The Statistical Abstract of Andhra Pradesh, 1980 is the 24th in the series of this annual publication. It presents data on various aspects of the State economy for the latest year with comparative figures for the preceding years. In respect of the latest year, the district-wise break-up has also been given for some of the items. The Comparative Statistics section has also been expanded to include the State-wise statistics on selected socio-economic indicators.

It is hoped that this publication would serve as a useful reference book to the general public, research workers and administrators.

I thank all the Heads of Departments, both of the State and the Central Government, who extended their co-operation in furnishing the requisite data.

P. B. K. MURTHY,

The large variation noticed between the estimates of 1975-76 and earlier years may thus be chiefly due to the difference in the source of data used in preparing these estimates
