VISION STATEMENT

The vision of district Primary Education Programme in Srikakulam district is provision access to all school age children with equal opportunity, 100% of enrolment and retention and attainment of minimum levels of learning will be achieved by 2003 AD. In the program emphasis will be laid on the focussed groups like girls, S.C, S.T, B.C, Minarites, child labour ,migratory children and physically handicapped to ensure equity in achieving the goal of universalisation of primary education.

ACCESS:

264 new primary schools will be opened in school-less habitations as against 450 school-less habitations.

Alternatives schooling facility to the children who are never enrolled and dropouts of school age in the group of 6-11 and 12-14 by opening 186 new N.F.E. centres.

The objective of Education For All will be achieved by opening five IED schools for Physically disabled children and 2 schools for child labour and migratory children.

For the religions (Urdu people) minorities, 5 new primary schools will be opened.

26 schools will be opened for oriya (linguistic minorities) in bilingual mandals of the district.

500 ECE centres will be opened for preparing the children of age group 3-5 for primary schooling uncovered by ICDS department.

The vision will be realised through convergences of the service of health, women and child and other related departments, community will be made the main stake holder in education planning and management for effective delivery of educational service.

To fulfil the above a strong effective MIS will be developed.

DISTRICT AT A GLANCE

Name of the district	:	SRIKAKULAM		
Area of the district	:	5837 sq. kms.

EXECUTIVE SUMMARY

DISTRICT PROFILE:

The Srikakulam district was formed in 1950. At present the district is consisting of 37 mandals and three municipalities. According to the door to door survey of 1997, the population of the district is 2294218 out of which males are 1150752 and females 1143466. The S.C. population in the district is 232972 (males 117516 and females 115456) constituting 9.87% of the total population. The S.T. population is 118518 (Males 58781 and females 59737) constituting 5.9% of the total population. The literacy rate of the district is 33% (Males 44%, females 22%).

There are 3070 habitations in the district as per the door to door survey of DPEP II, out of which 450 habitations are identified as school less habitations. Among these school less habitations 61 are S.C. habitations and 39 are S.T. habitations.

In the district there are 2680 Primary schools. The total teachers working in these schools are 6375. There are also 1141 NFE Centres working under Government Control and 250 centres under non-government organisations. Another 500 NFE centres have been sanctioned. They are yet to be opened by NGOs. Similarly 928 ECE centres are functioning in the district.

The school age population of 6 to 11 age group is 335467 (Boys 174368, Girls 161099). The enrolment of 6-11 age is 315927 (Boys 164349, Girls 151578). The gross enrolment rate is 93% and the net enrolment rate is 87%.

2. GAPS & GOALS:

The gaps in terms of Access, Formal Schools, NFE System, ECE, IED, Migratory children and child labour, minorities, SC&ST are as follows

- 1 Access : 450 School less habitations
- 2 Enrolment Girls/SC/ST/BC (Low 25)
- 3 Retention Girls/SC/ST/BC (Low 25)
- 4 Educational facilities - like class rooms, repairs to school buildings are urgently required.
- 5 Additional teachers required to maintain TPR >1:40 by and to reach NER 95 percent by 2002 A.D.
- 6 Targets for achieving 100% in access, enrolment and retention are identified through Micro planning exercise.

There are 450 school less habitations in our Srikakulam district. Our district needs 450 school which include 26 Oriya schools and 5 Urdu schools. 900 class rooms are required for the newly established schools.

There are some disabled children in our district. A special residential school for the disabled is required. Out of 2131 schools which require drinking water facility only 425 schools are being given this facility. Rest are being covered under tenth Finance Commission.

Toilet facilities are required in 421 schools out of 2737. 2105 additional class rooms and 2112 additional teachers are required to achieve the goal of 100 retention in our district.

3. PLANNING PROCESS:

A pilot survey

In Srikakulam district Micro survey was conducted on pilot basis to study the efficacy of the instruments developed for door to door survey in April 1997. Based on the experience in the pilot survey, the schedules were revised for the micro planning of DPEP II. Accordingly, door to door survey was conducted in all the habitations of 37 mandals and slums in the urban areas. After the collection of data, habitation plans were prepared at the habitation/village level. Mandal plans were prepared by the mandal planning team. The mandal planning team consists of MPP, MPDO, ZPTC, MPTC, MEO, MLO, one head master one T.C. centre secretary. After finalisation of the mandal plans, they were placed before the general body of mandal parishad for discussion and finalisation. In the next step the district plan was prepared based on the requirements identified in the mandal plans and special educational needs of focussed groups.

4. COMMUNITY SUPPORT:

The DPEP envisages the importance of community participation and community support for the development of primary Education. The participation may be in the activities related to planning and management in the school. The support may be through contribution of cash, kind or service. Community has been involved in various activities pertaining to DPEP planning. The activities include formation of 1. VEECs 2. Forming of villages planning teams 3. Trainin the peoples representatives. All are involved in Educational Planning of Primary Education.

5. PROGRAMME COMPONENTS:

1 Access:

Under DPEP II, to increase the accessibility, 264 new schools are proposed to be opened in the school less habitations. Also it is proposed to open 26 new schools for oriya minorities and 5 new schools for urdu minority people.

To provide primary education to dropouts children, the alternative schooling facilities are proposed to open. In addition to the present NFE and open schools, 193 new NFE centres are proposed to be opened for dropouts.

2 Enrolment:

In our district net enrolment rate is 87% during 1997-98. This will be increased to 95% by 2001-2002. So the district required 700 additional teachers to reach the goal. Similarly 1200 additional class rooms are required. But 300 additional class rooms only are proposed to the schools having high enrolment because of financial limitations. The remaining 600 additional class rooms will be provided with the support of the community.

3 Retention:

To keep all the enrolled children for five years in the primary school, the following strategies are proposed. 1. Supply of free text books 2. providing mid day melas, 3. Incentives like scholarships. Also to achieve 100% retention. 4. Formation of Parent teacher associations. 5. Recurrent micro survey.

4 Retention and drop out:

	Retention			% Of Retention		
	Boys	Girls	Total	Boys	Girls	Total
General	85461	77360	162821	52%	50%	51%
S.C.	8191	7614	15805	50%	40%	45%
S.T.	4097	2438	6535	40%	30%	35%

The above data indicates that General enrolment is 51%. S.C. & S.T. enrolment is much less than General enrolment.

Keeping in view the high drop out rate among the children of 6-11 age group in our district, the following strategies are proposed to reduce the drop out rate.

Strategies:-

1 Recurrent micro survey:-

It is proposed to conduct recurrent micro survey in all the habitations with the assistance of VEC members, mothers associations, NGOs etc., to identify the number of children yet to be enrolled among drop out children. With the help of VEC members, encouraging the parents to send their children to schools.

2 Parent Teacher Associations:-

The PTA meeting will be conducted monthly once to solicit parental support for better enrolment and retention and reduce the drop out rate year by year.

3 Target fixation:-

To reduce the drop out rate target will be fixed habitation wise. Collective responsibility will be fixed on VECs, mother associations, parent teacher associations and community Leaders. Awareness campaign will be conducted with slogans and other mela activities providing incentives to the children.

INCENTIVES:-

1.Mid day meal :-

Under this programme every child will be given 3 k.gs. of rice in every month.

2.Text books :-

Every child will be given free books,studying in Government,MPP,Mpl.and Recognised Private Aided Schools.

6.COST ESTIMATES OF THE DISTRICT PLAN:

Non-Recurring:-

- 1.Civil works
- 2.Equipment
- 3.Furniture
- 4.Library works
- 5.Drinking water
- 6.Toilets

Recurring:-

- 1.Salaries
- 2.Operation & Maintainance
- 3.Training
- 4.Stationery
- 5.Professional fee
- 6.Documentation & Journals
- 7.News papers
- 8.Contingencies
- 9.Rents
- 10.Vechile on hire
- 11.Travel costs
- 12.Melas
- 13.Material support to teachers
- 14.Material support to existing schools
- 15.Material support to T.Cs
- 16.Programme components
- 17.Seminars & Workshops
- 18.Innovations
- 19.Action Research

Total project cost = 3999.51 lakhs

The above amounts (Recurring & Non Recurring) will be incurred for DPEP programmes during the years from 1997-98 to 2002-2003, for various programmes , material components and building components according to the plan prepared.

CHAPTER-I

INTRODUCTION

Srikakulam Dist is at the north eastern dist of Andhra Pradesh situated in the Geographic coordinates of 18 degrees 20 " and 19 degrees 10 " of the northern latitude and 84.50 of eastern longitude. The Dist has tge frontiers of the Bay of Bangal, the district is covered by a distance by 'Kandivalasa Gedda' boarder of Srikakulam District in South, Vamsadhara and Bhahuda rivers at certain streetchers if their courses while a line of heights of great Eastern ghats run from north east on the south and west, Vizianagaram District Flanks and Orissa bounds on the North, and Bay of Bangal on the East.

The Distrist covers an area of 5837 square Kilometers. It has a Population of 23,17,915 persons according to 1991 census.

The District head quarters is Srikakulam Town. Srikakulam District was formed in 1950 by bifurcating it from Visakhapatnam District. It remained un effected in its territorial jurisdiction for quite some time. The district had lost Salur, Bobbili, Parvathipuram and Cheepurupalli Taluks to the newly formed District Vijayanagaram in May 1979.

Physical aspects:-

The Nagavali, the Vansadhara, the Suvarna mukhi, the Vegavathi, the Mahendra Tanaya, the Gomukhi, the Chempavathi, the Bahuda and the Kumbikota Gedda are the important rivers of Srikakulam District.

Srikakulam, Arasavalli, Srikumam, Srimukhalingam, Calingapatnam, Revivalasa, Kaviti, Baruva Telinnelapuram, Rajam Ponduru and Sangam are the important places of Tourist interest.

DEMOGRAPHIC PARTICULARS :-

As per 1991 census, the population of Srikakulam District in 23, 17, 915 out of which the male population is 11,50,609 and the female population is 11,67,306. The area of this District is 5837 Sq.Km and density of Population is 397 where the state population density is 241. The scheduled caste and S.T. Population of the Dist. is 2,16,676 and 1,34,057 respectively. This forms 9.34% and 5.28% respectively iin the total population of the District. is there are 201 habstation more then 50% SC population and there are 340 habstation have more than 50% ST population.

