FOREWORD

The Statistical Hand Book, Assam, 1991 is the Twenty-fourth issue in the series. It presents a concise factual account of Social and Economic trends in Assam. As far as possible data upto 1990-91 have been collected from various Departments and Organisations and incorporated in this brochure. However, in some cases published data of 1990 issue of Statistical Hand Book, Assam have to be repeated in this issue also as up-to-date data from a few Departments were not forthcoming.

The generous co-operation extended by the Departments and Organisations by furnishing data for compilation of this brochure is acknowledged with gratitude.

Suggestions for improvement of this publication are most welcome.
