About the Calendar of Activities

The State Project office of Rajiv Vidya Mission, Andhra Pradesh has brought out a book on "Calendar of Activities" for the year 2010-11 for the activities approved under SSA, NPEGEL and KGBV to enable the functionaries at various levels to implement the same strictly adhering to time schedules given intervention-wise.

The Calendar is prepared based on the activities proposed in the Annual Plans by the districts for 2010-2011. The very objective of this activity is to enable the field functionaries to have a comprehensive idea of various developmental activities proposed for implementation with proper initiatives, systematic planning at lower levels and with concerted efforts to achieve the objectives. However, the following suggestions may be kept in view while implementing the activities as scheduled.

- ❖ As the Calendar is prepared month-wise, the Project Officer concerned may obtain the approval of the District Collector and Chairperson SSA, for the month as a whole well in advance to conduct the activities as per the schedule.
- ❖ The District Project Office has to organize the activities at the district and the sub-district levels on the different interventions simultaneously. In case of overlapping of activities sometimes due to unavoidable circumstances, the Project Officers may either postpone or advance the same with prior permission from the State Project Office.
- ❖ The Project Officer should ensure maintenance of the quality of the activities without any loss of transmission or dilution of the desired message.
- ❖ The Project Officers may contact the Sectoral Officers at the SPO concerned for necessary guidance in case of problems if any.
- ❖ The services of the Key Resource Persons trained at the State level on different concepts may be utilized in a proper manner for implementation of the activities at the district and the sub-district levels.
- ❖ The Project Officers should hold a meeting with the Sectorals concerned before the conduct of the activity to ensure that proper planning is made to take up the same satisfactorily.
- ❖ The Project Officers should review the status of implementation of the activities with the Sectoral Officers every fortnight without fail to remove obstacles if any coming in the way of the implementation of the activities.
- ❖ The Project Officers should submit reports of activities conducted, activity-wise to the State Project Director immediately soon after completion of the same.
