113. (a) All voting papers shall be scrutinized by the Registrar and such other person or persons as may be nominated by the Vice-Chancellor. The candidate or his agent duly authorised by him in writing in this behalf shall be entitled to be present at such scrutiny.

(b) After the voting papers have been counted, the Registrar or the Scrutineer(s) nominated by the Vice-Chancellor for the purpose shall examine the voting papers and sort them into parcels according to the first preference recorded for each candidate, rejecting voting papers that are invalid.

(c) The Registrar shall then count the number of papers in each parcel and shall credit each candidate with a number of votes equal to the number of valid papers on which a first preference has been recorded for such candidate and he shall ascertain the total number of valid papers.

- (d) The Registrar shall then divide the total number of valid papers by a number exceeding by one, the number of vacancies to be filled. The result increased by one (any fractional remainder being disregarded) shall be the number of votes sufficient to secure the election of a candidate. This number is hereinafter called the "quota".
- (e) If, at the end of any count, the number of votes credited to a candidate is equal to or greater than the quota, that candidate shall thereupon be elected.
- (f) If, at the end of any count, the number of votes credited to a candidate is greater than the quota, the surplus shall be transferred, as in this Statute provided, to the continuing candidates for whom the next available preferences have been recorded on the voting papers in the parcel or sub-parcel last received by the elected candidate.
- (g) (i) If more than one candidate has a surplus, the largest surplus shall be first dealt with.
- (ii) If two or more candidates have each an equal surplus, the surplus of the candidate with the largest number of votes at the first count at which the candidates in question have an un-equal number of votes shall be first dealt with. When the number of votes credited to such candidates is equal at all counts, the Registrar shall determine by lot which surplus he will first deal with.
- (h) The Registrar need not transfer a surplus when that surplus, together with any other surplus not transferred, is less than the difference :
- (i) between the votes of the candidate lowest on the poll and the votes of the next higher candidate;
- Or
- (ii) between the total of the votes of the two or more candidates lowest on the poll and the votes of the next higher candidate, provided that the exclusion from the poll of the aforesaid two or more candidates lowest on the poll shall not reduce the number of continuing candidates below the number of vacancies remaining to be filled.
- (i) (i) If the votes credited to an elected candidate consist of original votes only, the Registrar shall examine all the papers contained in the parcel of the elected candidate whose surplus is to be transferred;
- (ii) If the votes credited to an elected candidate consist of original and transferred votes, or of transferred votes only, the Registrar shall examine the papers contained in the sub-parcel last received by the elected candidate whose surplus is to be transferred.

-
- (iii) In either case the Registrar shall sort transferable papers into sub-parcels according to the next available preferences recorded there-on, shall make a separate sub-parcel of the non-transferable papers and shall ascertain the number of papers in each sub-parcel of transferable papers.
- j) If the total number of papers in the sub-parcels of transferable papers is equal to or less than the surplus, the Registrar shall transfer the whole of each sub-parcel of transferable papers to the continuing candidate indicated thereon as the elector's next available preference, and shall set aside as a separate parcel so many of the non-transferable papers, as are not required for the quota of the elected candidate. The particular papers set aside shall be those last filled in the parcel of non-transferable papers.
- k) (i) If the total number of transferable papers is larger than the surplus, the Registrar shall transfer from each sub-parcel of transferable papers to the continuing candidates indicated thereon as the electors' next available preference, the number of papers which bears the same proportion to the number of papers in the sub-parcels as the surplus bears to the total number of transferable papers.
- (ii) The number of papers to be transferred from each sub-parcel shall be ascertained by multiplying the number of papers in the sub-parcel by the surplus and dividing the result by the total number of transferable papers. A note shall be made of fractional part, if any, of each number so ascertained.
- (iii) If owing to the existence of such fractional parts, the number of papers to be transferred is less than the surplus, so many of these fractional parts taken in the order of their magnitude, beginning with the largest, as are necessary to make the total number of papers to be transferred equal to the surplus, shall be reckoned as of the value of unity, and the remaining fractional part shall be ignored.
- (iv) If two or more fractional parts are of equal magnitude, that fractional part shall be deemed to be the largest which arises from the largest sub-parcel, and if the sub-parcels in question are equal in size, the fractional part credited to the candidate with the greatest number of votes at the first count at which the candidates in question have an unequal number of votes shall be deemed to be the largest. When the number of votes credited to such candidates are equal at all counts, the Registrar shall determine by lot which fractional part shall be deemed to be the largest.
- (v) The particular papers transferred from each sub-parcel shall be those last filled in the sub-parcel and each paper so transferred shall be marked in such a manner as to indicate the count at which the transfer took place.

-
- (l) (1) If at the end of any count no candidate has a surplus or if any existing surplus need not be and is not transferred, any one or more vacancies remain to be filled :
- (i) The Registrar shall exclude from the poll, the candidate lowest on the poll.
 - (ii) If the total of the votes of the two or more candidates lowest on the poll together with any surplus not transferred is less than the number of votes credited to the next highest candidate the Registrar may at the same count exclude the aforesaid two or more candidates lowest on the poll, provided that the exclusion of these candidates shall not reduce the number of continuing candidates below the number of vacancies remaining to be filled.
- (2) If, when a candidate has to be excluded, two or more candidates have each the same number of votes and are lowest on the poll, the candidates with the lowest number of votes at the first count at which the candidates in question have an unequal number of votes shall be excluded, and when the numbers of votes credited to these candidates are equal at all counts, the Registrar shall determine by lot who shall be excluded.
- (3) Upon the exclusion of any candidate, the Registrar, save as here in after provided shall examine all the papers credited to that candidate; shall sort the transferable papers into sub parcels according to the next available preferences recorded thereon for continuing candidates; shall transfer each sub-parcel to the candidate for whom that preference is recorded and shall set aside as a separate sub-parcel the non-transferable papers.
- (m) (i) If at the end of any count, the number of elected candidates is equal to the number of vacancies to be filled, no further transfer of votes shall be made.
- (ii) If, on the exclusion of a candidate or candidates, the number of the then continuing candidates is equal to the number of vacancies unfilled, the continuing candidates shall thereon be elected and no further transfer of votes shall be made.
- (n) The order of priority of election or elected members shall be the order in which they are severally elected. If at the end of any count, two or more candidates are elected, the order of priority shall be according to the number of votes credited to such candidates beginning with the largest.
- (o) (i) Wherever any transfer is made, each sub-parcel of papers transferred shall be placed on the top of the parcels, if any, of papers of the candidates to whom the transfer is made and that candidate shall be credited with a number of votes equal to the number of papers transferred to him.

- (ii) Non-transferable papers (except such as in the transfer of a surplus may be required for the quota of the elected candidate) shall be set aside as a separate parcel together with any parcel of non-transferable papers already set aside.
- (iii) On the transfer of the surplus of an elected candidate, all papers not transferred to continuing candidates and not set aside as provided in the preceding paragraph, shall be placed together in one parcel as the quota of the elected candidate and the parcel shall be marked with the name of the elected candidate.
- (p) After the scrutiny is completed, the Registrar shall forthwith report to the Vice-Chancellor the result of the scrutiny.
- (q) On the result of the election being reported as aforesaid, the result of the scrutiny, showing for each candidate the number of first votes obtained and the successive additions, if any, to the number till the candidate was excluded or elected, shall be put up on the Notice Board by the Registrar. Names of the elected candidates shall then be notified by the Registrar. The voting papers shall be destroyed after one week of the declaration of result unless the Vice-Chancellor decides to extend the period for reasons to be recorded in writing.
