Education is now-a-days a concurrent subject. Statistics, the basis for planning, is very important element in ~~many~~ matters relating for development of education and other departments. Keeping in view of highest priority for developing education policy in West M Kameng District ~~T~~ "The Fifth All India Educational Survey " District Summary Report" is published. All the entries in the publication were collected by conducting a survey "Fifth All India Educational Survey" and highlighting the blockwise achievement made in all respect under Education department of West Kameng District.

The book is being published as a District Report on education as per the guidelines received from NCERT, New-Delhi.

I express my heartiest thanks to the concerned staff for their help and co-operation from all sides to publish this report.

(J. S. TYAGI)

Deputy Director of Public Instruction
West Kameng District
Bordila.

General Information :

West Kameng District with a population of 49,749 in rural and urban areas is comprised of three development blocks, namely Dirang, Kalaktang, and Nafra-Buragaon. The salient feature of West Kameng District mentioned as below :-

1. Total Population : 49,749
2. Total Scheduled castes : 247
 - a) Male : 139
 - b) Female : 108
3. Total Scheduled Tribes : 23,098
 - a) Male : 11,611
 - b) Female : 11,487
4. Density of population : 8 per square km.
5. Literacy rate : 25.35 percent.
 - a) Male literacy rate : 31.34 percent.
 - b) Female literacy rate : 15.84 percent.
6. Level of Industrialisation
 - a) Craft centre : 2 Nos.
 - b) Craft sub centre : 1 "
 - c) Sericulture Farm : 3 "
 - d) Villages and Small industries Registered during 1985-86 : 22 "
 - e) Medium industries : -
7. Agriculture development
 - a) Agricultural Farm : 1 Nos.
 - b) Horticulture Farm : 2 "
 - c) Area brought under plant protection during 1985-86 : 1287.95 Hects.
 - d) Land developed for permanent cultivation during 1985-86 : 229.79

Fifth All India Educational Survey:

For eradication of illiteracy in all respect without any inconsistency, universalization of Elementary Education in order to fulfil the constitutional obligation, state planning is very necessitated. Keeping in view of this, in Arunachal Pradesh also, the Fifth All India Educational Survey was started as per Govt. instruction and guide lines vide letter No. ED/ES/4/87 dtd 17th March 1987 which was conducted by NCERT, New Delhi.

For this purpose, the village level statistics were collected on three types of forms viz, School Information Form (SIF), Village Information Form (VIF) and Urban Information Forms (UIF). The all forms were received from the NCERT and distributed to the Block Survey officers. The statistics of schools were collected through SIF, The statistics in respect of villages were collected through VIF and through UIF the data of urban areas concerning to education department were being collected.

For this reason a training programme for 7 days from 18th April '87 in connection with Fifth All India Educational Survey was also organised at Pasighat, West Siang District, which was conducted by NCERT, New Delhi. The District Education Officers, Asstt. District Education Officers and supervisors (AE) attended the training programme. The ADEO and supervisors, were designated as Block Survey Officers imparted the training programme to the HM/Teacher I/C of the school regarding the procedure of filling up the SIF, VIF and UIF.

The HM and Teacher I/C had filled up the forms under the guidance of BSO and the guidelines and instructions issued to them from time to time. The whole procedure was streamlined in such a way that the HM/Teacher I/C of schools had submitted the first stage of consolidation viz, SIF, VIF and UIF to the BSO and BSO had scrutinised it and reconciled the figures under constant review and submitted the second stage of consolidation viz, Block Tables to the District H.Q. The state survey officer visited the District H.Q. for scrutinizing and reconciliation of figures collected in the block tables by the BSO. After compilation of three block tables in West Kameng District, the state survey officer ordered to make final District table and to submit the third stage of consolidation viz, District table to the state Headquarter.

Concepts of Habitations and villages as per the book, Guidelines for survey officer, Fifth AIES, habitation is a centre where people live in compact and contiguous manner and village is a parcel of land the boundaries of which are defined and settled for revenue order. On the basis of this definition of habitation and village the report is being made final. There are 167 habitations 150 villages and 1 town under West Kameng District. The estimated population of the district according to Fifth AIES report 49,749.

The following types of schools are functioning under West Kameng District.

1. Higher Secondary Schools	= 2
2. Secondary Schools	= 4
3. Middle Schools	= 10
4. Primary Schools	= 63
5. Pre-Primary Schools	= 19

Total = 98
