crores placed at the disposal of District Development Councils. the large portion nearly 20.7 per cent (refers to 17 reporting districts out of 19) went to Education. The next Priority was Bural Hoads with 18.8 per cent followed by Bural Water Supply with 17.1. per cent, Welfare of SCs and STs with 8.0 per cent, Health and Pamily Welfare Services with 7.1 per cent and Minor Irrigation with 5.7 per cent. Cne of the interesting features of the pattern of distribution of outlay by the District Development Councils is that the sectoral priorities differ from the priorities decided at the State Level for normal District Plan Schemes as can be seen from Table-3. While the District Development Councils have allocated 77 per cent of the outlay covering 6 sectors, namely Bural water Supply, Boads, Education, Welfare of SCs and STs, Health and Family Welfare Setrvices and Minor Irrigation, the allocatiom from the normal District Plans to these sectors is only 53 per cent. This shows that the District Development Councils have exercised their discretion to suggest schemes of local importance taking local conditions into account.

In Table 4 sectorwise allocation of District Level Sub-Plan outlay by different districts is presented. The scale of priorities in these dist-ricts reflects the stage of development of the districts, adequacy or inadequacy of normal district plan funds and the perception of needs by the local people. The table shows that the priorities decided by different District Development Councils vary considerably from district to district.

District Planning - 1984-85

Karnataka made a beginning in the dis-trict planning when it first introduced a two-tire planning process in 1978_79, by allocat-ing a lump-sum to each district and asking them to formulate district plans against this This was a beginning in the right n. The experience of implementing outlay. right direction. this process revealed that there is need for adopting cautious and step by step approach in view of various constraints involved in in the implementation stage. Hence, ss was streamlined during 1983-84. Hence, the proce-Instead of a lump sum allocation, minor head-wise al-locations under each sector were indicated to to each district. The districts were not to each district. The districts were no allowed to change the minor head allocation but they were given freedom to vary the pricrities limiting the same to the minor head outlay. This left very little freedom to the districts. However, this was compensated by a lump sum allocation under District Level Level Sub-Plan to each district during 1983-84.

1984-85 marks a second step in the di-

rection of greater decentralisation of dis-trict planning process. Instead of minor head-wise allocation under each sector, Sectorwise allocations are indicated giving full freedom to the districts to have the priorities within the sectoral allocation. their Bfforts are also being made to give some po-wers of reappropriation to the Districts.Discretionary outlay at the disposal of districts is being continued. Proposed crease in the outlays of Minimum Needs the in-Programme also give greater freedom to the districts in the formulation of district plans during 1984-85. Strengthening of district planning machinery on the lines suggested by the Planning Commission with a view to give adequate technical support in plan formulation, monitoring evaluation, is also underway. With the experience gained so far sin-ce 1978-79, Karnataka will be well set for implementing a more meaningful district plathe Seventh Plan.

Out of the Proposed Outlay of Rs. 634.74 crores for 1984-85, an amount of Rs. 196.28 crores is determined as the outlay for district level schemes including an outlay of Rs. 7.50 crores for district level Sub-Plan. This formas 28.7 per cent of the total outlay as against22.8 per cent during 1983-84, Table-5 gives the details. Besides this the districts also get about Rs. 30 crores as Centre's share for Centrally Sponsored and Central Sector Schemes of district level Schemes. Inaddition to this outlay, the districs are also allocated an outlay of about is. 79 crores (Centre and State's share together) for Special Programmes like DPAP (& 11.25 crores), NREP (Rs. 20.48 Crores), IRDP including Antyodaya (Rs.19.29 Crores).Western Ghat's Development (Rs.3.30 Crores) and Rural Landless Labourers Employment Guarantee scheme (Rs. 23.65 Crores). Hence the districts total outlay comes to Rs. 265.00 crores during 1984-85 as against Rs. 203.00 crores during 1983-84.

