PREFACE

The present "Statistical Pocket Book - 1986" is third in series. The data relating to various sectors of economy of Arunachal Pradesh have been presented in pocket-size publication for the benefit of planners and research scholars. This publication will be handy for reference. As in earlier issues, Statistical Pocket Book-1986 incorporates special tables on Population, Vital Statistics, Five Year Plans, State Domestic Products, Budget and Banking. The data have been compiled from various reports and publications of the Directorate of Economics & Statistics, besides those supplied by the Heads of Departments.

I acknowledge with gratitude the co-operation extended by the Heads of Departments for supplying data for our different publications.

The publication has been drafted by Shri M. S. Adhikari, Statistician assisted by Shri Taw Takur, Sub-Inspector of Statistics.

Suggestions for bringing about improvement in this publication are most welcome.
