## **PREFACE**

*Andhra Pradesh has always been in the forefront in the matter of welcoming meaningful change in Higher Education. It has been credited with several firsts in the past. It continues to take the lead in experimenting and in innovating and in providing greater access to quality education.*

*In order to offer reliable and authentic information about the Higher Education scene in Andhra Pradesh, an attempt is made here to provide district wise / region wise details about Colleges and Courses, enrolment figures, fee structure in as inclusive a manner as possible.*

*It is our hope that with the constant help and support given by the Universities and Colleges, this initiative could be finetuned periodically to serve the interests of students and the public at large. In time, this attempt would culminate in producing updated year books on Higher Education year after year.*

*A word about Higher Education stakeholders in Andhra Pradesh is in order here. Andhra Pradesh has witnessed a phenomenal expansion of opportunities in Higher Education in General and Professional and Technical Education in particular in the last few years. The State has been very proactive in adjusting itself to sweeping changes occurring globally in the field of Higher Education. The State has adopted a strategy of Private participation in moving Higher Education from a supply-driven model to a demand-driven model.*

*There are 14 Universities, 7 Deemed Universities and 2 Central Universities & 1295 Degree Colleges, 225 Engineering Colleges, 272 MCA*

*Colleges and 209 MBA Colleges in the State. The expansion in the closing years of the century is unprecedented. And yet with a total enrolment figure of more than five lakhs, our position in terms of the percentage of entire population is far from satisfactory. We still have a lot to do in the matter of providing wider access and equal opportunity. It is agreed on all hands that it is only through Higher Education we can broaden the social base of democracy. An aware citizenry & even an active citizenry is our only hope in these times of crisis to contribute to the total well being of society. It is good to remind ourselves constantly that in a competitive world we inhabit, only quality and excellence alone would stand us in good stead and nothing else should merit our attention.*

*The Andhra Pradesh State Council of Higher Education (APSCHE), a coordinating and planning body, the first of its kind in our country, was established in 1988. It is primarily a liaison between the University Grants Commission, the State Government and the Universities to coordinate and determine standards in institutions of Higher Education. The APSCHE would pledge to strive ceaselessly to carry forward the ideal of collegiality in its pursuit of excellence in the field of Higher Education.*

## OSMANIA UNIVERSITY

“OSMANIA UNIVERSITY” was established in the year 1918 in the city of Hyderabad. It is one of the oldest and largest institutions of higher learning in India. It has a vast sprawling campus of 1600 acres and is set in picturesque and idyllic surroundings. Buildings of great architectural elegance and variety, enhance its beauty.

Osmania University is a multi-faculty, multi-campus, semi-residential and affiliating university with more than 1100 faculty and about 3000 non-teaching staff on rolls. The student enrolment in the University is nearly 2.00 lakhs. Girl students account for 40% of the total enrolment. The University offers various undergraduate, postgraduate, research & professional programmes through a network of seven campus colleges, six constituent colleges, eight district postgraduate colleges (directly administered by the University) and more than 500 affiliated colleges (comprising Government, Aided and self-financing institutions) spread over the twin cities of Hyderabad and Secunderabad and five districts of the Telangana Region in Andhra Pradesh viz., Rangareddy, Medak, Nizamabad, Nalgonda, Mahaboobnagar covering an area of about 60,000 sq.km with a population of nearly twenty millions. There are nine faculties and sixty academic departments offering more than 100 wide-ranging courses of study and subject-specializations at different levels. Besides, the University has set up a number of specialized research and training centres, resource and extension centres and advanced centres of excellence in emerging areas of human concern and social relevance. It has a vast potential for growth and development given its physical extent as well as its academic diversity and comprehensiveness.

The University was established with the objectives : To meet the short and long term manpower needs for social and economic development in the regional and national context, through teaching, research, extension and consultancy; To empower youth by imparting appropriate skills and by promoting scientific temper, scholarship and excellence through teaching and research; and to preserve and promote Indian culture and heritage.

## **Academic Organization and Programmes**

Teaching and Research in the University are organized through nine faculties viz., Arts, Social Sciences, Sciences, Commerce, Engineering, Technology, Education, Law and Oriental Languages. These comprise 60 academic departments and specialized disciplines as listed below:

## KAKATIYA UNIVERSITY

Establishment of Kakatiya University on August 19, 1976 signified the fulfillment of a long cherished aspiration of the people of Telangana. Emergence of this University was in fact a historic event in the sense that it heralded a new era in the realm of higher education catering to the needs of north Telangana.

