## Preface

An attempt has been made to present an abstract of the status of Elementary Education (Class I-VIII) in the state along with Broad findings of Census-2001. School information is collected every year (as on 30<sup>th</sup> September) under District Information System for Education (DISE) as on intervention of Sarva Shiksha Abhiyan.

The information thus collected through DISE is shared with every stake holder ranging from school to national level. This booklet gives a highly structured overview of Elementary Education scenario in the state of Himachal Pradesh.

I hope that this publication will be useful to teachers, researchers, education planners, administrators, media personnel and common people at large.
