PREFACE

This is the first edition of the booklet "**Higher Educational Institutions in Delhi**". A large number of educational institutions are functioning in Delhi which provide opportunities for a large number of students in diverse disciplines of education. However, consolidated information in this respect is not available at one place. Moreover, correct statistical data showing various types of educational institutions like universities, deemed universities, national institutions, colleges, etc. was also not available due to not availability of complete lists of these institutions resulting in conflicting figures presented by different sources including this Directorate.

It is hoped that this booklet will provide valuable information to all concerned. In spite of our best efforts, information from a number of institutions could not be obtained and hence not included under the heading '**Other Institutions**'. We hope to remove this deficiency in subsequent editions.

This booklet has been prepared under the overall guidance of **Sh. S.S. Sota, Dy. Director** and supervision of **Sh. R.B. Goel, Research Officer**. Information has been collected and compiled by **Mrs Rama Kochar, Sh. D.N. Arora, Statistical Assistants** and **Sh. Munish Kumar Gambhir, Statistical Investigator**. **Sh. Gambhir** has also done the computer work under the supervision of **Sh. P.K. Chakraborty, Statistical Assistant**.

Suggestions for improvement are welcome.
