Statistical Abstract of Andhra Pradesh, 1995 is the 38th publication in the series, which contains data on various sectors of state economy for the year 1995 along with comparative figures for the preceding years.

It is hoped that this publication would serve as a useful reference book to the general public, planners, researchers, bankers, administrators and a host of others.

I thank all Heads of Departments in the State, Central Government and other organisations who have extended their co-operation in furnishing the required data.

Constructive suggestions for improvement in the presentation and coverage of the Statistical Abstract would be appreciated.
