FOREWORD

The Statistical Hand Book of Assam for 1987, the twenty-first in the series, presents in a compact form essential factual information pertaining to different sectors of the economy of Assam. With a view to making the outline more useful two tables containing state wise Statistical data and the key statistics of the country are also included.

The data presented in this publication have been collected from various Departments of the State and the Central Governments, Public Sector, undertakings and a few Private institutions.

Due to time lag in the flow of up-to-date data from certain important sources the timeliness could not be achieved wholly in publishing the present issue.

The Co-operation extended by various Government departments and other agencies in making the Statistical data available to this Directorate is gratefully acknowledged.

Suggestions for improvement in quality and coverage in future issues of the Hand Book are welcome.

H. K. BHUYAN,

Gawahati Director of Economics & Statistics,
September, 1988 Assam Guwahati-6.