LITERACY :-

There are 4,67,783 male literates and 2,28,868 female literates. The total literacy rate of Srikakulam District is 30.05%. The male literacy rate is 40.66% and female literacy rate is 19.60% . The S.C and S.T Literacy rate is Male 27% , Female 19% , ST Male 2.56% , ST Female 2.6% Total 5.17% respectively 2703 habetation have low lteracy rate and 829 habetation have high literacy rate to the national liteeracy

rate. 1241 habetation in the district have high female literacy rate and 1829 habetations have low female literacy rate to the national female literacy rate.

The District is average in terms of its size of the State. It has more less than the average no.of villages /Mandals in the District. Itss population density is higher/lower than the average of the state.

Difficult to reach of seasonally cut off villages/habitations/thandas/slums 204 in number. 1874 villages are more than 1 KM away from the main bus stop 124 villages are not electrified.

Language :-

Thee major language of the people is Telugu. Other dialects, languages are oriya and urdu with population 97,373 & 6% . In the Disstrist people speaking Oriya language are also there. Urud language speaking people number is a small.

Literacy Data:-

The literacy rate of the Distrist as per 1991 census is 30.05%. This is higher/lower than State average of 45.2 The female literacy rate of the District is 19.60 which is % of total literacy and is higher/lower than the State femalee literacy rate. As per servy data literacy rate is 33% Male 44%.

Agricultural patterns & Occupations:-

The Chief crop grown in the area is Paddy. This gives people work for six months in a year. The busy periods of work are July and December. The lean season when people have free tiimee are January to April. Children work in July/November and August/December and are busy during the months.

Work Patterns (Seasonal Map) :

July - August	:	Ploughing.
November - December	:	Harvesting
January - March	:	Other Labour Works.
April - May	:	Summer Crops and Preparation for paddy cultivation.

Migration:-

People migrate. Chief time of migration for labour and occupation to other districts is from July to October. People who migrate are of the below the poverty line.

Migratory Patterns:-

01. For Agricultural Labour.
02. Occupational work - Masons, Rikshw pullers and Vanders.

Child Labour Problems:-

In the District Child Labour is of found in towns and municipality areas.

Population, Density and Percentage of SC/ST :

No. of Mandals	Population	Density	% of SC popln.	% of ST popln.
37	22,94,218	392.9	10.4	5.25

The district has population of 22,94,218 as per microplanning survey. The population is scattered in 37 mandals. Density of population is 392.9. Palasa mandal has highest population i.e. 80,245 and Bhamini has lowest population i.e. 34,478. Low density is noticed in Seethampeta mandal. Percentage of SC population in the district is 10.4. Bhamini mandal has highest percentage of SC and Kaviti mandal has low percentage of SC population. ST population percentage is 5.23. Seethampeta is the largest populated tribal mandal. Poalaki mandal has the least percentage of ST population:

Population Slabs:

No. of Mandals	No. of habitations						
	>5000	4001-5000	2001-4000	1001-2000	501-1000	300-500	<300
37	14	14	127	549	827	632	861

Palasa mandalam has 3 habitations above 5000 population. Only 11 mandals have habitations with above 5000 population. Maliaputti mandal has 106 habitations below 300 population.

MANDALS WITH 50%, 15% SC POPULATION

No. of mandals	>50%	<15%
37	201	469

201 habitations have 50% of SC population and 469 have 15% of SC population.

Srikakulam rural mandal has 49 habitations above 50% of SC population. Sarbujjili mandal has 74 habitations above 15% of SC population.

MANDALS WITH 50% - 15% OF ST POPULATION

No. of mandals	>50%	<7.5%
37	340	200

340 habitations have shown above 50% of ST population. 6 mandals in the district do not have ST population. Seethampeta, Meliaputti, Mandasa, Bhamini, Saravakota, Pathapatnam have highest percentage of ST population. Tekkali mandal has 25 habitations with ST population with 7.5% above.

CHAPTER-II

Planning Process

The District primary education programme was discussed with the officials of the Srikakulam district which a two-day training programme at A.P.A.R.D. Rajedranagar Hyderabad on 12th and 13th March 1997. Where the D.E.Os., D.D.(AE), Principals of DIETs., DMOs., ADs., (NFE) of 14 districts participated. The secretary Department of Education Government of A.P., Director SCERT and the host of other were actively involved in the two day workshop. In this workshop survey schedules were refined.

A Pilot survey was conducted in the District from 17th to 21st April '97 by the select Teacher Trainees and the school teachers in 37 mandals under the guidance of DIET Lecturers. These schedules were handed over to the state HQ on 01-05-97. The DIET Principal attended the DDRC meeting at Srikakulam chaired by the district Collector and informed them of the various facets of DPEP at length. Also brochures & pamphlets on DPEP were distributed.

A two-day workshop on micro-planning was conducted in SCERT, Hyderabad on 16th & 17th July 1997 wherein the Principals, DMOs., & two Lecturers from each DIET took part. During these two days, the target group was given full awareness on the Preparation of various schedules relating to micro-planning. These people in turn at the DIET level conducted two day workshop for ZPTC/SARPANCH, MEO, HT & T.C. Secretary from each mandal in four spells. This was done from 21-07-97 to 29-07-97. The following are the details of attendance:-

ZPTC Members	--	05
SARPANCHES	--	27
M.E.Os	--	25
T.C.S./H.T/A.T	--	206

TOTAL	--	265

These people in turn at the mandal level conducted one day Trg program ie on 11-08-97 for the primary school teachers on microplanning.

The following are the particulars of attendance:-

Sarpanches	--	163
M.P.T.C. Members	--	96
M.L.As.	--	1
Teachers	--	4205

Total	--	4465

The trained teachers have attended the door to door survey from 15th August 1997 for a period of about 20 days. After that, the teachers handed over the Habitation plans to the M.E.Os and the M.E.Os have consolidated the Mandal Educational Plans.

The DEOS, principals DIET, the DMOs, one Lecturer from DIET and one MEO have attended the two day workshop on preparation of mandal and district Education plans at SCERT Hyderabad. They in turn conducted two-day workshop on preparation of mandal plans to Sarpanch/MPTC/ZPTC, MPDO, MEO, MLO, HT and T.C. Secretaries from each mandal on 25-08-97 and 26-08-97 at GGHS, Srikakulam. The following are the particulars of attendance.

ZPTC/MPTC/SARPANCH	-- 22
MPDOs	-- 23
M.E.Os.	-- 21
M.L.Os.	-- 35
H.M./T.C.S.	-- 78

TOTAL	-- 179

A four-day work shop was conducted for the MEOs of Srikakulam District to give additional awareness in filling up the various Schedules on Microplanning from 5th to 8th september at Srikakulam. The district collector Sri V. Manohar Prasad, I.A.S. addressed a meeting on 20-4-1997 attended by 30 ZPTC and 105 MPTC members of the district in the Zilla Parishad meeting hall. He informed them about the various features of the DPEP.

And finally, the district planning team with the following sat at the district level and prepared the draft District Plan.

- 1) District Educational Officer.
- 2) Principal, DIET.
- 3) Additional Project Co-ordinator.
- 4) Senior Lecturar/Lecturars.
- 5) Mandal Education Officer.
- 6) Deppty Director (A.E).
- 7) N.F.E. (A.D.).
- 8) T.C. Secretary.
- 9) Head Teacher.

The District Plan is placed before the general body meeting of the Zilla Prashid for discussions. The suggestions of the ZP are incorporated while finalising the Plan.

CHAPTER III

Management Structure

In this chapter Management Structure at habitations level, mandal level and district level are discussed in detail. The functions of each structure are also mentioned.

A. HABITATION LEVEL:

Different management structures are formed at habitation level for successful planning and implementation of D.P.E.P. The details are -

1. Parent Teachers Associations.

The parents of children who are attending primary schools of that village, H.M. and Teachers were formed as parent teachers associations.

FUNCTIONS :-

- 1) Conducting periodical meetings to discuss the problems of primary schools.
- 2) Motivating the parents to send their children regularly to school.
- 3) Raising funds for the developmental activities and attending the meetings conducted by V.E.C.
- 4) Taking steps to bring back the dropout children.

II. Mothers Associations :-

The mothers Associations were formed with the children of the age group 0 - 5 years.

The functions of the Mothers Association are conducting meetings periodically to discuss the activities of E.C.E. Centres, raising funds from community for the development of E.C.E. Centres, convincing the mothers to send their children to E.C.E. Centres, to take steps for Girls Enrolment and Retention, to look after the supply of Nutritious food to children of E.C.E. Centres, attending the meetings of V.E.C. etc.,

III. Parent Teachers Association:-

The parents of children who are attending primary schools of that village, H.M., and teachers was formed as Parent - Teachers Associations. The functions of this association are

1. Conducting periodical meetings to discuss the problems of primary school.
2. Motivating the parents to send their children regularly to school.

3. Raising funds for the developmental activities of the school.
4. Taking steps to bring back the drop out children.
5. Attending the meetings conducted by V.E.C. regularly.

3. LEARNER'S ASSOCIATION:

Unlike the mother's association, Learner's Association is formed with the learners of TLC/PLC/CEC. The functions of the Learner's Associations are:

- 1) Conducting the Association Meetings frequently for the successful running of the centre,
- 2) Raising funds from the community and members to procure TLM, library books, furniture etc., for the centre.
- 3) Attending V.E.C. meeting,
- 4) Motivating the fellow adults to attend the centre regularly.
- 5) Motivating the adults of the village to enroll in the centre.

