PREFACE

This hand book is the fourteenth in the series of Annual Statistical Publication entitled "Educational Statistics At-a-Glance" brought out by the Directorate of Education, Delhi. The information given in this publication has been collected from different Schools, Colleges, University of Delhi and other Professional/Technical Educational Institutions situated in the National Capital Territory of Delhi. This publication gives general information about students enrolment, teachers:pupil ratio, enrolment by type of Institutions etc. alongwith budgetted expenditure on education during the last three years.

The data is useful for the Educational Planners and Administrators for the formulation of future educational programmes in a more systemic and scientific way both at Zonal and District Levels.

It also depicts the latest educational statistics pertaining to examination results of the 1993-94 session. Besides, it also provides list of schools which are recently opened, up-graded, bifurcated as on September, 1993. Efforts have also been made to incorporate population statistics up to 1995 on the basis of data available from different sources and projections made.

This publication has been prepared by the Statistical Unit of our Planning Branch.

I convey my appreciation to all concerned for the hard work done.