Issues

Districts were requested to formulate programmes against some assumed outlays. Mo-st of the districts have already formulated the district plans. In view of the time co-nstraint, it has not been possible to build the State's Plan for 1984-85 on the basis of district plans. For this purpose, it is necessary that the whoel exercise on district plan formulation begins well in advance i.e., sometime in July/August every year. This can be done only with some assumed ten-tative outlays. Until such time, the discussions with the Government of India on resources are held, the size of the State's plan Outlay is not finalised and consequently no firm outlays could be communicated to the district Instead of putting pressure on districts to hurriedly formulate district plans in order that they get incorporated in the State's Plan to be sent to the Planning Commission, such incorporation of district plans in the State Plan may be taken up at the time of budgetting. If this means s slight deviation from the sectoral outlays fi-nalised in the Planning Commission's discussions, no seri us view be taken on such diviations. Normally such diviations marginal in view of heavy commitment on are ongoing schemes.

Whether the ceiling on the size of the district plan on the ceiling foreach sector has to be communicated to districts for plan formulation is another important issue. In other words, whether National, State Priorities should emerge from the priorities decided at the local level or the National and and Priorities should be decided first and the local priorities should get adjusted to such priorities is the question to be answered. Making lump sum allocations and asking districts to formulate plans based on their priorities is an ideal situation from the point of view of decmentralised planning. But to what extent the machinery at the district level is capable of assessing the resources, potentials, requirements, constraints and formulate programmes in the proper perspective is the real issue. As things stand today, the plans formulated by the districts may turn out to be brick and mortar plans with more emphasis on a few sectors at the cost of others.

Alternatively, the sectoral ceilings may be communicated to districts with full freedom to decide the preorities within the sectoral ceiling. This is nothing but deciding the sectoral priorities at State Level. This approach seems to be more moderate at least to begin with provided the districts are given some powers of reappropriations, both within the sector and between the sectors. Added to this, if some discretionary outlay is also provided to the districts, whatever distortions that may arise in the preorities could be wiped out or reduced to the minimum. Karnataka is attempting to follow this approach. Whatever the approach, there is need for a competent technical machinery for plan formulation at the district level.

86

The district planning team must be responsible for plan formulation of not only district level schemes but also for special programmes like DPAP, IRDP, NREP, destern Ghats Development etc., at present this is not done. From the point of providing required infrastructural back up from the district level schemes for special programmes and to establish proper linkages sec torally and spatially such a step is a must. A strong district planning machinery when established should be in a position to take up the plan formulation work of all the programmes which are at present formulated by different agencies.

The Planning Commission is finalising the Guidelines for District Planning. Some of theabove issued may also be given thought to. After the issue of Guidelines, it is better that one district in each State is selected for plan formulation on the lines suggested in the Guidelines by the State Governments. The experiences of different states may be pooled bybringing together different State representatives by the Planning Commission for making necessary modifications to the Guidelines, if necessary. This in itself will be sort of training to the officers of the State Government. The model plan so prepared will be a guide to other districts in the State. Before VII Plan work starts, this exercise may be thought off.

Tables are appended at the end.

CHAPTER-XI

MINIMUM NEEDS PROGRAMME

Based on a thorough scrutiny of the objectives, outlays and physical targets of the minimum Needs Programme, the State has considered it necessary to substantially increase the outlays for the programme in the final year of the Sixth Five Year Plan viz., 1984-85. It was felt that the minimum needs must be met in minimum time. Various alternatives of resource allocations were examined and it was conclu ded that even a marginal pruning of certain other sectors requiring heavy allocations, could lead to a substantial rise in the facilities and ame nities sought to be given to the urban weak and rural neglected.

The overall approved outlay during Sixth Five Year Plan (1980-85) on Minimum Needs Programme is k.220.68 crores, as against which by the end of 1983-84, it is anticipated that k.202.49 crores would be spent (or 92% of the Sixth Five Year Plan outlay would have been spent). During 1984-85, an outlay of k.126.12 crores would be spent. Thus, the Sixth Five Year Plan expenditure will be k.328.61 crores which h will exceed the approved allocation of k.220.68 crores by 49%.

