## PROFILE OF THE PUBLICATION

In 1982 a High Level Committee was set up by the Government to review Educational Statistics System in India. The Committee inter-alia recommended that the statistics of Non-UGC Courses/Institutions of Higher Education including school classes attached to these institutions of Higher Education would be handled by the Department of Education. However, data relating to Universities and their Affiliated Colleges would be collected by the University Grants Commission w.e.f. 1987-88 onwards.

2. In pursuance of this recommendation, the Department had started bringing out the publication on numerical data relating to Non-UGC Courses/Institutions of Higher Education w.e.f. 1987-88. The present publication is the sixth under the revised pattern. This Publication covers numerical data mainly in respect of Non-UGC Courses/Institutions of National Importance, Research Institutions, Institutions of Higher Education which are affiliated to Medical Boards, Boards of Technical Education and other Non-University Institutions in the fields of Agriculture & Forestry, Vocational Training, Engineering, Polytechnic, Music and Fine Arts, Oriental Studies, Teacher Training, Reformatory, Physical Education, Nursing, Veterinary Science etc..

3. The data for the publication have been collected from Education Departments of all States and Union Territories through the prescribed ES-I(c) form. The data in form ES-I(c) have been received from 25 States/U.Ts. In case of West Bengal and Chandigarh, the data have not been received. Therefore, the latest available information of 1987-88 in case of West Bengal and 1991-92 in case of U.T. of Chandigarh has been repeated. There are no such Non-UGC Courses/Institutions in the remaining five States/U.Ts. i.e., Arunachal Pradesh, Sikkim, Dadra & Nagar Haveli, Daman & Diu and Lakshadweep

4. An attempt has been made to reflect the enrolment and teachers in various types of Non-UGC Courses/Institutions of Higher Education located in all areas and in rural areas. Efforts have also been made to delineate the level-wise and course-wise enrolment in respect of these institutions.

5. In order to arrive at complete data on higher education in India, the data contained in this publication are required to be combined with the corresponding data in respect of affiliated institutions in the field of Universities and higher education to be brought out by the U.G.C.

6. All India data on number of Institutions, enrolment by type and stages and number of teachers have been provided in Tables I.01 to I.06. The tables also give comparative picture during 1991-92 and 1992-93. Other state-wise details on number of institutions, enrolment in General, Professional and other

education by type of institutions and stages, number of teachers in educational institutions, teacher-pupil ratio, education in rural areas etc. are given in tables III to VIII.