Until 1967, facilities for Post-Graduate education were available only in Hyderabad. In the meantime, the University Grants Commission sanctioned eleven Post-Graduate Centres for the entire country during IV Plan period and Andhra Pradesh got three out of these eleven centres including Warangal.

It began with only four Departments – Telugu and English located in the premises of Arts and Science College and Chemistry and Mathematics at Regional Engineering College. In 1968, five more Post-Graduate departments, Physics, Botany, Zoology, Commerce and Public Administration were started. The department of Economics was started in the year 1974. B. Pharmacy course which was started by the Osmania University in 1974-75 at Hyderabad was shifted to the Post-Graduate centre at Warangal during the academic year 1975-76.

While eight out of the nine Post-Graduate Departments were organized in the premises of Arts and Science College in the year 1968, steps were simultaneously taken for the acquisition of 650 acres of land. As the financial assistance from the University Grants Commission, the State Government and the Osmania University during the Fourth Five-Year Plan period was limited, initial emphasis was confined mostly to the recruitment of staff, purchase of books and equipment. As a result, only temporary structures could be raised for accommodating all the ten Post-Graduate Departments.

The Post-Graduate Centre was accorded autonomy in administrative and academic affairs by the Osmania University on 30<sup>th</sup> April, 1976. Finally, it was upgraded into Kakatiya University on the 19<sup>th</sup> August, 1976, and it was a dream realized for the

people of north Telangana. Our University is 27 years now and it is all set for academic excellence. The University also celebrated in a grand way its Silver Jubilee Celebrations in 2001.

To begin with, jurisdictional area of the University was confined to the municipal limits of Warangal only. With the expansion of jurisdictional area of the University in the year 1998, it has now in its fold 189 colleges located in the Northern Telangana districts of Karimnagar, Khammam, Adilabad and Warangal offering a number of programmes at the Under-Graduate, Post-Graduate and Research levels in Professional as well as Non-Professional courses with an enrolment of about 85,000 students.

The State Government had brought the Post-Graduate centres as Kothagudem, Godavarikhani and Karimnagar and the Kothagudem School of Mines under the administrative control of Kakatiya University from Osmania University in 1993. This transfer was in pursuance of the policy to rationalize the jurisdictional area of different Universities in the State. The Post-Graduate Centres at Kothagudem including Kothagudem School of Mines, Godavarikhani and Karimnagar have started functioning as constituent units of Kakatiya University since then.

With the formation of Kakatiya University, Regional Engineering College, Warangal has been given the status of an associate college, while all other colleges, under the jurisdiction of this University have been affiliated. Arts & Science College (Day and Evening), however, continued to remain as constituent college of the Osmania University, till October, 1977.

A full-fledged School of Distance Education was established in 1988 and is now known as School of Distance Learning and Continuing Education (SDLCE). The School offers 75 programmes in undergraduate, postgraduate levels and research programmes leading to M.Phil and Ph.D apart from Diploma and Certificate courses. It has 70 study centres with a total enrollment of about 35,000 students.

After the formation of the University, M.Phil, Programme was started in most of the ten Post-Graduate Departments, facilities for research have been expanded by strengthening the Library and laboratory facilities. A Central Instrumentation Centre has also been established to pool up the common facilities required for all the Science Departments.

The Department of Pharmacy was upgraded into a full-fledged college of Pharmaceutical Sciences with effect from 01.11.1980. The Department of Law, University Evening College was also upgraded into a full-fledged University College of Law with effect from 01.11.1980.

The Kakatiya University now has a good educational infrastructure with a University Engineering College, two Private Engineering Colleges, Pharmacy college on the University Campus is renowned for medicinal research all over the country. The University has now four private Pharmacy colleges, one University College of Law, four Private Law Colleges, 28 MCA Colleges, including that of University/Constituent Colleges, five Oriental Learning Colleges, 25 MBA Colleges, including that of University/Constituent Colleges, 39 B.Ed. Colleges (including that of IASE) and a number of affiliated Under-Graduate Colleges. With the financial assistance from the University Grants Commission, the Department of Education, Kakatiya University was upgraded as Institution of Advanced Study in Education (IASE).

The University Campus has been beautified with the financial assistance from the University Grants Commission and with the help of some local organizations. It has recently developed a garden on the Campus, two *Kakatiya Keerthi thoranams* in commemoration of *Kakatiyas*. Recently, the University has also been established a Students' Welfare Centre, a Yoga Centre and a Foreign Relations Office, in addition to a women's study center.

