## F O R E W O R D

Number of schemes have been launched in the Union Territory of Dadra and Nagar Haveli by this Administration which bring into direct focus a number of important programmes which have a crucial bearing on the socio-economic development of the Scheduled Castes and Scheduled Tribes which comprise about 80% of the total population in the U.T. We have made efforts to ensure that the coverage of Plan programme brings within its ambit a number of major areas of social concern.

It is hoped that this booklet which reflects the highlights of developments and physical progress made in a nut-shell will serve as an useful and ready reference handbook for all the concerned.

I do appreciate the work done by the Deptt. of Planning and Statistics in bringing out this handbook.

MESSAGE OF H.E. ADMINISTRATOR ON THE  
OCCASION OF THE LIBERATION DAY OF  
U.T. OF DADRA AND NAGAR HAVELI

.....

On the occasion of liberation day of Dadra & Nagar Haveli, 2nd August, 1991, I send my heartiest greetings and good wishes to the people of this U.T. 2nd August is a red letter day in the chequered history of Dadra & Nagar Haveli for it was on this day in the year 1954, that this Territory was liberated from the Portuguese Colonial rule and the people attained a new identity and freedom. It may be remembered that the people who participated in the movement for the liberation of this Territory, had to suffer greatly but their relentless and sincere efforts paved the way for the attainment of freedom. This day is therefore a day when we should remember with gratitude, pride and reverence, the great sacrifices made by the freedom fighters.

Freedom has no doubt opened up many new avenues and brought varied opportunities for the people of Dadra and Nagar Haveli, to actively participate in the process of planned socio economic development. It goes to the credit of people and the administration that during the last 37 years of its freedom, Territory has made spectacular progress in different fields of human endeavour, in tune with the democratic ideals and the aspirations of the people in bringing prosperity to the people and thereby

strengthening the Nation. I am particularly happy to say that the people of Dadra and Nagar Haveli have always been peace loving which enabled them to accelerate the tempo of progress in the Territory. I do hope that they will continue to remain so and work hard with dedication and help the Administration in implementing the various socio economic schemes and programmes.

On this occasion, I assure the people of Dadra and Nagar Haveli that every efforts will be made to bring about higher standards of progress to the Territory, but at the same time, I also seek their active and positive participation in our development efforts, In fact, I have already looked into the problems of the administrative system and efforts are ~~af~~oot to make ~~it~~ more efficient and responsive to the needs and aspiration of the people. I am confident that with the help and cooperation of the people, we will be in a position to break new grounds for greater progrees in various fields of development in this territory.

I once again greet the people of Dadra and Nagar Haveli and wish them good health, happiness and prosperity on this occasion.