4. VILLAGE EDUCATION COMMITTEE (V.E.C.) :-

Village Education Committee is formed with the members of Mother's Association, PTA, Learners Association and with some non-officials of the village like youth, NGO's retired employees, philanthropists village elders, public representatives etc., Sarpanches of the Grampanchayats will act as chairman and Hm of primary school will be the member - convenor. V.E.C. is supreme of all other Associations of the village. The functions of this association are :-

1. Conducting meetings periodically to discuss Educational problems of the village,
2. Motivating the parents to enroll their children in formal or non formal schools.
3. Providing corpus funds for Educational Institutions.
4. Collecting donations for the development of Educational institutions of that village.
5. Supervision on incentives provided for school children by the Government like scholarships, mid-day meals, free books and uniforms etc.,
6. Taking steps to minimise the drop out rate in the village,
7. Proper utilisation of V.E.C. funds and maintenance of Accounts,

8. To take special interest on focused groups like Girls, S.C., S.T., P.H., and Minorities,
9. Providing infrastructural facilities to the Educational institutions in the village.
10. Utilising the services of local youth in the implementation of D.P.E.P.
11. Organising Back to School/ Summer school programmes to bring back the drop out children and child labour to the formal or non formal stream.
12. Appointing local educated youth as teachers of primary schools or NFE centres,
13. To undertake all activities that may be necessary for the implementation of the programmes and in particular for the achievement of the objectives of D.P.E.P. at the village level.

5.VILLAGE PLANNING TEAM :-

Gramasabha of the village shall elect or nominate village level planning team with the following composition :-

i)	SARPANCH	-	Chairman
ii)	H.M. of the Primary School	-	Member-Convenor
iii)	Teachers of the Primary School	-	Members
iv)	N.F.E. instructor	-	Member
v)	Anganwadi worker	-	Member
vi)	T.L.C. Volunteer	-	Member
vii)	One active member from DWCRA/PODUPUJYOTHI/MAHILA MANDALI	-	Member
viii)	Two Youth Association members	-	Members
ix)	V.A.O.	-	Member
x)	Two Grama Sabha members	-	Members

The functions of the village planning team are :-

- a. Environment building for D.P.E.P.
- b. Conducting of door to door survey.
- c. Preparation of habitations profile.
- d. Organising Grama Sabha.
- e. Preparation of habitation education plan.

MANDAL LEVEL

Mandal Planning team :- The mandal planning team will be formed with the following composition

a. Mandal Parishad President	-	Chairman
b. Mandal Parishad Development Officer	-	Vice-Chairman.
c. Mandal Education Officer	-	Member-Convenor
d. Mandal Revenue Officer	-	Member
e. Mandal P.H.C. Officer	-	member
f. Assistant Engineer (PR)	-	Member
g. One Mandal M.P.T.C. Member	-	Member
h. One Female M.P.T.C. Member	-	Member
i. Male Sarpanch	-	Member
j. Female Sarpanch	-	Member
k. Z.P.T.C. Member	-	Member
l. Supervisor I.C.D.S.	-	Member
m. E.O. Panchayat	-	Member
n. A.S.W.O.	-	Member
o. Two Primary School H.M's.	-	Members
p. One N.G.O.	-	Member

The following are the general functions of Mandal planning Teams :

1. Conduct of meetings with village planning teams and providing guidance to them in preparing habitation Educational Plans.
2. Supervising the work of village planning teams.
3. Consolidation of habitation plans of the mandal.
4. Preparing the Mandal Education Plan keeping in view the Mandal needs.
5. Placing the Mandal Plan before the General body for their Approval.

MANDAL RESOURCE CENTRE :-

The Mandal Resource Centre is most essential to achieve objectives of D.P.E.P. It is a new innovation in the primary Education sector and it will be formed with three teachers and M.E.O as its head. Among the three teachers one will be a female teacher exclusively meant for Girl Child Monitoring. The functions of M.R.C. are as follows:-

1. Organising training programmes for Mandal teachers on new trends and techniques in primary education.
2. Assisting the M.E.O in Academic Supervision.
3. Visiting the schools and T.Cs, for follow up action.
4. Collection of statistical data of the mandal.
5. Preparation of common academic calendar of the mandal.
6. Conduct of mandal level work shops, seminars, exhibitions etc
7. Attending training programmes conducted at DIET level.

(C) DISTRICT LEVEL :-

District is a Unit for all DPEP activities and hence District level Management will play an important role in DPEP. The following Management Structures are available at District Level.

District Planning Team :

The District Planning team is constituted with the following members:

District Collector	Chairman
Zilla Parishad Chairman	Vice Chairman
District Educational Officer	Member-convinor
Asst., Director N.F.E.	Member
One member of Parliament to be nominated by the District Collector	Member
One M.L.A. to be nominated by the district collector	Member
Chief Executive Officer Z.P.	Member
Principal D.I.E.T.	Member
Principal I.A.S.E / C.T.E.	Member
District Medical & Health Officer	Member
Dy., Director, Adult Education	Member
One Z.P.T.C. Women member	Member
One Z.P.T.C. Tribal member	Member
two noted members of N.G.Os. (to be nominated by district collector)	Members
Two Mahila Mandal Members (to be nominated by district collector)	Members
Two Head Masters of Primary Schools (to be nominated by dist., collector)	Members
Two Members of Teachers Association (to be nominated by dist., collector)	Members
One philonthropist (Minority) (to be nominated by dist., collector)	Member
A noted Educataionist (to be nominated by dist., collector)	Member
Dovelopment officer of Minorities	Member
Assistant Director of Physically Handicapped	Member
District Public Relation Officer	Member
Chief Planning Officer	Member
Parishad Educational Officer	Member
Programme Officer, ICDS	Member

The functions of the District planning team are as follows :

- a. To monitor the District Primary Education Programme at the District level and provide necessary guidance to the district, mandal and village level functionaries.
- b. To undertake all activities that may be necessary for the implementation of the programmes and in particular for the achievement of the objectives of DPEPat the District, mandal level.
- c. To secure active involvement and participation of educational institutions voluntary agencies, teachers and individuals committed to educational improvement and to provide financial assistance to them to take up training programmes, at district level.
- d. To bring about effective decentralisation in primary education by involvement of the people through a process of training and awareness building and creation of appropriate structures at the mandal and village planning group, and village education committees.
- e. To organise training programmes at district, mandal and block level.
- f. To plan for environmental building in village .
- g. To prepare district component plan to visit other states to study experience of DPEP.
- h. To secure active involvement and participation of DIETS, CTE's IASE'S voluntary agencies, teachers and individuals committed to educational improvement.
- i. To bring about effective decentralisation in primary education by involvement of the village education committees through a process of training and awareness building.
- j. To take up experimental and innovative programmes in primary education by involving IASEs/ CTEs/DIETs/NGOs.

CHAPTER-IV

WHERE WE STAND

AGE COMPOSITION OF CHILDREN:

There are 6,78,807 total number of children between the age group of 0-14. Among them the boys are 3,55,957 and girls are 3,23,450. In the age group of 0-5 total children are 2,42,517. Among them the boys are 1,25,124 and girls are 1,17,393. The total children in the age group of 6-11 is 3,35,467. Total number of boys and girls in the age group of 6-11 are 1,74,368 and 1,61,099 respectively.

In 6-11 age group 32,964 children belong to SC and 20,215 children belong to ST.

No. of habitations:

In Srikakulam district there are 3070 habitations as per the door to door survey. Among them, 450 habitations have no primary school facility. Among them 390 habitations have been identified without primary schools within a distance of 1 km. Out of 390 school-less habitations, 39 are the SC habitations and 61 are the ST habitations. 144 habitations have no physical access seasonally to schooling AND seasonally they are cut off.

In the district there are no IED schools specially meant for the disabled children. All primary schools in the district have social accessibility for the children for all communities.

1141 N.F.E. centres and 45 open schools are functioning, catering to the needs of dropouts of age group 6-11 and 12-14. 250 NFE centres are being run by non governmental organisations in the district. 500 new centres are processed for opening under NGOs. As per door to door survey 187 habitations have no alternative system of schooling and 2362 habitations have no open schools.

STATUS OF SCHOOL BUILDING:

The status of school buildings mandal wise is presented in table no. 4. In Sriikakulam district there are 244 habitations with primary schools having no buildings. Seethampeta mandal has highest number of habitations 1651 without school buildings.

There are 1552 habitations which have one pucca class room, 504 two pucca class rooms, and 151 three pucca class rooms. Saravakota has highest number of single class rooms. There are 111 primary scgools more than 3 pucca class rooms. 19 number of primary schools are located in rented buildings. There are 128 schools with combination of pucca, semipucca and jthatched class rooms.

There are schools having primary schools which require repairs, floor, doors, windows, black board and compound wall.

The 1268 number of habitations have space for 2nd class room, 620 have space for 3rd class room. 264 for 4th class rooms and 146 primart schools have space for fifth class rooms. For the purpose of sanction of of additional class rooms, schools with space for 2nd class room will be given priority.

PRIMARY SCHOOL TEACHERS:

There are 6375 teachers posts of which 1112 are feemale teachers. There are no teachers on long leave for over three months. Number of sanctioned posts 6698.

AVAILABIILITY OF TEACHERS:

1004 number of habitations have primary schools which possess TPR > 1:51. Santhhabommali mandal has highest number of schools with highest TPR. Habitations which have primary schools having TPR 1:41 - 1:50 comes to 527. 474 number of habitations have primary schools < 1:30 TPR. Bhamini mandal has highest number of primary school teachers and highest TPR 1:64.

THE LOWEST QUARTILE ON SCHOOL FACILITIES:

149 number of habitations satisfy parameters single teacher, single class room, highest TPR and incomplete schools.

Habitations with single teacher, 2 class rooms and highest TPR i.e. > 1:51 comes to nil. There are 6698 number of sanctioned posts in the district. 579 teacher posts are vacant. 112 number of female teachers are working.

PRE SCHOOL EDUCATION: (500 ECE Centres will be opened under DPEP.)

In the district, 2142 habitations do not have ICDS/ECE centres. The district has population of children in the age group of 3-5 years 6643 where ICDS/ECE are not covered. The following mandals have not covered in ICDS/ECE. In the district there are no creches for the children of age group 0-3 years as per door to door survey.

The following mandals have no ECE centres.

1. R.Amadalavalasa
2. Rajam
3. Laveru
4. Ranastalam
5. S.Kaviti
6. Sarbujjili
7. Srikakulam(r)
8. Mandasa
9. Kanchili
10. Kaviti
11. Srikakulam(U)

In the other mandals ECE is implemented partially in different habitations.

Girls	16264	9529	117088	18218	161099
Total	32964	20215	245120	37168	335467

The district has 93% of enrolment to school age children i.e. 6-11 years. 88 habitations in various mandals have enrolment less than 50% enrolment. 374 habitations under different mandals fall between 50 to 80% and 2349 habitations of various mandals have enrolment slab above 80%.