The following table gives the Sectoral outlays and achievements:

TABLE

OUTLAY AND EXPENDITURE; MINIMUM NEEDS PROGRAMME

		(B.lakhs)			
SI. Nøm No.	e of the programme	Sixth plan outlay	Expend iture from 1980-81 to 1983-84 (antic ipated)	Col.(4) as % of Col.3	Proposed outlays 1984-85
1	2	3	4	5	6
1. Rura	l Electrification	140.00	338.60	242	2664.00
2. Rura	l Roads	4500.00	2553.66	57	956.00
	entary Education	2500.00	1596.68	64	1205.04
	t Education	500.00	209.69	42	142.00
	1 Health	2003.00	1091.57	55	1342.16
	l Water Supply	1900.00	6650.02	350	2053.50
	1 Housing	5 500 .00	4944.68	90	1777.00
	ronmental Improvement of slums	1500.00	555.42	37	347.00
9. Nutr		2243.00	1449.50	65	1186.70
10. Fore	stry for Rural Energy Needs*	1282,10*	859 .4 0*	67	938.10*
	TOTAL:	22068,10	20249.22	92	12611.50

* Adopted by the State as MNP

The special features of the programme wonid include not merely stepped up physical targets, but also some additions to the programme content as can be seen from the following:

1. This includes electrification of 1600 villages and 60000 I.F.sets together with a massive programme of electrifying poor people's houses. is proposed to electrify 1.7 lakhs poor peop-__'s houses with single outlet 1.5 lakh twin out

-'s houses with single outlet 1.5 lakh twin out lets under the Bhagya jyothi programme. Further wherever electricity is taken, the Harijan Basti is necessarily mought to be electrified. This is a massively increased and diversified programm e compared with MNP 1983-64 wherein electrification of 140 villages in certain backward districts cas targetted. 2. In 1984-85, it is proposed to extend the rural road network by 1500 Kms. as against 600 Kms. targetted during 1983-84.

3. As against 9000 adult literacy centres functioning during 1983-84, it is proposed to run 17000 Adult literacy centres during 1984-85. The participants strength will also rise from 2.70 lakhs in 1983-84 to 5.10 lakhs during 1984-85.

4. Under rural health programme, the intensification sought to be brought about can be seen from the fact that as against 10 PHCs & 50 subsidiary health centres sought to be started during 1983-84, it is proposed to start 25 PHCs and 100 subsidiary health centres during 1984-85. Like-wise there is substan tial increase and diversification of the MNP as can be seen from relevant GN statements attached to this plan. Special Component Plan for Scheduled Castes: (Outlay Rs. 7,086.86 lakhs)

It is the long term objective of the plan to enable 50' percent of the Scheduled Caste families or 5.30 lakhs families to cross the poverty line in a period of five years i.e., 1980-85. During the Annual Plan period 1984-85 it is targetted to uplift 1.50 lakh families above the poverty line. The Special component plan is formulated for an outlay of Rs. 137.90 crores. Out of this, the State share is Rs. 70.87 crores.

This objective of removal of poverty is sought to be achieved by taking up family oriented programmes primarily in the agricultural and allied sectors including sericulture. In addition to this, in the secondary and teritiary sectors involving industry, leather crafts, handicrafts, handloom and services etc., the participation of Scheduled Castes is also sought to be increased in order to enhance income of their families.

The plan also recognises the need for strengthening the social infrastructure base consisting of schools, health-centres and basic amenities likewater supply, housing etc., in the habitations of Scheduled Castes both in urban and rural areas.

- 1. Land Reforms: (Outlay Rs. 32.50 lakhs) (1) Legal aid to
- Scheduled Castes (Outlay As. 1.50 lakhs)
- (2) Assisting tenants
 by giving necessary inputs, plough
 bullocks etc.
 (Outlay Rs. 17.00 lakks)
- (3) Negilu bhagya (Outlay Rs. 14.00 lakks)
- 2. Agriculture: (Outlay Rs. 110.00 lakes)
- (1) Free training of scheduled caste farmers (Outlay Rs. 2.00 lakhs)
- (2) Free supply of Agricultural inputs (seeds and fertilisers) with transportation charges (Outlay Es. 43.00 lakhs)
- (3) Supply of Agricultural implements (Outlay Rs. 29.00 lakhs)
- (4) Supply of Bullock carts with Bullock(Outlay Rs. 26.00 lakhs)
- (5) Supply of PP equipments (Outlay Es. 5.00 lakhs)
- (6) Free supply of storage bins (Outlay Rs. 3.00 lakes)
- (7) Field Demonstration conducted tours (Outlay Rs. 2.00 lakks)
- 3. Horticulture: (Outlay Rs. 85.00 lakks)
- (1) Training programme (new) (Outlay Rs. 5.00 lakhs)
- (2) Maintenance of §2 acre fruit/ coconut garden raised