## NAGARJUNA UNIVERSITY

'NAGARJUNA UNIVERSITY' is named after the great Buddhist Philosopher, Acharya Nagarjuna. The University was established in 1976 on the banks of river Krishna. The area excelled as a centre of great learning, attracting a large number of scholars from different parts of the world from centuries ago. Started as PG Centre in 1967, the University has grown into a full -pledged center for Higher Learning, fulfilling the aspirations of the people of the area. The University covers Krishna, Guntur and Prakasam districts with a network of 287 affiliated colleges. The University and its affiliated colleges offer a wide variety of courses including Engineering, Education, Law, Pharmacy, Science, Commerce and Arts. The University runs 24 academic departments offering 37 PG courses, 7 advanced research centres and also three extension centres at its main campus. It has two PG centres at Nuzvid and Ongole. The University has completed 25 years of its existence and celebrated its Silver Jubilee in a befitting manner.

Teaching and research are the two eyes and twin goals of the faculty in the university college. The research programmes carried out in the various departments cover both fundamental and applied areas. The academic departments seek to find a reasonable and useful balance between the world of knowledge and its use and application in a more concrete and realisable form. The research programmes and course content focus on vital issues and attempt to find solutions, so that feedback obtained by interaction with the field experience could be used to bridge the gap between learning and its utility value.

The Humanities and Social Sciences departments have been engaged in the task of studying the socio-economic problems. Besides general areas, the research projects also cover a study of problems of women, depressed classes of the society (both social and economic) and the problems of governance.

The Science departments are engaged in carrying out the work related to the growing scientific knowledge in solving the problems of society like study of the pollution hazards and their prevention during development by isolating and characterising the active principles from both floral and microbial sources. Finding alternative energy sources, computer applications and software development, augmenting and preserving fuel supplies and other bio-mass sources, defense research, exploring non-conventional energy sources, aquaculture development, liquid crystals preparation and study of their physical properties, microbiology and phytopathology are the other areas of research that a bearing on the day-to-day problems of society. Knowledge is thus not merely an end in itself but also a means to serve the society which funds the educational institutions, and this practical side has not been ignored by the University.

## **SRI VENKATESWARA UNIVERSITY**

“SRI VENKATESWARA UNIVERSITY” is the third biggest University in Andhra Pradesh. It was established in 1954 in Tirupati to meet the Higher Education requirements of the rain shadow region of Rayalaseema and Nellore. It is located in sprawling 1000 acres with the picturesque sheshachala hill range of the eastern ghats forming a back drop. With the upgradation of one of its erstwhile PG centres viz., PG centre, Anantapur into a full-fledged University (Sri Krishnadevaraya University) in 1981, the territorial jurisdiction of the University is now confined to the districts of Chittoor, Kadapa and Nellore.

The University has made a rapid progress in terms of range of courses offered, the number of students, teachers and supporting staff and it became a premier centre for learning in different fields of knowledge in tune with the changing needs of the Society.

Starting with one constituent college in 1954, the University today has two well - equipped and full-fledged constituent colleges and 2 PG Centres located in Kadapa and Kavali (Nellore Dist) consisting of 4 departments each.

The constituent colleges are University College of Arts and Science and University College of Engineering. The University College of Arts and Science has four schools viz., School of Biological and Earth Sciences (9 departments), School of Mathematics and Physics Science (4 departments), School of Humanities and Extension studies (12 departments) and School and Behavioral Sciences (11 departments). The College of Engineering has 7 departments.

The University Colleges today have on rolls more than 3000 students at PG level besides Engineering students. The University faculty has a strength of 800 covering 55 disciplines.

The University is having 162 affiliated Degree Colleges including 25 colleges located in the Districts offering PG courses, 2 Engineering Colleges, 20 MBA Colleges and 29 MCA Colleges, 6 Law Colleges, 30 Education Colleges, 2 Physical Education Colleges and one college of yoga with an intake capacity about 48,000 students at UG level and 3000 at PG level.

The infrastructural facilities available in the Universities include Central Library, Oriental Research Institute Library, Health centre, Computer centre and Instrumentation centre, Printing press, Central Workshop, Guest House, Academic Staff College, Employment Bureau, High School for the children of the University staff, 13 Men hostels for PG, Engineering and Research students with an accommodation for 2512 students and separate 5 women hostels having accommodation for 1125 girl students apart from post and telegraph services and banking facilities.