Class wise enrolment of the children is detailed below. Class I - 74941, class II - 76840, class III - 63890, class IV - 54013, class V - 46243. Total comes to 3,15,927. Among which boys comes to 1,64,349 and girls 13,15,781.

Class wise percentages of enrolment in the district is as detailed below. 23.92% of children to total enrolment are enrolled in class I, 24.55% of children to total enrolment are enrolled in class II, 20.23% of children to total enrolment are enrolled in class III. 16.94% of children to total enrolment are enrolled in class IV. 14.34% of children to total enrolment are enrolled in class V. The total enrolment comes to 93.77%.

Percentage of SC enrolment is 94%, ST is 90%, BCs is 94%, OCs are 33463 percentage is 90%.

ENROLMENT IN NFE/OPEN SCHOOLS:

In the district, 1141 NFE centres, 45 open schools are functioning. The total number of children enrolled in NFE centres as per survey is 241357 and enrolment in open schools is 990.

The details of non-enrolled children age group is as follows. SCs 4438 in which boys are 2123 and girls are 2315. STs 6019 in which boys are 3004 and girls are 3015. BCs 5730 in which 2482 are boys and 3248 are girls. OCs 2650 in which 1200 are boys and 1450 girls. The grand total of the never enrolled children for various reason is 18837.

DROPOUT:

Dropout children are 11918, in which SCs are 1819, STs are 1195. Rest belong to BCs and OCs. Dropout rate is 4%.

MIGRATORY CHILDREN:

Migratory children are 475 in which boys are 265 and girls are 210.

CHILD LABOUR:

Child Labour comes to 2099, in which 1059 are boys and 1040 are girls.

RETENTION AND DROPOUTS

RETENTION:

Retention pattern from class I to V. The total number of students retained in class I are 65171, class II are 65509, class III are 45828, class IV are 52371 and class V are 39165 and total children retained of all classes are 268044. Retention rate 95%.

Average attendances in the year 1996-97 shows that the rate of attendance is uniform with little fluctuations. The average attendance in September is on increase due to special enrolment drives etc. The attendance shown in July, September and April 96-97 reveals that children are dropping between October and April being months of religious festivals.

2396 habitations in the district have high enrolment (>80%) and high retention (>80%). 260 habitations with low enrolment less than 50% and high retention 80%. 221 habitations with high enrolment 80% and low retention <50%. 193 habitations fall within less enrolment and less retention <50%. They are shown below.

Habitations with high enrolment (>80%) & high retention (>80%)	Habitations with low enrolment (<50%) and high retention (>80%)
2396	221
Habitations with high enrolment (>80%) & low retention (<50%)	Habitations with low enrolment (<50%) & low retention (<50%)
193	260

CHAPTER V

KEY ISSUES AND CONCERNS (GAPS) AND TARGETS

The gaps in terms of Access, Formal Schools, NFE systems, ECE, IED, Migratory children; Child - Labour, Minorities, SC, ST.

1. Girl Child
2. Enrolment - girls/SC/ST/BC (low < 25)
3. Retention - girls/SC/ST/BC (low < 25)
4. Educational Facilities - Class rooms, Repairs to school buildings, and drinking water and toilet facilities
5. Teachers - Requirement to maintain TPR 1:40 by 97-98, and 2002 AD, schools with TPR > 1:31.
6. Targets for achieving 100% in access, enrolment and retention are identified in the existing education situation of the district

key issue	gaps	target
1.ACCESS:	There are 450 school less habitations in the district among which 41 SC dwelling habitations, 61 ST dwelling habitations.	165 new schools for general, 41 for SC, 63 for ST, 26 for Oriya, 5 for Urdu
2.NFE:	2040 number of habitations do not have NFE and open 3020 schools	NFE centres will be opened
3.ECE	1791 habitations do not have ECE facilities.	500 ECE centres will be opened
4.PH-IED SCHOOLS:	3070 habitations do not have IED schools.	1 school additional section will be opened
5.GIRLS ENROLMENT:	354 habitations in the district have low girls enrolment (gap 6%)	100% in 3 years
6.SC ENROLMENT:	There are 4 habitations with low SC enrolment < 50%. (gap is 6%).	100% in 3 years
7.ST ENROLMENT	121 ST habitations in tribal areas have low enrolment (gap 10%)	100%
8.BC ENROLMENT	132 habitations have low enrolment rate of BC children. (gap is 7%)	100%

9. GIRLS RETENTION:	111 habitations have low retention rate. (gap 50%)	100%
10. SC RET- ENTION:	Gap is 55%	100%
11. ST RET- ENTION	Gap is 65%	100%
12. BC RET- ention	Gap is 25%	100%
13. EDUCATI- ONAL FACI- LITIES	241 no school buildings 33 sheds, with 1 PCR 1552 (gap is 2105 build- dings)	200 will be constructed
14. DRINKING WATER FACI- LITIES	Gap is 2131	421 will be opened
15. TOILET FACI- LITIES	Gap is 2737	421 will be opened
16. TEACHERS	Gap is 2105	300 will be appointed

KEY ISSUES & CONCERNS (Gaps) AND TARGETS

GENERAL OBJECTIVES

In Srikakulam district, there are 450 school-less habitations.

CHAPTER VI

DISTRICT COMPONENTS

1. DISTRICT PROJECT OFFICE

A separate district project office will be set up in the district head quarters for monitoring the DPEP implementation in the district. The District Educational Officer will be the Ex-office project co-ordinator of DPEP. The project office will function with the following staff:

STAFF	SCALE OF PAY
1. Additional Project co-ordinator	3,640 - 7,580
2. Teacher Training Incharge	3,640 - 7,580
3. Community Mobilisation Incharge	3,640 - 7,580
4. Finance and Accounts Officer	3,640 - 7,580
5. Media and Documentation Incharge	3,640 - 7,580
6. Deputy Executive Engineer	3,640 - 7,580
7. Two Assistant Engineers	2,600 - 5,580
8. Two Draughts Men	2,315 - 4,880
9. Girl Child Development Officer	Consolidate
10. Computer Programmer	3,150 - 6,680
11. Data Entry Operator	1,745 - 3,420
12. Superintendent	2,600 - 5,588
13. Sr. Assistant	2,195 - 4,560
14. Sr. Accountant	2,195 - 4,560
15. Two Jr. Assiistants	1,745 - 3,420
16. Jr. Accountant	1,745 - 3,420
17. Two Typists	1,745 - 3,420
18. Two Attenders	1,745 - 3,420
19. Two consultants one for IED & other for alternative systems	5,000/-PM per consultant

2. MANAGEMENT INFORMATION SYSTEM (MIS)

For successful implementation of any programme, including DPEP, a well thought management Information system is very essential. To achieve 100% enrolment and also to achieve Universalisation of Primary Schools is expected to maintain information, about the children in the age group of 0-14. Apart from the above information, the following information will be collected and maintained at the Primary and Upper Primary School level.

1. Village Census of school going children.
2. Catchment area and the actual number of children enrolled in Formal and non-formal systems of education.
3. Targets for making additional enrolment by 2000AD.
4. Attendance of children month wise.
5. Achievement of children class wise subject wise and also progress of the child on various classes I to V & VI to VII.
6. School health record of children.
7. Physical facilities and other infrastructural facilities.
8. Community participation.
9. Formation of village Education Committees and Parents Association.
10. School improvement programme taken up by village Education committees.
11. Inservice Training to be imparted in orientation Programmes attended to by the Teachers, Mandal level, Mandal Educational Officers are at present collecting the information, in respect of Primary, Upper Primary and High schools and the same system will be continued and the Mandal Educational Officer is continued to collect the information, through teacher centres in the Mandal.

At the District level, the information received from the Mandal Educational Officer, in respect of each Primary, U.P. School and High School will be computerised on monthly basis, for which two computers are being installed in the O/o District Educational Officer, Srikakulam shortly. In addition to, the data furnished by the Mandal Educational Officer every month, various programmes and trainings which are taking place at Government DIET., level or Mandal level, will also be entered in the computer. Thus, the total picture of the entire District right from the village level to the District level will be emerging through MIS at the District level and it will be transmitted to state Headquarters as and when required.

3. STRENGTHENING OF DIET

In pursuance of the implementation of NPE, 1986 DIETs have been established in all the 23 districts of the state by upgrading the erstwhile Teacher Training Institute (TTIs) to improve the quality of Primary Education. The DIETs are catering to the pre-service and inservice teacher training needs of the teachers at the primary stage of education. These institutes are also providing academic support for instructors for other functionaries working in the areas of Non-Formal Education and Adult Education. Thus presently DIETs are providing needed academic and professional support to both formal, non-formal and adult education, sectors of education to achieve the goal of education for all (EFA) by the end of this century.

Besides the above training activities, DIETs are also expected

- i. to carry out small scale researches and investigations (like action research projects, case-studies, sample surveys etc) to solve problems involved in the class room management, enrolment and retention of pupils, academic achievement of slow learners, professional support to teachers etc.
- ii. to organise extension services by providing academic guidance to functionaries, mandal resource centres and class room teachers at teachers centre meetings.
- iii. to conduct lab area activities
- iv. to publish new letters, magazines and brochures periodically on the developments in education in the district and disseminate them to all the teachers of primary schools in the district, MEOs, MRCs, Project Officers of NFE and
- v. to have liaison with nearby CTEs, IASEs to have an effective interaction with the functionaries of those institutions to share the experiences and ideas and adopt those of immediate need.

Thus, DIETs have a very significant role to play for the improvement of primary education in the district. All these activities can not be caused by the DIET, unless it is strengthened with adequate manpower, infrastructural and material resources like adequate accommodation, buildings, equipment, library and computer facilities etc.

Accordingly an amount of 112.3 lakhs has been earmarked in this plan for the strengthening of DIET in the district.

4. CREATION OF MANDAL RESOURCE CENTRES:

Mandal Resource Centre will play an important role in various activities of D.P.E.P at the Mandal level. The centre will consist of five resource persons (strong teachers) drawn from the cadre of primary school teachers who have got sufficient experience in teaching of primary classes and professional background aspects related to the developmental of primary education.