	ing previous ears	(Outlay Rs. 21.26 lakas)
	Bsta blishment of new ¥2 acre fruit coconut plots	(Outlay Rs. 55.95 lakhs)

(Outlay R.493.98 lakhs)

The population of Scheduled Tribes in the State according to 1971 census is 2,31,268 which works out to 0.80 percent of the total population of the State. The percentage of lieracy among Scheduled Tribes according to 1971 census is 14.69 as against the general literacy percentage of 31.54 of the State. Economically also the Tribals are a backward group.

Though the Scheduled Tribes are spread all over the State; they are mainly concentrated in the districts of Mysore, Kodagu, Dakshina -Kannada and Chikamagalur. The State Government is considering the inclusion of other areas also under Tribal Sub-Plan after finalising necessary formalities. About 53 percent of the State Scheduled Tribe population is covered under the Tribal Sub-Plan.

NEW TWENTY POINT PROGRAMME

The New Twenty Point Programme represents a balanced blend of programmes and policies which aim at increasing production and at the same time providing benefits/facilities to the weaker sections in an ample measure. Agricultural production is sought to be increased bv increased irrigation and increased production, of oil seeds and pulses coupled with dissemina-tion of dry land technology. The emphasis on dry land is due to the obvious reasons that dry lands stretch over far greater an extent of arable area, than irrigated tracts. Power gene-ration and effective distribution, coupled with liberalised investment procedures and streamlined industrial policies, pin point towards rapid industrial growth planned. The public sector undertakings are sought to work effectpublic ively. Handicrafts, handlooms and village and small industries are being given all facilities to grow and update their technology. Thus, production, both agricultural as well as industrial are sought to be increased.

Programmes and policies aiming at improved and secure income to the weak, such as the Integrated Rural Development Programmes, NEEP., RLEB, rehabilitation of bonded labour, land reforms, enforcement of minimum wages for agricultural labourers and accelerated programmes for development of SCs/STs are an integral part of the 20-point programme. For the Development of SCs and STs a substantial amount has been earmarked separately out of the general plan outlay by the way of formulation of special component plan for SCs and Tribal Sub-Plan for STs.

Provision of basic minimum amenities generally to the weaker sections in both the urban and rural areas is also planned. Supply of drinking water to problem villages, allotment of house-sites and construction assistance to rural families, environmental improvement of slums and houses for weaker sections in urban areas are some examples. Further, arresting of unwarranted increase in land prices and rapid electrification of villages are also aimed at.

In the social services sector, programes of helping the weak both in Health and Education sector are emphasised. Improved public health through augmentation of primary health care facilities, control of leprosy, T.B. and blindness and family planning are emphasised. It is also recognised that mere programmes of health without nutrition have no meaning. Therefore, accelerated programmes for women and children with emphasis on nutrition for children, pregnant and nursing women, specially in tribal, hill and backward areas are taken up. Universal primary education for age group 6 to 14 years with special emphasis on girls education cation and adult literacy programmes are included.

In order that the weaker section consumers are not overburdened by rising prices, the public distribution system and consumer movement are sought to be strengthened. Strict action against smugglers, hoarders and tax evaders is sought to be taken. Particular care is taken of students' needs like availability of text books and exercise books etc., at cheap rates.

The financial and physical targets of the programme are given in the accompanying statments to this Plan vide TPP-1 and TPP-2.

