EDUCATIONAL POLICY OF THE STATE

Educational is the most important single factor in achieving rapid economic development and in creating a social order founded on values of freedom, social justice and equal opportunities. Programmes of education lie at the base of effort to forge bonds of common citizenship, to harness energies of the people and to develop a natural and human resources. Developments of the past 2-3 decades have created a momentum for economic growth, yet there are still deficiencies in the sphere of education which need to be removed speedily if progress is to be sustained enduring. It is one of the major aims of the Five Year Plan to expand and intensify the educational efforts and to bring every home within its fold so that from now on all branches of national life, education becomes the focal point of plan development.

R. In the field of general education, as distinguished from Technical Education, the main emphasis in the next Five Year Plan will be on consolidation rather than expansion excepting provision of facilities for education of children in age group 6-14 years. Efforts have been made to make provisions for improvement of teaching of science at the Secondary Stage, introduction of work experience activities and vocational education at various stages of school education, apart from provisions for larger options for programmes of adult education. The main direction of educational development and investment in this behalf in the State is to be based on these considerations.

(ii) Higher Secondary Education

(a) Higher Secondary

Secondary Student enrollment in 1969-70 consisted of only one group of 49 students and 10 Govt Schools. The facilities available in the state were almost non-existent. Similarly there were hardly any male teachers at the time. Despite a small educational department, it has been possible to cover up to 100% Literacy and 100% Secondary Schools by the end of the Fifth Five Year Plan. The percentage of literacy in age-group 6-11, 11-16 and 16-17 as stood at the end of the 4th Plan is reproduced below:-

6-11 years	57
11-16 years	60
16-17 years	39

A total investment of about Rs. 700.00 Lacs under Plan No. 147.05 Lacs for building was made on Higher education during the 4th Five Year Plan. It was possible to add 610 Primary PWD schools, 107 Govt Schools and 2 Degree Colleges during the 4th Plan period. A multidisciplinary University was established in the State during 1970. Details are following:-

- a) School Board of Education.
- b) State Institute of Education.
- c) State Institute of Languages.
- d) State Museum.
- e) State Academy of Art & Culture.
- f) District Institutes of Higher Education.
- g) Noida Engineering College of India.

(ii) Fifth Five Year Plan (1974-80)

An outlay of Rs. 1970.00 Lacs was approved for the 5th Five Year Plan. An expenditure of Rs. 700.00 Lacs was

incurred during the first four years period 1974-78 as reproduced below:-

1974-75	Rs. 182.00 lac.
1975-76	Rs. 168.00 lac.
1976-77	Rs. 190.00 lac.
1977-78	Rs. 200.00 lac. (Likely.)

Rs. 740.00 lac

The main direction of educational development in the State during the 5th Five Year Plan was based on the following consideration.

- i) Increasing access to education.
- ii) Improvement of quality of Education.
- iii) Development of human resources.

The major achievements during the 5th Five Year plan were the opening of 643 Primary, 193 Middle and 94 Secondary Schools and a Government College for women, as reproduced below:-

Year	P.S.	M.S.	H.S.	COLLEGE
1974-75	400	102	41	-
1975-76	90	50	15	1
1976-77	-	-	-	-
1977-78	153	41	38	1
	<u>643</u>	<u>193</u>	<u>94</u>	<u>1</u>

As an experimental measure, the system of part-time education at the elementary stage was introduced during the 5th Five Year Plan for the first time in the State. As many as 390 centres of part-time education were sanctioned during the year 1975-76 to support the existing formal system of education and to bring back the drop-outs to the formal system. The details of the Centres are given below:-

- i) Functional literacy for age group 9-11 years. 50 Centres

(ii) Residential Schools for children 10-14 years.	100 Centres
(iii) Continuation education Centres.	50 Centres
	Total : 150 Centres

Although there was poor response for admission to the above said Centres of part-time education at the initial stage yet not much promising with the preliminary hesitation, it has been possible to enrol 20000 children in age-group 6-14 years. It has not been possible to realize the desired results for various reasons such as low remunerations to the teachers, non-motivated conditions of the State and general economic倒退 of the State in the first place.

In an effort to enrol and retain maximum number of children at the elementary stage, a variety of incentives was offered to the students by way of (i) Free Text-books, (ii) Free stationery, (iii) Free clothing, (iv) Maintenance scholarship (वित्तीय सहायता). A total investment of Rs. 51.26 lac was made during the four years 1974-75 to 1977-78. This resulted to admit 10000 children at the elementary stage.

An expenditure of Rs. 18.74 lac was incurred on the various of qualitative improvement which included the training of teachers, strengthening of Science education, appointment of 235 additional teachers at the school stage. The educational administrative set-up was suitably strengthened and 102 additional hands were provided to the District and Block level offices. This included the establishment of an independent District Education Office for Lahaul & Spiti.

-:5:-

The notable achievement under the Social Education was the opening of 600 Centres of adult education with Central assistance on 50:50 basis, and the opening of 2 new District Libraries in the State. The total output from these Centres comes to 24500 adults during the period 1974-78.

For want of adequate outlays, it could not be possible to make appreciable contribution for programmes of physical education. During the four years, an expenditure of Rs. 56.92 lacs was incurred for programmes of games of sports. This included an investment of Rs. 51.81 lacs on Mountaineering Institute, Manali.