The main functions of Mandal resource centres are

1. To conduct training programmes for primary school teachers.
2. To visit the schools and teachers to provide guidance to the teachers in preparing the teaching learning material.
3. To give professional guidance and counselling to the teachers of primary schools.
4. To mobilise the community by way of conducting melas, jataras and competitions for teachers.
5. To monitor and evaluate the achievement levels of children of primary schools.

Accordingly it is proposed to establish 38 Mandal resource centres in the district during five years of the programme i.e., 1998-99 to 2003. An amount of Rs. 628.52 lacks has been earmarked in the plan for the establishment and functioning of M.R.Cs in the district.

CHAPTER VII

COMMUNITY SUPPORT

Ever since the commencement of constitution of India we are envisaging to achieve universalisation of Primary Education until the attainment of 14 years of age as per article 45 of the Directive Principles of State Policy laid down in the constitution. For this purpose, the government of India as well as the government of Andhra Pradesh have been implementing many programmes. However, we have not achieved the objectives of universalisation of primary education so far.

For effective implementation and succeeds of any new programme, the community support and community participation is very essential. So far, this is found to be inadequate because of illiteracy and lack of positive awareness towards education. It is also clear that no government can provide all the requisite facilities to all the schools. As such community must come forward and contribute for the development of education either through cash, kind or service. Further the community should be involved in the process of educational planning and management as the main stake holder.

Accordingly effective implementation of D.P.E.P. activities, the community has been involved in various activities pertaining to education. The activities include 1) Formation of V.E.Cs 2) Formation of village planning teams 3) Training the people's representatives like sarpanches, M.P.T.Cs, Z.P.T.Cs, M.P.Ps etc. on the various aspects of D.P.E.P. 4) Conduct of district level meeting/conference for M.L.As/M.Ps/M.P.Ps/Z.P.T.Cs, charmen of municipalities to create awareness on various aspects of D.P.E.P. concept and philosophy.

In addition, creating awareness, parents associations mother associations, learners associations are also formed in most of the habitations resolutions taken for improving primary education by giving contribution in terms of cash, kind or service in grama sabha are recorded.

Further for successful implementation of educational activities in the habitations, training programmes are also proposed to impact for the above members of the community.

The Srikakulam district is hoped to achieve 100% enrolment and retention and attainment of minimum levels of learning by 2002 A.D. with the help of community participation and support for school effectiveness.

CHAPTER VIII

ROLE OF NON GOVERNMENTAL ORGANISATIONS

The involvement of NGOs in the implementation of DPEP in the district will be quite helpful in achieving the goal of UPE for the reason that these organisations are having adequate back ground and experience in establishing rapport with the community and involving the community in different programmes of educational development. Particularly towards the education of the focussed groups like girls, SC, STs and minorities. As such non governmental organisations can be effectively involved.

- i. awareness campaigns
- ii. to enrolment drives
- iii. bringing the dropouts back to schools
- iv. capacity building of members of Mothers' association and VECs
- v. training of community leaders like sarpanch, ZPTC/MPTC/MPPs.
- vi. Conduct of Melas and Competitions for teachers at mandals and district level.

Keeping in view the above rules of NGOs, it is proposed to involve the NGOs working in the district. An amount of Rs. 15/- lakhs is provided in the budget.

CHAPTER IX

PROGRAM COMPONENTS

1. ACCESS

In Srikakulam district by 1997-98 there are 2680 primary schools. As per door to door survey 450 habitations have no primary schools. The main objective of D.P.E.P. is providing access to schools that is every child shall have schooling facility within a kilometer distance. In our district 300 habitations are identified for opening new schools. They will be opened through D.P.E.P. 26 habitations with out schools are identified for oriya language speaking people and 5 habitations urdu language speaking people. Total number of school less habitations are 300 and the proposal for establishment of new schools.

132 schools will be opened during 98-99 and 132 during 99-2000. Including 39 new schools for S.C.s and 61 new schools for S.T. pupils and minorities 31. As against 450 school-less habitations, 300 are opened in DPEP. In the remaining school-less habitations alternative schools will be opened.

Criteria for opening of 300 new schools for school less habitations are

- 1) The habitations with population more than 300 and with in one kilometer distance with low female literacy and where community support is forth coming..
- 2) For S.C. 41 schools S.T. 63 newschools will be opened to school less habitations which have population 200 and above and distance of 1 kilometre.
- 3) 193 NFE centres will be opened for general habitations with population less than 300.

2. ENROLMENT

N.E.R =
$$\frac{\text{Total enrolment of children in classes I TO V}}{\text{total school age population in the age group of 6 to 11}} \times 100$$

The N.E.R. of Srikakulam district for the year 97-98 is 87%

The formula used for calculating Gross Enrolment Ratio is

G.E.R. =
$$\frac{\text{Total enrolment of children in the age group of 6 to 11}}{\text{Total population of the children in the age group of 6 to 11}} \times 100$$

The G.E.R. of Srikakulam district is 93 % .

ADDITIONAL TEACHERS

6375 Teachers are now working in the district. According to NER Srikakulam district requires 700 additional teachers. NER will be increased from 87 to 95 by 2000AD.

	1997-98	1998-99	1999-2000	2000-2001
N.E.R.	87%	90%	95%	95%

As against 700 additional teachers required, all the 700 teachers are not proposed to be appointed in the first year. The split up is

1998 - 99 : 150 teachers
1999 - 2000 : 150 teachers

By appointing all the 300 teachers, NER will be increased to 95%.

ADDITIONAL CLASS ROOMS

From the door to door survey, there are habitations with thatched sheds 33, no school buildings 241, in rented buildings 73. One class room 52. Number of primary schools with 2 class rooms 482, with 3 class rooms 191. Construction of 200 additional class rooms at the rate Rs. 1 lac per class room are proposed. During 99-2000, 100 additional class rooms are proposed. During 2000-2001, 100 additional class rooms are proposed.

The total numbers of additional rooms required are 200. The cost at the rate of 0.85 lac for a room This is proposed in the plan. Criteria for identification for additional class rooms are as follows.

1. 244 habitations with no school building.
2. Two class rooms for all primary schools of S.C. habitations.

3. Two class rooms for all primary schools of S.T. habitations.
4. One class room for primary schools of habitations having low female literacy rates and low girls enrolment.
5. Primary schools having habitations with high enrolment at girls.
6. Primary schools where N.E.R. is above 75%, one class room is provided.

1200 additional class rooms are required for providing accommodation to children as per above criteria. 600 only are proposed in the present plan. Balance of 600 will be covered under community support. Plans are shown in chapter 7. Details of community support for providing additional class rooms is given in community support.

3. RETENTION

	Boys	Girls
General retention rate		
S.C. retention rate	50%	40%
S.T. retention rate	40%	31%

N.E.R. is used for calculating additional teachers. As the N.E.R. will be increased to 95 gradually the retention rate is to be achieved to the target of 95% by reducing the drop rate to 5%.

- * Many strategies and interventions are planned for increasing the enrolment rate of S.C., S.T, B.C and girls.
- * Recurring microplanning exercise will be conducted every year in all habitations to collect latest school data.
- * Parent teacher associations will be mobilised and motivated for better support to school functioning and improving effectiveness and increasing enrolment, reducing dropouts and achievement level.
- * Targets for achieving the goals in enrolment and retention and attainment at school level will be fixed every year and progress will be monitored and review.
- * Incentives

a. mid-day meal	b. free text books
c. ashram schools	d. scholarships
e. residential schools for SC/ST children	f. free uniforms
- * Proper monitoring of distribution and accounting will be strengthened.

4.EQUITY - REACHING THE UNREACHED

STRATEGIES:

1.Girls Education:

Total school age population of girls is 161099. In which SC girls are 32964, ST are 9529, BCs are 117018 and OCs are 18218.

The total number of girls enrolled is 151578. The percentage of girls to the total enrolment is 45.84%. 2016 habitations have girls enrolment >50%. 517 habitations have low percentage of girls to total enrolment. Seethampeta, Palkonda, Bhamini, Hiramandalam, Tekkali, Santhabommali, Ichapuram, Ponduru and Etcherla have low percentage of girls enrolment. Veeraghattam, G.Sigadam, Laveru. Burja, Kotabommali, Sompeta, Kanchili, Srikakulam(u).

CLASS WISE %AGE OF GIRLS ENROLMENT TO THE TOTAL ENROLMENT

Class	% of girls enrolment
Class I	46.05
Class II	47.12
Class III	44.51
Class IV	45.8
Class V	44.1

This table indicates that average percentage of girls enrolment to total enrolment is 45%.

In our district the sceneria of the girls education is like this.

	BOYS	GIRLS	TOTAL
Total school age population	174368	161099	335467
No.of children enrolled	164349	151578	315927

As per the above table girls enrolment is low compared to boys.

B. RETENTION:-

	BOYS	GIRLS	TOTAL
School age population	174368	161099	3352467
Retention	52%	48%	50%

- As per the above table girls retention is less than boys. By looking at the two tables boys enrolment is comparatively better than girls.
- Regarding girls retention rate is less than boys therefore D.P.E.P will take up activities to increase enrolment to girls retention.

3. Girls enrolment and retention is poor in Seethampeta, Bhamini, Kothuru, Vangaram, Meliaputti & Etherla mandals. So attention will be paid for enrolment and high retention in the above mandals.

C. SC / ST GIRLS

Education of girls SC/ST, if observed it will be noticed that emphasis should be on enrolment and retention of SC/ST in general and girls in particular.

SC	Enrolment	Boys 16381	Girls 15227	Total 31108
	Retention	50%	40%	45%
ST	Enrolment	Boys 10243	Girls 8128	Total 18371
	Retention	40%	30%	35%

A glance at tables reveal that girls education of SC/ST communities is a priority area. So DPEP has to place high emphasis on girls education.

For achieving this objective the following action is proposed.