The progressive reduction in the incidence of poverty and unemployment are the major of jectives of the Sirth Plan. Plan programmes obin Karnataka have been designed with a view to increase employment opportunities. Development programmes in sectors like agriculture animal husbandry, soil conservation, sericulture, irrigation, road development, housing stc., have been taken up with a view to create more employment opportunities. Besides these programmes, special employment oriented pro-grammes like IRDP., DPAP., CADA., etc., have also been taken up with the similar intention. Amphasis is also placed on creating self em-ployment opportunities since the opportunities ployment opportunities since the opportunities for creating the wage employment are limited. This is mainly because economic activity can generate only a limited number of salaried and wage employment opportunities. The problem of seasonal unemployment and under employment among the rural people is being attended to by creating opportunities under NREP and also under RLEGP. Though, substantial progress Though, substantial progress has been achieved under various programmes due to lack of sufficient data on the employment created, both direct and indirect, it is not possible to indicate quanti-tatively the progress achieved.

MEASUREMENT OF EMPLOYMENT:

Utilising the NSS 32nd round labour participation rates and estimated labour force of 1981 census, it has been estimated that5.38 lakh persons were chronically unemployed in the State. Under the daily-status measurement the number of unemployed on an average was 13.34 lakhs, whereas. under the weeklystatus measurement, the unemployment was 6.22 lakhs.

Statistics on the registration in the live registers of employment exchanges provide a rough ide about the unemployment situation. However, this data suffers from certain limitations like double registration by the employed, etc., and non-registration by the unemployed.

The position of the registrants on the live registers of employment exchanges in Kurnataka is given in table- 1.

Table - 1

Between July 1982 and July 1983, the number on the live registers of the employment exchanges has increased by 10.03 per cent. Though the increase is not uniform in all the categories, in the case of III/ apprentice and other certific te holders the increase was quite substantial to the extent of 22.08 per cent. Though, nearly 7.23 lakh persons were on the employment registers as on July 1983, the estimated number of such persons would come to about 4 lakhs, since some of the reper cent. Though, nearly 7.23 lakh persons were on the employment registers as on July 1983, the estimated number of such persons would come to about 4 lakhs, since some of the rence studies have indicated that nearly 45 per cent of the registmants in the employment exchanges are already in employment in some or the other job.

Wage employment in organised sectors, as on March 1983, was 11.92 lakhs compared to 11.72 lakhs as on March 1982. Women emloyment has increased from 1.52 lakhs to 1.57 lakhs during the same period. The rate of increase was 3.1. per cent as against 4.6 per cent during the previous year.

The State is implementing all the national programmes in creating more employment opportunities with a view to alleviate the poverty of the people especially in the rural areas. Among the national programmes that are being implemented in the State, the Integrated Bural Development in all the taluks of the State. However, in some of the taluks, the anthyodaya programme, which envisages upliftment of the poorest of the poor, is being implemented. The Drought prone Area Programme is also in operation in 85 taluks of the State, of which 70 taluks are under central sector and 15 taluks are under State sector. The National Rural Employment Programme is under implementation in all the 175 taluks of the State. During 1983-84, 59.21 lakh mandays of employment have been generated.

As the instance of Government of India, the Aural Landless Amployment Guarantee programme is being implemented during 1933-84. This scheme has twin objectives namely (1) to improve and expand employment opportunities for rural landless with a view to providing guarantee of employment to atleast one member of the landless household. Upto 100 days in a year, and (2) to create durable assets for strenthening the rural infrastructure Thich willlead to rapid growth of rural economy. Under this programme the works can be taken up during any part of the year taking care to see that the labour intensive operations are concentrated during the lean agricultural periods.

Apart from the above national programmer, intackling the problem of unemployment, the State Government hastaken a decision to implement dural Employment Guarantee Scheme from 26th January 1984. This scheme shall initially cover 40 taluks with high concentration of poor unemployed, under employed with particular reference to scheduled castes and scheduled tribes. It is envisaged that during the next two years the whole of rural Karnataka will be covered under the scheme.

It is expected that the annual plan would generate with a reported outlay of about Rs. 528.00 crores, 968.71 lakhs person-days of construction employment and 715.34 thousand person-years of continuing employment opportunities during 1984-85.