The University is propagating the system of Distance Education during the last two decades. The Distance Education system is also providing job oriented courses in Education, Library Science and such other professional courses apart from offering private study facilities in the traditional subject disciplines of Economics, English, Commerce and Mathematics.

The University has several centres of study in emerging areas like centre for Rural Development and Appropriate Technologies, Centre for Environmental Sciences, Centre for Peace and Non-Violence, Energy and Software Technology park, Centre for MST Radar Applications and Centre for Studies in Human rights and Social Development.

The Departments of Physics, Zoology, Psychology, Botany, Virology and Bio-Chemistry have been collaborating with National and International research agencies. Besides, the University has established productive relationship to conduct in frontier areas such as the University of Florida at Gainesville, University of Wisconsin at white water.

\* COLLEGE IS NOT AFFILIATED TO SRI KRISHNADEVARAYA UNIVERSITY

## **JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY HYDERABAD**

Jawaharlal Nehru Technological University was established in the year 1972 by an Act of State Legislature. The University started with three Government Engineering Colleges at Ananthapur, Hyderabad and Kakinada along with Government College of Fine Arts & Architecture at Hyderabad as its Constituent Colleges. In addition to, the Oil Technological Research Institute at Ananthapur was subsequently transferred to JNT University in 1985. The Institute liases with oil based Industries and has organised many research programmes. The Institute won several Gold Medals. Subsequently, JNTU Act was amended in 1992 to affiliate any other College notified by the State Government. **The newly emerging Engineering Colleges in Andhra Pradesh after 1995 have become affiliated to this University.**

Distance Education Programmes in B.Tech Civil Engineering, Electrical & Electronics Engineering, Mechanical Engineering and Electronics & Communication Engineering were started by the University in 1983. The University has five research centers, five service centers and 22 Departments.

JNT University is also offering through JNTU College of Fine Arts and School of Planning & Architecture highly professional and job oriented Courses leading to Bachelor of Fine Arts, Bachelor of Photography, Bachelor of Architecture and Master of Urban & Rural Planning (MURP).

The University has established a number of Centres / Schools under umbrella of Institute of Post Graduate Studies & Research (IPGSR). To provide continuous Refresher Courses for updating and acquiring additional skills in new areas, the University has proposed to UGC for establishing a academic staff College for Technical Teachers which has been sanctioned.

University is offering a number of PG programmes in Computer Science and Information Technology. It has been offering short -term courses in Software area. With fast growing needs in the area of Information Technology, University has established School of Information Technology in the year 2000-2001 to bring the all the Computer and Information Technology related activities under the control of School of Information Technology.

Recently two new programmes at Undergraduate level viz. Bio-Technology and Instrumentation & Control Systems, 7 new programmes at Postgraduate level viz. Environmental Geo-Informatics, Geo -Informatics & Surveying Technology, Environmental Bio-Technology, Geo-Environmental Engineering, Systems & Signaling processing, Computer Aided Structural Engineering and Computer and Communication Engineering and a programme in Ph.D. viz. Metallurgy and Chemistry Engi neering are introduced. JNTU is the first University in India to introduce the Electronic distribution of question papers to conduct the regular and semester University examinations.

The University is running several collaborative programmes like MSIT, MBA, M.Arch. (Interior Design), MS(VLSI), MS (Geo-Env.), M.Tech. (Rural Development Tech.) with foreign Universities. The University has entered into Memoranda of Understanding with several advanced Institutions in the Country and abroad to run various collaborative programmes.

The University has 11 constituent colleges, 191 Engineering Colleges, 24 Pharmacy Colleges and 3 Architecture Colleges. About 50,000 students in regular mode, about 1300 students in distance education mode have enrolled in Under Graduate studies and about 1500 students have enrolled for Post Graduate studies in regular mode.

The University supported by 278 Teaching and 845 non-teaching and technical staff.

## **SRI PADMAVATHI MAHILA VISVAVIDYALAYAM**

“SRI PADMAVATHI MAHILA VISVAVIDYALAYAM” was established in 1983 at Tirupati. The campus of the University is spread out in an area of 138.43 acres. Sri Padmavathi Mahila Visvavidyalam is the only Institution of Higher Learning in Andhra Pradesh devoted exclusively to Women’s education.

