DEL-E

P R E F A C E

In the present day world, education is a national concern as it has become a vital instrument for social, cultural and political transformation of society. Educational planning has, therefore, assumed great importance so as to ensure optimum use of our limited resources of man, money and materials, to achieve national priorities in the field of education. This helps to relate education to life, needs and aspirations of the people. Proper educational planning and its effective implementation pre-supposes a sound Statistical base. In fact, it is no exaggeration to say that a modern culture has tended to become a statistical culture.

The present Statistical Digest, fifth in the series, entitled "EDUCATIONAL STATISTICS AT A GLANCE" is a step in this direction. It has been prepared to give significant statistics about education in respect of the Union Territory of Delhi and branches under the Directorate of Education. It is hoped that this will prove beneficial to the officers and the staff of the Directorate of Education, in their day to day official work and also to others.

KS Bhandari

(K. S. BHANDARI)
JOINT DIRECTOR OF EDUCATION
(PLANNING)

Sub. National Systems Unit, DELHI ADMINISTRATION : DELHI
National Institute of Educational
Planning and Administration