Girls Education :

Area	Interventions	Agency Implementing	Action
General	1. District Mandal Village Education Committee level. Mothers Association DWCRA groups members of MPTC, ZPTC, Mahila Mandali Members and Teachers. They will be Trained on Importance of girls education.	DIET / MRC	1. Three days Training programme. 2. Four days refresher course.
	2. Follow up action	DIET/MRC	
	a. Girl child co-ordinator in MRC will monitor girls attendance in progress once in a month.		
	b. Review at VEC level in village.		
	c. Review at Mandal level.		
	d. Review at district-level.		
	e. Special general body meeting will be convened by MPP/MPTC for reviewing girls education through Grama Sabha.	ZP MANDAL VILLAGE	
	f. Convergence between Education department, Women and Child welfare department at village level, mandal and district level.	DISTRICT LEVEL DISTRICT COLLECTOR MANDAL LEVEL MEO VILLAGE LEVEL SARPANCH	
	g. Training programme for Teachers Woman Welfare department, Tribal Welfare department for bringing convergence.	DEO/DSWO/ POITDA	DIET/MRC

For improving girls education in the district 22 lakhs rupees is set apart. Besides the above interventions the following interventions are planned. Which will have impact on primary education.

1. Early Childhood Education
2. Summer Schools
3. Formation of Mother's Association
4. Providing Drinking Water Facility for Schools
5. Providing Toilets to Schools
6. Providing additional women teachers

EARLY CHILDHOOD EDUCATION

Early childhood education place an important role in preparing the child for the primary schools. It prepares school readiness in children. It removes girls sibling care. So in DPEP ECE is given highest emphasis.

The following criteria is follow for selecting the habitations for establishing ECE centres in the district.

1. Habitations which are not covered by ICDS, Anganwadi.
2. Habitations which have active mother's association, DWCRA groups
3. Habitations where girls population is more and enrolment is less.
4. Habitations where girls dropouts rate is high.
5. Habitations where girl children are involved in domestic works and care.

Keeping the above criteria, it is planned to establish 500 new ECE centres in our district in 11 mandals all ready shown.

Strategies of Running ECE centres:

1. Mothers' association, DWCRA groups will be encouraged to run ECE centres.
2. Arrangements for direct money flow from district head quarters to mothers' association at village level.
3. Money will be kept in joint account of the president of mothers' association and the head master of primary school.
4. Mothers' association will add their own share Rs.15,000/- in every year.

Duties and Functions of Mothers' Association:

1. Appointment of additional lady teacher.
2. Meeting honorariums.
3. Establishment of centres.
4. Appointment of ECE workers
5. Supply of nutritious food to ECE children
6. Supply of play-way material
7. Appointment of aaya to fetch children to centres

Program Component of ECE:

It includes health, nutrition, care and education. Education will be play-way type and joyful to the children with the emphasis on play-way methods of education.

3. EDUCATION OF SC & ST

Total school age population of SC is 32,964 boys, 31,608 girls. There are 765 habitations above 50% of enrolment to total habitations. 366 habitations have low percentage of (25) of enrolment to the total enrolment. Ranastalam, Palakonda, Kottur, Jalumuru, Saravakota, Patapatnam, Tekkali, Nandigam, Kaviti, Polaki, Laveru and Vangara have more than 30 habitations each having low percentage of SC enrolment.

CLASS WISE PERCENTAGE OF SC ENROLMENT TO THE TOTAL ENROLMENT

Class	% SC enrolment
Class I	10.2
Class II	9.8
Class III	8.2
Class IV	9.4
Class V	10.4

The table indicates that the percentage of enrolment of SCs to the total enrolment is 9.6%. For improving education of students of SC community all incentives will be properly distributed and eligible will be motivated for admission to residential hostels. The leaders of SC will be motivated for seeking support to this activity.

ST Enrolment:

447 habitations have enrolment of ST children above 50 to the total enrolment. 375 habitations have above <25% enrolment, 401 habitations low percentage of ST girls enrolment.

CLASS WISE PERCENTAGE OF ST ENROLMENT TO TOTAL ENROLMENT

Class	% ST enrolment
Class I	5.8
Class II	5.1
Class III	5.2
Class IV	4.8
Class V	5.1

ST habitated mandals are Seethampeta, Kotturu, Bhamini, Pathapatnam, Meliaputti, and Saravakota, Mandasa.

SC/ST enrolment <50%:

366 habitations have low SC enrolment, 244 habitations have low ST enrolment, Saravakota, Kotturu and Tekkali mandals have both low SC and ST enrolment.

SPECIAL PLAN FOR SC / ST DEVELOPMENT

In Srikakulam district, there are 32,964 children belonging to SC in the age group of 6-11 among which boys are 16,700 and girls are 16,224.

There are 20,215 children in the age group 6-11 of ST community among which boys are 10,686 and girls are 9,529. As per the door to door survey the following mandals have low literacy rate in SC community:

Veeraghattam, Laveru, Ranasthalam, Sarubujjili, Gara, Kotturu, Srikakulam(R), Tekkali, Kotabommali, Mandasa and Saravakota.

The following are the mandals where literacy rate of ST community is very low.

Veeraghattam, Seethampeta, Bhamini, Kotturu, Hiramandalam, Jalumuru, Saravakota, Pathapatnam, Meliaputti, Tekkali and Nandigam. 10,00,000 is set apart for improving education of SC and ST disadvantaged groups in DPEP of Srikakulam district.

SC/ST	Intervention	Implementation
Access	Establishing 61 new primary schools	Education dept. by social welfare, ITDA , Seethampeta
Enrolment	<ol style="list-style-type: none"> 1. Enrolment drives 2. Incentives <ol style="list-style-type: none"> a. mid-day meal b. free text books c. Ashram schools d. Scholarships e. Free uniforms f. Residential schools 3. Fixing year wise target for enrolment school wise 4. Updating micro planning access 	VEC/MPP/MRC at district level Education dept./ITDA Head master & teacher
Retention	<p>Formation of community wise Retention committees</p> <p>Proper distribution of incentives</p> <p>Close monitoring of retention</p> <p>Developing MIS</p>	<p>VEC</p> <p>Educational dept. & social welfare dept.</p> <p>MEO/VEC</p>
Achievement Improving 25% of achievement level from the present level	<p>Appointment of additional teachers</p> <p>Training programme for teachers</p> <p>Activity based learning</p> <p>Child centred approach</p> <p>Quality text books</p> <p>Continuous comprehensive evaluation</p> <p>Proper and periodical reporting of progress of school children</p> <p>Conduct of monthly meetings of PTA</p> <p>Competitions & rewards for students and teachers to encourage commitment and creativity</p>	VEC/MRC/DIET

4. Education of Child Labour/ Slum Children/Migratory children:

Schooling facilities will be provided to habitations where hard core groups namely children engaged in child labour, children in slums and migratory children. Wherever formal schooling facility is not available alternative schooling facility will be provided to habitations keeping in view the local demand.

In the district, population of child labour of 6-11 age group comes to 2099 among which 1059 are boys and 1040 are girls, 475 migratory children are found as per door to door survey in which 265 boys and 210 girls. There are 11 slums in Srikakulam town where the population of children in 6-11 age group comes to 1183 in which 489 are boys and 494 are girls. For meeting the needs of children dropped out never enrolled 120 NFE centres are proposed. 25 lakhs is set apart for meeting the expenditure during 98-99, 99-2000 and 2000-01.

Child Labour	Intervention	Implementing agency
For the children engaged in child labour in the age group 6-11 & 12-14	Opening residential schools	Education dept./ Social Welfare dept.
Children in slum areas	Taking steps for admitting them in the above schools	Education dept./ Social Welfare dept.
Migratory children	Taking steps for admitting them in the above schools or in nearest formal schools	

5. Education of Minorities and PH :

There are 855 PH children, in which 439 are boys and 416 are girls. 147 habitations have low PH enrolment. They are not admitted into primary schools for inconvenient for walking.

526 children comprising 318 boys and 208 girls belong to minority communities. The enrolment of minorities is very low. 130 habitations have low percentage of minorities enrolment.

Physically handicapped:

There are 855 physically handicapped children in which 439 are boys and 416 are girls. Very few are enrolled in the local primary schools. It is a fact that only residential schools will help them to continue their studies. 1 school is proposed at district head quarters purely residential to meet their demand. 15 lakhs amount is set apart for implementation of the program.

Minorities:

Srikakulam district is a bilingual district. In the district telugu and oriya and urdu languages are spoken. The people speaking oriya language and urdu language are minorities. 26 schools are proposed for school-less habitations where oriya speaking people are living. 5 new schools are proposed for school-less habitations where urdu is spoken.

An amount of Rs. 3 lakhs is proposed in the plan.

EQUITY - FOCUSSED GROUPS

CHAPTER X

ALTERNATIVE SCHOOLING

Three models are suggested

- Model I : Revamping the existing NFE.
- Model II : Opening Akhasaniilayam to migrant children of 1-9 age group.
- Model III : Residential facility for slum children and child labour 9 years and above age group.

MODEL I:

At present there are NFE centres functioning in Srikakulam District aiming at providing alternative system of education for school dropouts and non-school goers. It is designed to suit to the needs of school dropouts with flexibility in location, time and academic schedule and also to the divergent learners who cannot attend full-time day school. Unfortunately the system is not yielding the expected result. Quite often the centres are not continue in nature rendering tasks of supervision difficult, leading to lack of desired attention by the supervisory staff.

Government of A.P. reviewed the functioning of NFE and decided to revamp nonformal system bringing. Structural and functional changes in the system. It will be called revised non-formal system. This system will be continued for the education of school dropouts.

MODEL II & III:

To wipe out the feeling that alternatives schooling is a poor ccousin of formal system, new designs are proposed. These designs suit to the education of migrant children and slum children. Children of miigrated parents will usually be pulled out of school during the period of migration resulting in learning discontinuity leading to dropout. In order to cater to the needs of such children, two designs are proposed. The first model covers the children of lower age groups i.e., 6-9 years who are totally attached to parents and move along with parents to work spots. Second model covers children who are old enough but left behind in the village.

One of the objective of DPEP is to provide universal access to education through formal or nonfromal systems. In the door door to survey conducted, it is observed that there are large number of un-enroled children and dropout children. Access to education is far from reality as on know. we want to make this reality by establishing formal schools in school less habitations were the population size is 300 and above as per as general habitations are concerned and 200 and above in SC and ST habitations. Yet are many habitations without forma schools. Thus are many habitations were formal schools cannot be established as the formal design very costly. It is therefore planed to develop alternative schooling models in the district.

Before planning for alternative schooling models during the course of discussions with village community, and our own experience shows that large number schooling are dropping out of the formal system between classes I and II for the reason that their minds are not ready for schooling. The issue therefore is how to prepare the child for the school? The answer lies in making the school attractive and learning joyful.