The objective of the University is to provide professional education to Women in Andhra Pradesh and to make them self-reliant. The Mission of the University is Emancipation of women through Acquisition of knowledge. The University offers courses which serve the dual purpose of academic excellence with applied orientation. The courses in the University are so designed as to impart vocational skills and to infuse leadership qualities. The academic programmes of the University seek to develop in the students specific skills for gainful occupation, to create in them the awareness of work ethics and work habits, and to motivate them for creative interaction with the society.

The campus has the necessary buildings to run its academic programmes and administrative machinery. The infrastructure of the campus includes separate building for Humanities and Sciences, Administration building, central library, sericulture complex, Institute for Pharmaceutical Technology, Institute for advanced study in Education, computer science and computer centre, staff quarters, guest house, cooperative stores and post telegraph and banking facilities. Towards student amenities and services the University has five hostel buildings with accommodation of more than 500 seats; a health centre, canteen, library, computer centre, gymnasium, open air courts for games and sports and other recreation facilities.

The University has two schools namely the school of social sciences, languages and fine arts with eight departments and the school of sciences, technology and management with six departments. The University has a total strength of about 1200 students.

The University was recognized by UGC in 1987 and is a non-affiliating and unitary type of Institution. All the courses offered in the University departments are located in the campus. Admission to all the programmes offered by the University are open to women-candidates belonging to Andhra Pradesh only in the ratio of 42:46:22 between Andhra, Telangana and Rayalaseema regions respectively. The temporal plan of academic work in the University follows semester system as well as annual system. The University is offering certificate courses, bachelor's courses, post graduate courses, PG Diploma courses including professional courses and research programmes leading to M.Phil and Ph.D. All the professional courses are monitored by National level bodies such as NCTE, AICTE, BCI, Pharmacy Council etc. The University has not been offering traditional / foundation courses except for English and Telugu. The medium of institution is English. However, option is given to students of certain courses like communication and Journalism, Preschool, Music, B.Ed. and M.Ed. to write the examination in Telugu. There are no supplementary examinations except for LLB, B.Ed., B.Ed. (special education) and all the undergraduate courses.

“Dr. B.R. AMBEDKAR OPEN UNIVERSITY”, formerly known as Andhra Pradesh Open University is the first Open University in the Country that was established in August 1982, through an Act of A.P. State Legislature. Subsequently the University is renamed as Dr. B.R. Ambedkar Open University in October 1992.

With the motto ‘Education at your doorsteps’, the University translates the slogan ‘education for all’ by catering to the educational needs of those sections of population who have otherwise no access to educational opportunities through the existing conventional institutions of higher learning. With flexibility in entry requirements, choice of courses in teaching-learning methodologies and assessment methods, the University demonstrated that it is possible to provide quality education across the barriers of space, time and location. The University offers academic programmes at Certificate, Diploma, Bachelor, PG Diploma and Master levels. Recently the University launched Research programmes in Distance Education leading to the award of M.Phil and Ph.D. degrees. The B.A. / B.Sc. programmes as are offered in English / Telugu / Urdu mediums and B.Com. in English / Telugu mediums. The PG programmes are offers in Telugu (Political Science, Public Administration, History and Economics) and in English (Mathematics and Business Administration). Post Graduation courses are offered in 14 colleges among the study centres. There are also six Regional co-ordination centres. The enrollment of students in various undergraduate course is about 1.25 lakhs and the enrolment in PG courses is more than 7,000. The University is supported by 56 teaching staff and 457 non-teaching and technical staff.

The University operates through a network of 144 study centres located in Degree / Junior Colleges spread across the length and breadth of the State. The laboratory training which is a compulsory component for Science students is arranged at select colleges when the colleges are closed for vocations. Science laboratories are located in the University Head quarters to cater to learners around twin cities.

The University follows a multimedia approach in the instructional strategies which includes supply of Printed learning material in self instructional format supplemented by Radio lessons on AIR, Video weekly teleconferences on doordarshan, audio lessons and assignments. Recently the University launched a B.Sc. (spl.) programmes in Drug Sciences to meet the employment potential in the area of Pharmaceutical Sciences.

The University has a separate Research cell for quality assurance and maintenance called Prof. G. Ram Reddy Academy of Research in Distance Education (GRADE). The University is also having an Academic branch, student services branch, Material production branch, examination branch, engineering branch, administration branch, public relation branch, finance branch, audio video production & Research centre, women's development and extension centre, centre for staff training and development, development cell, SC / ST cell, computer centre, and library.
