EDUCATIONAL STATISTICS CELL

DIRECTORATE OF EDUCATION

OLD SECRETARIAT, DELHI

P R E F A C E

In the present day world, education is a national concern as it has become a vital instrument for social, cultural and political transformation of society. Education planning has, therefore, assumed great importance so as to ensure optimum use of our limited resources of man, money and materials to achieve national priorities in the field of education. This helps to relate education to life, needs and aspiration of the people. Proper educational planning and its effective implementation pre-supposes a Statistical base. In fact, it is no exaggeration to say that modern culture has tended to become a statistical culture.

The present Statistics Digest, sixth, in the series entitled "EDUCATIONAL STATISTICS AT A GLANCE" is a step in this direction. The brochure has some additional tables giving significant statistics about education in respect of the Union territory of Delhi, branches and districts under the Directorate of Education. It is hoped that this will prove beneficial to the officers and the staff of the Directorate of Education, in their day to day official work and a source of information to others.

The whole-hearted co-operation and participation of Shri R.S. Shakir, Survey Officer, Shri J.K. Boswala and Shri K.K. Ojha, Research Officer and the staff of the Educational Statistics Cell along with officers and staff of various other branches of the Directorate in making the venture a success deserve special appreciation.

Sharma