The second bigger issue is many students are dropping out of the system because of their involvement in domestic course. Time has come to take to free children from domestic course and prepare them for schooling.

In order to solve the school readiness problem and dropout problem, in Srikakulam district. We prepare two models of alternative system.

- i. Joyful learning and back to school programme.
- ii. Strengthening existing NFE.

Back to school/Summer School:

In Srikakulam district unenrolled children population is as follows:

	Boys	Girls	Total
SC	2,123	2,315	4,438
ST	3,004	3,015	6,019
BC	2,482	3,248	5,730
OC	1,200	1,450	2,650
Total	8,809	10,028	18,837

In Srikakulam district 11,948 children of all communities have dropped out from schools for various regions.

In Srikakulam district the social welfare department has conducted back to school programme during summer time. This programme is specially organised for children never enrolled and dropped out for SC and STs. 40,000 people were admitted in the back to school programme in the state.

Objectives of Back to School Programme:

The main objectives of back to school programme is to attract children to schools, attract children by activity based teaching methods, to reduce the rate of dropping out children and make primary school learning joyful and competency based.

Taking into consideration the base level of the attainment of children enrolled in the schools, bridge course modules will be developed.

The schools will be run purely on residential basis.
The expenditure of the programme for a child is calculated below:

	Rs.	
Boarding charges	300 per month	= 900.00
Books and stationery	50 per child	= 50.00
Honorarium for teachers	100 per child	= 100.00
Other expenses	50 per child	= 50.00

Total		1100.00

In Srikakulam district, 80,00,000 amount is set apart for conducting back to school programmes during 1998-99, 99-2000.

JOYFUL LEARNING

It is imperative to make primary school an attractive place for children and to make its programmes interesting to them. For this learning in the primary schools should be made as a joyful experience with the use of effective media and materials. The activity based teaching and learning one of the technologies that promote joyful learning in primary schools. The activities are to be carried out with expensive or low-cost materials and they should inspire and motivate the children for active involvement in the process of learning.

The materials data required for joyful learning are flannel boards, Bulletin boards flash cards, posters, charts, film strips, TV etc. Field trips dramatization demonstration role play etc. Will also promote joyful learning in primary classes. The provision of materials different AV aids and training to teachers for activity based teaching and learning will build up appropriate learning environment in classrooms and make learning joyful and memorable.

Keeping in view the above aspects an amount of Rs.10 lakhs has been set a part in the plan for this purpose.

NON FORMAL EDUCATION

About 1141 NFE centres are functioning in Srikakulam District. In most of the NFE centres there is of quality gap in educational standards. In order to strengthening the NFE centres the following measures are planned.

1. Introduction of activity based teaching in both phase I and phase II stages.
2. Suggestive and creative supervision and monitoring and reviewing.
3. Providing orientation training programmes to instructors and supervisors periodically.

193 NFE centres are proposed and planned for meeting the needs of unenrolled and dropped out and children of school-less habitations where access to school is not provided. Out of 450 school-less habitations 264 habitations are proposed new schools. Remaining 186 school-less habitations will be provided NFE facilities.

CHAPTER XI

TRAINING - CAPACITY BUILDING

1. Teacher's Training and Professional Competencies:

The DIET's have been established as per the recommendation of NPE'86 in order to strengthen the teacher education system and with view to improve the quality of education at Primary level. DIET as an agency for improving the quality of Primary Education in the District as a whole and with specific reference to lab areas, will take up training programmes for the teachers.

The teachers will be trained on the following aspects:

- a. SOPT for teachers who have not undergone.
- b. MLLs.
- c. Continuous comprehensive evaluation
- d. New trends in teaching of English
- e. Institutional planning and management
- f. School map and micro planning
- g. Use of Audio-Video Aids and Educational Equipment
- h. Multigrade teaching
- i. Baseline studies
- j. Methods of activity base teaching

In addition to the above training programmes, work shhops, seminars, symposiouns, related activities will be undertaken to the following functionaries to improve their professional cometenecies.

1. Teachers of Primary Schools including private aided schools
2. Pre-primary teachers
3. Supervisory staff of Education Department
4. Teachers and Headmasters and Teacher's Centres Secretaries

2. VILLAGE EDUCATION COMMITTEE:

Village Education Committee plays a vital role in the developmental actiivities of the school and improving school effectiveness. It pays attention to improve the physiical infrastructure of the school, cooperate and monitor the enrolment of all the school children into school and take steps to retain them in the school till they compute class V and reduce absentuism of children. It cooperates with the school authorities and parents association to mobiliise the community participation and support to the school. It makes the community resources available to the school and mobilise community support by cash/kind/service.

The following functions are entrusted to the VEC.

1. To collect corpus fund for the development of the school
2. To mobilise the community support to the school in providing resources, furniture and running of NFE centres, Balwadis ,anganwadis and ECEs.
3. To extend support in the enrolment of all the school age children, their retention and reduction of the dropouts.

4. To organise kala jataras for environemtn buildings.
5. To enlighten the public about the importance of education to the village specially women.
6. To organise the functions jthat involve the children at the school to utilise leisure time fruitfully and award certificates and prizes to studeents.
7. To cooperate with the school authorities for better school functioning.

3. MOTHERS' ASSOCIATION:

The Mothers of children of school age 0-11 years will form as an association as it is called 'The Mothers Association. All the matters related to education and women empowerment can be discussed in the Mother's Associations.

The mothers' Association will have one president and one secretary for the smooth functioning of the association. Every mother will contribute Rs. 1/- per month to the association. The Government will provide funds to the association.

The primary objective of the mothers Association has to look after the E.C.C.E. They have to promote girl education retention and reduce drop out in the school age children and especially girls. They have to organise day care centres, Balwadis, Anganwadis at E.C.E. centres. The Mothers Associations should give its support and cooperation to the parents' associations, V.E.C and to the school to achieve the goal of Universalisation of primary education and equity of education among the focused groups (Girls, SC., STs, Minorities and PH)

The mothers' association should plan and organise small competitions in the school (especially in drawing, music games and cultural activities) to encourage and motivate the children for better participation in the school activities and education. They should also take part in the functions organised by the school. They can motivate and promote enrolment of girls in the schools for achieving the goal of U.P.E.

4. PEOPLES REPRESENTATIVES:

The Non Governmental organisations or service organisations are working in the community for various developmental activities. All the developmental aspects lay its bearing on the education. Therefore the Non Governmental organisations have to pay attention towards the spread of education. It is believed that the service organisations mobilise the community in a better way if they are involved in D.P.E.P and thereby the goal of the U.P.E can easily be achieved.

The following programmes are planned for this purpose:

1. Training to N.G.Os on D.P.E.P Philosophy
2. Training to youth organisations on their role and functions in D.P.E.P implementation.
3. Training to public representatives on D.P.E.P concept and philosophy.
4. Organising environmental building activities.

It is planned to involve the N.G.Os in the developmental activities of the school for developing educational activities at the village level.

Chapter-XII

SEMINARS AND WORKSHOPS

Seminars and workshops will play a vital role in DPEP. Further, these are the means to understand each other and dissemination of information and updation of knowledge, skills and practices through sharing of experiences. Therefore, it is planned to conduct seminars and workshops for stakeholders in the DPEP as detailed below:-

Stakeholders	Seminars/Workshops
1. Village education commity	2 Seminars/Workshops
2. Mothers associations	-do-
3. People representatives like serpanches, MPTC/ZPTC	-do-
4. Masons	-do-
5. Lecturers, Teachers, Headmasters Experts and Project Officials.	-do-

Chapter - XIII

INNOVATIONS & RESEARCHES

Under this chapter a no. of items have been thoroughly discussed. This is needed because the district Primary Education Project throughs advocates light on this in order to strngthen the bodies and altimatley brings about subsental changes to achieve the objectives of DPEP.

The Organisations that are identified :

1. Teacher centre
2. Role of NGOS (Non Govt. Organisations)
3. Re-Organisation of primary school curriculam for multigrate teaching.
4. Innovative Non-Formal Education Practies

I. TEACHER CENTRE:-

The concept of teachers centre came into existence with the introduction of Andhra Pradesh Primary Education Project in the year 1983. Eighther to it was called by another name i.e. teachers association centre. Here a centre class was conducted once a month in a primary school where certain infrastructural facilities were available. The teacher used to attende the centre classes. They discuss issues related to lession planning, preparation of teaching aids and conducting model classes in the real situation. This is required to help the teachers to carry out similar practices on the line at their schools.

With the introduction of APPEP in SRIKAKULAM District in the year 1991, the concept of teacher center was introduced. Since then the teacher centres have been functioning effectively in the district.

The teacher centre is headed by a primary school Headmaster who is call the teacher centre secretary and this TC is assisted by another teacher who is designeted as the asst. secretary. This two person would conduct the TC meeting once for every 35 working days. Thus 6 TC meetings are conducted every year. Unfortunately, as the present situation indicates the practies at the TCs are not that much encouraging. As such some modification have been proposed .

In fact, Teachers allotted to each TC attend it on the day specified earlier by the teachers centre secretary under intimation to the mandal Educational Officer, concerned, DIET lecturer and village members also attend the TC Metting for necessary delibration and discussing various pedegogial practicies. At the TC the teachers exhibit the material i.e. Teaching learning materila prepared and practiced by them at their school for the benifit of the teachers at the center they also prepare low cost and no cost teaching aids and plan for the next TC meeting.

STEPS TO STRNGTHEN THE TEACHERS CENTRE:

1. Allotment of one more teacher as an asst. Secretary to help the existing two persons who are acting as secretary and asst. secretary. This third member is required because the strength of teacher attending a TC is more than 30 in view of the recuriementing new teacher.
2. Attendance of mandal educational officer /MA with his mandals resurce teachers at the TC must be made compuslory.
3. Provision must also be made available for at least one teacher of another TC in the same mandal to attend the TC meeting in progress in the mandal. So that worthy ideas and practies of practising education can be better implemented in the other TCs schools of the mandal.
4. Definite time schedules for conduction the days proceeding must be dispatched to the officers concerned so that senior resorce persons from the DIET can attend the meeting.
5. Mandal Educational Officer should try to find same time in its dates scheduled to review the enrolment retention status in the school and to suggest sutable messers to ensure sent percent retention through out the academic year.
6. Preparation of the question paper for conducting the unittest and question papers for all the primary school in the mandl should be prepared by TCs of the mandal in a rotation manner under the supervision of the mandal educational officer concerned.
7. Non-Formal education Project Officers with his instructres may attend TC meetings invariably this will ensure proper functioning NFE centres and strengthening teaching compentencies of NFE supervisors and instructors.
8. A member of VEC perferbaly the chair person may invited to attend the TC meetings. This will lead to community involment and the suggestions given by the VEC member may betaken care of in implementing strategies. In order
9. Provision for roneo
10. Provision for a VCP and RCCPS
11. Library facilities

ROLE OF NGOs IN DPEP

According to Lord Beveridge, "A Voluntary Organisations properly speaking, is an organisation which, whether its workers paid or unpaid, is initiated and governed by its own members without external control". Thus, Voluntary action is a form of organising activities, supporting, strengthening and helping to develop work to meet all types of needs of individuals and groups in a society.

The strength of voluntary agencies lies in their capacity to understand local needs, problems and resource, their capacity to involve local people and secure their cooperation and participation, and their desire to experiment with new programmes, strategies and approaches for rural development without incurring large expenditure.

As such voluntary agencies can play a very creative role in motivating the people and supervising the distribution. They can also play a very useful role in watching projects to the local conditions and supplying local knowledge about the various factors effecting the productivity and marketing.

There are about 5 voluntary agencies functioning in the district, with different objectives. The NGOs can play a vital role for the propagation of education at the primary level. As such the services of NGOs have to be utilised by the Department of Education for achieving its ultimate objective of UPE/UEE at last by 2002 A.D.

ROLE PLAYED BY NGOs IN ACHIEVING THE UPE / UEE BY 2002 A.D

1. Taking out rallies / procession to motivate parents to admit their school age children in schools.
2. Conducting periodical meetings with parents, villagers and teachers of the area to develop awareness among the parents and Villagers, so that enrolment of the un-enrolled children and readmission of dropped out children.
3. Conducting meetings with parents and villagers using A.V. technology on topics like health, nutrition and Education etc.,
4. Developing posters and other publicity material for ensuring wide publicity on the enrolment of school aged unenrolled children and their retention.
5. Starting exhibitions stalls in rural areas especially on the advantages of educating children, taking balanced DIET, taking preventive measure to control and contain deadly diseases which occur in different seasons.
6. The Motivating the parents and villagers to mobilise funds for constructive activities at the habitation or the village level to improve the educational scenario concerned.

7. They should encourage focussed groups for their effective participation at various levels including the enrolment, retention and achievement of the school aged unenrolled children of the groups.

Over and above, NGOs, by their effective and successful strategies, can bring about desirable attitudinal changes in the parents and villagers and keep them on the right and progressive lines.

Item No. (iii) :-

PROGRAMISATION OF PRIMARY SCHOOL CURRICULUM FOR MULTIGRADE TEACHING (MGT)

Multiple class teaching implies a teaching situation in which a teacher has to teach simultaneously more than one class. It is a realistic phenomena in our district, even if the teacher-pupil ratio is kept around 1:30 only one or two teachers will constitute the staff of such schools. In such a situation Multiple class teaching becomes an inescapable reality in our education scene.

Curriculum is the programme of Education of an Education institute be it a primary school or a University it includes school activities and outside school activities of the individuals. Its effective implementation brings about desirable expected changes in learnings. It all helps to achieve an allround development of the individuals concerned.

For an effective of the curricular business in the Class-Room or out-side of it by the practitioner, in the light of multigrade teaching, certain changes in the curriculum of the primary school are thought of.

- 1 Revision of present syllabus of Classes I-V on the basis of MLLs with reference to the state syllabus.
- 2 preparation of Hand-books for teachers for conducting the multigrade classes with necessary guidelines.
- 3 Integration of relevant chapters in the different school subjects for the convenience of teachers.
- 4 Preparation of effective learning activities on the basis of MLLs to achieve the stated competencies.
- 5 Implementation of strategies for the successful conduct of the activities.
- 6 Preparation of work-Books for children of all classes i.e. from I-V in the school subjects.
- 7 Preparation of text-books care must be taken to present most exact or accurate information, and additional relevant activities. The material so developed must be self explanatory.
- 8 Utilisation of books supplied under O.B.B. scheme must be ensured for creating interest in the learners and to provide additional information.

The above mentioned changes may be brought about the existing Primary school curriculum for conducting Multi-grade teaching.

ITEM(iv) DEVELOPMENT OF SELF-INSTRUCTIONAL MATERIAL.

Self instructional material help learners to learn to content by themselves. It should lead to self reading .

The present text-books or readers prepared for use by the learners of classes III-V are not MLLs based content, that learners need the help of a teacher to follow. But there is a definite change which has come in the recent times, in the preparation of text-books for students/learners. The present day text-books contain a number of activities on various concepts given in the syllabus. These activities if done by pupils, helps them learn the related content on their own and apply the Self instructional material should be user-friendly. It should insure school flow of information and activities. This may lead to self learning and self progressing.

As such the content given in the present text-books has to be reorganised facilitating the learners to learn it by themselves. This concept is applied very much in the computers assisted instruction. This type of presentation of content in the text-books is very useful for the learners especially in the Non-formal stream/open school in addition to the formal stream.

V. INNOVATIVE PRACTICES IN NON-FORMAL EDUCATION:

As per the directive principle of the constitution Govt. should provide free and compulsory education to all children upto the age of (14) years. Non-Formal Education is an alternative system of education for non school going children (in the age group of 9-14) including school drop outs with temporal and spatial flexibility.

OTHER INNOVATIONS

1. Improving learning levels of slow learners.
2. Improving handwriting of Primary school childrens.
3. Developing Eco friendly level discussion.
4. Developing Activity packs.

CHAPTER XIV

MELAS AND COMPETITIONS FOR TEACHERS

In DPEP it is proposed to organise melas and competitions for teachers of primary schools to bring out their innate and creative abilities and enable them to exhibit their competencies in performing in various activities. The melas and competitions will be conducted in the areas of preparation of teaching learning materials development of self learning materials, elocution competitions on topic related to educational development, essay writings, group discussions etc.

The melas will motivate the school going children and they will be sources of inspiration for dropouts and non-starters. Exhibition of teaching learning material will encourage school going children to retain in the school and adhere to the schooling further. The melas and competitions will be conducted at mandal and district level. These will be conducted twice in a year. For this purpose Rs.5000/- per each mandal and Rs.1,00,000 per district per year provided in the plan.

CHAPTER XV

RESEARCH

In DPEP, Action research and Experimental research will be under taken for collecting the deficiencies and adding new learning practices to the existing practices. Further, we want to apply research methodology in solving the problems of teachers through scientific method of analysis. In this Srikakulam district wants to encourage teachers to take up action research on their own to improve learning abilities of students. Besides action research, experimental research will also be encouraged to take up as a collaborative effort with DIET, CTEs and IASEs. The following are the areas identified for Research.

- i. Improving learning competences of average students.
- ii. Impact of activity based learning on students performance.
- iii. Tribal dialect and its influence on regional languages.
- iv. Improved Inspection and Supervision techniques.
- v. Multigrade teaching and multi class teaching.

CHAPTER - XVI

FINANCIAL NORMS

The following Unit Costs are taken into account for calculating the Cost Estimates of various Educational Facilities proposed in the Mandal Education Plan:

S.N	Facility	Unit Cost in Rs.	Addl. Cost
1	Construction of New/ Additional class rooms	1,00,000=00	Addl. expenditure if any to be contributed by VEC
2	Teachers for new Primary Schools (2 teachers)	1,200=00pm 1,500=00pm 3,000=00pm -----	
	Additional Teachers	3,000=00pm	
3	ECE Centres	15,000=00 per centre on all the items per annum	Addl. Expenditure should be met by the Mothers' Association
4	NFE	15,000=00	
5	Materials & Equipment	2,000=00 500=00	
6	Back To School/ Summer School Programme	10,000=00	
7.	Construction of Toilets	10,000=00	Additional expenditure to be met by VEC
8.	Drinking Water Facility	15,000=00	Additional expenditure to be met by VEC
9.	Corpus Fund		
10.	Training for Teachers/VEC mem- bers/Community Lead- ers/Mothers' Associ- ation members etc.		
11.	School-less habitations:		

SC- 31, ST-69, Minorities- 31 and general - 133. Total - 264.

In General habitations, new schools will be opened in habitations with low female literacy.

12. Additional Class Rooms:

- * Additional class rooms will be sanctioned to the habitations with low female literacy and high dropout rate of girl child and high enrolment of girls.

13. Additional Teachers:

- * Second teacher for single teacher schools.
- * Third teacher for schools having average attendance over 100 and above.

14. ECE centres:

- * Habitations not covered by ICDS with a population slab of < 1000.

Pre condition for the sanction of ECE is readiness of Mothers Associations to run ECE centres.

15. NFE centres:

- * All school-less habitations uncovered by formal schools of SC,ST area and general area.
- * General habitations not having NFE centres with high dropout rate of girls/boys.

Pre condition for the sanction of NFE is readiness of village educational committee to run NFE centres.

16. Drinking Water and Toilet Facilities:

- * All new schools will be provided with drinking water and toilet facilities.
- * Habitations not covered by Xth Finance Commission and where girls enrolment is more.
- * Where DWCRA groups and Mothers Associations are active and ready to contribute their share.

ADDITIONAL TEACHERS & CLASS ROOMS

For calculation of additional requirement of teachers we are starting with zero based requirement of teachers. This we are proposing based on rationalisation of teachers and redeployment of surplus teachers.

The increase in N.E.R. is calculated on an incremental basis from 87 N.E.R to 95% level by 2001 A.D. This, we want to achieve through formal, Non-formal modes.

The number of additional teachers required and additional class rooms are shown separately.

EDUCATIONAL PLAN: ENROLMENT (TO ACHIEVE 100% ENROLMENT BY 2002 A.D.)

Sl. No.	Name of the mandal	Population in the age	Present Enrolment	Target of Enrolment	1997-98	98-99	Planning 99-2000
